Lincoln: Oh wow, it's Kuro, Eiko Teruya, Junko Hattori, Fujiko Eto, Kanna Kamiyama, Keena Soga, Mitsuko Tori, and Birdy Cephon Altera.

Nicole: From Kurokami, Demon King Daimao, and Birdy the Mighty, awesome.

Lincoln: Are you girls okay?

Eiko Teruya: Yes, we're okay, thanks to you.

Then, when Eiko Teruya and the other seven girls saw who it was that saved them from Lysandre, their faces turn atomic red upon seeing the 16-year-old 7'0" tall, handsome, white-haired, bare-chested hunk with abnormally massive and powerful upper and lower body muscles, eight-pack abs, rainbow colored thunderbird with a gold lightning bolt emblazoned on his forehead, a golden lightning bolt cutie mark with the thunderbird and comic books right on his massive and wide right pec and it was surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature, Light, and Darkness in a circle, a Celtic Cross cutie mark tattoo in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon, surrounded by a circle were the marks of the other girls in Lincoln's harem, and on top is the Earth surrounded by the ring of mermaids on top, a deep sapphire blue kanji on his wider muscular back that said, "Lincoln Landon Loud, Champion and Emissary of Hinon, Master of Lightning Storms, The Weather, and the Thirteen Elemental Forces, Man With A Plan, Golden-Hearted Brother of 16 Siblings, and Golden-Hearted Lover, Father, Son, and Husband", and he had deep sapphire blue eyes.

He had his massive Sword of Taranis holstered on his wider and muscular back, his orange Crystal Saber holstered on his left hip and his Eater of Sins revolver holstered on his right hip, the Pisces constellation and Aquarius Zodiac sign on the back of his neck, large weighted orange bands on his massive biceps and thighs, his large Cuff Bracelets of The Champions of the Universe with large orange gems on his large wrists, massive and indestructible deep blue angel wings surging with powerful super lightning and the stars and blue nebulae reflecting on them, and he was dressed in an orange version of He Man 2002's loincloth with hanging silver lightning bolts and long orange trenchcoat coattails with hanging silver lightning bolts held up by his Belt of Elemental Bravery with large orange gem for the belt buckle on his waist, a pair of large blue pants with gold lightning bolts on the thighs, and large white leather combat boots with gold lightning bolts surrounded by a circle of smaller gold lightning bolts and armor on the toe area, silver Thunder Kanji earrings, a large silver Thunder Kanji necklace on his neck and across his permanently bare chest, large fingerless black gloves with the symbol of The Loud House on it, a large Orange Buffalo Animal Spirit Ring on his left ring finger, large Blue Lantern

ring on his right ring finger, and he had eight large orange orbs orbiting around his legs.

Eiko Teruya: Oh wow, you're Lincoln Loud of Team Loud Phoenix Storm.

Lincoln: That's right, and it's a pleasure to meet you all.

Then, Lincoln made seven clones of himself, and he and the seven clones of himself went up to the girls, and they picked them up and hugged them in their abnormally massive and powerful muscular arms, and kissed them on the lips, which they returned with equally intense passion, as they wrap their arms around the necks of Lincoln and his clones, as we cheered over the scene.

Eiko Teruya: (Seductively and rubs her right hand on Lincoln's massive and wide right pec) You too, big, tall, muscular, and handsome.

We return home to the Estate, and we also told everyone what we did in getting rid of Lysandre and Team Flare. They were shocked when they found out Lysandre returned from the dead to get revenge on us for killing him, but they were happy to know that Lysandre and all of Team Flare was Super Hakaied forever, and they'll never return again.

---

After finally getting rid of Lysandre and all of Team Flare for good, we were training intensely in the gym doing 100,000,000 reps of crunches, wing push-ups and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 9,000-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds. Then, we got a shower afterwards.

Suddenly, a bright light engulfed the Estate, and we covered our eyes from the bright lights. Then, as the lights faded, we uncovered our eyes. But, to our surprise, we saw that the world of Ristar has now merged with ours.

Lincoln: Whoa, the world of Ristar has now merged with our world.

Me: What?! That's so cool.

Suddenly, we saw a figure appear in the Estate, and it was none other than Ristar.

Lincoln: Whoa, it's Ristar.

Ristar: That's right, Lincoln, and it's a pleasure to meet you all.

Me: You too, Ristar.

Ristar: There's also something I want to ask you all. I need your help to take down Kaiser Greedy once and for all.

Nicole: Kaiser Greedy's back?! Ristar, we'll be glad to help you get rid of that power-hungry tyrant once and for all.

Ristar: Thank you, Nicole.

We then went after Kaiser Greedy, who was hiding out in an abandoned warehouse in the north of Gorham Royal York, along with his legion of followers: Riho, Ohsat, Adahan, Awaueck, Itamor, Uranim, Inonis, Insomnis, Time Hopper, a slew of Orblets, and a slew of Black Orbs.

Kaiser Greedy: I will have my revenge on that Ristar for ruining my reign!

Suddenly, a nebula with endless shimmering stars appeared in the abandoned warehouse, along with the many planets in the solar system. Then, stars began falling from the skies and Kaiser Greedy and his followers got hit by them and all the Black Orbs were destroyed forever, but they got up. Then, an explosion erupted followed by a phoenix cry and Thunderbird screech, and as the smoke cleared, we appeared.

Kaiser Greedy: So, the famous Team Loud Phoenix Storm has arrived, along with Ristar.

Lincoln: That's right, Kaiser Greedy, and now, we're here to destroy you and your followers once and for all.

Kaiser Greedy: We'll see about that.

We unholstered our massive swords from our backs, and then, we charged at Kaiser Greedy and his followers. We fired powerful rainbow energy blasts at them and we slashed at them with our massive swords, and they'd suffered some nasty slash wounds. Then, Lincoln and all of us fired powerful red energy blasts at Kaiser Greedy and his followers, and as they hit, we began sucking out the powers and abilities of Kaiser Greedy and his followers, and we made them our own.

Lincoln: And now, this is the end for you and your followers, Kaiser Greedy. GALACTIC STARSTORM MEGABLAST!

Lincoln formed a galaxy with his powers and he fired a massive blast of stars at Kaiser Greedy and his followers, which hit them and they exploded with incredible power, killing Kaiser Greedy and his followers, and their spirits were Super Hakaied forever. We cheered as we holster our massive swords on our backs.

Ristar: Thank you, everyone. Thanks to you all, Kaiser Greedy and his followers are now gone forever.

Lincoln: You're welcome, Ristar.

We returned home to the Estate, and Ristar is now a new member of the team, and Kaiser Greedy and his followers have been destroyed for good, and they'll never return to terrorize the galaxy ever again.

Haiku: It will be amazing to meet them.

Dante: I'm interesting myself.

Persephone: It'll be awesome.

The Dark Signers all appeared.

Me: That was a great show.

Morpheus: It sure is.

Me: (Turns page of Newspaper) But have fun.

Brittney: We will dad. Lets go guys.

They were off to Japan.

They arrived and went to Hari and Doori's apartment building and went up to the apartment.

Brittney: Here we are guys.

Brittney knocked on the door and Hari answered.

Hari: Brittney, wow it's awesome to have you here. Wow are these your teammates?

Brittney: Yep these are them. Meet my friends of the Young

Morticians Club and members of the Goths of Darkness.

Haiku: My name is Haiku.

Rex Goodwin: And I'm Rex Goodwin - Roman's brother and Dark Signer of The Condor Wiracocha Rasca.

Hari: Wow! It's so awesome to meet you all!

Doori: It sure is.

Brittney: The Dark Signers are the Emissaries of the Earthbound Immortals of the Nazca Lines.

Hari: Aren't they those strange animals and symbols in the ground over in South America?

Rex Goodwin: That's right.

Brittney: Really symbolic in terms of history too.

They went in and had some tea and they were talking about their adventures and more.

Doori saw the mark of Ccarayhua on Misty's right arm.

Doori: Is that the mark of the Lizard?

Misty Tredwell: It sure is.

Carly Atlas: We each have one.

They showed the Marks of The Nazca Lines.

Brittney: The Nazca Lines were discovered back in the 1920s. We still have no idea how they got there and it's one of the biggest mysteries in all of the world but the satellite images picked up for them are amazing.

Brittney showed the images of the Nazca Lines on her computer taken from the Satellites and they saw many symbols.

Hari: Wow that is amazing.

Doori: It's incredible how there are so many designs of them.

Carly Atlas: It sure is awesome.

Brittney: There's a really interesting story behind them that goes back thousands of years ago and it was because of their true form Red Nova.

Brittney told them all about him.

---

**Red Nova**, known as **Scar-Red Nova** (sometimes translated as **Scarlet Nova** ) in the Japanese version, is the **Crimson Devil** and the strongest of the Earthbound Immortals. It is known to be a mercilessly brutal demon, to the extent that even the Dark Signers did not dare attempt to harness its power.

In its true form, it single-handedly fought against the Crimson Dragon 5,000 years before the other Earthbound Immortals and lost.

The Crimson Devil has a fire demon servant, the Familiar of Red Nova, who planned to offer the body of Jack Atlas as a vessel, to awaken the Crimson Devil from its 10,000-year slumber. It is said to be associated with the serpent Nazca Line.

10,000 years ago, Red Nova drove the Crimson Dragon to its limits and was only stopped by a legendary Signer who possessed a Blazing Soul.

Towards the end of the ritual Duel between the Demon's servant and Jack Atlas, Red Nova was summonedby his servant to take Jack. However, the Crimson Dragon appeared, helping Jack acquire the necessary power through Blazing Soul to capture Red Nova and seal it into "Red Dragon Archfiend", giving it the ability to evolve into "Red Nova Dragon".

* * *

When she was done they were shocked.

Devack: That's right. The Dark Signers were originally the servants of the Red Nova and his power was so devastating that even we feared it.

Carly Atlas: Yeah and that's why even wouldn't use it.

Hari: I didn't know about that.

Brittney: Hardly anyone ever does. I also have a mark.

Brittney slid down her right black glove and revealed her Signer-Dark Signer Mark. It was Half Raven and Half Cat.

Rex Goodwin: We didn't know you were a Twilight Signer, Brittney.

Brittney: You never asked. But the Raven Mark of the Signers picked me and so did the Dark Signer Mark of the Cat. These are my Signature cards too.

She pulled out 2 cards. Her Dragon Card was called Moonlight Raven Dragon and her Earthbound Immortal called was called Earthbound Immortal Qhoa.

Carly Atlas: Moonlight Raven Dragon and Qhoa.

Brittney: That means Cat in Quechua.

Greiger: That's right the Cat Nazca Line was just recently discovered last year.

Hari: That is amazing.

Misty Tredwell: It sure is and my children are Twilight Signers too.

Hari: What Marks do they have?

Misty Tredwell: They have the marks of the Wings Earthbound Immortal, Itzpzpalo, the Alligator Earthbound Immortal, Ccomnosula, and the Spiral Earthbound Immortal, Rorccon. Itzpzpalo is named after Itzpezpalotel, which means Obsidian Butterfly in Aztec. Ccomnosula is Quechua for Alligator and Rorccon means Spiral somehow.

Doori: Amazing.

Hari: Wow! I didn't know about that. That is amazing.

Brittney: Lots of things going down.

Carly Atlas: My children are Twilight Signers too. Faye, Faith and Fiona have the marks of the Tree, The Heron and the Serpent Nazca Lines. They have Earthbound Immortals Ccgojuru for the Tree, Huacachina Ko for the Heron and Cuauhcoatl for the Snake.

Hari: Wow! That is awesome.

Brittney: It sure is. I think it's awesome that we all became a huge

family.

It was a good talk.

Later they came back and it was awesome as they told us all about what they talked about and it was amazing that Brittney was a Twilight Signer too.

---

Next we were having Chris Taylor and Qin blindfolded.

Qin: So, someone wants to meet me?

Venom: Yes. It's one of your… secret admirers.

Nico: Trust me Qin. You're gonna be in for an awesome party.

Laney: You sure are.

Lana: Yep.

They brought them over to a concert stage in the middle of the park. They got them to hold their hands and they took off their blindfolds and they saw each other.

Qin: Wait. Chris?

Chris Taylor: Qin?

Qin and Chris: YOU'RE MY BLIND DATE!

Lori: (to Nico) Nico, you know they're literally gonna pummel you after this, right?

Nico: I know. But it's worth it!

Spyro: Don't say we didn't warn you.

Qin: (Nervously) I uh uh.

Chris Taylor: (Blushes) Qin I uh…

I came onto the stage.

Me: Thank you for coming everyone! And I would like to give a shout out to my friends Qin and Chris and Qin I know you have backup feelings for me. Sorry I can't help but hear things better than everyone else. But I just want you to know that if you don't accept Chris's feelings I just want you to know that I REALLY DO love you too. (Winks)

Qin: (Blushes) Thank you J.D.

Me: You're welcome. Now please give a warm welcome to my friends and the awesome "Mane Event" The RAINBOOMS!

Everyone cheered as they came out.

Me: Hit it girls! 1, 2, 3, 4!

The Night Begins to Shine by B.E.R. Played and the whole room had the 2017 Total Solar Eclipse shining with the stars visible.

Me and the Rainbooms: (Singing Divinely)

I saw you dance

From the corner

I caught your name

In a conversation

Playing hard-to-get

But I can understand

When I look at you

I see the story in your eyes

When we're dancing

The night begins to shine

Night begins to shine

The night begins to shine

Night begins to shine

When we're dancing

The night begins to shine

Talk 'til dawn

My heart was racing

I took you home

In the driving rain

Had my mind made up

I wanna feel your touch

When I look at you

I see the story in your eyes

When we're dancing

The night begins to shine

The night begins to shine

The night begins to shine

The night begins to shine

When we're dancing

The night begins to shine

The night begins to shine

(Night begins to shine)

The night begins to shine

Had my mind made up

I wanna feel your touch

When I look at you

I see the story in your eyes

When we're dancing

The night begins to shine

Night begins to shine

The night begins to shine

Night begins to shine

The night begins to shine

Night begins to shine

The night begins to shine

The night begins to shine

When we're dancing

The night begins to shine

Night begins to shine

The night begins to shine (the night begins to shine)

Night begins to shine

The night begins to shine (the night begins to shine)

The room had fire for special effects and a phoenix came out. When the song was done everyone cheered wildly!

Chris and Qin were looking at each other.

Me: (To myself) Almost there. (Out loud) The next song we have for you all is one of my favorites. Shine Like Rainbows.

Nico: AWESOME!

Me: Lets do it!

The song played and we sang.

Applejack: Once upon a time, you came into my world and made the stars align

Rarity: Now I can see the signs, you pick me up when I get down so I can shine

Shine like rainbows

Shine like rainbows

Rainbow Dash: Friends, you are in my life and you can count on me to be there by your side

Sunset Shimmer: And when the music comes alive, you sing us songs to lift us up so we can shine

And the sound that we hear in our hearts

Makes a crescendo

And the light that ignites in the dark

It makes us all glow

And shine like rainbows

We shine like rainbows

Together we stand

As the rain begins to fall

And holdin' our heads up high

As the sun shines through it all

And the sound that we hear in our hearts

Makes a crescendo

And the light that ignites in the dark

It makes us all glow

And shine like rainbows

We shine like rainbows

Shine like rainbows

We shine like rainbows

We shine like rainbows

Rainbows flew all over the place and then Qin and Chris were kissing! When the song was done everyone saw this and cheered and more.

Razorclaw: (sees Qin and Chris kissing) Our plan worked!

Nico: 1 down. 3 to go!

Me: AWESOME! Way to go guys! Now this next song is one of my favorites and it's Into the Night by Santana.

Everyone cheered for that.

The song played and the light of heaven shined down.

Me: (Singing Divinely)

Like a gift from the heavens, it was easy to tell

It was love from above, like it saved me from hell

She had fire in her soul, it was easy to see how the devil himself could be pulled out of me

There were drums in the air as she started to dance

Every soul in the room keeping time with their hands and we sang

Ay oh ay oh ay oh ay

And the voices rang like the angels sing

We're singing, ay oh ay oh ay oh ay

And we danced on into the night

Ay oh ay oh, ay oh ay oh

And we danced on into the night

Like a piece to the puzzle that falls into place

You could tell how we felt from the look on her face

She was spinning in circles with the moon in her eyes

The room left them moving between you and I

We forgot where we were, and we lost track of time

And we sang to the wind as we danced through the night, and we sang

Ay oh ay oh ay oh ay

And the voices rang like the angels sing

We're singing, ay oh ay oh ay oh ay

And we danced on into the night

Ay oh ay oh, ay oh ay oh

And we danced on into the night

And we danced on into the night

Like a gift from the heavens, it was easy to tell

It was love from above, like it saved me from hell

She had fire in her soul it was easy to see

How the devil himself could be pulled out of me

There were drums in the air as she started to dance

Every soul in the room keeping time with there hands, and we sang

Ay oh ay oh ay oh ay, and the voices rang like the angels sing

We're singing ay oh ay oh ay oh ay

And we danced on into the night, ay oh ay oh, ay oh ay oh

And we danced on into the night (And the voices rang like the angels sing)

Ay oh ay oh, ay oh ay oh, and we danced on into the night, ay oh ay oh ay oh ay

(Ay oh ay oh) Ay oh ay oh ay oh ay

(Ay oh ay oh) Singing ay oh ay oh ay oh ay

(Ay oh ay oh) And we danced on into the night

The light from the sky was beautiful. But then something amazing happened! I was enveloped in a massive vortex of fire and then lightning struck behind me and water swirled around me and mini-tornadoes swirled around my arms with crystals swirling around my legs and a Phoenix Cry was heard as I got pony ears on my head and then I my hair turned into a fire mane and grew longer as it formed into Rapidash's mane and I grew Rapidash's fire tail and I got angel wings made of pure fire! I had PONY POWER!

When the song was done everyone cheered wildly for us and I looked amazing!

Me: WHOA! That was amazing!

Twilight Sparkle: Wow! J.D. you look incredible!

Rainbow Dash: AWESOME!

Nico: Wow! J.D. you look amazing! You unlocked Pony Power!

Me: So awesome! I didn't know this could happen to me.

Twilight Sparkle: That makes you a member of the Rainbooms.

Me: I guess so. Wow!

The concert was done and it was awesome!

Qin: Nico, thanks for helping me accept my feelings for Chris.

Nico: No problem.

Me: How did you guys like the concert?

Chris Taylor: It was awesome! One of the best we've had.

Me: Glad you liked it.

Chris Taylor: (cracks knuckles) That's why we're giving you Nico a 10 second headstart!

Nico start laughing and ran as Qin and Chris start chasing him.

Lynn: You guys wanna do anything while waiting for them?

G1 Grimlock: Me Grimlock want to hunt stray dogs!

We laughed.

Nico was then tackled to the ground and then…

TICKLE TICKLE TICKLE TICKLE!

Instead of punching him they tickled him!

We laughed.

---

We were then getting ready for our next mission.

Cree: Well, Nico, now that you're done being punished, it's time for you to lead the team.

Nico: I know. But if I was being tickled anymore I would have shit myself.

Chris Taylor: But that was a great concert.

Me: Glad you all liked it. It was also for a fundraiser me and the Rainbooms set up. It's for the Equestria Orphanage and the Gotham Royal York Orphanage.

Eli: Cool.

Ellie: Boy that was awesome though.

Me: Yep.

Nico: And I got just the mission for us. We're gonna go into the world of the movies for Hoodwinked!

Laney: Wow!

Lola: That's one of my favorites!

Lana: So awesome! Then that must mean we're going to give that bad bunny Boingo what for!

Nico: We sure are.

Then Captain Cold, LaGrange, Sportsmaster, Cad Bane, Lythos, Hydros, Stratos, Koragg, Ranamon amd Grumblemon appeared.

LaGrange: Can me, Captain Cold, Sportsmaster, Cad Bane, Lythos, Hydros, Stratos, Koragg, Ranamon amd Grumblemon go with you guys?

Nico: You all sure can.

Sportsmaster: By the way we saw the concert and it was AWESOME and Qin and Chris way to go!

Qin: It was thanks to Nico.

Chris Taylor: It was a fun concert though.

Me: Glad you guys liked the concert.

Nico: Yep. We're going to the world of Hoodwinked.

Captain Cold: Love that movie!

Nico: We're going to watch both movies first and then head out.

Koragg: Awesome!

We got to watching both movies.

Little Red Riding Hood arrives at her grandmother's house, where the Big Bad Wolf has disguised himself as Red's Granny. The Wolf attacks Red. Granny, who has been tied up, suddenly jumps out of a nearby closet to help Red, just as an ax-wielding woodsman bursts through the window. The police arrive on the scene. Detective Nicky Flippers questions everyone involved about the events leading up to the incident.

Little Red, actually named Red Puckett, explains that she was delivering goodies for her grandmother, when she discovered a threat from the mysterious Goody Bandit, who has been stealing recipes. To save her Granny's business, Red embarked upon a journey to take the Puckett family recipes to Granny's home on top of a nearby mountain. En route, she fell out of a cable car operated by the bunny Boingo and encountered the Wolf, who sprung a series of suspicious questions on her. Evading the Wolf, Red then met an old singing goat named Japeth, who accompanied her through the remaining journey to Granny's house. Upon arriving at her destination, Red found the Wolf already waiting in ambush.

What at first seems to be an open-and-shut case becomes confused once the Wolf shares his side of the story. The Wolf, to the surprise of many at the crime scene, is an investigative reporter. He reveals that he was searching for a lead on the identity of the Goody Bandit and had reason to believe that Red and Granny were the culprits. Along with his hyperactive squirrel assistant Twitchy, the Wolf confronted Red in the hopes of solving the Goody Bandit mystery. When they failed to detain Red for long, the Wolf and Twitchy made haste for Granny's house. They managed to arrive ahead of Red (by using a shortcut known by Boingo). At the house, they found Granny already tied up in the closet. The Wolf then went undercover, planning to trick Red into sharing the truth about the Goody Bandit.

When the Woodsman, named Kirk, is questioned, he explains that his appearance at Granny's house was pure happenstance. Kirk is in fact an aspiring actor who was only trying out for the part of a woodsman in a commercial. After his schnitzel truck was robbed by the Goody Bandit, he was consoled by Boingo and then received a callback for the commercial. He spent the rest of the day chopping trees, getting into character for his upcoming role. At sunset, a large tree collapsed and pushed him through the window of Granny's home.

The investigation then turns to Granny. Unbeknownst to her granddaughter, Granny is an extreme sports enthusiast. Earlier that day, she competed in a ski race, where Boingo was in attendance, supposedly as a fan of Granny's. Once the race started, Granny was attacked by the opposing team. Able to withstand the attack and win the race, she learned that the team had been hired by the Goody Bandit to eliminate her. Granny explains to the investigators and her fellow suspects that while parachuting back home, she got tangled up in the parachute strings, which snagged on her ceiling fan and threw her into the closet.

Feeling betrayed by Granny's secrecy, Red wanders off alone. Flippers deduces that Boingo, who had been present in all four stories, must be the Goody Bandit. After Boingo sneaks into Granny's home and steals the Puckett family recipes, Red notices Boingo and follows him to his hideout at a cable car station. The police pursue Boingo in the wrong direction. Granny, the Wolf, and Kirk manage to locate Boingo as he is explaining his evil scheme to

Red. Boingo plans to add an addictive substance called "Boingonium" to the stolen recipes and then bulldoze the forest, so as to clear the way for a new Boingo-themed corporate empire.

The Wolf and Kirk go undercover to distract Boingo, as Granny sneaks into Boingo's lair, but they are all soon found out and open conflict ensues. Boingo sends a bound and gagged Red down the mountain in a cable car loaded with explosives. Granny goes after Red, with Boingo and his henchmen in pursuit. Red manages to free herself, and escapes with Granny, while the police, who have been redirected by Twitchy, are waiting at the bottom of the mountain to arrest Boingo and his henchmen.

Sometime later, Kirk finds success in a yodeling troupe, while Red, Granny, the Wolf, and Twitchy are enlisted by Flippers to join a crime-solving organization called the Happily Ever After Agency.

Next was Hoodwinked Too! Hood VS Evil.

Wolf (Patrick Warburton), Granny (Glenn Close), and Twitchy (Cory Edwards) are on a rescue mission to save Hansel and Gretel (Bill Hader and Amy Poehler) from an evil witch named Verushka (Joan Cusack). The plan goes wrong however and Granny is kidnapped as well. Meanwhile, Red (Hayden Panettiere) is in training with a mysterious group called the Sisters of the Hood where she learns that a secret all powerful truffle recipe has been stolen. She is assigned by detective Nicky Flippers (David Ogden Stiers) with Wolf and Twitchy to find the recipe and save her grandma.

While getting info at the Giant's (Brad Garrett) nightclub and interrogating his harp, Red and company learn that an incarcerated Boingo the Bunny (Andy D***) has been having specific ingredients sent to Verushka (who was also at the prison and narrowly escapes the team). Red and Wolf argue over who let her get away and the team split up. Meanwhile, Verushka, who stole the truffle recipe, tries to force Granny into making it for her. Granny escapes and finds Hansel and Gretel, but learns that they are actually the masterminds behind the plot. Granny is recaptured and learns that Verushka was an old classmate of hers when they were both in training with the Sisters of the Hood; Verushka was always second best behind Granny's accomplishments and grew jealous of her and teamed up with Hansel and Gretel to get revenge.

After some convincing by Twitchy, Wolf decides to apologize to Red, but is encountered by The Three Pigs (Cheech Marin, Tommy Chong, and Phil LaMarr), who are now part of a pig mercenary group hired by Hansel and Gretel, and barely manages to escape. They make it back to HQ to find it abandoned and damaged by Hansel and Gretel's pig henchmen. On their way to the witch's lair, Wolf and Twitchy rescue Red, who was caught after trying to sneak in first. The two make up and infiltrate Hansel and Gretel's base with help from Kirk the Woodsman (Martin Short) and his yodeling troupe. Red accidentally reveals the final ingredient for the truffle recipe, macadamia nuts, and the truffles are made.

Hansel and Gretel eat the truffles, transform into giants, and go on a rampage through the city. They betray Verushka, leaving her to be eaten by a giant spider with the rest and Granny persuades her to join forces with her, Red, Wolf, and Twitchy. They trick Hansel and Gretel into eating more truffles which make them so obese that they can no longer move their arms and legs, before the two are arrested. Nicky recruits the team for another mission.

When they were done we cheered wildly!

Captain Cold: Those movies were awesome!

Me: They sure were. But it's too bad that the 2nd movie was a flop.

Eli: Yeah those stupid blockhead critics ruined it.

Me: Those dumbasses!

Eli: Yeah what a bunch of ingrates.

Laney: Yep.

We then went to the world of Hoodwinked.

---

We arrived in the forest.

Amorpho: Just like the fairy tale itself. Our adventure begins in a forest.

Nico: A really creepy forest. But remember guys, our enemy is not the Big Bad Wolf.

Me: I know.

We then saw Little Red Riding Hood.

Me: There she is.

Laney: Thank goodness that's not the Little Red Riding Hood that Big Dog and Small Dog know.

Small Dog: Yeah she is crazy.

Big Dog: Where's the food?

Sportsmaster went up to her.

Sportsmaster: Hi. You must be Little Red.

Red: HIYAH!

KROW!

She kicked Sportsmaster into a tree and smashed him into it!

CRASH!

Sportsmaster: OW! Whoa! That is a powerful kick!

Nico: It's all right Red. He's with us.

Red: Wow Team Loud Phoenix Storm! I am so sorry I didn't know he was with you all.

Nico: It's all right. It's a strange story.

Me: But it's awesome to meet you Red. You were one of my favorite stories when I was little.

Red: I'm glad.

Skullgrin: You delivering tasty treats as usual?

Manaphy was about to reach for the basket.

May: Manaphy, no. Those are for Little Red's customers.

Red: She can have one.

She gave Manaphy a delicious muffin and it was strawberry flavor.

Manaphy: Delicious!

Red: I make them in my muffin store.

Derpy Hooves: That is amazing! And I do like muffins.

Nico: We should cut to the chase as to why we are here. First things first we should get Wolf, Granny and Kirk here.

Me: Good idea.

Cad Bane: Let's find Granny first.

Me: Right.

Sportsmaster: Lets get to it.

Red: Sorry about the kick. You startled me.

Sportmaster: No hard feelings.

Nico: Lets go.

We went to Granny's house and we arrived and knocked on the door and went in.

Nico: Hello? Anyone home?

We went into the bedroom and we saw Granny.

Granny: Why Team Loud Phoenix Storm it's an honor.

Me: Pleasure to meet you Granny.

Icepick: It's amazing that despite your age, you can still go skiing.

Granny: It sure is and you know I still got some fight left into me.

Homer: You are as amazing as my mom.

Nico: She sure is Homer.

Wolf then came in.

Wolf: Oh hey there. Wow! Team Loud Phoenix Storm it's an honor!

Me: The Big Bad Wolf, I presume?

Wolf: That's right.

Joe Swanson: Wow your voice sounds so much like mine, Kronk and Flynn's voice.

Flynn: Now that is awesome!

Kronk: It sure is awesome

Wolf: Wow.

We saw Twitchy.

Stratos: And this must be Twitchy.

Hammy: Hi, fellow squirrel!

Secret Squirrel: Hello there friend.

Twitchy: Pleasure to meet you all.

Nico: Cool.

Vambre: (British Accent) (SCREAM) Keep away from me you beast!

Nico: Oh Vambre your fear of squirrels is gonna be bringing us down!

Kakashi: Wait I didn't know that Vambre was afraid of squirrels.

Me: It's a weird story Kakashi-Sensei. She had a rough experience with them.

Kakashi: Oh.

Sonata Dusk: Now, where's Mr. Choppy?

Adagio Dazzle: He should be here.

Kirk the Woodsman came in.

Kirk the Woodsman: (German Accent) Guten morgen to you all. Mein gott! Team Loud Phoenix Storm!

Hunter: (Speaking in German) Es ist eine Freude, einen deutschen Landsmann zu treffen. (A pleasure to meet a fellow German Countryman.)

Me: Awesome!

Nico: I always love Kirk because he is funny.

Captain Cold: I like how skilled you are with that axe.

Kirk: Danke. But it's really all in the wrist. The trick is to flick it out at the end of the throw.

Me: Like this?

I pulled out a little axe and threw it and then it hit the wall.

Nico: Awesome!

Kirk: Wunderbar!

Aria Blaze: That was amazing!

Sonata Dusk: How did you learn how to do that?

Me: Went to the Renaissance Festival and did that remember?

Nico: I remember that.

Twilight Sparkle: What's the Renaissance Festival?

Me: Oh it's a Medieval Style fair that is usually around during the Summer and Fall. It is really cool! It makes you feel like you went back in time to over 1,000 to 1,500 years ago and you see all sorts of things. Lots of shops, food and more and even fun games to play.

Nico: It's awesome. Maybe next Summer we can show you all.

Vince: You all will love it.

Arixam: Now, you guys must be wondering why we're here. Well, an old enemy of yours is loose again. But we're gonna play a game of Hangman to reveal his identity.

Arixam drew a Hangman board with 6 spaces.

Kirk: Um, is there an a?

Arixam: No. (Draws the head)

Twitchy: B!

Arixam: Yes there is a B.

She put the B down.

Lana: I'd like to buy a vowel?

Arixam: This isn't Wheel Of Fortune but what is it?

Lana: O?

Arixam: Yes there's 2 O's.

She wrote them down.

Red: I?

Arixam: Yes there's an I.

She wrote it down.

Wolf: Is it Boingo?

Arixam: That's right!

Red: You guys are here to help us get rid of Boingo?

Nico: Yep.

Red: I can't believe I thought he was my friend.

Koragg: I truly am sorry about that. But he really was good at playing innocent.

Me: Yeah.

Red: I know.

Me: Before we figure something out, what can you tell us about him?

Nico: Yeah what is his history?

Red: You won't like it.

She told us all about the history of Boingo.

---

Boingo is the main antagonist of the Hoodwinked! film duology. He is the main antagonist of the 2005 computer-animated film Hoodwinked! and a minor antagonist in its 2011 sequel Hoodwinked Too! Hood vs. Evil.

He is a little, yet deranged rabbit who wants to take over the cake shop business by making his own highly addictive baked goodies enterprise and destroy his forest to build a theme park, willing to drive any potential competitor out of business. He is Red's arch-nemesis and former friend, the Evil Ski Team's leader and boss, and the Goody Bandit.

Beginnings

Not much is known about Boingo. However, the reason for his evil, sadistic, manipulative side is because of him becoming fed up with being the lowest and most hardworking animal of the Big Bad Forest and having to answer to everyone else. He reveals this to Dolph when they are in Boingo's lair.

In Hoodwinked!

Boingo is first seen hitching a ride with Red on her bicycle. Red asks Boingo if he is still working for the Muffin Man, but he says that someone stole the recipes last night and as a result, he lost his job. Red apologizes to Boingo for this and asks him if he is still running the cable car. Boingo tells Red he is, but says that it is nothing compared to eating goodies all day. Pitying her friend, Red decides to give Boingo a carrot crumpet, one of the goodies in her basket, to cheer him up and he becomes jubilant and thanks her for this. Then, Boingo happily hops away into the forest with his special treat and waves goodbye to Red.

Later, Red hitches a ride in Boingo's cable car, with him saying how it is not so bad to ride it as it is better to see the forest without worrying about wild animals (mostly wolves). He talks about how forests can be dangerous for him and then asks Red if she delivers up this far. Red says that she usually does not, but she tells Boingo that she was thinking about what he said earlier about the Muffin Man, because she has to protect Granny's recipes from the Goody Bandit as the Big Bad Forest will be shut down if they are careless. Suddenly, the doors fly open (secretly opened by Boingo) and a startled Red begins to lose her footing. Scared, Boingo tries to grab Red's basket to save her, only for her to fall and land in the Big Bad Forest before encountering Wolf.

Throughout the film, Boingo interacts with Granny, Wolf, Kirk and Twitchy as well, and near the end of the film, Nicky Flippers told them all that the real bandit was with Red when she fell from the cable car, knew a shortcut to Granny's cottage, which he wrote to Wolf and Twitchy on an Easter egg,, asked Granny for her signature at the Xtreme Dream Snowsports Competition, and was present when Kirk's schnitzel truck's entire supply of schnitzels (and even the tires) were stolen and turned into a bulldozer afterwards. The bandit is revealed to be Boingo, who was in all their stories.

In Boingo's cave lair, Dolph is worried the police may find them, but the rabbit rolls his eyes and tells him to forget about them because they have everything they need in the lair. However, Dolph also fears that Granny (whom he refers to as the "old lady") will return as he now knows she is still alive. Annoyed, Boingo reveals the reason that he is evil by saying that he is done answering to the Muffin Man and Granny while feeling like an outcast and that they can both take a hike. Red, who was secretly hanging onto Boingo's cable car, overhears Boingo and Dolph's conversation and realizes that Boingo was the Goody Bandit the entire time, devastating her. The rabbit makes it clear to his henchman that he will never answer to anyone again and disturbingly bursts out wailing, laughing evilly, and then crying. Calming down in a matter of seconds, Boingo proclaims his love for his job and explains to Dolph how it works, such as prioritizing, setting your goals, and writing a mission statement.

When he gets to asking where to yourself in five years, Red comes out of hiding and answers "How about behind bars?". Shocked at Red's sudden presence, Boingo freezes and pretends to act extremely respectable and innocent, nervously greeting Red and, all of the while smiling, telling her that she "spoiled the surprise". Red tells the rabbit that he is the bandit and Boingo replies after a short pause and glance at the Evil Ski Team, "Surprise!" and fake smiles.

When Red says that she is going to retrieve the recipes, Boingo challenges Red to a competitive fight. After Red calls him a bad bunny, Boingo reveals his true colors to her by saying that she is finally catching up, asking if she thought that he followed her around on her deliveries because he liked her. Furious, Red desperately tries to defeat Boingo in battle, but they are both evenly matched. Boingo gains the upper hand and defeats Red because of his long ears (which he has the ability to use as hands or to block an attack).

After mockingly asking Red to go home and cry to her grandmother, Boingo orders Dolph to tie Red up, Lesa to hold the book, and Vincent to get the schnitzel truck (not counting Keith, who is told by Boingo to change his name to Boris because his name does not sound scary enough). Red tells Boingo that he is crazy, to which he sinisterly replies "Maybe so. But I'm top of the woods now, baby!". He proceeds to sing "Top of the Woods" and explains his plan to

Red: Destroy the competition and create his own candy company and enterprise, BoingoSnax, in which Phase 1 was nabbing the recipes, Phase 2 being adding his own special ingredients to every goody called Boingonium, a chemical with very addictive properties, and Phase 3 being building his real estate business and literally blowing the Big Bad Forest away. Boingo's "Phase 3" of his evil plan on his way to becoming a magisterial dictator included using the area he intends to blow up using destructive explosives for real estate enterprises that were a casino, a factory (to make baked goodies), Cottontail Club, Boingo Air International Airport, Amusement Park, Boingopia, Ultra Mall, Zoo and Boingo Beach. He tells Red that since he now has Granny's secrets, he proceeds to order Dolph to gag Red and throw her in the cable car filled with dynamite (which Boingo sinisterly calls the "Dino-Mite Express Home") and then laughs evilly at the scared Red's predicament. Boingo concludes the song's finale with added dancing (with the Evil Ski Team as background dancers; which Keith is not intentionally good at) and then pointing at Red and exclaiming, "You've been hoodwinked, baby!". And so, he and the Evil Ski Team then perform jazz hands at the end of the song.

Meanwhile, Granny, Wolf, and Kirk see all of this and sneak in to save Red and capture Boingo and his henchmen (after taking on Dolph - who was presumably sent by Boingo to apprehend the gang, whose clothes are taken off by the gang). However, after Wolf poses as a building inspector and has Boingo walk with him and keep discussing about building new weapons in his lair, he is defeated (but not Granny and the Woodsman). Boingo then sets the rope on fire with his ear and sadistically tells Granny that Red is "going to take a ride" and that there are not any brakes on the cable car. Then he sets the cable car off on the zip lines and cackles evilly.

Immediately, Granny fearfully gets on a bicycle, grabs a pan and pedals over to Boingo, who tells Granny that Red does not trust her anymore. Granny yells at the rabbit to get out of her way and hits him with the pan, briefly dazing him. Granny proceeds to let go of the bicycle and jump onto the pan, sliding toward the cable car. Frustrated, Boingo turns toward the Evil Ski Team and growls, indirectly ordering them to go after Granny. Boingo is shocked to see Dolph undressed and beaten, but hops into his burlap sack as they slide on the zip line. Granny manages to save Red (who has freed herself) by having her climb up on her hood. When Granny pulls the emergency lever, the cable car falls into the river below and explodes, completely destroyed. Red and Granny cheer for their victory, only to be unpleasantly surprised by Boingo shouting that this is the end of the line for them and laughing evilly.

Thinking quickly, Red and Granny both use their hoods as parachutes to lift themselves high in the air to avoid Boingo and the Evil Ski Team. Angered at having lost them, Boingo sarcastically says "Oh, wonderful!". Suddenly, Boingo spots something at the end of the zip line and widens his eyes in shock, with him and his henchmen falling right into one of the police vans. Chief Grizzly closes the doors and tells the officers to take them to prison. Before the van leaves, Boingo watches Red and Granny soar down to safety and beckons to not go to prison. Twitchy then tells Boingo to "say 'Parcheesi!'" and takes one last picture of him, stunning Boingo with the camera flash. A humiliated Boingo proceeds to frantically bang on the doors, screaming "Not prison! NOT FOR A CUTE LITTLE BUNNY RABBIT!" as the van drives off.

## Hoodwinked Too! Hood vs. Evil

In the sequel, Boingo is locked up in London Bridge Asylum in his very own cell. Tipped off by the Giant, Red, Wolf, and Twitchy go the London Bridge Asylum to interrogate Boingo after they become aware that he tells the Giant's henchmen which ingredients are necessary for the Super Truffles. Upon meeting him, Boingo says "Hello, Clarice." in a very creepy voice. When Red asks him who Clarice is, Boingo sees someone walking by and makes up a lie, saying that she is and greets her.

After she leaves the asylum, the gang asks Boingo who the witch is, but he doesn't answer most of their questions and annoys them with his support of the witch that they are looking for. Boingo then takes amusement in Red and Wolf's argument that he instigated and sees how they disagree about how to handle cases. Having had enough of Boingo messing with them, Red tugs on Boingo's right ear, hurting him. In response, Boingo asks her if she is still mad about him trying to kill her a long time ago. Thanks to Twitchy, they find a clue in his cell. Boingo ominously tells the gang that the witch just left a few minutes ago.

Boingo is not seen again for the remainder of the film. It is unknown what has happened to Boingo and the Evil Ski Team after that event since his henchmen were not seen, even though they could have been in their own cell. It is presumed that Boingo remains imprisoned and possibly has his sentence extended after the arrest of Hansel and Gretel, given that he cooperated with them.

---

When she was done we were shocked and horrified!

Me: He was going to poison kids by putting drugs in baked goods!?

Eli: That's insane!

Nico: And put a theme park in the place of the forest!? That is crazy!

Ellie Singh: What a monster!

Wolf: He is trying to add a highly addictive chemical to all his baked goods called Boingonium.

Me: Lets see.

I looked up the stuff and it showed me what his snacks called BoingoSnax are.

---

BoingoSnax was a proposed giant snack food manufacturing company that would have replaced all of the other goodie shops because Boingo stole recipies for its menu.

In the middle of the song Top Of The Woods, Keith puts on a tape and Boingo then starts explaining about his plan. He stole all the recipies and then he would have started to build the BoingoSnax factory. He then would've put a special ingredient in each treat called "Boingonium", which makes the goodie 100 times more addictive. Once his buisness started he stated that he would "blow the whole competition away", which means destroying the forest and building his new empire, thus making BoingoSnax the ultimate (and only) goodie shop.

Boingo's plans were stopped by Red and the team, but it is unknown if Boingo still wants to try again (if he gets out).

---

Me: Oh my God! This is gonna be a disaster!

Poromon: At least it's not cocaine.

Red: Cocaine?

Poliwag: Cocaine is a drug that can be put in bricks.

RD Lori: And it's literally illegal!

Me: Trust me you don't want to have that stuff. Many kinds of drugs like that are illegal as all get out.

Nico: And they can put you in prison.

Hydros: If Boingo's loose, then that means those evil skiiers aren't far behind.

Me: Then we'll bash their brains out.

Eli: That's right. We'll melt all that snow they are on and make them tumble down a rocky mountain. I saw it on a cartoon onces.

Nico: That would be funny.

Laney: It sure would be funny. Even though I don't watch cartoons and TV.

Red: How come?

Laney: I'm usually a reader of books and don't watch any TV or cartoons.

Sunset Shimmer: Me and the Fire Skylanders and the fire users can melt their snow and crash those skiers all over.

Me: Good idea.

Nico: That's perfect.

Granny: We need to inform Chief Grizzly and Detective Flippers about this!

Takinom: That's a good idea. If you want, I can fly over and tell them.

Granny: That would be great.

Me: Go for it Takinom. Also Fluttershy can use her stare on Boingo.

Fluttershy: Oh no I couldn't on a cute adorable bunny.

Me: Fluttershy I know how much you love animals and I know you care for them greatly. But this is not an ordinary bunny we're dealing with. He's a dangerous manipulative thief and a criminal.

Fluttershy: Oh in that case I will do it.

Me: Great.

Takinom and Grumblemon got to the office of Chief Grizzly and Detective Flippers.

Takinom: Hi. Are you Detective Flippers?

Grumblemon: We need to tell you and Chief Grizzly some important news!

Chief Grizzly: What's the problem.

They told them everything.

Both: WHAAAAAAAAAAAAAAAAATTTTTT!?

Back at the cottage we were talking about what to do.

Red: What is the Fluttershy's Stare?

Me: It's a very potent gaze she has. Well watch this.

I snapped my fingers and beamed Heather over to us.

Heather: Oh haven't you losers tormented me enough!?

I went over and smiled casually and then I unleashed my own version of Fluttershy's Stare on her! It was like Heather was looking at a monster from a place that is 1,000 times worse than Hell! She then screamed and she was curled up in a ball in a fetal position and was crying hard.

Me: See?

Red: Whoa!

Nico: Ever heard of that old saying "If Looks could kill you would be dead?" Well that is true.

Eli: Wow that was deadly!

Nico: It sure was. Awesome job using Heather as a test for it J.D.

Me: Thanks.

Laxus saw something.

Laxus: Looks like one of ski team is heading to Boingo's hideout.

William: We should follow him as soon as Takinom comes back.

Then Takinom and Grumblemon came back and they had the police.

Takinom: We got here as fast as we could. (See's Heather on the floor crying) What happened to her?

Me: My version of Fluttershy's stare scared her really bad.

Grumblemon: Wow! I didn't know you could do that J.D.

Me: I actually taught it to myself.

Nico: Wow. Now lets get ready to take the fight to Boingo.

Wolf: Last time, Kirk had to dress up as Dolph to sneak into the hideout. But that probably won't work the second time.

Lythos: Relax. All we need to do is find out where Boingo's hiding.

Nico: I think I already know.

Nico looked and pointed at a mountain.

Nico: Up there.

Eli: He's right. I sense him in that mountain.

I looked with my X-Ray vision and sure enough he was there with the skiers hiding in a cave.

Me: Bingo.

Commando Man: Time for our entrance of the day.

Nico: Lets do it!

We flew at the mountain.

Boingo: That monster girl ruined everything for me! And I got sent to the big house because of it! Can you imagine!? ME!? A CUTE LITTLE BUNNY SPENDING MY LIFE IN PRISON!? I WILL MAKE THAT WITCH PAY FOR THE HUMILIATION SHE CAUSED ME!

Suddenly race cars appeared and they were composed of the elements of nature and they ran a bunch of skiers over and smashed them into pulp and then they spun around and went up and converged and then…

KRABBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion blasted the mountain top off and then a phoenix cry was heard and then we came in!

Nico: Boingo you are under arrest!

Boingo: Team Loud Phoenix Storm!

Nico: That's right!

Boingo: You guys are too late! Any minute now, my Boingonium is gonna be shipped out to millions of people here!

Ranamon threw an axe at a crate of Boingonium, making sure to flick her wrist at the end of the throw.

Boingo: NO!

Ranamon: What do you know? Flicking your wrist DOES work.

Me: And for good measure.

I fired a blast of energy and destroyed the Boingonium. ALL OF IT!

Nico: You're all washed up Boingo!

Blizzard, Villamax, Titanium Man, Boomerang, Firepower, Chillyfish, Whirlin, Fireor, Count Spankulot and Stonedozer Then appeared.

Nico: Blizzard, Villamax, Titanium Man, Boomerang, Firepower, Chillyfish, Whirlin, Fireor, Count Spankulot and Stonedozer.

Blizzard: (to Qin) So, you and Chris are a couple now, huh?

Qin: That's right.

Villamax: We're happy for you two.

Blizzard: And that was an awesome concert you all put on.

Me: Thanks. It was fun.

Titanium Man: (Russian Accent) Hope you guys didn't mind the blind date part.

Qin: Nah. We tickled Nico and that was more than enough of a punishment for him.

Titanium Man: That's good.

Boomerang: (to me) (Australian Accent) We heard you fought

Kaiba's old man.

Me: We sure did and on the planet Sullust.

Firepower: I'm surprised you didn't kill him again.

Me: He's not worth killing after doing it once. Besides Seto is gonna have a lot of questions for him.

Nico: It's true.

?: Well it'll be good to get some stuff off their chests.

A figure came out and it was MIGHTY MINOTAUR from episode 3 of Mighty Morphin Power Rangers!

---

The Mighty Minotaur is created by Finster and Rita sends the Mighty Minotaur to Earth to not let Trini and Kimberly neutralize a garbage dump she is using to pollute Angel Grove. Whilst Goldar and the Putty Patrolfight with Jason, Zack, and Billy. Immediately upon their arrival, Billy and Zack jump kick the Mighty Minotaur but he deflects them with his shield so Jason uses his Blade Blaster only to be taken down with his friends when the monster deflects back the blasts with his shield. As Trini throat kicks down Goldar, the Mighty Minotaur knocks down all three Rangers who are then bombarded with boulders by Squatt and Baboo. With the upper-hand, Rita enlarges the monster after which the Power Rangers regroup and call on their Dinozords. The Mighty Minotaur charges as the Pterodactyl Dinozord defeats Goldar and the Putties so the Triceratops and Sabertooth Tiger unleash thier tail blasts but have no effect. In retaliation, the Mighty Minotaur lightning blasts the Sabertooth Tiger but it jumps off its cliff and slashes him with its claws as the Mastodon freezes him and the Triceratops wraps its horn chains around his chains and pulls him over but even that is not enough to stop him. When the Mighty Minotaur rams down the Tyrannosaurus Dinozord, they form the Megazord Tank Mode and blast the Minotaur but they are no effect and he returns fire so Jason decides to assume Battle Mode. Before they can do so however, Zordon determines the monster is too much for the Rangers's Zords so withdraws them and gives the Rangers their Power Weapons to battle the monster. When confronted by the Minotaur again, they destroy his weapons with the Power Bow and a Power Dagger, knocked him back with the Power Lance and Power Axe, and took him down with the Power Sword. Zordon then tells them to bring the Power Weapons together to finish him off so they do so, forming the Power Blaster which is able to finally destroy the monster who face-plants and explodes.

---

Jason Lee Scott: Mighty Minotaur!

Mighty Minotaur: Been a while rangers.

Me: I remember you! You were the 2nd monster the Rangers faced and you are also the very first monster that the rangers destroyed with their Power Blaster which was awesome!

Mighty Minotaur: That's right. Very good memory on you.

Me: Really awesome and I never missed an episode.

Mighty Minotaur: I'm honored to be the first monster to be defeated by a weapon finisher.

William: That's right. I remember that fact.

Me: So do I. That was awesome.

Nico: It sure was.

We got the usual battles underway.

Troy Burrows, Megaforce Rangers, Twilight Sparkle, Luster Dawn, Sunny Starscout, Star Swirl the Bearded, Magic Skylanders, Lana, Killer Frost, Ice, Estella Oresdotter, Ravager and Cree VS Blizzard - Gozaburo Kaiba doing all those terrible things

---

Blizzard was first.

Blizzard: (to Troy) Can't believe Gozaburo Kaiba did all those terrible things. Good thing he's in the big house now.

Troy Burrows: Yeah he brought it all on himself. It's just hard to imagine that he could be that evil.

Emma Goodall: He has no right to call himself a parent of any kind especially all the terrible calamities he caused.

Gia: And J.D. is right, Seto Kaiba is a MUCH BETTER Business Man than his so-called Stepfather.

Twilight Sparkle: You're not kidding there. Poor Noriko. I can't believe he would be so heartless.

Luster Dawn: Yeah he has absolutely no soul, no honor and no love for anyone.

Sunny Starscout: The guy is not human. I'm glad J.D. killed him the first time. He's an absolute monster.

Star Swirl: Yeah no kidding. He's worse than Sombra.

Spyro: But it's a very smart call that J.D. threw him in jail this time.

Lana: Yeah and now Seto, Mokuba and Noriko are gonna get a lot of info out of him.

Killer Frost: With how stubborn the guy is that might be a bit of a problem though.

Ice: (Norwegian Accent) That will be tough.

Estella: (Norwegian Accent) It will. But not for Lincoln. He can get any info out by force.

Blizzard: That's true. Shall we get it on?

Troy Burrows: Lets shall. Ready guys?

Noah Carver: Ready!

Megaforce Rangers: LEGENDARY RANGER MODE! DINO THUNDER!

The Megaforce Rangers turned into the Dino Thunder Rangers!

They fired waves of energy and ice and magic and smashed him down.

Troy Burrows: That's a Super Mega Win.

Twilight Sparkle: That was amazing!

---

Villamax was next.

Villamax: (to Wes) Hoodwinked actually was a funny movie. Too bad the second movie was a box office bomb thanks to the d*** critics.

Wes: Yeah who do those blockheads think they are? It's like they have so much power that they think they know everything.

Jen Scotts: Yeah like J.D. says, they wouldn't know what a good movie is if it hit them in their faces.

Sunset Shimmer: They think they know everything because they are better than everyone.

Pip-Squeak: (British Accent) I agree with you there. What they do to really awesome movies like Hoodwinked and Hoodwinked 2 is absolutely disgrace.

Villamax: I agree with you there Pip-Squeak. I LOVE Hoodwinked 2. Those critics have no idea what they are talking about.

Gusty: The Hoodwinked Movies are so funny.

Sunburn: And also Red is a deadly martial artist. She smashed Sportsmaster into a tree because she thought he was a villain.

Lola: She has a lethal kick.

Sam S.L.: Not bad for someone like her.

Paige: That was really awesome.

Allie Wilde: Yeah it sure was cool.

Leo Corbett: He sure got the drop on him.

We regrouped.

Then an Evil Sasuke appeared.

Me: Can't we get a break from these Evil Sasuke's?

Nico: Obviously not.

Erica: I'll face him this time. Figure it would be fitting for everyone to have a shot at him.

Nico: That works. Go for it.

Erica went up to him.

Evil Sasuke: WHO THE HELL DOES J.D. THINKS HE IS?! HE'S NOTHING TO US! ALL HE IS A MOTHERFUCKING CUR!

Erica: Hmm. Yes and a "Motherfucking Cur" was the only kind of person you thought you can handle. I remember that your father said that very same thing to J.D. in 150,000 years just as he was killing the Uchiha for their crimes and snuffing out the very darkness that they used to destroy so many lives.

Erica paused and looked around.

Evil Sasuke: (chuckles) What's wrong? Run out of steam, whore?

Erica: For your information, dumbass, I'm just checking if anyone's gonna interrupt me!

Boingo: (to Evil Sasuke) Don't just stand there! Kill her while she's ranting at you!

Nico: (punches Boingo) Quiet, bunny boy! (to Erica) You're good, sis! Keep on going!

Erica: Thanks. Now where was I? Oh right. Hmm. Yes and a "Motherfucking Cur" was the only kind of person you can handle. I remember that your father said that very same thing to J.D. in 150,000 years just as he was killing the Uchiha for their crimes and snuffing out the very darkness that they used to destroy so many lives. When he made his speech about how they were going to kill all of the Leaf in the name of Madara Uchiha all they did was seal their fate. Your Father poisoned his own son, you, with his own hatred and turned you into a miniature version of him and he poisoned your mind with so much of his hatred over everything that you became a totally lost cause. He made you into a homicidal and completely mentally unstable psychopath and you did not show any value towards friendship or comradery. Only hatred and pure evil and an insatiable lust for power. You wanted everything handed to you on a silver platter just like your wretched father and all your clan did. You cheated in everything, Even though Ninjas cheat, education is the one thing that they NEVER cheat at. Isn't that right and they say that your father was leading the Uchiha to greatness. But it turns out you're just another lost soul of the run-of-the-mill ninja. And you know it. You're not even in the same league in the kind of power that J.D. possesses. I've heard all about his adventures and J.D. can destroy the entire universe in the mere blink of a cosmic eye if he wanted to. In fact, next to the kind of power he has and the power that you have, you are nothing compared to him and you never will be and you and your clan were nothing but a bunch of pathetic ants compared to his power. The way you covet all that power, the way your clan did all the deeds in the name of the devil known as Madara Uchiha, a monster and a planet destroyer that wants nothing more than to destroy the entire planet. It's downright fucking disgusting. As a member of the most powerful fighting force in the universe, all I see when I look at you is a fucked up miserable fuckweed and a heartless motherfucking psychotic wretch. And on top of that I fucking hate your style above all others like J.D. does you ruthless fuckkicker! What is it that you are hoping to accomplish? Stealing all the jutsu in the world just to expand your jutsu arsenal and repertoire, committing crimes all over the planet just to satisfy the devil Madara Uchiha, murdering innocent people, killing those that are precious to you just to make yourselves more powerful, stealing jutsu that people worked so hard to learn and utilize, pursuing petty and worthless desires like revenge and above all betraying the very village your clan founded. You Uchiha Motherfuckers don't give a flying fuck about anyone but your pathetic goddamned motherfucking selves and that is why J.D. killed them all including your father. The Uchiha are heartless monsters that murder, lie, steal, betray and are completely powerhungry just like you and that's why J.D. killed them all. You may be more powerful than you were before but J.D. will always still be on top and the Uchiha will never match it. YOU ALL FUCKING DISGUST ME!

Erica went at Evil Sasuke and kicked him hard in the chest with a powerful volley of kicks and she then kicked him in the face with a barrage of kicks with incredible speed! She then fired a powerful energy blast and it hit him and blew him to pieces and killed him.

Erica: Enjoy hell.

Nico: Nice job Erica!

Me: Way to go! Now lets go get this bunny!

Fluttershy went up to him.

Boingo: (to Fluttershy) You wouldn't hurt a bunny rabbit, would you? (does puppy eyes)

Wolf punches Boingo, giving him a black eye.

Wolf: Try doing puppy eyes now!

Jake Holling: Buddy, you are one bad bunny!

Megaforce Rangers: Legendary Ranger Mode: SPD!

The Megaforce Rangers turned into the SPD Rangers!

Nico: Lets give you a taste of your own medicine!

We went at him!

We punched and pulverized him all over and Nico pulverized the Skiers all over and tied them up.

Wrenges Blasted and smashed him all over.

They fired a massive Kamehameha powered by fairy tales at Boingo which explode on contact.

KRABBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

He was knocked down and then Fluttershy used her stare on him!

Fluttershy: YOU SHOULD BE ASHAMED OF YOURSELF! WHO DO YOU THINK YOU ARE DOING SUCH HORRIBLE THINGS TO KIDS BY POISONING THEM WITH DRUGS AND TO THE FOREST SO YOU CAN THEN BUILD A THEME PARK JUST FOR YOUR OWN SELFISH PLEASURE! YOU'RE NOT A BUNNY OR AN ANIMAL! YOU ARE JUST A BIG! **FAT!** ***MEANIE!***

I jumped right into Nico's arms.

Nico: OOF! Man that is scary!

Boingo then peed himself and then he EXPLODED!

KRABBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

He was dead!

Me: WHOA! Her stare caused him to explode!

Eli: Whoa! Now Fluttershy's Stare is something definitely NEVER to be underestimated.

Nico: Uh oh.

Cloud Strife: I was hoping never to hear that voice. You can come out now, Palmer.

A figure came out, and it was none other than Palmer, the cowardly head of the Shinra Electric Power Company's failed Space Program.

Nicole: So, now we're going to fight the cowardly head of the Shinra Company's failed Space Program.

Nico: Cloud, what can you tell us about Palmer?

Cloud Strife: Trust me, Commander, you won't like him one bit.

Cloud Strife proceeded to tell us about Palmer, and we weren't going to like it.

---

Palmer

Palmer is the head of Shinra Electric Power Company's failed Space

Program in the Final Fantasy VII series. He continues to act as an executive at the Shinra Company, even if his department is mostly defunct. Palmer is a minor antagonist in Final Fantasy VII, sycophantic toward the company president and generally viewed as incompetent at his job.

## Profile

### Appearance

Palmer is a short, overweight man with thinning gray hair and gray-blue eyes. He wears a white shirt and a double-breasted, tan-colored suit with matching bow-tie.

### Personality

Palmer is childish and cowardly, being enthusiastic about everything, but preferring to hide rather than take action himself. He loves his tea with liberal amounts of sugar, honey, and butter (lard in the original translation).

## Story

### Original continuity

After Sector 7's collapse, Palmer is at the Shinra Building with the other Shinra directors. During the executive meeting Palmer asks that his Space Program benefit from the mako rate hike President Shinra wants to enforce. Following Sephiroth's rampage at the headquarters, Palmer confirms Sephiroth's return from where he is found cowering behind a pillar.

Palmer accompanies the new president, Rufus, to Rocket Town to steal Cid's plane. Avalanche intercepts Palmer, forcing him to abandon the plan to battle them. His efforts are in vain, and he is defeated.

Although he is hit by a truck as he tries to escape Cloud and company, he, Palmer with Reeve and Rufus, is one of the few Shinra executives to survive the events of Final Fantasy VII. After Meteor is summoned, Palmer sets the rocket in Rocket Town to auto-pilot to collide with the Meteor, with Cid, Cloud, and the other party members trapped inside. The party uses an escape pod to return to the planet, and Palmer is never seen again.

Remake continuity

Palmer visits the Honeybee Inn in Wall Market, and is reluctant to leave when his assistant insists that he has work the next day. After the plate falls, Palmer joins the other directors at the Shinra Building for a meeting. He is getting tea when he sees Sephiroth pass him in the hallway, and is so surprised and frightened he drops his cup. During the directors' meeting, Palmer tries to convince the others than Sephiroth has returned, but is dismissed. He has no objections to using torture to get more "results" out of Aerith Gainsborough or to President Shinra's decision to not rebuild Sector 7 in favor of moving onto the Neo Midgar project.

---

When Cloud Strife was done, we were disgusted by Palmer's actions.

Me: Sheesh, this guy is nothing more than an incompetent coward.

Nico: You said it, Colonel.

Shaggy: Like, I may be a coward, but at least, I'm not incompetent like that tub of lard.

Scooby Doo: Me too.

Banzai: And I've had it with that tub of lard to last an eternity.

Suddenly, Banzai's eyes turned dark purple, and he was surrounded by a red energy aura with lava and hyenas, he unholstered her Defender of The Circle of Life Keyblade from his back, and as he'd approached Palmer, he left red energy, lava, and hyenas with every step.

Banzai: You really make me sick, Palmer. You've proven to be nothing more than an incompetent coward, and your crimes are also just as bad among the rest of those Shinra mooks. Well, at least, I'll be glad to put you out of your misery for good.

Then, Banzai was surrounded by a massive vortex of red hot red energy with hot lava surrounding it, there were hyenas running around the vortex, and in the vortex is a yellow phoenix. Then, as the vortex, Banzai emerged, but he was changed forever.

(IMPERATRIX MUNDI PLAYS AT 1:45 TO 2:14)

Banzai gained an anthropomorphic form and he grew to 6'11" in height, he had abnormally massive and powerful upper and lower body muscles and eight-pack abs, he has a full head of black hair going down to the bottom of his neck and he has red highlights in the bangs of his hair, he has purple eyes and a red energy aura with lava and hyenas surrounding her, he has massive black angel wings with red tips on the large black feathers, he has a hyena and a lion with the Fire Kanji held in their paws emblazoned on her forehead, he has on hyena earrings with the Fire Kanji in its paws and a necklace with a hyena holding the Fire Kanji in its paws for the pendant, he has on a sleeveless black tank top with red phoenix, black pants with purple flames on the legs, black leather ankle-length combat boots, and a long black sleeveless trenchcoat with lava and hyenas on the coattails and a hyena and lion with shadows on the back. The massive, wide, double-edged blade of Banzai's Defender of The Circle of Life Keyblade grew to 6'5" in length and turned black and the long black handle grew a little longer. Banzai has on his Bracelets of the Champions of The Universe with red gems on his wrists, Belt of Elemental Bravery with large red gem for the belt buckle on her waist, and Eater of Sins revolver holstered on her left hip. There's a gold kanji below the hyena and lion that said, "Banzai Hyena, Second-in-Command of The Hyenas, Dear Friend of Shenzi and Ed, Destroyer of Scar's Dark Ambitions and the Outlanders, Friend to Many, Slayer of Evil, and Master of Lava and Hyenas."

バンザイハイエナ、ハイエナの副司令官、シェンジとエドの親愛なる友人、スカーの暗い野心とアウトランダーの駆逐艦、多くの友人、悪の殺し屋、そして溶岩とハイエナのマスター

Banzai has transformed into SUPER ANGEL 750,000,000,000 PRIDELANDS VOLCANIC LAVASTORM HYENA ANGEL OF JUSTICE AND HOPE!

We were amazed by Banzai's Super Angel 750,000,000,000 transformation, but when Palmer saw it, he tried to run, but Banzai fired a massive wave of lava, which hardened and blocked his way out.

Nico: Whoa, Banzai's transformed, awesome.

Lincoln: You said it, Commander, and Banzai blocked that coward's way out, so he can't escape.

Shenzi: (Wolf Whistles) Whoa, Banzai, you look amazing. How do you feel?

Banzai: (Divine Echoing Cosmic Voice of The Volcano and Jungle Justice) **I feel incredible, Shenzi, and now, it's time for me to take care of this coward.**

Banzai went after Palmer, and he fired powerful blasts of red hot red energy, red hot lava, and hyenas made of red hot lava, and as they hit Palmer, they exploded with incredible power. Then, Banzai sliced off Palmer's arms with his massive Defender of the Circle of Life Keyblade, and he screamed in such excruciating pain.

Banzai: **Alright, Palmer, it's time for you to die. VOLCANIC HYENA PACK LAVASTORM!**

Banzai fired massive waves of lava, which took on the form of a pack of hyenas, and they went right at Palmer, and tore him apart, and the lava reduced his body to ashes and Palmer's spirit was Super Hakaied forever. We cheered for what Banzai did as he holstered his massive Defender of the Circle of Life Keyblade on his wider and more muscular back and powered down, and his new body, clothes, weapons, and jewelry were permanent.

Shenzi: Alright, Banzai, you really let that coward have it.

Nicole: That's right, and we dealt yet another blow to those Shinra assholes.

Banzai: But, they're still not done yet, and Ed's going to transform tomorrow.

Ed the Hyena looked at us, and he knew what Banzai just said, and nodded.

Lincoln: I can't wait to see it for ourselves. If Shenzi has dark powers, and you have lava powers, Banzai, then, we'll wait to see what Ed gets.

Me: You said it, Linc. Tomorrow should be good.

Nico: Yep.

Chillyfish: That's one bad bunny who's not gonna be bothering us again.

Whirlin: What about Dolph, Lesa, Vincent, and Keith?

Fireor: They're going to our prison in case we have interest in recruiting them.

Count Spankulot: That's a wise decision.

Red: Now, who wants some of my treats?

Stonedozer: I call first dibs!

Grumblemon: (To the viewers) Hope you liked this adventure as much as we have. It was one that lived happily ever after.

Nico: It sure was. Lets go home.

We had a great snack at Red's bakery and then we went back home and enjoyed the rest of the day and went to sleep.

Another awesome fanfiction done.

Hoodwinked was a really awesome movie! I thought it was awesome and it was really funny. I never saw the movies but they were funny from what I heard. It was great. The first part was for the planet Sullust from Star Wars. The second part was for the planet

Vendrax and that was cool. NicoChan11, JediAvatarOfShinobi, Omegahatchiyak12, XP4Universe, Darkhai, vinjedi1995, Drako1234658, Nflemingful, Etstheclarencefan and ninjakingofhearts gave me the ideas for this and so did the guest reviewer. Thanks guys. The Next rescue for me is gonna be on a destroyed planet of shinobi that was completely reduced to rubble and asteroids after Obito's plan succeeds and destroys the entire planet and we're going to meet Naruto's Twin sister Kiyomi Uzumaki as well as a girl named Mikura Haruno. They are gonna be in a cave in an asteroid floating in the endless voids of space and we're going to also meet a Rainbow Dragon Gene-Slammer named Catherine Lancaster and she will also have a Lumina, Lightsworn Summoner with her. Me, Eli, Arrietty, Nene, Allie Wilde, Maria, Marie, Nicole Chan, Qin, Erica, Ellie, Lillian, Megan, Nora Venice, Simone, Miranda, Gina Pele, Lola Namiko, Nelanie, Warrior Lady of The Wasteland, Natalie Griffin, Maiden of The Aqua, Syrus, Dark Magician Girl, Rey, Lina, Kia, Jenna, Yakumo and Carolyn Hope the Dialga Gene-Slammer are going to meet them and we're going to also face Yakumo's Ido Monster. Yakumo will transform in that one too so I'll need the transformation sequence for that one please. Next for Lincoln we are gonna go to the planet Chalganna and we're going to face Orochimaru who is back for more and this time Lady Tsunade is going to transform against him and make her former so-called teammate pay for his crimes! Now here is a good scenario. For Nico's first ever rescue as a test we're going to have him go down to South America and face a tribe of cannibals that have captured and are about to eat 4 girls. They are Tyra, Astrid, Cynthia and Beauty from the Pokemon Series. So Guest this will be good for Nico to try out if you can make that scene for me please. The next chapter is a big first and we're going to have a Horse Race through Equestria! This is gonna be cool!

See you all tomorrow

# RACE AROUND EQUESTRIA

In the early morning hours at 1:29 AM, I was sleeping in bed and I was having a really interesting dream. It was showing me a very interesting vision into the past. It was back in Starlight Glimmer's youth and it showed me what happened to Starlight's mother. I saw Starlight seeing her mother go while Starlight was sleeping. Her mother Aurora Glimmer gave Starlight as she was sleeping a kiss and she told her that she loved her and she left and never returned. She decided to live a quiet life in the lighthouse of Haunted Hoof Point and she was never seen again.

Me: Oh man. That is terrible. Starlight needs her mother.

I woke up at 3:21 AM and got up.

Me: (In my head) Starlight, you are going to be in for a huge surprise when I get back for breakfast.

I went and got my cloak on as well as my clothes and I went down to the elevator and went down and I went to Equestria and then flew to Haunted Hoof Point and I got to the lighthouse I saw in my dream.

Me: This is it.

I went up to the door and opened it and went in.

Me: Hello?

I saw that Aurora lived in a nice lighthouse.

Me: Nice place.

Aurora Glimmer then came and she was a purple pony with sea foam green sparkling hair and she had blue eyes.

Aurora Glimmer: Oh hello.

Me: Hello there. Sorry to come in like this. My name is J.D. Knudson, Leader of Team Loud Phoenix Storm.

Aurora Glimmer: Oh wow! The famous hero of Equestria. It's such an honor.

Me: I'm sorry for intruding. But I found this place in a dream. I came here because I want to ask if you would like to live in the World Tree Estate with your daughter Starlight Glimmer.

Aurora gasped.

Aurora Glimmer: Starlight is with you?

Me: She sure is. She has come a really long way since she joined the team. And she also has done so much good all over Equestria.

I told her all about what happened with Starlight before and after she joined us and Aurora was shocked and then amazed!

Aurora Glimmer: Oh Starlight. I'm so proud of her. What have I done? I should not have left her.

Me: But why did you leave her and Fireheart?

Aurora Glimmer: I felt like I was worthless and I just felt like I was unwanted.

Me: That's not true. Starlight loves you. I saw pain in Starlight's eyes and I saw how much she missed you. She needs you.

Aurora Glimmer then knew I was right.

Aurora Glimmer: I got to get over there.

She then used her magic and packed up everything and we went back to the estate. At the World Tree Estate, Starlight was having breakfast and she was reading the newspaper.

I came in.

Me: Morning Starlight.

Starlight Glimmer: Morning J.D.

Me: I have a surprise for you.

Starlight Glimmer: What is it?

Me: I had a dream into the past and I think you might know this face.

I stepped to the side and Starlight Glimmer gasped as she saw her mother for the first time in a while!

Aurora Glimmer: Starlight my little sweet girl.

Starlight had tears stream down her face and then she got up and got close and she saw that it wasn't an illusion and it was real.

Starlight Glimmer: MOM!

She ran and hugged her for the first time in 10 years and she cried hard.

Starlight Glimmer: (Crying Hard) Mom I missed you so much! I missed you!

Nico and everyone came and they saw the reunion.

Nico: What happened?

Me: I had another dream into the past.

I told everyone everything and they were amazed. Later I got my breakfast and then we went on my next rescue.

In the voids of space, Me, Eli, Arrietty, Nene, Allie Wilde, Maria, Marie, Nicole Chan, Qin, Erica, Ellie, Lillian, Megan, Nora Venice, Simone, Miranda, Gina Pele, Lola Namiko, Nelanie, Warrior Lady of The Wasteland, Natalie Griffin, Maiden of The Aqua, Syrus, Dark Magician Girl, Rey, Lina, Kia, Jenna, Yakumo and Carolyn Hope the Dialga Gene-Slammer were flying and we then came across a destroyed planet that was reduced to nothing but rubble and asteroids.

Carolyn Hope: Whoa! What happened here?!

Me: My god. This whole planet has been completely destroyed!

Eli: There's nothing left of it but rubble and asteroids.

Nicole Chan: What could have caused this.

Maria: I think THAT might have caused it.

We saw the moon that was turned into the eye of The 10-Tailed Beast - the Shinju! We then discovered that this rubble and asteroids was that of the Earth from 150,000 years into the future and what would have happened if Obito's plan managed to succeed!

Me: Oh no! This is a world of what would have happened if Obito's plan went through!

Lola Namiko: This is what would have happened if Obito's plan succeeded!? Oh man!

Yakumo: This is horrible! You were right J.D.! It would have ultimately destroyed the entire planet.

Eli: Obito you monster! And all this just because Kakashi-sensei killed Rin for the village's protection.

Qin: He was pure evil!

Gina Pele: Yeah he sure was.

Erica: What a monster.

Carolyn Hope: Do you think there are any survivors?

Carolyn concentrated and groaned as her hair fell out.

Me: We'll have to search the rubble for anything.

Carolyn turned into DIALGA!

Maria: Take a look, everyone! It doesn't matter who's in charge or what kind of methods we use. The bottom line is, this is what will happen if a monster like Obito succeeds in his or her plans!

Me: We get it Maria. And thank goodness that we killed Obito.

Lina: Who was Obito Uchiha?

Me: Right some of you don't know about him. He was once the student of Minato Namikaze and the best friend of Kakashi Hatake and Rin Nohara.

I went over his history and it was bad and horrifying.

---

**Obito Uchiha**, also known by his iconic alias, **Tobi**, as well as the **Masked Man**, is the central antagonist of the *Naruto* franchise. He is the true leader of Akatsuki and serves as a dark reflection of the titular hero Naruto Uzumaki. Despite appearing late in the story, Obito orchestrated most of the conflict from behind the scenes.

He is a fallen hero from Konohagakure, the Village Hidden in the Leaves, who follows Madara Uchiha's goal for his own gain. Believed to be **Madara Uchiha** himself, he later ignites the Fourth Shinobi World War in order to obtain the powers of the Ten-Tailed Beast, but ultimately reconciles with his former ideals and sacrifices himself as an atonement.

In Japanese, he was voiced by Wataru Takagi. In English, was voiced by both Michael Yurchak and Nolan North as an adult, with Vic Mignogna voicing him as a child.

Obito Uchiha was born in one of the major clans of Konohagakure, the Ninja Village of the Fire Country where the story takes place, but lost his parents during his first years of life. Obito always struggled to keep up with the highly skilled ninja apprentices of his generation, let alone the very high standards of his clan. Still, he nurtured the dream to become Hokage (lord of Konoha).

Obito was named Genin (apprentice ninja) during the Third Great Ninja War. He formed a team with Kakashi Hatake, a child-prodigy who became his rival, and Rin Nohara, a young girl he fell in love with; under the tutelage of the legendary Minato Namikaze, one of the most powerful ninjas to ever live. He became Chunin (normal ninja) the same day Kakashi became Jonin (master ninja).

One fated day, Minato's team was tasked to destroy a bridge in the enemy territory. During this mission, Obito and his teammates got separated from their teacher and Rin was captured by enemy shinobi. Disgusted by Kakashi's willingness to abandon Rin, Obito resolved to rescue her alone. However, they worked out their differences after Obito helped Kakashi to solve his personal issues, and went together to rescue their comrade. They found Rin after a short skirmish with enemy ninjas, during which Kakashi lost an eye and Obito awoke the Sharingan (his clan's eye-power).

However, one enemy caused a cave in and Obito got crushed under boulders while saving Kakashi, with the entire right side of his body being destroyed. Obito gave his remaining Sharingan to replace Kakashi's lost eye and made him promise to watch over Rin for him. Seconds later, the cave collapsed and Obito was presumed deceased and hailed as a hero.

By miracle, Obito survived long enough to be rescued by Madara Uchiha, whose underground lair was located near the collapsed cave. Madara rebuilt the destroyed half of Obito's body with a vegetal organism grown from the cells of the late First Hokage Hashirama Senju. Obito at first wanted nothing to do with Madara and trained very hard to regain his peak condition, striving to reunite with his friends, but he could not escape Madara's lair. During this time, he was watched over by White Zetsu and his "brother" of sorts Tobi-Zetsu (nicknamed Spiral Face, Guruguru in Japanese, by Obito).

One day, Zetsu warned Obito that Rin and Kakashi were surrounded by ninjas from Kirigakure (the Village Hidden in the Mist). Helped by Tobi-Zetsu, attached to him like an armour, Obito broke free from the cave and rushed to his friends' rescue… Only to witness Rin dying by Kakashi's hand. Obito eventually learnt that she willingly chose to die, as she was made the jinchuriki (host) of Isobu, the Three Tailed Demon Turtle, so that the demon would be released upon returning to Konoha and destroy the village from the inside.

It was later revealed that the entire situation had been staged by Madara, who wanted to break Obito's spirit to make him his successor. Madara also placed chakra receivers in the vegetal half of his body and a seal on his heart, to prevent him from stepping out of the plans he had for him and make him easier to control once he would outlive his usefulness.

Broken with despair and left grief-stricken, Obito awoke the Mangekyo Sharingan (the second level of the Sharingan) and slaughtered the ninjas of the Mist. Obito later embraced Madara's nihilistic views and became his apprentice, with Madara creating Black Zetsu and dubbing Obito as Madara Uchiha himself. After Madara's death, Obito set out to enact Madara's plan. However, he never intended to resurrect Madara as planned, wanting to do it for his own gain. The years he spent roaming the Ninja Countries would cement his belief that the world was beyond saving.

Madara's "Eye of the Moon Plan" consisted of gathering the nine demonic Tailed Beasts to resurrect the Ten-Tailed Beast from which they were born and become its jinchuriki. He would then be able to project the Infinite Tsukuyomi, a reality-warping hypnosis, from the moon to unite every mind under his control. By enacting this plan, Obito seeks to replace reality with a dream-world in which his wishes would come true.

Since Madara had given the Rinnegan eyes to Nagato, Obito, still "wearing" Tobi, approached Nagato and his friends Yahiko and Konan and, despite lukewarm first contacts, inspired them to create Akatsuki. After Yahiko's death, he manipulated Nagato's desire to change the world to gain him to his cause. It was at this point Obito disregarded his name entirely and embraced a new alias named after his companion, Tobi. Tobi remained in the shadows and made Nagato appear as Akatsuki's leader, while he was in fact its second-in-command. Under Tobi's impulse, Akatsuki became an evil organization gathering the worst renegade ninjas, bent on obtaining the Tailed Beasts at all costs.

After the Third Ninja War, the five great ninja countries started a process of disarmament, but without relinquishing their rivalry. Tobi used this to his advantage to increase Akatsuki's influence, making it appear as an elite mercenary team much less expensive and more efficient than the ninja villages, and turning it into a world power.

At some point in the past, Tobi came to Kirigagure and used his Sharingan to control Yagura, the fourth Mizukage (Lord of the village) and the jinchuriki of the Three-Tails, for a yet unknown purpose. Tobi made Yagura's reign nightmarish, causing Kirigakure to be nicknamed the "Village of the Bloody Mist". At some point, he revealed himself to Kisame Hoshigaki and gained his obedience.

Tobi waited for Kushina Uzumaki, the jinchuriki of Kurama the Nine-Tailed Fox, to give birth, when the seal weakens. He killed her bodyguards and took her new-born son Naruto hostage, threatening to kill him if she was not handed to him.

Minato Namikaze (now Naruto's father and fourth Hokage) rescued his son, but Tobi had filled the baby's blanket with explosives to drive him away. He released Kurama, enslaved him and unleashed him on Konoha. Minato caught up with him (identifying him as Madara Uchiha), fought him and forced him to flee. He was later forced to give up his life to seal Kurama within his own son (sealing part of the demon's power in him in the process), hoping that Naruto could one day use the Fox's power to defeat Tobi.

Konoha escaped destruction but, since the Uchiha Clan wields the power to control Kurama, the entire village came to believe that they were responsible of the attack and shunned them. Then, the resentful Uchihas staged a coup d'état to take over the village. (Tobi was most likely responsible of that situation.) They chose Itachi Uchiha to infiltrate the village's spheres of influence. However, fearing that the coup would escalate into the Fourth Great Ninja War, Itachi accepted orders from the village's elders to slaughter his clan.

Itachi eventually realized that Tobi (whom he also believed to be Madara Uchiha) was behind Kurama's attack. He offered him to participate in the massacre, in exchange for a promise that he would do nothing against Konoha, and they slaughtered the clan. Yet, Itachi spared his brother Sasuke Uchiha, hoping to one day die by his hand.

Tobi is first introduced as a subordinate of Zetsu, who enters Akatsuki as a replacement for Sasori and gets partnered with Deidara. His goofy antics often get on Deidara's nerves, prompting him to retaliate with explosions. The two capture the Three Tailed Demon Turtle, before Tobi assists Deidara during his fight with

Sasuke. After being thought dead in Deidara's suicide explosion, Tobi is revealed to be the real leader of Akatsuki, who makes everyone (readers included) believe that he is Madara Uchiha. He then orders Nagato and Konan to capture Naruto in order to get his hands on Kurama.

Tobi is later seen sitting on Madara's statue at the Valley of the End, reflecting on the current situation. Meanwhile, the legendary ninja Jiraiya starts suspecting that someone (whom he identifies as Madara) is behind Kurama's attack on Konoha. Later, Itachi reveals to Sasuke Tobi's role in the Uchiha massacre, before they fight to the death. As for Tobi, he intercepts Naruto's squad, searching for Sasuke or Itachi, to keep them away from the battle.

He toys with them with his goofy persona, phasing through all their attacks. Upon learning about Sasuke's victory, Tobi scornfully dismisses them while displaying his Sharingan. He then takes Sasuke away and treats his wounds. When Sasuke wakes up, Tobi introduces himself as Madara Uchiha and takes off his mask, only to be engulfed in Amaterasu's black fire. Itachi planted a trap into Sasuke's eyes to save him from Tobi's influence, but he escapes it.

Tobi then gains Sasuke's trust by telling him about the founding of Konohagakure and Itachi's decision to slaughter his kin for the sake of peace. While Tobi tells the truth, he subtly presents it from his point of view, depicting the Senjus as untrustworthy and abusive and denying involvement in Kurama's attack.

From then on, Tobi has Sasuke trapped in his snare and though the latter claims to be using Akatsuki, Tobi uses him as a pawn and gradually turns him into a merciless criminal. Apparently he plans to sacrifice Sasuke to better use the Demonic Statue of the Outer Path.

Tobi offers Tailed Beasts to Sasuke's team to help them in their goal, if they capture Killer Bee the jinchuriki of Gyuki the Eight Tailed Demon Ox for him. Sasuke's team seemingly succeeds and brings Killer Bee to Tobi, but it appears that they only captured a mere clone created from one of the demon's tentacles. Irked, Tobi intercepts Sasuke's team before Konoha, revealing that the village has been destroyed and that Danzo Shimura, a village elder and the replacement Hokage, is heading to the Land of Iron for a summit of the five Kage (the lords of the five most powerful ninja villages). This makes Sasuke plan to kill Danzo.

Upon Tobi's orders, Zetsu guides Sasuke's team to the five Kage's gathering. He then sneaks into the meeting and reveals Sasuke's presence. While Tobi pays Naruto a visit and tells him about Sasuke's spiraling descent, Sasuke battles the Kage and their powerful bodyguards using his Mangekyo Sharingan. However, they prove far too strong for him alone and Tobi enters the fray, absorbing Sasuke into his alternate dimension.

Tobi expected Sasuke to weaken the Kage for him to take hostages, but he admits this was too bold. He demands to be handed Killer Bee and Naruto, the last two jinchurikis, threatening to unleash the Tailed Beasts he controls if he is denied. Upon their refusal, Tobi declares war to the five great ninja countries, plus the samurais of the Land of Iron. The Kage assume that Tobi cannot use the Tailed Beasts so easily, and that he uses this threat to make them involve the jinchurikis in the upcoming war as major military assets, and easy targets for him to capture.

Tobi later confronts Danzo, capturing his two bodyguards, and makes him battle Sasuke, who wins while further falling into evil. As Sasuke, who has gone nearly blind due to his reckless overuse of the Mangekyo Sharingan, is confronted by his former master Kakashi Hatake and his former comrades Naruto and Sakura Haruno whom he plans to kill, Tobi reappears to take him away, stating that he stands no chance against them in his weakened state. Upon Sasuke's request, Tobi transplants Itachi's eyes on him to grant him the Eternal Mangekyo Sharingan.

Tobi then goes to the Land of Rain to confront Konan, planning to get Nagato's Rinnegan. He makes the mistake of underestimating his former subordinate, who uses her knowledge of his powers to drive him into a corner. She traps him in a chasm of exploding papers from which he cannot normally escape, forcing him to cast Izanagi to survive.

He then hypnotizes Konan to learn the location of Nagato's vault before killing her, and transplants a Rinnegan in his left eye-socket. (It was later revealed that even he could not wield both Rinnegans and that he hid the other away. Also, he hid no less than six White Zetsus to keep tab on Sasuke.)

Preparing for the war, Tobi is forced into an uneasy alliance with Kabuto Yakushi, Orochimaru's successor, who blackmails him with the resurrected Madara Uchiha. Tobi is using a hundred-thousand clones of Zetsu as his military forces, to which Kabuto adds many immensely powerful ninjas that he resurrected.

Sometime later, Tobi receives a report from Kisame Hoshigaki, who upon his orders faked his death to infiltrate the giant Turtle-Island where Naruto and Killer Bee are hidden. He plans to attack it personally but Kabuto offers to go instead. Fortunately, the Tsuchikage (lord of the Hidden Village of the Rocks) forces Kabuto to retreat; but he abducts Yamato, one of Naruto's bodyguards who masters the Mokuton, whom Tobi uses to empower his army.

Tobi later forces Kabuto to reveal the secrets of his resurrection spell under threat of death; killing one of Danzo's bodyguards to use him as a demonstration. As Kabuto departs, Tobi orders Zetsu to keep an eye on him.

When the war begins, Tobi sends his army underground to avoid detection, but the Ninja Coalition intercepts them and holds its own, sealing away many of the resurrected ninjas. He also sends Black Zetsu to capture the Lords of the ninja nations, in order to keep their powerful bodyguards away from the battlefield.

When Naruto learns about the war, he breaks away with Killer Bee and Zetsu informs Tobi of their move. Tobi then enters the fray and summons the Demonic Statue of the Outer Path to deal with the coalition, while he steals two magic gourds in which two undead ninjas wielding Kurama's chakra have been sealed.

It appears that the clash between the two armies was only the first step of Tobi's strategy. Indeed, during the night, the remaining Zetsu clones use the chakra they absorbed from their opponents to transform into perfect doubles of them, going undetected and decimating the forces of the coalition from the inside, starting with the medic ninjas.

Knowing from Kisame's report that Naruto can now sense evil intent (the only way to unmask a transformed Zetsu) he counts on this to bring him out of hiding. Even worse, he created his own version of Nagato's Six Paths of Pain; using the reanimated corpses of six former jinchurikis and granting them their Path's respective Rinnegan power and the Sharingan, and sealing their Tailed Beasts back within them.

The following day, the real Madara Uchiha is revealed to be part of Akatsuki's undead warriors. As Madara engages a battle against the five Kage, Sasuke joins forces with an undead but independant Itachi to defeat Kabuto and lift his resurrection spell. Meanwhile, Naruto and Killer Bee challenge Tobi to a fight to the finish.

Tobi uses his Six Paths of Pain's Tailed Beasts' powers, combined vision and ability to anticipate their foes' movements to gain the upper-hand. Killer Bee turns into Gyuki and levels the forest to knock out the jinchurikis and seal them, but Tobi counters him by transforming the jinchurikis into their Tailed Beasts. He then hides underground and nearly captures Naruto, only to be driven away by Kakashi Hatake and his fellow master ninja Might Guy.

Tobi has Son Goku, the Four-Tailed Demon Gorilla, swallow Naruto but the boy manages to get in contact with the demon and escapes. Naruto attempts to remove the stake used to control the Four-Tails but Tobi had rigged it with energy chains to bind him. Still, Naruto left one clone inside the demon's mouth to remove the stake from the inside, but Tobi merely seals back the freed demon into the Statue of the Outer Path. Tobi then unleashes the five other Tailed Beasts, but Naruto defeats them thanks to Kurama's power, forcing Tobi to seal them back.

After Kabuto's resurrection spell is lifted, Tobi makes the Statue swallow Gyuki's tentacle and the jar containing Kurama's chakra, to revive the Ten-Tailed Beast. He seals the Statue behind a force-field and holds his own against his four enemies without trouble. However, Kakashi discovers that he and Tobi both master the Sharingan-based spell Kamui, hinting his true identity. As Tobi attempts to talk them down, playing on Kakashi's regrets, Naruto attacks him replete with Kurama's power and forces him to warp himself into his dimensional void, where a clone of Naruto (warped there by Kakashi) manages to shatter his mask.

Right after Kakashi and Guy recognize Tobi as Obito Uchiha, Madara (who just trounced the Kage) barges in. Tobi attacks Kakashi, who is too guilt-ridden to even react, while refusing to explain his reasons and harshly insulting him. Disgusted, Naruto sends one of his clone protect his teacher, renewing Kakashi's resolve. Naruto and Killer Bee then attempt to obliterate the Demonic Statue of the Outer Path but too late, the Ten-Tailed Beast is reborn.

As Obito and Madara take control of the Ten-Tails, which brushes off the heroes' attacks, the Ninja Coalition barges in and traps the demon into a pit to attack the rogue Uchihas… in vain. The Ten-Tails reaches its second stage of evolution and escapes the pit, before launching Spheres of Destruction to obliterate random locations across the world, including the Coalition's Headquarters and the Intelligence Squad within. Madara suggests ending it once and for all but Tobi silences him, reminding him that he needs his cooperation to accomplish his plan (while voicing his disgust at the fact that he must sacrifice himself to revive his mentor).

Having recognized his younger self in Naruto, Obito becomes determined to prove his point and uses the Ten Tails' power to unleash an onslaught of wooden stakes on the Coalition, causing many casualties including Neji Hyuga, one of Naruto's close friends who sacrificed his life to protect him.

Obito harshly lectures Naruto and succeeds in breaking his spirit for a while, until Neji's cousin Hinata and Kurama put the boy back in track, stating that his life is connected to those who bet their ones on his ideals. Naruto then uses Kurama's might to empower each ninja of the Coalition, and they land a collective blow on the Ten-Tails.

Obito and Kakashi settle their score in the Kamui dimension. Kakashi cannot bring himself to kill his former best friend and keeps appealing to him, only for Obito to reassert how much he hates this world that makes everything hollow, proving his point with illusions. Stabbed through the heart by Kakashi, Tobi flees back to the battlefield. (It is explained later that he let himself get stabbed to break a seal by Madara's, barring him from absorbing the Ten-

Tails.)

Madara uses chakra receivers he hid in Obito's vegetal half to force him to resurrect him, but Obito saw him coming and instead casts a spell to seal the Ten-Tails in him. The undead Hokage attempt to seal him but he effortlessly breaks through their barrier. As the experience nearly shattered Obito's mind, The protagonists attempt to defeat him before he can regain control, but his power proves too overwhelming and soon the metamorphosis is complete.

Working carefully with the undead Hokages, Sasuke and Naruto strike Obito by combining their mightiest attacks, in vain. Naruto then discovers that natural energy can harm Obito. The Second Hokage teleports Naruto near Tobi and the boy wounds his foe with a nature-powered Rasengan attack. Incensed, Obito traps the entire Coalition in a force-field and prepares to obliterate them with giant Spheres of Destruction, but Naruto and Kurama reach the half of Kurama's power sealed within his father and uses it to reactivate the power boost he granted to the Coalition's ninjas tenfold; before using his father's power to teleport them out of the force-field.

The four undead Hokage attempt to seal Obito, but he effortlessly breaks through their barrier and blasts them apart. The protagonists do their best to defeat him before he can reach full control of the demon, but his power proves too overwhelming and soon the metamorphosis is complete.

Unimpressed, Obito returns the Ten-Tails to its original form: the divine God Tree from which the world was born. As soon as the God Tree's flower blooms, Obito will be able to rewrite reality as he pleases, meaning that he must be defeated before it happens.

The God Tree kills many ninjas by draining their chakra but the Coalition still attempts to destroy it, prompting Obito to turn the tree's roots into dragons to fight them. Meanwhile, Naruto combines Kurama's power with natural energy while Sasuke combines his Susanoo technique with Jugo's natural energy to strike Obito, who shrugs them off. He prepares to destroy them with a gigantic sword of black chakra, but Naruto and Sasuke strike him with their mightiest attacks combined, backed up by their friends.

With help from the entire Coalition, they succeed in extracting the seven Tailed Beasts from Tobi's body, breaking his power. In the process, Naruto reaches Obito's mind and memories and tells him that rejecting the world means betraying Rin's expectations, and that he should stop fleeing from his former self. Despite wondering what he could have become had he not came back to Madara, Obito refuses to hold back and ends up defeated.

Kakashi emerges from the Kamui dimension and prepares to finish Tobi off, but Minato stays his hand. It is only when his former master and former best friend reach to him, stating that he helped them envision a better future that Obito finally reconciles with his former self. Musing about Naruto's resolve being stronger than his own, he prepares to sacrifice his life to resurrect all the victims of the war.

Alas, things turn from the worst when Black Zetsu is revealed to have faked his death upon Madara's order. Zetsu possesses Obito and forces him to resurrect Madara, before using his dying body as shell to fight Minato and Kakashi. Gaara and Sakura bring a Naruto on the verge of death, since Madara ripped Kurama out of him, to Minato, so that the other half of Kurama's power could be transferred into him. However, Black Zetsu steals Kurama's Power before Obito manages to subdue him.

Final Redemption " *You'll probably have to suffer again from now on… but don't change, keep going your way. You told me that you never change your words… that's your ninja way. Right? Naruto, become Hokage… at all costs.* „ ~ Obito's last words to Naruto.

Madara, now the new jinchuriki of the Ten-Tails, attempts to talk Obito back into his side. When Obito asks what he is to Madara, he tells him that he has always been one thing to him; that he is Madara Uchiha, he who rejects this world and strives to achieve the Infinite Tsukuyomi. Obito then approaches to him, only to feign his acceptance and steals a part of the nine Tailed Beasts' power from Madara, before prying his Monk-staff off him. With Kakashi's help, Obito sends Naruto and Sakura into the Kamui dimension before jumping there himself, while Might Guy sacrifices all his life-force to drive Madara into a corner.

Obito saves Naruto's life by transferring the half of Kurama's power along with a part of the other Tailed Beasts' into him. Later, Naruto and Sasuke, who gained divine powers from the Sage of the Six Paths' spirit, almost defeat Madara, forcing him to steal Kakashi's Sharingan to enter the Kamui dimension. Obito asks Sakura to destroy his Rinnegan, but Madara arrives before she can do so. Obito saves Sakura from Madara's attack, but he can no longer hold Black Zetsu, and Madara uses both Rinnegan to cast the Infinite Tsukuyomi, leaving Obito for dead.

With the entire world, save from Naruto's team (who are protected by Sasuke's Susanoo) and the undead Hokage, under his control and absorbed into the God Tree, Madara prepares to finish his foes off, but he is betrayed by Black Zetsu, who reveals that the Uchihas and the entire Ninja World were his pawns for millennia to resurrect Kaguya Otsutsuki, the goddess of the ancient world. Kaguya then uses Madara's body as a vessel and drags the protagonists into another dimension to kill them.

As Naruto and Sasuke are holding their own against her, Kaguya ends up banishing Sasuke into a desert dimension, as they need to unite their power to defeat her. Meanwhile, Obito (who was revived by Naruto earlier and regained his two Sharingans) and Sakura manage to enter Kaguya's dimensional plane and use Obito's dimensional power to rescue Sasuke.

After everyone returns to the dimension where Naruto is battling Kaguya, she paralyzes Naruto and Sasuke by increasing gravity before firing deadly projectiles at them. However, Kakashi and Obito shield them with their bodies and Obito vanishes the projectile threatening Kakashi, sacrificing his life in the process. Obito slowly crumbles into dust, indifferent to Black Zetsu's taunts, stating that such fate is a fitting punishment for his crimes. Before dying, he thanks Naruto for redeeming him and encourages him to succeed in the battle and in his dream of becoming Hokage. Before passing on, Obito uses Kamui to somehow contact Kakashi's spirit and grant him both of his eyes, and the immense power that goes with it.

When I was done everyone was shocked and horrified!

Lina: He was responsible for all that!?

Missy: He was worse than Pure Evil! He was THE DEVIL PERSONIFIED!

Nicole Chan: What a monster!

Eli: And thank goodness we made sure he was Super Hakaied for good.

Erica: What exactly was Obito's plan?

Me: His plan was to capture all 9 of the Jinchuriki and they were Gaara of the Sand - The 1-Tail Jinchuriki, Yugito Nii of the Cloud - The 2-Tails Jinchuiki, Yagura the 4th Mizukage of the Mist - the 3-Tails Jinchuriki, Roshi of the Lava Style from the Hidden Rock - The 4-Tails Jinchuriki, Han of the Steam from the Hidden Rock - The 5-Tails Jinchuriki, Utakata of the Mist - the 6-Tails Jinchuriki, Fu of the Hidden Waterfall - The 7-Tails Jinchuriki, Killer B of the Cloud - The 8-Tails Jinchuriki and Naruto of the Leaf - The 9-Tails Jinchuriki. He was going to extract their tailed beasts and merge them all back together into their original form: The 10-Tailed Beast - the Shinju. He was going to become its Jinchuriki and project the 10-Tails Eye onto the Moon and cast an Eternal Super Genjutsu onto the planet called Infinite Tsukoyomi. But he didn't know that this would result in a nasty price. It would cause the entire planet to destabilize and would cause the planet to explode. As you can see that is what happened.

Nicole Chan: That is awful!

Maria: What he did was terrible!

Lina: What a monster! Now I see why you hate those Evil Sasuke's so much minus the Sasuke that we know.

Eli: Yeah.

Maria: By the way, J.D., you should consider having another one of us go on another set of Ambassador Missions.

Me: Noted.

Eli: Wait I sense sighs of light. They are coming from that big asteroid there.

Eli pointed to a big asteroid that was drifting into the voids of space and a light was coming from it.

Me: Lets go check it out.

We went over to it and we got closer and closer and the asteroid was huge and as we got closer we heard what sounded like crying.

Ellie Singh: Is that crying?

We went into the asteroid and we then we saw 2 girls. One had blond hair with red highlights and the other had neon blue hair and their clothes were torn up bad from the fight that went on before the planet was destroyed.

Me: Are you girls okay?

They saw us.

Mikura: More survivors?

Me: We're from Earth but one that is not destroyed. I'm J.D. Knudson, Leader of Team Loud Phoenix Storm and these are my friends.

Everyone introduced themselves.

Kiyomi: Pleasure to meet you all. My name is Kiyomi Uzumaki

Namikaze.

Mikura: And I'm Mikura Haruno.

Me: Pleasure to meet you.

Maria: I just want to say that we have friends that share your last names.

Me: And they are Naruto Uzumaki Namikaze who is my adopted little brother and Sakura Haruno is one of his many future wives.

Mikura: Sakura Haruno is my cousin.

Kiyomi: And Naruto is my twin brother.

Me: Then that means you are my adopted little sister too.

Kiyomi then hugged me and she cried into my chest hard.

Me: Kiyomi I'm sorry this happened.

Nicole Chan: This was not your fault.

We told them everything about what our Earth is like and how we can give them a new home on our planet Earth and in the Hidden Leaf.

Maria: Okay. Let's get the fuck out of here before someone unfriendly shows up.

Me: Right.

We flew out and then we saw a figure and it was YAKUMO'S IDO MONSTER!

---

Born with a weak body, she was unable to perform the physical activities required of a ninja. Worried about this development, her father petitioned the Third Hokage to grant Yakumo a special tutor to allow her to become a proper ninja. This tutor was Kurenai Yūhi, who was a genjutsu user like Yakumo. Inspired by the example of

Rock Lee, who was unable to use ninjutsu or genjutsu, and his relationship with his sensei Might Guy, Yakumo believed she could become a ninja through simply concentrating upon her genjutsu skills.

But Kurenai lacked Guy's optimism and felt that she was unable to train Yakumo in this regard. She eventually refused to train Yakumo, instructing her to seek another path in life. But Yakumo's refusal forced Kurenai to later seal up the young girl's powers. This was done on the order of the Third Hokage, as he had been made aware of the Ido (イド, id), a sentient and malicious personality within Yakumo's mind, which had been generated from the id part of her psyche. This personality could control her and use her incredible powers for destructive means - with the destruction of Konohagakure foremost in its mind. However, the monster overcame the seal, and cast the illusion of a fire engulfing the Kurama clan's household, which killed Yakumo's parents. Yakumo, however, believed that the fire was started on the order of the Third Hokage, having overheard a conversation that she believed indicated that the Third Hokage was planning to kill her if she became too much of a threat.

* * *

Me: Yakumo's Ido Monster!

Kiyomi: Oh no!

Yakumo: Not this monster again! I thought we were rid of you for good!

Ido: You will never be rid of me completely. I am you.

Yakumo: You're a demon that I gave up a long time ago.

Erica: I've read about Ido Monsters. They are terrifying and they remind me of a movie I saw with my dad. Forbidden Planet.

Me: That's one of my favorites.

Suddenly a blast of Rainbow Energy fired from out of nowhere and it hit the Ido Monster and exploded with incredible power!

KRABBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

We saw a Rainbow Dragon and Lumina, Lightsworn Summoner!

Me: WHOA! Lumina, Lightsworn Summoner and Rainbow Dragon!

Lumina: Looks like we got here just in time.

Rainbow Dragon: (In a girls voice) (British Accent) But it's good to meet you J.D.

Me: You're a Rainbow Dragon Gene-Slammer!

Rainbow Dragon: That is right. My name is Catherine Lancaster.

Me: Pleasure to meet you both.

Maria: We really could use the help.

Rainbow Dragon: Looks like we got here just in time.

Nicole Chan: You sure did.

Erica: How did this monster get put into Yakumo?

Me: It wasn't put into her. It was born with her. In 150,000 years, Yakumo wanted to be a great Genjutsu User. But because of her frailty she couldn't keep up with all the ninjas of her age physically. Yakumo is from a clan where they specialize in Genjutsu. But every so often there is a member of the clan where they have Genjutsu Abilities that are so powerful that it can literally cause physical damage.

Everyone was amazed!

Eli: Wow!

Missy: Incredible!

Erica: Wow! I didn't know Yakumo's clan had this kind of power.

Me: Yep. Yakumo is the holder of that power. But in 150,000 years, I learned an incredibly dark secret about Yakumo. Yakumo's uncle

Unkai Kurama told us himself.

---

Unkai: We wanted to find out what caused the tragedy. So we ordered a complete medical examination on Yakumo.

A flashback showed Yakumo hooked up to all kinds of brain scan machines and the results revealed a horrific sight.

Unkai: (Narrating) They arrived at the conclusion that the creature which appeared at the fire came from Yakumo's deep subconscious. In other words it was a manifestation of her Ido.

A ghostly vicious figure appeared on the screen and the medics were horrified.

The flashback ended.

Me: An Ido Monster? I've read about those. They are the monsters from the deepest parts of the Human Subconscious and they are the living embodiment of our evil desires.

Unkai: That's right. I immediately went to Lord Third here and asked for guidance.

Another flashback showed Unkai in Lord Third's office.

Unkai: Ultimately the girl was unable to endure the physical expectations that the village placed on her and soon her subconscious cracked under the pressure. To protect itself it released her pent up fury. Sir, we do not believe that Yakumo's Ido Monster is finished. It will keep going until the whole Kurama Clan is decimated and then the entire Hidden Leaf Village.

Lord Third: I understand the risk. But I refuse to authorize any violence. Yakumo isn't even aware that this evil power exists inside of her and this village does not take innocent life.

Unkai: But Lord Hokage once her subconscious completely awakens there will be nothing we can do to stop it.

Lord Third: In that case we'll have to work with Yakumo until she can learn to control the power by herself. And if that's not possible then we'll have to seal her genjutsu.

Unkai: How can we?

Lord Third: It's slightly different but there has been one precident. In a similar situation the spirit of the 9-Tailed Fox was sealed away inside the body of a newborn.

Unkai: That's absurd. There isn't a ninja alive strong enough to seal away the immense power that Yakumo possesses.

Lord Third: Actually there might be one person I know of that fits the bill. However the mission will be brutal. I pray that this person can teach Yakumo how to control it. I pray that this person will bear Yakumo's resentment. And if that's not possible, we will erase all the good Yakumo could have accomplished in her life and attempting to end the lineage of the Kurama Clan's powers.

The 3rd Hokage wept when this was gonna happen.

The Flashback ended.

Unkai: Then Lord Third lowered his head and wept.

FLASHBACK ENDS

Me: I found out that Kurenai Yuhi was Yakumo's teacher and it was a brutal mission for her.

Everyone was shocked!

Nicole Chan: That is intense!

Mikura: Yeah it was.

Yakumo: And I'm not going to let this monster hurt me or anyone else ever again.

Suddenly, Yakumo's light brown eyes turned neon light brown, and she was surrounded by an orange energy aura with dark fire and illusions, she unholstered her massive Defender of The Hidden Leaf Village sword from her back, and as she approached her Ido Monster, she left orange energy, dark flames, and illusions with every step. Then, Yakumo was surrounded by an orange energy aura with dark fire surrounding it, there were illusions flying around the vortex, and inside the vortex was a purple phoenix. Then, as the vortex and illusions faded, Yakumo emerged, but she was changed forever.

(IMPERATRIX MUNDI PLAYS AT 1:45 TO 2:14)

Yakumo grew to 6'0" in height, she had the body of a goddess, she has violet highlights in the bangs of her long brown hair, she has neon light brown eyes and an orange energy aura with dark fire and illusions surrounding her, she has a demon with the Illusion Kanji emblazoned on her forehead, she has on demon earrings with the Illusion Kanji in its claws and a necklace with a demon holding the Illusion Kanji in its claws for the pendant, she has on a sleeveless violet blouse with orange phoenix on it, light purple blouse with dark flames on it, black high heels, and a violet sleeveless trenchcoat with dark flames and illusions on the coattails and a demon on the back of the trenchcoat. The massive, wide, double-edged blade of her Defender of the Hidden Leaf Village grew to 6'5" in length and the long black handle grew a little longer, Yakumo has large violet angel wings with orange tips on the large violet feathers, her new Bracelets of The Champions of The Universe with violet gems on her wrists, Belt of Elemental Bravery with large violet gem for belt buckle on her waist, and Eater of Sins revolver holstered on her left hip. There's an orange kanji on the back below the demon that said, "Yakumo Kurama, Last Surviving Member and Heiress of The Kurama Clan, Student of Kurenai Yūhi, Slayer of the Ido Monster, One of Many Future Wives of Naruto Uzumaki, Member of The Hidden Leaf Village and Team Loud Phoenix Storm, Slayer of Evil, and Master of Dark Fire and Illusions."

倉間八雲、最後の生き残ったメンバーであり、倉間藩の相続人、紅ユウヒの学生、イドモンスターの殺し屋、うずまきナルトの多くの将来の妻の一人、木ノ葉隠れの村とチームラウドフェニックスストームのメンバー、悪の殺し屋、そしてダークファイアとイリュージョンのマスター

Yakumo has transformed into SUPER ANGEL 750,000,000,000 DARK FIRESTORM DEMONIC ILLUSION ANGEL OF JUSTICE AND HOPE!

We were amazed by Yakumo's Super Angel 750,000,000,000 transformation, but when her Ido Monster saw it, it fell into a demonic rage.

Me: WHOA! Yakumo Transformed!

Nicole Chan: Awesome!

Yakumo: (Divine Echoing Cosmic Voice of Illusions and Hope) **Now to make sure that this monster for good!**

She fired a massive blast of fire and burned the Ido Monster all over the place.

Then she blasted the Ido into oblivion and destroyed it forever. Then I put on my blind man glasses and Eli and Syrus covered their eyes and I snapped my fingers and Catherine and Carolyn were reverting back.

Carolyn: (regains her hair) Sorry that you came to a destroyed world.

Catherine: It's all right. (Hands revert back) But it'll be good to be human again.

They were back to normal and Maria gave them new clothes and they put them on.

Catherine: These clothes are amazing.

Nicole Chan: They sure are cool.

Maria: I help make them for situations like this.

Eli: It sure is amazing though.

Me: And cue Catherine in pain in 3… 2… 1…

Catherine: (holds head in pain) At least no perverts are around here!

Maria: Don't worry we checked.

Simone: But reign in the power of Rainbow Dragon with the strength of your will. We did it and so can you.

Catherine concentrated and then she glowed in a rainbow aura and she was fully engrafted and she had Rainbow Angel Wings as a result!

Catherine: Amazing! Wow!

Nicole Chan: (To me) You're getting good at figuring out when that will happen.

Me: After Simone experienced it the first time when we reverted her back I was able to figure it out from there.

Eli: Yep.

Me: Lets head home.

We went back to Our Earth and got Kiyomi and Mikura settled in and Catherine was gonna make a great member of the team.

After dealing with Yakumo's Ido Monster this time for good, Lincoln, his siblings, Me, Allie Wilde, Nico, Eli, Nicole, Naruto, Sasuke, Sakura, Kabuto, Ino, Shikamaru, Choji, Kakashi, Lee, Neji, Hinata, Fu, Itachi, Jiraiya, Kaguya Otsutsuki, Tayuya, Kin Tsuchi, Kimimaro, Lady Tsunade, and Flash were heading to the planet Cholganna, and not only is Lincoln going to rescue the sixteen girls there, but we got word that Orochimaru has returned from the dead again, and he's back for more.

Lincoln: Whoa, we're on the planet Cholganna.

Me: Wow! So this is the planet Cholganna. It's a forested planet.

Lincoln: Yep and I think I know what we're going to do here, not only am I going to rescue the sixteen girls there, but we got word that Orochimaru has returned from the dead once again, and he's back for more.

Me: That's right, big guy.

Nico: Orochimaru is back!? I thought he was dead.

Lori: I literally can't believe that Orochimaru has returned from the dead again. Haven't we dealt with him more than once already?

Flash: That snake just doesn't even know when to quit.

Lynn Loud: You got that right, Flash. Orochimaru just doesn't know when to accept defeat, but, this time, he's going to suffer the same fate as Yami Marik and Death Adder, right, Lincoln?

Lincoln: Right, Lynn, and Lady Tsunade's also going to transform, and let her former so-called teammate have it.

Jiraiya: This will be the last time we finally deal with Orochimaru and his crazed ambitions.

Me: Right, Master Jiraiya.

Allie Wilde: Who is Orochimaru?

Me: Right you haven't heard about him. He was one of the Hidden Leaf's most well renowned shinobi.

I went over his history.

---

**Orochimaru** (in Japanese: 大蛇丸, *Orochimaru* ) is one of the main characters in the *Naruto* franchise. He started off as the main antagonist in Part I of the manga and anime series *Naruto*, then later as a major antagonist in Part II of *Naruto Shippuden* . He is one of the three legendary Sannin of Konoha that trained under Hiruzen Saratobi, alongside his former friends, Jiraiya and Tsunade.

Ever since the Second Shinobi World War, Orochimaru became fascinated with the idea of learning all jutsu around the world. In order to accomplish this goal, he began to conduct illegal experiments that involved experimenting with the corpse of deceased people, as a mean of cheating death. When his secrets were discovered, Orochimaru abandoned Konoha and was branded as both a criminal and a traitor.

Orochimaru would eventually return to Konoha and plot revenge against the village. Since then, his influence still affected the events leading to the Fourth Shinobi World War. By the end of Part II, Orochimaru saw how flawed his goals were and gave up his previous villainous ambitions, becoming an anti-hero throughout the New Era.

He was voiced by Kujira in Japanese and by Steve Blum in English, the latter also voicing Zabuza Momochi.

Orochimaru was originally an orphan who became a pupil of Hiruzen Sarutobi, the Third Hokage, alongside Jiraiya and Tsunade. Compared to the more laid back Jiraiya, Orochimaru stood out as a prodigy found once in a generation. However, Orochimaru has a twisted and sadistic personality that may have been due to the death of his parents. At some point after losing them, Orochimaru found a white snake near his parents' grave and Hiruzen explained how it represented fortune and rebirth inspiring Orochimaru to obtain knowledge of all forms of ninjutsu. This desire was initially suppressed by his loyalty to Konoha and nobleness and he devoted himself as Konoha Shinobi fully; although he still started researching, it was known for having been solely for the sake of Konoha and his village benefited from it.

During the Second Shiniobi World War, Orochimaru joined Jiraiya and Tsunade in fighting Hanzo, who gave them the title of Konoha's Legendary Sannin for surviving their battle with him while the rest of their group were easily slaughtered in the process. On the way back to Konoha with his team, Orochimaru met Nagatoand his friends who were orphans in the Land of Rain. While Orochimaru suggested killing the orphans in an act of mercy, Jiraiya stayed to train the children. It was also during this war that Orochimaru succumbed to darkness as he watched Tsunade's precious ones die, due to Orochimaru holding a certain fondness for her. First was Nawaki's death. Having had high expectations of the boy, a distraught Orochimaru retrieved his necklace and gave it to Tsunade and he also criticized her for not being there to heal him. The last straw was Dan's, Tsunade's lover, death. As Orochimaru was searching for Tsunade's platoon, he found Dan dead and the broken Tsunade crying devastatingly, causing him to once again feel emotional disturbance and pain. This was the last straw and Orochimaru steadily fell to darkness.

Some time after Team Hiruzen was disbanded, Orochimaru became an ANBU member and joined Root to work directly under Danzō Shimurawhile becoming a mentor to Anko Mitarashi. It was during that time that Orochimaru met Kabuto Yakushi while accompanying Danzō in forcing the boy's guardian Nonō into a mission.

While Orochimaru's ambitions did include becoming the Fourth Hokage, he intended to use the title for his own agenda. Though Hiruzen knew the potential evil his former pupil had in him, he hoped to stir Orochimaru from the path before slowly realizing that Orochimaru is beyond anyone's help.

Sent on a mission by Danzo to ensure both Kabuto and Nonō, the former joining Root as a spy, kill each other as they have become major risks. Orochimaru instead spirited Kabuto to one of his many hideouts, what would become part of his personal hidden village Otogakure.

Though Orochimaru reveals Root's intention for him to be dead, he explains to a horrified Kabuto that he sees a bit of himself in the boy and sees killing him to be a waste of great talent. Therefore, Orochimaru offers Kabuto a position as his right hand and spy with the promise of an identity for Kabuto to call his own.

While working for Root, Orochimaru began an experiment to infuse Hashirama's DNA into a person, an early experiment in his attempt to gain the Sage's powers. However, he thought the experiment was a failure when all 60 babies he implanted with Hashirama's genetic code seemingly died (though there was an only survivor who became the ANBU known as Yamato). With Kabuto's assistance, he performed various experiments on his prisoners, some being fellow Konoha shinobi he kidnapped.

He uses them as human guinea pigs to develop techniques that would grant him immortality, the end result being the Transference Ritual where Orochimaru transfers his being into a host body every few years, allowing him to cheat death. Some time after, Orochimaru was at the outskirts of Kirigakure as he found Kimimaro, the sole survivor of the Kaguya Clan. Soon after, thanks in part to Kimimaro, Orochimaru's research on the source of Jūgo's powers led to him into finding Ryūchi Cave and mastering Sage Jutsu. Unable to use it because of the fragility of his host body, Orochimaru instead developed an alternate method through the Curse Marks, testing it on Anko and his other students before using the finalized versions on Kimimaro and the Sound Four.

When Hiruzen finally retired and named Minato Namikaze his successor, Orochimaru saw no more reason to remain in Konoha and began to be less discreet with his actions. This led to his experimentation on the cultivation of Hashirama Senju's DNA with sixty children he kidnapped to recreate the First Hokage's Wood Style. However, as his test subjects begin to die off, Orochimaru was found red-handed by Hiruzen who knew it was his duty to kill him yet lacked the will to do so. Leaving Konoha and his emotionally broken mentor and despite Jiraiya's pleas for him to reconsider falling on deaf ears, Orochimaru left; unaware that Yamato survived his experiment.

Orochimaru soon joined the elite criminal organization Akatsuki, his role unclear but was partnered with Sasori whom he did much good for the Akatsuki with. However, when Itachi Uchiha joined the Akatsuki after conducting the Uchiha clan massacre, Orochimaru saw his opportunity to steal his body to gain possession of the Sharingan. Itachi used his Sharingan to reverse it while cutting Orchimaru's left hand off to prevent him from breaking the genjutsu, causing him to leave the Akatsuki to acquire a new body.

Since then, with Kabuto posing as a sleeper agent that an infuriated Sasori sent to keep tabs on him, Orochimaru become an independent rogue ninja using the Hidden Sound Village to continue his experiments to achieve true immortality.

Eventually, when the chance to attack Konoha presented itself, Orochimaru forms a partnership with the Fourth Kazekage of

Sunagakure, who desired Konoha's destruction, planned their invasion during the Chunin Exams. Orochimaru also used the invasion as an opportunity to test Sasuke Uchiha, Itachi's younger brother, if he can be of used as a vessel.

During the second part of the Chūnin Exams, Orochimaru murdered a team of Kusagakure genin to impersonate its leader Shiore and infiltrate the Forest of Death. During a resulting confrontation with Team 7, Orochimaru expressed pride in Sasuke's abilities after he managed to partially burn off his disguise. Orochimaru sealed Naruto's Nine-Tails chakra before branding Sasuke, his intended target, with a Cursed Mark.

As he sends Team Dosu as sacrificial lambs to test Sasuke, having Kabuto accompany Team 7 to witness Sasuke use the curse seal's power, Orochimaru is confronted by Anko as he tells her that the Konoha will continue the exams under threat of his retaliation.

During the preliminary rounds of the Chunin Exams, Orochimaru disguised himself as the leader of his genin team to watch Sasuke's performance against Yoroi Akadō and became more obsessive upon seeing Sasuke suppress the Cursed Mark with sheer will. After Kakashi was able to seal away the mark on Sasuke, Orochimaru confronted him and made no attempt to hide his envy of Kakashi's Sharingan before leaving while adding that Sasuke will eventually come to him seeking power.

Eventually, on the day of the final round matches, with all attack preparations complete, Orochimaru murdered the Fourth Kazekage and assumed his identity to sit next to Hiruzen to oversee the proceedings. When the invasion of Konoha began, Orochimaru made his move and attacked Hiruzen. Orochimaru has the Sound Four erect a barrier to hold the other Konoha ninja back to prevent any interference.

Orochimaru, exhilarated that he could finally fight his former teacher and Hiruzen intending to redeem himself for letting Orochimaru free; Orochimaru used the Reanimation Jutsu to summon Hashirama Senju and his brother, the Second Hokage Tobirama, to attack their successor. During the fight, his opponent summoning Enma to his aid, Orochimaru reveals to Hiruzen the fruits of his labor in achieving immortality by revealing the host body he took after his brush-in with Itachi and his intention to make Sasuke into his next host.

Horrified on how far Orochimaru has truly went and with both his age and the regenerative abilities of the two first Hokage placing him in a grand disadvantage, Hiruzen resolves to stop Orochimaru with the Reaper Death Seal, sealing away the souls of the two Hokage prior to going after Orochimaru himself. However, Orochimaru stabbed Hiruzen through the back of the chest with his Kusanagi. Hiruzen weakened, Orochimaru is horrified when his mentor resolves to only seal the part of Orochimaru's soul within his arms so Orochimaru could make any more seals. Cursing the dying Hiruzen for robbing him of his use of ninjutsu, Orochimaru is carried off by the Sound Four with the invasion halted. Afterwards, Sunagakure broke ties with Orochimaru upon discovering the corpse of the Fourth Kazekage.

After barely being able to stand the pain from his rotting arms, Orochimaru plans to have his condition healed by appealing Tsunade with the offer to reincarnate her brother Nawaki and lover Dan to win her cooperation. However, though she seemed to have agreed, Tsunade had actually intended to kill him to ensure he never attacks Konoha again.

Kabuto intervened before she could do so, intending to force her to help before Jiraiya, Shizune and Naruto soon arrived to her aid. After seeing Naruto defeat Kabuto, Orochimaru's attempt on the boy's life is stopped by Tsunade and Orochimaru summons Manda with Kabuto's help, hiding his condition from the giant serpent who would have turned on Orochimaru for being injured. Jiraiya and Tsunade response with their own summons and an epic battle ensues.

Forced to fall back, though hoping to go after him when he was older, Orochimaru decides to just take a new host body and sends the Sound Four to retrieve Sasuke. Due to complications as the Leaf Village attempted to recover Sasuke, despite Kimimaro going to aid the Sound Four, Orochimari is forced to take the body of a experimental prisoner named Gen'yūmaru. As he is stuck in Gen'yūmaru's body for the next three years, Orochimaru decided to start training Sasuke once he finally arrived, hoping to shape him into the ideal host, while being highly impressed and excited by the chakra that Sasuke revealed after retaliating against Kabuto's warning for being rude.

2.5 years later, Yamato-led Team Kakashi, hoping to find Sasuke, learned of an opportunity from a dying Sasori that he was meeting with Kabuto. Posing as Sasori within his Hiruko puppet, the group's temporary leader Yamato meets with Kabuto while the others watch. However, Orochimaru arrives as Kabuto destroys the Hiruko, Orochimaru clarifying to a confused Kabuto that Sasori never came as the rest of Team Kakashi reveal themselves to fight the two ninja. Although he was surprised to see Yamato has survived his experiments involving Hashirama's DNA, Orochimaru was more interested to see if Naruto has become as strong as "his Sasuke". As Naruto assumes his three-tailed form in response, Orochimaru is able to elude Naruto, finding the battle extremely enjoyable while provoking Naruto further.

It was only after Naruto submitted to Kurama's influence and entered his mindless four-tailed form, Orochimaru took the fight more seriously due to both Naruto now able to kill him and his host body beginning to reject him after he used his Kusanagi to force Naruto. While he briefly recuperated, Orochimaru was approached by Sai, who made an offer on behalf of Danzo to work together in destroying Konoha. Intrigued, Orochimaru and Kabuto took him back to their base. Later, after the rest of Team Kakashi arrived at the lair and Sai teamed up with them, Orochimaru confronted Sai and Naruto to question Sai about his loyalties. He fled before he could be drawn into another fight, and later kept Sasuke from killing the team, noting that they might kill another Akatsuki member like they had done with Sasori.

Later, on the verge of being rejected by his current body, Orochimaru contemplated how best to take Sasuke's body. However, he hadn't truly planned on foul play from Sasuke, who no longer needs him. Though Sasuke used the Curse Mark to have the upper hand against his White Snake form, Orochimaru placed Sasuke into a genjutsu to enact the ritual. However, Sasuke uses Orochimaru's jutsu against him and ironically altered it so that Orochimaru would become a prisoner within Sasuke's body. As a result, Sasuke gained access to some of Orochimaru's abilities. However, he also had to dedicate some of his chakra to suppressing Orochimaru.

During his battle with Itachi, Sasuke ran out of chakra, and Orochimaru was able to emerge through his Eight-Headed Serpent Jutsu. Appearing out of one of the Serpent's mouths, Orochimaru's chance to take Sasuke's body is thwarted by Itachi using his Susanoo's Totsuka Blade and sealed Orochimaru inside his Susanoo's Gourd, which in turn freed Sasuke from the Curse mark.

When I was finished, Allie was shocked and horrified!

Allie Wilde: He is an absolute monster!

?: HELP!

Suddenly, Lincoln heard the sound of sixteen girls calling out for help. With his deep sapphire blue cyborg eyes and superhuman sight, along with sensing energy signals, he saw and heard where the call for help was coming from. He saw the sixteen girls, but they've been cornered by Orochimaru, and he's going to kill them.

Lincoln: Guys, I found the sixteen girls, but they've been cornered by Orochimaru, and he's going to kill them. Let's tear that snake to shreds.

We rushed on over, and Lincoln fired a powerful rainbow energy blast, which caused Orochimaru to dodge it. When he saw us here, he was definitely pissed off. But, we were also none too pleased to see him back from the dead as well.

Lady Tsunade: I've had it up to hear with you to last an eternity, Orochimaru.

Me: Same here.

I went up to him. I then transformed into my Super Angel-Ebonwu-Phoenix-Harmony Eternity Infinity Form.

Orochimaru then licked his lips with delight with that long tongue of his.

Orochimaru: Magnificent. With your body I will become a god and I will be invincible and truly immortal.

Me: (Divine Echoing Cosmic Elemental Voice) **I think not Orochimaru. Now it's time for you to pay for your crimes.**

Orochimaru: If you think you ca…

POW!

I went at him without warning and punched him in the stomach with devastating force and I kneed him in the face and kicked him in the face with devastating force. The sheer brute force of my power sent Orochimaru flying and he crashed into a rock and he got up and belched up a huge amount of blood.

Orochimaru: This can't be! He only had three punches that made contact!

I swooped in and punched Orochimaru in the face with devastating force and threw him into a rock. He got up and he couldn't believe that I was overwhelming him with incredible power and strength.

Me: **Your crimes against nature are completely unforgivable. You think you have the right to play God and turn all of the people who follow you into a bunch of fucked up mutant barbarian freaks of nature. But you are nothing more than a sad and fucked up megalomaniacal fuckpot that has absolutely no respect for the value of human life at all. You fucking disgust me!**

Orochimaru was enraged.

Me: **You're now about to see that I can be just as merciless to anyone. Including you. I'm far more powerful than you ever will be and I am now going to make sure that you never get your hands on anyone else. Including the power of the Uchiha.**

Orochimaru: A bold statement from a weakling leader!

Me: **Hmm. Yes and a "Weakling" was the only kind of person you can handle. I remember that you were there in the Forest of Death during the Chunin Exams to see if that fuckpot Sasuke was enough for you to handle. But all you've encountered was the source of your downfall. And to think that you would lay claim to all of your followers. You thought that you would bind them to you with the Curse Mark. You had no idea the kind of Evil that Sasuke had. He made even the Masters of Evil quake with fear. He wanted revenge so badly that he would do anything to get it. Even hurt the very village he called home and even the people that lived there. They all feared him. You wanted his body right? But what you really wanted was the Sharingan. But how to get it? Itachi was out of the question. So you came after Sasuke, the fucked up lunatic runt of the clan. Isn't that right? And they say that you are the genius out of the 3 Legendary Sannin. But it turns out you're just another lost soul of the run-of-the-mill ninja. And you know it. You're not even in the same league in the kind of power that I possess. I can destroy the entire universe in the mere blink of a cosmic eye. In fact, next to my kind of power and the power that Sasuke has, genius like yours looks pretty ordinary. The way you covet the power of the Uchiha, the way you fill yourself up with medicines and go leaping from body to body. It's downright fucking disgusting. As the most powerful fighter in the universe, all I see when I look at you is a fucked up miserable fuckweed and a pedophilic wretch. And on top of that I fucking hate your style you ruthless fuckkicker! What is it that you are hoping to accomplish? Scurrying from one hideout to the next, conducting your pathetic experiments, using up peoples lives one after the other, trying to unlock the mysteries of nature. You toy with peoples lives for the sake of this worthless, fucked up and disgusting, vain and ridiculous cause of yours. YOU FUCKING DISGUST ME!**

I went at him and kicked him in the face with devastating force and punched him in the stomach and sent him flying and I fired a massive blast of fire at him and it hit him in the chest and exploded.

KRABBBBBOOOOOOOOOOOOOOOOMMMMMM!

Orochimaru fired a powerful snake at me and I fired a blast of lightning at it and it went right through it and electrocuted Orochimaru all over and I kicked him in the face and stomach and punched him in the stomach and slashed him in the eyes with my sword and he screamed in excruciating pain and I punched him in the stomach and I teleported and kicked him in the back with devastating force and Orochimaru belched up a lot of blood and I fired a powerful blast of wind and cut off his arms and legs and I teleported and punched him in the chin with a devastating uppercut and sent him flying and I teleported again and dealt him a devastating spinning axe kick to his back and heard something snap. He screamed in pain and I teleported and flew at him with tremendous speed and kicked him in the stomach with devastating force and sent him crashing into the ground with incredible force.

He got up and he was mangled up.

Suddenly, we felt something inside Lady Tsunade's mind snap as memories of Orochimaru's crimes and lies came back, and her brown eyes turned neon brown, and she was surrounded by an orange energy aura with flames and lava, she unholstered her massive Defender of The Hidden Leaf Village sword from her back, and as she approached Orochimaru, she left orange energy, flames, and lava with every step.

Lady Tsunade: It's because of you that Dan is dead, along with Nawaki, and I was left with nothing but guilt and pain. You've toyed with the lives of so many innocent people and tortured so many in your sick experiments, their blood is on your hands, and I will make sure that you pay dearly for your crimes, and your twisted ambitions will be brought to an end here and now.

Then, Lady Tsunade screamed like a madwoman! Then…

KRABBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive explosion of fire, wood and lava exploded out as she was surrounded by a massive vortex of orange energy with flames and lava surrounding her, there was an orange phoenix flying around the vortex, and in the vortex is a purple phoenix. Then, as the vortex faded, Lady Tsunade emerged, but she was changed forever.

(IMPERATRIX MUNDI PLAYS AT 1:45 TO 2:14)

Lady Tsunade grew to 6'0" in height, she had the body of a goddess, she had orange highlights on the bangs of her long blonde hair, she has neon brown eyes and an orange energy aura with fire and lava surrounding her, she has a phoenix with the Lava Kanji in its claws emblazoned on her forehead, she has on phoenix earrings with the Lava Kanji in its claws and a necklace with a phoenix holding the Lava Kanji in its claws for the necklace, she has on a sleeveless white blouse with green phoenix on it and decorated with lava on it, green skirt with phoenixes on it, green pants, and green high heels, she has large blonde angel wings with orange tips on the large blonde feathers, and a long green sleeveless trenchcoat with lava and phoenixes on the coattails, and right on the back is a phoenix with lava and the Hidden Leaf Village symbol on it. The massive, wide, double-edged blade of her Defender of the Hidden Leaf Village grew to 6'5" in length and the long black handle grew a little longer, Lady Tsunade has on her new Bracelets of The Champions of The Universe with green gems on her wrists, Belt of Elemental Bravery with large green gem for the belt buckle on her waist, and her Eater of Sins revolver holstered on her right hip. There's an orange kanji below the phoenix that said, "Lady Tsunade Senju, Fifth Hokage of The Hidden Leaf Village, One of The Legendary Sannin of The Leaf, Granddaughter of Hashirama Senju the 1st Hokage, Master of The Strength of a Hundred Seal, Wood Release and Medicine, Destroyer of Orochimaru's Delusional Ambitions, Godmother of Naruto Uzumaki-Namikaze, Slayer of Evil, Amazing Member of Team Loud Phoenix Storm, and Master of Lava and Phoenixes."

綱手千手淑女、木ノ葉隠れの五影、千手柱間の伝説の三人の一人、千手柱間の孫娘、百手柱間の強さの達人、木遁忍術、大蛇丸の妄想の破壊者、名付け親うずまきナルト-波風、悪の殺し屋、チームラウドフェニックスストームの素晴らしいメンバー、そして溶岩とフェニックスのマスター

Lady Tsunade has transformed into SUPER ANGEL 750,000,000,000 VOLCANIC FIRESTORM PHOENIX ANGEL OF JUSTICE AND HOPE!

We were amazed by Lady Tsunade's Super Angel 750,000,000,000 transformation, but when Orochimaru saw it, he fell into a rage.

Me: **Whoa, Lady Tsunade, you've transformed.**

Nico: And her transformation has sent that snake Orochimaru into a rage.

Jiraiya: Wow! Tsunade you look awesome!

Lady Tsunade: (Divine Echoing Cosmic Voice of Fire and Volcanic Justice) **And now, it's time to put an end to you once and for all, Orochimaru.**

We unholstered our massive swords from our backs and transformed, and we all went at Orochimaru, and we fired powerful blasts of rainbow energy and colored energy blasts, and Lady Tsunade fired powerful blasts of orange energy, lava, and phoenixes made of fire and lava, and they exploded with incredible power as they all hit Orochimaru, and he was also burned badly. Then, Lincoln teleported behind Orochimaru, and he covered his hand in rainbow energy, and just like what I did to Kuyo, Lincoln grabbed Orochimaru by his neck and hoisted him up with his immense brute superhuman strength, and he'd sucked out all of Orochimaru's chakra and Jutsu. Then, he'd plunged his massive Sword of Taranis into Orochimaru's black heart, which he covered the massive blade in his poisonous blood, and Orochimaru disintegrated into dust and his spirit was destroyed for good.

We holstered our massive blades on our backs and power down, and Lady Tsunade's new body, clothes, weapons, and jewelry were permanent. Then, Lincoln and Nicole went up to the sixteen girls, and when Lincoln saw them, he recognized them immediately. The sixteen girls were Abriel Lafiel, Beneej Spoor, Atosuryua Loy, and Ekuryua Naurh from Banner of the Stars, Kirino Chiba, Tamaki Kawazoe, Satori Azuma, Sayako Kuwahara, Rin Suzuki, Akemi Asakawa, Karen Nishiyama, Konatsu Harada, Maya Yokoo, Mei Ogawa, Shinobu Toyama, and Ura Sakaki from Bamboo Blade.

Lincoln: Oh wow, it's Abriel Lafiel, Beneej Spoor, Atosuryua Loy, Ekuryua Naurh, Kirino Chiba, Tamaki Kawazoe, Satori Azuma, Sayako Kuwahara, Rin Suzuki, Akemi Asakawa, Karen Nishiyama, Konatsu Harada, Maya Yokoo, Mei Ogawa, Shinobu Toyama, and Ura Sakaki.

Nicole: From Banner of the Stars and Bamboo Blade, awesome.

Lincoln: Are you girls okay?

Abriel Lafiel: Yes, we're okay, thanks to you. At least, that snake is gone.

Then, when Abriel Lafiel and the other fifteen girls saw who it was that saved them from Orochimaru, their faces turned atomic red upon seeing the 16-year-old 7'0" tall, handsome, white-haired, bare-chested hunk with abnormally massive and powerful upper and lower body muscles, eight-pack abs, rainbow colored thunderbird with a gold lightning bolt emblazoned on his forehead, a golden lightning bolt cutie mark with the thunderbird and comic books right on his massive and wide right pec and it was surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature, Light, and Darkness in a circle, a Celtic Cross cutie mark tattoo in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon, surrounded by a circle were the marks of the other girls in Lincoln's harem, and on top is the Earth surrounded by the ring of mermaids on top, a deep sapphire blue kanji on his wider muscular back that said, "Lincoln Landon Loud, Champion and Emissary of Hinon, Master of Lightning Storms, The Weather, and the Thirteen Elemental Forces, Man With A Plan, Golden-Hearted Brother of 16 Siblings, and Golden-Hearted Lover, Father, Son, and Husband", and he had deep sapphire blue eyes.

He had his massive Sword of Taranis holstered on his wider and muscular back, his orange Crystal Saber holstered on his left hip and his Eater of Sins revolver holstered on his right hip, the Pisces constellation and Aquarius Zodiac sign on the back of his neck, large weighted orange bands on his massive biceps and thighs, his large Cuff Bracelets of The Champions of the Universe with large orange gems on his large wrists, massive and indestructible deep blue angel wings surging with powerful super lightning and the stars and blue nebulae reflecting on them, and he was dressed in an orange version of He Man 2002's loincloth with hanging silver lightning bolts and long orange trenchcoat coattails with hanging silver lightning bolts held up by his Belt of Elemental Bravery with large orange gem for the belt buckle on his waist, a pair of large blue pants with gold lightning bolts on the thighs, and large white leather combat boots with gold lightning bolts surrounded by a circle of smaller gold lightning bolts and armor on the toe area, silver Thunder Kanji earrings, a large silver Thunder Kanji necklace on his neck and across his permanently bare chest, large fingerless black gloves with the symbol of The Loud House on it, a large Orange Buffalo Animal Spirit Ring on his left ring finger, large Blue Lantern ring on his right ring finger, and he had eight large orange orbs orbiting around his legs.

Abriel Lafiel: Oh wow, you're Lincoln Loud of Team Loud Phoenix Storm.

Lincoln: That's right, and it's a pleasure to meet you all.

Then, Lincoln made fifteen clones of himself, and he and the fifteen clones of himself went up to the girls, and they picked them up and hugged them in their abnormally massive and powerful muscular arms, and kissed them on the lips, which they returned with equally intense passion, as they wrap their arms around the necks of Lincoln and his clones, as we cheered over the scene.

Abriel Lafiel: (Seductively and rubs her right hand on Lincoln's massive and wide right pec) You too, big, tall, muscular, and handsome.

We return home to the Estate, and I filed the report when I got to the Hidden Leaf Village, and at long last, we were now rid of Orochimaru for good, and he's never coming back for more.

---

After finally getting rid of Orochimaru this time for good, we were training intensely in the gym doing 100,000,000 reps of crunches, wing push-ups and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 9,000-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds. Then, we got a shower afterwards.

After that, Lincoln, Meru (Legend of Dragoon), Velvet Crowe, Eleanor Hume, Unchou Kan-U, Shimei Ryomou, Hakufu Sonsaku, Min Min (Arms), Heart Aino, Chitoge Kirisaki, Tohru Honda, Ikumi Mito, Aya Brea, Katrielle Layton, Oishi Kawaii, Alis Landale, Beneej Spoor, and Kirino Chiba were getting ready for their date, this time, it's at Dolphin Resorts, a place Sonic and his friends went to long ago.

Lincoln then snapped his fingers, and the 16-year-old 7'0", white-haired, handsome, and extremely muscular teen was dressed in a pair of large orange swim shorts with a Thunderbird and Buffalo with elemental forces on them with his large weighted orange bands on his massive biceps and thighs and his jewelry, and he also still had his weapons holstered, in case of trouble.

Meru (Legend of Dragoon) was dressed in a blue two-piece bikini with a Dragoon on it, Velvet Crowe was dressed in a black and red two-piece bikini with daemon on it, Eleanor Hume was dressed in an orange two-piece bikini with an angel on it, Unchou Kan-U was dressed in a white two-piece bikini with the Seito Academy logo on it, Shimei Ryomou was dressed in a blue two-piece bikini with an angel on it, Hakufu Sonsaku was dressed in a red two-piece bikini with flames on it, Min Min (Arms) was dressed in a green two-piece bikini with a dragon on it, Heart Aino was dressed in a white two-piece bikini with hearts on it, Chitoge Kirisaki was dressed in a white two-piece bikini with a bee hive on it, Tohru Honda was dressed in a white two-piece bikini with an angel on it, Ikumi Mito was dressed in a two-piece bikini with the American Flag on it, Aya Brea was dressed in a black two-piece bikini with a police badge on it, Katrielle Layton was dressed in a red two-piece bikini with a magnifying glass on it, Oishi Kawaii was dressed in a red two-piece bikini with pink hearts on it, Alis Landale was dressed in a pink two-piece bikini with a star on it, Beneej Spoor was dressed in a grey two-piece bikini with a sword on it, and Kirino Chiba was dressed in a white two-piece bikini with a sword on it.

Lincoln: Alright, ladies, are we ready?

Oishi Kawaii: We're ready, Linky.

Lincoln and the girls left the Estate and they head for the destination: Dolphin Resort. When they arrive at Dolphin Resort, it was a large resort area, featuring shopping malls, bridges, cafes and aquariums, and they also saw the dolphins there.

Tohru Honda: Wow, what is this place, Linky?

Lincoln: This, Tohru, is Dolphin Resort. I heard about it from Sonic and the others, it's a large resort area, and there's shopping malls, bridges, cafes, and aquariums here. Seeing it for the first time, it's so beautiful. Now then, shall we?

Lincoln and the girls got started by swimming underwater, and they had also played with the dolphins there, and they had tons of fun. Then, they went into the shopping malls and they purchased some clothes there for themselves and everyone else back home, and they went to one of the cafes and enjoyed something to eat, and they also went to check out the aquariums and the sea animals there. Then, as the sun was about to set, Lincoln made clones of himself, and he and the clones went up to the girls and picked them up in their abnormally massive and powerful muscular arms, and just as the sun turned orange, they shared a passionate and romantic kiss and hug. Then, Lincoln and the girls came home.

Me: Hey, Linc, how was your date?

Lincoln: It was awesome, J.D., we went to Dolphin Resort in Sonic's world.

Nico: Whoa, I've heard about it from Shadow. Tell me you guys took pictures of the place.

Lincoln took out the pictures and when we saw them, they were amazing.

Nico: Wow, Dolphin Resort is definitely amazing.

Leni: And they have shopping malls there. Next time, me and Lori are heading there.

Lincoln: And we got you all something there, as well.

Lincoln gave us the clothes he and the girls purchased at the shopping malls there, and they were so beautiful.

Lincoln: And we also took pictures of the dolphins there, and we also played with them.

Lincoln showed us the pictures of the dolphins, along with the pictures of him and the girls playing with the dolphins, and they were so awesome. When Sapphire Shores saw the pictures of the dolphins, she was amazed.

Rarity: And you also remembered that Sapphire Shores' favorite animals was the dolphin, Linky. That was so nice of you to show her those pictures.

Lincoln: Next time, I'll invite everyone on a family trip to Dolphin Resort. Leni and Lori can do some shopping at the shopping malls, Carol can check out the cafes there, The Neptune Crusades can also check out the aquariums there, and we can also check out the bridges there, and go swimming as well.

Me: Now, that's an awesome idea, big guy.

Nico: Ooh, that's an awesome idea, J.D.

We continued looking at the photos of Dolphin Resort, and we were amazed.

---

Later on, we were in the living room watching TV.

?: HELP!

Suddenly, Nico heard the sound of four girls calling out for help. With his yellow eyes and superhuman sight, along with sensing energy signals, he saw and heard where the call for help was coming from. He saw the four girls and they were in South America, but they've been captured by a tribe of cannibals and they're about to eat them.

Nico: Oh crap, guys, I just found four girls in South America, but they've been captured by a tribe of cannibals and they're about to eat them.

We gasped in horror.

Me: What?! Oh man, we've got to get over there now!

We rushed on over to South America, and Nico fired a blast of rainbow energy, which caused the tribe of cannibals to back away.

Nico: You cannibals are in big trouble now!

Nico then pounced on the cannibals, and he proceeded to brutally pummel them badly, and we joined in on the fun, and we also pummeled them, then we cut most of them down and their spirits were all Super Hakaied. Lincoln and Nico approached the last two cannibals and they ripped their hearts out of their chests and devoured them, and Lincoln and Nico destroyed their corpses and Super Hakaied their spirits. Then, Nico and May went over to the four girls and untied them. But, we were in for a big surprise when May recognized them. The four girls were Tyra, Astrid, Cynthia, and Beauty, four girls that May, along with Ash and his friends, know all too well.

May: Oh, no way. Nico, those four girls you rescued are Tyra, Astrid, Cynthia, and Beauty.

Jessie (Pokemon): Tyra. I never thought I'd see her again.

May: Along with Astrid, Cynthia, and Beauty.

Nico: I remembered you told us about them long ago, May and Jessie. (To the girls) Are you girls okay?

Tyra: Yeah, we're okay, thanks to you.

Then, when Tyra and the other three girls saw who it was that saved them from the tribe of cannibals who were about to eat them, their faces turn atomic red upon seeing the 7'0" tall, handsome Saiyan, he had abnormally massive and powerful upper and lower body muscles and eight-pack abs, he has long wild jet black hair reaching the bottom of his neck with crimson red highlights in the bangs of his hair, yellow eyes with a crimson red outline surrounding his eyes, a phoenix with reflecting rainbow colors surrounding the symbol of Planet Vegeta emblazoned on his forehead, he had on a pair of phoenix earrings with the Eternity Kanji emblazoned on his forehead and a necklace with a phoenix holding the symbol of Planet Vegeta in its claws for the pendant, and massive jet black angel wings with rainbow colored tips on the large black feathers.

Tyra: Whoa, you're Nico Chan of Team Loud Phoenix Storm.

Nico: That's right, and it's a pleasure to meet you all.

Cynthia: Along with all of Team Loud Phoenix Storm, and it's also good to see you and your friends again, May.

Tyra: Same with you, Big Jessie.

Astrid: Nico, we know that you're married to May, but…

May: (Smiles) Actually, I've got a surprise for you girls, along with you, Nico.

May took out something and gave it to Nico, and he saw that it was a copy of the very ordinance that me, Lincoln, and Clyde were under, and when Nico saw that his name is now included, his eyes went wide open in surprise.

Nico: (Surprised) Honey… , did you just?

May: (Smiles) That's right, honey, I went down to City Hall this morning, and now, you're under the same ordinance as J.D., Lincoln, and Clyde.

Nico picked May up in his abnormally massive and powerful muscular arms and he hugged and kissed her on the lips and all over her face. Then, he made four clones of himself, and they went up to Tyra, Cynthia, Astrid, and Beauty, and they picked them up in their his abnormally massive and powerful muscular arms and they hugged and kissed them on the lips with intense passion, and they returned the gesture, and we cheered wildly for them.

Tyra: (Seductively and rubs her right hand on Nico's massive and wide right pec) Ooh, smart, strong, handsome, and a good kisser. I think we're going to get along quite nicely.

Me: Congrats, big guy. You're now in the same ordinance as me, Lincoln, and Clyde, and you're now starting a harem of your own.

Lincoln: And it was your first rescue, awesome! I can't wait for more rescues for you to come.

Me: They will come in the future.

We then returned home to the Estate, and Nico helped Tyra, Cynthia, Astrid, and Beauty settle in to their new rooms in the Estate.

Katie: It'll be so cool.

Me: It sure will.

Nate: We love all your adventures J.D. and you are one of the most amazing heroes we know.

Me: We don't want to brag but thank you.

Twilight Sparkle: And I think there's a Yokai here because of that.

We saw a man being REALLY LAZY.

Me: I sense it.

She activated her Yokai Watch and revealed a Yokai and it was N'more!

---

N'more, like D'wanna is a mokugyo Yo-kai with a large head with a wavy mouth but with a darker more tan mouth, he wears a purple monk habit and uses a drumstick, he floats on a red pillow with a yellow pattern on it.

N'more is lazy, and sighs constantly, he also gets bored very easily. When others are inspirited by this Yo-kai, they will have the personality of N'more.

---

Me: Whoa! Who is that Yokai?

Whisper: I've seen that one. His name is N'more. He is one of the laziest Yokai's ever. Anyone he inspirits will be lazy and boring.

Me: Geez and I thought Shikamaru was lazy.

Sunset Shimmer: Wow! That is so cool Twilight!

Applejack: YEEHAW! That was amazing.

Katie: It sure is.

We got N'more captured.

Rainbow Dash: (cries as well) It's just like with me and Ish!

Nate: Wait. Applejack's not crying.

Pinkie Pie: (crying) APPLEJACK CRIES ON THE INSIDE!

Applejack: It's true.

Me: She rarely cries. We've seen it.

They group hugged.

It was adorable.

Princess Celestia: That is so amazing.

We later went back to the World Tree Estate.

Back at the World Tree Estate, everyone was watching TV and Eustace was reading the newspaper and Muriel had Courage on her lap with Francesca sitting on the floor.

Then…

Eustace: OOOGA BOOGA BOOGA!

Courage:
AAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAHHHHHHHH

Eustace scared Courage with that ugly mask of his. Then he laughed at Courage.

BONK!

Francesca bonked Eustace on his head with a rolling pin.

Eustace: OW! What did I do?

Everyone laughed.

Lana: That always cracks me up.

We got back.

Me: We're back.

Nico: How did it go?

Me: Awesome.

We told them everything and it was awesome.

Tecna: (British Accent) I think my ambassador mission's coming up.

Me: It sure is. And it was awesome meeting Nate and Katie and Whisper and it was really cool seeing Twilight take on a REALLY LAZY Yokai.

Nico: I heard about that and he was REALLY Lazy from what I heard.

Me: You have no idea.

Tecna: That is amazing.

Laney: But that was a touching moment from Twilight and the girls.

Lyra Heartstrings: Including Princess Celestia. That was awesome.

Princess Cadance: I don't think I've ever seen all of you cry that much.

Twilight Sparkle: Sorry it was so touching.

Me: It sure was.

* * *

RD Lynn: Oh boy! Another eating contest?!

Cybertron Snarl: Look what they are eating though.

Me and Nico were looking at each other with competitive fury and right in front of us were huge metal bowls full of a more powerful version of Chief Wiggum's Apocalyptic Blue Chili and it was gonna be lethal!

Everyone was hiding behind a big wall of sandbags with big metal riot shields in front of the wall and they all had army helmets on.

Eli: This is gonna be a dozy of a match.

Varie: (Gulps) I hope I don't end up being a widow too soon.

Me and Nico smirked.

Me: You ready to lose this contest monkey face?

Nico: No you will lose turkey boy.

She Hulk: I swear, we really are going to kill ourselves with these contests one of these days.

Nicole Chan: Don't even talk like that Jen. This happened with me and Jaime too.

Jaime: It's true. And we used to do all kinds of crazy things like this.

Eli: Oh boy.

Me: Ready?

Nico: Set…

Me and Nico: GO!

We ate the big bowls of chili and they were tasty, hot and spicy.

Rippersnapper: Everyone, hit the deck!

Everyone ducked behind the sandbags and then…

KRABBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

(IT BURNS BURNS BURNS BY LOCO LOCO PLAYS)

Nico exploded in a massive fiery explosion of incredibly hot blue fire and he was screaming like a madman.

Nico:
YYYYYYAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAA

Nico was in excruciating pain and he was running around like a chicken that had its head cut off! I was stuffed and I had an intensely hot blue fire aura around me and Maria came and she turned into her pure water form and she fired a wave of water into his mouth and a massive cloud of steam exploded out and he was relieved as the water cooled him down.

Sludge: You Maria cool him J.D. and him Nico off!

Maria: I already cooled Nico off but I think J.D. is gonna be all right.

Nico groaned.

Nico: Whoa! That was intense! J.D. I don't know how you do it but you are one crazy tough and insanely spicy son of a bitch!

Me: Thanks man.

Nico: You win this one dude. I am never gonna eat that kind of chili again. (Whispers) Don't tell Chief Wiggum that I said that.

Me: I won't.

Nico's stomach then grumbled loudly!

Nico: OH SWEET SPAGHETTI NOODLES THAT HURTS!

Me: Get to the bathroom quick!

Nico ran and then….

FFFFFFFFFAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAARR

Nico groaned as a massive explosion of blue fire exploded out and then he had a nasty bout of diarrhea from the chili.

Flywheels: J.D., now that you and Nico are done writhing in pain, you're leading today.

Me: I wasn't in pain one bit. But that was awesome. Nico gave it his all though. Also I have just the mission for us all.

I pulled out an awesome poster. It was for a race called the Running of The Leaves Grand Prix.

Eli: Running of The Leaves Grand Prix?

Me: It's a Race around Ponyville and Canterlot and we're going to ride our Rapidash throughout the whole race.

Nico: WHOA! We've never done a horseback race before.

Laney: This will be so cool to do!

Lana: Awesome!

Me: First for us. I saw it over at Sugarcube Corner as I was getting a snack after my latest rescue.

Starlight Glimmer: I'm gonna be looking forward to this one.

Lola: Boy same with me!

Then Blizzard, Villamax, Titanium Man, Boomerang, Firepower, Chillyfish, Whirlin, Fireor, Count Spankulot and Stonedozer appeared.

Titanium Man: Can me, Blizzard, Villamax, Boomerang, Firepower, Chillyfish, Whirlin, Fireor, Count Spankulot and Stonedozer go with you guys?

I held up the poster.

We were amazed at the new horses that Lincoln summoned, along with my Rapidash.

Me: Whoa, those are some pretty impressive horses, big guy.

Lincoln: Thanks, J.D. Plus, these horses are bred for both travel and battle, so we can ride on these horses to get to distant locations and if we want, go into battle with them.

Me: (Smirks) Nice one, big guy.

Lori: And these horses literally were for us, because the manes and tails have our favorite colors and emanating from them are the elemental powers that we have. Thanks, Lincoln.

We hugged Lincoln, and he returned it back.

Lincoln: You're welcome, Lori.

Nico: So, you said these horses are bred for both travel and battle, huh?

Lincoln: That's right.

Nico: That's so awesome. Say, maybe, we can also test them out in battle as well.

Me: That's a good idea.

I mounted my Rapidash, and Lincoln, Nico, and Lincoln's siblings mounted their new horses, and we rode off to Equestria for the race.

We were ready. At Ponyville we were there.

Needlenose: How long do we have before the race?

Me: 1 hour.

Needlenose: Plenty of time.

Cybertron Snarl: I'll race in my wolf form.

Me: Cool. This is gonna be awesome.

Twilight Sparkle: It sure is.

Me: Hope you all don't mind if I pull the hover carriage with me on this one.

Applejack: Not at all. Who is gonna be riding in it?

Me: Eli, Nunnally, Brittany and Spike.

Nico: Neat!

Brittney came in on her Nightmare Horse.

Brittney: I'm looking forward to this.

Brittany Gresh: Boy me too. This is gonna be so awesome.

Me: It sure is.

Villamax: Thanks for coming, LaGrange.

LaGrange: No problem and you know how much I love a good race.

Me: This is a horseback riding race though.

LaGrange: This is gonna be fun.

Nico: I'm looking forward to this.

Brittney: Boy me too.

(KENTUCKY DERBY CALL TO POST THEME PLAYS)

Me: Time to get ready.

Erica was in a lot of thought.

Erica: Guys, can I confess something.

G1 Venom: What is it, Erica?

Erica: (blushes) I might be developing feelings for Crow.

G1 Venom: Crow Hogan?

Missy: Oh Erica that's so sweet.

Nico: Aww Erica you are gonna love Crow.

Crow Hogan was in thought too.

Boomerang: So, you're getting a crush on Erica?

Crow: (blushes) I know you guys are gonna laugh at me, but-

Yusei: We won't laugh at you, Crow.

Me: Yeah dude you know we wouldn't do that.

Akiza: It's natural for people to fall in love.

Jack Atlas: All of us Signers have done it before.

Me: It's true.

Crow: Well, I don't see Luna or Leo falling in love.

Me: Well that's because they are twin siblings.

Crow: I know.

Me: They'll find someone eventually.

Beast Wars Scorponok: Is it okay if I race in my scorpion form?

Me: Go for it Scorponok.

Me: Awesome. And I see that Twilight has her human version out.

Sci-Twi was on Twilight Sparkle's back and she was looking forward to this.

Sci-Twi: This is gonna be awesome!

Me: I know. I raced as a Rapidash with Lara and now I'm going to ride my Rapidash with everyone and everypony.

Lightning Dust: This is gonna be awesome.

Fireor: I get it! You guys can bring out any other selves merged with you at any time!

Sci-Twi: Yep.

Me: That is a genius power.

Nico: It sure is.

Me: Yep. Since Twilight Sparkle went to the world of Humans before and she met her human self they are both the same person/pony and I gave everyone the power to turn into their human and pony selves at will.

Nico: Very cool.

Laney: It sure is.

Me: Yep.

Chillyfish: This is gonna be cool.

Apple Rose: I'll raise you 1,000 bits on J.D.!

We were riding through the tunnel that goes into Canterlot!

Me: We're going into Canterlot!

Eli: WOO! (Senses Something) Uh oh! I sense something evil in Canterlot!

Me: What is it Eli?

Eli: It's a slime creature. It's a creature called Smooze!

Me: Smooze!? (To Megan Williams) Megan wasn't Smooze a slime creature that wanted to destroy everything?

Megan Williams: Yes he was.

She told us his history.

---

The Smooze is a gargantuan purple slime-monster and the secondary antagonist of My Little Pony: The Movie (which took place in "Generation 1" canon, as classified by collectors, making it very different from the current series and more in line with what modern audiences associate Care Bears and other "kid-friendly" cartoons to be like) and it is a minor, non-antagonistic character in Friendship is Magic (Generation 4).

He was voiced by Jon Bauman.

The Smooze is a genuinely terrifying being, especially giving the setting it was in - with the ability to grow to gargantuan sizes it spread across all of Ponyland (the original Ponyville) and buried anything (living or not) in its path completely ruining the land and turning once paradise-like fields and castles into barren wastelands. It also threw chunks of itself around that when attached to living beings turned them "mean" and "grumpy" (which despite the childish language is actually a more dangerous threat than one might think as removing living creatures' ability to care about each other can lead to apathy and despair (also without the ability to care for other beings people often develop sociopathic tendencies) ).

The Smooze was semi-sentient, able to form hands and faces but only able to express rage and malice. This is shown with animalistic roars and grunts (as well as limited speech (see trivia). The ponies were originally powerless to stop the beast after the witch Hydia released it. Even the Rainbow being ultimately overwhelmed by the Smooze's power.

Yet just as the Smooze seemed ready to devour the last bit of Ponyland not corrupted by its presence, the Flutter Ponies arrived - using their magic they managed to cast the Smooze away and undo its evil before lifting the mass of slime into the air and dumping it back into the volcano it came from along with Hydia and her two daughters.

When she was done we gasped in shock!

Me: Oh man! It's like we're fighting the Blob all over again!

Nico: I can't believe the Smooze is that dangerous!

Eli: Don't look now but I think that's it right there!

We saw a human sized purple slime creature and it was SMOOZE!

Me: WHOA! YUCK!

Ravage: Discord, didn't you have a friend named Smooze also?

Discord: Why yes I did but this Smooze is much different than the one that I am familiar with.

Me: Right that one is more friendly.

Lana: I love that one but this one is disgusting!

Nico: I hope this one has the same characteristics as the Blob.

Nico had the 3-Star Dragonball on his bracelet glow and he fired a beam of green energy from his eyes and the beam hit the Smooze and froze it in a block of ice.

Nico: Yeah!

Megan Williams: Don't speak so soon.

He broke free from the ice!

Nico: WHOA!

Smooze: NOTHING CAN STOP THE SMOOZE!

Me: Whoa man!

Firepower: Now that I think about it, this one looks like a Muk.

Nico: No kidding! Except it doesn't smell horrible!

Me: Lets see how it likes this!

I fired a beam of Equestria Magic and it hit Smooze and burned it and hurt him bad.

Nico: Equestria Magic is its weakness!

Eli: Awesome!

Smooze: NOTHING CAN STOP THE SMOOZE!

Crash Man: Nothing except us!

Me: That's right!

I fired waves of Equestria magic and burned him all over.

Eli: CHEW ON THIS!

Eli fired waves of Force Lightning and electrocuted it all over and surprisingly Force Lightning hurts the Smooze too

Blizzard: Chillyfish! Let's freeze it together!

Chillyfish: You got it!

They fired waves of ice and froze the Smooze! But Smooze broke out.

Me: Fire waves of magic and Force Lightning at it!

Slugslinger: I'm glad this guy wasn't in the War!

Me: Thank goodness for that. Lets see how it likes this one.

I fired a blast of fire and it hit the Smooze and burned it all over. Fire hurt it too.

Me: Use fire too!

Lola: No need to tell me twice!

Lola and the fire users fired blasts of fire and burned it all over.

Count Spankulot: You have been very bad for trying to ruin beautiful lands!

Lucy Heartfilia: He's made of pure slime Count. He won't feel it.

Count Spankulot: But I can cause this to happen for to him.

He lifted up Smooze with telepathic powers and he was floating in the air!

Emma: Time to clean up this mess!

Megaforce Rangers: LEGENDARY RANGER MODE! MYSTIC FORCE!

They turned into the Mystic Force Rangers and fired waves of magic and blasted Smooze all over.

We fired energy and elemental blasts and blasted him all over.

Me: Lets hit him with our strongest attacks and combos and final smashes!

Sludge, She-Hulk, RD Lynn and Rippersnapper used the Earth Cyber Planet Keys and they enhanced Sludge's strength, Rippersnapper's Cyclone Gun and She-Hulk and RD Lynn's powers 100-fold.

Sludge and She Hulk: SMASHING METEOR BLAST!

RD Lynn and Rippersnapper: VOLCANIC CYCLONE BURST!

Sunset Shimmer, Qin, Pip-Squeak, Gusty, Fire Skylanders and Fire Lori: FIRESTORM JUSTICE BLAST!

They fired waves of fire and lava and energy.

They fired a Big Bang Kamehameha powered by Equestria at G1 Smoozle which explodes on contact!

KRABBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Me: YEAH!

We then finished the race.

Billy Natson: Any here comes the first racers to cross the finish line! It's J.D., RARITY, QIN, LENI AND LOLA!

Everyone cheered!

Chillyfish: (bows) Thank you! Thank you very much!

May: You've all been a great audience!

Me, Rarity, Qin, Leni and Lola were given 5 trophies made of Swarovsky Crystal and they looked like the planet of Earth and Equestria and there was a ring of crystals leaves around the planet and a horse was racing around it and it was awesome! Many of us had medals too.

Me: This was an awesome race!

Rarity: Indeed it was darling! We had a lot of fun with this one.

Qin: Boy we sure did!

Leni: This was one totes amazing race.

Me: And the best part is we all made the fall season done in one fell swoop.

We saw all the leaves all of the trees with the leaves all on the ground.

Nico: Just in time for winter.

?: I will make you all of you suffer for what you've done!

Suddenly, the eight large planets and stars orbiting around my legs, the eight large orange orbs orbiting around Lincoln, Linka, and Duke Lincoln's legs, the eight large dark blue orbs orbiting around Ed Cowart's legs, the eight large crimson red orbs orbiting around

Me: Uh oh.

Cloud Strife: I was hoping never to hear that voice. You can come out now, Professor Hojo.

A figure came out, and it was none other than Professor Hojo, the ruthless, cruel, and inhuman mad scientist of the Shinra Organization.

Nicole: Oh great, the fucked-up mad scientist of the Shinra Organization has slithered out of the shadows.

Me: Cloud, what can you tell us about Professor Hojo? From Nicole's tone of voice, we aren't going to like him one bit.

Cloud Strife: You won't like him one bit, J.D.

Cloud Strife proceeded to tell us about Professor Hojo, and we weren't going to like him one bit.

## Professor Hojo

Professor Hojo (in Japanese: 宝条, Hōjō) is a brilliant but mad scientist and the overarching antagonist of the Compilation of Final Fantasy VII as a whole. He is the secondary antagonist in Final Fantasy VII and its 2020 remake, and the main antagonist of Dirge of Cerberus -Final Fantasy VII-.

Hojo was the mastermind behind SOLDIER and the Jenova Project, and is initially head of Shinra Inc.'s Science Research Division. However, Hojo's goals stand apart from Shinra's, with a focus on scientific pursuits and monitoring the actions of his biological son and greatest creation, Sephiroth. Hojo's actions with SOLDIER and Jenova make him directly or indirectly connected to most of the major antagonists of the Compilation.

In the Compilation, he was voiced by Paul Eiding in English and the late Nachi Nozawa in Japanese. In Final Fantasy VII Remake, he is voiced by James Sie in English and by Shigeru Chiba in Japanese.

### History

### Past

Hojo was already one of the most prominent scientists in the Shinra Electric Power Company and apprenticed directly under Professor Gast Feremis, the Head of the Science Department of Shinra. 30 years prior to the first game, as one of the best scientists in Shinra, he was assigned to Nibelheim to aid with the Jenova project. Hojo and another prominent scientist, Professor Hollander competed in the project: Hojo decided to inject Jenova cells into his wife scientist Lucrecia Crescent, his wife who was pregnant with Hojo's child. This child was Sephiroth. With Sephiroth exposed to pure Jenova cells undiluted by human DNA, Hojo's efforts outdone Hollander, whose experiments lead to the birth of Genesis and Angeal, and Hojo thus became the new head of the science department after Gast mysteriously left, disgracing Hollander.

The relationship between Hojo and Sephiroth was antagonistic on Sephiroth's part, who considered him an inferior scientist to Gast, while Hojo had no love for Sephiroth as his son but was deeply fascinated and awed by the success of his experiment, Sephiroth becoming the prototype of SOLDIER from which Hojo would successfully create an entire army of super soldiers for Shinra to use. It was indicated that Hojo may have experimented on Sephiroth to further improve his capabilities, which may have left Sephiroth to experience Hojo's cruelty, leading to his spite.

When it was found that Gast had fallen in love with Ifalna, the last Ancient alive, Hojo discovered them in the Icicle Inn and killed Gast and took Ifalna along with her newborn for experimentation. Although they eventually escaped, Ifalna succumbed to her wounds and Hojo proceeded to salvage everything he could from her corpse in research of the Ancients.

## Crisis Core

Hojo appears in this game as a supporting antagonist.

He continues to work as the Head of the Science Department, helping in the advancement of SOLDIER and apparently also creating other forms of scientific and technological weapons to help in the Wutai War.

Hojo takes a particular interest in the growth of one especially competent and talented SOLDIER Zack Fair: At first considering him a mere study sample, seeing Zack soundly dispatch every monster thrown at him convinced Hojo of the SOLDIER's worth and allows him to help him in his research as a combat study example. Whenever Zack finds rare and powerful monster samples, they all go straight to Hojo, who wastes no time in creating modified replications of such creatures.

Hollander, the main antagonist of Crisis Core, mainly intends to get revenge on both Hojo and Shinra by using Genesis and Angeal. Hojo, however, is totally unconcerned and is fully aware that Hollander doesn't have the ability to cure the degradation process. When Genesis attacks Shinra to kill Hojo for Hollander, Zack is sent to protect Hojo but Hojo remains calm. He proceeds to use the spare time before Genesis comes to test Zack: He will give Zack a power boost if Zack shows traits that favor Sephiroth and pardons him when he destroys a valuable machine in consideration of the valuable data that came from it, though he sarcastically states Zack is still in debt and must shave off 20% of his sales to the Science Department and it will only be paid off in 10 years. Hojo also contained several monster samples in several cells that Zack accidentally released and tasked him with defeating them in exchange for allowing him access to the cells and gain items, with the indication he may have purposefully let Zack free them so he could see Zack in action and gather more data.

After Zack and Cloud defeated Sephiroth, Hojo kept them in the basement of Shinra manor and experimented on them. Zack, being SOLDIER could stand the Jenova cells that were injected into him, but Cloud ended up with severe mako poisoning.

## Final Fantasy VII

Professor Hojo functions as a root cause of most of the troubles that occur within the game Final Fantasy VII. He is first encountered when Cloud, Barret and Tifa sneak into Shinra HQ to save Aerith from his lab. Hojo had a fascination with the people of the lost Centra who were once called the "Ancients", of which Aerith was the last, and intended to spend the rest of his natural life studying her. Upon seeing Hojo, Cloud's head begins to ring, from the psychic presence of Sephiroth who knew the mad scientist all too well. After Hojo leaves his meeting with the head members of Shinra discussing Aerith's scientific value he returns to his lab and the party quickly follows him.

At his lab, the team discovers not only Aerith but Jenova, locked away in a holding chamber and Red XIII forced into a cage with Aerith. Whether Hojo was trying to somehow breed Aerith and Red XIII (both who are the last of their kind), performing a Darwinian experiment or was just a fan of blood is never really stated. Whatever the case for locking the subjects in together, soon after Red XIII starts chasing Aerith and the party comes in to save her. Hojo opens the cage to check on his subjects and is immediately attacked by the angered Red XIII who as it turns out was just putting on a show to get Hojo concerned enough to get him out. Hojo gives Cloud and friends the information needed to escape the floor and simply waits for them to leave.

He is not seen again until the heroes skip the continent and wind up on Costa del Sol, a resort town. When encountered this time Hojo is sunbathing surrounded by beautiful women. This time he is open about telling the party where to go, caring little to nothing about his employers' personal enemies and more about seeing how his experiments (Cloud, Aerith, Red XIII, and ultimately Sephiroth) would turn out. He mentions the Reunion though does not elaborate on it much.

After Hojo puts Cloud on Sephiroth's trail, he is not seen again in person by the party for some time but they will find his notes in Nibelheim, Cloud's hometown and the site of Sephiroth's descent into madness. From some of Hojo's notes to the villagers it turns out the entire village was rebuilt after Sephiroth burned it to the ground and re-populated with Shinra undercover agents to cover up the incident. Exploring the Shinra mansion, Hojo's workplace and secret labs beneath, the party will find numerous books and notes covering the mad research that Hojo put into experimenting on Jenova.

The party also may encounter Vincent Valentine, an optional party member who was killed, genetically modified and reanimated in combination with several dead-end monstrous creations spliced into his body. Vincent was a Turk sealed at the bottom of the mansion's basement in a hibernating sleep he shows apathy for the party until the name Hojo is mentioned and soon becomes concerned enough to join the fight when promised the chance to kill Hojo.

Hojo is mentioned again when the party gets to the Northern Crater, closing in on Sephiroth. If the party stops to look at the tapes of Professor Gast and Ifalna, Aerith's parents, they will find Hojo is the one who killed Gast and hunted down Iflana until she died trying to keep Aerith safe. Furthermore, it is revealed that Hojo stole all his research from Gast on the Centra, Weapon and Jevona. Hojo is at last encountered again in the flesh at the very center of the Northern Crater just beneath Sephiroth's frozen body, he had flown in with the rest of Shinra to stop the Reunion, though really Hojo had come to see the Reunion unfold not stop it. When Cloud is psychically forced to hand Sephiroth the Black Materia needed to destroy the planet, Hojo though surprised is happy to see his creations meeting his wildest expectations.

Towards the end of the game, the party may find Lucrecia's body and spirit frozen in Mako, much like Sephiroth. Lucrecia will reveal her part in Sephiroth's creation during which Vincent's past with her and Hojo is revealed as well. Vincent was assigned as bodyguard to Lucrecia and Hojo, he was also in love with Lucrecia, when he raised concern over Hojo endangering Lucrecia's life by injecting her with Jenova cells he is promptly shot by Hojo.

Hojo's last caper in-game is in response to Sephiroth's awakening. Shinra intends to shoot their giant laser cannon at the Northern Crater to destroy the force-field protecting Sephiroth so they can stop him from destroying the planet. Hojo of course was assigned to operate the cannon, however he is reconfiguring the ray not to destroy but empower Sephiroth. By killing the people within the city and sending their life-force to the Life-stream and letting Sephiroth feast on the pure Mako energy being shot at him, Hojo wanted to see his son/experiment achieve the height of his scientific purpose.

Hojo's actions provoke a Weapon to attack Midgar, though Rufus is (supposedly) killed as a result Hojo keeps right on with his plans as if his so-called boss was never really an issue. When Cloud and the others parachute into Midgar they meet with many monsters and guards under Hojo's directives but eventually make their way to the top of the cannon. Once confronted, Hojo states his mad plans and reveals at long last that he is Sephiroth's father, a fact that even Vincent had not known. Hojo also reveals he has injected himself with Jenova cells and attacks the party; as the battle progresses, Jenova's cells cause Hojo to mutate into a more powerful form upon each defeat. After the defeat of his human form, he transforms into Helletic Hojo, a hideous writhing mass of flesh; after this form's defeat, he mutates again into the alien-like Lifeform-Hojo N. His third and final defeat results in his death.

## Dirge Of Cerberus

In Dirge of Cerberus, Hojo is revealed to have uploaded his intelligence onto the net which eventually took over the body of his other experiment, Weiss the Immaculate, the main boss of the game. Hojo wished to use Weiss, who existed outside the planet's life-stream, to merge with OMEGA Weapon a guardian meant to cleanse the life-stream. It was Hojo's goal to use OMEGA as a new body to travel the stars and go from planet to planet sucking the life of each one dry until he becomes something of a god, and thus being declared the perfect lifeform. However though firmly in charge behind the scenes Hojo is eventually detached from Weiss's mind and killed by Weiss's brother Nero.

Personality

Hojo is a complete sociopath who has next to no motivations for anything he does other than he wants to see what will happen next. He deals with threats on his life as trivial and deaths and suffering of billions as less than nothing. He has destroyed numerous lives and even Sephiroth has shown a severe distaste for him. Rufus and other Shinra executives are apparently unnerved by him and only view his research as worth putting up with him. He is prone to laughing fits and views his early career as a scientist with disgust compared to what he knows by the end of the game. Most of his research partners have wound up running for their lives, dead or worse with their research stolen and claimed by Hojo as his own. Though having a son, wife, several beautiful "consorts", comrades and research partners he has never displayed any sign of sentimentality, empathy, remorse or compassion. He too shares these similar qualities with another scientist Fuhito who praised him as his hero.

---

When Cloud Strife was done, we were completely disgusted, horrified, and enraged by Professor Hojo's actions.

Me: What the hell?! This guy is a total sociopath!

Nico: Nicole was right to call this guy a fucked-up mad scientist, but he's also a sociopath who doesn't care about who he hurts.

Lincoln: And there's something else, when I sucked out all of Orochimaru's chakra and Jutsu, I also sucked out all the information from Orochimaru's brain, and I discovered that Professor Hojo was the one who brought Orochimaru back from the dead using a Dark Orb he had in his pocket.

Cloud Strife: And there's something else you all should know, Professor Hojo's also the one who created Sephiroth.

We gasped in total horror and shock.

Timon: What?! That Shinra mook was the one who brought that psychopathic snake, Orochimaru, back from the dead?! Oh, he's so dead!

Eli: (Getting Angry) And he's also the one who created Sephiroth as well, the heartless One-Winged Angel who killed Aerith in cold blood?!

But, before Eli could go after Professor Hojo and kill him for this, Ed the Hyena's eyes turned dark purple, and he was surrounded by a yellow energy aura with lightning bolts and hyenas, he unholstered his Defender of The Circle of Life Keyblade from his back, and as he'd approached Professor Hojo, he left yellow energy, lightning, and hyenas with every step. Then, Ed the Hyena was surrounded by a massive vortex of yellow energy with lightning bolts surrounding it, there there were hyenas running around the vortex, and in the vortex is a purple phoenix. Then, as the vortex faded, Ed the Hyena emerged, but he was changed forever.

(IMPERATRIX MUNDI PLAYS AT 1:45 TO 2:14)

Ed the Hyena gained an anthropomorphic form and he grew to 6'11" in height, he had abnormally massive and powerful upper and lower body muscles and eight-pack abs, he has a full head of black hair going down to the bottom of his neck and he has yellow highlights in the bangs of his hair, he has purple eyes and a yellow energy aura with lightning bolts and hyenas surrounding him, he has massive black angel wings with red tips on the large black feathers, he has a hyena and a lion with the Thunder Kanji held in their paws emblazoned on her forehead, he has on hyena earrings with the Thunder Kanji in its paws and a necklace with a hyena holding the Thunder Kanji in its paws for the pendant, he has on a sleeveless black tank top with yellow phoenix, black pants with yellow lightning bolts on the legs, black leather ankle-length combat boots, and a long black sleeveless trenchcoat with lightning bolts and hyenas on the coattails and a hyena and lion with lightning bolts on the back.

The massive, wide, double-edged blade of Ed the Hyena's Defender of The Circle of Life Keyblade grew to 6'5" in length and turned black and the long black handle grew a little longer. Ed the Hyena has on his Bracelets of the Champions of The Universe with yellow gems on his wrists, Belt of Elemental Bravery with large yellow gem for the belt buckle on her waist, and Eater of Sins revolver holstered on her left hip. There's a gold kanji below the hyena and lion that said, "Ed the Hyena, Third-In-Command of The Hyenas, Dear Friend of Shenzi and Banzai, Destroyer of Scar's Dark Ambitions and the Outlanders, Friend to Many, Slayer of Evil, and Master of Lightning and Hyenas."

エド・ハイエナ、ハイエナのサード・イン・コマンド、シェンジとバンザイの親愛なる友人、スカーの暗い野心とアウトランダーの駆逐艦、多くの友人、悪の殺し屋、そして稲妻とハイエナのマスター

Ed the Hyena has transformed into SUPER ANGEL 750,000,000,000 PRIDELANDS SUPERCELL THUNDERSTORM ANGEL OF JUSTICE AND HOPE!

We were amazed by Ed the Hyena's Super Angel 750,000,000,000 transformation, but when Professor Hojo saw it, he fell into a dark rage and tried to shoot Ed, but the hyena fired a blast of lightning and disarmed him.

Me: Whoa, Ed the Hyena's transformed.

Nico: And he also disarmed Professor Hojo when he tried to shoot him, awesome.

Ed the Hyena was then joined by Shalltear Bloodfallen (Garrett's Universe), and they went at the mad scientist, and they fired powerful blasts of yellow energy and red energy, blood and lightning, and hyenas and vampire bats at Professor Hojo, and they exploded with incredible power as soon as they hit him. Then, Ed the Hyena got the Dark Orb Hojo had in his pocket and tossed it into the Warp, and then, Hojo had his arms slashed off and he screamed in excruciating pain. Then, they ripped apart Professor Hojo and blasted him into ashes, and his spirit was Super Hakaied forever. We cheered for what Ed the Hyena and Shalltear Bloodfallen (Garrett's Universe), as Ed the Hyena holstered his massive

Defender of the Circle of Life Keyblade on his wider and more muscular back and powered down, and his new body, clothes, weapons, and jewelry were permanent.

Shenzi and Banzai dogpiled on Ed and they hugged him.

Ed Cowart: And thanks to what Ed the Hyena just did, there's only two members of the Shinra Organization to deal with: they're none other than Rufus Shinra and his father, President Shinra, the founder of the Shinra Organization.

Kion: Whoa. Then, let me take care of Rufus Shinra.

Simba: Good idea, Kion, and I'll be the one to deliver the final blow to the Shinra Organization when I face President Shinra.

Me: Nice.

Nico: You said it, and soon, we'll be rid of the Shinra Organization once and for all.

Me: Yep. Lets head to Lynn's Table for a celebratory meal.

We went to Lynn's Table.

---

At Lynn's Table we were having a great victory meal. Then Shade, Gearhead, Grizzly, The Dark Turtles, Abra Kadabra, Batroc the Leaper, U-Foes, Wrecking Crew, Hank Scorpio and Yenaldooshi appeared.

Me: Shade, Gearhead, Grizzly, The Dark Turtles, Abra Kadabra, Batroc the Leaper, U-Foes, Wrecking Crew, Hank Scorpio and Yenaldooshi.

Shade: Congratulations on another race won.

William: Thanks, guys.

Gearhead: Next time, I'll be racing.

Grizzly: Fine by us.

Me: We'll have to see which race is next but it will be good.

Dark Leo: (to me) We heard you went to an alternate Earth.

Dark Don: One that was destroyed.

Me: Yeah we sure did.

Abra Kadabra: Please tell me there were survivors!

Me: Just two.

They saw Kiyomi and Mikura waving.

Nico: It was a strange but awful thing that happened.

?: Boy no kidding.

2 figures came came out and they were POLLUTICORN from Episode 37 of Season 1 and LIPSYNCHER from episode 19 of Season 2 of Mighty Morphin!

---

Polluticorn

Inspired by Trini's plan to clean-up Angel Grove, Rita tries a new attempt of world conquest and uses Polluticorn to pollute the Earth by destroying all attempts to clean the pollution. She first sends down Putties to bide time whilst Polluticorn is being made and the monster flies in from the Moon. The Rangers confront Polluticorn and battle against him but he is much too strong, taking Jason and Zack down with energy from his horn and then blowing them away. Even after Goldar and Scorpina arrive, he refuses their help and forces the Rangers to retreat to the Command Center. Once there, they learn that the Polluticorn's power comes from his horn and he'll be severely weakened without it. Meanwhile, the Polluticorn goes alone to the Angel Grove Recycling Center. Whilst the other Rangers fight against Goldar, Scorpina, and some Putties, Jason faces off against Polluticorn. Although initially no match, Jason summons the Dragon Shield which means that energy blasts from Polluticorn reflect off of the shield. Jason then uses his Power Sword and the Dragon Dagger to cut off his horn, weakening him and leaving him open to potential defeat.

To prevent this, Rita then enlarges him and the Rangers summon the Megazord. The monster flies up into the air and slashes the Megazord multiple times before landing and blowing it away with his Toxic Winds whilst firing his eye blasts which take it down. However, they then recover and Jason summons the Power Sword before jumping into the air and gliding at him. The monster is shocked so the Megazord takes advantage of this and finishes him off with its energized slash. All the Polluticorn can do is yell in shock and pain as he falls flat on his face and explodes.

Lipsyncher

When Tommy and Kimberly decide to go on their first date, Lord Zedd decides that this is a good time to mess with their personal lives. Since Tommy has recently rejoined the team as the White Ranger, Zedd decides that two heads were better than one and will create two monsters in a combined assault. During a date montage, he sends down the Putty Patrol to meddle in their affairs and they steal the purse belonging to Kimberly's mother which she was given for this date. After Pursehead freezes Tommy and Kimberly in place, Zedd creates the Lipsyncher from the "Siren Song Red" lipstick that was formally contained within the purse. Lipsyncher's mission is to aid Pursehead in battle against the remaining Power Rangers by destroying the four that are not frozen. Lipsyncher uses a sword resembling a pair of lips in battle and can fire powerful sound-waves. Upon being created, she is happy and upbeat and wants to find the Power Rangers although she just wanted to do so in order to "peck them to pieces."

To draw them out, the Lipsyncher goes to Angel Grove Park where she obliterates a statue duplicate of Michelangelo's The Thinker which finally sets off the alarm at the Command Center. With Zack going to help his two frozen comrades and both Billy and Trini working to undo Pursehead's freeze ray, Jason is forced to fight her alone for the time being. He appears but the monster easily throws him to the ground with her vocals but he summons his Power Sword and scars her face with a jump-slash, enraging her. Wanting her to shut up, Zedd enlarge her with a Growth Bomb and she cackles maniacally so Jason deploys his Red Dragon Thunderzord which blasts her with fire but she runs right through the explosions so it turns into Warrior Mode. The Lipsyncher mocks it by proclaiming her superiority before she unleashes a sonic wave from her sword. The wave disables the Zord and makes it hold its head before the Lipsyncher slides forward and lays a beat-down on it. After several moments of a sustained beating, the Red Dragon grabs her by the arms and breaks it although she promptly delivers another beat-down. After twelve slashes, the Red Dragon Thunderzord finally goes down but she picks it up again by the neck and punts it away with a strike from the butt of her sword.

Even after Pursehead's demise, Zedd is confident that the "lipstick monster" is so powerful that she can destroy and and reduce the Power Rangers "to multi-colored specks of power dust" before proclaiming premature victory. However, before the Lipsyncher can finish Jason off, the other Rangers arrive in the other Thunderzords and confront the Lipsyncher, much to her shock. First to fight is the Unicorn Thunderzord which rises boulders out of the ground and pelts her with them, one crashing down on her right foot and making her hop around in pain. The Griffin Thunderzord then races forth and she tries to destroy it with her sonic waves but it is unfazed and shoots her with fireballs whilst the Firebird Thunderzord fires an energy tornado which knocks her flat. After that barrage gives him time for a breath, Jason recovered in his Zord and jumped into the air whilst the other Rangers formed the Thunderzord Assault Team. The Lipsyncher then blasts the formation with her musical notes but it is completely unfazed and rolls through the explosions. Unlike most monsters, she begins to panic when the Red Dragon Thunderzord comes at her and finishs her off with an airborne variant of its staff finishing attack which slashes into her chest fatally and makes her spin. As it lands and stops spinning its staff, the Lipsyncher falls on her side and explodes. After she is destroyed, the Lipsyncher reverts back to her lipstick form within the purse that was once Pursehead.

Trini: Polluticorn!

Kimberly: And Lipsyncher!

Me: I remember you both! Polluticorn was called in to stop the Power Rangers attempts to clean up the city and Lipsyncher was sent to mess up Tommy and Kimberly's date.

Polluticorn: That is right J.D.

Lipsyncher: Very good memory on you.

Me: Never missed an episode and Polluticorn I was also expecting you to come on Earth Day next year.

Polluticorn: Yeah that would have been a perfect time for me. But I'm here to face Twilight and friends because of the race from today.

Me: That makes sense.

Lipsyncher: Please don't scar my beautiful face!

Lola: Don't worry. We won't do that. I know how you feel.

Me: Especially with how you are also everything in Kimberly's purse.

Kimberly: He's right.

Lipsyncher: That's true.

We got the usual battles underway.

Tenten: A more accurate question is what HASN'T he done that made everyone all over the Five Great Nations pissed off with him? He did all kinds of terrible atrocities both against nature and humanity.

Neji: He desecrated the tomb of the 1st Hokage, engrafted Rin with Phoenix DNA and gave her firebird wings, killed thousands of innocent people, turned them into their guinea pigs for his sick and twisted experiments and has caused so much destruction. And that's just to start.

Rock Lee: What he had done was completely unforgivable!

Seto, Mokuba and Noriko were walking down the hall of the Neptune Prison. They got to the cell of Gozaburo Kaiba and what they saw was shocking! It was a solitary confinement cell and it was covered in all sorts of evil hate symbols and there were even bad and horribly graphic pictures painted onto it and they were so bad that we can't show or say them.

Noriko Kaiba: Whoa! The prison populous really hate his guts!

Guard: Yeah Gozaburo Kaiba is one of the most hated inmates we have here and you should see what they do to him here.

Mokuba: I'm almost too scared to find out.

They went up to the door of the cell and opened it and they saw Gozaburo chained to the wall and he had bruises and cuts and even casts on his arms and legs!

Noriko Kaiba: Whoa! They sure did a number on him.

Guard: Even some of my fellow guards here hate him.

Gozaburo: Why can't they leave me alone to die!?

Seto Kaiba: Because we came here for answers!

He saw Seto, Mokuba and Noriko.

Gozaburo: So my stepsons and daughter have come.

Seto: We came for answers. We want to know why you did what you did and for what reason.

Mokuba: Yeah why are you always like this and why do you always bring pain and misery with you wherever you go!? Do you have no love for anyone!?

Gozaburo: No I don't! I hate everything and I want nothing more than to see the world burn! I wanted to destroy all businesses everywhere so that KaibaCorps can reign supreme only!

Noriko Kaiba: How can you be like this dad? Why dad? Why? Was I not enough for you?

Gozaburo: Noriko I loved you more than anything. But I let my business come between me and you. I didn't want to raise you. But every time I saw you, you reminded me of your mother. I didn't want that to happen so that's why I got rid of you.

Noriko Kaiba: You have no soul. But there is one thing that I can do. I forgive you.

She forgave him.

---

FLASHBACK ENDS

---

Mokuba: Noriko has a good heart.

Noriko Kaiba: I have so many friends now and I can never bring myself to hate someone forever.

Princess Celestia: That is good that you don't do that.

Ben: That is good.

Gwen: It sure is.

Kevin: It's awesome.

Polluticorn: Sorry I couldn't battle with you girls during the time in the 29th Century when you met WALL-E. That would have been much more fun.

Hank Scorpio: Does it really matter?!

Me: No it doesn't.

Yenaldoshi: What really matters is that he won't bother anyone again.

Me: You got that right. Lets head home.

Megan Williams: (To the viewers) I love a good race around Equestria and this was one of the most fun we've ever had.

We went back home and enjoyed the rest of the day and went to sleep later on.

THE END

---

Another awesome fanfiction done.

This was an awesome chapter. A race around Equestria was a really cool one and also I thought it was so cool how it was a combination of the Running of The Leaves and the Kentucky Derby which is awesome. The first part of this chapter was for Naruto and the aftermath of what would have happened if Obito's evil plan succeeded. The second part was for the planet Cholganna from Star Wars and that was awesome to see. Nico is soon going to be starting his rescues soon. NicoChan11, JediAvatarOfShinobi, Omegahatchiyak12, XP4Universe, Darkhai, vinjedi1995, Drako1234658, Nflemingful, Etstheclarencefan and ninjakingofhearts gave me the ideas for this and so did the guest reviewer. Thanks guys. The next rescue for me is gonna be in the mall this time and we're not only gonna be going on a shopping spree but also we're going to meet a Ehren, Lightsworn Monk and a Crystal Beast Ruby Carbuncle Gene-Slammer named Susanne Crelsley from Louisiana and she is only 10 years old. Me, Eli, Arrietty, Nene, Allie Wilde, Maria, Marie, Nicole Chan, Qin, Erica, Ellie, Lillian, Megan, Nora Venice, Simone, Miranda, Gina Pele, Lola Namiko, Nelanie, Warrior Lady of The Wasteland, Natalie Griffin, Maiden of The Aqua, Syrus, Dark Magician Girl, Rey, Lina, Kia, Jenna, Orihime and the Jolteon Gene-Slammer are going to the mall to meet them and we're going to find them in a really unusual place and we're also going battle a robber that is going to try and rob a jewelry shop. Orihime is gonna transform so I'll need the transformation sequence too please. The second rescue for Lincoln is gonna be on the planet Ylesia and that is gonna be awesome to see and we're going to face Raditz and Nico is going to make sure that monster pays for his crimes. The next chapter is for the movie Home On The Range and we're going to meet Maggie and friends and we're going to face Alameda Slim and make that monster pay.

See you all tomorrow

# Home, Home on The Range

(PART 1 - RESCUE/SHOPPING SPREE AT GOTHAM ROYAL YORK MALL)

---

Over at the mall, Me, Eli, Arrietty, Nene, Allie Wilde, Maria, Marie, Nicole Chan, Qin, Erica, Ellie, Lillian, Megan, Nora Venice, Simone, Miranda, Gina Pele, Lola Namiko, Nelanie, Warrior Lady of The Wasteland, Natalie Griffin, Maiden of The Aqua, Syrus, Dark Magician Girl, Rey, Lina, Kia, Jenna, Orihime and the Jolteon Gene-Slammer were there to see what the next rescue is going to be and do some shopping too.

Janelle Kerumma: The next rescue is at the Mall?

Me: Strange having our rescue here. But at least it's closer to home.

Allie Wilde: I wonder who we'll rescue here. I hope it's one of the Crystal Beast Gene-Slammers.

Me: I have a feeling it might be one of them. But while we're here we might as well go shopping.

Missy: Good idea!

Erica: This is gonna be awesome.

Janelle: Boy it sure is.

Janelle concentrated and groaned as her hair fell out.

Nicole Chan: It sure does feel good to be back on Earth to do rescues for a change.

Lola Namiko: I know. We went to many Star Wars Planets for the last 8 days.

Janelle turned into Jolteon!

Simone: It was an amazing series of planets that we went to. Very awesome to see them.

Miranda: Boy those planets were awesome.

Natalie Griffin: Those were awesome to see. Especially during Lincoln's rescues.

Nicole Chan: They sure were.

Eli: I love visiting those planets. They were awesome.

Maria: I know what I'm getting!

We went to the clothing store and we went in and Maria got on an awesome gothic outfit. She looked really badass in it.

Nicole Chan: Wicked outfit.

Maria: Thanks. I've been itching to try gothic attire on.

Natalie Griffin: It looks awesome on you Maria.

Maria came out and a photo montage showed Maria dressed in many great outfits. She was dressed as a sailor, an awesome aqua blue bikini swimsuit (Hubba Hubba), anime dress girl, biker girl and more.

Eli: Awesome!

Simone: Those clothes looked awesome on you.

Miranda: You sure looked awesome in all those clothes.

Maria: Thanks.

We went and paid for the clothes and walked around the mall some more. But then…

?: HELP!

Me: Uh oh!

We went into the rug shop!

Me: It's coming from a rug store?

Eli: We've never been in here before.

Maria: FYI, I still prefer using my blue one piece swimsuit.

Me: I know.

We went in.

Me: Wow look at these rugs.

Eli: Beautiful designs.

Maria: And colorful too.

Natalie Griffin: Very creative and very beautiful.

Gina felt a rug.

Gina Pele: Soft too.

?: Help me!

Eli: There!

We saw an Ehren, Lightsworn Monk sinking into a rug as she was waist deep into it and she had a Crystal Beast Ruby Carbuncle in her arms.

Me: Ehren, Lightsworn Monk and a Crystal Beast Ruby Carbuncle!

Orihime: And they are sinking in a Quickrug?

Me: I saw those on TV. That is strange.

We went over.

Simone: What is a Quickrug?

Me: It looks like an ordinary rug but it's really a magic rug that acts like quicksand.

Simone: Weird and cool.

I flew over and had Ehren grab onto my hand and I pulled them both out.

Ehren: Wow thank you so much.

Ruby Carbuncle: (Southern Accent) We are grateful.

Maria: What's your name?

Ruby Carbuncle: I'm Susanne Crelsley. Pleasure to meet y'all.

Me: Same here.

Maria: Looks like there's no trouble here.

But then suddenly the jewelry store alarm went off and we saw a robber stealing thousands of dollars in jewelry!

Me: Uh oh! Looks like we got a 211 in progress! Lets get him!

Orihime: Yeah!

We went at the robber!

The robber was stealing jewelry and then the spirits of the Red Rangers and Elements of Nature & Space swirled around him and then they came together and then…

KRABBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion blasted behind him and knocked him down and a phoenix cry was heard and we came out.

Me: You drop those jewels now!

Robber: Hey, I'm not here to destroy the mall. I just want the jewels!

Maria: Well, that's a first.

Me: A likely story. But you can explain it to the cops when they get here!

Orihime: That's right!

Suddenly, Orihime's brown eyes turned neon brown, and she was surrounded by an orange energy aura with spirits surrounding her, and as she approached the robber, she left orange energy, spirits, and blue flames with every step. Then, Orihime was surrounded by a massive vortex of orange energy with blue flame and spirits surrounding it, there was a purple phoenix flying around the vortex, and inside the vortex is a purple phoenix. Then, as the vortex faded, Orihime emerged, but she was changed forever.

Orihime grew to 6'0" in height, she had the body of a goddess, she has violet highlights in the bangs of her long burnt orange hair, she has neon light brown eyes and an orange energy aura with blue fire and spirits surrounding her, she has a Shinigami with the Soul Kanji emblazoned on her forehead, she has on Shinigami earrings with the Soul Kanji in its claws and a necklace with a Shinigami holding the Soul Kanji in its hands for the pendant, she has on a sleeveless violet blouse with orange phoenix and blue flames on it, light purple blouse with blue flames and spirits on it, black high heels, and a violet sleeveless trenchcoat with blue flames and spirits on the coattails and a Shinigami on the back of the trenchcoat. She now has a new large sword in her hand called Sword of The Spirit World, it's a large sword with a Shinigami etched on the 6'5" massive, wide, double-edged blade, large violet angel wings for the crossguard, large blue gem for the hilt, longer black handle, large faceted violet sphere pommel with surrounding orange gems, Orihime has large violet angel wings with orange tips on the large violet feathers, her new Bracelets of The Champions of The Universe with violet gems on her wrists, Belt of Elemental Bravery with large violet gem for belt buckle on her waist, and Eater of Sins revolver holstered on her left hip. There's a blue kanji below the Shinigami that said, "Orihime Inoue, Amazing Member of The Soul Society and Team Loud Phoenix Storm, Master of Spirits and Blue Fire, Slayer of Evil, Former High School Student at Karakura High School, and Loving Wife of Ichigo Kurosaki."

井上織姫、ソウルソサエティとチームラウドフェニックスストーム

の素晴らしいメンバー、スピリッツとブルーファイアのマスター、悪の殺し屋、唐倉高校の元高校生、黒崎一護の愛する妻

Orihime has transformed into SUPER ANGEL 750,000,000,000 BLUE FIRESTORM SPIRITUAL ANGEL OF LOVE AND HOPE!

We were amazed by Orihime's Super Angel 750,000,000,000 transformation, but when the robber saw it, he tried to shoot her, but she fired a blast of blue spirit fire, and she disarmed him, and he screamed in pain.

We were amazed!

Me: Whoa! Orihime you look awesome!

Nicole Chan: Yeah you sure do.

We then pulverized the robber all over and we saw that he was really a robber that was wanted all over the country for many bank robberies all over the state and they were all high profile robberies where he stole millions of dollars in jewelry and gold. He was arrested and then I put on my blind man glasses and Eli and Syrus covered their eyes and I snapped my fingers and Janelle and Susanne were reverting back.

Janelle: (regains her hair) Did you enjoy the mall?

Susanne: (Groans) Yeah.

They were back to normal and Susanne was no older than 10 Years Old and Maria gave them both new clothes. Suzanne had a beautiful ruby encrusted dress.

Susanne: Wow this dress is amazing.

Maria: It's for when we found the 1st of the Crystal Beast Gene-Slammers. I figured it would be perfect for you.

Susanne: Thanks Maria.

Eli: Looks like I missed the battle.

Eli came and he had a rolled up round rug on his shoulders.

Me: What kind of rug did you get bro?

Eli: That quickrug from earlier. I figure it would make good practice for me in a jungle simulation rescue.

Nicole Chan: Awesome Eli.

Me: Just be careful with that bro. Also cue Susanne in pain in 3… 2… 1…

But for some reason, nothing happened.

Susanne: Wasn't I gonna turn back?

Simone: It must be because of Ruby Carbuncle wanting to work with you already.

Miranda: Wow that was fast.

Then Susanne was enveloped in a ruby crystal aura and she was fully engrafted.

Susanne: I must be one of the younger Gene Slammers.

Me: You sure are Susanne. Lots of kids around your age group have been slammed. Shows how despicable some people can get.

Eli: No kidding. But you looked awesome as a Ruby Carbuncle.

Ehren: Yeah you sure did look awesome.

Orihime: And lets not forget that I transformed too.

Natalie Griffin: And you did awesome.

Me: And we rounded up a robber. Hard to imagine that he was wanted all over the state for mall robberies all over the place.

Nicole Chan: And he stole millions of dollars in jewelry.

Me: We just happened to be in the right place at the right time.

We went back home and told everyone what happened and they were amazed!

## PART 2: RESCUE ON PLANET YLESIA

---

After dealing with the robber at the jewelry shop, Lincoln, his siblings, Me, Nico, Eli, Nicole, The Z-Fighters and The Saiyans, Vert Wheeler, and Buster Bunny were heading to the planet Ylesia, and not only is Lincoln going to rescue the six girls there, but we got word from King Kai that Raditz is there, and Nico is going to make sure that he pays for his crimes.

Lincoln: Wow, we're on the planet Ylesia.

Me: So, this is the planet Ylesia, it's an awesome tropical world.

Lincoln: And I think I know what we're going to do here, not only am I going to rescue the six girls there, but we got word from King Kai that Raditz is there.

Nico: That's right, big guy, and I'm going to make sure that monster pays for his crimes.

Me: You got that right, Nico.

Buster Bunny: When I heard about it from King Kai, I was quite surprised. But, if this means that we get rid of him for good, then it'll mean the first part of the vow I made will be fulfilled. (Smirks) And wait until he sees the Saiyans here and when he finds out that we were the ones who killed Frieza.

Nico: (Smirks) I've already got a feeling he's already pissed off big time, and he wants revenge on us.

?: HELP!

Suddenly, Lincoln heard the sound of six girls calling out for help. With his deep sapphire blue cyborg eyes and superhuman sight, along with sensing energy signals, he saw and heard where the call for help was coming from. He saw the six girls, but they've been cornered by Raditz, and he's going to kill them.

Lincoln: Guys, I found the six girls, but they've been cornered by Raditz, and he's going to kill them. Let's tear him to shreds.

We then rushed on over, and Lincoln fired a powerful rainbow energy blast at Raditz, and that caused Raditz to back away. When he saw us, he was indeed enraged when he saw us.

Raditz: So, the famous Team Loud Phoenix Storm has finally arrived.

Lincoln: That's right, Raditz, and we're here for one thing: to kill you and make you pay for all of your crimes.

Nico: He's right, and I'm not going to show any mercy to a traitor to the Saiyan Race like you.

Suddenly, Raditz saw that all the Saiyans who were killed long ago were here, along with his father and mother, and this brought a look of shock onto his face.

Raditz: (Shocked) What the…? No, this is impossible! All of you were killed when that asteroid hit Planet Vegeta and destroyed it.

Vegeta: (Smirks) What's wrong, Raditz? You look like you've seen a couple of ghosts.

Lincoln: Actually, there's something you should know before you die, Raditz: The Saiyans were killed by Frieza long ago because he feared just how powerful they were, and he also used and manipulated them with his lies, and made them feared throughout the universe. But, when the truth came out, it was too late, and the Saiyans paid the price. But, J.D. brought the Saiyans back from the dead, and now, they've been redeemed and are now fighting for the side of good, and your sadistic master paid the price for his lies and manipulation with his life.

Bardock: Lincoln's right, and now, it's your turn, Raditz. It's time for you to answer for your foolish loyalty to that conniving monster, and for all those who've lost their lives because of you.

We then unholstered our massive swords from our backs and transformed, and we went after Raditz, and we blasted him with powerful rainbow energy blasts and elemental forces, and we slashed him with our massive swords. Then, Nico, Buster Bunny, who transforms into his newly upgraded Super Angel 750,000,000,000 Blue Sapphire Infernostorm Rabbit Angel of Comedic Justice and Hope, and Lincoln went at him, and they brutally smashed him into the dirt. Then, Lincoln and Buster Bunny slashed off Raditz's arms, and Nico delivers the final blow and slices off Raditz's head, and destroyed him with a powerful rainbow energy blast, and his spirit was Super Hakaied.

Nico: (Divine Echoing Cosmic Elemental Voice of Universal Justice and Hope) **Oh yeah, Raditz, you have failed this universe!**

Lincoln: (Divine Echoing Cosmic Elemental Thundersnow Voice of Justice) **Goodbye forever, Traitor of The Saiyans.**

Buster Bunny: (Divine Echoing Cosmic Voice of The Inferno of Justice) **And good riddance!**

We holstered our massive swords on our backs and powered down. Then, Lincoln and Nicole went up to the six girls, and when Lincoln saw them, he immediately recognized them. The six girls were Arte, Katarina, Lady Irene, Darcia, Veronica, and Daphne from Arte.

Lincoln: Oh wow, it's Arte, Katarina, Lady Irene, Darcia, Veronica, and Daphne.

Nicole: From Arte, awesome.

Lincoln: Are you girls okay?

Arte: Yes, we're okay, thanks to you.

Then, when Arte and the other five girls saw who it was that saved them from Raditz, their faces turned atomic red upon seeing the 16-year-old 7'0" tall, handsome, white-haired, bare-chested hunk with abnormally massive and powerful upper and lower body muscles, eight-pack abs, rainbow colored thunderbird with a gold lightning bolt emblazoned on his forehead, a golden lightning bolt cutie mark with the thunderbird and comic books right on his massive and wide right pec and it was surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature, Light, and Darkness in a circle, a Celtic Cross cutie mark tattoo in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon, surrounded by a circle were the marks of the other girls in Lincoln's harem, and on top is the Earth surrounded by the ring of mermaids on top, a deep sapphire blue kanji on his wider muscular back that said, "Lincoln Landon Loud, Champion and Emissary of Hinon, Master of Lightning Storms, The Weather, and the Thirteen Elemental Forces, Man With A Plan, Golden-Hearted Brother of 16 Siblings, and Golden-Hearted Lover, Father, Son, and Husband", and he had deep sapphire blue eyes.

He had his massive Sword of Taranis holstered on his wider and muscular back, his orange Crystal Saber holstered on his left hip and his Eater of Sins revolver holstered on his right hip, the Pisces constellation and Aquarius Zodiac sign on the back of his neck, large weighted orange bands on his massive biceps and thighs, his large Cuff Bracelets of The Champions of the Universe with large orange gems on his large wrists, massive and indestructible deep blue angel wings surging with powerful super lightning and the stars and blue nebulae reflecting on them, and he was dressed in an orange version of He Man 2002's loincloth with hanging silver lightning bolts and long orange trenchcoat coattails with hanging silver lightning bolts held up by his Belt of Elemental Bravery with large orange gem for the belt buckle on his waist, a pair of large blue pants with gold lightning bolts on the thighs, and large white leather combat boots with gold lightning bolts surrounded by a circle of smaller gold lightning bolts and armor on the toe area, silver Thunder Kanji earrings, a large silver Thunder Kanji necklace on his neck and across his permanently bare chest, large fingerless black gloves with the symbol of The Loud House on it, a large Orange Buffalo Animal Spirit Ring on his left ring finger, large Blue Lantern ring on his right ring finger, and he had eight large orange orbs orbiting around his legs.

Arte: Oh wow, you're Lincoln Loud of Team Loud Phoenix Storm.

Lincoln: That's right, and it's a pleasure to meet you all.

Then, Lincoln made five clones of himself, and he and the five clones of himself went up to the girls, and they picked them up and hugged them in their abnormally massive and powerful muscular arms, and kissed them on the lips, which they returned with equally intense passion, as they wrap their arms around the necks of Lincoln and his clones, as we cheered over the scene.

Arte: (Seductively and rubs her right hand on Lincoln's massive and wide right pec) You too, big, tall, muscular, and handsome.

The girls also met the rest of us, and we returned home to the Estate. We finally got rid of Raditz, but there's still the added problem of Nappa who's still out there, but we'll be ready for him soon, and he will pay for his crimes, as well.

## (PART 3: MORE X-SQUAD TEAMMATES)

After dealing with Raditz, we were watching TV and playing card games. When suddenly from out of nowhere, a portal appeared and out walked Bruce the Goose, Hum Jaws, Dark Faith, Keerat, Lady Looker, Swithblade Vendetta, Sea Monkey, Drill Beak, Numb Skull, Ninj-Arachnid, Glowbug, Silly Billy, Specter, Jiggles the Jellian, Vipes the Techospecter, Shizuka Joestar, Mrs. Pickles, Hippo and Panda-Mania, Uzi Doorman, N, V and J the Disassembly Drones, Tai Lung from Garrett's uiniverse, Crusticoid and Petey the Portly Pig along with Rosa Mortis (Grimm version of Ruby Rose), Freia Noctis (Grimm version of Weiss), Yami Oni (Gtimm version of Blake), Ingis Ravi (Grimm version of Yang) and Selina from Winx Club along with another Mandalorian named Din Djarin along with Grogu.

J (Murder Drones): Garrett!

Garrett: J!

They hugged.

The X Squad got in on the hug too.

Nico: Garrett, how do you know these people?

Garrett: Oh that's right. We have a lot of explaining to do.

They did so and when it was done everyone was shocked!

Nico: WHOA! That's amazing! That explains what that portal was.

Lincoln: That's amazing!

Rita: It sure is.

Lily: No kidding.

?: SHEEEEEEEEEEEEEEEEEEEEEEEEEEEEESH!

?: RAAAGH!

An angel from Evangelion and an Astyanitoran trudged into the room and they went over to Lily.

Lily: Um, I guess these are adorable, in a nightmarish way.

Shanan: An Astyanitoran?!

Garrett: Oh that's Sachiel and Soundwave. They're part of our team.

Lily: I guess they can get along with the other pets.

Lincoln: Me too.

Rosa Mortis: Hello everyone. My name is Rosa Mortis and it's an honor to meet you all.

Yami Oni: Greetings, my name's Yami Oni. A pleasure to meet you.

Ignis Ravi: Sup, I'm Ignis Ravi, nice to meet ya.

Freia Noctis: Hello, I am Freia Noctis. An honor to meet you.

Nico: Pleasure to meet you too. My name is Nico. Nico Chan.

Hum Jaws: (Seadog Accent) Pleasure to meet ya, Nico, don't worry, this old seadog won't hurt ya, I only like the flesh of the scum of the omniverse, along with tax collectors.

I then saw that Freia Noctis had a glasgow smile.

Me: Whoa, why do you have a glasgow grin, Freia?

Anubis 2 appeared as a ghostly figure.

Anubis 2: That's part of what Freia went through J.D. The X Squad were sent to the world of RWBY and Tean RWBY from his universe fought grimm clones of themselves, that defected when Salem gave Freia a glasgow grin for defending Garrett from her wrath.

Most of us gasped.

Me: Whoa! Freia is a true hero. Just like Garrett.

Varie: Amazing! She is a very brave grimm.

Garrett: Yeah, it takes guts to take the hit. Especially if the one hitting you is a suicidal lunatic who wanted to god erase Earth just because she can't even start the process to uninstall life.

Me: I should tell you everything about these new people.

I went over everthing about them was shocked and full of surprise!

Lori: WHOA! That is literally amazing!

Sam S.L.: So she defended someone she didn't know from a lunatic? That's rockin dude.

Carol: It sure is.

Nico: And Freia is just as gifted as you, Garrett.

Garrett: She sure is.

Ignis Ravi: Yeah. But what is this group you're all part of?

Me: We are called Team Loud Phoenix Storm.

I went over the entirety of our adventures and what we have done and so much more.

Rosa Mortis: WHOA!

Dark Faith: That's incredible!

Keerat: (Indian Accent) You guys have done it all over the years.

Me: We've seen it all too. Some adventures were awesome and some were very challenging.

Shizuka Joestar: I feel like this is gonna be weird, but considering what we went through, I'm not surprised.

## (PART 4: MERGING OF ARTE'S WORLD)

After meeting more of Garrett's friends, we were training intensely in the gym doing 100,000,000 reps of crunches, wing push-ups and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 9,000-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds. Then, we got a shower afterwards.

Suddenly, a bright light engulfed the Estate, and we covered our eyes from the bright lights. Then, as the lights faded, we uncovered our eyes. But, to our surprise, we saw that the world that Arte and the girls came from has now merged with ours.

Lincoln: Whoa, Arte, Katarina, Lady Irene, Darcia, Veronica, Daphne, take a look.

When Arte and the girls saw their world has merged with ours, it brought a look of surprise to their faces.

Arte: Wow, our world has now merged with yours.

Lincoln: That's right, whenever I rescue potential future wives for my harem, their world merges with ours, and we also head out to meet their family or friends.

Me: And Arte's world was set in 16th century Florence, Italy, the time of The Renaissance.

Sherlock Hound: (British Voice) Yes, and during that time, it was a time when artists have made their names known throughout the Italian Peninsula, but it was also a time of infighting among some of the Italian noble families and the Catholic Church, and of course, wars throughout all of Europe.

Nico: And of course, those conflicts were really bloody.

We then went to Florence, Italy, and we met with Leo, Yuri, and Angelo, and they were surprised to meet us in person, and when they saw Arte, Katarina, Lady Irene, Darcia, Veronica, and Daphne, they went up to them and hugged them. Then, they got the news that they're now the future wives of Lincoln, and they offered their congratulations, and they know Lincoln will take care of them and he has a massive gold heart and loves his future wives equally along with his family.

We also took a look around Florence, Italy, and we observed many of the buildings here, and we had also learned much of Florence's history, especially of how it played a role as one of the city states of Italy during the time of The Renaissance in the 16th century.

## PART 5: CLYDE'S RESCUE IN PERFECTION, NEVADA

---

After we got back home, it was time for Clyde's first rescue, and he was accompanied by me, Lincoln, Eli, Nico, Syd, Chloe, and Varie. I was piloting a carrier chopper, and we were flying over the small town of Perfection, Nevada, and not only is Clyde going to rescue the girls there, but we're also going to kill the Graboids, the monster worms from Tremors. Ugly and disgusting creatures with a ravenous hunger for anything.

---

**Graboids**, also known as the **Dirt Dragon** or **Tu Lung** in the nineteeth century, are a fictional invertebrate species and the main antagonists of the *Tremors* franchise.

The creatures made their debut in the 1990 film *Tremors*, and reappeared in all of its sequels, *Tremors 2: Aftershocks*, *Tremors 3: Back to Perfection*, and its 2004 prequel *Tremors 4: The Legend Begins* . They were also featured regularly in the series' spinoff *Tremors: The Series*, with El Blanco being a recurring character. A variant was featured in the 2015 film *Tremors 5: Bloodlines, the 2018 film Tremors: A Cold Day in Hell, and the 2020 film Tremors: Shrieker Island* .

Their vocal sound effects were provided by Ezra Dweck in the 1990 film, Joseph Zappala in the 1996 film, Greg Back in the 2001 film, Kevin Fisher in the 2003 TV series, Jake Eberle in the 2004 film, and Ivan Milborrow in the 2015 film.

Graboids are giant, predatory, worm-like cephalopods, which makes them related, albeit distantly, to squids and octopodes. They have no eyes and seem to grow through metamorphosis in the same way butterflies do. They live a larval underground existence, and rely on the sense of earth vibrations to hunt their prey. They also have a beak and many tongues with mouths on them. The worm-like graboids give birth to shriekers which come out of the mother's stomach, killing her. Shriekers have two legs and heat sensors, they give birth by rejecting an egg from their mouth. Shriekers then become ass-blasters which have wings and fly by ejecting fire from the anal cavity. It is believed that graboids are mollusks that originated in the Devonian (some sources even say Praecambrian) period, before the age of dinosaurs. The graboids prey on humans and animals, rising up from the ground to capture them. Both living and dead Graboids are also known to give off a terrible stench.

According to promotional material put out by the Sci-Fi Channel intended for the TV series, the Graboids' official designation places them in the Kingdom *Animalia*, Phylum *Bilateria*, Class

*Cephalopoda*, Subclass *Coleoidea*, Order: *Sepioida*, Family *Vermiformidae*, Genus *Caederus*, Species *americana* . Using the obsolete Linnaean taxonomy, this would, if true, mean that Graboids are most closely related to terrestrial cuttlefish.

Graboids are shown to be ravenous carnivores, always on the hunt for food. Indiscriminate eaters, their diet includes but is not limited to sheep, cattle, horses, donkeys, coyotes, and even humans. They are known to be cannibalistic when the opportunity presents itself, as El Blanco consumed an Ass Blaster in *Tremors 3* . Lacking eyes or a nose, they're shown to hunt by sensing seismic vibrations, which are produced by sounds and movements. Because they are unable to tell the difference between edible and inedible vibration sources they adopt a policy of "eat first, ask questions later", simply swallowing whatever sets off their vibration sensors and regurgitate anything that does not taste good. Inedible objects can be spat out with amazing force, being propelled high into the air. Due to the sensitive hearing they use for underground navigation, Grabboids are so sensitive to sound they *must* retreat from loud explosions, which cause them great pain due to sensory overload. For the same reason, Graboids are unable to hunt during rainstorms. The scientific explanation for this is based on the fact that scientists recently learned that rain is one of the loudest sounds underwater in the ocean.

Graboids are ambush predators, preferring to sneak up on their quarry, though they are shown to chase it down with great determination. They erupt from the ground and use their tentacles to ensnare prey, pulling them into their mouths. The tentacles wrap around the prey, biting into its flesh or hooking the prey with their horn-like spikes. When the prey attempts to flee by climbing, Graboids will simply dig away the earth under the hiding place, undermining it until it collapses or sinks low enough to allow the Graboid to pluck off the hiding prey. When they are unable to break down the prey's hiding spot, the undaunted Graboids will continue circling it like sharks until it ceases making vibrations. Usually, they wait so long the prey dies of dehydration or starvation, i.e. several days.

**The Shrieker**, it is the second life cycle stage of the creatures featured in the series; the Graboid being the first and the Ass Blaster being the next and final. The Shrieker can be seen as a kind of pupa without the immobility, or a nymph even though a nymph would be the young beginning stages for animals (insects) with incomplete metamorphosis, the Shrieker being the middle "teen" stage. And the Graboid species clearly shows a complete metamorphosis. The name "shrieker" was given to the creature by the special effects crew of *Tremors 2* and later introduced to the audience in *Tremors 3* .

Shriekers are asexual, and as such only have one role, make more Shriekers, once they eat enough food they reproduce. When they reproduce the fetus that is attached to the lining of their stomach/ uterus detaches from the lining of this organ. They then open their mouths to the greatest extent and with a good deal of screeching deposit a fetus on the ground the baby immediately begins to stand up also it was observed that it already seem to begin to grow. Kate Reilly theorizes that they must be able to repeat this feat, one becomes two, two becomes four. This is proven in later additions and in the same movie, in fact, it has an unknown number of fetuses lining its stomach/Uterus. The process of giving birth can lead to stress however which will eventually lead to death.

Unlike their previous incarnations, the huge, subterranean and limbless Graboids, Shriekers live on the surface. Much smaller than Graboids, Shriekers are about 4 feet long and 3 feet tall with their jaws pieces about one and a half feet long. While Graboids are worm-like in shape, Shriekers slightly resemble dinosaurs or heavy ground-dwelling birds, having stout, three-toed legs and a compact body. They also have a short, stump-like tail. This tail, as well as some small bulges in the neck, has some orange coloring on it. While its function is unknown it could possibly be the early stage of the Ass Blaster tail and could have the chemicals already present in small quantities; or it could even be used in signaling other Shriekers. The one thing that shows Shriekers are related to Graboids is their skull - just like a Graboid's, it consists of a powerful, beak-like armored upper jaw and a much narrower lower jaw and the mandibles have sharp hooks and serration's, ideal to hold prey. Inside the "beak" is a slightly prehensile tongue that they use to pick up smaller pieces of food or other edible material, they do this by dragging their tongue over the ground. Sometime during their twelve-hour molting it is believed that they lose the ability to duplicate and instead their bodies convert over to being able to lay eggs. After surviving for at least 24 hours, the Shriekers will molt into Ass Blasters.

**The Ass Blaster** is the term for the third and final morph/stage of the Graboid's life cycle, the imago stage, much like how "butterfly" is the term for the imago stage of a caterpillar. A Shrieker having achieved maturity, enters the third known phase of the Graboid life cycle: the Ass Blaster. The Ass Blaster differs from the Shrieker in three significant ways: It possesses wings, has a rocket-like ability to launch itself into the air, and it has the ability to lay eggs. It is considered by some (including Burt Gummer), to be an even larger threat than Shriekers and Graboids due to their heat-seeking abilities and ability to glide after blasting off. This ability to fly is the result off the Ass Blaster's most unique trait in which the Ass Blaster works two chemicals into it's tail section. They come from two separate organs in the body with these, in turn, go to two separate sacs that inflate with the chemicals so that they can mix them in the air and blast off. Once these two chemicals mix, they become volatile and react violently when exposed to the air, creating a lifting explosion. Much like the Bombardier Beetle. Their African Counterpart operates on a slimmer principle.

The Ass Blaster's appearance is slightly different from it's previous Shrieker form and that the body is longer but more slightly built with fin-like wings used for controlled gliding. The skull is far thinner than the last two forms and is a glossy black contrasting with the Ass Blaster's mostly reddish orange body and tan wings. It does not seem to have ears or at least earholes, yet they have some hearing capability similar to the earlier Graboid morph. They are just over six feet long, tip to tail, about three feet high, and have head and jaw about two feet long. The heat-sensing organ is far more compact being like two slits for eyes as the creature visibly looked left, right and down when looking for the movie protagonists. When the Ass Blaster premiered, in *Tremors 3: Back to Perfection*, it resulted from the Shrieker reaching their molting period of 12 hours though there have not been subsequent examples of this. They molt out of the skin of the shrieker leaving it and an orange liquid material left behind. The flame resulting from the Ass Blaster's take off is exceedingly hot, a fact of acknowledged when one of them started to use it to melt the door to Burt's safe room open. This heat also works in their favor if someone tries to tranquilize it, as the sheer heat in the posterior region of an Ass Blaster will neutralize the effects of any tranquilizers to strike its rear end.

---

Clyde: I'm so excited, this is going to be my first rescue.

Lincoln: You said it, Clyde, and we're heading to the small town of Perfection, Nevada.

Nico: (Smiles) Oh, and I think I know what we're doing here, not only are you going to rescue some girls there, Clyde, but we're also going to kill the Graboids, the butt-ugly monster worms from the movie, Tremors.

Me: That's right, Nico. I saw all the Tremors movies, and those Graboids are ugly.

Syd Chang: Yuck.

Varie: Well, we're finally going to get rid of them for good.

Over in Perfection, the people were on top of the roofs of the buildings.

The men are disappointed. That's not what they wanted to hear from Burt. Then Earl perks up and grab the CB mic.

EARL: (into CB) Okay, Burt, listen. Forget shooting them. Tell me this: can you get to your truck?

BURT: No problem.

EARL: Good. You've got the only truck in the valley that can make it up that damn jeep trail. So, here's the plan: You and Heather go for help. Get to the mountains…

But Rhonda interrupts, pointing urgently from the water tower.

RHONDA: Hey, guys! They're up to something.

Val, Earl and Miguel rush to the edge of the roof and look down where she's pointing - A creature is running its tentacles along the building's foundation. It's a strange, more studied movement than we've seen before.

VAL: (to Rhonda) What's it doing?

RHONDA: Why do you all keep asking me?

They all stare nervously down as the tentacles feel their way along the wall, moving toward a corner of the building. Suddenly Miguel spots something down the next wall.

MIGUEL: Hey, there's another one coming!

Another set of tentacles is feeling along the adjacent wall. The two creatures meet at the corner, their tentacles touching rather like ants' antennae. They they submerge; tentacles zipping into the earth. Nothing happens for a moment. Then the corner of the building suddenly heaves up a couple of feet. Clapboard siding splits. A warped window shatters. (We don't see the creatures, only the effect of their shoving from below). The men nearly lose their balance. Then the corner sinks back down.

EARL: What the hell was that all about?

Nancy and Mindy are still huddled on the roof. They don't make a sound. They're startled when the house suddenly groans and tilts as creatures give it a tentative shove. Nancy and Mindy frantically cling to the peak of the smooth roof. The picture windows shatters. We hear beams POP and CRACK, dishes CRASH off shelves. The front screen door swings open. At last the house slowly settles back down. The men are watching Nancy's house tensely.

MIGUEL: They weren't making no noise. Why they bothering them for?

VAL: (mind racing) They're studying the buildings… trying to figure them out.

Rhonda chimes in from the water tower.

RHONDA: Yeah, they're confused. They can feel our vibrations, but they can't find us.

VAL: They're working together, too.

EARL: Yeah, like they got a plan…

BURT: (V.O.) Breaker there, Earl. What do you want us to do?

EARL (into CB) Hang on, Burt. The bastards are up to something.

The worms were starting to think.

Val: Burt, Heather, I'm afraid we got problems.

Minutes later, Burt's car was sucked down into the ground.

Heather Gummer: Val, we're going to have to forget about the truck…

VAL: (into CB) Yeah, Heather, we got you.

They've hit rock-bottom. They sit in helpless, desperate silence. Over on the storage shed roof, Melvin is losing it.

MELVIN: Hey, you better think of something, man! You gotta do something!

EARL: Who?

MELVIN: You and Val, man!

Miguel nods in agreement. Val and Earl stare at him, incredulous.

VAL: What?! Since when the hell's every goddamn thing up to us?!

RHONDA: (flatly) You guys do all the odd jobs.

Val just stares at her. Then - CRASH! The store shudders, creaks, and groans. The creatures are back. One corner of the store lifts up, beams splintering. Then another corner lifts up! The roof tilts like the deck of a storm-tossed ship. From now on the monsters shake and ram the building almost constantly. Hanging on tight, the men peer over the edge.

EARL: We don't have a hell of a lot of time here.

Meanwhile, Rhonda tries her desperate best to be logical.

RHONDA: Look, the situation hasn't changed. We still have to get to solid rock. There must be some way!

VAL: (shouts, angry) Like what?! There's nothing left that'll make it to the mountains!

MIGUEL: Hey, Val, quiet, man!

Earl: Doesn't matter now they know we're here.

VAL: We need a helicopter is what we need, or a goddamn tank!

Mindy: Guys look up there!

They looked to where Mindy was pointing too and sure enough they saw and even heard a helicopter. It was us and we were piloting the Carrier Helicopter.

Val: It's a Carrier Helicopter! (On the radio) Burt can you see who driving that helicopter?

Burt used Heather's binoculars and she looked and saw our symbol.

Heather: (On the radio) You're not gonna believe this Val. It's Team Loud Phoenix Storm's helicopter!

Val: Team Loud Phoenix Storm is here everyone!

They all cheered wildly.

We all saw Perfection, Nevada.

Me: That must be Perfection right down there.

Nico: Wow it's no bigger than a small village.

Eli: Tiny place.

Me: And way out in the middle of the boondocks.

Eli: Yeah.

Me: Get ready to get everyone on board.

We then arrive at Perfection, Nevada.

Me: LETS MOVE!

We began boarding any survivors. We got Burt and Heather Gummer, Earl Bassett, Valentine McKee, Rhonda LeBeck, Melvin Plugg, Nancy Sterngood, Miguel, Mindy Sterngood and Nestor Cunningham all on board. Mindy was the girl Clyde was gonna rescue, but we also saw the ground moving, and we knew what it was: The Graboids were on the move to get all of Perfection.

Me: Here they come! FIRE!

Then, we fired a massive barrage of powerful rainbow energy blasts at the Graboids, which hits them and they exploded with incredible power, and the ground blew out the tons of guts of the Graboids, and the Graboids were all killed and obliterated for good.

YUCK!

Then, when Mindy saw that Clyde was the one that saved them all from being worm food by those Graboids, she gave Clyde a kiss on the lips, and he had a lovestruck look on his face and eyes.

Lincoln: (Smirks) Alright, way to go, Clyde.

Nico: (Smirks) Your first successful rescue and you've also rescued some new potential future wives for your harem, and we got rid of those butt-ugly Graboids for good.

Me: And now, we're rid of the Graboids for good. But, you know, I'm going to be spending a lot of time cleaning up the carrier chopper.

Lincoln: Yuck, you're not kidding, it's all covered in Graboid blood and guts.

Nico: Yeah no shit! But just to be on the safe side we should use our magic to beam all the Graboids all over the world to the sun.

Me: Good idea.

I snapped my fingers and did so and they were all now extinct and dead!

We returned to the Estate, and we told everyone what we've done: Clyde rescued a new future wife for his harem, and we got the survivors out of Perfection, Nevada, and we destroyed the butt-ugly Graboids for good, and we also explained it to Clyde's Dads, and none of them fainted, in fact, they were really proud of what Clyde's done. Perfection was unfortunately left completely destroyed. But thankfully we got most of the people out. Val and Rhonda then shared a kiss after that.

## PART 6: HOME ON THE RANGE

Later we were taking Erica and Crow on a blind date.

Erica: So a secret admirer wants to meet me?

Metal Man: Yep. At the movie theater!

Erica: Ooh which movie are we gonna go see?

Nico: You'll see Erica. It's a surprise.

Me, Akiza, Yusel and Eli were also having Crow blindfolded.

Crow: So who am I going to see at the movie theater?

Me: You'll find out shortly Crow.

We had them in the theater and we took off their blindfolds and they saw each other.

Erica: Crow? You're my blind date?!

Crow: Erica? You're my blind date?!

Linka: (to Nico) Nico, you better hope Erica and Crow don't pummel you for this.

Nico: They won't.

Me: If they do it was nice knowing you.

Nico: (Sarcastically) Thanks a lot.

We were watching the movie It's A Wonderful Life from 1946.

G1 Slug: Me Slug love Christmas movie!

Me: This was one of my dad's all time favorite movies when he was growing up.

We got to watching the movie.

* * *

On Christmas Eve 1945, in Bedford Falls, New York, George Bailey contemplates suicide. The prayers of his family and friends reach Heaven, where Angel 2nd class Clarence Odbody is assigned to save George in order to earn his wings. Clarence is shown flashbacks of George's life. He watches 12-year-old George save his younger brother, Harry, from drowning, but lose hearing in his left ear. George later prevents the distraught town druggist, Mr. Gower, from accidentally poisoning a child's prescription.

George plans a world tour before college and is reintroduced to Mary Hatch, who has a crush on him. The attraction is now mutual. When his father dies from a stroke, George postpones his travel to settle the family business, Bailey Brothers Building and Loan, which avaricious board member Henry Potter, who controls most of the town, seeks to dissolve. The board members vote to keep the Building and Loan open if George runs it. George acquiesces and works alongside his uncle, Billy, giving his tuition to Harry with the understanding that Harry will run the business when he graduates.

But Harry returns from college married and with a job offer from his father-in-law. George resigns himself to running the Building and Loan. Following their wedding, George and Mary witness a run on the bank, and use their honeymoon savings to keep the Building and Loan solvent.

Under George's leadership, the company establishes Bailey Park, a modern housing development rivaling Potter's overpriced slums. Potter offers George $20,000 a year to be his assistant, but, realizing that Potter's true intent is to close the Building and Loan, George rebuffs him.

During World War II, George is ineligible for service because of his deaf ear. Harry becomes a Navy pilot and wins the Medal of Honor for shooting down a kamikaze plane headed for a troop transport. On Christmas Eve 1945, as the town prepares a hero's welcome for Harry, Billy goes to the bank to deposit $8,000 of the Building and Loan's cash. Billy taunts Potter with a newspaper headline about Harry, but unintentionally wraps the envelope of cash in Potter's newspaper. Potter finds the money but says nothing, while Billy cannot recall how he misplaced it. With a bank examiner reviewing the company's records, George realizes scandal and criminal charges will follow. Fruitlessly retracing Billy's steps, George berates him and takes out his frustration on his family.

George appeals to Potter for a loan, offering his life insurance policy as collateral. Potter says George is worth more dead than alive, and phones the police to arrest him. George flees, gets drunk at a bar, and prays for help. Suicidal, he goes to a nearby bridge, but before he can jump, Clarence dives into the river. George rescues him.

When George wishes he had never been born, Clarence shows him a timeline in which George never existed. Bedford Falls is now Pottersville, an unsavory town occupied by sleazy entertainment venues, crime, and amoral people. The druggist, Mr. Gower, was imprisoned for manslaughter since George did not prevent him from poisoning the pills. George's mother reveals that Billy was institutionalized after the Building and Loan failed. Bailey Park is a cemetery, where George discovers Harry's grave. Since George did not save Harry, Harry did not save the soldiers on the transport. George finds that Mary is a spinster librarian. When he claims to be her husband, she screams for the police and George runs away.

Convinced that Clarence is his guardian angel, George begs for his life back. The original reality is restored, and a grateful George rushes home to await his arrest. Mary and Billy have rallied the townspeople, who donate enough to cover the missing $8,000. Harry arrives and toasts George as "the richest man in town." George receives a copy of The Adventures of Tom Sawyer as a gift from Clarence, with a note reminding George that no man is a failure who has friends, and thanking him for his wings. When a bell on the Christmas tree rings, George's youngest daughter, Zuzu, explains that it means that an angel has earned his wings. George, his family and friends sing "Auld Lang Syne" as they celebrate Christmas Eve.

---

The movie was so awesome.

Nico: I hope you two aren't mad at me for this.

Crow: Nah. I'm just happy that I finally have a girlfriend.

G1 Rampage: That's a relief.

Nico: It sure is.

Erica: But it was really sweet of you to hook us both up Nico.

Me: It sure was Erica. You and Crow are perfect for each other.

Crow: Are we really?

Me: Yep.

Later we were getting ready for our next mission.

Numbuh 274: Nico, now that another of the Quantum Girls has a boyfriend, it's your turn to lead.

Nico: I know and I have just the mission for us. We're gonna go meet Maggie and her friends from the movie Home On The Range.

Nico held up the case for said movie.

Laney: Awesome! I'm looking forward to this one.

Me: Awesome! Me too. That must mean we're going to face Alameda Slim.

Nico: Yep.

Then Shade, Gearhead, Grizzly, The Dark Turtles, Abra Kadabra, Batroc the Leaper, U-Foes, Wrecking Crew, Hank Scorpio and Yenaldooshi then appeared.

Grizzly: Can me, Shade, Gearhead, The Dark Turtles, Abra Kadabra, Batroc the Leaper, U-Foes, Wrecking Crew, Hank Scorpio and Yenaldooshi go with you guys?

Nico: You all sure can. We're going to the world of Home On The Range.

Wrecker: Awesome! I love that movie!

Hank Scorpio: Me too. Those cows in that movie were awesome.

Nico: Yep. First we're going to watch it.

Piledriver: Awesome! And Crow, Erica congratulations on becoming a couple.

Erica: Thanks.

Bulldozer: Signer of Black Winged Dragon and Tyrannosaurus Gene-Slammer. Very awesome matchup.

Crow: Yep.

We got to watching the movie.

---

In 1889, Maggie is the only cow left on the Dixon Ranch after a wanted cattle rustler named Alameda Slim stole all the rest of Mr. Dixon's cattle. Dixon has no other choice than to sell Maggie to

Pearl Gesner, a kind, aging woman who runs a small farm called Patch of Heaven. Sam Brown, the local Sheriff arrives to tell Pearl that her bank is cracking down on debtors. Pearl has three days to pay the bank $750, or her farm will be sold to the highest bidder. Hearing this, Maggie convinces the other cows on the farm (Grace, a happy-go-lucky character, and Mrs. Calloway, who has had leadership go to her head) to go to town to attempt winning prize money at a fair. While the cows are in town, a bounty hunter named Rico (whom Buck, the Sheriff's horse, idolizes) drops a criminal off and collects the reward. Stating he needs a replacement horse to go after Alameda Slim while his own horse rests, he takes Buck. When Maggie finds out that the reward for capturing Slim is exactly $750, she convinces the other cows to try to capture him to save Patch of Heaven.

That night, they hide among a large herd of steers, when Alameda Slim appears. Before any of them can do anything, Slim begins a yodeling song which sends all the cattle (except Grace, who is tone deaf) into a trance that causes them to dance madly and follow Slim anywhere. Grace is able to bring Maggie and Mrs. Calloway back to their senses just before Slim closes the path behind him with a rock-slide to stop Rico and his men from chasing him. As Rico discusses with his men what his next move will be, Buck starts talking with Maggie, Grace, and Mrs. Calloway as old friends and miming actions. This causes Rico to believe Buck is frightened by cows, so he sends Buck back to the Sheriff. Buck escapes, determined to capture Slim for himself to prove his worth.

Maggie, Grace, and Mrs. Calloway continue their search for Slim, determined to pass Buck and get to Slim first, but they have a fallout when they lose the trail in a flash flood. Mrs. Calloway accuses Maggie of wanting to go after Slim only as a personal vendetta, arguing that she and Grace are better off without Maggie. The three spend the night under a large rock, with Maggie deciding to leave the next morning while Grace and Mrs. Calloway decide to return to Patch of Heaven to say their final farewells. The next morning, however, they are awakened by a peg-legged jackrabbit named Lucky Jack, who has also lost his home, an old mine, to Alameda Slim. Maggie decides to go after Slim with Lucky Jack in tow, but Grace convinces Mrs. Calloway that they help. Lucky Jack leads the three cows to Slim's lair in Echo Mine. At the mine, Slim reveals that he has been stealing all cattle from his former patrons. When his former patrons can no longer support their land, Slim buys the land when it is auctioned off, under the guise of the respectable-looking Yancy O'Dell, using the very money he gets from selling the cattle he stole.

After arriving at Slim's lair, the cows capture Slim. They run off with Slim's accomplices and buyer in pursuit on a steam train. Rico arrives. When the chase stops, Rico is revealed to work for Slim. Crushed by this, Buck decides to help the cows and fights Rico while setting the other cattle free. Slim dons his Yancy O'Dell costume and leaves the cows stranded in the middle of the desert with the train, while he goes to attend the auction. However, the cows arrive using the train to the farm and expose Slim. Slim is arrested, and Patch of Heaven is saved by the reward money.

A few weeks pass, and at the county fair, most of the livestock on Patch of Heaven have won prizes. Lucky Jack moves in with Jebb the Goat, and two steer and Slim's charming and gentlemanly steed Junior the Buffalo arrive unexpectedly to live at Patch of Heaven, expanding the farm.

---

We were laughing our heads off at some of the funny parts. Slim had a bounty of $750 dollars on his head. Pennies in comparison to what we have. But today in our current economy it would be worth tons more. When the movie was done we cheered wildly.

Nico: Awesome and funny!

Laney: It sure was.

Applejack: YEEHAW! That was a funny movie.

Me: It sure was. One sec.

ZOOM!

I went to my room and I came back dressed in my cowboy clothes.

(THE GOOD THE BAD AND THE UGLY THEME PLAYS)

Me: (Cowboy Accent) Lets wrangle us up a no good outlaw pardners.

Nico: Now you're talking!

We were off to Utah.

---

We arrived in Utah.

Thunderball: Is this the right place?

Totally Spies Timmy: It has to be.

Nico: Patch of Heaven Farm in Utah.

Eli: Nice place.

Nico: Yep. Lets head over to meet Maggie.

We went over to the cow pasture and we saw Maggie and her friends Calloway and Grace!

Maggie (HOTR): Well tickle my horns and call me steak and biscuits! Team Loud Phoenix Storm! What an honor to meet y'all.

Me: Pleasure to meet y'all too little lady.

Calloway: It's great to meet y'all.

Grace: Same here.

Wrecker: This is a really nice farm.

Piledriver: Yep. Almost as nice as Applejack's.

Maggie (HOTR): Thank y'all kindly. It's amazing.

Applejack: Just as nice as my family's farm.

Apple Bloom: It sure is amazing.

Laney: I think so too.

Sideways: Wait. I seem to remember that you have a horse friend named Buck.

Bulldozer: Where is he?

Maggie (HOTR): He's around.

Buck then came.

Buck: Well fancy my hooves. Team Loud Phoenix Storm, it's an honor to meet ya.

Nico: Same here Buck.

Me: Nice to meet ya pardner.

Dark Leo: Does Pearl know you guys talk?

Dark Don: If she doesn't, then it's a miracle that she doesn't know yet.

Maggie (HOTR): Well she does know we talk now.

Me: That's amazing for ya.

Broccoli Guy: Anyway, you guys must be wondering why we're here.

Dark Raph: (holds up poster) We're here because of him!

Me: We're going to cash in on that bad sidewinder.

Laney: And we're going to use the money to have the farm put into the Apple Family's protection.

Applejack: Not a bad idea Laney.

Maggie (HOTR): That's a fantastic idea y'all.

Nico: Thanks.

Batroc the Leaper: You guys have dealt with him before, right?

Dark Mikey: Of course they have!

Maggie (HOTR): Yes we have and we put him in prison.

Nico: Awesome.

Me: We're going to enjoy tearing that monster apart when he comes.

Nico: And I know just how we can make an awesome entrance. J.D. you thinking what I'm thinking?

Me: Entrance after showdown at high noon? You read my mind pardner.

Buck: You know what the sad part is? My idol Rico was in cahoots with Slim!

Eye Five: (pats Buck on the back) I'm very sorry, Buck.

X Ray: It's not easy finding out that your hero is actually the associate of a villain.

Nico: Take it from some of us. We've seen that happen before.

Eli: Yeah that was awful.

Me: Makes those monsters ornery sidewinders that deserve to be buried at boot hill.

Nico: J.D. you have been watching way to many cowboy movies.

Lana was eating something.

Laney: What are you eating there Lana?

Lana: M.R.E.

Lily: What is an M.R.E?

Nico: It's what the military eats. Meals Ready to Eat.

Clyde: Burt gave me a few of them when we rescued all of the people of Perfection.

Nico: Right! I remember.

Lana: They're really good.

Vector: Can I have some of that?

Vapor: I'd like some too!

Clyde: I brought enough for us all.

Clyde pulled out a scroll and unsealed a bunch of M.R.E.'s.

Nico: They're freeze dried meals. Ever eat Astronaut Ice Cream?

Lola: That's different.

We got to eating them and I had one that tasted like cheese spread.

Nico had one that taste like tomatoes.

Lincoln had one that tasted like toilet paper.

Lincoln: Ew! This tastes like toilet paper!

Lana: That's what I got bro.

Nico: Well it's freeze-dried meals Lincoln. You never know what you'll get.

Lincoln: Hm.

Gulper: Do these include Soda?

Ironclad: (chuckles) You and your soda, Gulper.

Me: He sure likes those bubbly refreshments.

Rarity: He sure does.

Applejack: But these are good. (Eats an M.R.E.)

Shade: How long do we have before Slim gets here?

Eli: Let me see. (Uses the Force to find him) He'll be here in 15 minutes.

Laney: Looks like we are going to spring a trap for him.

Nico: Better be ready for him when he comes.

Me: Varmint not called a dangerous cattle rustler for nothing.

Swift Foot: What about his yodeling?

Nico: His yodeling is nowhere near as good as some people.

Me: Not in the least.

Abra Kadabra: Will any of the cows be affected by his yodeling?

Nico: Not while we are here. We're going to make sure they don't get swiped by him.

Nico used his magic and put up an anti-yodeling barrier around their ears.

Me: Fancy that. Nice work pardner.

Nico: Thank you.

Crimson saw something.

Crimson: There he is.

Nico: Get ready.

Everyone got ready and I was waiting like Clint Eastwood.

Riding in came ALAMEDA SLIM!

---

Alameda Slim is the main antagonist of Disney's fourty-fifth full-length animated feature film Home on the Range. He is Maggie, Grace and Mrs. Calloway's archenemy.

Alameda Slim is a feared, wanted cattle rustler who is said to be capable of stealing five thousand cattle in one night. He has the ability to entrance cattle through his yodeling, which he utilizes in his thefts. Slim has Rico as his enforcer, his nephews, the Willies as his assistants, and Mr. Wesley as one of his clients.

He was voiced by Randy Quaid, who also played Elijah C. Skuggs in Freaked, Nick Laemle in Parents, and Sheriff Mike Collins in Hard Rain.

At the beginning of the film, Alameda Slim targets the Dixon Ranch, home of a brave cow named Maggie (the protagonist of the film). All of the cattle disappear in one night, leaving only Maggie on her own. As a result, her ex-owner Abner Dixon is forced to sell Maggie to a small farm called Patch of Heaven, and heads out west for a new start. In a way, Slim is the reason Maggie lives on Patch of Heaven. Later, Abner's ranch is bought by Yancy O'Del (Slim in disguise). As a result of his numerous thefts, it is revealed that a seven-hundred and fifty dollar reward is out for the capture of Slim, which Maggie, Mrs. Calloway, and Grace, decide to claim in order to save their farm from foreclosure.

Later, Alameda Slim commits another theft, and his unique technique is revealed. Alameda Slim is able to hypnotize cattle through yodeling. He captures all of the cattle and takes them to his lair, located in an old mine named "Echo Mine". At the mine, Slim reveals that he had once been a talented farm hand, but had been repeatedly fired (It is hinted that this was because his employers hated his yodeling ("singing")). As revenge, Slim has been using his abilities to steal the cattle of his former employers, and sells them.

When the ranches are put up for auction, he uses the money to buy the property, under the name Yancy O'Del. At that moment, one of the Willies moves from his spot of the couch, revealing the location of the Patch of Heaven farm on his map of ranches (the farm is shown to be the exact shape of the minion's head and had never been seen before because it was always blocked). Upon learning from the Willies that the farm is being put for auction for Thursday, Slim decides to buy the farm under his alter ego's name.

Later, Slim's assistant Mr. Wesley arrives to make cash out of the stolen cattle. Wesley buys the cattle, and Slim uses the ill-gotten money to buy the now-bankrupt farm he stole the cows from. The Willie Brothers finish counting the cows they captured, stating that the total is 4,997. Wesley tells him that they are supposed to be 5,000. Slim tells him that one of his nephews just miscounted, but he hears Grace's moo and sees her by the entrance and decides to bring her to him. Slims begins to yodel at Grace not knowing that she is immune to his hypnosis. When Slim sees Grace not even respond to his yodeling, he is completely confused, so he decides to confront the cows head on. However, Slim is captured by Maggie, Grace, and Mrs. Calloway, who plugged their ears to avoid his yodeling. The cows headbutt Slim, sending him into a mine cart. Lucky Jack (the jackrabbit who helped the cows reach Echo Mine) then whacks Slim in the face with a pot, knocking him unconscious. A chase between the cows, the Willies, Buck and Rico ensues throughout the mine. Soon, Slim regains consciousness - just in time to see to his horror that he has headed straight for the train, and all groups collide with it.

An enraged Slim grabs the three cows and ropes them and prepares to place them on the train. He then reveals that Rico is actually a mercenary working for him, to Buck's disappointment and heartbreak. Rounding up the three cows, Slim obtains the money and attends the auction of Patch of Heaven under his O'Del identity, attempting to buy the farm.

However, the cows escape thanks to Buck, and they manage to finish off Rico, Wesley and the Willies before freeing the rest of the cattle. The cows later use Wesley's train to head back to the farm, where they throw Slim in a chimney of the train and expose him to Sheriff Sam Brown and Pearl Gesner, who are both are horrified that the man who is buying the farm is the wanted outlaw in disguise.

Refusing to accept defeat, Slim tries to yodel, but Maggie throws her cowbell and Grace kicks it into his mouth, gagging him and freeing Maggie and Calloway from the hypnotic yodeling spell. The Sheriff binds Slim and gags him with a cloth. Eventually, Slim is then put into a police car and taken to jail, still unsuccessfully trying to untie himself as he is about to face trial for his crimes.

---

He got off his horse.

Alameda Slim: Well looks like no one is here. Time for my claim!

BANG!

A bullet hit the ground by his feet!

Alameda Slim: Who fire that!?

I blew smoke out of the muzzle of my gun and put it in my holster and I had my eyes hidden by my hat. I raised my head. I was puffing a peppermint candy stick like a cigar.

(THE GOOD THE BAD AND THE UGLY THEME PLAYS)

Me: (Clint Eastwood Voice) That would be me pilgrim.

Alameda Slim: Who might y'all be?

Me: Name's Knudson. (Puffs peppermint stick and blows out smoke that turns into a phoenix) James Dean Knudson. And I'm calling you out.

Yenaldoshi: This is gonna be good!

Nico: Shh.

I walked up to him. Wind blew and dust blew around and a tumbleweed rolled behind us and bells tolled.

I looked at him with hatred ready to blast him and he looked at me.

Alameda Slim: DRAW!

BANG!

I fired a bullet into his leg and blew his ankle open.

BANG!

I then blew his gun out of his hand. Then the spirits of the Avengers and Seekers of Nature came out and swirled around Alameda Slim and then they converged behind me and then…

KRABBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion went off behind me and a phoenix cry was heard and everyone came out.

Nico: Alameda Slim we're taking you in and you're going to hang at dawn.

Alameda Slim: I got a few tricks up my sleeve!

Khybon: Here it comes!

Slim started yodeling.

But his yodeling didn't affect us or the cows.

Alameda Slim: What!? Why isn't it working!?

Nico: Boy are you stupid. I put up a magical barrier that prevents your yodeling from affecting the cows here.

Me: And also there's a bounty on your head that we're going to collect.

Alameda Slim: Doesn't matter! I'm gonna buy that farm no matter what!

Gearhead: You're too late. A few hours after we came here, Applejack bought it. As of right now, all of this land belongs to her. And she, along with the rest of us, want you gone!

Applejack: That's right! So make like a stampede of cows and clear out of here!

Alameda Slim: Never!

Me: Looks like you're gonna heading for the last roundup then!

Then Six Gum Gang, Nergal, Kangor, Trap Jaw, Beast Man, Unicorn, Killer Shrike, The Mummy, Femme Fatale and the

Rowdyruff Boys appeared.

Nico: Six Gum Gang, Nergal, Kangor, Trap Jaw, Beast Man, Unicorn, Killer Shrike, The Mummy, Femme Fatale and the Rowdyruff Boys

Runt: This sure is a perfect spot for the 5 of us.

Lunk: Don't forget the rest of our buddies!

Goof: I sure didn't.

Me: Fancy seeing y'all in these here parts.

Dixie: Love the cowboy talk J.D.

Nico: He watches way too many cowboy movies.

Nergal: Is it true that Applejack bought this farm?

May: Of course it is.

William: We couldn't let it fall into Slim's dirty hands.

Kangor: (Jamaican Accent) Good thinking, mon.

Trap Jaw: (to me) Heard you went to the mall this morning.

Me: Sure did.

Beast Man: Get anything good there?

Me: Indeed we did. Rounded up nice clothes for Maria and went to the Saloon for a nice round of viddles on me.

Maria: It was awesome. And we met Ehren and Susanne here. Found them sinking in a Quickrug.

Nergal: A Quickrug?

Eli: A rug that acts like quicksand.

Nergal: Wow!

?: That is crazy!

A figure came out and it was SEE MONSTER from episode 21 of Season 3 of Mighty Morphin!

---

See Monster was created by Finster. Finster created See Monster by order of Rita. Rita then sent him to Earth. See Monster attacked the Rangers. See Monster wore raincoat. Under his trench coat were his numerous eyes and he could fire energy blasts from his many eyes. His beams caused headache to the Rangers. The Rangers summoned Shogun Zords and See Monster temporarily retreated. Then Rita and Zedd sent See Monster to Angel Grove and enlarged him. The Rangers formed Shogun Megazord and battled the monster. The fight was equal, Megazord reflected the beams of See Monster. But then Rangers blasted him with snow like blasts. He was eventually destroyed by Fire Sword.

---

Tommy Oliver: See Monster!

See Monster: Been a while rangers.

Me: Fancy that! I remember y'all. You were sent by Rita to destroy them Rangers.

See Monster: That's right J.D. Good memory.

Me: Never missed one episode.

William: So, do you have underwater abilities?

See Monster: No. Why do you ask?

May: Well, your name is Sea Monster.

See Monster: No. It's See Monster! You know? Because of all my eyes.

Maria: I see. Sorry. It's a little confusing with your name and all.

See Monster: Forget about it.

Me: Very confusing title for ya.

See Monster: It happens. We also have a new recruit for you.

A figure came out and he was surfing on a rainbow and it was Roy G. Bivolo A.K.A. RAINBOW RAIDER!

---

**Roy Bivolo**, nicknamed " **Rainbow Raider** " by Caitlin, is an antagonist in the first season of *The Flash* . He is a meta-human, having gained the power to manipulate emotions.

He is portrayed by Paul Anthony.

Entering the bank, he takes controll over everyone in the bank. While everyone goes berserk, Bivolo enters the vault and steals half a million dollars. He leaves before the Flash arrives and Barry is left to save the civilians from killing each other. As the money has a tracker, the police eventually find Bivolo by use of the tracker and when Barry is informed, a SWAT team is already advancing on him. When cornered by the SWAT, Bivolo causes one of them to feel anger and the SWAT member turns to shoot at the rest. The Flash arrives in time to save the men. The SWAT member is then shot and taken down by Oliver Queen, who alongside the rest of his team has come to Central City to get help in the search for Captain Boomerang. They are however too late to stop Bivolo who escapes in the chaos.

Oliver later gives Barry the name of the meta-human he's tracking. He also trains Barry to be more observant instead of just blindly running into situations. Next to training Barry, Oliver also decides to help Barry in the hunt for Bivolo.

Traffic cameras eventually catch Bivolo entering a building and Barry decides there to go without Oliver. When arriving there, Bivolo is already expecting him, claiming that at the bank he saw in Barry's eyes that Barry would continue to search for him. The Flash grabs Bivolo and pushes him against a wall, but Bivolo's sunglasses fall down in the process. He looks at Barry and manipulates his emotions. Though Barry and the rest of the team initially think that Barry is unaffected, it quickly turns out that Bivolo is not only able to manipulate anger but emotions in general. Due to Barry's metabolism, Bivolo's power works slower on Barry. However, the team fears that this only leads to Barry's anger piling up and that this would only cause Barry to eventually explode even more. This is indeed proven true when Barry attacks Eddie Thawne. Oliver tries to stop him, which leads to a fight between Barry and Oliver. Though Barry seems to be defeating Oliver, Oliver eventually manages to grab hold of Barry and Wells and Joe arrive in a van and, by showing Barry a sequence of flashing colors manage to free Barry from Bivolo's influence.

Bivolo is was eventually defeated by the combined forces of the Flash and the Arrow and imprisoned in the Particle Accelerator prison. Bivolo's control over Barry causes the CCPD to create a task force to stop the Flash as he is now deemed a danger.

When Harrison Wells, revealed to be Eobard Thawne, reactivates the particle accellerator, Barry and his team are forced to move the meta-humans they imprisoned as they would be vaporised by the accellerator elsewhise. They decide to move them to the A.R.G.U.S. facility on Lian Yu. As the CCPD refuses to provide an escort, Barry is forced to team up with Leonard Snart. To move the meta-humans, the team gasses them with a knock out gas and moves them in a truck. During the journey, the meta-humans slowly wake up, unable to use their power.

During the journey, Mardon and Nimbus argue and a fight almost ensues. It's prevented when the truck arrives at the airplace. However, as Snart had previously tampered with the device preventing the metas from using their powers, they soon realise that they can use their powers again. Mardon creates a thunderstorm and the airplane intended to bring the metas to Lian Yu is hit by lightning and crashes. The metas then escape from the truck. While Joe opens fire at the metas, Nimbus becomes gas and attacks Barry whereas Shawna quickly flees the scene. Bivolo uses his power to force Caitlin to attack Cisco while Simmons shoots his lasers at everyone moving. While Barry evades Simmons, Mardon strikes him with a lightning bolt. Before Simmons can finish Barry, he is shot in the face and killed by Snart's cryo-gun, as Snart claims that Simmons owed him money. When Bivolo tries to use his powers on Snart, he is stopped by Lisa who aims her gun at his head.

Snart then adresses the remaining metas, telling them that he made it possible for them to escape. He advises that any of them goes their seperate way, but tells them to remember who saved them from being shipped to Lian Yu. The metas then leave the scene.

---

Me: Well I'll be dipped in ink and let loose in a coal mine! Roy G. Bivolo who is also Rainbow Raider!

Rainbow Raider: That's right. Pleasure to meet you all and I chose Catherine Lancaster as my archenemy.

Catherine: (British Accent) I'm honored!

Nico: Lets get it on!

We got the usual battles underway.

Right Suzuki (ToQger), Applejack, Apple Bloom, Elemental HERO Grand Neos, Earth Skylanders, Numbuh 1, Numbuh 362, Disk Wars Heroes, Akira Nijino and Numbuh 274 VS The Six Gum Gang - Rescue at the mall and Applejack buying the farm before Slim could

---

The Six Gum Gang was first.

Wilbur: (to Right) Hard to believe there was a rescue at the mall.

Dixie: At least Applejack bought this farm before Slim could.

Right Suzuki: That's true and it was in the mall of all places which was really cool.

Applejack: And it sure was good thinking of me to buy the farm.

Apple Bloom: It will make an amazing addition to the Apple Family.

Dixie: It sure will and I see y'all have them Elemental Heroes in each group.

Elemental HERO Grand Neos: J.D. said that it's gonna be part of an experiment he has planned for each group. I think this is an excellent idea.

Flashwing: I agree with you there and it's perfect for each group that governs the elemental forces of nature.

Numbuh 1: It sure is awesome.

Numbuh 362: Boy I'll say. It's great.

Akira Akatsuki: It sure is and I think it's perfect for the matchups.

Jessica Shannon: I agree. Also one of these days we should find Wasp an archenemy. She is the only one of the Avengers that doesn't have one.

Disk Wars Wasp: I agree there Jessica.

Goof: We'll have to think of something on that one.

Runt: But J.D. sure did an amazing High Noon Showdown against Slim. He has a great draw like the famous Annie Oakley.

Chris Taylor: He sure is fast with that.

Ed Grant: Nico says that he watches a lot of cowboy movies.

Noriko: But he is awesome like that.

Hikaru Akatsuki: This was one awesome adventure though.

Wilbur: I'll say.

Lunk: Lets get it on!

They fired waves of earth, rock, crystal and energy and smashed them all down.

Right Suzuki: That was awesome!

Applejack: YEEHAW! That was great!

---

Nergal was next.

Nergal: (to Blake) I heard Lincoln had a rescue on Ylesia. Is it true that he fought Raditz there?

Blake: It sure was and Raditz is a Saiyan like Nico is.

Nergal: That's true but it's really disappointing that he would turn out like the way he did.

Princess Luna: It most sure is.

Moondust: He gives all brothers everywhere a really bad name. But what shocked me is that Goku took a blast from Piccolo that skewered both Goku and Raditz at the same time. Goku made the ultimate sacrifice to get rid of Raditz. What honor.

Snowdrop: That was a massive sacrifice.

Nergal: He is a true hero.

Gari: Yeah he sure is and Goku died I think twice. One against Raditz and the second against Cell.

Elemental HERO Dark Neos: That's right and that is amazing that he did that. He is a true hero and friend to all.

Blackout: And a great teacher to J.D. and to many.

Grim: (Jamaican Accent) He most sure is mon. We're proud to all be

Goku's students.

Billy: That's true.

Mandy: What an amazing hero to us all. He saved the world many times like J.D. and all of us have.

Right Suzuki: Goku was all about testing the full extent of his limits against the most evil and most powerful of all adversaries and he even brought those that threatened the world and the universe down.

Akira Nijino: A true hero and a true warrior.

Nergal: That is right. Lets do it!

ToQgers: TOQ CHANGE!

NOW TRANSFORMING! PLEASE STAND BEHIND THE WHITE LINE!

In a rainbow flash of light they transformed!

Randy Cunningham: It sure was awesome to see him go on an amazing rescue like that too!

Princess Celestia: I thought it was so fun! But those Graboids were gross and ugly.

Kangor: I watched the Tremors movies a long time ago mon and those worms were gross.

Spotlight: Yeah and I don't think Lana would want to eat those kinds of worms. She may like worms but those were prehistoric worms that have been around since the Earth's infancy.

Elemental HERO Glow Neos: Precambrian Worms would not fit her very well. Especially if they have eaten people.

Static: You're not kidding there. That would be awful tasting.

Ant Man: You got that right.

Cybertron Menasor: (Irish Accent) I agree with you there too lad.

Kangor: No kidding there mon. Lets do it!

Sydney: You said it. But seeing all the planets from Star Wars is really amazing and they have amazing landscapes and sceneries.

Pinkie Pie: They sure are amazing! And it's really cool to see so many amazing landscapes.

Featherweight: They sure are amazing.

Elemental HERO Chaos Neos: Those planets are incredible. And we've only begun to scratch the surface of how many planets there are all over the galaxy and the universe.

Sprocket: Who knows how many planets are really out there. It could be an infinite number.

Joe Shimamura: That is true. And we've all been to so many different planets that are really awesome.

Trap Jaw: They sure are cool. What did Ylesia look like?

Sydney: It was a tropical jungle planet and home to the Reeks. Those creatures that look and act like rhinoceroses.

Trap Jaw: Wow that is cool! Lets do it!

They fired waves of gears, metal, lightning and energy and smashed him down.

Sydney: Right on!

Pinkie Pie: BEST USUAL BATTLE EVER!

Rarity: It most sure is darling and I think they have amazing qualities.

Sweetie Belle: I think the farm will make a perfect addition and expansion for Sweet Apple Acres.

Elemental HERO Aqua Neos: I agree there. It would be perfect for helping the Pear Family get back together too as well as bring both families together too.

Gill Grunt: That's not a bad idea and Applejack and Apple Bloom's families are both Apple & Pear.

He-Man: I agree there. After everything that happened with both families they deserve to be brought back together.

Buzzoff: I agree there and it would be awesome for them.

Beast Boy: You said it there. Lets do it!

Sheila: He sure did use that talk there and that was so awesome.

Rainbow Dash: Even though J.D. watched way too many cowboy movies, he sure makes an amazing and awesome cowboy.

Scootaloo: Boy he sure does! I think it's so awesome.

Elemental HERO Air Neos: I agree there. It's amazing that all that knowledge on Cowboy movies came in handy for these situations.

Whirlwind: And it fits really perfectly for all this too.

Spiderman: I'll say and I love good cowboy scenarios.

Emerald Goldenbraid: Boy me too. It's awesome.

Unicorn: It sure is. Lets do it!

Skyla: That's true. But it was an amazing sight to see.

Killer Shrike: It sure would be. Lets do it!

They fired waves of energy, magic and wind and smashed him down.

Rice: OH YEAH!

Twilight Sparkle: That was amazing!

Elemental HERO Lady Heat: That would be funny to see. I think it would be awesome to see the criminals and people we hate get humiliated by eating chum.

Stealth Elf: That would be awesome. I think the last Icky Vicky rant to close out the year would be perfect for that.

Everyone agreed.

Amethyst: Now that would be an awesome sight to see.

Alexis Rhodes: I agree with you there and that would be the perfect group too.

Sunset Shimmer: It sure would. I call that group The Masters of The Crystal Beasts of The 7 Colors of the Rainbow.

Femme Fatale: Ooh not a bad idea.

Pip-Squeak: (British Accent) It has a most amazing ring there.

Elemental HERO Flare Neos: It sure does and that is a really good idea.

A figure came out, and it was none other than Rufus Shinra, the vice president of the Shinra Electric Power Company and son of President Shinra.

Nicole: So, the vice president of the Shinra Organization has finally shown himself at last.

Nico: So, we've approached the calm before the storm. Cloud, what can you tell us about Rufus Shinra?

Cloud Strife: You won't like what I'll tell you about him, Commander.

Cloud Strife proceeded to tell us about Rufus Shinra, and we weren't going to like him one bit.

Rufus Shinra

Rufus Shinra is the vice president of the Shinra Electric Power Company through Before Crisis -Final Fantasy VII-, Crisis Core -Final Fantasy VII- and Final Fantasy VII, and the president through most of Final Fantasy VII. He is President Shinra's son. He is a major antagonist during Final Fantasy VII and an important supporting character on a majority of its expanded universe.

In Japanese, Rufus's name is usually written ルーファウス (Rūfausu?), however the Final Fantasy VII Official Establishment File writes ルーファス (Rūfasu?) on the title of his page, which is more analogous to the pronunciation of the name "Rufus". The rest of the guide uses the correct name when referring to him. However, there are three instances of dialogue with two men in Kalm who use ルーファス (Rūfasu?). Both characters also use the correct name in other dialogue.

Profile

Appearance

Rufus is a young man with short blond hair and blue eyes. He wears a similar outfit in all his appearances: a white business suit with a matching jacket over a black shirt. In Final Fantasy VII Remake, many new details are added to his suit: his jacket is now folded over akin to a trench coat, and he wears a tie, with a dark gray dress shirt. He wears hakama-styled pants; the pant legs have a fitted interior and a baggy exterior that skirts over with buttons down the front pleat. Belts drape around his wrists and waist akin to himo straps and overall suspenders, and several hang loosely over his long skirt. His weapon of choice is a double-barreled sawed-off shotgun.

For the majority of Final Fantasy VII: Advent Children, Rufus covers himself with a long white sheet. His clothing is more simplified, and wears a white leisure suit with a white dress shirt over a black dress shirt, a leather cuirass-like waistcoat that doubles as a bandolier for his shotgun, and black leather dress shoes.

## Personality

Rufus is initially portrayed as an enigmatic schemer who does not hesitate killing his enemies. He has no love for his father and plotted to overthrow him, having funded the fledgling eco-terrorist group Avalanche to pressure the president's deposal from behind the curtain. While Rufus shares his father's goals in cementing the Shinra Company's hold on the world, he believes fear is essential to control the populace and even sets up a public execution both to win favor and reassign blame for the company's larceny. Convinced that everything that the Shinra Company produces belongs to him, Rufus taunts Cloud Strife in the remake by claiming that he owns him. Rufus acts fearless even in the face of formidable opponents, always having backup should things go wrong.

Between the events of Final Fantasy VII: On the Way to a Smile, Final Fantasy VII: Advent Children and Dirge of Cerberus -Final Fantasy VII-, Rufus witnesses firsthand the damage the planet sustained due to Shinra's actions. His near-death experiences and time spent seeing what happens on the ground due to his company's actions have softened him. Now speaking in a kinder tone, desiring redemption for his misdeeds, he acknowledges Shinra's part in desecrating-if not nearly decimating-the planet. Wishing to do his part in fixing it, despite Cloud and Avalanche's hand in Shinra's collapse, Rufus shows them no ill-will and tells Cloud about Kadaj and his group despite Cloud rejecting his offer to work together. He retains a manipulative edge by attempting to use Cloud's adopted orphans to get him to cooperate. He displays a sarcastic sense of humor by commenting "a good son would have known" to Kadaj when revealing what he's been concealing under the white sheet he always cloaks himself with.

Rufus is hinted to be the one funding the World Regenesis Organization in Dirge of Cerberus, but still wishes for Shinra to have a dominant hand in world affairs. The city of Edge is built using Shinra's resources, and Rufus had a monument to Meteor placed in the city center to secure Shinra's ownership of Edge in the citizens' minds.

## Story

### Pre-presidency

In Before Crisis -Final Fantasy VII- Rufus is the main financier for the eco-terrorist group Avalanche, and feeds them information. Along with the other Shinra executives, Rufus takes part in meetings and strategy, and has special access to his father, personally discussing key issues as the second-in-command. Rufus has no interest in the planet's fate while funding Avalanche, rather, he is using the organization to take power from his father. It becomes clear Shinra has a traitor, but initially the informant's identity is not known.

The Turks capture Rufus during the attack on the Old Corel and use him as leverage with President Shinra to save their commander, Verdot, and his daughter, Elfe, the commander of Avalanche. President Shinra saves him while the Turks are out searching for the support materia to cure Elfe and attempting to rescue Verdot. Before the Turks were ordered to be executed for insubordination, Rufus has them spared since Tseng "assassinated" Verdot and Elfe. Rather than being executed or relieved of his position for the attempt of his father's life, Rufus is placed under house arrest within the Turks' hidden headquarters. His absence is covered up as an "extended assignment overseas".

Though Rufus is not seen in person in Crisis Core -Final Fantasy VII-, an email from Kunsel to Zack mentions that Rufus has been promoted to vice president and corporate officer, and had departed on a "long-term business trip", the details unable to be disclosed for "security reasons".

## Original continuity

### As Shinra president

During Sephiroth's attack on the Shinra Building in Midgar, the Shinra executive Palmer contacts Junon for help. Rufus responds by taking a B1-Alpha Helicopter to Midgar, arriving just after Sephiroth has killed President Shinra. Rufus confronts Avalanche atop the Shinra Building and declares himself as Shinra's new president and his intent to control the planet's populace through fear. Cloud, a mercenary hired by Avalanche, remains to hold Rufus back while the others escape. Rufus battles him using a double-barreled sawed-off shotgun and is accompanied by a guard hound. After seeing he cannot win against Cloud, Rufus falls back to the helicopter.

Rufus decides to pursue Sephiroth and Shinra forces follow his trail across the planet, Rufus traveling with an entourage of Shinra executives. A parade is held on his honor in Junon, celebrating him as the new Shinra president. Unknown to Shinra, Cloud and the rest of Avalanche, who had escaped the Shinra Building in Midgar, partake in the festivities with Cloud disguising himself as a Shinra foot soldier, and is among the soldiers who perform a routine for Rufus's send-off on a cargo ship.

The cargo ship travels from Junon to Costa del Sol, and while Rufus stays in the cabin discussing matters with Heidegger, the head of Shinra's military affairs, Avalanche stows away on the ship disguised as crew. Mysterious events transpire with many crew members killed, and after docking in Costa del Sol, it is determined Sephiroth was onboard alongside Avalanche. Rufus admonishes Heidegger for his failure to catch on to the stowaways before flying off on another helicopter.

Shinra's main airship, the Highwind, is not ready for flight, and after receiving intel that Sephiroth is heading for the Temple of the Ancients, Rufus decides to seize Cid Highwind's Tiny Bronco airplane for faster travel. Cid eagerly expects Rufus's arrival as he mistakes his visit for an announcement of re-launching Shinra's space program, but when he hears Rufus wants his plane he becomes outraged and refuses. Cloud's crew helps Cid escape in the Tiny Bronco, but Rufus has his men shoot it down.

When the Highwind is ready to take off Rufus, Scarlet and Professor Hojo fly to the planet's north pole to investigate the North Crater. They run into Avalanche in a place covered in materia, Shinra deeming it to be the fabled promised land, a land told in Cetra legend to be a land full of Spirit Energy. Rufus and the other Shinra executives are forced to flee when the Weapons emerge from the crater when Sephiroth summons the Meteor, but in the chaos they capture two Avalanche members: Tifa and Barret.

Rufus wants to have the two publicly executed to help calm the panic from the looming Meteor. His plans are foiled when Sapphire Weapon attacks Junon and blasts a hole in the gas chamber, Tifa and Barret escaping on the Highwind that has been stolen by Avalanche.

Determined to not give up, Rufus plans to destroy Meteor with the Shinra No. 26 rocket and send in the Shinra Army to the North Crater to kill Sephiroth in the Great Sephiroth Plan. The plan to blow up the Meteor fails, but Rufus has the Sister Ray mako cannon moved from Junon to Midgar to destroy the barrier surrounding the crater that protects Sephiroth. As he launches the cannon, Diamond Weapon approaches Midgar and fires at the metropolis. The salvo of attacks hits on-level with the president's office from which Rufus was overseeing the operation. Due to the damage no one can reach the office to find a body, so he is presumed dead and Shinra descends into chaos. Scarlet and Heidegger go rogue, but are killed by Avalanche, and the Turks abandon their objectives. The opening of Dirge of Cerberus -Final Fantasy VII- reveals that Rufus survived, and was loaded into a helicopter during Meteorfall.

Post-crisis

Rufus and the Turks are the central characters in On the Way to a Smile "Episode: Shinra". Rufus escaped death in Diamond Weapon's attack by using a hidden tunnel his father had built for when Rufus would need it and took refuge in Kalm. Mütten Kylegate takes Rufus prisoner while the Turks are away and interrogates him. Rufus reveals his plan to construct the city of Edge in the east of Midgar, using the remains of the fallen buildings and the corrupted roads.

After Kilmister helps him escape, Rufus helps him recover Professor Hojo's research from Midgar to learn the origins of Geostigma, a new disease that now plagues the populace, which Kilmister knows is connected to Jenova. Though Kilmister is eventually killed, Rufus still orders the Turks to locate Jenova's remains and keep them safe from being used by others.

After Meteorfall, many began referring to Rufus by the unflattering nickname of "Doofus Shinra".

## Geostigma crisis

In Final Fantasy VII: Advent Children, Rufus invites Cloud to see him. He has been under the Turks' protection for two years, living with them in the Healen Lodge. He appears wheelchair-bound, and covers himself with a white sheet to supposedly hide his Geostigma, as he appears to be in the disease's final stages. Renouncing his past cruelty, Rufus explains the near-death experience opened his eyes to the truth and that he now desires to undo the chaos his company had brought onto the world. The Turks' search of the North Crater after Sephiroth's defeat yielded no result, but they were interrupted by Kadaj and his gang. Rufus tells Cloud everything he knows about them, offering Cloud to work with him. Cloud refuses, and despite Rufus nearly persuading him by reminding Cloud of the orphans he now helps take care of, Reno's sudden reminder that together they would rebuild Shinra prompts Cloud to leave.

Cloud, his friends, Rufus and the Turks fight the remnants of Sephiroth, Sephiroth's avatars born from the lifestream who want to reunite with Jenova's remains so Sephiroth can be reborn. Rufus meets the remnants' leader, Kadaj, several times as he is looking for Jenova, but feigns ignorance of the being's whereabouts. Kadaj brings his possessed horde of Geostigma-infected children to Edge to find Jenova and summons Bahamut SIN to tear down the Meteor monument Shinra had erected, presuming Jenova's remains being hidden there. As Rufus and Kadaj watch the showdown from a tall building, Rufus removes the sheet and stands up. The progression of his Geostigma is not nearly as advanced as he had pretended, the sheet instead having concealed Jenova's remains from Kadaj of which Rufus had been holding onto the whole time.

Rufus throws Jenova's container off the building's ledge. When Kadaj plunges after it, Rufus follows suit and pulls out his shotgun and shoots at the box. He is caught in the net thrown by Tseng and Elena, but Kadaj collects Jenova's remains, upset the container was damaged. Kadaj escapes to the ruins of Midgar where he absorbs Jenova's remains to become Sephiroth, but is defeated by Cloud and dissolves back into the lifestream.

Rufus is cured of Geostigma when Aerith Gainsborough calls down healing rain, prolonging the life of the Shinra family and his chance for further redemption.

In the new opening scene for Advent Children Complete, after Kadaj asks Rufus why mankind bothers to constantly rebuild after destroying everything they make, Rufus says people rebuild to "gild the past" and rid themselves of a recent problem. Kadaj assumes Rufus means Geostigma, something he says Shinra brought upon the planet. Kadaj says Rufus fears the past. Rufus objects, and says it is simply because he is forgetful. Rufus also explains to Cloud that Sephiroth's will in the lifestream is what causes Geostigma, rather than the mako energy, as the populace believes.

## Deepground conflict

It is hinted in Dirge of Cerberus -Final Fantasy VII- that Rufus is secretly funding the World Regenesis Organization headed by Reeve Tuesti, who had a feeling his mysterious benefactor was someone who owed "a debt to the planet" (nearly quoting Rufus's words to Cloud from Advent Children word for word). His signature white jacket is seen in the opening of Dirge of Cerberus as Rufus is being loaded onto an emergency transport while Yuffie is evacuating a sector of Midgar during Meteorfall.

## Remake continuity

During Cloud, Barret and Tifa's infiltration of the Shinra Building to save their friend Aerith, Rufus contacts Tseng of the Turks, prompting Reno and Rude to retrieve him via helicopter. As they approach the Shinra Building, they down the Avalanche HQ helicopter sent out to extract Barret Wallace's cell from the roof of the building. Cloud, a mercenary working with Avalanche, tells the others to escape while he stays behind to deal with Rufus. Rufus is amused at Cloud's bravado and remarks that Cloud's former affiliation with SOLDIER, Shinra's elite military force, means that he owns him. Cloud overpowers Rufus and his guard hound, disarming Rufus of his guns, and Rufus retreats via helicopter.

Rufus returns after Avalanche escapes the building and officially takes over the position of CEO, as his father, President Shinra, has just been killed by Sephiroth. Although unfazed over the murder, the mysterious happenings, Sephiroth's return from the dead and Cloud and his friends' involvement trouble Rufus. The building is swarmed by flying cloaked beings, puzzling Rufus further, especially when no one else seems able to see them. When Heidegger addresses him as VP Rufus ignores him, until Tseng calls to him with "President", annoying Heidegger.

---

When Cloud Strife was finished, we were disgusted by Rufus Shinra's crimes.

Me: What in tarnation!? Rufus' crimes and personality remind us all too well of the Evil Sasukes we've been killing.

Nico: You said it, Colonel, along with what happened with Chandler before you removed his dark side.

Chandler: Yes, and when I look at him, I'm reminded of what my dark side forced me to do, and just like Dark Chandler, Rufus Shinra has no love for anyone except himself.

Kion: Exactly, and I've had it with Rufus to last an eternity.

Suddenly, Kion's orange-brown eyes turned neon amber, and he was surrounded by a red and gold energy aura with flames and lions surrounding him, he then unholstered his Defender of The Circle of Life Keyblade from his back, and as he approached Rufus Shinra, he left red and gold energy, flames, and lions with every step.

Kion: Rufus Shinra, the crimes you have committed against the innocent can never be forgiven, in the name of The Lion Guard and Team Loud Phoenix Storm, you are hereby sentenced to death for your evil deeds.

Then, Kion let out a loud roar as he was surrounded by a massive vortex of red and gold energy with flames surrounding it, there were lions running around the vortex, and inside the vortex was a gold phoenix. Then, as the vortex faded, Kion emerged, but he was changed forever.

Kion gained an anthropomorphic form and he grew to 7'0" in height, he now has abnormally massive and powerful upper and lower body muscles and eight-pack abs, he has beautiful neon orange-brown eyes and a red and gold energy aura with flames and lions surrounding him, he has a longer mane of red hair with golden highlights, he has a lion holding the Fire Kanji in its paws emblazoned on his forehead, he has on lion earrings with the Fire Kanji in its paws and a necklace with a lion holding the Fire Kanji in its paws for the pendant across his bare chest, he has the Mark of the Night Pride on his right shoulder and it was in the same colors as The Mark of The Guard. Kion has massive gold angel wings with red tips on the large gold feathers, and his tail grew a little longer.

Kion has on his new large cuff Bracelets of the Champions of The Universe with red gems on his wrists, and he also has on the same clothes as Me, Lincoln, Lynn Sr., Liam, Duke Lincoln, Loki, Loni, Luke, Lane, Larry, Leif, Lexx, Levi, Leon, Bobby Santiago, Lynn Jr., and Timon, but his version of He Man 2002's loincloth is red, he has on long red trenchcoat flaps with lions and flames on the coattails held up by his new Belt of Elemental Bravery with large red gem for the belt buckle on his waist, and his Eater of Sins revolver holstered on his right hip, he has large red weighted bands on his large biceps and thighs, large black jeans with orange flames on the legs, and large black leather ankle-high combat boots with silver armor on the toes. The massive, wide, double-edged blade of Kion's Defender of The Circle of Life Keyblade grew to 6'5" in length and it turned red and the long black handle grew a little longer.

Kion had a lion and phoenix with flames tattooed on his wider and more muscular back. There's a red kanji right below the lion and phoenix that said, "Kion, Courageous Leader of The Lion Guard, Loving Son of Simba and Nala, Loving Brother of Kiara and Kovu, Loving Grandson of Mufasa, Protector and Defender of The Pride Lands, Friend to Many, Slayer of Evil, Protector of The Circle of Life, Destroyer of Scar's Dark Ambitions, and Master of Fire and Lions."

キオン、ライオンガードの勇気あるリーダー、シンバとナラの愛する息子、キアラとコブの愛する兄弟、ムファサの愛する孫、プライドランドの保護者と擁護者、多くの友人、悪の殺し屋、生命の輪の保護者、スカーの暗い野心の破壊者、そして火とライオンのマスター

Kion has transformed into SUPER ANGEL 750,000,000,000 PRIDELANDS FIRESTORM LION ANGEL OF JUSTICE AND HOPE!

We were amazed by Kion's Super Angel 750,000,000,000 transformation, including all of our friends from the Pride Lands. But, when Rufus Shinra saw it, he fell into a murderous rage.

Simba: Whoa, Kion's transformed?! That's so awesome!

Nico: You got that right, Simba. (To Kion) Kion, how do you feel?

Kion: (Divine Echoing Cosmic Voice of The Firestorm and Jungle Justice) **I feel incredible, Commander, and now, I'm going to put an end to this monster once and for all.**

Simba: Son, show that Shinra mook no mercy!

Kion: **With pleasure, Dad.**

Kion went at Rufus Shinra, and he fired powerful blasts of red and gold energy, fire, and lions made of pure fire, and they explode with incredible power as they hit Rufus Shinra. Then, he slashed at the heartless Shinra vice president in the chest with his Keyblade and claws, and he'd screamed in pain. But, the pain got even worse when Kion slashed off Rufus Shinra's arms.

Kion: **And now, this is the end for you, Rufus Shinra. LION PRIDE FIRESTORM FURY!**

Kion fired lions made of pure fire, and as they pounced on Rufus Shinra, they tore him limb from limb, and his body was burned to ashes, and his spirit was Super Hakaied forever. We cheered wildly for what Kion did as he holstered his massive Defender of The Circle of Life Keyblade on his wider and more muscular back and powered down, and his new body, clothes, weapons, jewelry, and angel wings were permanent.

We then went up to Kion, and hugged him.

Me: Boy howdy, Kion, that was so awesome!

Kion: Thanks, J.D. And now, tomorrow, we approach the final act.

Simba: That's right, son. Once word reaches President Shinra of Rufus' death, it'll draw him out and he'll be wanting revenge on us.

Nico: But, the one thing waiting for him is Judgement Day.

Simba: You got that right, Commander, and I'll make sure President Shinra pays dearly for what he's done, and we'll make sure the Shinra Organization is reduced to eternal ruin.

We then set our sights on Alameda Slim.

We went at him and pulverized him all over.

Abby Llores: I can't wait to see the asshole we're beating up this time!

Me: I have a feeling that it's someone that we know all too well.

Adagio Dazzle: This is gonna be good.

Aria Blaze: But where are we?

Eli: This is the planet Valo.

Me: Wow. So this is the planet Valo. It's a beautiful forest planet.

Maria: Yep. But wasn't there a terrible battle that happened here a while back?

Eli: Yep that was the Attack on Valo.

Eli told us all about it.

---

The attack on Valo, also known as the attack on Lonisa City, occurred during the High Republic Era when the Nihil attacked the planet Valo. The Galactic Republic had been holding the Republic Fair on the planet, with visitors from across the galaxy. The attack left Valo devastated, with hundreds of thousands of deaths.

---

When he was done we were shocked!

Me: That was terrible!

Sonata Dusk: No kidding! That was nuts!

Adagio Dazzle: That was crazy.

Missy: It sure was.

Abby: I hope we have a lot of buttkicking fun on this one.

Abby concentrated and groaned as her hair fell out.

Nicole Chan: We're gonna have a lot of fun here though.

Abby turned into HITMONCHAN!

Ellie Singh: Oh yeah!

Lynn Sr.: I'm honored that you guys would bring me along for one of your rescues.

Me: It's really fun Mr. Lynn.

Maria: It's hard to believe that attack actually happened. It's very peaceful out here.

Me: It sure is peaceful.

Eli: But yeah that was a terrible event.

Simone: You're not kidding there. That was horrible.

Miranda: No kidding. That was awful.

Sonata Dusk: Yeah.

Eli: Wait I sense something coming. It's someone that we know and despise all too well. His name starts with an F and ends with a P.

I immediately knew who Eli was talking about.

Me: Oh no. Flip! I thought he died after I blasted him in his face with my blue fire farts!

Maria: What's he up to this time?!

Eli: No idea but that cheapskate just doesn't know how to take a hint!

Simone: Who is Flip?

Me: Right some of you don't know about him. He was the owner of the local grocery store called Flip's Food and Fuel and he was someone that had a lot of dark secrets and shady activity.

I told them everything about what he did about how he poisoned kids with Angel Dust ingredients, turned the whole store into a living cesspool by washing his socks in nacho cheese, was a total slob, made the beef jerky out of roadkill, conned people out of their hard earned money with scams and everything and even bootlegged his business with many names and more and I also told them that Flip was a freak of nature! One of his legs is super-strong (presumably not his left leg because it broke in "House Flip").

His heart is in his abdomen, and when he gets a heartburn, it's felt in his actual heart.

He can burp out of his ear, and his burps can wilt plants.

He can hold his breath for five minutes at a time.

He has a high tolerance for the cold.

His liver is in his neck.

He has gills on one of his legs.

He has two butts.

When he gets a brain freeze, he feels it in his knee.

When I was done everyone was shocked!

Nicole Chan: Whoa man!

Gina Pele: He is a monster and a freak! Literally!

Lynn Sr.: And I don't know what I was thinking having him as a friend.

Me: I know. Lets go.

We went to find him and then we found him in a temple.

Maria: Alright. What's that asshole doing?

Me: We're about to find out.

We went to a ruined building and we heard cackling.

Flip: (Greedy Laughter) I will be rich after I get back to Earth! This stuff will be worth a fortune!

KICK!

I kicked the door down.

Me: All right there Flip! You're under arrest and going back to prison where you belong!

Flip: Uh J.D.! (Lying) I was just looking for stuff to eat.

Me: Yeah right. As if I'll believe an ugly bearded freak like you after everything you did.

Maria: What exactly are you planning?

Flip: Uh Nothing!

Me: Yeah right. We heard you were going to take these parts and sell them for millions. We were right outside this building and we heard you blab it all.

Simone: You sure like to open your big mouth don't you, you 3-butted freak.

Me: Also how would you like another bit of this!?

I pointed my butt at him.

Me: FIRE IN THE HOLE!

FFFFFFFFFFFFFFFAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAA

I fired a blast of blue fire from my butt and it hit Flip in his stomach and burned him all over.

Sonata Dusk: I don't know about you guys but I've had enough of this guy to last an eternity.

Aria Blaze: Same with me.

Adagio Dazzle: Me too.

Suddenly, the purple eyes of Adagio Dazzle, Aria Blaze, and Sonata Dusk turned neon, and they were surrounded by an orange, purple, and blue energy aura with music notes and light surrounding them, and as they approached Flip, they left orange, purple, and blue energy, light, and music notes with every step. Then, Adagio Dazzle, Aria Blaze, and Sonata Dusk were surrounded by massive vortexes of orange, purple, and blue energy with light and music notes surrounding them, there were ponies and a unicorn running around the vortexes, and inside the vortexes were an orange, purple, and blue phoenix. Then, as the vortexes faded, Adagio Dazzle, Aria Blaze, and Sonata Dusk emerged, but they were changed forever.

---

Storms were building above us and it was raining. The Sirens were singing their divine song and Flip's Negative energy was pouring into us and making us more powerful.

We were amazed by the Super Angel 750,000,000,000 transformations of Adagio Dazzle, Aria Blaze, and Sonata Dusk. But, when Flip saw it, he screamed and tried to run for it. But, Lynn Sr. formed a massive wall of grass with vines and plants ready to fire at him.

Lynn Sr.: You're not going anywhere except for prison, you ugly cheapskate mutant!

Me: YOU TELL HIM MR. LYNN!

Flip: But Lynn we're friends! You wouldn't hurt a friend would you?

Lynn Sr.: A friend? No. You? YES!

POW!

He punched Flip in his face and sent him crashing into the ground.

Then he fired his plants and they slammed and smashed him all over the place.

Maria: Now is when we get backup.

MAMMOTH TRUMPET!

We heard a mammoth trumpet and then…

KRASMASH!

A Crystal Beast Amber Mammoth smashed through the back of the wall and smashed into him and sent him flying and smashed him into a tree and then the tree fell down and then…

CRASH!

It crashed right on top of Flip!

Erica: OUCH! He's gonna be feeling that in the morning!

Allie Wilde: No kidding!

Crystal Beast Amber Mammoth: You're not kidding there. Sorry my name is Sandra Thompson and it's awesome to meet you all.

Me: Wow you're the 2nd of the Crystal Beast Gene-Slammers we have met.

Crystal Beast Amber Mammoth: That's right.

A figure came out and it was Lana, Lightsworn Prophet.

Me: Wow! Lana, Lightsworn Prophet.

Lana, Lightsworn Prophet: That's right and it's an honor to meet you all.

Ellie Singh: Same here.

Later Adagio, Aria and Sonata reverted back and their clothes, jewelry and weapons were permanent and then, Eli, Syrus and Lynn Sr. covered their eyes and I put on my blind man glasses and I snapped my fingers and Abby and Sandra were reverting back.

Abby: (regains her hair) Nice job taking Flip down!

Sandra: Thanks. (Loses her trunk) It was cool.

They were both back to normal and Sandra had her amber jewel embedded in the middle of her forehead and Maria gave them new clothes and they looked awesome.

Sandra: Wow these clothes look amazing and the dress goes perfect with my powers now.

Eli: It sure does and you still have your jewel in the middle of your forehead too.

Eli showed her a mirror and it was true.

Sandra: Wow! I look cool with an amber jewel in the middle of my forehead.

Adagio Dazzle: You sure do.

Me: And Amber is fossilized tree sap. It's an organic jewel.

Sandra: Neat.

Me: And cue Sandra being in pain in 3… 2… 1…

Sandra: (holds head in pain) At least Flip isn't conscious to laugh at me!

But then she suddenly glowed in an orange aura.

Crystal Beast Amber Mammoth: (Speaking through her Jewel) Sandra I am not going to have you transform, Instead I'm going to give you the full extent of my powers and give you the abilities I have.

Sandra: Wow you would do that for me Amber Mammoth?

Crystal Beast Amber Mammoth: I sure can. You are my friend and you are now a part of Jesse's team of Crystal Beasts as well.

Sandra: Thank you Amber Mammoth.

She was fully engrafted with Amber Mammoth's power.

Nicole Chan: Who was she talking to?

Me: Crystal Beast Amber Mammoth. He was talking with her spiritually.

Nicole Chan: Wow.

Sandra: That was awesome. Lets get that cheapskate back to prison for you all.

She went over and lifted the tree off him effortlessly and she carried him on her back.

Simone: Wow! You have super strength now.

Me: Mammoths were strong creatures thousands of years ago. But this was an awesome rescue.

Aria Blaze: Yep.

Sonata Duck: Lets head home.

Me: Good idea.

We went back to Earth. Flip was put back in prison for good and he was cursed with a fate worse than death: Eternal Life Without Eternal Youth.

---

After throwing Flip's butt back in prison, Lincoln, his siblings, Me, Nico, Eli, Nicole, The Z-Fighters and The Saiyans, Applejack, and Buster Bunny were heading to the planet Tuffle, and not only is Lincoln going to rescue the seventeen girls there, but we're also going to face the vengeful Tuffle parasite, Baby, who was reported to be there by King Kai. Lincoln formed purifying rains and they freed some of the people that were put under Baby's control and they were beamed to Earth.

---

Baby was created by the surviving Tuffle scientists near the end of the Saiyans' genocidal campaign against them, a conflict instigated by King Vegeta so he could rule the planet and steal the Tuffles' technology. Baby was given the source DNA of their king and was launched into space on a ship with the remnants of the Tuffle king with him before the entire Tuffle race was wiped out. As a result, he possesses an intense hatred for the Saiyans, who killed off the Tuffles and took over their planet (Planet Plant, renamed Planet Vegeta after the Saiyan conquest).

At some unknown point, he created Dr. Myuu, giving him the designs for creating the machine mutants and to resurrect him later on. However, Myuu was programmed to believe that *he* was the one who programmed Baby and not the other way around.

Goku, Pan, and Trunks first encounter Baby in Dr. Myuu's Lab, and Trunks destroys his incubator. However, Baby manages to survive and engages the Saiyans in battle, but is overwhelmed and forced to hide himself inside Myuu's body. Once in space, Baby bursts out of Myuu's body, revealing he was the one who created Myuu before he went over his plans to kill the Saiyans and since they believe him to be dead, he starts planning to catch them off-guard.

Using one of the Black Star Dragon Balls, Baby finds a ship with many passengers aboard and, after killing a majority of them, possesses a young alien boy and lures the Saiyans to the ship. When they arrive, they take him to a medical planet, where he comes up with a plan to steal one of their bodies. Stealing the body of a doctor, he tricks Trunks and tries to possess him, but Goku and Pan show up to save Trunks, with the Saiyans revealing they knew he was alive and wanted to draw him out.

They engage in battle, with Baby managing to enter Trunks' body through a cut on his arm, but Trunks manages to turn Super Saiyan and forces Baby out. However, it turns out Trunks had some of the Tuffle parasite's DNA put into him, and Baby is later snuck off the planet in a space shuttle. Having tasted the power he has been seeking, Baby kills all of the passengers, absorbs their energy and decides to go to Earth in order to obtain more power from the Saiyans there.

Eventually, Baby arrives on Earth, where the few remaining Saiyans reside. Baby is able to infect everyone on the planet except for Mr. Satan, Uub and Good Buu, and takes over several of the Z-Fighters, eventually settling on Vegeta as his permanent host. Goku battles Baby after he returns to the brainwashed Earth, but Baby is able to defeat Goku, even after he goes Super Saiyan 3, due to his child body being unable to maintain that level of power. Baby launches a final attack at Goku, who is teleported away at the last second by Kibito Kai.

Baby believes Goku to be dead, so he uses the Black Star Dragon Balls to wish Planet Plant back into existence. Uub, Goku's student and friend, arrives to avenge his fallen mentor and fuses with Good Buu to become Majuub, but Baby turns Majuub into chocolate and devours him. Goku returns to Earth with his newly-restored tail to fight Baby once more, but despite his new power, he is unable to defeat him. Goku then transforms into a Golden Great Ape and goes on a rampage, overwhelming Baby before Pan manages to get him to regain control of his senses, thus allowing Goku to achieve the power of Super Saiyan 4.

Baby proves to be no match for Super Saiyan 4 Goku, as even his strongest attack only does superficial damage to him. As a last resort, the Tuffleized Bulma brings out a Blutz-Wave Amplifier to help Baby, and as a result of using it, Baby turns into a Golden Great Ape. Goku continues to fight and is eventually able to defeat Golden Great Ape Baby with the help of Gohan, Goten, Trunks (who were freed from Baby's infection), Mr. Satan, Majuub (who had been freed from Baby's body) and Pan.

Baby abandons Vegeta's body and enters a spaceship, hoping to escape, but Goku uses a x10 Kamehameha and sends his ship hurtling into the sun, completely obliterating him. The Z-Fighters then returned to Dende's Lookout, with Goku using his Instant Transmission and Kibito Kai using the Sacred Water to cure everyone on Earth of Baby's infection. However, the Z-Fighters discover that the Earth will explode in two weeks, due to Baby using the Black Star Dragon Balls to make another wish.

---

Lincoln: Whoa, we're on the planet Tuffle.

Me: Wow! Master Goku told me all about this planet. This is the reconstructed home of the Tuffles supposedly.

Lincoln: And I think I know what we're going to do here, not only am I going to rescue the seventeen girls there, but we're also going to face and destroy the vengeful Tuffle parasite, Baby, who was reported to be there by King Kai.

Goku: That's right, Lincoln.

Buster Bunny: We got through with Raditz yesterday, and now, we're going to face the dangerous and insane vengeful Tuffle parasite, Baby. Sheesh, this is going to be one wild ride.

Me: You said it, Buster. But, not only do our powers protect us, but the purifying rains that Lincoln's made are freeing the people that Baby put under his control when he entered their bodies.

Nico: That's right, and we also know that Baby is forever consumed by revenge because of what the Saiyans did to the Tuffles on their planet.

Applejack: So, that means, reason is out the window for him.

Lincoln: Right, the only thing that'll end it is death, and I know just how to do that.

?: HELP!

Suddenly, Lincoln heard the sound of seventeen girls calling out for help. With his deep sapphire blue cyborg eyes and superhuman sight, along with sensing energy signals, he saw and heard where the call for help was coming from. He saw the seventeen girls, but they've been cornered by Baby.

Lincoln: Guys, I found the seventeen girls, but they've been cornered by Baby. Come on, let's get him.

Nico: No guys. I'll face Baby first and then you all come in for the kill after I mangle his ass.

Me: Go get him Nico.

Nico then went Super Saiyan 5 and flew at the castle.

Baby was mad and then…

KRABBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive explosion blasted through the wall and Nico was standing in the castle. He was facing BABY! With a power of 1,559,936,524 and he was inside Nappa's body!

Nico: I found you Baby.

Baby: Heh. Was the gorilla too much power for you to control?

Nico: (Sarcastically) Yeah. This is just another costume change for the weakling Saiyan.

Nico flared up his power and destroyed all the computers.

Nico: Baby I will never forgive you for any of your crimes.

Baby: YOU FOOL! I WOULDN'T BE CAUGHT DEAD ASKING FOR YOUR FORGIVENESS SAIYAN!

They flew out of the castle and were going at each other and Nico dodged his punches and flew back and Baby fired a barrage of pink energy blasts and Nico dodged them all and punched Baby in the face and then the blasts came back and Nico swatted them away and Nico punched him in the face and smashed him in the stomach with a powerful knee to the gut. Nico then kicked him in the face and smashed him in the ground! Baby exploded out.

Baby: YOU WILL LEARN RESPECT!

He formed a massively huge Black Energy ball!

Baby: REVENGE DEATH BALL!

He threw the black energy ball and it hit Nico and exploded with incredible power!

***KRABBBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOO***

When the smoke cleared, Nico was unscathed.

Baby: WHAT!? That attack should have reduced him to ashes and it did absolutely nothing!

Nico: Baby you can never defeat me! My powers have FAR surpassed yours Tuffle and you know it.

Baby: DIE YOU FUCKING SAIYAN! DIE DIE DIE DIE DIE!

He fired a barrage of pink energy blasts and they were all missing him.

Nico: Listen Baby, I can't allow you to get away with all the Trauma you've caused to innocent people.

Some of the blasts hit the ground and exploded.

KRABBBBOOOOOOOOOOOOOOOOOOOOOMMMMMM!
KRABBBBBBBBOOOOOOOOOOOOOOOOOOMMMM!
KRABBBBBBBBOOOOOOOOOOOOOOOMMMMM!
KRABBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOMMMMM
KRABBBBBBBBBBBOOOOOOOOOOOOOOOOOOOMMMMMMMMMMM
KRABBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOMMMMMM!

Nico: You've gone too far and now you've got to deal with me!

Nico flared up his power to an incredible intensity and he flew at Baby and punched him in the stomach and then his face all with devastating force and he punched him ferociously and Baby was dripping from his mouth and Nico was thrashing him all over to pulp and Nico then punched him and sent him crashing into the Castle and Nico flew to the castle and went in and walked up to him.

Baby: (Laughs) It's fitting that your moronic Saiyan Ignorance is showing again. Who do you think you're fighting here. It certainly is not your friend. This is your enemy Nappa's body. So you can keep attacking Nico. But all you'll be doing is killing one of your own.

Nico: Ha. That's funny. I fought Nappa before and this is nowhere near his breaking point.

Baby: (Growls) Ha. So you understand his limits. That's perfect. We'll just push this fight along until we reach that breaking point.

Nico: You act like you know my people inside and out, but the fact is your knowledge is dangerously lacking. What you don't realize is the longer a Saiyan continues to fight, the stronger he becomes. And Nappa is nothing but a traitor and a weakling compared to my power. There is more that you don't know… You shouldn't be directing your hatred towards the Saiyans. You should be directing it at Frieza.

Baby: Frieza?

Nico: Yeah Frieza. I found out some horrible revelations ever since I became part of Team Loud Phoenix Storm. It was really Frieza that destroyed your race because he manipulated and forced the Saiyans into doing his bidding and they were doing his dirty work for years. So if anyone is to blame for your races demise, blame him. And also I killed Frieza myself.

Baby: So those rumors are true. You killed the Galactic Tyrant Frieza. Now I can do the same to you.

He fired a pink energy blast and Nico deflected it away and it hit a building and exploded.

KRABBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Nico: I'm sick of playing games with you Baby!

Nico fired an energy shockwave and blew him into the wall! Nico then gave the signal and we rushed on over, and when we entered inside the castle, we also brought in the purifying rains and as they hit Baby, the purifying rains were burning him as red smoke was coming off him, and that allowed the girls to get away.

Trunks: Whoa, the purifying rains are burning him.

Lincoln: That's right, Trunks, the purifying rains are poison to a parasite like Baby, and he's getting burned like a vampire exposed to sunlight.

When Baby saw us, he was indeed enraged when he saw us.

Baby: So, the famous Team Loud Phoenix Storm has arrived.

Lincoln: That's right, and we're here for one thing: to end your reign of terror here and now. Plus, there is something else you should know: not only do our powers protect us, but what you were getting hit with are the purifying rains that also freed those you've put under your control. (Smirks) And there's also this!

Lincoln formed a blood red whip made from his poisonous blood, and as it hits Baby, he screamed in excruciating pain, and that amazed us.

Lincoln: That's right, our blood's also very poisonous to irredeemable villains, evil gods, and evil immortals.

Gohan: (Laughs) Nice one, Lincoln.

Lincoln: Thanks, Gohan, but, I'm not finished yet.

Then, Lincoln fired a red energy blast, which hits Baby, and he sucked out all his powers and abilities, along with the energy he acquired from possessing his victims, and he and the rest of us made them our own. When Lincoln was done, Baby was now powerless.

Pan: Whoa, Lincoln's sucked out all of Baby's powers and abilities, along with the energy he acquired from possessing his victims. And now, it's payback time!

Lincoln: That's right, Pan. Let's get him!

We transformed and unholstered our massive swords from our backs, and we attacked Baby with our massive swords that we covered in our poisonous blood, and Lincoln also attacked him with blades made from poisonous blood, and he was getting burned really badly.

Then, Lincoln trapped Baby in a massive sphere of darkness and he made a portal that leads to the Sun, and he fired a massive Kamehameha wave made of rainbow energy, and it hits the sphere of darkness with Baby inside of it, and it was sent to the Sun, and as a result, the sphere of darkness disappears.

Baby: No! This… **this can't be happening!**

Baby was then incinerated and obliterated with not a single trace of him remaining, and he was Super Hakaied forever.

We cheered as we holstered our massive blades on our backs and powered down, and Applejack went up to Lincoln, and he leaned down and they hugged and kissed. Then, Lincoln and Nicole went up to the seventeen girls, and when Lincoln saw them, he immediately recognized them. The seventeen girls were Ayane Mitsui and Kayoko Nakajima from Ayane's High Kick, Cuiling, Ellis, Lilith, Miss Til, Shizuku Fuji, Miyabi, Naru Amoh, Puella Marionette, Rachael, Ronron, Sanae, Selene, Sofia, Tracy, and Wino from Battle Arena Toshinden.

Lincoln: Oh wow, it's Ayane Mitsui, Kayoko Nakajima, Cuiling, Ellis, Lilith, Miss Til, Shizuku Fuji, Miyabi, Naru Amoh, Puella Marionette, Rachael, Ronron, Sanae, Selene, Sofia, Tracy, and Wino.

Nicole: From Ayane's High Kick and Battle Arena Toshinden, awesome.

Lincoln: Are you girls okay?

Ayane Mitsui: Yes, we're okay, thanks to you saving us from that monster.

Then, when Ayane Mitsui and the sixteen other girls saw who it was that saved them from the Tuffle parasite Baby, their faces turned atomic red upon seeing the 16-year-old 7'0" tall, handsome, white-haired, bare-chested hunk with abnormally massive and powerful upper and lower body muscles, eight-pack abs, rainbow colored thunderbird with a gold lightning bolt emblazoned on his forehead, a golden lightning bolt cutie mark with the thunderbird and comic books right on his massive and wide right pec and it was surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature, Light, and Darkness in a circle, a Celtic Cross cutie mark tattoo in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow

Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon, surrounded by a circle were the marks of the other girls in Lincoln's harem, and on top is the Earth surrounded by the ring of mermaids on top, a deep sapphire blue kanji on his wider muscular back that said, "Lincoln Landon Loud, Champion and Emissary of Hinon, Master of Lightning Storms, The Weather, and the Thirteen Elemental Forces, Man With A Plan, Golden-Hearted Brother of 16 Siblings, and Golden-Hearted Lover, Father, Son, and Husband", and he had deep sapphire blue eyes.

He had his massive Sword of Taranis holstered on his wider and muscular back, his orange Crystal Saber holstered on his left hip and his Eater of Sins revolver holstered on his right hip, the Pisces constellation and Aquarius Zodiac sign on the back of his neck, large weighted orange bands on his massive biceps and thighs, his large Cuff Bracelets of The Champions of the Universe with large orange gems on his large wrists, massive and indestructible deep blue angel wings surging with powerful super lightning and the stars and blue nebulae reflecting on them, and he was dressed in an orange version of He Man 2002's loincloth with hanging silver lightning bolts and long orange trenchcoat coattails with hanging silver lightning bolts held up by his Belt of Elemental Bravery with large orange gem for the belt buckle on his waist, a pair of large blue pants with gold lightning bolts on the thighs, and large white leather combat boots with gold lightning bolts surrounded by a circle of smaller gold lightning bolts and armor on the toe area, silver Thunder Kanji earrings, a large silver Thunder Kanji necklace on his neck and across his permanently bare chest, large fingerless black gloves with the symbol of The Loud House on it, a large Orange Buffalo Animal Spirit Ring on his left ring finger, large Blue Lantern ring on his right ring finger, and he had eight large orange orbs orbiting around his legs.

Ayane Mitsui: Oh wow, you're Lincoln Loud of Team Loud Phoenix Storm.

Lincoln: That's right, and it's a pleasure to meet you all.

Then, Lincoln made sixteen clones of himself, and he and the sixteen clones of himself went up to the girls, and they picked them up and hugged them in their abnormally massive and powerful muscular arms, and kissed them on the lips, which they returned with equally intense passion, as they wrap their arms around the necks of Lincoln and his clones, as we cheered over the scene.

Ayane Mitsui: (Seductively and rubs her right hand on Lincoln's massive and wide right pec) You too, big, tall, muscular, and handsome.

We returned home to the Estate, and we were finally rid of the Tuffle parasite, Baby, and he will never return to terrorize the galaxy ever again, and the Tuffle race was now rendered completely extinct.

---

After getting rid of the Tuffle parasite Baby this time for good, we were training intensely in the gym doing 100,000,000 reps of crunches, wing push-ups and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 9,000-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds. Then, we got a shower afterwards.

After that, Lincoln, Ayane Mitsui, Kayoko Nakajima, Ellis, Miss Til, Ronron, Sofia, Arte, Abriel Lafiel, Birdy Cephon Altera, Kuro, Mizuki Tachibana, Junko Asagiri, Natsuki Sasahara, Popuko, Pipimi, Rei Ayanami, and Ichika Takatsuki were getting ready for their beach date, this time, it's at Resort Island in Sonic's world.

Lincoln then snapped his fingers, and the 16-year-old 7'0", white-haired, handsome, and extremely muscular teen was dressed in a pair of large orange swim shorts with a Thunderbird and Buffalo with elemental forces on them with his large weighted orange bands on his massive biceps and thighs and his jewelry, and he also still had his weapons holstered, in case of trouble.

Ayane Mitsui, Kayoko Nakajima, Ellis, and Miss Til were dressed in two-piece bikinis in their favorite colors with boxing gloves on them, Ronron was dressed in a white two-piece bikini with angels on it, Sofia and Arte were dressed in two-piece bikinis in the colors of the flag of Italy, Abriel Lafiel was dressed in a black two-piece bikini with stars on it, Birdy Cephon Altera was dressed in a white two-piece bikini with stars on it, Kuro was dressed in a purple two-piece bikini with her Exceed Crest on it, Mizuki Tachibana was dressed in a two-piece yellow bikini with stars on it, Junko Asagiri was dressed in a white two-piece bikini with a dragon on it, Natsuki Sasahara was dressed in a green two-piece bikini with a cat on it, Popuko and Pipimi were dressed in white two-piece bikinis with angels on them, Rei Ayanami was dressed in a blue two-piece bikini with the Evangelion logo on it, and Ichika Takatsuki was dressed in a red two-piece bikini with stars on it.

Lincoln: Alright, ladies, shall we?

Natsuki Sasahara: Of course, Linky.

Lincoln and the girls left the Estate, and they head for their destination: Resort Island. When they arrive at Resort Island, it was a beautiful tropical island paradise with nice blue sky, lots of greenery, a small forest, and a picturesque waterfall.

Natsuki Sasahara: Whoa, what is this place?

Lincoln: This, Natsuki, is Resort Island. Sonic told me about this place, it's a beautiful tropical island paradise with nice blue sky, lots of greenery, a small forest, and a picturesque waterfall.

Junko Asagiri: It's perfect, Linky. Shall we?

Lincoln: Of course.

Lincoln and the girls got started by going swimming in the water by the waterfall, they also took a walk in the small forest and they also saw the many green plants on the island, and they also saw the animals that live here. Then, they also had a picnic lunch underneath the sky, and they also got a tan as well. Then, as the sun was about to set, Lincoln made clones of himself, and he and the girls went up to the girls and picked them up in their abnormally massive and powerful muscular arms, and just as the sun turned orange, they shared a passionate and romantic kiss and hug. Then, Lincoln and the girls came home.

Me: Hey, Linc, how was your date?

Lincoln: It was awesome, J.D., we went to Resort Island in Sonic's world.

Nico: Whoa, Resort Island. That's awesome.

Lincoln: Plus, I took pictures of the place.

Lincoln showed us the pictures of Resort Island, such as the lot of greenery that was there, the small forest, and the picturesque waterfall.

Fluttershy: Wow, this place is truly amazing.

Lincoln: It sure is, Fluttershy, there's a lot of greenery here, along with the small forest there.

Nico: And you also took a picture of the waterfall there, that's amazing.

We continued looking at the pictures, and hearing of how much fun Lincoln and the girls had on Resort Island. Plus, we found another potential place for a date or vacation.

Later Tecna was getting ready for her Ambassador Mission.

Tecna: (British Accent) Looks like it's time for my ambassador mission now.

Me: It sure is Tecna. And you are in for an amazing treat. Your mission is to the world of Herbie.

Nico: You mean Herbie the living Volkswagon Beetle Car? WHOA! That is gonna be so awesome!

Me: Yep and he is really cool.

Tecna: I have a feeling I'm going to like this one. Isn't he also a famous race car?

Me: Yep. He won the NASCAR Nextel Cup series and that was cool!

Eli: It sure was! Wow!

Tecna: After my first mission if it goes well, I'll have to have Lightning McQueen go with me.

Nico: He would love that.

Me: Yep.

Tecna: And I heard he's in Chicago.

Me: Yep. You'll have fun with Herbie and Maggie Peyton.

Tecna: Awesome. Well here goes.

Tecna was off to Chicago.

Tecna was later in Chicago and a girl named Maggie Peyton came up to her.

Maggie Peyton: Hi. You must be new here.

Tecna: Oh I've actually been here before with everyone on my team. You must be Maggie Peyton. I'm Tecna, member of Team Loud Phoenix Storm's Winx Club.

Maggie Peyton: Whoa! Awesome to meet you and yes that's me. I love all of your adventures with Team Loud Phoenix Storm and they are most amazing.

Tecna: We get that all the time. I'm actually the princess of the planet Zenith.

Maggie Peyton: Amazing and it's an honor to meet you.

Tecna: I'm here on an ambassador mission so I can get to know you before a future mission with you and Herbie.

Maggie Peyton: Ah like sort of a diplomat mission in a sense. I get it.

Tecna: Exactly.

Maggie Peyton: That's cool.

Tecna: Is Herbie with you?

Maggie Peyton: He's right here.

She saw Herbie and he was a sentient anthropomorphic 1963 Volkswagon Beetle.

Herbie: Awesome to meet you Tecna.

Tecna: Wow same to you Herbie. Awesome to meet you too.

Herbie: Love all your adventures with the famous Team Loud Phoenix Storm.

Tecna: They are amazing aren't they. Not that I don't like to brag.

Maggie Peyton: Wow.

Tecna: Wait. You can talk?

Herbie: Darn right I can.

Tecna: Awesome!

Maggie Peyton: I think Herbie is amazing.

Tecna: Wow! That is amazing.

Herbie: Thank you.

Tecna: Don't expect any enemies of yours to be taken care of permanently until all of the team meets you guys.

Maggie Peyton: We'll take that into account. But we don't have that many enemies like we have seen in many of your adventures.

Herbie: Yeah we're what you call a Less-Than-A-Couple Enemies Group.

Tecna: That does make sense and I most agree with you.

Maggie Peyton: By the way your wings are very beautiful.

Tecna: Why thank you very much.

Maggie Peyton: What is it like on the planet Zenith?

Tecna: It's known as the realm of Technology and it is home to some of the most advanced technological aspects in the universe.

Maggie Peyton: Wow!

Later Tecna came back.

May: How was it?

Tecna: It was most fun.

She told us all about it and it was amazing.

Me: Wow! Sounds like we're going to have a race probably with Herbie when we meet him and Maggie on January 28th.

Nico: That is gonna be awesome to see.

Laney: It sure will.

Dr. Krankcase: I'm glad you're back, Tecna. Now, we can figure out what's up with Alexis.

Tecna: What's wrong?

Alexis then threw up in a garbage can.

Mindy (GX): Are you okay Alexis?

Alexis: I don't know.

Shanan: How long has this been going on?

Alexis: For a few days. I've been getting sick in the morning.

Lady Tsunade: Hmm.

She scanned Alexis on her stomach and then she smiled.

Alexis: Why did you scan me there Lady Hokage. (Gasps!) You don't mean that I'm…

Shanan: I don't believe it!

Lady Tsunade: Yep you are pregnant Alexis.

Alexis was shocked! She didn't know how Jaden was going to react!

Laney: Alexis wow!

Alexis: I'm Pregnant? (Overjoyous) I'M PREGNANT!

Jasmine and Mindy hugged her and we cheered for her.

Jasmine (GX): Alexis this is awesome!

Mindy (GX): We're so happy for you!

Me: Congratulations Alexis!

Nico: Yeah!

Alexis: Chazz, I'm sorry. I know you had feelings for me too. But-

Chazz: (smiles) Don't worry, Lex. I'm over those feelings now.

Layla Williams: When Jaden gets here, we have to break the news to him gently.

Lana: Where is Jaden?

Me: He's in his room looking over his cards.

Jaden then came out and Alexis was sitting on the sofa.

Jaden: Hey guys.

Me: Hey Jaden.

Nico: We have something to tell you.

Jaden: Guys, is something wrong?

Lynn: (sighs) Jaden, this is gonna be hard to explain, but-

Swoop: You Jaden going to be father.

Jaden: (blinks) Say what now?

Lola: (facepalms) So much for breaking it to him gently.

Me: Alexis do you want to tell him or can I?

Alexis: You can tell him.

Me: Jaden Alexis is pregnant.

Alexis: It's your baby.

Jaden gasped in shock.

Jaden: WHAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAATTTTTTT?!

Jaden was shocked and massively surprised! But then he had his shock quickly turn into pure Joy.

Jaden: Alexis! I AM SO HAPPY! YOU DON'T KNOW HOW LONG I'VE WANTED TO BE A DAD!

Alexis and Jaden hugged and Jaden twirled her around in happiness as they laughed joyously!

We cheered wildly for them!

Jesse Anderson: Way to go partner!

Adrien Gecko: We're so happy for you guys!

Carly and Misty appeared.

Misty Tredwell: Geez what's with all the screaming?

Carly: We heard Jaden yelling all the way from base.

Me: Sorry about that girls but Jaden and Alexis are going to be parents soon! Alexis is Pregnant.

They both gasped!

Carly Atlas: Oh wow!

Misty Tredwell: Alexis congratulations!

Alexis: Thanks guys.

Cybertron Scourge: Good thing Alexis had her usual battle the other day.

Me: You got that right.

Femme Fatale then appeared.

Femme Fatale: Did I just hear that Alexis is Pregnant?

Me: You sure did.

Femme Fatale: Oh wow! Alexis we're so happy for you!

They hugged.

Alexis: Thanks Jessica. I can't wait for our kid to come.

Laney: We'll have to go to the doctor to see what the baby looks like later.

Nicole Chan: Yeah.

Ghuul: J.D., now that we've found out why Alexis was sick, it's your turn to lead.

Me: I know that Ghuul. And I have just the mission for us and it's another race.

Allie Wilde: Awesome! Where are we racing this time?

Me: You're probably going to think this race is a suicide mission. We're going to a race being held on the planet Mustafar.

Everyone gasped!

Nico: The Volcano Planet where you duked it out with Anakin when he turned to the Dark Side of The Force?

Me: That's the very same one.

Eli: Whoa this is gonna be crazy!

Lina: I hope our cars are lava-proof.

Kia: Yeah we don't want them to melt.

Me: Don't worry girls. They won't melt. They are equipped with the most powerful heat shields and barriers against lava ever.

Jenna: Wow. This is gonna be awesome.

Nico: Boy it sure is.

Then Six Gum Gang, Nergal, Kangor, Trap Jaw, Beast Man, Unicorn, Killer Shrike, The Mummy and Rowdyruff Boys appeared.

Femme Fatale: Since I came here first when I heard the news, I figure I should say it. Can me, Six Gum Gang, Nergal, Kangor, Trap Jaw, Beast Man, Unicorn, Killer Shrike, The Mummy and the Rowdyruff Boys go with you guys?

Me: Yes you all sure can.

Unicorn: Did you guys figure out why Alexis was sick?

Me: We sure did.

Alexis: It's because I'm pregnant.

They gasped.

Killer Shrike: Oh wow!

Kangor: (Jamaican Accent) Congratulations to you mon.

Nergal: We're so happy for you Alexis.

Runt: We sure are.

Mummy: Is it a boy or girl?

Alexis: We don't know yet. We're gonna go to the doctor later on.

Me: Yep.

Runt: Awesome. So what's our mission?

Me: It's actually another race. We're going to the planet Mustafar.

They gasped.

Nergal: The planet Mustafar!? That's suicide!

Nico: J.D. said the exact same thing.

Mummy: Wasn't that the very same planet where J.D. battled Anakin and slashed his arm and legs off?

Me: Yep that's it. I know it's crazy but it's going to be a good race.

Eli: I'm really looking forward to this one though.

Simone: Boy me too.

Allie Wilde: I hope J.D. and I win this one.

Eclair: Me too. Nico: It sure will be awesome.

Me: Lets head out to Mustafar.

We went to our cars and we were off to Mustafar.

## PLANET MUSTAFAR

We were on the volcanic planet Mustafar.

Me: Here we are guys. Planet Mustafar.

Plant Man: All this hot weather is probably fatal to me.

Me: Well it's a volcano planet what did you expect Planet Man. Besides look around us.

We saw that the planet Mustafar is a brutal and scary and hot.

---

Mustafar was a small planet located in the Mustafar system, within the Atravis sector of the galaxy's Outer Rim Territories. Once a garden world nourished by the Bright Star artifact, its orbit was shifted when Lady Corvax unleashed the energies of the Bright Star in an attempt to return her husband to life. The resulting gravimetric duel between the gas giants Jestefad and Lefrani over Mustafar heated the planet's core, transforming the lush world into an imbalanced volcanic hellscape. Adapting to life on their devastated homeworld, the arthropodal Mustafarians evolved into two distinct subspecies that cooperated to ensure their continued survival. Legends of Corvax's search for immortality brought the ancient Sith to Mustafar, seeking the same secrets of eternal life. There, they built a temple over a locus in the dark side of the Force, above the buried ruins of Corvax Fortress.

Acquired by the Techno Union over three hundred years before the Clone Wars, Mustafar's lava flows were mined for unique and valuable minerals. It was also home to the Black Sun crime syndicate, whose headquarters was located near the mining town that became known as Zitontown after the Falleen Ziton Moj ascended to leadership of the organization. During the Clone Wars, the Mustafarians aligned themselves with the Confederacy of Independent Systems, who used Mustafar to produce battle droids for their droid army. Darth Sidious had a secret facility on the planet where he intended to turn "harvested" Force-sensitive children into Force-talented spies. However, the Sith Lord had the base scuttled when Jedi Knight Anakin Skywalker and his Padawan, Ahsoka Tano, arrived to rescue the younglings.

Mustafar served as the final redoubt of the Separatist Council until the newly-appointed Darth Vader, formerly Anakin Skywalker, was sent by Sidious to slaughter the council, effectively ending the Clone Wars. The Sith Lord was confronted by his wife, Padmé Amidala, and his former Jedi Master, Obi-Wan Kenobi. The latter dueled Vader, defeating him and leaving him to burn on a lava bank. However, Vader was saved when Sidious arrived and carried him offworld. Mustafar then came under the ownership of the Galactic Empire after the Techno Union and its assets were nationalized. Sidious had new facilities built on the planet, where more Force-sensitive infants were taken and transformed into agents of the Inquisitorius.

During this era, Vader returned to the site of his greatest defeat and, with the help of the ancient Sith Lord Darth Momin, erected the massive monolith Fortress Vader to serve as his personal sanctum, built on the site of the former Sith temple. Throughout the Age of the Empire, Vader used the planet to fulfill his master's biddings, with the fiery world becoming the final resting place for victims of the Great Jedi Purge. In addition, Vader also undertook personal business within his new realm, attempting to wield the dark powers of Mustafar to bring his deceased wife back from the dead.

Following the Dark Lord of the Sith, the Empire took hold of planet. Resource extraction efforts on Mustafar were taken over by the Mining Guild, although strict Imperial travel restrictions on the system made it difficult for the guild to turn a profit and mining operations eventually ceased entirely. Black Sun also abandoned Mustafar for a more low profile world when the Empire established a garrison there. The Mustafarians resisted the Imperial occupation of their homeworld and attempted to drive them from Mustafar by launching multiple assaults on Fortress Vader.

Although it hosted one of the earliest rebel victories of the Galactic Civil War, Mustafar fell into obscurity following Vader's demise at the Battle of Endor. After the destruction of the Bright Star, the planet's ecosystem slowly began to heal from the devastation it had endured for centuries prior. Many devout pilgrims journeyed to the ruins of Fortress Vader, hoping to tap into the late Sith's dark power. Decades after Vader's death, his grandson, Kylo Ren, journeyed to the world to continue the legacy of his family's grisly past. The

Supreme Leader of the First Order slaughtered the Sith cult that defended Fortress Vader and discovered his grandfather's Sith wayfinder, a tool that allowed him to locate the phantom emperor Sidious on Exegol.

---

Eli: I can't believe that this is a planet where Jedi go to die.

Lori: Literally a scary place.

Nico: No kidding.

Adagio Dazzle: Sure is wicked though.

Mummy: I hope I don't get burned here.

Ben: (to the Mummy) That's right. Fire's your weakness.

Mummy: It's a miracle you didn't turn into Heatblast against me in the past.

Ben: I know.

Me: Don't worry I made sure that doesn't happen to you. I used my magic to make you completely fire and lava proof.

Mummy: Cool! Thanks J.D.

Me: Yep.

Luke Skywalker: So this is where you fought J.D. father?

Anakin: Yes it is son.

Me: Scary but amazingly epic battle.

Eli: What was that like bro?

Me: Where to start? It was awesome.

(FLASHBACK - CHAPTER 48)

I sensed that Anakin had turned to the Dark Side and I warned Ahsoka Tano and Aayla Secura about it with my telepathy.

5 hours later I see Anakin Skywalker on the landing ports talking to Padme who was pregnant. Obi Wan was on the ship and he saw him and Anakin was enraged.

Anakin: You're with him! You brought him here to kill me!

Just as he was about to choke her I blow him into a bunch of barrels and land by her.

Me: Are you alright Padme?

Padme: Yes I am. Anakin, what's happened to you?

Me: That is not the Anakin that you know anymore, Padme. He's been corrupted by Chancellor Palpatine, Darth Sidious himself and he now serves him.

Obi Wan: Yes. We've totally lost him Padme. He's now gone to the Dark Side.

Anakin got up.

Anakin: You turned her against me! All of You.

Obi Wan: You have done that yourself.

Another ship landed and it opened and out came Ahsoka, Aayla, Yoda, Qui Gon and Mace.

Aayla: We thank you for telling us what happened J.D.

Me: No problem Aayla.

Ahsoka: Master Anakin, what's happened to you?

Anakin: I've had a change for the better Snips.

Me: Your change is one of evil.

Anakin: You will not take Padme away from me!

Yoda: Too late for that it is.

Obi Wan: Your anger and your lust for power have already done that. You have allowed Palpatine to twist your mind until now you have become the very thing you've sworn to destroy.

Anakin: Don't lecture me Obi Wan. I see through the lies of the Jedi. I do not fear the Dark Side like you do. I have brought peace, freedom, justice and security to my new empire.

Me: By killing innocent lives? I don't think so.

Obi Wan: Your new empire?

Anakin: Don't make me kill you all.

Obi Wan: Anakin my allegiance is to the Republic. To democracy!

Me: Palpatine has filled your head with lies and poisoned your mind with wrong ideas. I will make sure that Palpatine pays the ultimate price for his crimes.

Anakin: I won't let you.

Me: Obi Wan. Let me face him.

Obi Wan: Of course.

Me: Only a Sith deals in Absolute. I will do what I must.

Anakin: You will try.

I ignite my lightsaber and Anakin opens his and we get into a savage lightsaber fight.

I kick him in the face and punch him in the stomach and he went flying down a hall into the Mustafarian control room.

I run after him and fire Force Lightning and he deflects it and it hits the controls for the heat blocking system and destroys them.

I run out onto a blocker and we fight over the lava and Anakin was on a blocker as it melted and fell into the lava and we were on it. I spread my wings and fly onto the land by the lava river. I sensed Anakin coming and he was not going to stop until he killed me.

I jump onto a hover platform on the lava and Anakin was on the head of a robot and we clashed some more.

We stopped for a bit.

Me: I don't understand you Anakin. How can you believe all of Palpatine's lies so easily? Are you really that gullible?

Anakin: He told me that the Jedi were trying to take over.

Me: That is a crock of lies. Palpatine is evil in its purest form. He's the Devil Incarnate.

Anakin: From my point of view the Jedi are evil!

Me: Then you are lost!

Me and Anakin were on the Lava river staring at eachother and ready to fight some more.

Anakin: This is the end for you my friend.

Me: It's just beginning.

Anakin and I were fighting some more. I jumped away as he tried to slash me and landed back on the land by the river.

Me: It's over Anakin. I have the high ground.

Anakin: You underestimate my power.

Me: Your overconfidence will be your undoing.

Anakin jumped over to me and I slashed his legs and left arm off and he rolled down the hill and was close to the lava river edge.

Me: How can you be that stupid Anakin? How can you fall for the lies of an evil man like Palpatine? Don't you see that he's using you and when he's done with you he will toss you aside like yesterdays garbage? You're a pawn in all his diabolical plans and ambitions.

But Anakin refused to believe it.

Anakin: I HATE YOU!

Me: You can hate me all you want. But like it or not that is the truth.

Anakin started to realize the error of his ways as the heat from the lava ignited his leg and started to burn him. I use my ice powers and put him out and picked him up.

Me: I'm sorry Anakin. But I can't let you fall farther into the Dark Side.

I walk over to the ship Obi Wan took and we all board it.

Obi Wan: You really did a number on him J.D.

Me: I know. But I have a feeling that he's gonna pay for his crimes.

Anakin: Master Obi Wan. I'm… I'm sorry.

He started crying.

Padme: Ane. I'm glad you're back.

Padme hugged him.

Ahsoka: Padme you should take a seat. We got to let Master Anakin rest.

Padme: Okay.

Anakin: Snips. I'm sorry.

Ahsoka: I know master. It wasn't your fault.

Anakin: I know. J.D.?

Me: Yes Anakin?

He held out his right prostatic arm.

Anakin: Thank you for saving me from the Dark Side. You have earned both my respect and support.

I give him a handshake of friendship.

Me: It's good you're back on the Light side.

Qui Gon: Now save your strength. We have a long journey ahead of us.

Anakin: Where are we going?

Me: We're going to my home planet: Earth. We can restore the Jedi there and ready our forces.

Mace: That sounds like a good plan.

A wormhole appears and we go in it.

FLASHBACK ENDS

Everyone was amazed.

Nico: Incredible.

Laney: That was awesome. I remember that.

Lana: Yeah.

We got to walking around.

Meta Knight: This place marked the start of the Galactic Empire.

Me: Coruscant is actually where the Galactic Empire started. It started shortly after Order 66 was carried out.

Meta Knight: Oh my bad.

Me: No worries. But yeah. That was awful.

Nico: It sure was.

Brick: Maybe we should take a look around.

Runt: This place may be entirely hot. But there has to be some interesting stuff here.

Lunk: I agree with you on that one, Runt.

Me: Me too. Lets stay close now.

We walked around Mustafar and we saw how the people of the planet were amazing at harvesting lava and all that.

Nico: Wow. This is amazing.

Me: It sure is.

Simone: J.D. what planets do some of the major Sith Lords come from?

Me: They came from a lot of planets. Lets see. Palpatine was born on the planet Naboo, Maul on the planet Dathomir, Count Dooku on the planet Serenno and Anakin on the planet Tatooine. Those are the only ones that I know.

Nico: Wow. They come from many parts of the galaxy. But the Sith all were born in terms of the power of the Force from the planet Korriban.

Me: Yep.

Future Maria: Missy, I can tell from your face that you're in love with someone.

Missy: (chuckles weakly) Okay, you got me. I may be developing romantic feelings for Zelos Wilder.

Future Maria: Oh wow. Are you hot and do you need some water?

Missy: Whew. Yeah I'm frying.

Future Maria turned her arm into pure water and Missy drank from her arm.

Missy: (Gulping)

Future Maria: You can tell him how you feel when you are ready.

Missy drank a lot and was refreshed.

Missy: Ahh. That helped a lot. And thanks Future Maria. I will.

Zelos then sat in deep thought.

Trap Jaw: (to Zelos) So, you're developing feelings for Missy?

Zelos: Go ahead and laugh.

Boomer: We're not gonna do that, dude.

Butch: J.D.'s not the only one who can get a girlfriend.

Me: Yeah we wouldn't laugh at you dude. Besides I think you and Missy would be perfect for each other. I'm no matchmaker but it's true.

Zelos: Wow thanks.

Then we heard the Call to Post play.

Me: Oh time to head for the Starting Line.

We got into our cars and drove to the starting line.

RD Sam Sharp: Thanks for coming, Gearhead.

Gearhead: Wouldn't miss this for anything.

Me: This is gonna be awesome. Hope you all can handle the heat in this one.

Nico: Oh we will.

We got our cars ready for this.

Billy Natson: AND Welcome to another most amazing and most exciting race in racing history. Hello there I'm Billy Natson and we have an amazing race for you all today. As you can see we're going to be racing around the dangerous and volcanic planet Mustafar.

This is gonna be insane folks! Wow! We have with us our very own Team Loud Phoenix Storm and their amazing and awesome frenemies, the Masters of Evil and as you can see they are ready to burn up the track with some lava and fun. You ready for a great race J.D.!?

Me: You bet I am Billy and we're going to burn down the tracks!

Billy Natson: Love that spirit!

We went to the start line.

Krysta: Racers take your marks!

We revved our engines.

Krysta: Get set…

We were ready for action!

Krysta: REV UP AND GOOOOOOOOOOOOOO!

We zoomed out onto the race course!

Billy Natson: AND THEY'RE OFF!

We were flying over the rivers of lava.

Dixie: I'm beating you guys!

Goof: Not a chance, Dixie!

Me: Time to burn down the lava!

I flew on the lava river and sent massive waves of lava flying left and right!

Nico: WHOA!

Everyone dodged the lava.

Rainbow Dash: AWESOME!

Nico: That was awesome!

Goof: Eat my dust, slowpokes!

Sea Clamp: Oh, no you don't!

Sea Clamp zoomed passed him.

Nico: YEAH!

Eli: Uh oh! We got company!

A figure came out and it was POGGLE THE LESSER, The Leader of The Geonosians and Creator of The Plans for The Death Star!

---

Poggle the Lesser is a recurring antagonist in the Star Wars franchise. He appears as a supporting antagonist in Star Wars: Episode II - Attack of the Clones, as a recurring antagonist in Star Wars: The Clone Wars, serving as the main antagonist of the Geonosis arc; and as a minor antagonist in Star Wars: Episode III - Revenge of the Sith.

He was the Archduke of Geonosis and was the public leader of the Geonosian race during the Clone Wars. He was a servant of the Geonosian Queen Karina the Great and was nominally in control of the Stalgasin Hive. He was in control of the Baktoid Droid Factories on Geonosis which made him a powerful and high-ranking figure within the Confederacy of Independent Systems and he joined the Separatist war effort and served as a member of the Separatist Council and lead the Confederacy against the Republic throughout the war.

He was portrayed by Marton Csokas, who also played Mr. Smith in Kangaroo Jack, Guy of Lusignan in Kingdom of Heaven, Ashley Kafka in The Amazing Spider-Man 2 and Nicolai Itchenko in The Equalizer.

Geonosian Revolt

Poggle grew up on Geonosis where he was born into a lower cast of the Geonosian race, hence his name "the Lesser" comes from. He was envious of Geonosian Archduke Hadiss the Vaulted and he sought after his position and thus, plotted a revolt to overthrow him. Hadiss had given little concern to Poggle and his rebels and would easily crush them that is until, the Sith Lord Darth Sidious had came in and aided his revolution with financial support.

The Revolution was a success and Hadiss was overthrown and Poggle assumed control over the Stalgasin Hive and became the new archduke. After usurping power, Poggle became the new leader of the Geonosian people and had Hadiss executed in the Geonosian Arena.

## Archduke and Creating Grievous

After Poggle the Lesser had became the new archduke, he was grateful towards Sidious and further aided in his plans as compensation for his aid in having Poggle take over Geonosis. Seeing how he was in control over the planet's droid factories, Poggle made a deal with Sidious to help produce Battle Droids for the Trade Federation to aid in their planned invasion of Naboo. Poggle agreed and he struck a deal with the Trade Federation and its viceroy Nute Gunray. Despite both men hating each other, the fact that they put their hatred aside was a show of how powerful the influence of the dark lord was. Poggle had created the droids needed for the Trade Federation and they soon landed on Naboo in 32 BBY when the company blockaded and occupied the planet and had the droids maintain their grip on the world.

Following the Trade Federation's defeat at the Battle of Naboo, Poggle was approached by the rogue Jedi-turned Sith Lord Count Dooku who revealed himself to be Darth Tyranus. He had made a deal with Poggle that Geonosis would become one of the founding worlds of the Confederacy of Independent Systems and would supply a large bulk of the Separatist Droid Army. In exchange, Poggle would pay a large sum of money for his trouble and Grievous would earn a place in the Confederacy's military. The partnership was very lucrative so much so that Poggle personally developed the Super Battle Droids on the Geonosian droid factories himself.

The Archduke then assisted Count Dooku and InterGalactic Banking

Clan Chairman San Hill in the rehabilitation of Kaleesh warlord Qymaen jai Sheelal after he suffered from a shuttle crash. Poggle had his engineers develop the cybernetic inplants that the Kaleesh warlord had needed and he soon rose up and was reborn as the ruthless General Grievous and became the Supreme Commander of the Droid Armies.

## Separatist Crisis

During the Separatist Crisis, Poggel stood out as one of the first and arden supporter of the Separatist cause. He pledged the Geonosian people and their army to Count Dooku in service of the newly formed Confederacy of Independent Systems and met with Dooku and Mandalorian Bounty Hunter Jango Fett. Poggle then gathered with the other Separatist leaders on Geonosis where they had all pledged their support to Dooku and signed their treaty effectively announcing their secession from the Galactic Republic. During this time, Jedi Knight Obi-Wan Kenobi was captured by the Geonosians and eventually, the Separatists had captured his apprentice Anakin Skywalker and Senator Padmé Amidala where they refused to release them unless Naboo had joined the Separatist cause and seceded from the Republic.

Padmé had refused and so, she and her secret husband Anakin were brought before the Geonosian people in court where they were put on trial for espionage and conspiracy and were sentenced to the arena for execution. Padmé then said that Poggle was committing an act of war to which the archduke arrogantly replied that Geonosis was already prepared as they were building weapons since before the crisis.

## The Clone Wars First Battle of Geonosis

After Padmé, Anakin and Obi-Wan were brought before the Geonosian people in the arena for execution, Poggle had attended the event leading it and was accompanied by Count Dooku, Nute Gunray, and Rune Haako as they all oversaw the event. After the three of them broke free and overcame the beasts that were supposed to execute them, a team of 212 Jedi had arrived and landed in the stadium where they engaged in battle with a legions of the Separatist Droid Army. Over the course of the battle, the 212

Jedi were withered down to only a couple dozen and were on the verge of all being killed when the Grand Army of the Republic lead by Jedi Grand Master Yoda had arrived and saved them.

Poggle and the other Separatist leaders then retreated to the war room they had and oversaw the battle erupted. Poggle and the other Separatist leaders were taken by surprise at how the Jedi were able to amass such a large army and how they overpowered and outnumbered their droid forces according to Dooku. Eventually, Dooku and the other members of the Separatist Council had decided to withdraw and escape but not before leaving without one crucial detail. Poggle quickly went over to a consul and gave Dooku the plans for their Ultimate Weapon, the Death Star, and gave it to him so that the Republic wouldn't find out about it.

## Dealings with Rush Clovis

Sometime during the war, Poggle had collaborated with Trade Federation Senator Lott Dod and Scipio Senator Baron Rush Clovis to rebuild the primary droid foundry on Geonosis. Clovis then met with Lott Dod in his palace on Cato Neimodia where the senator and Poggle had demanded a greater share of the profits from the foundry and the droids that it would produce. Clovis declined their offer and so the two ended up poisoning Padmé in an attempt to sawy Clovis to meet their demand. Padmé was cured and left Cato Neimodia but not before she took the holodisc that housed the droid foundry plans and of which Clovis was confronted over by Dod due to its disappearance.

## Second Battle of Geonosis

Poggle later returned back to his homeworld of Geonosis where he lead his people to rise up against the Republic. He set up shop in the foundry where the archduke oversaw the production of battle droids for use against the Republic forces and was supported by a tactical droid advisor TX-21, who also oversaw the construction of new battle droids and the new Super Tanks. Poggle remained in the foundry as the Geonosian warriors waged a brutal counter attack and offensive against the Republic forces. He remained there while his people attacked the Republic troops and inflicted heavy casualties on the Republic forces but were beaten back despite their efforts and defenses.

Poggle eventually set up defensive positions in his factory as the Republic forces lead by Jedi Generals Anakin Skywalker and Luminara Unduli gathered outside of the facility and marched to the bridge. Poggle then had garrisons of droids sent out to keep the Republic forces at bay while the Super Tanks were still in production and the droid forces were supported by local Geonosian warriors who supported the droid forces via attacks from the air. The Super Tanks were eventually deployed and they began wiping out the Republic forces, decimating their infantry, and destroying their heavy canons and walkers which forced them to fall back. Seeing that the Clones couldn't destroy the tanks, Anakin and Luminara instead snuch under the bridge between the foundry and the other side and planted explosives under the bridge so that the tanks would be destroyed.

While he was in his factory, Poggle was informed that two Jedi Padawans, Barriss Offe and Ahsoka Tano, had secretly snuck into the factory via the catacombs and were heading towards the main reactor of the factory. The archduke and TX-21 eventually arrived at the reactor room accompanied by a small group of Geonosian warriors with a Super Tank backing them and he had them and his advisor deal with the Padawans while he withdrew and escaped from the facility. The foundry was eventually destroyed and the Padawans had survived but Poggle wasn't in the ruins of the foundry and was already on the run. Poggle then retreated in an Armoured Assault Tank and headed back towards the Stalgasin Hive to regroup with Queen Karine the Great knowing that Geonosis had fallen. The Republic starts a manhunt for him while they begin regrouping their forces and prepare to withdraw from the planet.

## Returning to the Hive

Poggle had later returned to the hive and met with Karina the Great who was hiding underground throughout the entire invasion. There, brain worms were collected and would later be snuck onboard a Republic ship after they infected a clone trooper and he later sent out other worms to infect the rest of the squad.

Luminara had went on her own search and eventually made her way to the hive that Poggle was at and she was eventually captured by Geonosians that were resurrected and undead and the same undead Geonosians would later fight against Anakin and Obi-Wan along with their clone task force during a mission to locate and rescue Luminara. They eventually found Poggle in the chamber of the queen where Luminara was being held and was planning on using the brain worm to infect her when the two Jedi arrived.

Both of them had gotten their lightsabers taken away while Obi-Wan conversed with Karina the Great but eventually they got their sabers back and began to bring down the pillars supporting the chamber and killed the queen and many undead Geonosians in the process.

Before that however, Anakin found and cuffed Poggle and brought him to the surface during their escape and escorted him to a venator-Class Star Destroyer, the Resolute, and put in a prison cell. On board the Resolute, Poggle was left in his cell with his only company being a tactical droid there to translate and he was interrogated numerous times by Ki-Ai-Mundi and Luminara Unduli but, he didn't cooperate at all. When the news broke out that brain worms had infected almost all personal on Ahsoka's ship, Anakin faced Poggle and Forced choked him into complying and eventually got the answers he needed.

## Forced Service for the Republic Early Imprisonment

After the Second Battle of Geonosis, Poggle was brought back to the Republic capitol of Coruscant where he was imprisoned in the Republic Center for Military Operations. He would remain in custody for the next thirteen months while being subjected to interrogation by Republic intelligence numerous times with one of the main topics being the subject of the "ultimate weapon' designed by the Stalgasin Hive and was thought to be under construction for the Confederacy. Poggle had denied the Geonosian association and denied the existence of such a project, even though the plans were secretly in possession by the Republic Special Weapons Group.

## Dealings with Krennic

During his time in prison, Poggle was eventually approached by Lieutenant Commander Orson Krennic of the Special Weapons

Group in an attempt to get more information about the battle station intended for use by the Confederacy. Krennic, who wanted to work on the project and spearheaded its production, had appealed to the archduke by appealing towards his allegiance to the Geonosian people and convinced him to hand over the Geonosian population to help work on the Death Star and Poggle ended up joining the Republic once more. Poggle returned back to Geonosis on the day of Meckgin and convinced the worker population to assist in constructing the Death Star.

## Defecting from the Republic

Despite working for the Republic, Poggle secretly had alterior motives for wanting to assist Krennic in the Death Star's construction. While on Geonosis, Poggle had secretly gathered the Geonosian people and started an uprising comprised of the Geonosian workers who helped construct the Death Star. With the construction halted and sabotaged, Poggle stole a modified shuttle and broke through the Republic flotilla and escaped into hyperspace.

## End of the War Rejoining the Confederacy

After the uprising, Poggle escaped the Galactic Republic and returned back into territories controlled by the Confederacy of Independent Systems. With Poggle back in Confederate space, he returned to the Separatists and once more lead the war effort. In 19 BBY toward the end of the war, Poggle and the other members of the Separatist Council were sent to Utapau as a safe haven while General Grievous and Count Dooku lead a massive invasion of Coruscant in response to a series of Republic victories to turn the tide of the war back into the Separatists' favor. While there, Poggle oversaw the Separatist attack on Coruscant and celebrated along with the other Separatist leaders over there apparent victory but, the chancellor was saved, Dooku was killed, and the Separatist forces retreated.

## Evacuation to Mustafar

Following the Separatist retreat from Coruscant, the war turned sour for the Confederacy as Count Dooku, the Confederate Head of

State, was killed over the planet and Grievous assumed the title as the new head of state. The Geonosian Archduke appeared at a meeting where Grievous addressed the members of the Separatist Council on how it wouldn't be long before the Republic would find them on Utapau and how the Separatist leaders would have to escape and he sent them all to the Outer Rim in Mustafar to hide out. Poggle remained silent as Nute Gunray voiced his distrust with the general over his failed invasion of Coruscant but he agreed with the general's idea and he joined the other council members and all went on their ship and fled to their facility on Mustafar deep in the Outer Rim Territories.

## Massacre on Mustafar

Poggle had arrived on Mustafar and remained the war room as the Separatist Council oversaw the last moments of the war. After hearing the news about the death of General Grievous on Utapau, the Separatist Council assumed control over the Confederacy and Nute Gunray, the council leader, became the new head of state. Sometime following the instigation of Order 66, Darth Sidious addressed the members of the Separatist Council, Poggle included, where he congratulated them for their service to Sidious and how he would sent his new apprentice, Darth Vader, to "take care" of them. Poggle remained there and awaited for the arrival of Darth Vader after the Jedi Order was destroyed by the Clone Army and all the Jedi Commanders and Generals were being gunned down by the Clone Army. Vader arrived on Mustafar and the Separatist Leaders greeted him but were then shocked when he shut the room's doors and began cutting them down one by one. During the massacre, Poggle held up his staff in defense but, it didn't do anything and was quickly sliced in half by Darth Vader.

## Legacy

After the Separatist Leaders were all killed on Mustafar, the shut-down order was activated and the droid army was shut down and the Confederacy had dissolved shortly after the Republic was as well during the Declaration of a New Order. Following the end of the Clone Wars, Geonosis was one of the many planets and Confederate worlds that were annexed into the newly formed Galactic Empire and they began constructing the Death Star over

Geonosis with the enslaved Geonosian race which was handed over as a result of Poggle's actions during his time in Republic prison. Poggle's actions lead to the return of the Sith and his entire species was one of many enslaved by the empire, but was nearly exterminated in a sterlization campaign shortly before the station's completion.

Anakin: Poggle the Lesser!

Poggle the Lesser: General Skywalker, I heard you turned to the Dark Side of The Force and killed the Jedi.

Me: Aren't you the leader of the Geonosians as well as the one that turned General Grievous into what he was as well as the creator of the Death Star?

Poggle the Lesser: That is correct J.D. Knudson. Now I can finish what Master Dooku was going to do.

Me: Dooku is dead.

Captain Rex: Your brain worms killed lots of my fellow clones back in the war!

Poggle the Lesser: Well, it was that one clone's fault for being so careless.

Killer Shrike: It's possible that Poggle might have a point.

Me: Well this guy didn't answer for his crimes when he made the plans to the Death Star. We destroyed the entirety of the empire and made sure that Palpatine paid for all of his crimes and avenged the lives of countless innocent people that he slaughtered and destroyed because of his evil.

Poggle: What!? You all killed Palpatine!?

Me: And we show no remorse for it. Now you will soon join him in oblivion!

Nico: And it will be the last of the evils of the Dark Side of The Force!

Poggle then flew away.

Lemmy Koopa: He's getting away!

William: Good. We can follow him and use our entrance on him when the time is right.

Me: Lets go!

We flew after him in our cars and then millions of his people came out!

Me: We have LOTS OF COMPANY GUYS! Go weapons hot!

Nico: Roger that!

We had our weapons ready.

Beast Man: Let's use the area to our advantage!

Eli: Good idea. Lets burn them!

Me: I'll start us off. MATCHHEAD MISSILES FIRE!

I pressed 5 buttons and fired 5 Matchhead Missiles and they lit on fire and they hit a bunch of Geonosians and exploded!

KRABBBBBBBOOOOOOOOOMMMM!

Their flaming carcasses fell into the lava and melted.

Nico: Awesome!

Bubble Man: I hope you guys don't mind me using my powers in a place like this!

Me: Not at all. Go for it.

He fired bubble blasts and they entombed a bunch of Geonosians.

Eli: How about these for good measure? ICE AGE CANNONS FIRE!

Eli pressed a button and fired ice rays and they froze a bunch of Geonosians at Absolute Zero Temperatures and they shattered into a million pieces.

Nico: Awesome!

Eli: Lets see how they like this one.

Eli fired a blast of Force Lightning and electrocuted many Geonosians and they fell into the lava and melted.

Kangor: Is that the best Poggle's got mon?!

Me: Obviously not! Watch this one. DRAGON FLAMETHROWERS FIRE!

I pressed 5 buttons and fired massive blasts of fire from flamethrower cannons and they hit numerous Geonosians and incinerated them in an instant.

Nico: AWESOME!

Laney: Lets see how they like this one. VENUS FLY TRAP SNARES!

Laney pressed a button and fired 3 missiles and they opened and they formed into a huge Venus Fly Traps and then they clamped down and trapped numerous Genosians and dissolved them in sulfuric acid!

We destroyed them.

Dardemus: Time for our entrance!

Me: Lets do it!

Poogle was flying fast and then…

Then the spirits of the Western animals and gene-slammers all appeared and swirled around him and blasted him all over with lasers and smashed him all over. Then they converged above him and then…

KRABBBBBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion went off above him and a phoenix cry was heard and we came out!

Me: You're going to face up to your crimes.

Nico: We're not going to kill you like Anakin did. So instead we're going to bring you in to be arrested.

Femme Fatale: Nowhere to run now, bug!

Nico: You're going to pay for everything you did. The blood of everyone you destroyed is all on your hands because you gave the Emperor the plans for the Death Star.

Me: That's right. Chew on this.

I fired a blast of Force Lightning and electrocuted him all over.

Gia: Time to squash this bug!

Megaforce Rangers: LEGENDARY RANGER MODE! LOST GALAXY!

The Megaforce Rangers turned into the Lost Galaxy Rangers!

Nico: Lets get him!

We went at him and punched and smashed and pulverized him all over.

Me: And now, the president of the Shinra Company has finally shown himself at last. Cloud, what can you tell us about President Shinra.

Cloud Strife: You won't like him, J.D.

Cloud Strife proceeded to tell us about President Shinra, and we weren't going to like it.

President Shinra

President Shinra leads the Shinra Electric Power Company in Before Crisis -Final Fantasy VII-, Crisis Core -Final Fantasy VII-, Final Fantasy VII, and Final Fantasy VII Remake. He serves as the secondary and overarching antagonist of Final Fantasy VII and its remake, and plays a minor and unseen role in Crisis Core -Final Fantasy VII, only mentioned in emails and some dialogue.

President Shinra has three known children: two illegitimate sons and Rufus Shinra, the heir to Shinra's fortune. It is implied President Shinra has a wife, but she has never been depicted.

Profile

Appearance

President Shinra is a short stout man with thinning blond hair and mustache. He wears a burgundy suit, white shirt and purple tie and carries a cigar. In the Remake, his suit and tie are lined with black stripes and white dots respectively, and he is thinner than his original depiction. In the remake, he has a gold colored Shinra handgun model that he keeps in the drawer of his desk in his office.

## Personality

President Shinra is an overly ambitious, greedy man, stopping at nothing to gain more money and power. Both callous and ruthless, President Shinra is unfazed at disposing anyone who might oppose him and his company. As the de facto ruler of the world, he exercises his power with impunity. His lifelong dream is to build Neo Midgar in the promised land, a place he believes is fertile with mako energy. His only soft spot appears to be his son, Rufus, whose traitorous behavior he forgives. Even his passkey at the Shinra Building is his son's birthday. In the remake, he has a museum dedicated to his life in the Shinra Building complete with a gold colored statue, highlighting his obsession with wealth and power.

Before Final Fantasy VII Remake, the president was depicted ruling over Midgar and the rest of the Shinra-occupied world via handouts and misinformation. He promoted a prosperous future to garner more capital by putting spin on the narrative fed to the masses, showcasing a capricious and manipulative personality. In the Remake, his mindset on ruling the world better aligns with his son's: using his company's power to amass influence for egotistic reasons to dominate everyone under Shinra's survey with intimidation.

He has displayed frightening levels of sociopathy, callously having an entire sector destroyed to terminate his enemies, causing thousands of deaths. In the Remake he is openly unconcerned with the consequences, scoffing at Reeve's pleas to evacuate the area, viewing the populace's demise as a necessary sacrifice to weaponize the calamity for propaganda purposes. Afterward he is uninterested on restoring the sector, believing his Neo Midgar project to be more important and symbolic to his dreams of supremacy.

During the Hoshi o Meguru Otome novel, he is unable to return to the lifestream because he is too attached to his political and economical grandeur. He implies that he was willing to supply Aerith with prestige had she joined him in life and has little hostility towards her.

## Story

### Early life

President Shinra has three known sons: Lazard Deusericus, Evan Townshend, and Rufus Shinra, but he only acknowledges the latter. Lazard and Rufus were given top positions in his organization, the Shinra Electric Power Company that has a monopoly on power generation in the world. Shinra started as a weapons manufacturer, and continues in the business with a private army it uses to conquer areas that reject Shinra's hegemony. In Final Fantasy VII Remake, the Shinra Building tour has a museum dedicated to the life of President Shinra that shows him building up the company in his younger years. As revealed in Dirge of Cerberus, motivated by the growing sentiment against his company during Midgar's war with Wutai, President Shinra secretly commissioned Shinra's Deepground facility to conduct human experimentation and create an army of remorseless and obedient super soldiers to eventually replace SOLDIER.

### The traitor within Shinra

In Before Crisis -Final Fantasy VII- President Shinra gives a speech at Junon which was interrupted by an attack from the eco-terrorist group Avalanche, surviving being shot by its member Fuhito as he assigns the premier SOLDIER member Sephiroth to attack the Avalanche commander Elfe in retaliation. President Shinra begins suspecting the attempt on his life was made possible by a traitor within his company, wrongfully accusing the Turks' leader Verdot and temporary replaces him with Heidegger to oversee the elimination of Avalanche in Junon. But Heidegger's strategy nearly destroys Junon as the president is forced to rehire Verdot, who uses classified information to extort President Shinra.

President Shinra later discovers that Rufus orchestrated the attempted assassination to gain control of his father's company, with the Turks taking Rufus captive as leverage with President Shinra to save their commander Verdot and Elfe, revealed to be Verdot's daughter. President Shinra later has Rufus placed under house-arrest in Junon, covering up his son's absence by claiming he is on an "extended assignment overseas".

## Oppressor of Avalanche

When the second generation of Avalanche attacks Mako Reactor 1 in Final Fantasy VII Remake, President Shinra is observing them via security cameras and triggers the reactor's self-destruction when the terrorists' explosive fails. President Shinra intends to denounce Avalanche as Wutai funded terrorists to make the public fear both Avalanche and Wutai and turn to Shinra. During Avalanche's bombing on Mako Reactor 5, the president addresses Cloud's party before setting airbuster on him and his friends. The President later has Sector 7 destroyed as a means of disposing of Avalanche.

During the Shinra Building infiltration, Avalanche eavesdrops on the directors' meeting where President Shinra explains his intent of not rebuilding Sector 7 as they now have an Ancient who can lead them to the promised land so he can realize the Neo Midgar project. He then gives Professor Hojo clearance to do as he pleases with Aerith as long as he provides results.

In the original game, the party meets the President again in person when they are brought before him after being captured while trying to escape with Aerith and has them locked in cells following a brief conversation. After finding their cell doors open, the group hunts down the President only to find him dead in his office with a nodachi embedded in his back as a Shinra executive named Palmer reveals that Sephiroth killed the President. In Final Fantasy VII Remake, the President escaped Sephiroth's initial attack, and was left hanging for dear life on the side of the Shinra Building when found by Avalanche. Barret manhandles him while determined to have him publicly confess for causing the Sector 7 incident and denounce the Wutai-Avalanche connection as Shinra's propaganda. The President holds Barret at gunpoint while voicing his lack of remorse or morality, scoffing that Barret's conviction to "save the planet" from Shinra is weak if he is only asking him to clear Avalanche's name over stopping all mako production. President Shinra is killed when Sephiroth stabs him from behind. Following the president's death, his son Rufus assumes control of the company.

Found in the lifestream

In the novel Hoshi o Meguru Otome, Aerith's spirit in the afterlife finds a blank place in the lifestream where it does not flow properly, and discovers President Shinra. The President's spirit is joyous to have met her and tells Aerith he would have given her a life of luxury if she had cooperated with Shinra instead of living in the slums. He tells her how he took Shinra to where it was and became a king over Midgar with his control over mako and the people's dependency on it, and asks Aerith if she does not consider her life miserable in comparison to his as they have both ended up to the same place. Aerith realizes the President is clinging to the ambitions and wealth he had in life and this is why the lifestream cannot take him. Sensing her pity, the President tells her to leave. The moment she turns her back Sephiroth starts absorbing more essence of the planet to increase his power. The President is sucked in screaming as he is absorbed by Sephiroth.

---

When Cloud Strife was finished, we were disgusted by President Shinra's actions.

Me: Sheesh, this guy sure is nothing more than a greedy, power-hungry, and ruthless bastard.

Nico: You said it, J.D. This guy is a monster who doesn't care about anyone except himself.

Simba: And now, his greed and ambitions are about to be his downfall.

Suddenly, Simba's orange-brown eyes turned neon amber, and he was surrounded by a red and gold energy aura with red hot lava and lions surrounding him, he then unholstered his Defender of The Circle of Life Keyblade from his back, and as he approached President Shinra, he left red and gold energy, Earth, and lions with every step.

Simba: President Shinra, the crimes that you've committed against innocent people can never be forgiven. Your son and your associates have already paid the price with their lives, and now, it's your turn, your life, your company, and everything that you've acquired through your despicable actions will finally come crashing down!

Then, Simba let out a loud roar as he was surrounded by a massive vortex of red and gold energy with lava surrounding it, there were lions running around the vortex, and inside the vortex was a gold phoenix. Then, as the vortex faded, Simba emerged, but he was changed forever.

Simba gained an anthropomorphic form and he grew to 8'0" in height, he now has abnormally massive and powerful upper and lower body muscles and eight-pack abs, he has beautiful neon orange-brown eyes and a red and gold energy aura with lava and lions surrounding him, he has a longer mane of red hair with golden highlights, he has a lion holding the Lava Kanji in its paws emblazoned on his forehead, he has on lion earrings with the Lava Kanji in its paws and a necklace with a lion holding the Lava Kanji in its paws for the pendant across his bare chest, and Simba has massive gold angel wings with red tips on the large gold feathers, and his tail grew a little longer.

Simba has on his new large cuff Bracelets of the Champions of The Universe with red gems on his wrists, and he also has on the same clothes as Me, Lincoln, Lynn Sr., Liam, Duke Lincoln, Loki, Loni, Luke, Lane, Larry, Leif, Lexx, Levi, Leon, Bobby Santiago, Lynn Jr., and Timon, but his version of He Man 2002's loincloth is red, he has on long red trenchcoat flaps with lions and Earth on the coattails held up by his new Belt of Elemental Bravery with large red gem for the belt buckle on his waist, and his Eater of Sins revolver holstered on his right hip, he has large red weighted bands on his large biceps and thighs, large black jeans with orange flames on the legs, and large black leather ankle-high combat boots with silver armor on the toes. The massive, wide, double-edged blade of Simba's Defender of The Circle of Life Keyblade grew to 6'5" in length and it turned red and the long black handle grew a little longer.

Simba had a lion and phoenix with flames tattooed on his wider and more muscular back. There's a red kanji right below the lion and phoenix that said, "Simba, Courageous King of Pride Rock, Loving

Husband of Nala, Brave and Loving Son of Mufasa, Loving Adopted Son of Timon and Pumbaa, Loving Father of Kion, Kovu, and Kiara, Protector and Defender of The Pride Lands, Friend to Many, Slayer of Evil, Protector of The Circle of Life, Destroyer of Scar's Dark Ambitions, and Master of Earth and Lions."

シンバ、プライドロックの勇気ある王、ナラの愛する夫、ムファサの勇敢で愛する息子、ティモンとプンバアの愛する養子、キオン、コブ、キアラの愛する父、プライドランドの保護者と擁護者、多くの友人、悪の殺し屋、生命の輪の守護者、傷跡の暗い野心の破壊者、そして地球とライオンのマスター

Simba transformed into SUPER ANGEL 750,000,000,000 PRIDELANDS VOLCANIC LAVASTORM LION ANGEL OF JUSTICE AND HOPE!

We were amazed by Simba's Super Angel 750,000,000,000 transformation, including all of our friends from the Pride Lands. But, when President Shinra saw it, he fell into a murderous rage.

Timon: Whoa, Simba's transformed!

Kion: That's right, Uncle Timon, Dad's transformed and he's going to let President Shinra have it for all of the pain and suffering he's caused.

Me: That's right, Kion. (To Simba) Simba, how do you feel?

Simba: (Divine Echoing Cosmic Voice of The Volcano and Jungle Justice) **I feel incredible, J.D., and now, it's time to put an end to President Shinra once and for all!**

Timon: Simba, show that mook no mercy!

Simba: (Smiles) **With pleasure, Timon.**

Simba went after President Shinra, and he fired powerful blasts of red and gold energy, lava, and lions made of lava, and they explode with incredible power as they hit President Shinra, and he was also badly burned. Then, Simba slashed at the evil heartless Shinra president in the chest with his Keyblade and claws, and he'd screamed in pain. But, the pain got even worse when Simba slashed off President Shinra's arms.

Simba: **And now, this is the end for you and the Shinra Company, President Shinra. PRIDELANDS LAVASTORM LION PRIDE FURY!**

Simba fired lions made of pure lava, and as they pounced on President Shinra, they tore him apart and the molten lava melted his severed limbs, and his spirit was Super Hakaied forever. We cheered wildly for what Simba did as he holstered his massive Defender of The Circle of Life Keyblade on his wider and more muscular back and powered down, and his new body, clothes, weapons, jewelry, and angel wings were permanent.

Nico: Oh yeah, Shinra Company, you have failed this universe!

We then went up to Simba, and hugged him.

Me: Whoa, Simba, you did an amazing job out there. Now, the Shinra Company is finally no more.

Simba: Thanks, J.D.

Timon: Finally, we're now rid of those Shinra mooks once and for all!

Pumbaa: You said it, Timon.

Lincoln: When we get back home, we'll hold a toast to the death of The Shinra Company once and for all.

Me: Good idea, big guy. That'll be a way to celebrate the final farewell of The Shinra Company.

We went and finished the race and then Me, Eclair, Lola, Simone and Sunset Shimmer crossed the finish line first!

Nergal: Let's celebrate with pizza from me!

We cheered.

Me, Eclair, Lola, Simone and Sunset Shimmer were given beautiful trophies that looked like the planet Mustafar made of Swarovski crystal and it had flaming race cars and lava made of orange gold around the planet.

Me: This was one volcanically hot race. We haven't had a race this hot since the Grimsvotn race.

Sunset Shimmer: But this was so awesome! I've never won a race before.

Simone: Boy me neither.

We went back to Earth and Poggle was put into the prison of the Jedi Republic forever.

---

At Nergal's Pizza we were having a really good pizza.

Lincoln: I propose a toast, to the capture of Poggle the Lesser and to the death of the Shinra Company.

All: HERE HERE!

We cheered.

Electropede, Comic Book Guy, Grodd, Mysterio, Scorpion, Pterodactyl Ghost, Ice Demon, Black Knight Ghost, Gramma Stuffum and Whiplash then appeared.

Me: Electropede, Comic Book Guy, Grodd, Mysterio, Scorpion, Pterodactyl Ghost, Ice Demon, Black Knight Ghost, Gramma Stuffum and Whiplash.

Whiplash: Congratulations on another awesome race.

Me: Thanks.

Mysterio: We heard about your pregnancy, Alexis. Congratulations!

Alexis: Thanks, Mysterio.

Comic Book Guy: Of course, we don't know what gender it will be.

Grodd: But congratulations nonetheless.

Laney: That's why we're going to the doctor later to find out.

Me: Some time later this week though. With our powers it's a quick pregnancy.

Grodd: That's true.

Scorpion: (to me) Heard you dealt with that dirtbag Flip again.

Me: Boy we sure did.

Whiplash: What was he up to this time?

Me: He was on the planet Valo and he was going to scavenge for parts to sell for millions.

Whiplash: Figures he would do that. And I heard you all met the Crystal Beast Amber Mammoth Gene-Slammer.

Me: Yep. Sandra Thompson here. And she smashed him into a tree and broke EVERY SINGLE bone in his body. All his bones were completely shattered.

Whiplash: Holy crap! Wow!

?: No kidding.

A figure came out and it was BARA BRAIN from episodes 6 and 7 of Ohrangers, The Japanese Version of Zeo!

---

A cunning Machine Beast, Bara Brain was thought highly of by Empress Hysteria, who described him as the "cream of the Baranoia Army Machine Beasts." Bara Brain was deployed by Hysteria to locate the whereabouts of the UAOH base before development of the Ohranger's five new mechas can be finished. Bara Brain manipulated the Ohrangers' commander Naoyuki Miura, sending him telepathic visions of Mitsuko, the daughter of the commander's deceased UAOH comrade, Endo to give him a false sense that she is in danger. Bara Brain's plan worked and he was able to ambush the Ohrangers and Miura, cornering the commander and Mitsuko. He then possessed Mitsuko's body and successfully captured Miura. Bara Brain creates the giant behemoth, Bara Separate, to hold off the Ohrangers while he interrogates Miura. Bara Brain used Mistuko to fill Miura's mind with guilt over the death of her father, though the commander was able to see through the illusion and resisted the former's cruel tricks. The Ohrangers and the UAOH staff were able to complete Dash Lion and Moa Loader, deploying them to battle Bara Separate. Realizing that he still has time to stop the three remaining mechas from being finished, Bara Brain threatens to kill Mitsuko if Miura doesn't surrender the base's location. **TV STORY-** Ep. 6: The Formidable Enemy, Brain Machine

The Ohrangers were able to locate Bara Brain and engage him in battle. They were eventually able to rescue both Chief Miura and Mitsuko, but were pursued relentlessly by Bara Separate and Bara Brain's Barlo Soldiers. Entrusting the Ohrangers to finish the mechas without him, Miura choose to stay behind and lure Bara Brain away from Mitsuko and the Ohrangers. Having recaptured Miura, Bara Brain called out the Ohrangers, ordering them to surrender within one hour or else Miura will be executed. Hysteria appears before Bara Brain and prepares to personally execute Miura, but were interrupted by the Ohrangers in the completed Chōriki Machines. Baffled that the Ohrangers were able to complete the mechas without Miura's help, both Bara Separate and Baranoia's invading forces were overwhelmed by the Ohrangers' Chōriki Machines. Bara Brain pilots a Takonpas to battle Oh Red in Sky Phoenix. Despite the Ohrangers' triumphant opening battle, the tides quickly turned in Bara Brain's favor and Bara Separate was able to defeat the Chōriki Machines. Before he can finish off the Sentai team, the mechas combined together to form the OhrangerRobo. In the end, Bara Brain died in conjunction with Bara Separate due being mentally linked to him, falling flat on his face and detonating. **TV STORY-** Ep. 7: Complete! The Super-Powered Robo

---

Eli: Bara Brain of Ohranger! I remember you. You were known as the Cream of the Baranoia Army Machine Beasts. You were sent to locate the UAOH base before the Ohrangers Zords were finished. You did that by sending Naoyuki Miura fake visions of Mitsuko, the Commander's dead comrade, to give him a false sense that she's in danger.

Bara Brain: That is right. Very well memorized and recollected.

Eli: Thanks. Never missed an episode myself.

Me: You're one of the unadapted Zeo Ranger monsters.

Bara Brain: That's right.

Nico: Cool!

Bara Brain: Too bad I wasn't adapted into America.

William: I know! I mean, you've got psychic powers, right?

Bara Brain: I sure do.

Me: But you would have made a great American monster. What a ripoff.

Bara Brain: I know.

We got the usual battles underway.

Lori: Sorry Fluttershy but it's just how we feel about him.

Nico: Whoa! Where did he go!?

Everyone clamored.

---

I was in a mysterious unknown world and it looked like I was floating in space.

Me: [echoing] Hello? Where am I? What is this place?

Suddenly a figure came out and it was the Great Spirit of The Tree of Harmony.

Tree of Harmony: [echoing] Congratulations, J.D. I knew you were capable of mastering the powers of the champions of friendship and harmony.

Me: I don't understand Great Spirit. What did I do?

Tree of Harmony: You have done so many great things over the past five years out of the sheer goodness of your heart and you have done many extraordinary and divine good deeds and your friends have been a magnificent force of inspiration to help you on your journey. These were some things no one can even fathom. The lessons you have learned since you have acquired your world tree estate, the Sword of Harmony and the Ponyville Tree of Harmony have taught you well. You have proven that you are ready J.D.

Me: What am I ready for?

Tree of Harmony: (Singing)

You've come such a long, long way

And I've watched you from that very first day

To see how you might grow

To see what you might do

To see what you've been through

And all the ways you've made me proud of you

It's time now for a new change to come

You've grown up and your new life has begun

To go where you will go

To see what you will see

To find what you will be

For it's time for you to fulfill your destiny

Screens appeared and they showed all the achievements of all the deeds on all our adventures and all the friends we met and so many people that we helped out on many planets, galaxies, dimensions and universes and more. Including all the villains we reformed and saved from themselves. Then a rainbow magic ball came out of my chest and then it swirled around me and I floated into the air as I was being entombed in a ball of energy and then it exploded out! On Earth the World Tree Estate glowed brightly and then a massive flash of light exploded out in the sky and a massive explosion of energy formed in the sky and it was in the shape of my Phoenix Cutie Mark and it had the cutie marks of all my friends around it and the power coming off of it was absolutely mindboggling and incredibly powerful! The Divine Tolls of Bells and singing of angels was heard! Everyone all over the Earth saw it and many planets all over the universe felt the enormous power coming off of it.

Nico: WHOA! WHAT POWER!

Eli: UNBELIEVABLE!

Allie Wilde: What is that!?

Laney: Incredible!

The cutie mark landed and then I was standing in a dome of powerful energy and then it faded.

Nico: J.D.? Is that you?

I stood and then my clothes turned pure white and my trench coat was now glowing rainbow color and I still had my weapons and spell book with me and my bracelets too then I spread new angel wings and instead of feathers, they were made of pure rainbow ethereal energy and they were glowing rainbow color and were like Princess Celestia's hair! And the power I had was 500,000,000,000,000,000,000,000,000,000 times more powerful than that of my Super Angel-Ebonwu-Phoenix-Harmony Eternal Infinity form!

Everyone gasped in pure amazement!

Nico: WOW! J.D. you look incredible!

Eli: Whoa! Bro you look awesome! This must be a new transformation.

Me: I feel amazing guys! I don't feel transformed but I feel more powerful than ever before! This is amazing!

Nico: Wow! You must've ascended. What happened?

The spirit of the Tree of Harmony appeared before us.

Tree of Harmony: J.D. has ascended to a true level of purehearted power. He now has the combined powers of all his transformations into one and has now unlocked the ultimate level of his power. This is now his Super Friendship Angel Power.

Varie: Amazing.

Celica: That is awesome.

Tree of Harmony: The bonds he has with all of you is so strong and the friendships he made on all your adventures is so great that his heart and love for you all is so amazing that he is ready for the next step of his journey.

Nico: That is amazing.

Laney: Boy it sure is.

Luna: Rockin dudes.

The spirit vanished.

Me: Wow.

Grodd: Wow J.D. you look awesome.

Electropede: You sure do J.D. Wow.

Nico: I didn't know this level of power was possible.

Me: It sure is. I still have so much to learn though.

Nico: Take your time J.D.

Runt: (To the viewers) This was an awesome race. We hope you all like it as much as we have.

Dixie: (To the viewers) And J.D. unlocked an amazing new transformation too.

Lola: (To the viewers) This was so awesome.

Me: Lets head home everyone. Great job today.

We went back home and then we enjoyed the rest of the day and went to sleep.

THE END

---

Another awesome chapter and race done.

A race around the planet Mustafar on Star Wars was a really scary and hot experience and it was cool. I loved the battle with Anakin and Obi-Wan on that one in Star Wars III. Curse that Palpatine! But the cool part is that we got to race around the planet. It was amazing to see. The first part was for the planet Valo from Star Wars and that was a really awesome and cool planet to see. The second part was for the DBGT saga for Baby, he was that parasitic Tuffle and he was trying to destroy the world and that was where Goku turned into Super Saiyan 4 for the first time. NicoChan11, JediAvatarOfShinobi, Omegahatchiyak12, XP4Universe, Darkhai, vinjedi1995, Drako1234658, Nflemingful, Etstheclarencefan and ninjakingofhearts gave me the ideas for this and so did the guest reviewer. Thanks guys. The next rescue for me is gonna be in London and we're going after Cruella DeVil and rescue 99 Dalmation Puppies from her and Jasper & Horace. We're also going to rescue a Lady Assailant of Flames and a Crystal Beast Topaz Tiger Gene-Slammer named Hannah Florington. She is a girl as old as Lynn. Me, Eli, Arrietty, Nene, Allie Wilde, Maria, Marie, Nicole Chan, Qin, Erica, Ellie, Lillian, Megan, Nora Venice, Simone, Miranda, Gina Pele, Lola Namiko, Nelanie, Warrior Lady of The Wasteland, Natalie Griffin, Maiden of The Aqua, Syrus, Dark Magician Girl, Rey, Lina, Kia, Jenna, Princess Cadance and the Aarna the Copperajah Gene-Slammer are gonna go with me on this one and also Princess Cadance is going to transform too. So I'll need the transformation sequence for that please. Also for Lincoln's Rescue he is going to the planet Garganath and we're going to face the evil Maleficent from the 1956 movie Sleeping Beauty and bring an end to the iconic Mistress of Evil. The next chapter is gonna be for the awesome movie Open Season and we're going to Timberline in Alaska to meet Boog and his friends and take down Shaw, the meanest hunter ever!

See you all tomorrow

# Hunting Season is Cancelled!

Over in London, England me, Eli, Arrietty, Nene, Allie Wilde, Maria, Marie, Nicole Chan, Qin, Erica, Ellie, Lillian, Megan, Nora Venice, Simone, Miranda, Gina Pele, Lola Namiko, Nelanie, Warrior Lady of The Wasteland, Natalie Griffin, Maiden of The Aqua, Syrus, Dark Magician Girl, Rey, Lina, Kia, Jenna, Princess Cadance, Shining Armor, Flurry Heart, and the Aarna the Copperajah Gene-Slammer were there to go see what is going on with Pongo and Perdita and their puppies.

Princess Cadance: I think it's too late. Look.

She showed us a newspaper and it showed the 15 puppies of Pongo and Perdita and it said they were dognapped.

Nicole Chan: They were stolen!

Me: There's only one person that I know that is capable of doing this: Cruella De Vil!

They gasped!

Eli: That witch! I thought she was in prison.

Me: She must've escaped somehow.

Arrietty: Who is Cruella?

Eli: You would not like her Arrietty.

Eli told us all about Cruella.

---

Cruella de Vil is the main antagonist of Disney's 101 Dalmatians franchise, serving as the main antagonist of Disney's seventeenth full-length animated feature film 101 Dalmatians, one of the two main antagonists (alongside Lil' Lightning) of its 2003 direct-to-video sequel 101 Dalmatians II: Patch's London Adventure, a major antagonist of House of Mouse, one of the secondary antagonists of Mickey's House of Villains, and the overarching antagonist of 101 Dalmatian Street. She is Pongo, Perdita and their children's arch-nemesis.

Cruella is one of the most iconic and well-known Disney Villains and is a primary member of the franchise, she is remembered for her unique name, extravagance, and obsession - practically a worship - of fur.

She was voiced by the late Betty Lou Gerson in the first film, April Winchell in the TV series, Susanne Blakeslee in 101 Dalmatians 2: Patch's London Adventure, House of Mouse and Mickey's House of Villains, Barbara Goodson in Disney On Ice, and Michelle Gomez in the TV series 101 Dalmatians Street.

101 Dalmatians (1961)

In her debut, Cruella was mentioned by Roger to be Anita's old schoolmate. He began to sing his own version of her called "Cruella de Vil". Cruella storms in and asks if the puppies came believing they are the key to make a spotted fur coat. Anita says in three weeks they will. Cruella leaves without even joining Anita for tea. She then comes back in three weeks. Anita and Roger say "no" when she asks them to sell the puppies. Roger stood up firm and tells Cruella off, stating that she's not getting a single puppy. Furiously, Cruella storms out, warning them that she would get even and they would be sorry. She hires Horace and Jasper on the phone to help her in stealing the puppies.

Cruella later gloats at the newspaper with the picture of Pongo and Perdita's 15 puppies stolen and called Roger a fool.

Then she next appears in the film when she angrily watches her henchmen watching "What's My Crime". She demands them to start skinning the puppies for a fur coat. She slaps Horace and Jasper when they ask if they can finish the show first, and leaves them in her house to skin the puppies, threatening to call the police if they are not done by morning. She finds Horace and Jasper looking for the puppies who escaped the house and they discover their footprints in the snow. She then vowed to find the dogs "even if it takes until next Christmas".

They follow them to Dinsford and Cruella sees black puppies and soon she realizes that they are the puppies in soot when snow falls on them and uncovers their disguises. She calls her henchmen to catch them, but they are attacked by a black Labrador and fall down on the road. Cruella follows the van the puppies ride in and tries to recklessly hit the van to catch the puppies, but drives off the hill and is trapped in the snow, but quickly escapes the trap and crashes into a tree, knocking off her car parts.

Enraged, she goes insane with a wild look in her face in her attempts to catch the puppies and rams into the van that they are in to try and knock it off the road, but Horace and Jasper try to do the same thing, but Horace pulls out the wheel and they crash into Cruella's car. Both cars crash down a hill but Cruella and her henchmen are unharmed, but the puppies in the van escape. Cruella cries and yells at Horace and Jasper, who finally get fed up with her insults, and tell her to shut up, and they are later arrested off-screen.

101 Dalmatians II: Patch's London Adventure

Cruella had been released from jail, but has a restraining order and is on probation. Her life in ruins, she tries to calm herself down working with Lars, a German artist. Try as he might, however, he cannot please Cruella with his designs, so she decides to help by looking for the Dalmatian puppies again and find out their address by seeing Patch on the newspaper. She bails Horace and Jasper out of jail to find the puppies, and she hides them in a stolen truck to get to the puppies. The Baduns are able to subdue the Nanny and steal the puppies for Cruella, who aspires to use their fur for a painting. When Lars disagrees, Cruella ties him up and gags him, and turns to her original plan of turning the puppies into a fur coat.

Patch's hero, Thunderbolt, tries to rescue the puppies, but Lil'

Lightning tricks him into openly attacking Cruella and the Baduns. Cruella captures him and Patch. Lightning reveals Thunderbolt as a fraud, crushing Patch's spirit. The puppies escape but Thunderbolt is too ashamed to follow. The Baduns inform Cruella that the puppies escaped, but Patch tricks them while Thunderbolt frees Lars. The dalmatian puppies escape in a double-decker bus and Cruella chases after them with her henchmen, but Cruella is distracted by Thunderbolt faking a heart attack. Cruella decides to put him out of his misery by killing him, but she accidentally knocks the Baduns unconscious. Patch puts the bus in reverse and Cruella, Lil' Lightning, and the Baduns are almost run over and fall into a river. Lil' Lightning and the Baduns are imprisoned while an insane Cruella is dragged into a mental institute, never to be seen again. It is unknown if Cruella ever recovered from her mental condition or if she spend the rest of her days thinking on dalmatian fur coats and locked up in the mental institute.

When Eli was finished many of us that hadn't heard about her were shocked!

Lina: Boy she is a monster!

Kia: She is a fashion designer gone bad.

Nene: Yeah she sure is.

Aarna: I can't wait to make her pay.

Aarna concentrated and groaned as her nose grew.

Me: Leni and Lana hate her with a vengeance.

Aarna turned into COPPERAJAH!

Simone: YEAH!

Gina Pele: Where does she live?

Me: In Suffolk in the countryside. Lets go.

We were off.

Maria: Okay. The Cruella that Carlos knows as his mom and who lives in the Isle of the Lost we'll leave alone. But the one that we fought before? She's going down!

Me: You got that right.

Nicole Chan: Yeah she is a monster. Going back to prison.

Allie Wilde: I can't believe she is that dangerous.

Me: Yep. (Sees something) Look there.

We saw that there was smoke coming from the De Vil estate.

Me: That's her house. The De Vil estate.

Maria: Boy Fluttershy would not like Cruella.

Miranda: She wouldn't one bit.

We flew and landed.

We saw that the De Vil estate was burned down to the ground and it was totally gone.

Me: Whoa man!

Maria: What happened here?!

Me: Looks like there was a struggle.

Nicole Chan: Or a murder. This whole mansion is torched!

Allie Wilde: Wait look there.

We saw tracks.

Me: Tracks. They busted out. Pongo and Perdita got them out. Lets follow them. (Whistles)

Our horses and Rapidash came and we got on them and followed the tracks.

Me: Wait look here!

We saw tiger tracks with the puppy tracks too.

Me: There's Tiger Tracks too?

Princess Cadance: I think they have a Crystal Beast Topaz Tiger Gene-Slammer with them.

Eli: She's right. I sense it.

Me: Lets go. They're heading to Dinsford.

We went to Dinsford.

We later arrived and we saw Pongo, Perdita and the 99 puppies.

Maria: There they are!

Me: Here in Dinsberg.

Maria: And that's not all that"s here. Jasper, Horace and Cruella are here too.

Eli: We better get ready for battle. But look there.

We saw a Crystal Beast Topaz Tiger and helping was a Lady Assailant of Flames.

Me: There's the Crystal Beast Topaz Tiger and it has a Lady Assailant of Flames.

Eli: This is gonna be intense.

Me: Okay. Get ready for the moving van to move. When it heads out we follow.

Allie Wilde: Right.

Maria: I think Jasper and Horace deserve better than Cruella.

Maria whistled for them to come to her.

Maria: (to Horace and Jasper) You two have a choice. Keep following Cruella. Or join up with us.

Me: Maria are you sure?

Maria: Positive. She treats them like dirt.

Me: Okay. We do pay better money.

Horace: Well okay.

Jasper: We'll do it.

Me: Wise choice. The van's on the move! Lets go! HYAH!

We followed the van.

We were riding alongside the van and Cruella was coming fast.

Me: Get ready for anything.

Cruella was coming fast like a mad animal!

Jasper and Horace were driving behind us.

Me: Here she comes!

Princess Cadance: I've had it with this monster!

Suddenly, Princess Cadance's purple eyes turned neon purple and she was surrounded by a pink energy aura with light, and crystals, and as she approached Cruella DeVil, Horace, and Jasper, she left pink energy, light, and crystals with every step. Then, Princess Cadance was surrounded by a massive vortex of pink energy with light and crystals surrounding it, there was an alicorn running around the vortex, and in the vortex was a blue phoenix. Then, as the vortex faded, Princess Cadance emerged, but she was changed forever.

(THE MYSTIC'S DREAM PLAYS AT 6:03 TO 7:13)

Princess Cadance grew to 6'0" in height, she had the body of a goddess, she had pink highlights on the bangs of her long multi-colored hair, she has neon purple eyes and a pink energy aura with light and crystals surrounding her, she has an alicorn with The Crystal Heart emblazoned on her forehead, she has on alicorn earrings with the Light Kanji in its hooves, she has on a necklace with an alicorn holding the Light Kanji in its hooves for the necklace, she has on a sleeveless pink blouse with a gold phoenix on it, pink blouse with her cutie mark on it, pink pants, pink high heels, she has massive pink angel wings with gold tips on the large pink feathers, and a sleeveless pink trenchcoat with light and crystals on the coattails, and on the back is an alicorn with crystals surrounding it. Princess Cadance has her massive Sword of The Knights of The Friendship Table in her hand, she has on her new Bracelets of The Champions of The Universe with blue gems on her wrists, Belt of Elemental Bravery with large blue gem for the belt buckle on her waist, and her Eater of Sins revolver holstered on her right hip. There's a gold kanji below the alicorn that said, "Princess Cadance, Princess of The Crystal Empire, Loving Sister-In-Law of Twilight Sparkle, Loving Wife of Shining Armor, Loving Mother of Flurry Heart, Avenger of Princess Amore, Slayer of The Black-Hearted King Sombra, Slayer of Evil, Amazing Member of The Knights of The Friendship Table, and Master of Light and Crystals."

ケイダンス王女、クリスタル帝国の王女、トワイライトスパークルの愛する義姉、輝く鎧の愛する妻、フラリーハートの愛する母、アモーレ王女の復讐者、黒心の王ソンブラの殺し屋、悪の殺し屋、素晴らしい友情テーブルの騎士団のメンバー、そして光と結晶のマスター

Princess Cadance has transformed into SUPER ANGEL-ALICORN 750,000,000,000 CELESTIAL LIGHT CRYSTAL ALICORN ANGEL OF LOVE AND HOPE!

We were amazed by Princess Cadance's Super Angel 750,000,000,000 transformation, including Flurry Heart, and when Shining Armor saw what happened to his wife, he had an atomic red blush on his face. But, when Cruella DeVil saw it, she fell into a rage. Princess Cadance fired two blasts of light at Cruella and they hit her and smashed her all over.

Princess Cadance: (Divine Echoing Cosmic Voice of Crystal Love)

**You would rather to have all the furs of animals all for yourself!**

Me: You treat life like a disposable commodity!

Cruella: YOU'LL HAVE TO KILL ME THEN! LIKE YOU DID BEFORE!

Maria: (smirks) Oh, we're not gonna kill you this time. But you WILL have some boo boos after the inevitable crash.

Crystal Beast Topax Tiger: From me!

She then smashed into Cruella's car and sent her crashing down the hill and her car was smashed to pieces and she was all mangled up from the crash! OUCH!

Ellie: She's gonna be really feeling that in the morning!

Crystal Beast Topaz Tiger: She sure is. That was awesome! Sorry I'm Hannah Florington.

Me: Pleasure to meet you Hannah.

Maria: Looks like Cruella is going back to jail.

I fired a rainbow energy straitjacket and chain and tied her up and the cops came and took her away. I put on my blind man glasses and Shining Armor, Eli and Syrus covered their eyes and I snapped my fingers and Hannah and Aarna were reverting back.

Aarna: (regains her hair) Were you the one who got the puppies out?

Hannah Florington: We both were actually. Me and Lady Assailant of Flames busted them out just as Pongo and Perdita came.

Nicole Chan: That was awesome.

They were back to normal and then Maria gave them new clothes and they put them on.

Hannah Florington: Wow what a beautiful dress.

Maria: Thanks. We make awesome clothes for everyone.

Topaz Tiger then contacted her on her Topaz Earrings.

Topaz Tiger: Hannah thank goodness you are back to normal.

Hannah Florington: It was awesome being like you Topaz Tiger.

Tiger Tiger: And now you have full access to my powers. You will like Jesse and his team.

She glowed in a neon yellow aura and was fully engrafted with Topaz Tiger's powers.

Maria: I've noticed the lack of pain. Looks like the creatures that Gene Slammers turn into are catching on more quickly.

Me: Yeah they sure are.

Lady Assailant of Flames: This must have happened to many people you met.

Me: Yeah it sure has. We know so many gene-slammers of many kinds.

Natalie Griffin: Yep and it's amazing. I'm a 9-Headed Dragon Gene-Slammer and it's awesome.

Me: Yep. Also Hannah is the third member of the Crystal Beast Gene-Slammers we met. 4 more to find.

Erica: We're putting together a team for them and the Rainbow Dragon Gene-Slammer that we know, Catherine Lancaster.

Hannah Florington: Wow that makes sense.

We went back home and told everyone everything that happened and Cruella was sent back to prison. This time for life with no possibility of parole.

After dealing with Cruella DeVil, and recruiting Horace, and Jasper in London, Lincoln, Me, Nico, Eli, Nicole, Lola Loud, 2014 Maleficent, Carmen Rockell, and Liam Hunnicut were heading to the planet Garganath, and not only is Lincoln going to rescue the eleven girls, but we're going to deal with the 1959 version of Maleficent, and we're going to put an end to the Mistress of Evil for good.

**Maleficent** is the main antagonist of Disney's 16th full-length animated feature film *Sleeping Beauty* (which is based on the 1697 classic fairytale of the same name by the late Charles Perrault and the late Peter Tchaikovsky), a supporting antagonist in *Mickey's House of Villains*, one of the main antagonists of the *Kingdom Hearts* franchise, and the titular main protagonist of the live-action films *Maleficent* and *Maleficent: Mistress of Evil* .

In *Sleeping Beauty*, she is the arch-nemesis of the Three GoodFairies, Princess Aurora, and Prince Phillip. She is an evil witch who takes offense at not being invited to the christening of Aurora and attempts to get revenge on King Stefan and his people by cursing Queen Leah and Stefan's beloved daughter, Princess Aurora.

She is responsible for all the trouble and misfortune in King Stefan's kingdom. She also appears to have a hatred the Three Good Fairies: Flora, Fauna, and Merryweather, her rivalry opposites who do all in their power to keep her overwhelming evil magic at bay. With her gothic, elegant design, dramatic and flamboyant animation, and unlimited arsenal of magic powers, Maleficent is one of the most popular and well-known Disney villains.

In the 1959 animated film, she was voiced by the late Eleanor Audley, who previously voiced Lady Tremaine in Disney's 1950 film, *Cinderella*, and Madame Leota in *The Haunted Mansion* . In subsequent appearances, she is voiced by Susanne Blakesleewho also currently voiced Lady Tremaine and Cruella De Vil. In the 2014 live action film and its 2019 sequel, she was portrayed by Angelina Jolie, who also played Grendel's Mother in the 2007 film adaptation of *Beowulf*, Lola in DreamWorks' *Shark Tale*, and Mrs. Nerse in *The Cleveland Show* .

At the christening of the newly born Princess Aurora, announced by Lord Duke, the Three Good Fairiescome to bestow three gifts on the child: Flora's gift is Beauty and Fauna's is Song. Before Merryweather has a chance to give the child a gift, Maleficent enters with her raven named Diablo, perched on her Staff. Mad at not receiving an invitation, she curses the child, decreeing that, before the sun sets on Aurora's 16th birthday, the child shall die by pricking her finger on the spindle of a spinning wheel, leaving everyone horrified about Aurora's doomed fate. She then leaves, cackling. Merryweather is unable to undo the entire curse herself, so she is able to alter it, so that Aurora will only enter a deep sleep which will be broken with true love's first kiss.

As Aurora's 16th birthday drew near, Maleficent punishes her Goons, who have stupidly been searching for a baby for sixteen years. She then sent Diablo, her Raven, to find the princess. Diablo discovers that Aurora, as "Briar Rose", is living with the Flora, Fauna, and Merryweather (who are posing as mortals) in a cottage in the woods. When the princess and the fairies return to the castle late that afternoon, Maleficent finds Aurora alone and, as a will-o the wisp-like apparition, lures her to a spinning wheel, forcing Merryweather, Flora, and Fauna to go after Aurora. Sadly, Aurora pricks her finger and falls to the floor, so the fairies arrive too late to save her and gasped when Maleficent scoffs at them for their inability to stop her. After revealing them the now sleeping Aurora, she disappears, leaving the fairies to weep over their failure to protect Aurora.

Following this, Maleficent and the Goons go to the cottage, where they wait for Prince Phillip, who had arranged to meet Aurora (whom he only knew to be "Briar Rose", a peasant girl). When he arrives, they capture him and take him to her castle at the Forbidden Mountain.

Flora, Merryweather, and Fauna rescue Phillip and gives him the Shield of Virtue and the Sword of Truth. This is noticed by Diablo, who fetches the Goons. The prince and fairies are still able to escape, and Merryweather turns Diablo to stone. However, Maleficent emerged from her apparent slumber, saw Phillip escaping, and attempts to strike him down with lightning. As he continues, she summoned thorns to surround King Stefan's castle. Enraged that Phillip, with some help from the Good Fairies, is able to hack through the thorns, she angrily decided to kill him in her own hands. She teleported to Stefan's castle and appeared before the prince. In order to stop him from breaking her curse on Aurora, Maleficent transformed herself into an enormous dragon.

The two battle in an intense and climactic duel. At first, Phillip appears to be no match for the dragon, but the three fairies have finally had enough of their rival's evilness and enchant Phillip's weapon with their spell, *"Now sword of truth fly swift and sure that evil die and good endure".* This was obvious that Maleficent was too destructive and dangerous to be left alive. He throws the sword, striking Maleficent through her heart. The dragon then fell from a great height in a cloud of black smoke and Phillip looks down to see that only her cloak remains. The Sword of Truth, still embedded in the robe, turned black.

After Maleficent was finally destroyed for good, Phillip goes to Stefan's castle and awaken Aurora with a kiss, breaking the spell, lifting the curse. Then everyone else awakens from their slumber, including King Stefan, Queen Leah, King Hubert, Sir Minstrel, and Lord Duke.

Maleficent appears in the book sequel to Sleeping Beauty as the main antagonist revived by her servant Diablo to take revenge.

Maleficent appears as the villain protagonist of the book.

Maleficent appears as a recurring villain in the series and is one of the main villains in the movie House of Villains.

**Maleficent** appears as one of the main antagonists of *Once Upon a Time* . An evil witch, as opposed to a fairy, Maleficent is one of the most infamous villains of the Enchanted Forest.

The 2014 movie *Maleficent* presents an alternate take on the character, casting her in a more sympathetic light. It also turns out that the real reason behind her supposed evil behavior was because of a horrible betrayal caused by her closest friend Stefan, who stole her wings in order to become the heir of the kingdom ruled by the ruthless King Henry. However, she finds redemption in becoming a mother figure to Aurora, who becomes the new Queen of the Moors following Stefan's death while Maleficent flies away with Diaval.

Maleficent returned in the 2019 sequel *Maleficent: Mistress of Evil*, where she learns that Aurora and Philip decided to marry. However, she finds herself in odds with Aurora due to a war between human and fairies instigated by Philip's mother Queen Ingrith, who plans to use the wedding to divide the humans and fairies forever.

In the 2015 DCOM, *Descendants*, Maleficent appears in this movie as the main antagonist. She assigned her daughter Mal, to retrieve the Fairy Godmother's wand to get revenge on King Beast and Queen Bella for trapping all the villains on the Isle of the Lost. She succeeded. However, Mal convince her mother and she transforms into a gecko. She is portrayed by Kristin Chenoweth.

Maleficent appears as a major antagonist in the book series appearing the most recurring villain and the second in command of Chernabog.

Maleficent is one of the main antagonists in the video game series *Kingdom Hearts* .

Maleficent as seen in *Kingdom Hearts: Birth By Sleep* .

Maleficent appears as the main antagonist of Enchanted Dominion in *Kingdom Hearts: Birth by Sleep* . When Terra arrived at the Enchanted Dominion, he eventually came across Maleficent. Almost immediately, Maleficent could tell that Terra was never from around from those parts, seeing how he was never asleep. Terra asked her if she has seen Xehanort, to which she answered no. However, she did see a mysterious man as she was leaving the castle, so Maleficent took him to where she think she saw the mysterious man. Eventually they came across a sleeping Princess Aurora. Maleficent told Terra if he want any information about Xehanort, all he had too do was steal the princess' heart.

At first Terra refused, but the darkness inside his heart eventually took over, causing him to steal Aurora's heart. When Terra comes to his senses, Maleficent states that the Keyblade is necessary to retrieve the remaining hearts and asks Terra to join her. Terra refused Maleficent's offer and attempted to attack her. However, an Unversed caused an explosion, causing Terra to be distracted. Before Maleficent left, she warned Terra that the darkness inside his heart can never be suppressed by force.

Eventually, Maleficent encounters Ventus while he was searching for both Terra and Aurora's heart. As soon as Ventus saw Maleficent, he attempted to strike her down while holding her responsible for the theft of Aurora's heart. As soon as Maleficent saw Ventus' Keyblade, she could immediately knew who he was. She explained to Ventus that she knew about the power of the Keyblade due to a demonstration by Terra. She even told Ventus that Terra was the one who stole Aurora's Heart. Ventus thought that she was lying, and that Terra would never do such a thing. Even though Maleficent was asked not to harm Ventus, she was left with no choice but to fight him. With the help of the Three Good Fairies, Ventus was able to fend off Maleficent. Ventus still refused to believe that Terra would perform such an evil deed.

Just then, Aqua showed up, telling Ventus not to believe in Maleficent's lies. Shortly after, Ventus ran off to find Terra. Before Aqua could chase after Ventus, Maleficent stopped her after noticing that Aqua was a Keyblade Wielder. Much like Ventus, Maleficent told Aqua that Terra demonstrated the powers of the Keyblade. Aqua began to believe that Terra really did help Maleficent steal Aurora's heart, but he refused to help Maleficent when she offered Aqua to join her. Maleficent then revealed to Aqua that she knew Master Xehanort, and that he thought Aqua was a stubborn girl. Maleficent then sent Aqua to the dungeon to have time to think of Maleficent's offer.

With the help of Prince Phillip, and the Three Good Fairies, Aqua was able to escape the Forbidden Mountain. However, Maleficent cast a spell to place a forest of thorns to prevent them from escaping. She then teleported in front of Aqua and Prince Phillip. Aqua demanded Maleficent on what Master Xehanort told her. Instead, what Maleficent said was that Aqua did not have Terra's gift for obedience, and that he easily embraced the darkness within his heart. Aqua still believed that Maleficent was lying. Knowing that this was going nowhere, Maleficent transformed into a enormous dragon, and confronted Aqua and Prince Phillip. During the fight, Maleficent managed to push back Aqua, but with the help of the fairies, Prince Phillip tossed his sword into Maleficent's chest.

Despite this, and her curse had ended, Maleficent managed to survive and was reverted back into her original form. Aqua informed a weaken Maleficent that love was the reason why she lost. Maleficent refused to have something as insignificant as love defeated her. Aqua also informed her that she cannot defeat someone with a heart of light, to which Maleficent replied; "As long there is light, there will be darkness." Maleficent then retreated while coming up with plans to gain control of the darkness within the hearts of others.

While this was going on, Maleficent traveled through various worlds using the Corridors of Darkness. And by doing so, she created a team of various Disney villains. The first one she recruited was Pete after he was imprisoned in a dark realm. Other villains who joined Maleficent were Jafar, who became her second-in-command, Hades, Ursula, Captain Hook, and Oogie Boogie. She also managed to capture 4 of the seven Princesses of Heart; Aurora, Snow White, Cinderella, and Belle.

Maleficent appears as one of the main antagonists in *Kingdom Hearts* (alongside Ansem, Seeker of Darkness), and is the game's most prominent Disney villain. She first appears after Sora defeats the Guard Armor in Traverse Town, watching his victory from her perch in Hollow Bastion. She, along with her team (which includes popular Disney villains Captain Hook, Ursula, Jafar, and Oogie Boogie), watched Sora stride away from the battle victoriously. She and her allies muse on the nature of darkness and the Heartless, and Maleficent declares that "he could be quite useful" before bringing out the kidnapped Alice (or Snow White, if Sora sealed Deep Jungle's Keyhole before sealing Wonderland's).

After Sora seals the Deep Jungle Keyhole, Jafar asks what made the Heartless come to that world. Maleficent then replies, "The hunter lured them there", because of the darkness in his own heart.

However, at the main castle within the ruined land of the Radiant

Garden/Hollow Bastion, her willingness to submit to darkness proves to be her downfall, as Xehanort's Heartless (in Riku's body) releases her inner power, turning her into a massive dragon. She fights Sora, but he is too much for her, and she is eventually defeated, dissolving in a blaze of emerald fire. All that is left behind is her cloak, which "Riku" steps on and it disappears. He declares her fate "a fitting end for such a fool" as the Heartless were using her since the beginning.

A memory-based replica of Maleficent appears to Riku in the twelfth basement of Castle Oblivion in a replica of Hollow Bastion. Though she is aware of her status as an illusion, she taunts him with the knowledge that his experience with darkness means that the people he meets in the castle will be of the same darkness he once embraced. Riku declares that he will destroy each person of darkness he encounters, prompting Maleficent to battle him in her dragon form. However, she is soon defeated. Zexion is able to detect the false Maleficent.

Later, Sora and company encounter another memory-based illusion of Maleficent, who has kidnapped Belle and seeks to trap the Beast to capture her heart. Though Maleficent is able to capture Belle's heart, Sora and company track her down, where she gives one last ultimatum to the Beast. When the Beast refuses, Maleficent engages Sora and company in battle, but is once again subdued.

She returns as one of the main antagonists in the sequel, *Kingdom Hearts II*, having used what remained of her evil power to resurrect. She immediately returns to her evil ways, but when her plans are thwarted by Organization XIII, she actually helps Sora and his friends, leading them to conclude that help can come from unexpected places.

Maleficent is the secondary antagonist in *Kingdom Hearts coded*, where she once again enacts a plot to conquer Disney Castle.

Data-Sora first encounters the villainess after debugging Agrabah. Though he looks identical to the real Sora during the latter's first adventure, she believes that Data-Sora is the genuine Sora. Maleficent and Pete corner Data-Sora, but Mickey and Jiminy's Journal itself (personified as Riku) confront the villains.

Pete explains that he was sent to the castle on Maleficent's orders to spy on Mickey and his friends. However, he too was sent into the Datascape (which she mispronounces "date escape") when they were sucked into it. He came to in a strange place that looked like a terminal for other worlds and summoned Maleficent, who realized the potential of the world as a way to conquer all worlds.

After Pete explains the situation, Maleficent destroys Data-Sora's Keyblade, much to Mickey's horror, and abducts the Journal, explaining that "Riku" is destined to remain in the darkness. The villains then take their leave, the Journal in tow.

Data-Sora breaks into the Datascape's Hollow Bastion with the aid of Donald and Goofy and regains the Keyblade. After managing to dispose of Pete and the corrupted Journal, Data-Sora confronts Maleficent in her dragon form and defeats her. Sometime later, Maleficent and Pete are forced to fight Sora's Heartless, but Data-Sora rescues them at the last minute before defeating the gargantuan beast. During the fight, the Journal transports the villains back to the real world.

While wandering in Betwixt and Between, Maleficent realizes that the Datascape is similar to the Book of Prophecies, a book capable of transcribing and creating events and worlds from the future. She and Pete then concoct a plan to steal the Journal and the Datascape, hoping to find a connection.

With this new plan in mind, Maleficent and Pete arrive in King Mickey's castle and hold Queen Minnie hostage, sending Mickey a letter via Diablo. Maleficent threatens to kill Minnie if she does not have control over the Mysterious Tower, saying that she preferred it in a more darker, more ominous permutation. However, Mickey begins to question Maleficent's goals as she would go this far just to take over one world.

Maleficent then explains to Mickey how Master Xehanort told her how to travel to different worlds, how to win the hearts into darkness, and about the Seven Hearts of Pure Light, the hearts that would allow her to take over all worlds. She also admit that she miscalculated during her last attempt. She then reveals that she seeks the Datascape, but did not reveal why.

Mickey refuses to give the Data, so Maleficent retaliates by attacking Mickey, Donald and Goofy. However, one of Lea's chakrams appears through the Corridor of Darkness, and blocks Maleficent's magic. With that distraction, Minnie is able to escape from Pete. Mickey and his friends are about to confront Maleficent, but Pete recommends that they retreated. Before she retreats, Maleficent proclaims that what she seeks lies within the walls of the Mysterious Tower. She then threatens that she will eliminate Mickey and his friends in good time. Maleficent and Pete retreat into a Corridor of Darkness. Later, when Mickey and Riku attempt to rescue Sora from Master Xehanort and the reformed Organization XIII, the elderly keyblade master admits to Mickey that he used her to collect the seven lights for him.

Maleficent return as one of the main antagonists in *Kingdom Hearts III* (alongside Master Xehanort). She and Pete travel through various worlds that Sora visits, for a black box (heavily implied to be the same box the Master of Masters left for Luxu in *Kingdom Hearts X Back Cover* ). She and Pete first appear in Olympus confronting Hades, although he wants nothing to do with them he reluctantly directs them to a box which is revealed to be Pandora's box. In that same world they confront Sora, Donald and Goofy causing them to accuse them of being responsible for the Heartless in the world to which Maleficent denies, Pete then notices that Sora is much weaker than last time they saw him and suggests destroying him while they still can, however Maleficent tells him to leave him be and tells them the will eventually meet again. Later they follow members of Real Organization XIII as they are also in the search of finding the Black Box. Later, in San Fransokyo as they are searching for the box Dark Riku appears and asks why they are snooping around but Maleficent just brushes him off, he warns her that if she oversteps, darkness will consume her again but she is unconcerned about it, Dark Riku then takes his leave Maleficent confirms to Pete that she recognizes Dark Riku, but cannot say what time he was from, thinking he was the real Riku from the time Ansem possessed him. Eventually in Twilight Town, Pete expresses his annoyance of not finding the box to which Maleficent agrees to end their search, stating that the black box does not exist in the time period and also explains that the Keyblade war between the Guardians of Light and Real Organization XIII is among them and that the black box will be revealed regardless of the victor. In the end, following Xehanort's defeat, she and Pete witnessed Luxu, who was in reality a surviving Xigbar, (who had watched them search for the box in Olympus.) summoning the Foretellers before they depart.

Lincoln: Wow, we're on the planet Garganath.

Me: That's right, big guy. This planet is similar to Earth and it's really beautiful, because of the high amount of oxygen in the air gave rise to gargantuan animals and plants, but it'd also provided a very comfortable atmosphere highly suited for colonization.

Lincoln: That's right, and I think I know what we're going to do here, not only am I going to rescue the eleven girls, but we're going to deal with the 1959 version of Maleficent, and we're going to put an end to the Mistress of Evil for good.

Lola Loud: That's right, Linky. I can't believe that she's back again.

2014 Maleficent: Well, this'll be the last time we deal with that witch.

Liam: Yeah, we'll send that heartless she-demon straight to Oblivion, this time for good.

Me: You got that right Liam. And with Xehanort dead she is gonna be out of work for good.

?: HELP!

Suddenly, Lincoln heard the sound of thirteen girls calling for help, along with the familiar cackling in the air. With his deep sapphire blue cyborg eyes and superhuman sight, along with sensing energy signals, he saw and heard where the call for help was coming from. He saw the thirteen girls, but they've been cornered by the 1956 version of Maleficent, and she's going to kill them.

Lincoln: Guys, I found the thirteen girls, but they've been cornered by the 1956 version of Maleficent, and she's going to kill them.

Eli: That heartless witch, let's rip her to shreds.

We rushed on over, and Lincoln fired a blast of light, which caused 1956 Maleficent to back away in fright. When she saw us, she was indeed enraged. But, we weren't too pleased to see her back from the dead again.

Lincoln: You just don't even know when to stay dead, do you, Maleficent? You truly are nothing more than an incarnation of pure evil, and this time, we're going to make sure that you stay dead for good!

Me: That's right! This time we're going to finish you for good.

Maleficent: You poor simple-minded fools! You think you can defeat me!? ME THE MISTRESS OF ALL EVIL!?

Me: We don't think, we know!

I went into my Ultimate Power Form with my Rainbow Ethereal Wings and Maleficent was screaming in agony from the power of good that I was radiating! I flew faster than anything and smashed my fist into her stomach with devastating force and power! Then I kneed her in the face and punched her in the face and then everyone powered up and transformed, and we unholstered our massive swords from our backs, and we'd attacked 1959 Maleficent with powerful rainbow energy blasts, elemental blasts, and magic, which hit her and explode with incredible power. Then, Lincoln teleported behind 1959 Maleficent, and grabbed her by the neck and he was sucking out all her powerful Negative Energy, as his rainbow energy aura with elemental forces flared up like crazy. Then, Lincoln drove the neon red glowing massive blade of his Sword of Taranis through her black heart, and it caused her to disintegrate into dust, and her evil spirit was destroyed forever. We cheered and holstered our massive swords on our backs and power down. Then, Lincoln and Nicole went up to the thirteen girls there, and when Lincoln saw them, he'd immediately recognized them. The thirteen girls were Sakura Hagiwara, Elena Miyazawa, Juri Sanada, Kurea Komiyama, Misaki Toyoda Moe Fukuoa, Rio Kazama, Yuho Mochiduki, Chinatsu Suzumoto, and Kanae Fujishita from Wanna Be the Strongest in the World, and Amanda Payne from Constant Payne.

Lincoln: Oh wow, it's Sakura Hagiwara, Elena Miyazawa, Juri

Sanada, Kurea Komiyama, Misaki Toyoda Moe Fukuoa, Rio Kazama, Yuho Mochiduki, Chinatsu Suzumoto, Kanae Fujishita, and Amanda Payne.

Nicole: From Wanna Be the Strongest in the World and Constant Payne, awesome.

Lincoln: Are you girls okay?

Sakura Hagiwara: Yes, we're okay, thanks to you.

Then, when Sakura Hagiwara and the other twelve girls saw who it was that saved them from the 1959 version of Maleficent, their faces turned atomic red upon seeing the 16-year-old 7'0" tall, handsome, white-haired, bare-chested hunk with abnormally massive and powerful upper and lower body muscles, eight-pack abs, rainbow colored thunderbird with a gold lightning bolt emblazoned on his forehead, a golden lightning bolt cutie mark with the thunderbird and comic books right on his massive and wide right pec and it was surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature, Light, and Darkness in a circle, a Celtic Cross cutie mark tattoo in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon, surrounded by a circle were the marks of the other girls in Lincoln's harem, and on top is the Earth surrounded by the ring of mermaids on top, a deep sapphire blue kanji on his wider muscular back that said, "Lincoln Landon Loud, Champion and Emissary of Hinon, Master of Lightning Storms, The Weather, and the Thirteen Elemental Forces, Man With A Plan, Golden-Hearted Brother of 16 Siblings, and Golden-Hearted Lover, Father, Son, and Husband", and he had deep sapphire blue eyes.

He had his massive Sword of Taranis holstered on his wider and muscular back, his orange Crystal Saber holstered on his left hip and his Eater of Sins revolver holstered on his right hip, the Pisces constellation and Aquarius Zodiac sign on the back of his neck, large weighted orange bands on his massive biceps and thighs, his large Cuff Bracelets of The Champions of the Universe with large orange gems on his large wrists, massive and indestructible deep blue angel wings surging with powerful super lightning and the stars and blue nebulae reflecting on them, and he was dressed in an orange version of He Man 2002's loincloth with hanging silver lightning bolts and long orange trenchcoat coattails with hanging silver lightning bolts held up by his Belt of Elemental Bravery with large orange gem for the belt buckle on his waist, a pair of large blue pants with gold lightning bolts on the thighs, and large white leather combat boots with gold lightning bolts surrounded by a circle of smaller gold lightning bolts and armor on the toe area, silver Thunder Kanji earrings, a large silver Thunder Kanji necklace on his neck and across his permanently bare chest, large fingerless black gloves with the symbol of The Loud House on it, a large Orange Buffalo Animal Spirit Ring on his left ring finger, large Blue Lantern ring on his right ring finger, and he had eight large orange orbs orbiting around his legs.

Sakura Hagiwara: Oh wow, you're Lincoln Loud of Team Loud Phoenix Storm.

Lincoln: That's right, and it's a pleasure to meet you all.

Then, Lincoln made twelve clones of himself, and he and the twelve clones of himself went up to the girls, and they picked them up and hugged them in their abnormally massive and powerful muscular arms, and kissed them on the lips, which they returned with equally intense passion, as they wrap their arms around the necks of Lincoln and his clones, as we cheered over the scene.

Sakura Hagiwara: (Seductively and rubs her right hand on Lincoln's massive and wide right pec) You too, big, tall, muscular, and handsome.

We returned home to the Estate, and we told everyone what happened, and they were shocked when they found out that 1956 Maleficent had returned from the dead again to seek revenge on us, but they cheered for us when Lincoln sucked out all of her Negative Energy and he drove the massive blade of his Sword of Taranis which he covered in his poisonous blood, and it killed her and destroyed her evil spirit forever. We've finally brought an end to Maleficent, the iconic Mistress of Evil, and she'll never return to plague the world ever again.

---

After getting rid of the 1959 version of Maleficent this time forever, we were training intensely in the gym doing 100,000,000 reps of crunches, wing push-ups and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 9,000-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds. Then, we got a shower afterwards.

After that, Lincoln, Amanda Payne, Sakura Hagiwara, Elena Miyazawa, Ibuki, Makoto (Street Fighter), Mine (TLPS Universe), Scarlet (Space Dandy), Zola (Blue Dragon), Eiko Teruya, Leele Zeravire, Abigail Jones, Kyouko Hori, Éclair, Lumière, Komugi Yoshida, Kokona Saionji, and Tsukasa Kisaragi were now getting ready for their beach date, this time, it's an exploration at Jolly Roger Bay in the world of Mario.

Lincoln then snapped his fingers, and the 16-year-old 7'0", white-haired, handsome, and extremely muscular teen was dressed in a pair of large orange swim shorts with a Thunderbird and Buffalo with elemental forces on them with his large weighted orange bands on his massive biceps and thighs and his jewelry, and he also still had his weapons holstered, in case of trouble.

Amanda Payne, Sakura Hagiwara, Elena Miyazawa, Ibuki, Makoto (Street Fighter), Mine (TLPS Universe), Scarlet (Space Dandy), Zola (Blue Dragon), Eiko Teruya, Leele Zeravire, Abigail Jones, Kyouko Hori, Éclair, Lumière, Komugi Yoshida, Kokona Saionji, and Tsukasa Kisaragi were dressed in their two-piece bikinis from the last beach dates they've had with Lincoln.

They also had on scuba gear for this exploration at Jolly Roger Bay.

Lincoln: Alright, ladies, shall we?

Zola: Of course, Linky.

Lincoln and the girls left the Estate, and they all headed for Jolly Roger Bay. When they arrive at Jolly Roger Bay, it was a place with a large body of water with a sunken ship underneath the ocean, and there's an ocean cave there that's said to have treasure chests there, and inside them are a king's ransom of gold coins and jewels.

Zola: Wow, so this is Jolly Roger Bay.

Lincoln: That's right, Zola, and since we also brought our scuba gear, we're going to dive in and do a lot of exploring. There's also a cave in the ocean, and this cave is said to have treasure chests there, and in them are a king's ransom of gold coins and jewels.

Lincoln and the girls dived right into the ocean, and they began swimming towards the sunken ship, and they swam inside, and they found a treasure chest there, and Lincoln put it into a scroll that he'll show us when he gets back home. Then, they swam right into the ocean cave, and they also saw the treasure chests in the cave, and Lincoln and the girls put them in scrolls to show us later. Then, they rose up to the surface, and they decided to have some lunch that Lynn Sr. packed for them. Then, as the sun was setting, Lincoln made clones of himself, and he and the clones went up to the girls and picked them up in their abnormally massive and powerful muscular arms, and just as the sun turned orange, they shared a passionate and romantic kiss and hug. Then, Lincoln and the girls came home.

Nico: Hey, Linc, how was your date?

Lincoln: It was awesome, Nico, we went to Jolly Roger Bay in the world of Mario.

Nico: Awesome, and I can guess you found something there.

Lincoln: (Smiles) Yep.

Lincoln and the girls unraveled the scrolls, and the five treasure chests were all summoned from the scrolls.

Me: Whoa, you guys also found some treasure chests there?!

Nicole: Whoa, I've heard about that treasure long ago. Where did you find them?

Lincoln: There was one in the sunken ship, and four more in a cave in the ocean when we dived right in.

Then, Lincoln opened up the five treasure chests, and inside them were a king's ransom of gold coins and jewels, and when we saw it, our jaws dropped at the sight.

Nicole: (Stunned) Holy crap!

Nico: Unreal, a king's ransom of gold coins and jewels inside five treasure chests. Dang, Linc, you've got the same talents for hunting for treasure.

Morgana: Just like at his last beach date, that's some awesome treasure finding, Lincoln.

Lincoln: Thanks, Morgana.

Nicole: (Smiles) I think I might've found a student to teach my treasure hunting skills to.

Applejack: Hoowee, that's a lot of treasure you found, Linky? So, what are you planning to do with it?

Lincoln: Just like before, I'm going to donate them to the museum, so that way, everyone can see it.

Applejack went up to Lincoln, and he leaned down to her height and they hugged and kissed.

Applejack: (Smiles) Now, that's a good idea, Linky.

Me: You said it.

Lincoln donated the five treasure chests filled with the king's ransom of gold coins and jewels to the museum, that way, everyone can see it, and we also increased the security there, so no thief tries to steal it.

Later is was time for Isabel's Ambassador Mission.

Isabel: This is gonna be so awesome.

Jared: Pfish and Chip are always busy on the bomb squad of Big

City and they are trying to get rid of terrible bombs by villains.

Me: Yep and the chief calls them the worst ever idiots in the 21st Century.

Nico: What a jerk.

Isabel: I'll have to stop that. I heard that our friend The Mad Bomber is at it again.

Jared: Well you can get him Isabel.

Isabel: Okay. See you guys soon.

Isabel was off.

Jared: I'm so proud of my daughter.

Me: I am too son. I am too.

---

In Big City which is also New York City, Isabel was flying over the city and in front of Big City City Hall was the Bomb Squad, Pfish the Shark and Chip the Scottish Cat and they were trying do disarm a big bomb that was but in front of the city hall building and was going to blow any second.

Chip: (Scottish Accent) Number 3 Clamp!

Pfish was humming Camptown Races.

Chip: Do you feel Camptown Races is an appropriate song for this situation?

Pfish: Would you prefer something peppier?

Chip: I PREFER SILENCE!

Isabel: Sheesh.

Isabel flew down to them.

Isabel: Need some help with that bomb?

Pfish: Isabel! Awesome to see you here!

Isabel: Same here Pfish. I'm on my first Ambassador Mission and it's for you guys.

Chip: Always great to see you lass. But we have a bomb here that needs to be disarmed.

Isabel: Let me see how you do it.

Chip: CLAMP!

Pfish handed Chip said tool.

Pfish: Sprackter?

Chip: Who yells out the commands?

Pfish: (Nervously) Um the technician disarming the bomb?

Chip: Which is?

Pfish: You!

Chip: AYE! IS THE FOG LIFTING YOU MAN! Pinklelies!

He handed him the tool.

Chip: Sprackter!

He handed him the tool.

Chip: Mint.

He gave Chip a mint and he smacked his lips.

Chip: DUCK!

Pfish gave Chip a duck.

Pfish: If I'm not mistaken that's a Duck Sensitive Pressure Trigger.

Chip: I've got a duck and I'm going to use it!

He turned a nob on the bomb with it.

Then Isabel sensed what was coming and she threw the bomb into space where it exploded!

KRABBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

The explosion didn't destroy Town Hall but it still went off harmlessly.

A newspaper then came and it said "MAD BOMBER STRIKES AGAIN!" And it also said "Bomb Squad Blows It!" In the chief's office, Pfish and Chip were being yelled at by the chief through a megaphone.

Chief: HERE I WITH THE GRANDEST P… POOHBAHS OF IDIOTS THE LIKES OF WHICH B… BIG CITY HAS NEVER SEEN IN THIS MILLENNIUM! I WANT THIS MAD B..BOMBER STOPPED! RIGHT NOW!

They left!

Chief: GET BACK IN HERE!

Chip: But you said right now.

Chief: I KNOW WHAT I SAID!

Pfish: Chief, it's not winning but to know you tried your best that counts.

Chief: NOT WITH BOMBS!

Isabel then looked into his face with a malicious glare.

Isabel: Quiet! You are a total jerk to these two! Pfish and Chip did their best and that's all that matters! You should show them respect because they are part of the team and they have big responsibilities to us as much as they have responsibilities to the city too! So do us all a favor and SHUT THE CRUD UP!

They left the office.

Chip: Thanks Isabel.

Isabel: Anytime.

They went down a hall passed the poster of The Mad Bomber and then in the window was the REAL Mad Bomber and he laughed insanely.

Isabel: Sounds like your frenemy is causing a lot of problems for you guys.

Chip: You have no idea.

They went to the bomb squad office.

Chip: That Mad Bomber better watch his pants because McThistle's got his number!

Pfish: (Sarcastically) I'm sure he's terrified.

A black hand took a cup of coffee and replaced it with a grenade.

Isabel: Wait Chip!

Isabel took the grenade and threw it out the window where it exploded!

KRABBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

The Mad Bomber laughed insanely and left.

Isabel: That was close. Nice try you bad bomber!

They all dealt with The Mad Bombers Antics. He gave Chip Bomb Earmuffs, A baby made of bombs, a bucket bomb and even a bomb made from their secret weapon called the Demolition Zoid and Isabel was putting out the fuses of the bombs and beaming the bombs over to the estate for future use. It was an EXPLOSIVE Ambassador mission for her. She told us all about it and it was awesome and funny!

Later we were heading to Lynn's Table.

Nico, Sandman and Lola were having Missy who is blindfolded be escorted to Lynn's Table.

Missy: So, someone wants to meet me?

Sandman: Yep. A secret admirer.

Nico: You'll see who it is in a few minutes.

Me, Laney and Erica were doing the same to Zelos.

Zelos: I can't wait to see who my secret admirer is.

Me: You're in for a treat.

We got them seated in the restaurant and then we took off their blindfolds and they saw each other.

Missy: Zelos, you're my blind date!

Erika: (Pokemon) And that's not the only surprise.

Flip: (Offscreen) MAKE IT STOP!

They saw a bunch of people jeering and throwing stuff at Flip and Lewis Travolta.

Me: You two also get to have your first ever shot at our newly resurrected Humiliation Sessions!

Zelos: AWESOME!

Rainbow Dash: This is gonna be so awesome to see!

Nico: Yep.

We went over.

We saw Flip and Lewis Travolta a terrible mess from being pelted with fruit and vegetables.

Nico: Awesome!

Zelos: This is gonna be so fun! Ladies first.

Missy: Such a gentleman.

Missy used her psychic powers and formed an anvil from her thoughts and she lifted it up and dropped it on Flip's Head!

CLANG!

Everyone: OOH! (LAUGHS)!

Me: Nice one!

Hun Gurr: Were these what the humiliations for Peter and Bad Lois were like?

Nico: They sure were and we would always do all kinds of awesome and hilariously funny pranks on them and humiliate them really bad.

Rainbow Dash: That is awesome!

Zelos: Let me try one. J.D. you got any quick-working laxatives?

Me: Sure do.

I pulled out a bag of deadly laxatives and Zelos made a chocolate milkshake and stirred in the laxatives and gave it to Lewis.

Lewis drank it.

Lewis Travolta: Ahh. Delicious milkshake.

Me: Here it comes.

Lewis's stomach growled loudly!

Lewis Travolta: UH OH!

But because he was tied to the stocks he couldn't go to the bathroom!

Me: Plug your noses everyone!

We plugged our noses and then…

FFFFFFFFFAAAAAAAAAAAAAAAAAAAAAAAAAAAAAARRRRRRRRRRR

He crapped his pants bad!

We laughed hysterically!

Nico: So, you two aren't mad?

Missy: Just tell us next time, okay?

G1 Snarl: Me Snarl understand.

Zelos: No worries but this is so awesome!

Moe: We got a couple of gags.

The Three Stooges went up to Flip and Lewis Travolta.

Moe: You have a lot of nerve you Skillethead!

Moe bashed Flip on the head with a sledgehammer!

BLAM!

Flip: OW!

Curly: Try this on for size!

He made Flip guzzle a whole keg of the strongest beer ever!

Larry then bashed Lewis on the head with a crowbar!

CLANG!

Electropede, Comic Book Guy, Grodd, Mysterio, Scorpion, Pterodactyl Ghost, Ice Demon, Black Knight Ghost, Gramma Stuffum and Whiplash then appeared.

Me: You guys are early.

Grodd: We know but we got word that these humiliations are starting.

Black Knight Ghost: Mind if we take a few shots at this?

Nico: Go for it. Also it's my turn to lead today. Who wants to go first?

Gramma Stuffum: (German Accent) Let me go first.

Nico: Go for it.

Gramma Stuffum went to Flip.

Gramma Stuffum: Oh you're a Skinny one. You need to eat!

Flip: (Slurred Speech) That's very kind of you but I'm not hungry.

Gramma Stuffum made her food minions and then Flip was force fed them!

He was so fat and stuffed to the point where he was going to explode!

We later went back to the estate after seeing Missy and Zelos kiss.

Scrap Shooter: So, what's the next mission, see?

Nico: Well now that we got the first Humiliation Session in almost 3 years done it's time for our next mission. We're going to Alaska and we're going to meet Boog, Elliott and friends from Open Season!

Everyone was excited about that one.

Electropede: I love that movie! That was so funny!

Pterodactyl Ghost: Boy it sure was and Fluttershy will love that one.

Comic Book Guy: May we go with you guys?

Nico: You sure can. First we're going to watch the movie the then we'll head out.

Black Knight Ghost: Awesome!

We got the watching the movie.

---

In the small town of Timberline, Alaska a 900-pound (408 kg) grizzly bear named Boog enjoys a captive but luxurious existence and spends his days as the star attraction of the town's nature show, while at night living in the garage of park ranger Beth, who has raised Boog since he was a cub. One day, the cold-hearted hunting fanatic Shaw drives into Timberline with a one-antlered mule deer named Elliot strapped to the hood of his truck, who is unconscious after being hit by the truck. When Boog meets him, he discovers that he has memory loss, thinks he's lonely, and forgets about the accident. After he frees him, the deer follows Boog home, only to find Boog sleeping comfortably in the garage. To wake Boog up, Elliot throws rabbits at the window. He tells Boog to be "free" from his garage captivity and introduces him to a world of sweet temptations he has never known. When Boog becomes sick from eating too many candy bars, events quickly spiral out of control, as the two raid a convenience store. Elliot escapes before Boog is caught by a friend of Beth's, Sheriff Gordy. At the nature show, Elliot, being chased by Shaw, sees Boog and goes to him for help, but wanting nothing to do with him after their previous encounter, Boog tries to get rid of him. The audience sees and mistakes him for attacking Elliot and they go into panic.

Shaw attempts to shoot Boog and Elliot, but Beth sedates both animals with a tranquilizer gun just before Shaw fires his own gun. Shaw flees before Gordy can arrest him. Realizing that Boog is too threatening in the town, Beth relocates him and Elliot into the Timberline National Forest, only two days before open season starts, but they are relocated above the waterfalls, where they will be safe from the hunters. Since he lacks any outdoor survival skills, Boog reluctantly takes Elliot as his unstable guide to get him back home to Timberline to reunite with Beth, but in the woods, they quickly learn that animals can be extremely unwelcoming. Boog runs into a lot of forest animals who think he's a loser, including skunks Maria and Rosie, ducks Serge and Deni, various unnamed panic-stricken rabbits, the Scottish-accented squirrel McSquizzy and his loyal gang of fellow acorn-throwing squirrels, beaver Reilly and his construction worker team, a porcupine named Buddy who is in search of a friend, and a herd of deer led by Ian and Giselle, whom Elliot is in love with and quickly remembers.

Eventually, Boog learns about self-reliance and Elliot gains self-confidence, and they start to become friends. The next day, it is revealed that Elliot has absolutely no idea where he and Boog are going and has been leading Boog in a big circle, due to his memory loss. After accidentally causing a flood at Reilly's dam, Boog and Elliot are confronted by Shaw; Boog rescues his toy bear, Dinkleman, before the current makes the doll float out of Boog's paw. They end up in a waterfall, which sends the animals falling down into the hunting grounds. After thinking Shaw is dead, at first all the animals are furious at Boog for pushing them into the hunting ground, but then he accuses Elliot of lying to him about knowing where Timberline is. Boog angrily storms off, but unwittingly ends up in Shaw's log cabin, where he is discovered by Shaw, who is revealed to have survived, while Boog manages to make a hasty escape before Shaw could get him when he ends up to the city road where Boog happens upon the glowing lights of Timberline. Instead of deserting the animals, Boog reconciles with Elliot and helps the animals defend themselves, while befriending them in the process, using supplies taken from an RV owned by a caring married couple named Bob and Bobbie, who are looking for Bigfoot, while their pet dachshund Mr. Weenie joins the forest animals.

The next day, Boog leads a revolution against the hunters, causing the hunters to retreat in defeat after McSquizzy blows up their trucks with a propane tank ignited by using an emergency flare. Shaw returns for a final showdown and seemingly kills Elliot by gun shot, prompting Boog to furiously confront Shaw and quickly overpower him by tying him up with his own gun. Boog accompanies Elliot, who survived and with his memory back but his remaining antler is broken off by the shot. The forest animals thank Boog for his help and then proceed to take out their vengeance on Shaw by smothering him with honey and pillow feathers and sending him fleeing into the woods. Beth later returns in a helicopter to take Boog back home. Realizing how the experience has changed him, Boog decides to stay in the forest with his new friends under Beth's blessing.

In a mid-credits scene, while crossing the street, Shaw suddenly gets struck by Bob and Bobbie, who humorously mistake him for Bigfoot and strap him on top of their trailer. Unable to escape, Shaw shouts. The camera zooms into his mouth and the rest of the credits appear.

---

We were laughing our heads off hysterically at the crazy stuff that happened in the movie and it was so funny!

Eli: So awesome and funny!

Laney: (Laughs) Yeah it was!

Fluttershy: Yeah it sure was funny.

Scorpion: Hard to believe that Boog was a star of an attraction.

Nico: No kidding Mac but it was all really funny.

Fluttershy: But I do not like that Shaw guy.

Nico: No one does.

Nico went over his history.

---

Shaw is the main antagonist of the Open Season franchise. He is the main antagonist of Sonny Pictures Animation's first feature film Open Season and Open Season: Scared Silly and the unseen overarching antagonist of Open Season 2 and Open Season 3.

He is a sadistic and barbaric hunter who enjoys hunting animals at the forested area where he lives even when the hunting season has not yet started. He is Boog and Elliot's arch-nemesis, as well as Beth's arch-rival.

In the first film, he was voiced by Gary Sinise, who also played Kevin Dunne in Snake Eyes, and James Shaker in the 1996 film Ransom. In Open Season: Scared Silly, he was voiced by Trevor

Devall. In the Open Season videogame, he was voiced by Darryl Kurylo.

Open Season

Shaw is first seen arriving into town with his truck, which has a seemingly dead Elliot tied to the hood, who he ran over the previous night when he "crossed the road". Shaw then walks into the nearby city hall building of Timberline and has a brief argument with Beth. He looks through the window and discovers Boog freeing Elliot, who promptly flees and shatters the left headlight on Shaw's truck, leading to him getting a ticket from Sheriff Gordy and making him grow very angry and resentful of the duo.

At the nature show, Elliot is being chased by Shaw and hides with Boog. After inadvertently ruining his show, Boog finally threatens to kill Elliot and attacks him, making the whole audience panic and run away. Shaw tries to assassinate Boog and Elliot, but Beth sedates them with a tranquilizer gun before he could, thanks to Gordy. Shaw flees before Gordy can arrest him for shooting a gun in the town.

As Boog and Elliot tries their hardest to adapt to life in the wilderness after being released, Shaw grows increasingly paranoid as time passes on, planning his revenge and believing that animals are planning a rebellion to overthrow the human race and become the dominating species on Earth.

Shaw encounters Boog and Elliot again in the river after they have accidentally destroyed a beaver dam, making the river freely flow, flooding many things and washing away the animals with it, taking them to hunt grounds. In the ensuing chaos, Shaw repeatedly shoots at Boog and Elliot, who just narrowly dodge the bullets. As Shaw takes aim at Boog and Elliot again, they suddenly plummet downward. Confused, Shaw lowers his gun, only to spot a huge waterfall as he and his truck go over it, and gets lost in the flooding.

After discovering Elliot's lie, Boog feels betrayed and leaves him and unwittingly finds Shaw's log cabin and screams in horror as he sees several animals mounted all over the walls. Then Shaw arrives home, forcing Boog to hide. Soon, Shaw discovers that his cabin was broken into. Boog hides under a table when he sees his stuffed teddy Dinkleman (which Shaw had salvaged from the flood).

As Boog tries to discretely reach for his teddy, Shaw suddenly tosses a knife at him, impaling the table. Shaw searches for Boog through the dark cellar. Boog rushes out of the basement and places Shaw's gun over the hatchway to lock him in the basement before making a hasty escape. After a few struggles, Shaw manages to force himself free and runs outside gun in hand, but Boog's already gone. Shaw yells in the distance that he cannot hide from him forever.

Boog happens upon the glowing lights of Timberline. Instead of deserting his companions, Boog helps the other animals defend themselves using supplies taken from Bob and Bobbie's RV while Mr. Weenie joins the wilds.

The next day, Boog leads a rampage against the hunters, sending them running after McSquizzy blows up their trucks with a propane tank named "Mr. Happy". Shaw returns for a final battle and shoots Elliot in the process, which enrages Boog to tie up Shaw with his own gun. Boog rushes over to Elliot's unconscious body but soon finds that Elliot survived the shot, only losing his second antler in the fight. The animals then begin beating up Shaw, until a helicopter flies in and lands, frightening Shaw and causing him to run away into the forest. Beth is revealed to be the one in the helicopter and has returned to take Boog back home where he will be safe, but he instead stays with his friends. They both realize that the bear is at home in the forest.

During the credits, Shaw is seen tarred and feathered after being beat up by the other animals. He is then hit by Bob and Bobbie's RV while trying to cross the road and tied on the top of it. Bob and Bobbie laugh about this, believing Shaw to be Bigfoot. Scared out of his wits, Shaw screams out in defeat. It's unknown what happened to Shaw afterwards, but it's presumed that once Bob and Bobbie reached their destination, they realized that Shaw wasn't Bigfoot and let him go.

Open Season: Scared Silly

Shaw is back and this time, he cannot hunt anymore since Open

Season is now illegal. Instead, he is a tour guide and wants to go back hunting again for revenge after what happened to him in the first movie.

While touring, Shaw saw the Wailing Wampus Werewolf (Ian in disguise) and took a picture as evidence. Then he head back to town and tell Gordy that he should bring Open Season back to kill the Werewolf, but secretly he also took this as an opportunity to kill Boog and Elliot including their friends.

Later, he hire his old friends, Ed and Edna to help him kill all the animals, including the werewolf.

Later at the end, he, Ed and Edna disguise themselves as werewolves to kill Elliot until Boog saves him and fights Shaw one last time. Then, Boog beat Shaw with a hive of wasps and got some quills on his face by Buddy. Afterwards, Shaw was tranquilized by Gordy, arrested alongside Ed and Edna, and taken to jail, and Open Season is back to being illegal for good.

---

When he was done we were shocked, horrified and enraged! But Fluttershy was even more enraged!

Me: Fluttershy? Are you okay?

Eli: Fluttershy?

Fluttershy: I… am going… TO DESTROY THAT BIG! **FAT!** ***MEANIE!***

Fluttershy then flew out of the estate like a wild animal and flew right to Alaska!

Nico: WHOA! DID YOU ALL SEE HOW FAST SHE FLEW!?

Rainbow Dash: Wow!

Nico: We better go after her before she hurts herself!

We were off!

## DENALI NATIONAL PARK, ALASKA

We were over in Denali National Park in Alaska.

Slog: I thought Alaska was supposed to be cold.

Me: It is cold.

Nico: Yep.

Me: There's Fluttershy!

We saw Fluttershy talking to the deer and birds.

Fluttershy: Thank goodness you all are okay.

Me: Fluttershy?

Fluttershy: Oh guys. I'm sorry I rushed out like that.

Nico: It's understandable Fluttershy. You were just mad at Shaw.

Fluttershy: I know. I'm sorry.

Nico: It's all right.

Boog, Elliot and friends appeared.

Nico: Whoa! Boog, Elliot, Park Ranger Beth and McSquizzy.

Boog: Team Loud Phoenix Storm! Awesome to meet you all.

Elliot: Same here.

Park Ranger Beth: Thank you all for coming to Denali National Park.

Nico: You're welcome.

Eillot: Welcome to Alaska, guys. How do you guys like it so far?

Ice Demon: (Shivering Voice) I like it since I use ice.

Me: We've actually been here many times before.

Lily: And I'm also a hero up in Nome, Alaska.

Boog: Wait are you Lily Loud, the Great Dogsledder that helped Balto get the medicine to Nome?

Lily: I sure am. There's a Statue of me and Balto in Nome.

Nico: It's true and we've seen it in New York City and in Nome first hand and it is really cool.

Park Ranger Beth: I remember seeing that statue. that was very heroic of you Lily to face the cold like that.

Lily: Thanks Beth. It was a daring adventure.

Anastasia (Cinderella): And if you're wondering about Steele, he's been taken care of.

Arkayna: Speaking of which, I wonder how Sho's doing.

Me: I'm sure he's doing okay Arkayna. He and his team are strong.

Nico: It's true. We'll be ready for Nene when the time comes.

Whiplash: Despite the cold, this place is actually very beautiful.

Nico: Denali National Park is really beautiful.

Me: It sure is and it's home to the highest mountain in North America, Mount McKinley.

Nicole Knudson: Yep right there.

We saw Mount McKinley.

Laney: Wow! So beautiful.

Eli: It sure is.

Me: At 20,310 feet and the highest mountain in North America.

Manterror: So, Boog. What do you like to do for fun?

Boog: I like to live in the forest under the watchful eye of my adopted mother Beth.

Me: Beth took care of you as a young cub.

Park Ranger Beth: That's right. I've watched him as a cub.

Laney: That is amazing.

Eli: Boy it sure is. I think Boog is one lucky and awesome bear.

Elliot: He sure is awesome.

Fellbat: Remember the days when you were a star attraction?

Boog: Yep. (looks at Elliot) Until someone barged into one of my shows.

Elliot: I said I was sorry!

Boog: I know.

Fluttershy: Now that was just a misunderstanding guys.

Boog: Oh. By the way Fluttershy how did you get here so fast by yourself?

Fluttershy: Oh I got mad at Shaw going to hurt all of you so I came here by myself.

Me: That's the reason why we're here.

Nico: To help you guys take down Shaw and make him pay for his crimes.

Boog: Good. That guy's completely nutso.

Elliot: Can you believe he thinks animals want to overthrow the human race and become the dominating species on Earth?

Me: That is crazy!

Grodd: I can assure you that myself and the other animals don't think that.

Nico: Yeah thank goodness.

Elliot: (to Grodd) Well, Shaw might hunt you too since you're a bigger prey.

Me: Let him try.

Nico: This is one villain that doesn't belong in jail.

Park Ranger Beth: Well we're not going to let him get Boog. Here read this.

She held up a newspaper of Shaw.

Me: "Murderous Insane Hunter Escapes from Maximum Security Prison. Shaw broke out of North Pole Maximum Security Prison." Whoa!

Eli: Looks like we're going to have to kill him.

Boog: Hey, you guys don't come to someone like Shaw. Someone like him comes to you.

Sour Sweet: That's what we're counting on.

Nico: We're going to make sure he pays big time. Grodd can have the honor of blowing his fucking head off.

Grodd: Same thing like I did with Pinkie Dark.

Nico: Ooh good idea Grodd.

Mysterio: Let me summon some backup.

Mysterio summoned a Stealth Sneak Heartless robot.

May: Ironically, that Heartless allied with another hunter.

Me: Very coincidental. And she's talking about Clayton.

Tarzan: Yep. It's true.

Me: Also in case you're wondering what Grodd meant by that, he used his mind control powers on Pinkie Dark and made her slash her throat.

Boog: Wow!

Me: His powers are cool.

Nico: Like this.

Nico used his mind control powers on Elliot.

Elliot: Watch me dance for you master! DADA DADADADADA DA DA DADA DADA DADADADADA DA DA DADA AFRO CIRCUS! AFRO CIRCUS! POLKA DOT POLKA DOT POLKA DOT AFRO!

He danced like how Marty sang it.

We laughed hysterically.

Me: (LAUGHS) THAT IS FUNNY!

Comic Book Guy: Elliot, while you're under mind control, please get me an ice cream sandwich and a cheeseburger.

William: Seriously?

Comic Book Guy: What? I'm hungry.

Me: That won't be necessary Jeff.

I used my powers and made an Ulti-Meatum bush and used my ice powers to make an Ice Cream Sandwich.

Nico: Lets eat first before we do anything.

Me: Can't fight on an empty stomach.

Laney used her powers to make a picnic table and Nico released

Elliot from his control.

Elliot: Whoa! That was a rush.

We got to eating.

Calypso: Unlike my darling Kraven, Shaw has no honor.

Nico: No he doesn't.

Kraven: (Russian Accent) That is correct comrades.

Nico: No way will we let him get away with this.

Laney: Yep.

RD Lana: Me and my Prime Counterpart happen to be lovers of animals just like Fluttershy.

Lana: Yep and it's awesome.

Fluttershy: I love animals so much and I would never let anyone ever hurt them.

Boog: You have a really good heart Fluttershy. All of you do.

Nico: Yeah they sure do.

Me: (Eats a burger) Mmm! That's why she is known as the Princess of Kindness and the Life Skylanders.

Park Ranger Beth: Wow. That is so cool.

Pterodactyl Ghost: I'll go into the air and check how close Shaw is.

Eli: Okay.

Me: Careful and make sure he doesn't see you.

Pterodactyl Ghost: Right.

He flew into the air.

Zhalia Moon: Shaw must be a really dangerous marksman too.

Boog: Yeah he sure is.

We were finished with our lunch and the Pterodactyl Ghost came back and he told us that Shaw was 500 yards northwest and coming slowly. We went to his position and hid. We saw SHAW!

Shaw: Little pig, little pig, I'm coming in, and nobodies here to save your pretty little chin! So I'll hack and kick and force my way to you, and make it so the coroner won't have a clue!

Sheep Man: Okay. It's time to do our entrance for the day before we hear another twisted nursery rhyme!

Nico: And I got just the entrance. Lets go.

Shaw was looking around and then suddenly he heard a dark and sinister version of Twinkle Twinkle Little Star. It was the Dead Space version of it.

Twinkle, twinkle, little star,

How I wonder what you are!

Up above the world so high,

Like a diamond in the sky!

Twinkle twinkle little star,

Oh how I wonder what you are,

When the blazing sun is gone,

When the nothing shines upon,

Then you show your little light,

Twinkle, twinkle, all the night.

Twinkle twinkle little star,

Show me light from afar,

Then the traveler in the dark,

Thanks you for your little spark,

He could not see which way to go,

If you did not twinkle so.

Twinkle twinkle little star,

What a golden joy you are,

When the blazing sun is gone,

When the nothing shines upon,

Though I know not what you are,

Twinkle, twinkle, little star.

Twinkle twinkle little star,

Oh how I wonder what you are.

Shaw was getting scared shitless. Suddenly the area turned dark around him and then monsters and spirits of darkness appeared and they were scary. Then the darkness got sucked into a vortex and then…

KRABBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion went off in front of him and a phoenix cry was heard and then we came out.

Nico: Shaw you are going to die right here and right now.

Shaw: Team Loud Phoenix Storm!?

Me: That's right. Your angels of death.

Shaw: Now, let's not make this complicated. Just let me kill the bear and moose and I'll be on my way.

Black Knight Ghost: Let me think about that. (thinks for a moment) No!

Shaw: Can't say I didn't try to be nice.

Me: You can take them over our fucking dead bodies!

Shaw: That can be arranged!

With that, Shaw started shooting his gun everywhere.

Lola: DUCK AND COVER, EVERYONE!

Maria grabbed Boog and Eillot and went behind a rock.

We got behind a rock wall made by Tara and I pulled out an elephant gun.

Me: Lets see how he likes this.

I then fired.

KRABANG!

I hit him right in his leg and blew a huge chunk of his leg off!

Nico: Nice shot!

Nico fired a 44 magnum pistol and shot him in his shoulders!

Gramma Stuffum: Before you kill us, would you like so delicious food?

Shaw: I'm only hungry for killing you all!

He was firing all over.

Nico then fired into his arms and he dropped his 12 Gauge Shotgun and Lincoln fired a blast of lightning and electrocuted him all over.

Eli used the Force and brought the shotgun over to him.

Loki (Marvel): (British Accent) Really? He's hellbent on killing us that he's not even hungry?!

Boog: He is a tough monster Loki.

Me: You saw him in the movie Loki. He is one tough asshole!

Nico: Yeah no kidding.

BANG BANG BANG!

Nico blasted him all over with a pistol. Shaw got hit in the legs.

Eli: Taste this!

BANG!

Shaw got hit by his own shotgun!

Horsea fired bubblebeam blasts at Shaw!

Shaw took out a hunting knife and approached Horsea menacingly.

Shaw: Time to wake up from your fantasy, Alice. Wonderland's going bye-bye!

Horsea: (closes her eyes scared) SOMEONE HELP!

Maria got in front of Shaw pissed off.

Maria: YOU. KEEP. YOUR. FILTHY FUCKING HANDS. AWAY FROM HORSEA!

Electropede: Oh, he's screwed now!

Maria then went at him and punched him in the face and smashed him into the ground!

She grabbed Horsea and came back.

Maria: (hugs Horsea) Are you okay, Horsea?

Horsea: I'll be alright.

Maria: Good.

Nico: Hurting animals is evil but hurting one of our mascots is WHERE I DRAW THE LINE!

Eli: Lets kill this fucking son of a bitch!

Then Billy Numerous, Silver Samurai, Amora, Spymaster, BlackWarGreymon, Speed Demon, Vulture, White Lightning, David Cain and Major Disaster appeared.

Nico: Billy Numerous, Silver Samurai, Amora, Spymaster, BlackWarGreymon, Speed Demon, Vulture, White Lightning, David Cain and Major Disaster.

Numerous: I have to admit. For a state that has cold weather, Alaska sure is beautiful.

Silver Samurai: I agree with you there.

Me: Alaska is REALLY awesome.

May: Yep. If you forget the psycho hunter who shot lots of bullets at us!

Amora the Enchantress: (to Grodd) I really do hope you make Shaw shoot himself in the head.

Grodd: Oh don't you worry I will.

Spymaster: (to me) We heard you fought Cruella again.

Me: We sure did and we also met the Crystal Beast Topaz Tiger Gene-Slammer and a Lady Assailant of Flames too.

BlackWarGreymon: You should've brought Fluttershy with you.

Me: Yeah we should have for that one. It would have been cool for Fluttershy to use her stare on Cruella.

?: No kidding.

A figure came out and it was PHARAOH from episode 10 of Turbo!

---

He was called by Porto at Divatox's request to destroy the Turbo Rangers; she threatened to throw him in a trash heap if he didn't. His staff was capable of turning normal English-language writing into hieroglyphics, he had no power without it. Since it resembled a staff Adam designed for a Egyptian stunt show at his place of work, Adam took it and all the writing around him became hieroglyphics. Once the Piranhatrons had retrieved his staff, Pharaoh planned to stop the Rangers personally, but he expected Divatox to send him home. Divatox flattered him and manipulated him to keep fighting. Once he grew huge via Divatox's torpedoes, he grew even more powerful and dominated the Turbo Megazord in combat. As he believed victory was certain for him, he decided not to work for Divatox, but for himself. Unfortunately for him, his staff's glass plate was shattered by the Megazord, which had caught a second wind. Without his staff, he was powerless to defend himself and was soon eliminated by the Turbo Megazord's Spinout Attack. Divatox considered this closure due to him walking out on her for disrespecting him. Of course, this was right before grieving since she still loved him.

---

Adam Park: Pharaoh!

Pharaoh: Been a while rangers!

Me: Boy I remember you! You were Divatox's former fiancee and you were sent to destroy the rangers at Divatox's request and she threatened to through you in a trash heap if you didn't.

Pharaoh: That is right J.D. I never liked Divatox.

Me: A toxic relationship from the start. And I never missed an episode.

William: So, you're Divatox's former fiancee.

Pharaoh: I think you can guess why we broke up.

Nico: We feel you, dude. Some couples just aren't meant to be.

Me: Yeah that was a match made in Hell. Totally toxic relationship.

Eli: That is true.

Nico: Lets get it on!

We got the battles underway.

Shaw put a 50 Caliber Pistol in his mouth and pulled the trigger and then…

He blew his entire head off his shoulders in a massive and ugly bloody mess and birds flew away.

He was dead! And Fluttershy banished his spirit to the Further forever.

Nico: Good riddance to that monster.

Boog: For a minute, I thought you guys decided to kill Shaw.

Speed Demon: Nah. We promised Grodd that he could make Shaw kill himself.

Vulture: All J.D. and the others did was weaken him.

Me: Yep. And it's always cool to see Grodd make villains kill themselves.

Grodd: (Laughs) You said it J.D.

White Lightning: Now he'll never hurt another animal again.

Major Disaster: No, he won't.

Me: And his Spirit is now trapped in The Further for good.

David Cain: We should still keep his truck. It might come in handy.

Nico: Good idea. We can make it a really cool armored transport truck.

Nico: Oh no.

Max Goof: I was just about to say, Commander. I was hoping never to hear that voice ever again. You can come out now, Bradley Uppercrust III.

A figure came out, and it was none other than Bradley Uppercrust III, Max Goof's old enemy and former college student now convicted criminal.

Lea: Sheesh, I was hoping never to deal with this prick again, not after what he did.

Twilight Sparkle: Whoa, this seems serious. Max, what can you tell us about Bradley Uppercrust III? It seems you have a nasty history with him.

Max Goof: You won't like what I'm going to tell you all about him.

Max Goof proceeded to tell those who hadn't joined the team about Bradley Uppercrust III, and they weren't going to like him one bit.

---

Bradley Uppercrust III

Bradley Uppercrust III is the main antagonist of Disney's 2000 animated sequel, An Extremely Goofy Movie. He is the leader of the Gamma Mu Mu school fraternity at the State college, and the five-time College X-Games "king". He is a selfish athlete, as he cares only for his own victory, no matter who gets left behind (or possibly even killed) in his drive to win. He accepts only the most skilled competitors for his team, excluding all others whom he dubs "clowns" or "losers".

## Personality

Though his outward appearance presents an air of charm, charisma, and sophistication, Bradley's true nature is best described as self-centered, vain, rude, egotistical, and extremely arrogant, considering only himself a winner while viewing everyone else as losers. He is also an underhanded cheater, sabotaging his opponents' equipment both before and during sporting events.

Nonetheless, he also has the cunning wits and manipulative skills to keep everything and himself in check. Few know of his true behavior, as he has garnered much popularity and respect over the course of his college career, recognized by all on campus as a sports celebrity. When he wants something, he will try the diplomatic approach first, being an incredibly smooth talker able to butter up those he wishes to manipulate to his whim. He usually gets what he wants, but in the rare instances where his silver tongue fails him, he may, if pressed, lose his cool and reveal his crueler side.

By the film's climax, Bradley is so obsessed with winning the X-Games that he becomes perfectly willing to severely injure or even kill his opponents to ensure his victory. He also has no genuine loyalty towards his Gamma members. When Tank is ahead and could win the race for him, Brad just activates another cheat. But when that backfires and ends up trapping Tank in a burning X-Games logo, Bradley just takes advantage of the accident to continues the race.

Despite his more malicious side, Bradley is honorable enough to concede defeat (if not to just save face and keep his popularity and reputation intact): After Max beat him in the College X-Games' final round, Bradley congratulated Max, showing no ill will towards him despite their longstanding rivalry, and agreed to uphold their deal of being the winner's towel boy. However, Max called off their bet and left Bradley to be given his well-deserved comeuppance by Tank.

## Role in the film

Bradley is first seen when Max, P.J, and Bobby were in a car and saw the Gamma house, where Bradley is seen on the front porch with crowds of other dogs surrounding him. When Max and the others were seen skateboarding, Bradley and the Gammas followed them to the Coffee shop. He offered Max to join their fraternity, only for his offer to be rejected when the Gammas picked on P.J. and Bobby. He quickly became Max's enemy and placed a wager about the X-Games; the losing team becomes towel boys for the winning team. Max accepted the wager. During class, he would often pick on Max (especially when Goofy came bursting in).

Later, while Max and his friends were practicing skateboarding, Bradley notices Goofy having good moves (though it was unintentional) and had Goofy join the Gammas. During the qualifying round, he placed a mini-rocket under Goofy's skateboard and while Max was skateboarding, he flashed a light into Max's eyes. And after Goofy decides to leave the fraternity to help support his son, Bradley had him thrown out. As Goofy sneaks back into the house to return his Gamma badge, he overhears Bradley and the Gammas boasting of their plans to cheat in the competition.

During the X-Games, Bradley had the other members of the Gammas cheat for him to ruin the other teams' chances of winning. After Bradley's and Max's teams made it into the finals, he sent P.J. flying off in the sky to force the other team to forfeit. This unexpected turn of events causes Max to realize that Goofy was telling the truth about Bradley's cheating. However, Max was able to convince Goofy to step in and help him beat Bradley and win the X-Games. While he was racing, Bradley attempted various cheats, including having his teammates blocking the road, moving a hay bale so the racers would go cross country, and having Tank throw him past the other team. Soon after, Goofy stumbled towards Bradley and bumped into them sending them both flying, briefly stunning them.

Near the finish line, although Tank was in the lead, Bradley was unwilling to let anyone but himself cross the finish line and pulls out a remote control to activate one last cheat. To stop Bradley, Goofy throws his horseshoe at his face, but as Bradley falls to the ground, his chin hits the button that has Max and Tank blasted towards the X-Games wire and fabric logo, causing it to crash on top of them and set on fire. Ignoring the accident, Bradley continues the race but Max and Goofy help Tank escape. Goofy and Tank released themselves from the skateboard to give Max enough speed, and Max beats Bradley to the finish line, winning the competition.

In the end, Bradley conceded defeat, shook Max's hand, showed good sportsmanship, and even agreed to be Max's towel boy, but Max calls off the bet because Bradley has to deal with Tank. A furious Tank then turns on Bradley for betraying him and slingshots him towards the X-Games blimp flying overhead, puncturing it and causing the blimp to flail out of control.

---

When Max Goof was finished, all those who hadn't joined us were shocked and enraged at Bradley's cruel actions.

Sora: And it gets worse, when we first met Goofy's son, along with his friends, Bradley tried to kill him by hotwiring a car to explode, but we foiled it and bagged it for evidence. Then, we also noticed that he poisoned Max's food with Valium, and we bagged that for evidence. Finally, after his first two attempts to kill Max were foiled, he used a Dark Orb he had and summoned an army of Heartless to kill him and us for foiling his schemes.

Everyone, except for us, gasped in even more shock and horror.

Max Goof: But, we destroyed the army of Heartless and knocked Brad down, and we got rid of The Dark Orb he had. Then, we presented the evidence to the Dean, and as a result, Brad was expelled and he was sentenced to two Life Sentences in The Antarctica Prison.

Sora: And I've had it up to hear with that prick to last an eternity.

Suddenly, Sora's blue eyes had turned neon blue and he was surrounded by a red energy aura with Keyblades made of light and elemental forces, he unholstered his Endless Sky Keyblade, and as he approached Bradley Uppercrust III, he left red energy, Keyblades made of light, and elemental forces with every step.

Sora: You just don't even know when to quit, do you, Brad? You were nothing more than a cheater and a fraud, and Max was right when he saw you for who you really are: you are a narcissistic, evil, black-hearted monster who has no love for anyone except for himself. This time, you're going right back to prison where you'll remain there until the day you die.

Then, Sora was surrounded by a massive vortex of red energy with Keyblades made of light and the elemental forces surrounding it, there was a phoenix made of light flying around the vortex, and in the vortex is a blue phoenix. Then, as the vortex faded, Sora emerged, but he was changed forever.

Sora grew to 6'10" in height, he had abnormally massive and powerful upper and lower body muscles and eight-pack abs, he has red highlights in the bangs of his long brown hair, he has a phoenix with a Keyblade in its talons emblazoned on his forehead, he has on phoenix earrings with a Keyblade in its talons and a necklace with a phoenix holding the Keyblade in its talons for the pendant, he has on a black shirt with a red phoenix on it, long black pants with Keyblades on it, black ankle-length leather combat boots, and a long black and red-trimmed trenchcoat with a phoenix with a Keyblade in its talons, a Hidden Mickey icon on top, and the elemental forces surrounding it. Sora has massive white angel wings with rainbow tips on the large white feathers, the massive, wide, double-edged crimson red blade of his Endless Sky Keyblade grew to 6'5" in length and the long black handle grew a little longer, Sora has on his Bracelets of the Champions of The Universe with red gems on his wrists, Belt of Elemental Bravery with large red gem for the belt buckle on her waist, and Eater of Sins revolver holstered on her left hip. There's a gold kanji below the phoenix that said, "Sora, Chosen Keyblade Master of Destiny Islands, Loving Brother and Friend to Many, Loving Husband of Kairi, Loving Father of Two Beautiful Children, Destroyer of Xehanort, The True Organization XIII, Maleficent, and The Disney Villains, Slayer of Evil, Leader of Team Loud Phoenix Storm's Team Light Key, and Master of Light and The Thirteen Elemental Forces."

Sora has transformed into SUPER ANGEL 750,000,000,000 CELESTIAL LIGHT KEYBLADE ELEMENTAL ANGEL OF JUSTICE AND LIFE!

We were amazed by Sora's Super Angel 750,000,000,000 transformation, and when Kairi saw it, she had an atomic red blush on her face and hearts in her eyes. But, when Bradley Uppercrust III saw it, he fell into an even more insane rage.

Nico: Holy crap, Sora's transformed.

Me: That's right, Commander, and his transformation's driven Bradley into an even more insane rage.

Goofy: Brad's in big trouble now.

Max Goof: Whoa, Sora, you look awesome! How do you feel?

Sora: (Divine Echoing Cosmic Voice of Light and Life) **I feel incredible, Max, and now, I'm going to teach that prick a lesson.**

Max Goof: And I'm joining in as well. Brad's caused us nothing but grief for the last time, and he's not getting out of it this time.

J (Garrett's Universe): Same here.

Max Goof transformed into Super Angel 750,000,000,000 Celestial Phoenix Angel of Light, and he'd unholstered his massive Unbreakable Bonds of Humans and Angels Keyblade, and he joined Sora, along with J (Garret's Universe).

Max Goof: (Divine Echoing Angelic Voice of Light and Cosmic Justice) **Let's get this prick!**

Lea: Let that prick have it!

Sora, Max Goof, and J (Garrett's Universe) went after Bradley

Uppercrust III, and they fired powerful blasts of light, white, red, and blue energy, and Keyblades and Angels of pure light, and as they hit Bradley Uppercrust III, they exploded with incredible power. Then, Max and Sora slashed him with their Keyblades and left some tears on his outfit.

Max Goof: **Sora, let's use our Limit attack on him.**

Sora: **On it, Max.**

Suddenly, the background turned into the endless reaches of space with beautiful gleaming stars and galaxies. Then, Max Goof and Sora formed a huge skate ramp made of light with Brad trapped right in the middle and bound in chains of light, and on one end of the ramp was Sora and on the other end was Max Goof, and they had out their skateboards. Then, they descend on the ramp, and they performed awesome skateboarding tricks, and they also slashed at Bradley with their Keyblades. Then, they did two upward slashes which launched Bradley into the air, then, they ascended into the air on their skateboards, and they slashed at him with their Keyblades, and they knocked him down into the ground with two downward slashes, and he was defeated, as the background changed back.

Then, Lincoln bound Bradley Uppercrust III in a rainbow energy straitjacket. When he saw that he was bound in a rainbow energy straitjacket, he screamed in pure rage.

Bradley Uppercrust III: NO! This wasn't supposed to happen!

Then, Max Goof and Sora punched him in the jaw and knocked him down to the floor.

POW!

He was knocked out!

Sora: It's over, Brad, you've lost, and now, you're going straight back to prison for good.

Sora beamed Bradley Uppercrust III to the Uranus Prison in a cell in Solitary Confinement, and still in a rainbow energy straitjacket, he was bound to a wall in chains. We cheered for Sora and Max Goof as they holster their massive Keyblades on their wider and muscular backs and power down, and Sora's new body, clothes, weapons, and jewelry were permanent.

Roxanne and Kairi went up to Max Goof and Sora, and they picked them up and kissed them.

Kairi: Sora, what you did to that prick, Brad, that was so amazing.

Sora: Thanks, Kairi.

Nico: And that was an awesome attack you and Max did, Sora, was that your first Limit attack with Max Goof?

Max Goof: It is, Commander.

P.J.: And thanks to you guys, Brad's in prison for the rest of his life.

Tank: He's looking at getting another Life Sentence for breaking out of prison.

Lincoln: I was just about to say, Tank.

Max Goof: But, now that Brad's back in prison for good, we won't have to worry about that prick ever again.

Boog: But this was one awesome adventure! (To the viewers) Never mess with the rights of animals or you will be answering to me, my friends, Fluttershy and Team Loud Phoenix Storm.

Me: You got that right.

Nico: But great job today everyone. Lets head home.

We went back home. Boog and his friends were all placed into our protection. We enjoyed the rest of the day and went to sleep.

THE END

---

Another awesome movie chapter done.

Open Season was a great movie from what I heard and there were so many awesome stars in that one. Boog was so awesome and so funny. Never saw the movies myself but they sure look awesome and funny. The first part of the chapter was for the awesome movie 101 Dalmations and I know I'm starting to sound repetitive but I wanted to make this really awesome and funny. Cruella was an absolute monster. The second part was for the Star Wars Planet Garganath and we took down Maleficent from the 1959 movie Sleeping Beauty for good. NicoChan11, JediAvatarOfShinobi, Omegahatchiyak12, XP4Universe, Darkhai, vinjedi1995, Drako1234658, Nflemingful, Etstheclarencefan and ninjakingofhearts gave me the ideas for this and so did the guest reviewer. Thanks guys. The next rescue for me is gonna be an awesome Treasure Hunt and we're going into the Jungles of India and we're going to find a legendary artifact called the Sword of Rohini, the Goddess of the Stars in Hindu Myth and it's an all powerful and mighty sword that has great magic and power and it can fire magic from the stars. Me, Eli, Arrietty, Nene, Allie Wilde, Maria, Marie, Nicole Chan, Qin, Erica, Ellie, Lillian, Megan, Nora Venice, Simone, Miranda, Gina Pele, Lola Namiko, Nelanie, Warrior Lady of The Wasteland, Natalie Griffin, Maiden of The Aqua, Syrus, Dark Magician Girl, Rey, Lina, Kia, Jenna, Daring Do, Nicole Knudson, Rainbow Dash, Sakura Avalon, Catherine Lancaster and Alana the Stakataka Gene-Slammer are going to find it and we're going to face the evil La Sombra from the Hey Arnold Jungle Movie and this time I will be the one that kills him instead of Poison from Poison Ivy and a river of molten lava. Sakura Avalon and Catherine Lancaster are going to transform in that one so I'll need the transformation sequences for that one. And we're going to also meet a Fire Sorcerer and a Crystal Beast Emerald Tortoise Gene-Slammer named Emerald Logan. The next rescue for Lincoln is gonna be on the planet Vegeta and we're going to not only see what the planet Vegeta is like but we're also going to prevent the Saiyan Race from being completely destroyed as well as destroy Frieza in his first form before he destroys the planet. And we're going to make sure that tyrant becomes a forgotten memory. The next race is gonna be a dusty one and we're going to race through the sandy and perilous and hot Sahara Desert in Africa and that is gonna be awesome!

See you all tomorrow.

# RACE AROUND THE SAHARA DESERT

## GET READY FOR A DUSTY RACE

---

Flying over the Indian Ocean, Me, Zhuqiaomon, Eli, Arrietty, Nene, Allie Wilde, Maria, Marie, Nicole Chan, Qin, Erica, Ellie, Lillian, Megan, Nora Venice, Simone, Miranda, Gina Pele, Lola Namiko, Nelanie, Warrior Lady of The Wasteland, Natalie Griffin, Maiden of The Aqua, Syrus, Dark Magician Girl, Rey, Lina, Kia, Jenna, Daring Do, Nicole Knudson, Rainbow Dash, Sakura Avalon, Catherine Lancaster and Alana the Stakataka Gene-Slammer were heading to the jungles of India to go on another awesome and amazing treasure hunt.

Alana Vongphachanh: (Laos Accent) So we're on another treasure hunt?

Me: Yep. This is gonna be awesome.

Lina: I didn't know you all go on awesome treasure hunts.

Nicole Knudson: We sure do Lina and they are not only great sources of inspiration for Daring Do's books but they are also great adventures that we go on to discover amazing artifacts.

Catherine Lancaster: (British Accent) This is gonna be really amazing to see.

We landed in the jungles of India.

Nicole Knudson: The India Jungles.

Warrior Lady of The Wasteland: What is it that we're going to be looking for?

Nicole Knudson: It's called the Sword of Rohini, the Goddess of the Stars in Hindu Myth and it's an all powerful and mighty sword that has great magic and power and it can fire magic from the stars themselves.

Eli: Wow! That sounds like a powerful sword.

Rainbow Dash: And finding it is going to be awesome.

Maria: I can't wait to see what it looks like.

Alana: Me too. This is gonna be so awesome.

Alana concentrated and groaned as her hair fell out.

Catherine Lancaster: And I have a feeling we'll meet the next Crystal Beast Gene-Slammer too.

Zhuqiaomon: I have that same feeling myself.

Alana turned into STAKATAKA!

Nene: Awesome! And J.D. I heard that you have the same abilities that me and my team do. The Ability to combine with Digimon.

Me: Yep and you are gonna be in for a surprise. Watch this.

Zhuqiaomon: Want to show off I see. All right.

Zhuqiaomon then glowed and went at me.

Then I fused with Zhuqiaomon and I donned my awesome and powerful SOVEREIGN OF THE SOUTH PHOENIX ARMOR!

Nene: OH WOW! That is so cool!

Me: Yep. This is my Sovereign of The South Phoenix Armor.

Eli: That is awesome!

Nicole Chan: Boy it sure is!

Lina: So cool!

Maria: Nene, do you miss your friends?

Nene: I sure do. But they know that I am in good hands with you all.

Eli: Don't worry Nene. You'll see them again in the future.

Nene: I know.

Nicole Knudson: Lets go find the temple where the sword is at.

Nicole was looking at a map of where the sword is and she saw that we were not that far from it. We walked through the jungle and then we found the Temple of The Sword of Rohini!

Daring Do: There it is! The Temple of Rohini.

Nicole Knudson: We found it!

Me: Wow what a temple.

Maria: Lets be careful of traps.

Me: Okay.

We went in.

Me: Wow looks like this temple has been sitting here for years.

Simone: No kidding. This is amazing though. Look at all these writings on the walls.

Miranda: And it looks like there's a story about the sword on this one.

Me: Lets see.

I went up to the story.

Gina Pele: What does it say?

Me: Lets see. It says "Long ago when the world was young, the mighty goddess of the stars made the heavens with a powerful swipe of her sword. But then a terrible day came when a malevolent warrior invaded the abode of the Gods of Hindu and he and a mighty army of soldiers fought against Rohini and with their sheer strength in numbers managed to defeat her and the warrior stole her all powerful sword. But the great god Vishnu defeated the warrior and in so doing the sword was lost and said to be hidden in this very temple where it has remained ever since that day."

Everyone was shocked.

Eli: Wow that is intense.

Maria: That is amazing. A whole army overpowered the Goddess of The Stars to steal her sword?

Allie Wilde: That is amazing and terrifying. Gods and goddesses are more powerful than a massive army together.

Me: No kidding. Lets find the sword.

Maria: Who wants to wield the sword once we find it?

Sakura Avalon: I'll wield it.

Me: Awesome. Lets go find it.

We went down a hall and we were careful not to activate any traps and then in a room in a stone in a beam of stars was The Sword of Rohini!

Nicole Knudson: There it is!

Rainbow Dash: Wow! That sword is amazing.

Sakura Avalon went up to it and she then grabbed the handle of the sword and then she succeeded in pulling the sword out and she gasped and the power of the sword flowed through her and she was more powerful than ever!

Me: WHOA!

Sakura Avalon: WOW! This is amazing!

Eli: Awesome!

Nicole Chan: Way to go Sakura!

Maria: Now we just need to get this home.

?: (Spanish Accent) You're not going anywhere except to the fires of hell!

Me: I haven't heard that voice in 3 years. Been a long time Lasombra!

A figure came out and it was the infamous Guatemalan Pirate, LASOMBRA!

---

Lasombra is the overarching antagonist of the Hey Arnold! cartoon franchise. He first briefly appeared in a flashback in the hour-long Hey Arnold! episode "The Journal" and was the main antagonist of the 2017 TV film Hey Arnold!: The Jungle Movie. He was Arnold's archenemy.

He was a ruthless and greedy river pirate who sought to steal the Corazon (a highly valuable ancient artifact) from the Green-Eyed People tribe and was successful until Miles and Stella Shortman stole it away from him. His ongoing quest to retrieve the stone came to fruition as he lures Miles and Stella's son Arnold there while posing as their friend Eduardo under the pretense of helping Arnold find Miles and Stella, only to take him and his class hostage and threaten them all.

In the series, he was voiced by Carlos Alazraqui. In the film, he was voiced by Alfred Molina, who also played Satipo in Raiders of the Lost Ark, Reverend Leland Drury in White Fang 2: Myth of the White Wolf, Snidely Whiplash in Dudley Do-Right, Johann Tetzel in Luther, Doctor Octopus in Spider-Man 2 and Spider-Man: No Way Home, Bishop Manuel Aringarosa in The Da Vinci Code, Professor Jeffries in Chill Out, Scooby-Doo!, Maxim Horvath in The Sorcerer's Apprentice, Ke-Pa in Kung Fu Panda: Legends of Awesomeness, Ernst Stavro Blofeld in the On Her Majesty's Secret Service radio drama adaptation, Rippen in Penn Zero: Part-Time Hero, Viggo Grimborn in Dragons: Race to the Edge, Destiny in Justice League Dark, Mr. Freeze in Harley Quinn, The Duke in Solar Opposites and Mictlan in Maya and the Three.

Lasombra returned in the 2017 television movie as the main antagonist. At one point, he disguised himself as Miles and Stella's close friend, Eduardo, so that he could trick Arnold into leading him to the Corazon.

He (while off-screen) was first seen watching Arnold from his computer screen and recognizing Arnold by his football-shaped head, he chuckled evilly to himself, realizing that his plan is working.

He was next seen on his ferry boat on the docks of San Lorenzo, disguised as Eduardo and pretending to be him by quickly recognizing Arnold. He invited Arnold and company aboard his boat and introduced them to his crew, one of which Olga fell in love with, much to the irritation of Helga Pataki. Once they sailed down the river, Lasombra/Eduardo sees Arnold's necklace glow and confirmed him to be chosen by the green eyed people, according to the ancient prophecy. He proposed they find the green eyed people and find out the answer the disappearance of Miles and Stella.

He then talked with Arnold about the threat of Lasombra, and that he was not happy that Miles and Stella stole the Corazon from him. When Arnold said they are in danger, Lasombra/Eduardo said that while they could turn around and head back to safety, they could also continue ahead and maybe find out about his parents. He then told Arnold not to tell the others, under fear that they would get worried.

Later that night, while keeping a lookout, Lasombra/Eduardo was smelled by Abner, Arnold's pig. Abner didn't smell anything good and tried to warn Arnold, but to no avail, deciding to leave the ship so that he could warn Arnold's grandparents. Arnold then told Lasombra/Eduardo that a ship is following them, which turn out to be river pirates. He made Arnold believe that Lasombra is attacking them, and orders Arnold to stay down while he fought the pirates off and to forget about his friends. He then steered the ferryboat into dangerous rapids, confident that the pirates would not follow them through there. He succeeded in outrunning the pirates, at the cost of wrecking the ferryboat on some rocks.

The next morning, the wrecked ferryboat exploded, leaving Arnold, Lasombra/Eduardo, and the entire class "literally up the creek without a stinkin' paddle", according to Helga. He assured them that he will lead them through the jungle to his hideout.

When asked by Helga who attacked them and why, Lasombra/ Eduardo explained to the group of the river pirates threat, and their and La Sombra's vendetta against Arnold. Sid then asked why Lasombra is after Arnold, to which Lasombra/Eduardo said it is only Arnold's business and leads the group into the jungle.

Lasombra/Eduardo lead the group to his hideout. He then revealed to them, via taking off his fake mustache, that he wasn't Eduardo, but actually Lasombra. He then proceeded to take everyone prisoner and reveals that he was the one who arranged the class trip to San Lorenzo to lure Arnold there. He then revealed to everyone that he and Arnold had a deal, that they would go look for the green eyed people, much to everyone's shock and anger as they selfishly shun Arnold despite that the latter was lied to too and didn't want any of them to get hurt. He then had his men lock the group and Arnold away.

Later that night, Arnold, with the help of Gerald and Helga, wrote the wrongs for being too selfish to Arnold, they broke him out and work together sneak past a guard and escape. Lasombra wasn't angered, however, as he put a tracking device on Arnold so he could lead him to the green eyed people, knowing they would show themselves in his presence.

As Lasombra and some of his men pursued Arnold, he let them die as a result of b*** traps, intent on catching Arnold by himself.

A short while later, Lasombra arrived at the village of the green eyed people and spotted the Corazon with his greedy eyes. Lasombra then revealed the tracking device on Arnold's necklace when he used the green eyed people's own treasure against them in the process. He then shown surprised that the only green eyed people awake are children, decided to take the treasures in the kingdom and bring people there to sell it to them. The Green-Eyed children, Gerald, Helga and Arnold the attacked Lasombra. Naturally, Lasombra broke out, grabbed Arnold and fled the scene.

Lasombra then left Helga and Gerald hanging from a broken bridge and forced Arnold to open the Corazon's box, or else they'd die, to which Arnold complies. Once the Corazon opened, Lasombra pushed Arnold aside and greedily tried to take it.

But before he could even touch it, the box shot Lasombra in the forehead with a poisonous dart, which caused him to fall off the cliff and into the canyon. Lasombra later climbed back up with his skin green from the poison and then found the real Eduardo and mocked his mustache. Nonetheless, Lasombra then finally lost his temper that had just about enough of everyone getting in his way as he attacked Eduardo by trying to stab him with the dart from his head. But Arnold and his friends asset Eduardo as they violently fought Lasombra right back in the struggle, he manages to knock them off and also the Corazon is accidentally knocked down. While Arnold tried to catch the Corazon, Lasombra pined him down and also tried to catch it, only the Corazon rolled off the cliff and plummeted down into the ravine, much to his horror and Arnold's disappointment.

Furious at losing the Corazon again, Lasombra grabbed Arnold by the shirt to scowl that how he's just like his parents and ordered him to go and get it back from the ravine. Before Lasombra could kill Arnold, the poison of the dart finally got to him, resulting in him staggering backward. Before Lasombra fell, however, he grabbed Arnold's amulet and fell into the canyon to his death, ending his evil reign in San Lorenzo once and for all. Afterwards, Eduardo notes that Lasombra had died the way he lived, full of poison.

Lasombra: Its been a long time J.D.

We were amazed by the Super Angel 750,000,000,000 transformations of Sakura Avalon and Catherine Lancaster, but when Lasombra saw it, he fell into a rage.

Catherine Lancaster: (Divine Echoing Cosmic Rainbow Voice of Love) **You have hurt your last victim Lasombra.**

Sakura Avalon: (Divine Echoing Cosmic Voice of Celestial Light) **You're going straight to prison.**

They went at him and smashed and blasted and pulverized him all over. We then saw something behind Lasombra.

Maria: Looks like the calvalry's here!

Lasombra: What cavalry?

We saw a Fire Sorcerer and she was riding on a Crystal Beast Emerald Tortoise!

Me: A Fire Sorcerer and a Crystal Beast Emerald Tortoise!

Crystal Beast Emerald Tortoise: (In a girls voice) That's right. My name is Emerald Logan and it's awesome to meet you all.

They fired beams of light and fire and the blasts hit the ground and exploded and sent Lasombra flying and I pulled out a metal cage and opened it and Lasombra was locked into it.

Eli: TWO POINTS!

Alana Stakataka: That was awesome!

I then put on my blind man glasses and Eli and Syrus covered their eyes and then I snapped my fingers and Alana and Emerald were reverting back.

Alana: Do you have any special talents?

Emerald Logan: I am a skateboarder. I do a lot of amazing tricks and moves.

Alana: Awesome.

They were back to normal and Maria gave them awesome clothes.

Emerald Logan: These are amazing clothes.

Maria: Thanks. I make them for all the Gene-Slammer.

Suddenly Emerald glowed in a neon green aura.

Emerald Tortoise: Emerald you are more than ready to master my

power.

Emerald Logan: I have a feeling I am going to be awesome in Catherine's team.

Emerald Tortoise: That you are Emerald. And you will like Jesse too.

She was fully engrafted with her powers.

Maria: Looks like you're not in pain right now.

Emerald Logan: Nope. This is amazing.

Me: It sure was. And another awesome treasure hunt in the books.

Nicole Chan: It sure was cool.

We went back home and told everyone everything that happened.

After getting rid of La Sombra this time for good, Lincoln, his siblings, Me, Nico, Eli, Nicole, The Z-Fighters and The Saiyans, and Skyla were heading to Planet Vegeta via the Simulator, and not only is Lincoln going to rescue the nine girls there, but we're also going to see what Planet Vegeta is like and we're also going to prevent the Saiyan Race from being completely destroyed and destroy Frieza in his first form before he destroys the planet. The Simulator activated, and we were on Planet Vegeta.

Lincoln: Wow, we're on Planet Vegeta.

Me: Whoa, so this is Planet Vegeta, it looks so amazing.

Lincoln: It sure is, and I think I know what we're going to do here, not only am I going to rescue the nine girls there, but we're also going to see what Planet Vegeta is like and we're also going to prevent the Saiyan Race from being completely destroyed, along with destroy Frieza in his first form before he destroys the planet.

Nico: That's right, big guy.

Lori: The last time Frieza showed his face, he was in his Final Form.

Goku: That's right, Lori.

King Vegeta: But, we're going to face him in his first form, and even in his first form, he was able to destroy Planet Vegeta and kill every last Saiyan there.

Lincoln: This time, we're not letting history repeat itself, Frieza's going to become a forgotten memory this time forever, and we'll prevent the extinction of The Saiyans and destruction of Planet Vegeta.

?: HELP!

Suddenly, Lincoln heard the sound of nine girls calling out for help. With his deep sapphire blue cyborg eyes and superhuman sight, along with sensing energy signals, he saw and heard where the call for help was coming from. He saw the nine girls, but he also saw Frieza and his entire army fast approaching.

Lincoln: Guys, I found the nine girls, and Frieza and his army is fast approaching Planet Vegeta. Let's go, everyone, the battle for Planet Vegeta's future and the future of the Saiyan Race begins now.

We transformed and unholstered our massive swords from our backs, and we went at Frieza's goons, and we fired powerful rainbow energy blasts and elemental forces at the massive army of goons that were heading this way, Maria Rockell had cut down Zarbon and he exploded in a purple flame and his spirit was Super Hakaied for good, the same went with May cutting down Dodoria, and he was also Super Hakaied for good. Then, Lincoln, Me, and Nico saw Frieza right in the center, and he was about to form an energy ball to destroy the planet, but Lincoln fired a powerful red Death Beam and pierced right through Frieza's left arm, and it blew up and he screamed in excruciating pain.

Lincoln then formed a massive orange energy ball on the tip of his massive Sword of Taranis, and it also pulled in energy from the stars and the souls of the dead were now inside it and orbiting around it are energy balls that each have the colors of Lori, Leni, Luna, Luan, Lynn, Lee, Lyra, Liberty, Lena, Laney, Lucy, Lana, Lola, Lisa, Lily, Leo, Me, Nico, and everyone on the team, and it'd brought fear to Frieza's face.

Lincoln: (Divine Echoing Cosmic Elemental Thundersnow Voice of Justice) Frieza, what I hold before you is the energy of all those who've suffered because of you. Your crimes against the entire universe will never be forgiven, and now, you will become nothing more than a forgotten memory.

Lincoln's siblings, Me, Nico, Nicole, Eli, The Z-Fighters and The Saiyans, and Skyla: Lincoln, NOW!

Lincoln let out a loud roar, and he threw the massive energy ball at Frieza, and as it hits, it engulfed the tyrant, and as it exploded out into space, Frieza was obliterated forever and his spirit was Super Hakaied. We cheered wildly as we holstered our massive swords on our backs and powered down. Then, Lincoln and Nicole went up to the nine girls located there, and when Lincoln saw them, he had recognized them immediately. The nine girls were Suzune Kagami, Arisu Hiiragi, Koyomi Hiiragi, Kanan Chinami, Kiriko Shikishima, Taki and Nagare Komiya, Sachiko Tanaka, and Minako Kanou from Ultimate Otaku Teacher.

Lincoln: Oh wow, it's Suzune Kagami, Arisu Hiiragi, Koyomi Hiiragi, Kanan Chinami, Kiriko Shikishima, Taki and Nagare Komiya, Sachiko Tanaka, and Minako Kanou.

Nicole: From Ultimate Otaku Teacher, awesome.

Lincoln: Are you girls okay.

Suzune Kagami: Yes, we're okay, thanks to you.

Then, when Suzune Kagami and the other eight girls saw who it was that saved them from Frieza and his massive army of goons, their faces turned atomic red upon seeing the 16-year-old 7'0" tall, handsome, white-haired, bare-chested hunk with abnormally massive and powerful upper and lower body muscles, eight-pack abs, rainbow colored thunderbird with a gold lightning bolt emblazoned on his forehead, a golden lightning bolt cutie mark with the thunderbird and comic books right on his massive and wide right pec and it was surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature, Light, and Darkness in a circle, a Celtic Cross cutie mark tattoo in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon, surrounded by a circle were the marks of the other girls in Lincoln's harem, and on top is the Earth surrounded by the ring of mermaids on top, a deep sapphire blue kanji on his wider muscular back that said, "Lincoln Landon Loud, Champion and Emissary of Hinon, Master of Lightning Storms, The Weather, and the Thirteen Elemental Forces, Man With A Plan, Golden-Hearted Brother of 16 Siblings, and Golden-Hearted Lover, Father, Son, and Husband", and he had deep sapphire blue eyes.

He had his massive Sword of Taranis holstered on his wider and muscular back, his orange Crystal Saber holstered on his left hip and his Eater of Sins revolver holstered on his right hip, the Pisces constellation and Aquarius Zodiac sign on the back of his neck, large weighted orange bands on his massive biceps and thighs, his large Cuff Bracelets of The Champions of the Universe with large orange gems on his large wrists, massive and indestructible deep blue angel wings surging with powerful super lightning and the stars and blue nebulae reflecting on them, and he was dressed in an orange version of He Man 2002's loincloth with hanging silver lightning bolts and long orange trenchcoat coattails with hanging silver lightning bolts held up by his Belt of Elemental Bravery with large orange gem for the belt buckle on his waist, a pair of large blue pants with gold lightning bolts on the thighs, and large white leather combat boots with gold lightning bolts surrounded by a circle of smaller gold lightning bolts and armor on the toe area, silver Thunder Kanji earrings, a large silver Thunder Kanji necklace on his neck and across his permanently bare chest, large fingerless black gloves with the symbol of The Loud House on it, a large Orange Buffalo Animal Spirit Ring on his left ring finger, large Blue Lantern ring on his right ring finger, and he had eight large orange orbs orbiting around his legs.

Suzune Kagami: Oh wow, you're Lincoln Loud of Team Loud Phoenix Storm.

Lincoln: That's right, and it's a pleasure to meet you all.

Then, Lincoln made eight clones of himself, and he and the eight clones of himself went up to the girls, and they picked them up and hugged them in their abnormally massive and powerful muscular arms, and kissed them on the lips, which they returned with equally intense passion, as they wrap their arms around the necks of Lincoln and his clones, as we cheered over the scene.

Suzune Kagami: (Seductively and rubs her right hand on Lincoln's massive and wide right pec) You too, big, tall, muscular, and handsome.

Lincoln merged the Saiyans with their counterparts and he moved Planet Vegeta to our solar system, and we exited the Simulator. Then, Nico hugged Lincoln and he returned it.

Nico: Lincoln, you did an awesome job in obliterating Frieza for good.

Lincoln: (Smiles) It wasn't just me, Nico, it was all of us who've done the job in obliterating Frieza for good, and now, he's become a forgotten memory.

Me: That's right, big guy, and now, he'll never return to terrorize the universe ever again.

Finally, we were rid of Frieza for good, and he'll never return to terrorize the universe ever again, and we prevented the destruction of Planet Vegeta and the extinction of the Saiyans.

---

After getting rid of Frieza this time for good, we were training intensely in the gym doing 100,000,000 reps of crunches, wing push-ups and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 9,000-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds. Then, we got a shower afterwards.

After that, Lincoln, Amanda Payne, Team RWBY, Emerald Sustrai, Dew Gayl, Peni Parker, Jessica Shannon, Mai Shiranui, Toph Bei Fong, Julie Makimoto, Yuna Kamihara, Nanami Simpson, Sari Sumdac, Hilda, Tatsumaki, Shantae, Akko, Frosta, Perfuma, Entrapta, Colette Brunel, Ryuko Matoi (TLPS Universe), Minerva Mink, R. Mika, and Menat were getting ready for their date, this time, it's at the golf courses Peach Gardens and Wiggler Park in the world of Mario, but they're not the only ones going, Chris Taylor and Qin Chen, Erica Haddock and Crow Hogan and Missy Rodgers and Zelos Wilder are also going.

Lincoln then snapped his fingers, and the 16-year-old 7'0", white-haired, handsome, and extremely muscular teen was dressed in a large orange shirt with a phoenix, thunderbird, and buffalo on it, large blue pants, and large white shoes, along with his large weighted orange bands on his massive biceps and thighs, his jewelry, and eight large orange orbs orbiting around his legs, and he also still had his weapons holstered, in case of trouble.

Amanda Payne, Team RWBY, Emerald Sustrai, Dew Gayl, Peni Parker, Jessica Shannon, Mai Shiranui, Toph Bei Fong, Julie Makimoto, Yuna Kamihara, Nanami Simpson, Sari Sumdac, Hilda, Tatsumaki, Shantae, Akko, Frosta, Perfuma, Entrapta, Colette Brunel, Ryuko Matoi (TLPS Universe), Minerva Mink, R. Mika, and Menat were dressed in shirts, pants, and shoes in their favorite colors with icons and mythological creatures on the shirts.

Chris Taylor and Qin Chen, Erica Haddock and Crow Hogan and Missy Rodgers and Zelos Wilder were dressed in shirts, pants, and shoes in their favorite colors with their favorite creatures on the shirts.

Lincoln: Alright, everyone, shall we?

Minerva Mink: We're ready, Linky.

Lincoln, the girls, Chris Taylor and Qin Chen, Erica Haddock and Crow Hogan and Missy Rodgers and Zelos Wilder head out of the Estate, and head for the golf courses Peach Gardens and Wiggler Park in the world of Mario, and when they arrive, the golf courses were beautiful places.

Qin: Whoa, we're here in the golf courses Peach Gardens and Wiggler Park.

Lincoln: That's right, Qin, and we're here to play some golf in the courses.

Chris Taylor: This should be good.

The group proceeded to play some golf at Peach Gardens, and Lincoln made his first shot in the first hole, and it was a hole-in-one, which had stunned the girls, along with Qin, Chris Taylor, Erica, Crow, Missy, and Zelos. Then, the day went on as they made their shots in the holes, and they were also hole-in-one shots. Then, they went to Wiggler Park, and they also played more rounds of golf, and they made some hole-in-one shots, and the audiences applauded. Then, the boys went up to the girls and they shared a romantic kiss and hug, and then, they returned home.

Me: Hey, everyone, how was your date?

Lincoln: It was awesome, J.D., we went to the golf courses Peach Gardens and Wiggler Park in the world of Mario.

This got everyone's attention, including Lori and Carol.

Lori: Wait, you all went to Peach Gardens and Wiggler Park and played some golf there?!

Lincoln: That's right, Lori.

Carol: Which shots did you guys make?

Minerva Mink: Hole-in-one shots, Carol.

Minerva Mink showed the video of Lincoln, the girls, Chris Taylor, Qin, Crow, Erica, Missy, and Zelos making hole-in-one shots, and that stunned Lori, and she ran up to Lincoln and hugged him in the waist, and Lincoln wrapped his abnormally massive and muscular arms around Lori and hugged her.

Lori: (Smiles) OMG, Linky, that was so amazing! You made some amazing hole-in-one shots!

Carol: Yeah, it's as if you had a piece of Lori inside you.

Nico: Well, that may be true, and this was definitely a surprise to all of us. But, Linc does have very strong and unbreakable bonds with all of us, since he considers us all as family.

Lincoln: That's right, Nico, all of you here are my family, and this I swear, I'm not going to let anyone hurt any of you.

We were really touched by Lincoln's words, and we hugged him and he returned it with equal love.

Miko: I can't believe just how touched we were by Lincoln's words.

Nico: (Smiles) His words and personality are able to touch someone's minds, souls, and hearts, and it can leave a lasting impact, which'll lead to the forming of an unbreakable bond, Miko, and that's what makes him who he really is.

Lincoln: And Lori, next time, I'll invite you and Carol to Peach Gardens and Wiggler Park for a game of golf.

Lori: Good idea, Linky.

Carol: You want to also invite the rest of the Gotham Royal York High School golf team?

Lincoln: I'll also plan something out for that one by talking with the coach.

Lori: I'll be sure to talk with the coach, bro, and see what I come up with.

We had a great time.

Later, Tecna was getting ready for her Ambassador Mission.

Tecna: (British Accent) Next time, Riddler can come with me.

Nico: Good idea Tecna.

Lightning McQueen: I can't wait to meet Herbie. He is awesome from what I heard.

Me: Yeah he sure is.

Tecna: I think so too. Ready Lightning?

Lightning McQueen: Yeah I am!

Tecna got in Lightning and they were off.

They arrived in Chicago and saw Maggie and Herbie.

Maggie Peyton: Hey Tecna.

Tecna: Herbie, I'd like you to meet another sentient car like you.

Lightning McQueen: What's up dog? Name's Lightning. Lightning McQueen.

Herbie: Wow! Awesome to meet you Lightning!

Maggie Peyton: It's awesome to meet you too.

Lightning McQueen: Same here Maggie. Tecna told us so much about you.

Tecna: (sees newspaper) You two might not have that many enemies. But I think we just spotted one that you do have.

Maggie Peyton: And that is Trip Murphy.

Tecna: That's right.

Lightning McQueen: Wasn't he that cheater that would always trying to destroy Herbie?

Maggie Peyton: That's right.

Tecna: Lets see what it says about him.

Tecna looked up his history and what it revealed was shocking.

Trip Murphy is the main antagonist in the 2005 Disney comedy film Herbie: Fully Loaded.

He is an egostistical NASCAR champion. When he is beaten by end up beating him in a street race by the mysterious VW bug Herbie, Trip vows revenge and swears to find out the mystery behind Herbie and destroy him.

He was portrayed by Matt Dillon, who also played Jonathan Corliss in A Kiss Before Dying, Patrick Healy in There's Something About Mary, Sam Lombardo in Wild Things, and Jack in The House That Jack Built.

Trip Murphy first appears on his Pontiac GTO and his crew to promote his new video game "Trip Murphy Undefeated" after making fun of Herbie, he challenges Trip in a street-race, which Herbie wins.

This delights Kevin, who tries to talk Maggie Peyton into racing again. However, Ray Sr., who has forbidden her from racing since she was hospitalized after a street racing accident years ago, is concerned. It also infuriates Murphy, who becomes obsessed with Herbie. So Murphy organizes a local street-racing competition to lure Herbie back for a rematch, which Maggie and Kevin enter. Herbie easily defeats the other cars and qualifies for the final match with Murphy, but when Murphy talks Maggie into racing for pinks (where the winner takes possession of the opponent's car), Herbie becomes alarmed over Maggie's desire to win Murphy's stock car-incorrectly assuming that Maggie will have him scrapped if she wins the other car, and also unaware that Murphy only agreed to the match so that he could have Herbie scrapped if he got possession of him-and intentionally loses the race against Murphy's Corvette C6 Z06. Maggie is humiliated, Herbie is towed away, and Ray Sr. lectures Maggie for racing without his permission.

However, encouraged by her friend Charisma, Maggie decides to race professionally. She tries to buy Herbie back from Murphy, but Murphy has entered Herbie in a demolition derby. Desperate to save Herbie from destruction, Maggie goes to the derby, runs onto the field while the derby is in progress, pleads with Herbie to help her, and wins the derby.

Meanwhile, Team Peyton may have to forfeit an upcoming stock-car race due to financial troubles and two crashes by Ray Jr. Ray Sr. declines Maggie's offer to drive for the team, but Ray Jr. allows her to take his place and sends the Team Peyton crew to help her and Kevin prepare Herbie for the race. At the race track, Maggie and Herbie have a heart-to-heart conversation, and Murphy wishes Maggie luck but warns her that the race will be dangerous.

Herbie starts the race slowly, but he eventually catches up and begins passing the other cars before Maggie makes her first pit stop. While watching the race at home, Ray Sr. decides to watch the race in person. On the track again, Herbie is soon boxed in by some other cars, but Ray Sr. arrives at the track and encourages Maggie over the team radio, and Maggie escapes the trap by driving directly over Tony Stewart who was in front of her. This damages Herbie's oil system, so Maggie makes another pit stop and Kevin hurriedly extracts a replacement part from the yellow New Beetle, which Herbie has been eyeing amorously throughout the film, owned by Sally, one of Team Peyton's few remaining sponsors. The jerry-rigged oil system is fragile, and Murphy is intent on preventing Herbie from winning.

With Maggie, Herbie, and Ray Sr. now working together, Maggie and Herbie catch up to Murphy. Murphy tries to damage Herbie by pushing him into the track wall when Maggie tries to pass him, but he is caught off guard and crashes into the wall when she slams on the brakes during his next attempt. Herbie passes Murphy's car, now upside down on the track, by climbing onto the fence above the wall. After landing back on the track, Maggie and Herbie win the race. Maggie is congratulated by her father and brother, and Murphy is hospitalized as Maggie and Kevin kiss.

---

When She was done reading she and Lightning were shocked!

Lightning McQueen: Whoa not cool!

Tecna: He REALLY wants to make sure Herbie never races ever.

Maggie Peyton: Yeah what a monster. Looks like we're going to have our future mission with all of you against Trip Murphy and he'll be out of the hospital by then.

Tecna: It sure looks that way.

Lightning McQueen: I can't wait to burn rubber on his face! He reminds me so much of Chick.

Tecna: He sure does.

Herbie: I can tell.

Tecna: Let me know if Trip makes a move.

Maggie Peyton: Oh we sure will.

Herbie: You'll be the first to know.

Tecna: Great. This is gonna be awesome.

Lightning McQueen: Oh you bet it will be!

Later Tecna and lightning came back.

May: How was it?

Tecna: It was great! And I think we found out what our mission with Herbie is going to be about when we go help them.

She told us all about Trip Murphy and when she was done we were shocked!

Me: Whoa man! I've heard all about Trip Murphy and he is one badass cheating son of a fucking bitch!

Nico: You're not kidding there. He reminds of Chick when we faced him.

Eli: Boy he sure does. What a monster!

Varie: But we'll face him and take him down in the future.

Me: Yep.

I looked at the clock and it was almost time for school.

Me: Lets get ready for school.

We did so.

* * *

We were at school.

Me: Well another great day at school.

Lina: It's amazing that you all go to school with the middle school and elementary school kids.

Me: Yeah it sure is huh?

Eli: But it sure is fun.

Laney: I think so too.

Then a kid came up to us and he was badly mangled and beaten up.

Me: Oh my God!

I went over and it was one of Lisa's Kindergarten classmates and I caught the kid as he fell.

Me: Who did this to you?

Kid: (Weakly) It was that big bully Wolfgang.

We gasped.

Lina: Who is Wolfgang?

Me: You would not like him Lina. He is a bully and he is REALLY BAD NEWS.

I went over his history.

* * *

Wolfgang is a fictional character in the Hey Arnold! TV Series.

He "runs" the fifth grade pretty much the same way that Helga runs the fourth grade, except that people of his grade actually pay attention to Wolfgang rather than just stay away from him, indicating that they like and respect his bullying ways.

Wolfgang constantly torments Arnold and the other fourth-graders, and is seen as sort of his rival when it comes to sports. He's also very superstitious as seen in "Friday the 13th", as he became easily spooked when Arnold's grandmother brought her 13 black cats. He gets his main kicks off of winning and demeaning those smaller than him. He's 10 or 11 years old.

---

When I was done everyone that hadn't heard about it was shocked!

Eli: Why that rotten monster!

Me: Yeah. Lets go.

We went after him and then we found a bunch of kids all battered and beaten up by Wolfgang!

Varie: Oh man! I'll get them help.

Varie called a bunch of ambulances.

We then saw Wolfgang and just as he was about to punch a kid I grabbed his arm!

Me: Pick on someone your own size you monster!

Ghostfreak: (appears in front of Wolfgang) Listen, I don't know what your problem is. But I don't think beating others kids up is gonna solve it.

Wolfgang: Oh yeah!? And what are you gonna do about it!? I HATE ALL KIDS below my age and they need to be squished and killed!

CRUNCH!

Eli kicked him in the crotch!

Wolfgang was arrested later on.

Serena: That's the second enemy of Arnold's taken care of today.

Me: You're not kidding there Serena.

Ash: He deserved to be thrown in prison.

Me: Yep. His parents raised a heartless psychopath.

Nico: Boy they sure did. But those kids he hurt are all badly hurt.

Me: But they'll be all right. But Wolfgang's parents should be held accountable for making him this way.

Varie: I agree.

Me: Lets get to class.

We went to class.

We got to Science Class.

Me: Sorry we're late Mrs. Wolfburg. Wolfgang was causing trouble by beating up the younger kids.

Mrs. Wolfburg: (Gasp) Oh no!

Me: They will be all right thank goodness. Wolfgang was expelled and is heading to Juvenile Court and prison even as we speak.

Mrs. Wolfburg: Good. Take your seats.

We did so.

---

Later at lunch we were having our meal. I was having 4 Ulti-Meatum Burgers and fries.

Me: (Eating) Mmm! Delicious.

Eli: Boy you said it.

Then I saw something behind a cabinet.

Me: What's that?

I went over to it and pulled the object out and they were three framed pictures and I looked at them and they were pictures of Sunset Shimmer in Prom Dresses and she was crowned as the Canterlot High School Prom Queen 3 Years in a row.

Thundercracker: Look at these pictures.

Me: They're pictures of Sunset Shimmer as a prom queen. I didn't know she was prom queen 3 years in a row. That is cool.

I went over with them.

Me: Guys check these out.

I showed everyone and Lola was amazed and so was Lincoln but Sunset Shimmer gasped in shock!

G1 Silverbolt: Well, if you don't like the pictures, what should we do with them?

Eddy: We can feed them to Ed.

Ed: Yum!

Lincoln: Guys no. Sunset you look really beautiful in these dresses.

Lola: Yeah Sunset you looked really beautiful in them. Like me.

Sunset Shimmer: Thanks guys. But it's not the dresses that make me shocked. They are reminders of what happened when I first came here to your world.

Me: Right! I remember that Twilight told us that you had a really dark past full of powerlust and dark ambitions of evil.

Sunset Shimmer: That's right.

Me: I didn't mean to rake up the past like that Sunset. I found these pictures behind that cabinet behind you and I was curious. I didn't know they would bring back some bad memories.

Sunset Shimmer: It's all right J.D.

Lincoln: But you looked amazing in those dresses Sunset. You should keep those.

Sunset Shimmer: Oh you're right Lincoln. Thank you. I'm glad you like them.

Lincoln: Thanks.

We later went back home.

---

We were getting ready for our next mission.

Dreamcatcher: J.D., you're leading today.

Me: Yep and right after School finished too.

There was a knock on the door.

Me: Come in.

Bobbie Fletcher came in.

Nico: Oh hey Bobbie.

Bobbie Fletcher: He guys. I have an awesome race for you all. It's not on another planet this time however. It's a race around the Sahara Desert.

Me: Whoa! A Sahara Desert Race.

Nico: This is gonna be a hot and sandy race.

She handed us a map of the route of the race and it's gonna go around the entirety of the desert. It'll go through Egypt, Libya, Algeria, Morocco, Western Sahara, Mauritania, Mali, Niger, Chad, Sudan and back to Egypt.

Me: Whoa! A circle around the Sahara Desert. This is gonna be interesting. We're in Bobbie.

Bobbie Fletcher: Awesome! See you all in Africa.

She left.

Aylene C.: This is gonna be awesome!

Billy Numerous, Silver Samurai, Amora, Spymaster, BlackWarGreymon, Speed Demon, Vulture, White Lightning, David Cain and Major Disaster then appeared.

BlackWarGreymon: Can me, Billy Numerous, Silver Samurai, Amora, Spymaster, Speed Demon, Vulture, White Lightning, David Cain and Major Disaster go with you guys?

Me: You all sure can and we're going on another race.

Amora: Is it on another planet?

Me: Nope. It's over in the Sahara Desert.

Spymaster: Ooh! Sandy and hot.

Nico: Yep. This is gonna be awesome.

Speed Demon: I can't wait to get my feet sandy as I run through the sand.

Laney: I'm looking forward to this one.

Applejack: YEEHAW! Lets get this race going.

Me: Yep! Lets head to the garage and get our cars ready for a desert race!

We went to the garage.

Energon Scorponok: Do our cars have resistance to sand?

Me: Yes they do Scorponok. I'm really excited for this one. Lets head to Egypt!

We were off to Cairo, Egypt.

---

CAIRO, EGYPT

---

We arrived in Cairo, Egypt.

David Cain: Good old Egypt. Where Duel Monsters was invented.

Me: And much of Humanity Originated.

Nico: Yep and with over 7,000 years of history.

Laney: I always love coming here to Egypt. So much to learn here.

Neith: And it's also the home of my fellow gods and goddesses.

Maria: Always so cool.

Me: Allie I have something to give you.

Allie Wilde: What is it?

I gave her the Evenstar pendant.

(Evenstar Plays)

U i vethed na i onnad.

My love will always be with you for all of eternity and when I met you in school my heart has always been for you. Trust in this trust in me.)

We then kissed.

Ellie: (blushes) Speaking of romantic feelings…

Tania: Let me guess. You have a crush on someone?

Ellie: Yeah. Jim Crocodile Cook.

Akiza: Oh he is perfect for you Ellie. He is an amazing adventurer.

Ellie: And I love adventures.

White Lightning: (to Jim) So, you have a crush on Ellie?

Jim Crocodile Cook: (Australian Accent) I know it might seem silly. But-

William: We don't think that's silly at all.

Ty: (Australian Accent) Yeah mate. You and Ellie are perfect for each other just like me and Shazza.

Valon: (Australian Accent) I agree too mates. You and Ellie are going to be amazing together.

Me: I agree too Jim. You went through so much with Axel, Adrien and Jesse at Duel Academy and you need to find someone to settle down with. But instead of a blind date lets get you to confess in person.

Jim Crocodile Cook: I'll do it. Will you mates help me out?

Me: Sure thing. We did it with a lot of our team.

Jim Crocodile Cook: Thanks guys.

Jim and Ellie later went up to each other.

Jim Crocodile Cook: Ellie I have something to tell you.

Ellie: Same with me. But you go first.

Jim Crocodile Cook: Ellie I… I… I love you! I have had a crush on you ever since you first joined the team.

Ellie: I love you too Jim!

They went and kissed and we cheered wildly for them!

Babs Seed: (whispers to Nico) We're still setting them up for a blind date.

Nico: (Whispers to Babs) I know Babs. I have just the place to have it too.

Me: Well we still have a few minutes before the race begins. Lets go walk around Cairo to see some of the sights.

Nico: Good idea.

Speed Demon: I won't even need a car. I'll just use my super speed.

Me: You are really fast there James.

We went to the Cairo Museum and we saw King Tutankhamen's Sarcophagus.

Eli: Wow that's King Tut's Sarcophagus.

Tea: Ew.

Me: Tea I know you're scared of mummies but they have a lot of history with them.

Tea: I know.

Laney: But King Tut has always been the most fascinating mystery to me.

Me: I know. One of the greatest mysteries in the history of mankind. He died at 19 years old almost 3,400 years ago.

Vinyl Scratch: That is amazing.

Lana: How did he die?

Me: Thats been a huge mystery. Some think it was an infection caused by a broken bone but even after all this time we still have no idea.

Nico: That is a huge mystery.

We then went to the sarcophagus of Queen Hatshepsut.

Me: Queen Hatshepsut, The Queen who Would be a King. She lived in 1478 B.C.

Eli: Almost 3500 years ago.

Pharaoh Atem: It's amazing how many successors and predecessors that I've had.

Eli: It sure is amazing huh Father.

Tso Lan: All of them probably lived longer then me and my siblings.

Me: They all lived thousands of years ago Tso Lan.

Nico: They sure did.

We went to another statue.

Me; Queen Nefertiti, the most beautiful Queen in all of Egypt. Lived in 1370 B.C.

Eli: Boy she sure was beautiful.

Nunnally: Yeah no kidding. Wow.

Twilight Sparkle: It's amazing how many kings and queens of Egypt there were back then.

Somnambula: (Egyptian Accent) It sure is amazing to know about all of Egypt's history.

Nico: It sure is.

We went to another statue and it was the statue of Pharaoh Seti I.

Me: Pharaoh Seti I. My past life from 1290 B.C. who was killed by Imhotep.

Nico: I remember that.

Spymaster: Is it almost time for the race?

I looked at my watch and we had 15 minutes to get to the start line.

Me: 15 minutes left. We made good timing by killing some time.

Nico: We sure did.

Rainbow Dash: This history about Egypt is really awesome.

Rarity: And the jewelry they had was simply amazing.

Me: Egypt was widely known for having beautiful and famous jewelry back then. Lets head to the starting line everyone.

We were off.

Burst Man: Everyone ready?

Me: Yep.

Nico: This is gonna be awesome.

We got in our cars.

Billy Natson came.

Billy Natson: And welcome to another one of the most amazing events in racing history. Hello I'm Billy Natson and we have an amazing treat for you all today. The race we have for you all today is for an amazing race around the Sahara Desert and we're going to see racers tread across the magnificently hot sands of Africa's famous desert. Wow! With us is our very own Team Loud Phoenix Storm and their amazing frenemies The Masters of Evil. Are you ready to race J.D.?

Me: You bet I am Billy.

Billy Natson: Did you all have fun visiting the Cairo Museum?

Me: Yep and it was awesome learning about Egypt.

Billy Natson: Awesome! Lets get this race started!

Krysta: RACERS ON YOUR MARKS!

We revved our engines.

Krysta: GET SET! (HOLDS UP THE GREEN FLAG)

We were ready for an awesome race! The temperature was blistering hot and it was gonna be awesome!

Krysta: (Waves the green flag) REV UP AND GOOOOOOOOOOOOOOOOOOO!

We gunned it and zoomed out!

Billy Natson: AND THEY'RE OFF!

We zoomed through the sand.

Vulture: If it's all the same to you all, I think I'll fly for this race.

Nico: Not a problem Adrien!

Vulture: Awesome!

Sunset Shimmer: Wow! Look at the beautiful sand dunes!

Laney: Wow!

Jim Crocodile Cook: This is amazing mates!

Ellie: Boy it sure is! Wow! And it's hot too!

Me: Good thing our cars are equipped with great air conditioning.

Speed Demon was dashing through the sand.

Speed Demon: EAT MY DUST!

Me: With you running we probably will!

Barbossa: Argh! You won't be coming in first that easily!

Me: Yeah!

Nico: We're coming to the halfway mark!

We were about to pass through Mauritania.

Me: I have a feeling that we're going to fly over the Oasis of Ahm Shere.

Eli: Whoa! That is gonna be cool to see!

Major Disaster: I'm catching up to you guys!

Me: Not for long!

We were flying right over the Oasis of Ahm Shere.

Me: Wow!

Eli: Is this the Oasis of Ahm Shere?

Nico: This is it.

Fluttershy: It sure is beautiful.

Eli: (Senses something) Uh oh! We got company!

We saw a figure coming to us rightand it was a lion! It was MAKUNGA THE TRAITOR LION!

---

Makunga is the main antagonist of DreamWorks' seventeenth full-length animated feature film Madagascar: Escape 2 Africa. He is Zuba's arch-nemesis and Teetsi's boss.

He was voiced by Alec Baldwin, who also played Dennis in The SpongeBob SquarePants Movie, President Donald Trump in SNL, Fred Frenger Junior in Miami Blues, Blake in Glengarry Glen Ross, Mark Cordell in The Juror, Jed Hill in Malice and Larry Quinn in The Cat in the Hat. In the film's videogame adaptation, he was voiced by the late John Cygan, who also played Hedley in Treasure Planet.

Makunga is seen at the beginning of the film, watching Zuba training his young son Alakay, who is more interested in dancing, much to Zuba's dismay. Makunga reveals himself and says that it is disappointing that Alakay is not growing up the way that Zuba also wants him. Zuba is annoyed and questions Makunga if he is challenging him again. Makunga replies that once he becomes Alpha Lion, Zuba will have more time to spend with his "pathetic excuse of a son". Zuba asks Makunga why he wants to become Alpha Lion to which he responds "I'm better looking, I have better hair. I'm deceivingly smart. And I want everyone else to do what I say." While Zuba fights Makunga (and defeats him rather easily), Alakay wanders off, and gets captured by poachers and eventually ending up in New York and is renamed Alex.

Years later, an adult Alex and his friends wind up in Africa, and Alex reunites with his parents. Makunga thinks of using him as an advantage to finally become the Alpha lion. At Alex's welcoming ceremony, Makunga suddenly stops the celebration and reminds Zuba that Alex must perform the Rite of Passage in order to be officially accepted into the pride. Alex, believing it to be a breeze, accepts the opportunity.

As Alex prepares for the Rite of Passage, Makunga comes along and tricks him into choosing Teetsi (a large, slender, muscular lion who is also Makunga's henchman) as his opponent. As Alex "fights"

With Teetsi (mistaking it to be a dance battle), Makunga laughs, saying to himself, "This is even better than I thought!" When Alex loses the fight, Makunga dethroned Zuba as Alpha lion and banished him, Alex and Florrie and makes Alex wear the Hat of Shame (which is a ridiculous-looking coconut shell decorated with a whole bunch of fruit at the top).

When the water hole is dried, Makunga suggests that the animals would have to fight for the water. When the animals object to this insane proposal, Makunga tells them if they are thirsty, they will have to look for water off of the reserve. The animals object to this notion as well, knowing that poachers are outside the reserve. However, Alex steps in and states that he himself went off the reserve and survived. He then states that he himself will leave the reserve to bring the water back. While the other animals are amazed at Alex's bravery, Makunga laughs derisively at him and sarcastically suggests to the young lion that he do a rain dance. Determined to prove the pompous Makunga wrong, Alex sets off on his quest and Makunga continues to insult and mock him as he leaves. Realizing that Makunga has no regard for anybody but himself, the animals criticize his leadership and demand Zuba back, making Makunga seethe with fury.

Alex and his friends soon learned that a couple of tourists (led by Nana) created a dam that dried up the water hole in the first place, so they managed to destroy it, thus the water is finally returned. Although the other animals are praising Alex and his family for retrieving the water, Makunga refuses to surrender his authority by stating that none of it changes anything. However, Alex and Zuba trick Makunga by giving Nana's handbag to him as a "token of appreciation", then releasing the old lady. When Nana sees Makunga holding her purse, she proceeds to attack him as she kicks him in the crotch, steps on his foot, whacks his paw with a ruler, gives him wet willies, burns his arm, and spanks him, before dragging him away by the ear as the other animals cheer happily.

The DVD commentary confirms that "Nana brought Makunga back to New York in a kitty cage".

Alex the Lion: Makunga!

Me: You know him Alex?

Alex the Lion: Ugly story.

Misfire: Alright, buddy. What's your deal?

Makunga: I'm here for revenge on Alex! You can never understand the humiliation I felt!

Alex the Lion: You brought all that on yourself!

Nico: Yeah you bad lion!

Amora the Enchantress: If I remember correctly, that old woman Nana was the one who humiliated you by beating you up with her purse.

We laughed at that.

Me: That was really funny!

Makunga: I'll make you pay for laughing at me!

Me: Come and get us! BULL CHARGE MISSILES! FIRE!

I pressed 2 buttons and fired two missiles and they opened and revealed two heavy bull heads and then…

SMASH! SMASH!

They smashed Makunga's head in and it hurt!

Makunga: I'm outta here!

He flew away!

Me: After him!

We chased after him.

Skipper: Last time, we let Alex and the others handle him. But now, I think we'll have Rico fire a bazooka at him.

Clown Man: (sees Rice upchuck a bazooka) Rico's already preparing for that.

Nico: Nice.

Me: Lets give him a hand.

Ed: (Hands me Edd's hand) Found one! (Giggles)

Edd: This joke is older than my Mesozoic Fossil Collection Ed.

Ed: Oops. Yep there it goes. Yep. My brain stopped.

Me: Just shoot Makunga's damn car! FIREBALL BURST BLASTERS! FIRE!

I fired fireballs and they hit Makunga and exploded!

KRABBOOOOOOOOOOOMMMMM!
KRABBBBBOOOOOOOOOOOOOMMMMM!
KRABBBBBBBBOOOOOOOOOOOOOOOMMMM!
KRABBBBBBBBBBBBOOOOOOOOOOMMMMM!

Billy Numerous: Looks like it's entrance time. Makunga's already stopped to take a breather!

Me: Lets do it!

We went at him.

Makunga: (Panting) I think I lost them.

But he was dead wrong. Suddenly the spirits of the Warriors of Calamities appeared out of nowhere from all around him and then they fired lasers at him and burned him all over and then they converged above him and then…

KRABBBBBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion went off above him and a phoenix cry was heard and then we came out and we were ready to smash him to dust!

Me: Looking for us?

Makunga: Oh no!

Troy: Since this is a race, I know just the mode to use!

Megaforce Rangers: Legendary Ranger Mode: Turbo!

The Megaforce Rangers turned into the Turbo Rangers!

Nico: Time to burn rubber!

Me: Lets get him!

We went at him and punched him and pulverized him all over the place.

Me: Uh oh.

Celica: (Growls) I was hoping never to hear his voice again. You can come out now, Jedah.

A figure came out, and it was none other than Jedah, the fanatically devoted priest of Duma, and an old enemy of Celica.

Celica: You have some nerve to show your face here, Jedah. I will never forgive you for your cruel actions and sadistic devotion to Duma.

Me: Whoa, it sounds like you have a nasty history with him, Celica. What can you tell us about him?

Celica: You won't like this fanatic, J.D.

Celica proceeded to tell us about Jedah, and we weren't going to like it one bit.

Jedah

Jedah (ジュダ, Juda) is the secondary antagonist of Fire Emblem Gaiden and its remake Fire Emblem Echoes: Shadows of Valentia. Jedah is the High Priest of the the Duma Faithful.

He is voiced by Takubo Shuhei in Japanese and Richard Epcar in English.

## Appearance

After much sacrifices and offerings to Duma, Jedah gained great power but was marked with blue skin, white hair, and black sclera with white pupils. He wears a black and purple ceremonial robe with ornate gold designs, as well as a gold collar with a purple jewel.

## Personality

Wholeheartedly devoted to Duma's teachings, Jedah sees little value in compassion. Like his master, Jedah believes that pain and suffering generate strength, and encourages the Faithful to endure suffering. Jedah is also willing to sacrifice anyone, including his own daughters, to the War Father to see the Fell God's visions realized. But despite his cruelty, Jedah truly believes his actions ultimately benefit Valentia, because to him Duma's doctrine is the single greatest path to humanity's growth.

## Biography

Originally a simple priest of the Faithful, Jedah fathered Marla, Hestia, and Sonnya, but abandoned all three to a priory. When Duma started to go insane from dragon degeneration, Jedah disputed with High Priest Halcyon over his sudden desire to conquer Valentia. With Duma's blessing, Jedah banished Halcyon and became the new High Priest. He also became an advisor to Emperor Rudolf of Rigel, and reunited with his daughters to sacrifice their souls to Duma. Sonnya was able to flee, but Marla and Hestia were turned into Witches.

At Jedah's advice, Rudolf entered the neighboring country of Zofia and stormed the Tower of Mila, dragon-slaying Falchion in hand. After slaying Mila and sealing her soul into the sword, Rudolf delivered her bones to Jedah, the Falchion still embedded inside her skull. Jedah placed both inside the deepest catacombs of Duma Tower. With the Earth Mother gone, Zofia slowly began to decline.

Determined to find Mila, Celica left her priory in Novis and journeyed across Valentia, gathering an army along the way. Concerned over Duma's deterioration, Jedah vows to deliver her to him. As Celica's army passes through the Dead Man's Mire on the way to Duma

Tower, Jedah telepathically contacts her. Jedah explains that both Mila's and Duma's degeneration threatens Valentia, and offers to return Mila's skull to Zofia if Celica offers her soul to Duma. Jedah claims that the soul of a powerful Brand-bearer can cure Duma of his madness, and with Mila returned, the two nations of Valentia will be saved and her friend Alm, who is waging his own battles as leader of the Deliverance, need fight anymore. Celica notes that she has no reason to believe him, but Jedah says he will await her response atop Duma Tower.

Jedah meets Celica's army in person at the Swamps of Duma, where she states that she will not make a decision until she meets with Mila. As Celica is life is the only one he needs, Jedah tries to destroy the rest of her party, but if defeated or simply resistant to his magic, he changes his mind and retreats to Duma Tower. If Celica spared Sonnya in the battle with Grieth's pirates, she vows revenge on him for what he did to her sisters.

Once Celica reaches Jedah on Duma Tower, he reveals that upon her soul's imprisonment in Falchion, she sealed its powers away in turn. With the only weapon capable of slaying Duma disabled, Jedah again requests that Celica offer herself to Duma, and teleports the rest of her army to below Duma Tower so they wouldn't sway her against the idea. He shows Celica a vision of Alm defeating Ruldolf, and states that with a sealed Falchion, confronting Duma is tantamount to suicide. Fearful for Alm's life, Celica finally agrees with Jedah's deal in exchange for his safety. Pleased, Jedah takes her to Duma Tower's underground catacombs to prepare for the ritual.

When the Deliverance reaches Duma Tower, Jedah thanks Alm for killing Rudolf and allows him to meet with Celica one last time. Shortly after, Jedah states that he lacks the ability to free Mila's soul and unseal Falchion, and reminds Celica that the latter sealing was performed by Mila herself. Celica is furious that Jedah lied to her, but he flatly tells her to blame Mila for abandoning Zofia and destroys the Divine Dragon's skeleton save for her skull. Despite Celica's efforts, Duma's single functioning eyeball appears and devours her soul, leaving her a devoted Witch. Jedah sends her to the depths of the Royal Vault, along with Mila's skull and Falchion.

He himself goes down to watch when Alm enters the Vault, expecting to be entertained with their fight to the death, but is shocked and retreats when Mila's spirit instructs Alm on how to unseal Falchion. Alm stabs Celica with the sword, but Mila uses the last of her strength to revive her and restore her soul. Together, the two armies fight and defeat Duma, Jedah, and his two Witch daughters.

---

When Celica was finished, we were horrified by Jedah's actions, and I was so mad, I clenched my hand so tightly, and it caused drops of blood to come out, and it sizzled as it hit the ground.

Me: (Growls Ferociously) You sick, miserable, disgusting, sadistic fanatic bastard!

Nico: You're right to call him all that, J.D. This guy wanted Celica to suffer, and even worse, kill her as a sacrifice to Duma?! He's looking at getting sent to Oblivion!

Jesse Anderson: And that's exactly what I'm going to do to him. I've had it with this monster to last an eternity.

Suddenly, Jesse Anderson's green eyes had turned neon green, and he was surrounded by a rainbow energy aura with colorful crystals, he unholstered his massive Sword of The Crystal Beasts from his back, and as he approached Jedah, he left rainbow energy, colorful crystals, and Crystal Beasts with every step.

Jesse Anderson: You really make me sick, Jedah. What you've done in making Celica suffer, along with trying to kill her, you just crossed a major line, and for that, I'll make sure that you suffer a horrible and merciless death for your crimes!

Then, Jesse Anderson was surrounded by a massive vortex of rainbow energy with crystals and The Crystal Beasts surrounding it, there was the Rainbow Dragon flying around the vortex, and inside the vortex is a rainbow phoenix. Then, as the vortex faded, Jesse Anderson emerged, but he was changed forever.

Jesse Anderson has transformed into SUPER ANGEL 750,000,000,000 CELESTIAL CRYSTAL RAINBOW ANGEL OF

LIGHT AND JUSTICE!

We were amazed by Jesse Anderson's Super Angel 750,000,000,000 transformation, but when Jedah saw it, he fell into a dark rage and tried to attack, but Jesse Anderson fired two crystals, which cuts the fanatic dark priest deep and he screamed in pain.

Me: Whoa, Jesse's transformed.

Nico: You said it, J.D., and he's the first of the Duel Academy Alumni to transform, awesome.

Jaden Yuki: Jesse, how do you feel?

Jesse Anderson: (Divine Echoing Cosmic Voice of Light and Crystal Justice) **I feel incredible, Jaden, and now, it's time for me to take care of this fanatical dark priest for good.**

Jesse Anderson went after Jedah, who fired two blasts of dark magic at him, but Jesse dodged it, and he fired powerful blasts of rainbow energy, rainbow lights, and crystals at Jedah, and they exploded with incredible power. He also summoned the Rainbow Dragon and the Crystal Beasts who also help out in the attack. Then, Jesse Anderson fired a red energy blast, and as it hits Jedah, Jesse sucked out Jedah's powers and abilities, and he and the rest of us made them our own. Then, Jesse slashed off Jedah's arms, and he screamed in excruciating pain, until Jesse tossed him into the air with his immense brute superhuman strength.

Jesse Anderson: **Alright, Jedah, this is the end for you. RAINBOW DRAGON CRYSTAL BEAST KAMEHAMEHA!**

Jesse Anderson fired a massive Kamehameha energy wave made of rainbow energy with the Crystal Beasts and the Rainbow Dragon surrounding it, and as it hit Jedah, it exploded with incredible power.

KRABBBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Jedah: DAMN YOU, TEAM LOUD PHOENIX STORM!

The resulting explosion killed Jedah, and his evil spirit was Super

Hakaied forever. We cheered wildly for what Jesse did as he holstered his massive Sword of the Crystal Beasts on his wider and more muscular back and he powered down, and his new body, clothes, weapons, jewelry, angel wings, and eight large colored orbs orbiting around his legs are permanent.

Jaden Yuki: Jesse, you did an awesome job in getting rid of Jedah.

Jesse Anderson: Thanks, Jaden.

Me: And not only that, but you're the first of the Duel Academy alumni to transform.

Jesse Anderson: That's true, J.D. Plus, when I face off against Rex Shard in my first usual battle with him, he's going to be in for a surprise.

T-Bone: (Laughs) Yeah, that crystal hairball's going to be in for a big surprise when he fights you, Jesse.

We then got back in our cars to finish the race.

Billy Natson: And here comes the winners of the race! IT'S APPLEJACK, J.D. KNUDSON, ALLIE WILDE, JIM CROCODILE COOK, ELLIE SINGH AND LORI LOUD!

Everyone cheered wildly! We all came.

A figure came out and it was LIZWIZARD from episode 25 of In Space!

---

Lizwizard could wrap his long tongue around someone and switch places with them. He did so with Cassie and got her injured when Carlos meant to hit Lizwizard. Lizwizard could also become invisible. Following his first fight with Lizwizard, Carlos suffered a crisis of confidence, but after some intense training from Adam Park- including Adam risking his own life to become the Mighty Morphin Black Ranger again with a damaged morpher- Carlos regained his confidence and evaded the trap that had caused him to injure Cassie in the first fight. Lizwizard was finally destroyed by the Astro Megazord Saber

---

Adam Park: Lizwizard!

Carlos: Oh man.

Lizwizard: Been a while rangers.

Me: I remember you! You used your tongue on Cassie and she got injured by Carlos' attack made for you and Carlos had confidence issues because of it and Adam got him better. Awesome guidance from a veteran ranger.

Lizwizard: It sure was and that is right. Great memory on you J.D.

Me: Never missed an episode.

THE END

Another awesome fanfic done.

The Sahara Desert is one of the most amazing deserts in the world and home to an amazing and beautiful landscape. But it gets unbearably hot there. The first part was for an amazing treasure hunt and it was awesome. The second part was for when Frieza was going to destroy Planet Vegeta and we made sure it never happened. # The Gentle Bull VS The Mad Matador

OLE!

---

Flying over the beautiful landscapes of Hawkgirl's home planet Thanagar, Me, Eli, Arrietty, Nene, Allie Wilde, Maria, Marie, Nicole Chan, Qin, Erica, Ellie, Lillian, Megan, Nora Venice, Simone, Miranda, Gina Pele, Lola Namiko, Nelanie, Warrior Lady of The Wasteland, Natalie Griffin, Maiden of The Aqua, Syrus, Dark Magician Girl, Rey, Lina, Kia, Jenna, Hawkgirl and Evelyn Stanley the Diancie Gene-Slammer were taking in the sights and beauty.

Evelyn: So this is Hawkgirl's home planet?

Me: Yep. The planet Thanagar. Shayera I've always wanted to see what your home planet is like.

Hawkgirl: It sure is an amazing place. It is good to be back home after everything that happened. I was feeling a little homesick.

Eli: But it sure is amazing here.

Simone: Boy it sure is. It's awesome.

Miranda: This is an awesome planet.

Nicole Chan: I'll say and I have a feeling we're going to meet one of the Crystal Beast Gene-Slammers here.

Hawkgirl: That will be awesome to see.

Evelyn: It sure will be.

Evelyn concentrated and groaned as her hair fell out.

Miranda: I have a feeling that the next bad guy we're going to face is one that Shayera faced before.

Evelyn then turned into DIANCIE!

Maria: Hawkgirl, I don't think coming here is entirely a good thing.

Hawkgirl: Why do you say that?

Me: I think I know. It's because of Hro Talak right?

Hawkgirl: That's right.

Maria: What can you tell us about him?

Hawkgirl: He's a war criminal.

She told us all about him.

---

A general in the Imperial Thanagarian Forces, Hro Talak was both a proud and effiecient commander, desperately trying to defend his people from the Gordanians. At one point during the conflict he was captured and imprisoned by the Gordanians, leaving him with a prominent scar across the right side of his face. The incident only served to further his hatred and make his desperation to defeat the Gordanians even stronger.

At some point he and Shayera Hol (later Hawkgirl) entered a relationship and became promised to each other (a Thanagarian form of engagement). A lieutenant and instructor in espionage, Shayera was sent on a secret mission to study Earth's defenses under the pretense of protecting them for a Gordanian attack. In reality they were planning to use Earth as a hyperspace bypass in order to lead an assault on the Gordanian homeworld, destroying the planet in the process.

Thanagarian invasion

Five years later, Talak led his Thanagarian forces to invade Earth, under the pretense of strengthening the planet's defenses against a supposedly imminent Gordanian attack. Under his command, the Thanagarians started to build an apparatus, which was supposed to project a protective force shield around the planet, the Justice

League assisting them. However, the machine was in reality a means to turn Earth into a link in a chain of several hyperspace bypasses, which would allow the Thanagarians to penetrate the Gordanians' defense system and wipe them out permanently. Batman, who did not trust Talak from the beginning, found this out and spread the word, but was subdued and imprisoned before he could escape. Talak then overrode the planet's defense systems, imposed martial law and enlisted forced human labor to finish the contraption.

Hawkgirl aided him until she found out that such approach would result in the destruction of Earth. After Hawkgirl was arrested for treason, Talak confronted her about her feelings for him. He pleaded her to renounce any feelings she might have had for John Stewart and admit she loved him instead. However, Hawkgirl simply offered herself in exchange for the safety of Earth. Enraged, Talak spurned her and carried on with his plan, thinking that she might forget about John once Earth was destroyed. Despite his best efforts, the Justice League escaped and launched its counterattack, destroying a significant portion of Hro's fleet. When John attempted to deactivate the force field guarding the generator bypass before Batman crashed the Watchtower into it, Talak engaged him in combat for two reasons: to stop Batman from succeeding and to exact revenge for his "stolen" love.

During the fight, he managed to destroy John's power ring, and nearly killed him, if not for Hawkgirl stepping in on time. Talak fought her off, and finally put his feelings for Hawkgirl behind him. John then provoked Talak, tricking him into destroying the force field that protected the deactivation switch, severely injuring him. After the bypass was destroyed, Talak declared defeat and retreated from Earth.

## Fall of Thanagar

Upon returning to Thanagar, he discovered that the Gordanians had attacked and, with the fleets off waiting for his orders to attack the Gordanian homeworld, the battle was over, and Thanagar had fallen. Nevertheless, Hro Talak relentlessly engaged and destroyed a dozen Gordanian battleships. However, his entire fleet was destroyed, so he sent his remaining officers (including the likes of

Paran Dul and Kragger) onto a scout ship in order to escape. Finally, Talak sacrificed himself, flying his ship on a suicide run to destroy the Gordanian flagship. His ship hit the Gordanian ship's weapons emitter just as it fired, the resulting explosion destroying both ships, along with the entire Gordanian fleet in the planet's orbit. Though it was a Pyrrhic victory, the Gordanians won and Thanagar was lost.

Despite the defeat of the Thanagarian Empire and Hro Talak's death, Paran Dul, Kragger and a squadron of rogue Thanagarians later returned to Earth in order to exact revenge on Shayera, whom they blamed for their loss. Shayera was shocked upon hearing of Hro Talak's demise, and she admitted to Vixen and Vigilante that she still loved him. Dialogue during the battle also made it clear that a resistance was in action back on Thanagar, and that Kragger, and Paran Dul were part of it.

---

When she was done we were shocked!

Me: He is a monster!

Nicole Chan: No kidding! We're going to kill that beast.

Me: Yes we will.

Maria: Hawkgirl, I'm not just talking about your ex boyfriend. I'm talking about the fact that you commited treason against your people and they're probably going to try and kill us!

Hawkgirl: Oh right. But it was because of Hro that I was forced to betray my people.

Me: We'll have to tell them the truth about why you did it.

Eli: Yeah it was because of Hro.

Maria: And you also had to choose between the Justice League and your own people.

Hawkgirl: And I chose the Justice League because they are my

friends.

Me: But we still are going to try and talk some sense into your own people Shayera. It wasn't your fault.

Hawkgirl: I know. But I feel just as guilty.

Me: That's not true Shayera. Hro was going to destroy the Earth and that makes him nothing more than a war criminal for inciting a war for no good reason. He was like Danzo.

Lina: Who?

Me: I'll tell you later Lina.

Hawkgirl: You're right J.D.

We arrived at the Palace of Thanagar.

Maria: Hello? Any Thanagarians here?

One of them came out and it was HRO TALAK!

Hro Talak: Team Loud Phoenix Storm. Welcome.

Me: Hro Talak, I presume?

Hro Talak: That is correct J.D. and I am honored that you would grace the palace of Thanagar and Shayera you are looking as lovely as ever. Have you decided to return home to help us conquer Earth?

Hawkgirl: Not a chance Hro! Earth is my home! You poisoned my people with your lies and evil! Earth is our friends and they have helped us with many things in the past! But you only want to use our alliance with Earth as a way to destroy them!

Me: Yeah Hro! What have we ever done to deserve to be destroyed by you and your people!? We never did anything to you not after how we helped you all out!

Hro Talak: Because all humans are inferior creatures that must tremble before us.

Me: Not on our watch they will.

Then Zhuqiaomon came.

Zhuqiaomon: Let me help out!

Me: Zhuqiaomon!

Then he glowed and instead of forming into armor, he formed into an amazing and incredibly powerful red broadsword and it had a blade glowing with pure fire and I took the sword and I was enveloped in Zhuqiaomon's red fire aura of the Sovereign of the South.

Me: WHOA! Zhuqiaomon I didn't know you have the power to turn into a sword.

Zhuqiaomon: It's my special gift because I discovered that you all are soon going to meet the Fusion Fighters in the future.

Nene: Wow! That is awesome!

Maria: And by the way, Hawkgirl has a new boyfriend now. His name's John Stewart.

Me: You may know him as the Green Lantern.

Hro Talak: Ah yes. Then I'll have to fight for Shayera!

Me: Come and try it! Lets see what the Sword of Zhuqiaomon can do.

Hro came at me flying and I flew at him and then…

CLANG!

Our weapons clashed and my red aura was emitting an incredible level of heat that made me feel like I was the Sun in Human Form. I then kicked him in the chest and he screamed in pain and I saw that I left a nasty burn mark in the form of my foot in his chest! OUCH! Then he came at me again and I clashed more and then I saw his weapon get red hot and then white hot and then it melted into nothing!

Me: WHOA!

Nene: WHOA! That sword melted his sword!

Hawkgirl was absolutely flabbergasted!

Hawkgirl: That's impossible! Nth Metal is completely indestructible! Nothing can break it or destroy it!

Eli: J.D. just defied the impossible and proved that not even Nth Metal is a match for the all-powerful force of the Digimon Sovereign of the South.

Hawkgirl: Wow. Now it's time to show this monster how wrong he is about me.

Suddenly, Hawkgirl's eyes turned neon amber and she was surrounded by an orange energy aura with lightning and hawks, she unholstered her massive Sword of the Justice League from her back along with her mace, and as she approached Hro Talak, she left orange energy, lightning, and hawks with every step. Then, Hawkgirl was surrounded by a massive vortex of orange energy with orange lightning surrounding it, there was a hawk flying around the vortex, and inside the vortex is a yellow phoenix. Then, as the vortex faded, Hawkgirl emerged, but she was changed forever.

(THE MYSTIC'S DREAM PLAYS AT 6:03 TO 7:13)

Hawkgirl grew to 6'0" in height, she had the body of a goddess, she had yellow highlights on the bangs of her orange hair, she has neon amber eyes and an orange energy aura with orange lightning and hawks surrounding her, she has a hawk with the Thunder Kanji in its claws emblazoned on her forehead, she has on hawk earrings with the Thunder Kanji in its claws, she has on a necklace with a hawk holding the Thunder Kanji in its claws for the necklace, she has on a sleeveless orange blouse with a gold phoenix on it, black pants with orange lightning bolts on it, orange high heels, she has massive white angel wings with gold tips on the large white feathers, and a sleeveless orange trenchcoat with lightning bolts and hawks on the coattails, and on the back is a Thanagarian with lightning bolts surrounding it. Hawkgirl has on her new Bracelets of The Champions of The Universe with orange gems on her wrists, Belt of Elemental Bravery with large orange gem for the belt buckle on her waist, and her Eater of Sins revolver holstered on her right hip. There's a gold kanji below the Thanagarian that said, "Shayera Hol also known Hawkgirl, Brave and Courageous Warrior of Thanagar and Earth, Loyal Member of The Justice League, Slayer of the Mad Thanagarian Hro Talak, Slayer of Evil, Amazing Member of Team Loud Phoenix Storm, and Master of Lightning and Hawks"

ホークガール、タナガーと地球の勇敢で勇敢な戦士、ジャスティスリーグの忠実なメンバー、マッドタナガリアンの裏切り者Hro Talakのスレイヤー、悪のスレイヤー、チームラウドフェニックスストームの素晴らしいメンバー、ライトニングとホークスのマスターとしても知られているShayera Hol

Hawkgirl has transformed into SUPER ANGEL 750,000,000,000 SUPERCELL THUNDERSTORM THANAGARIAN ANGEL OF JUSTICE AND HOPE!

We were amazed by Hawkgirl's Super Angel 750,000,000,000 transformation, but when Hro Talak saw it, it drove the mad Thanagarian even more mad with insane rage.

Me: WHOA! Shayera you look incredible!

Eli: Wow! Way to go Shayera!

Hawkgirl: (Divine Echoing Cosmic Voice of Angelic Birds and Love) **Now to give this traitor what for.**

She flew at Hro and smashed him down with incredible speed and strength.

Maria: Now's the time for some backup!

?: Someone call?

A Victoria came and so did a Crystal Beast Sapphire Pegasus!

Miranda: Awesome! A Victoria and a Crystal Beast Sapphire

Pegasus!

Crystal Beast Sapphire Pegasus: (In a girls voice) That's right. My name is Chloe Laurine.

Gina Pele: Wow you're a Sapphire Pegasus Gene-Slammer. That makes 5 out of seven so far.

Natalie Griffin: It sure does.

Victoria: Looks like we got here just in time.

We blasted Hro down. Shayera went up to him.

Hro Talak: Even if you kill me, Shayera, all of our people will still never welcome you back for your betrayal!

Maria: She's fine with that! Because she has us now!

?: That's enough Hro!

Out came the Thanagarian King!

Hro Talak: My king!

Me: Your majesty it's an honor.

Thanagarian King: And to you as well J.D. Knudson. I apologize for the crimes that Hro did. But I got word about the supposed betrayal of Shayera. But I saw through all of this deception as the invasion of the Thanagarians of one that I never authorized!

We gasped!

The King arrested Hro and had him thrown in jail and then he gathered everyone and told everyone the truth about why the Thanagarian Invasion took place behind his back and it was because of Hro and how he never wanted it to happen. He did it all for power. Shayera's treason charges were dropped and she was free to choose if she wanted to stay on Thanagar or not and she chose to stay on Earth because she has family there. We went to a secluded spot and I put on my blind man glasses and Eli and Syrus covered their eyes and I snapped my fingers and Evelyn and Chloe were reverting back.

Evelyn: (regains her hair) Chloe, what special talents do you have?

Chloe Laurine: I'm an archaeologist. I look for the secrets of history.

They were back to normal and then Chloe glowed in a neon blue aura and she was fully engrafted with Sapphire Pegasus' power.

Crystal Beast Sapphire Pegasus: You take care of yourself Chloe and use my powers well to help your friends and those around you.

Chloe Laurine: I will.

Maria gave them new clothes and they put them on.

Chloe Laurine: Wow these are amazing clothes.

Maria: Yep they sure are.

Me: And it looks like you are fully engrafted already.

Chloe Laurine: I sure am.

Maria: Hawkgirl, I think we should leave before more of your people come with pitchforks and torches!

Hawkgirl: Right!

Me: Even though Thanagarians don't do that here, lets go!

We teleported out.

Later we told everyone what happened and they were shocked.

---

After dealing with the mad Thanagarian Hro Talak, Lincoln, Me, Nico, Eli, Nicole Knudson, Brittney Knudson, The Red Lanterns, Superman, Supergirl, Krypto, Kevin Whitney, Andrea Sussman, Streaky, and Zoe Orimoto were heading to the planet Ysmault, and not only is Lincoln going to rescue the nine girls there, but we got word that General Zod is back from the dead, and he wants revenge.

Lincoln: Whoa, we're on the planet Ysmault.

Me: That's right, big guy, I haven't forgotten how scary this place really is.

Lincoln: Same here, and I think I know what we're going to do here, not only am I going to rescue the nine girls there, but we got word that General Zod is back from the dead, and he wants revenge.

Nico: Sheesh, even after we kicked his ass and killed him, Zod will never learn.

Krypto: Kal told me about Zod, and he truly is nothing more than a monster who deserves to die.

Kevin Whitney: But, he chose a bad place to announce his return from the dead: Ysmault, the home planet of the Red Lantern Corps.

Brittney Knudson: That's right, Kevin, and we're going to deliver unto him his rightful punishment for his actions: death.

Lincoln: And I've got just the way to finally kill that monster.

?: HELP!

Suddenly, Lincoln heard the sound of nine girls calling out for help. With his deep sapphire blue cyborg eyes and superhuman sight, along with sensing energy signals, he saw and heard where the call for help was coming from. He saw the nine girls, but they've been cornered by General Zod, and he's going to kill them in cold blood.

Lincoln: Guys, I found the nine girls, but they've been cornered by General Zod, and he's going to kill them in cold blood.

Krypto: That cold-blooded animal, let's rip him to shreds!

We rushed on over, and Lincoln fired a red laser beam from his eyes, which caused Zod to dodge the attack. When he saw us, he was enraged.

General Zod: So, you all have arrived. Now, I will kill you all and have my revenge on you.

Lincoln: Not going to happen, you monster.

Suddenly, Zod charged at us, and Lincoln had unholstered both his massive Sword of Taranis from his wider and muscular back and a gold dagger from his left hip, and in the blink of an eye, he slashed at General Zod with the gold dagger, and caused Zod's powers to weaken. We soon saw that Lincoln had brought with him a dagger made from Gold Kryptonite, and as we know, Gold Kryptonite weakens a Kryptonian once exposed to it.

General Zod: Gold Kryptonite?!

Lincoln: That's right, Superman told me that he'd used Gold Kryptonite to weaken you when he first fought you. And now, your cold-blooded vengeance spree ends here and now.

We transformed and unholstered our massive swords from our backs, and we went at General Zod, and blasted him with powerful blasts of red energy, rainbow energy, and elemental forces. Lincoln teleported behind General Zod, and he also covered the Gold Kryptonite dagger in his poisonous blood and drove it into Zod's heart, and his body disintegrated and his spirit was destroyed forever. We cheered for what Lincoln did, as we holstered our massive swords on our backs and power down. Then, Lincoln and Nicole went up to the nine girls, and when Lincoln saw them, he recognized them immediately. The nine girls are Artemis, Mana Asuha, Chloe Maxwell, Valkyrie, Tamaki Yurine, Venus, Veronica Ananko, Nemesis, and Yukari Nanahoshi from Luck And Logic.

Lincoln: Oh wow, it's Artemis, Mana Asuha, Chloe Maxwell, Valkyrie, Tamaki Yurine, Venus, Veronica Ananko, Nemesis, and Yukari Nanahoshi.

Nicole: From Luck and Logic, awesome.

Lincoln: Are you girls okay?

Artemis: Yes, we're okay, thanks to you.

Then, when Artemis and the other nine girls saw who it was that saved them from General Zod, their faces turned atomic red upon seeing the 16-year-old 7'0" tall, handsome, white-haired, bare-chested hunk with abnormally massive and powerful upper and lower body muscles, eight-pack abs, rainbow colored thunderbird with a gold lightning bolt emblazoned on his forehead, a golden lightning bolt cutie mark with the thunderbird and comic books right on his massive and wide right pec and it was surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature, Light, and Darkness in a circle, a Celtic Cross cutie mark tattoo in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon, surrounded by a circle were the marks of the other girls in Lincoln's harem, and on top is the Earth surrounded by the ring of mermaids on top, a deep sapphire blue kanji on his wider muscular back that said, "Lincoln Landon Loud, Champion and Emissary of Hinon, Master of Lightning Storms, The Weather, and the Thirteen Elemental Forces, Man With A Plan, Golden-Hearted Brother of 16 Siblings, and Golden-Hearted Lover, Father, Son, and Husband", and he had deep sapphire blue eyes.

He had his massive Sword of Taranis holstered on his wider and muscular back, his orange Crystal Saber holstered on his left hip and his Eater of Sins revolver holstered on his right hip, the Pisces constellation and Aquarius Zodiac sign on the back of his neck, large weighted orange bands on his massive biceps and thighs, his large Cuff Bracelets of The Champions of the Universe with large orange gems on his large wrists, massive and indestructible deep blue angel wings surging with powerful super lightning and the stars and blue nebulae reflecting on them, and he was dressed in an orange version of He Man 2002's loincloth with hanging silver lightning bolts and long orange trenchcoat coattails with hanging silver lightning bolts held up by his Belt of Elemental Bravery with large orange gem for the belt buckle on his waist, a pair of large blue pants with gold lightning bolts on the thighs, and large white leather combat boots with gold lightning bolts surrounded by a circle of smaller gold lightning bolts and armor on the toe area, silver Thunder Kanji earrings, a large silver Thunder Kanji necklace on his neck and across his permanently bare chest, large fingerless black gloves with the symbol of The Loud House on it, a large Orange

Buffalo Animal Spirit Ring on his left ring finger, large Blue Lantern ring on his right ring finger, and he had eight large orange orbs orbiting around his legs.

Artemis: Oh wow, you're Lincoln Loud of Team Loud Phoenix Storm.

Lincoln: That's right, and it's a pleasure to meet you all.

Then, Lincoln made eight clones of himself, and he and the eight clones of himself went up to the girls, and they picked them up and hugged them in their abnormally massive and powerful muscular arms, and kissed them on the lips, which they returned with equally intense passion, as they wrap their arms around the necks of Lincoln and his clones, as we cheered over the scene.

Artemis: (Seductively and rubs her right hand on Lincoln's massive and wide right pec) You too, big, tall, muscular, and handsome.

Red Lantern Ratchet: (Laughs) So, that's what happens after Lincoln rescues the girls, huh?

Lynn Loud: (Smirks) Yep, that's right.

Ronnie Anne: And we also have more sisters to welcome to our harem, awesome job, Lincoln.

We then returned home to the Estate, and we told everyone what happened on Ysmault, and they were shocked when they found out that General Zod had returned from the dead and wanted revenge on me and Nico for killing him, but we showed everyone what Lincoln did to General Zod, and they all cheered and went up to Lincoln and hugged him and all of us. Finally, we were rid of General Zod for good, and his cold-blooded revenge has been foiled forever.

---

After getting rid of General Zod this time for good, we were training intensely in the gym doing 100,000,000 reps of crunches, wing push-ups and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 9,000-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds. Then, we got a shower afterwards.

After that, Lincoln, Sari Sumdac, Ajna, Gluko, Batch, Makoto (Street Fighter), R. Mika, Menat, Ibuki, Mai Shiranui, Jessica Shannon, Julie Makimoto, Akko, Frosta, Perfuma, Entrapta, Toph Bei Fong, Yuna Kamihara, Nanami Simpson, Hilda, Tatsumaki, Colette Brunel, and Ryuko Matoi (TLPS Universe) were getting ready to play a game of hockey against The Masters of Evil.

Lincoln then snapped his fingers, and the 16-year-old 7'0", white-haired, handsome, and extremely muscular teen was dressed in a large orange hockey jersey with a phoenix, thunderbird, and buffalo on it, large blue protective pants, large orange helmet, blocker, gloves, arm/chest protector, and large white ice hockey skates with blades. He had an orange hockey stick.

Sari Sumdac, Ajna, Gluko, Batch, Makoto (Street Fighter), R. Mika, Menat, Ibuki, Mai Shiranui, Jessica Shannon, Julie Makimoto, Akko, Frosta, Perfuma, Entrapta, Toph Bei Fong, Yuna Kamihara, Nanami Simpson, Hilda, Tatsumaki, Colette Brunel, and Ryuko Matoi (TLPS Universe) were dressed in hockey jerseys with mythological creatures on them, protective pants, helmets, blockers, gloves, arm/chest protectors, and ice hockey skates with blades in their favorite colors. The girls had hockey sticks in their favorite colors.

They headed for the ice hockey rink in the north of Gotham Royal York, we were also coming along to cheer for Lincoln and the girls, and Vypra and most of The Masters of Evil came as well.

Nico: So, who's going to play against Lincoln and the girls, Vypra?

Vypra: For Lincoln and the girls, it'll be Electro, Dark Spicer, Shiv, Sportsmaster, Ebon, Eccentro, Blizzard, Brain Freezer, Captain Cold, Rex Shard, Nasty Doo, Waffle Woman, Vanitas, El Oso, Motor Ed, Trickster, Nergal, Zzzax, Red X, Angel, Dayu, Kaos, and Vexen.

Me: That's right, it's 23 against 23, perfect.

Crash Bandicoot: This should be good, especially since our archenemies are going to face off against Lincoln and the girls.

Spyro: You got that right, Crash.

Then, Electro, Dark Spicer, Shiv, Sportsmaster, Ebon, Eccentro, Blizzard, Brain Freezer, Captain Cold, Rex Shard, Nasty Doo, Waffle Woman, Vanitas, El Oso, Motor Ed, Trickster, Nergal, Zzzax, Red X, Angel, Dayu, Kaos, and Vexen came into the hockey rink, and they were dressed in black hockey jerseys, black protective pants, black helmets, black blockers, black gloves, black arm/chest protectors, and black ice hockey skates with blades with black hockey sticks with the symbol of The Masters of Evil.

Lincoln: Electro, Dark Spicer, Shiv, Sportsmaster, Ebon, Eccentro, Blizzard, Brain Freezer, Captain Cold, Rex Shard, Nasty Doo, Waffle Woman, Vanitas, El Oso, Motor Ed, Trickster, Nergal, Zzzax, Red X, Angel, Dayu, Kaos, and Vexen. So, we're playing against you guys?

Electro: That's right, Lincoln.

Rex Shard: Consider this some more added excitement to your date.

Toph Bei Fong: Hope you're ready to get your asses kicked.

Dark Spicer: Walked right into that one, didn't we?

Lynn Loud: Big time.

Buster Bunny got to the center, and she was dressed in a referee's uniform and with the puck in hand.

Buster Bunny: Alright, now, I want a good clean match from both sides.

Then, Buster dropped the puck, and Lincoln and Electro got to the puck with their hockey sticks facing each other.

Lincoln: Hockey 1 (Hits sticks), Hockey 2 (Hits sticks), Hockey 3!

Lincoln swiftly hit the puck before Electro, and then, he hits it to Yuna Kamihara, who skated past Rex Shard and Nasty Doo. Then, she gets to the goal post guarded by Vanitas, and with one strong hit, Yuna hits the puck, and it skates past Vanitas, and as it hits the net, the horn sounded, and Lincoln's team scored a point.

Crash Bandicoot: Yeah, alright, first point goes to Lincoln and the girls.

Lynn Loud: (Smirks) But, it's only the beginning, Crash. This is going to be good.

The hockey match was getting started, and Lincoln and the girls used a lot of tactics to outmaneuver Electro's team, and they continued to score.

Vypra: Whoa, this is really getting intense.

Me: That's right.

Nico: And I'm definitely seeing a part of Lynn inside Lincoln, as well.

Then, Lincoln scored the final point, and with the score at 20 to 0, Lincoln and the girls won, and we all cheered for them. Then, Lincoln offered his hand to Electro, and the girls offered their hands to the rest of the team and they shook their hands, displaying good sportsmanship. Then, we return home to the Estate.

Lincoln: That was a good game, Electro.

Electro: Thanks, Lincoln.

Shiv: Plus, I think someone else wants to see you.

Lynn went up to Lincoln, and she hugged his waist, and Lincoln wrapped his wrapped his abnormally massive and muscular arms around Lynn and hugged her.

Lynn Loud: (Smiles with tears in her eyes) Lincoln, I'm so proud of you, bro. You also have traits of an awesome athlete.

Lincoln: (Wipes Lynn's tears from her eyes) Thanks, Lynn. I've learned a lot from you. (Kisses her on her forehead)

We saw the sweet display of brotherly love from Lincoln.

Me: (Smiles) Now, that was so sweet.

Nico: (Smiles) A sweet display of brotherly love.

Lincoln: Plus, we also worked up another sweat. So, we're going to go hit the showers.

Lincoln removed his large jersey, and Sari Sumdac, Ajna, Gluko, Batch, Makoto (Street Fighter), R. Mika, Menat, Ibuki, Mai Shiranui, Jessica Shannon, Julie Makimoto, Akko, Frosta, Perfuma, Entrapta, Toph Bei Fong, Yuna Kamihara, Nanami Simpson, Hilda, Tatsumaki, Colette Brunel, and Ryuko Matoi (TLPS Universe) got some serious nosebleeds, their eyes turned into hearts, and their faces turned atomic red when they all saw Lincoln's abnormally massive and powerful muscular upper body and eight-pack abs covered in sweat, along with all the other girls in his harem. We shared a laugh when we saw what happened to the girls.

Lincoln went up to the bathroom to get his shower, and the girls went to their bathrooms to get their showers. Then, Lincoln made clones of himself, and he and the clones went up to Sari Sumdac, Ajna, Gluko, Batch, Makoto (Street Fighter), R. Mika, Menat, Ibuki, Mai Shiranui, Jessica Shannon, Julie Makimoto, Akko, Frosta, Perfuma, Entrapta, Toph Bei Fong, Yuna Kamihara, Nanami Simpson, Hilda, Tatsumaki, Colette Brunel, and Ryuko Matoi (TLPS Universe), and they picked the girls up in their abnormally massive and powerful muscular arms, and they shared a passionate kiss and hug, and we cheered wildly for them.

---

Later I was reading up on some of Burt Gummer's experiences with all of his adventures in the pursuit and destruction of Graboids, Shriekers and Assblasters and it was all absolutely incredible.

Me: Wow Burt you have done it all. You are truly a force to be reckoned with.

Burt Gummer: People call me a lot of things J.D. Gun Enthusiast, Monster Hunter, Doomsday Prepper, I reject many of these labels. What I am is a survivalist. I've scoured the dirt, dust, sands, water and islands of the world putting my life on the line to hunt supersize subterranean man-eating predators called Graboids. Using a combination of local knowledge, intuition and firepower I've managed to control this deadly species all over the globe. I went all over the world into and beneath the Sands of Hell.

Me: You've been through stuff that's WORSE than Hell and We've Literally seen what Hell was like. But be right back.

I went to my room and came back with the 7 Tremors Movies.

Me: You are the king of survivors Burt. I found out some incredible things about you too that date back to 1889 during the time of your great-grandfather, Hiram Gummer.

I told him everything that happened. Starting with the events of the Prequel movie of the Tremors series - Tremors 4: The Legend Begins and then on up to Tremors 7: Shrieker Island.

Tremors 4: The Legend Begins (2004)

In 1889, the site that will become Perfection is home to the town of Rejection. The inhabitants are completely dependent on the income from a nearby silver mine, and when a hot spring causes Graboid eggs to hatch, the mine becomes too dangerous to work in. The mine's owner is Hiram Gummer, great-grandfather of Burt Gummer. He arrives in town to fix the problem but finds he is in way over his head dealing with the monsters, which they have dubbed "Dirt Dragons" when they attack his camp one night. One of his companions, Juan, kills one with a pickaxe and they barely getaway.

Hiram calls for a gunfighter, Black Hand Kelly. He promises Kelly all the silver he can carry once the mine is reopened, but has to give him his diamond cuff links and double eagle watch fob as a down payment for his services. While setting a trap, they find the severed head of Old Fred, the freight driver who had not been seen in weeks. The two do not get along well, and eventually, Kelly is eaten alive but not before discovering there are four of the creatures that hatched and that they are a lot bigger than when Juan killed one.

Hiram decides to abandon the town and leave the townsfolk to their fate, but they force him to give them the silver mine, threatening to alert potential buyers to the danger if he sells it out from under them.

In Carson City, while buying a train ticket back east, Hiram hears a telegram revealing that the Graboids have made it through the pass and are headed for the town. He changes his mind, buys a bunch of weapons, and heads back to town to lead a last stand against the creatures. He apologizes and says, "a friend once told me it is not important how you spend your money, it's how you spend your life." He then reveals that he sold his gold pocket watch to pay for the weapons.

The town readies itself for a final showdown with the Graboids. Hiram uses a punt gun to blow a hole in one of the Graboid's heads, killing it instantly, but a second one pulls the gun underground. Tecopa then attracts one of the Graboids by sticking a saw into the ground and banging on it. When the Graboid rushes to eat him, it impales itself on the saw. The third and final Graboid grows smarter, however, and avoids all their traps. Hiram tricks it into coming to the surface and then attaches it by the tail to the wheel of the town's traction engine.

The Graboid is reeled in and slammed against the engine with such force that its head is crushed on impact. With the creatures dead, the town decides to keep the creatures secret out of fear no one would settle in the area if it was known and use the proceeds from the mine to pay for things for the people of the town, proper walls for the market and hotel and a statue of Tecopa (who claimed the cigar store Indian that stood in front of the hotel was a statue of him). Hiram settles in Rejection (renamed Perfection), building his home in the same place Burt Gummer builds his house.

Tremors (1990)

Valentine "Val" McKee and Earl Bassett are handymen working in Perfection, Nevada, an isolated settlement in the high desert east of the Sierra Nevada mountains. They eventually get tired of their jobs and leave for Bixby, the nearest town. As they leave, they discover the dead body of Edgar Deems, a fellow resident, perched atop an electrical tower, still grasping the tower's crossbeams and his rifle.

Jim Wallace, the town's doctor, determines that Edgar died of dehydration, apparently having been too afraid to climb down.

Later on, an unseen creature kills shepherd Fred and his flock of sheep. Val and Earl discover his severed head and believe that a serial killer is on the loose. Two construction workers ignore Val and Earl's warning and are killed by the same creature, causing a rock slide. Val and Earl try to find help after warning the residents, but find the phone lines are dead and that the rock slide has blocked the only road out of town. Out of sight, a snakelike creature wraps itself around their truck's rear axle; it is torn apart when Val stomps on the accelerator and drives away, and is discovered when they return to town.

Val and Earl borrow horses to ride to Bixby for help. They come upon Wallace and his wife's buried station wagon near their trailer, but the couple is missing (having been killed the previous night). As they press on, an enormous burrowing wormlike monster suddenly erupts out of the ground, revealing the snakelike creature to be one of the worm's many tentacled "tongues". Thrown from their horses, the men flee with the monster in pursuit. The chase ends when the creature crashes through the concrete wall of an aqueduct, dying from the impact. Rhonda LeBeck, a graduate student conducting seismology tests in the area, stumbles onto the scene; she deduces from previous readings that there are three other worms in the area. Rhonda, Val, and Earl become trapped overnight atop a cluster of boulders near one of the worms, and surmise that the creatures hunt their prey by detecting seismic vibrations. The trio then find some discarded poles and use them to pole vault across some nearby boulders to reach Rhonda's truck, narrowly escaping the creature.

After the trio return to town, all three remaining worms attack the settlement. Val saves Mindy, who is unaware of the creatures' presence in town, after the sound of her pogo stick lures one of them to her. Meanwhile, Rhonda gets tangled in barbed wire from a broken fence and another one of the creatures moves to kill her. Val manages to stun the creature with a pickaxe then helps Rhonda to escape. Inside the general store, the worms attack again and kill owner Walter Chang, forcing everyone to hide on the town's various rooftops. Meanwhile, survivalist couple Burt and Heather Gummer manage to kill one of the creatures after unwittingly luring it to their basement armory. In town, the two remaining worms start attacking the building foundations; they knock over a trailer Nestor is standing on, allowing them to drag him under and devour him. Realizing they must leave town, Earl, Rhonda, and Miguel distract the monsters while Val commandeers a track loader and chains a semi-trailer to the rear. The survivors use it to try and escape to a nearby mountain range. En route, both worms create a sinkhole trap that disables the track loader, and the survivors flee to some nearby boulders for safety.

The group begins to lose hope of escape until Earl gets an idea to trick the worms into swallowing Burt's homemade pipe bombs. The strategy kills one worm, but the last one spits a bomb back towards the survivors, forcing them to disperse as the explosion sets off and destroys all but one of the remaining bombs. Val lures the final worm into chasing him to the edge of a cliff and then explodes the remaining bomb behind it, frightening the worm into charging through the cliff face, where it plummets to its death onto the rocks below. The group returns to town and call in the authorities to begin an investigation, while Earl encourages Val to pursue a romantic relationship with Rhonda.

Tremors 2: Aftershocks (1996)

In Chiapas, Mexico, we see a Petromaya Oil Field worker climbing over a pipe to try to escape a furious Graboid underground. When reaching the end of the pipe, the worker sees his van over on the other side of a group of oil drums, which he then runs over to try to escape to safety. But, he is not quick enough and the Graboid comes in and devours the worker whole.

Back in the U.S., six years after the events of *Tremors*, Earl Bassett is still living in Perfection, Nevada grimly running the small ostrich farm which is all that remains of his attempts to cash in on his encounter with the Graboids, gigantic burrowing worm-predators that hunt by sound. Hustling young cab-driver Grady Hooverbrings a Mexican oil company executive Señor Carlos Ortega to the farm. Ortega tells Earl that a new Graboid infestation has broken out in his company's fields, and he wants to hire the reluctant Earl as a Graboid hunter. Learning he will be equipped by the Mexican army and paid $50,000 for each Graboid destroyed, Earl grudgingly accepts and takes on Grady as his assistant.

They travel to the oil refinery, and after meeting the operation's skeleton crew (geologist Kate Riley, for whom Earl feels an immediate attraction, her assistant Julio, and chief engineer Pedro) they begin their hunt. At first, their plan works quite well, bagging them several Graboids: they drag along, noisy chain behind their truck, thus attracting Graboids to them. After locating each approaching Graboid with their onboard seismograph, the pair steer a remote-control toy car strapped with TNT towards the target creature, which pulls down the car and gets blown up by remote detonation. Then the "bait" chain gets snagged by a passing Graboid, which takes the truck on a wild drag through the countryside before finally snapping free. The seismograph further reports to the stunned hunters that a dozen more Graboids are swarming in the ground around them. They beat a temporary retreat, and Earl summons reinforcements: Burt Gummer, a paranoid survivalist in Perfection who also survived the first Graboid invasion. Burt's wifehas left him, and Earl's call snaps him out of a deep depression. He arrives at the refinery in an enormous 'Federalè' army truck loaded with tons of high explosives and supplies, including mounds of concentrated military field rations.

Earl, Grady, and Burt resume the hunt, the two teams quickly getting into a semi-friendly competition with Burt killing the one that dragged their truck and taunting them about it. Grady asks why they invited Burt then the seismic goes off and they see a Graboid that's moving away from them. Grady assumes it's something else Earl doesn't think so. Grady asks if they should follow it so they do. Earl and Grady follow it up a mountain when turn they see the Graboid up in the air and it drops on top off their truck a startled Earl backs the truck up and crashes the truck down a hill. Earl goes for Burt's gun but Grady has an idea and takes a car and dynamite. he finds the Graboid still there. Earl and Grady are confused about why it's not doing anything. Grady tries to get it to swallow it but it does not think it's sick. Grady runs over and hits it but still does nothing. Grady says they caught themselves a live one and that's 100,000 dollars and he jumps with excitement but Earl tells him that they wrecked their truck so they can't take it with them. Earl calls Kate at the factory and tells her they wrecked their truck and tells her to get Pedro's big truck out there because it has a crane on it she says it's gonna take him hours to get there so there gonna have to wait. Late at night, Earl and Grady are sitting on top of their truck relaxing when they hear Burt's bombs go off then he calls them saying they're tied but Grady tells him it's not because they caught a live one. A shocked Burt asks how they did it but Grady says it's a secret and turns the radio off and then they hear the Graboid roaring which scares them. Grady thinks somethings trying to eat it when they go see what's wrong they see the inside of its body completely empty. Grady says something ate it. Earl disagrees and says something came out of it. Earl tries to call Kate but the radio is dead then they hear another Graboid roaring which scares them again.

Grady looks over and sees Pedro's truck in the distance but he stops and thinks he's taking a leak but it's a long leak. Earl tries calling out his name but gets no answer. Grady suggests they go over and see what's wrong as Earl refuses but Grady says there are no graboids anywhere near them so it's safe to go. After a nervous nighttime trek across the open country, they find his truck's engine completely torn up and they can't find Pedro. When Grady looks at the back of the truck, he sees Pedro's hands. When he goes to the back, all that remains of Pedro is his severed arms. They panic and Earl sees a radio tower as they try going there to see if they can find a radio that's working. But unfortunately, they find the radio tower has been destroyed. Grady gets angry and kicks through the wreckage Earl calms him down by saying they get smarter. He then sees a car as they decide to try to hotwire it. Then they hear a noise as they think it's something big but it's something little. When it sees them, it screams and runs towards them and they shoot it. Grady says they should take it with them but Earl refuses they see more coming. Earl and Grady flee in the car when they drive away.

They return to the refinery and shoot two more of the beasts, but not in time to save Julio from being killed. Burt then reappears in a very bad mood driving his very battered truck; he was ambushed by the main Shrieker swarm and barely survived, running over most of them and wiping out the rest at the unprecedented cost of using up all his ammunition. On the positive side, one of the Shriekers was only stunned, leading Burt to "detain" it. Experiments with the now-caged Shrieker reveal two things: the aforementioned heat-seeking abilities, and that when fed enough, the creatures reproduce asexually.

Meanwhile, another previously-stunned shrieker drops off the underside of Burt's truck, parked in a garage, and finds his rations, which leads to an explosive regrowth of the population. After the humans play a deadly version of hide-and-seek with the new Shrieker swarm around the complex, (and Earl finds time to bond with Kate) Burt lures all the creatures into the building where he parked his truck and temporarily traps them there. Earl has himself covered with fire extinguisher residue, which allows him to enter the garage undetected and gather some bombs. However, the cold covering of the carbon dioxide only lasts long enough for Earl to activate a timed bomb and toss it on top of Burt's mound of explosives before escaping through a window. The humans flee to a relatively safe distance and the entire refinery is leveled by a massive blast, killing all the Shriekers and leaving a huge crater. As they survey the remains, Grady cheerfully points out just how much bounty money they now have coming to them: 28 dead Graboids making $1,400,000. Earl says that they should charge them for the Shriekers.

(The number of killed Shriekers is not given. It would include at least the two dozen Burt killed the night before, plus the several dozen killed at the refinery. It could easily be between fifty and a hundred.)

As the humans look on at the large crater that used to be the refinery, Grady says, "Well, we did kind of blow up the refinery…"

Tremors 3: Back To Perfection (2001)

After the visit to a Mexican oilfield in *Tremors 2: Aftershocks*, this film returns the action to the small Nevada town of Perfection, which was the setting for the first *Tremors* film. Local resident and adventurer Burt Gummer comes home from a successful, international Graboid/Shrieker hunt in Argentina.

We then see Perfection which eleven years after the first Graboid attack, has pretty much slipped back to a normal way of life. However, he soon finds himself forced to deal with a variety of problems: A thrill-seeker named Jack Sawyer has set up a tourist-trap "Graboid Tour" which features a faked attack by the creatures, while obnoxious would-be land-developer, Melvin Plugg, is attempting to contract housing estates around the town. Worst of all, as Jack Sawyer attempts to fool his latest group of tourists, his assistant Buford is eaten; the Graboids have returned. Because the townsfolk failed to maintain their anti-Graboid detection systems, set up by Burt after the first incursion, by the time anyone realizes that the creatures are back. Nancy Sterngood calls in the federal government to help but the agents, Dr. Andrew Merliss, Agent Charlie Rusk and Agent Frank Statler, only want to capture one alive. By the time they realize this is impossible they have already passed through their Graboid and Shrieker phases and turned into something new: winged beasts who become airborne by blasting jets of flames from their rear-ends. (The new owner of Chang's Market, Walter's niece Jodi, dubs them "Ass Blasters"). After being forced to destroy Burt's home, Burt, Jodi and Jack end up cornered in the town dump by a flock of Ass Blasters; they kill all but one of them, which is ironically eaten by a mutant Graboid; in addition to being an albino, "El Blanco" never hatches out a pack of Shriekers. Meanwhile, attacked in Jodi's store by a lone Ass Blaster, mother and daughter Nancy and Mindy Sterngood discover that once it is satiated with food, instead of engaging in asexual reproduction like a Shrieker it enters a comatose state. They truss up the creature and sell it to a wild-animal act in Las Vegas.

In the epilogue, we see that life in Perfection has once again gone back to what passes for normal. Only now with El Blanco being protected by the federal government as Graboids are declared to be an endangered species. Burt uses this fact to shut down Melvin's housing project, and as the movie ends, leaves an enraged Melvin trapped on a boulder by El Blanco.

Tremors 5: Bloodlines (2015)

Burt Gummer (Michael Gross) is now a star in his own series about survival, taking place in Perfection. He is approached by filmmaker Travis Welker, (Jamie Kennedy) who wants to help expand his *brand*, made famous by his series; he becomes Burt's new cameraman. Travis says he's from Florida, where Burt seems to have some history. Erick Van Wyk from the South African Wildlife Ministry asks them to deal with an Ass-Blaster problem. After Erick agrees to pay them for their services, Burt and Travis head to Africa to hunt down the creatures. Burt becomes friends with the pilot of their helicopter, Dan Bravers, who explains to him that a monster hunter and a monster have a strange attraction, reminding Burt of El Blanco. Burt is upset to find that South African gun laws have impounded the heavy weapons he was bringing. They arrive at the Cradlestone Reserve and meet Dreyer, who has tranquilizers to sedate and capture an Ass-Blaster. Burt has come prepared to find Graboids as well: "If you got Ass-Blasters, you got Graboids."

At a dig site nearby, a couple of paleontologists, Dr. Michael Swan (Emmanuel Castis) and his girlfriend Lucia (Natalie Becker), discover the fossilized remains of a Graboid, which Swan expects to make him famous. Meanwhile, Burt and Travis arrive at the animal refuge, where they meet some of the refuge workers. Travis befriends a little girl from the camp named Amahle (Nolitha Zulu) and meets her veterinarian mother Nandi (Pearl Thusi). Erick shows Burt the guns they have provided, but the power of most of the guns is too low to kill graboids, which confirms their intent to capture one alive. Meanwhile, at the dig site, Michael and Lucia celebrate in the shower together, but they are attacked and eaten. One of the people from the refuge finds the remains and alerts the others, who go to investigate. Burt sees the fossil and realizes that the creature is a different breed of Graboid, better evolved than the North American breed.

That night, Travis ignores Burt's imposition of a curfew and attends a local tribal dance with Nandi. Back at the refuge, Thaba and Baruti (one of the workers) are setting up equipment and come face-to-face with two Ass-Blasters. Thaba kills one with his machete and tries to kill the other one. Burt arrives and tries to shoot it, but it's too late, as it carries Thaba away. Burt and Dreyer track it to a bridge, where they find a badly-wounded Thaba. The Ass-Blaster attacks Burt and he shoots at it, then saves Dreyer by hurling a machete into the creature. Thaba, however, is carried away. Burt orders the refuge evacuated and yells at Travis for not being there when Burt needed him. Nandi gives Burt a machine gun she has acquired, and Burt, Erick, and Dreyer head out to hunt the Ass-Blaster.

When they find an Ass-Blaster, Burt throws out a flare. Dreyer panics and the Ass-Blaster attacks him. Burt saves him and shoots down the creature, but it explodes and ironically it falls on Dreyer, killing him after all. Burt finds that the Ass-Blasters have been laying Graboid eggs. Erick reveals himself to be a poacher, planning to sell the eggs on the black market. He knocks out Burt and locks him in the metal cage. During his time trapped in the hot daytime sun, Burt becomes delirious and encounters a hungry male lion (whom he dubs "Pussy"). He videos his goodbyes to his HK41 and to Heather (Burt's wife in the first Tremors movie, played by Reba McEntire). Travis arrives to rescue Burt, but the truck's fuel line is broken by a rock, so they head back to the refuge on foot.

At the refuge, an Ass-Blaster attacks Baruti, Nandi, and Amahle. Nandi discovers it destroyed a transformer while Baruti hides Amahle in the kitchen. The Ass-Blaster crashes into the kitchen and attacks them. After Baruti shoots it, Nandi is able to finish off the Ass-Blaster with her bow and arrow.

In the desert, Burt and Travis find Erick's truck crashed and blood everywhere. They head on after finding a phosphorus grenade, and some weapons. Soon they see a wounded and bloody Erick fleeing a submerged Graboid. A Graboid tentacle grabs the case holding the egg from Erick's grasp as he runs to the rocks; surprisingly, these tentacles can *detach* from the Graboid, and they slither onto the rocks to attack Erick. Burt shoots the tentacles, but the giant Graboid eats Erick. Burt is angry at this new version of Graboid anatomy and concludes the Graboids need to recover their eggs, possibly the last set for African breed. They know they have to enter the Graboid nest, the cave where the egg was taken. Burt (still recovering) reluctantly agrees to let Travis go in alone, and use the phosphorus grenade on the nest, while Burt contacts Dan Bravers to help them.

Making his way past the cave paintings, Graboid remains, and human skeletons, Travis stumbles on Thaba's corpse. He encounters the Ass-Blaster, which has laid more than a dozen eggs. Fleeing the cave, he has to use the grenade to blow up the Ass-Blaster. But when Dan arrives in his copter bringing more supplies, he and his co-pilot are swallowed by the huge Graboid that Burt dubs "The Queen Bitch." Reaching the copter with the help of some stampeding cattle, they fire Dan's salvaged rocket pods into the cave, obliterating the nest. Amazingly, Dan shows up covered in Graboid ooze, explaining the Graboid was "10 meals ahead, but 20 craps behind", and spit him out after he shot it from the inside. He flies them back to their truck with some gas and gives Burt his FN MAG assault rifle. After all of the veiled references, Travis reveals to Burt that he is indeed Burt's son, the child of a one-night-stand back in Florida; having heard of Burt's exploits, Travis wanted nothing more than to be like his father. Narrowly escaping another attack, they head back toward the refuge.

At the refuge, Nandi, Baruti, and Amahle try to get to their truck, and Baruti kills another Ass-Blaster by firing a shotgun through the metal roof. A submerged Graboid finds the trio, but can't get to them through the concrete slab. They attack it with a gasoline-soaked truck, which Nandi explodes with a flaming arrow. They head for the village and discover that Amahle is hiding a Graboid egg (which was why the creatures were singling out the refuge for attack). At the village gas station, they cannot save the owner, who is killed by a Graboid that was attracted to his radio. They are shocked to find that Amahle has wandered away from the Range Rover with the egg. Burt and Travis arrive, finding the village under siege and tentacles surrounding Amahle and the egg.

Travis uses a motorcycle to grab the egg bag, and Baruti gets Amahle to safety. They shoot the tentacles but the "Queen Bitch" arrives and barely misses Travis. Nandi suggests they use the daily lightning storm to kill the Graboid. Travis lures it away on his motorcycle, then back to the village where the villagers have rapidly built a lightning trap. As the storm erupts, Nandi places the egg on the tribal pedestal, next to a tall lightning rod. Burt, Nandi, and Baruti pummel the Graboid with their weapons, and a lightning bolt hits, electrifying the ground trap. The Graboid is forced to surface, and two more huge lightning strikes destroy the egg and then the Graboid.

Afterward, Burt accepts Travis as his son, inviting him to join him in his work; a mid-credits scene shows that Travis and Burt now work in a reality show, where they kill monsters around the globe.

## Tremors 6: A Cold Day In Hell (2018)

In Canada's Nunavut Territory, a team of young researchers collecting ice core samples of glaciers is attacked by a Graboid. After brushing off a tax agent, Burt Gummer and his son Travis Welker are asked by Dr. Rita Sims and young Graboid hunter Valerie McKee to investigate. Their plane is attacked by an Ass-Blaster, but Burt and Travis make it to the facility. They learn that Arctic heat conditions have made the area prime for Graboids. Burt suspects their research neighbors at DARPA are developing bio-weapons out of the Graboids. When an Ass Blaster attacks the facility, Burt rescues a researcher but experiences an episode and collapses. He learns that he has been infected by a highly-aggressive parasite found inside of a Graboid when he was swallowed by one in *Tremors 3* . Due to its long incubation period, Burt did not present symptoms for nearly twenty years. Since the antidote for the parasite is based on Graboid venom, in order to cure Burt, they need to extract the antibodies from a live Graboid.

As Graboids continue to kill off researchers and staff, several members of the group try to make their way from the lab to the generator area where the pilot, Mac, is repairing the plane, and the facilities manager Swackhamer has created a makeshift underground electric fence. Others head for the communications tower and to turn off a drill that has automatically activated. With his own research team attacked, Agent Cutts of DARPA joins Burt's group, revealing that his team was more interested in extracting the melted water and not fashioning bio-weapons. He agrees to Burt and Travis' conditions that the government remove the tax liens from their place in Perfection and exempt them from paying property taxes henceforth. The group eventually use a storage container to trap one of the Graboids, spearing it from the side to hold it in place, and cutting off its front tentacles. Travis reaches in the Graboid's mouth with a syringe and draws venom from its internal gland sac, which is then used to save Burt. Cutts gives the Gummers the paperwork freeing them from taxes, then they blow up the last Graboid before Cutts gets any ideas of really using it as a bio-weapon.

## Tremors 7: Shrieker Island (2020)

The wealthy owner of a bio-tech company, Avex-Bio Tech, Bill organizes a hunting party with a close friend and partner, Dr. Richards and their best hunter, Anna. The three travel to Dark Island - a wealthy island for elite hunting - where they plan to hunt down Graboids.

On the island nearby, Dr. Jasmine Welker and her colleague Jimmy begin experiencing abnormal seismic activity which they deem to be unnatural in some way. Intrigued when she witnesses Bill leaving the island, she, Jimmy and their friend, Ishimon, decide to investigate. Arriving on the island, the three are shocked and confused when they find a dead Graboid. The three are too slow to leave the scene, however, but quickly realise that the Graboid has given birth to Shriekers, which attack and kill Ishimon. Jasmine is aware of the existance of Graboids, and instructs Jimmy to find Burt Gummer. Shortly after, she learns from Bill that the Graboids have been genetically engineered, and are now more powerful and intelligent in the aims of increasing the enjoyment given during the hunt; she further learns that communications on Dark Island have been closed off.

Following his orders from Jasmine, Jimmy is able to find Burt, who has been living as a survivalist in isolation away from the government; Burt has no wish to have anything further to do with Graboids, however. Jimmy explains that Travis - Jasmine's son - is unavailable, therefore they will need his help with the Graboids. Initially reluctant, Burt eventually agrees to assist despite the troubles between he and Jasmine.

Having cleaned himself up after numerous years alone, Burt rallies a party to fight the Graboids. Bill arrives moments later and explains that 9it is his hunt, and that they should leave Dark Island well enough alone. Burt remarks that the Graboids have become an increasing threat with their enhanced strength, and now pose a real threat to everyone, not just those on Dark Island.

At Dark Island, the Shriekers have began killing members of Jimmy's hunting party. It eventually becomes clear that, like their parents - the Graboids - the Shriekers are genetically enhanced too and possess the ability to use their screams as weapons; they use this ability to kill numerous members of Bill's party individually.

Jimmy and Jasmine are saved, however, moments later when Burt arrives and takes out the Graboid and the Shriekers. With two Graboids remaining, Jasmine returns to her research lab only to find that one of the Graboids had beaten her to it. She theorizes that this Graboid is much more powerful than they realized, and in turn, Burt pleads with Bill to cancel the hunt and turn the communications back on. Bill refuses, shooting Burt and his party with a tranquillizer and locking them in the lab.

Burt and his team awaken in the lab and are able to escape the zip ties using the boots lent to Burt by Jimmy. Outside of the lab, however, Bill is met with the most powerful of the Graboids, aptly named "the Queen". This is enough to scare Anna (one of Bill's team) who quits the hunt momentarily.

Anna frees Burt and his team from the lab, and they try to convince Bill to end the hunt. Bill is killed moments later, however, when he is devoured by the Queen. Burt and the team conceive a way to lure the Queen to her death, but the plan goes awry, and Burt is eaten by the Queen in the process; the Queen dies moments later.

Having died during their plan, the others make a memorial site for Burt, where they each leave something to remember him by.

* * *

When I was finished, Burt was shocked and absolutely amazed!

Burt Gummer: I had absolutely no idea that my great-grandfather fought Graboids himself all those years ago!

Me: It REALLY runs in the family.

Nico: Boy it sure does. That is so cool!

Eli: Yeah no kidding! That is awesome!

Me: And we made sure that all the Graboids, Shriekers and Assblasters and all their spawns are officially extinct.

Allie Wilde: Thank goodness.

Varie: But that is really scary that Shriekers and Assblasters hunt by heat.

Me: It sure is.

I turned on my infrared vision and it showed that my Infrared vision was just like the Shrieker Vision on Shrieker Island.

Me: My Infrared Vision is just as potent and strong as the Shriekers of the 7th Movie.

Nico: Awesome.

Later it was time for Isabel's Ambassador Mission. She went to Big City.

Jaden and Alexis came and Varie, Rin and Sailor Saturn were with them.

Varie: We're off to the Doctor's office.

Me: Right Alexis' ultrasound.

Rin: Yep.

Sailor Saturn: See you soon.

They were off.

French Narrator: (French Accent) 3 Hours Later

Later Isabel came back first.

Me: How was it Isabel?

Isabel: Really well. We busted a bad guy called Lady Dynamiter. She blew up city hall with 45 tons of Dynamite and of course Pfish and Chip got blamed for it.

Nico; Geez that chief of theirs has a lot of anger management problems.

Me: Yeah what a jerk.

Eli: But at least they busted Lady Dynamiter.

Laney: That's true.

Alexis and Jaden came back and they amazed and Jaden was in a state of shock.

Me: How did the ultrasound go?

Alexis: It went well.

Me: Jaden are you all right?

Jaden looked like he went through a war and he looked like he has the 1,000 mile stare.

Jesse: Jaden?

Me: Jaden?

I snapped my fingers in front of his face.

Varie: This is the reason why he is shocked.

She showed us 3D Pictures of the babies and we were shocked when we saw that Alexis and Jaden were expecting Quintuplets! FIVE BABIES! HOLY MACKEREL! ALL GIRLS!

Me: WHOA MAN! Quintuplets!? WHOA!

Nico: Wow Quintuplets! That is amazing!

Carly Atlas: Jaden and Alexis are expecting Quintuplets!?

Misty Tredwell: Oh wow!

Misty and Carly squealed with joy.

Me: Wow! Way to go guys!

Eli: That is awesome! I can't wait to meet them!

Laney: Me too!

---

Next it was time for another blind date and it was for Jim Crocodile Cook and Ellie. We were going to have them have their date at Paleozoic World.

Ellie: Who exactly wants to meet me?

Toad Man: It's a secret admirer of yours.

Nico: Believe me you two know each other already.

Eli: Yep.

We had them come and we took off their blindfolds and they saw each other.

Ellie: Jim's my blind date?!

Goku: (Laughs) And we're at a place you two might like.

They saw they were at Paleozoic World!

Me: Figured you two would like going to Paleozoic World since Jim's deck is a Fossil Deck.

Nico: Yeah.

Ellie: What's Paleozoic World?

Me: You would love it Ellie. It's a place where we have all of Earth's creatures from over the course of 710 million years here.

Ellie: Wow! That is cool!

Me: I got the idea for it after we went to Jurassic Park the first time. But after Isla Nublar was destroyed in a massive volcanic eruption that sunk the whole island into the ocean, we made this park here on a manmade island.

Ellie: That is so amazing!

G1 Slipstream: I hope in the future, there's an ambassador mission involving dinosaurs.

Me: I have a feeling there will be someday.

Nico: Yeah that would be awesome to see.

Laney: It sure would and it looks like Jim and Ellie are loving our very own Paleozoic World.

Eli: They sure are.

Twilight Sparkle: I think it's all amazing that they do.

Sunset Shimmer: It sure is awesome.

Me: Yep.

We went and had fun walking around Paleozoic World and it was AWESOME! Everyone had a great time.

Ellie: Nico, thanks for setting all this up. (cracks her knuckles) That's why I'm giving a 10 second head start.

Me: I would start running commander! (LAUGHS)

Nico starts laughing as he ran using Reverse Flash's superspeed with Ellie chasing him with her own superspeed.

ZOOM! ZOOM!

Air Raid: (to Jim) You're not chasing after him?

Jim: (Australian Accent) Nah. I'm not gonna catch up to Nico with that speed.

Me: I think it sure is fun though.

Then Ellie tackled Nico to the ground and he was tickling him all over.

Nico was laughing hard.

* * *

Later we were getting ready for our next mission.

Nauthilax: Nico, now that you're done being punished, it's your turn to lead today.

Nico: Yep I know and I have just the mission for us. We're going to Spain to meet Ferdinand the Bull.

Everyone was excited about that.

Laney: Awesome!

Lana: Ferdinand was awesome!

Lola: Boy he sure was and he was really funny too!

Nene: It's gonna be awesome to meet him.

Fluttershy: I'm gonna be happy to meet him too.

Nico: Ferdinand is awesome and I have a guest joining us on this one too.

The elevator door opened and in came John Cena!

Me: John Cena!

Eli: AWESOME!

John Cena: Thanks for inviting me over to join you guys on this.

Nico: No problem John. It's awesome having you with us.

John Cena: I won't let you all down.

Nico: We know you won't.

Then Brain Freezer, Control Freak, Robo Roxy, Evil Seed, Dai Gui, Xiao Fung, Private HIVE, Dirty Bubble, Chemistro and Angel appeared.

Xiao Fung: Can me, Brain Freezer, Control Freak, Robo Roxy, Evilseed, Dai Gui, Private HIVE, Dirty Bubble, Chemistro and Angel go with you guys?

Nico: You all sure can. We're going to Spain to meet Ferdinand.

Dai Gui: Awesome!

Chemistro: Love Ferdinand.

Angel: Wow John Cena is going with us too?

Nico: Yep. I invited him. First we're going to watch the movie and then head out.

Control Freak: Awesome!

We got to watching the movie.

---

In Spain, young Ferdinand lives with other calves and bulls at Señor Moreno's "Casa del Toro", where bulls are trained for the bullfighting ring. Ferdinand is a pacifist, and is bullied by the other calves Valiente, Guapo, and Bones. A matador arrives, and the calves' fathers fight to impress him. Ferdinand's father Raf is picked, and Valiente squishes Ferdinand's favorite flower in retaliation. Raf does not come back from the ring; realizing his father is dead, Ferdinand runs away from Casa del Toro. He winds up on a flower farm owned by Juan and his daughter Nina, who adopt him, much to the annoyance of their dog Paco.

Some years later, Ferdinand has grown into an enormous but still-gentle bull. Juan determines that Ferdinand looks too intimidating to take along to the annual Flower Festival in Ronda, as in previous years. Ferdinand follows them anyway, but is stung by a bee and panics, accidentally destroying the town square. Animal Control officers deem him dangerous, and take him away before Nina and

Juan can explain.

The officers decide to give Ferdinand to Casa del Toro, where he meets his old comrades Valiente, Bones, and Guapo, as well as new additions Lupe the goat, Angus the Highland bull, and lab-cloned Galloway Maquina. Ferdinand tries to escape, but is stopped by three German Lipizzan horses, who now keep watch to prevent any more bulls from escaping.

Snooty matador El Primero arrives, needing a bull for his final bullfight before retirement. Moreno puts all the bulls in a ring to fight it out, but Ferdinand refuses to take part, causing a chain of mishaps when he tries to help Guapo recover from a stage-fright-induced faint. El Primero gives Moreno two days to get the bulls into shape. Guapo is sent to the chop house, and Valiente informs a horrified Ferdinand that non-fighters now become meat.

That night, Ferdinand comforts Bones as he grieves for Guapo, making a friend of him. The next day, he fixes Angus' hair so he can see better, earning another friend. Ferdinand, Bones, and Angus then challenge the horses to a dance off, and Maquina joins in the fun, helping them win. Valiente mocks them for bonding and wasting valuable practice time, causing the other bulls to sadly abandon Ferdinand and return to training.

With the help of hedgehogs Una, Dos, and Cuatro, Ferdinand and Lupe try to escape through the house. Ferdinand finds a wall of horns in a trophy room, including his father's horns. Realizing that bulls die whether they are selected or not, Ferdinand goes back and warns the others to run for their lives. Valiente refuses to accept the truth, and starts fighting Ferdinand, accidentally breaking off his own horn. He is taken to the chop house, and Ferdinand is chosen by El Primero for the bullfight.

Ferdinand rescues Valiente, as well as Guapo, who had not yet been killed. Together, Lupe, the bulls and the hedgehogs steal Moreno's truck and flee to Madrid, pursued by Moreno's staff. They abandon the truck and flee on foot to the Atocha train station. Ferdinand helps the others get aboard the train, deliberately sacrificing himself to buy them time to get away. He is captured and brought to the ring, but a video of the bulls' escape has made the news. Recognizing Ferdinand on TV, Paco alerts Juan and Nina, who hurry to Madrid to save Ferdinand.

In Las Ventas Arena, Ferdinand refuses to fight and starts running around in blind panic, accidentally knocking over and humiliating El Primero. Primero wounds him with a banderilla, and Ferdinand nearly retaliates until he sees a carnation crushed beneath his hoof. Unwilling to hurt anyone, Ferdinand spares El Primero and sits down, waiting to be killed. The crowd yells for Primero to let Ferdinand live, and he decides to put down his sword and leave with dignity. By being himself, Ferdinand becomes the first bull to survive a bullfight, and is reunited with Nina. Moreno then brings Lupe, Ferdinand and the rest of the bulls to Nina's farm, where they become a part of the family.

In a mid-credits scene, the hedgehogs are shocked to see their long lost brother Tres.

---

We were laughing at the funny scenes and they were funny and awesome. Even John Cena pointed out his favorite parts since he voiced Ferdinand. They were awesome!

When the movie was done we cheered wildly!

Me: Awesome movie!

John Cena: It's awesome that I did this one and I thought it was so cool.

Laney: Boy it sure was awesome.

Fluttershy: It sure is amazing.

Nico: It sure is amazing. Lets head out everyone!

We were off to Spain.

---

RONDA, SPAIN

---

We arrived in Ronda, Spain.

Exhaust: Here we are in Spain.

Nico: Yep. In Ronda, Spain.

Eli: Awesome place.

Varie: And it's also one of the places where the Running of the Bull is held.

Bobby: Sounds like a perfect place for me and my familia.

Nico: It sure is an awesome place. Lets see if we can find Ferdinand.

We got to looking for him.

Angel: Maybe I can find him through the air.

Nico: Go for it.

She flew off to find him.

Nico: While she is searching lets talk about our target here.

Eli: You must mean El Primero.

Nico: Yep.

Nico went over his history.

---

El Primero is the main antagonist of Blue Sky's twelfth animated feature film Ferdinand. He is a bullfighter who is inspired by the matador character from the original Munro Leaf book who attempts to fight Ferdinand the bull before his retirement during a bullfighting match in which Ferdinand refuses to fight against him and later Ferdinand is taken off the bullfighting ring so that he could live peacefully.

Despite his arrogance, he is shown to be an honorable man.

He was voiced by Miguel Ángel Silvestre.

## Arrival at Casa del Toro

El Primero is first seen arriving in his Ferrari car at Casa del Toro. Though generously welcomed by the owner, Moreno with such honor, he points out that he doesn't shake hands since he considers his hands, arms, legs, chest, feet, and, last but not least, buttocks as his instruments. El Primero states that he has arrived in order to select a bull for his final fight in Madrid before his retirement but only the best one he can find and pick; much to the bulls' excitement except the "new bull" Moreno received only last night named Ferdinand; given his pacifism. After making a long yet annoying point, Moreno suggests he picks the new bull; given his size, but El Primero, feeling slightly disrespected, states that "only El Primero knows who is the best" and then asks for the best room in the house for the night, in this case, Moreno's bedroom. As he moves in, he later asks Moreno to let him know when the bulls are ready for the trial.

## The Trial

Once the bulls are ready for the trial, El Primero asks for Moreno to impress him but when Moreno orders one of his men to release the bulls and they don't come out due to Ferdinand blocking the way; given his pacifism and reluctance, El Primero seems rather puzzled.

After Ferdinand is pushed into going in by another bull named Valiente, the bulls except Ferdinand demonstrate their fighting skills to El Primero. During the trial, a bull named Guapo faints after Valiente messes with his head and El Primero gives him an intimidating stare/frown. Then, Ferdinand accidentally and unintentionally makes the rest of the bulls look bad in front of El Primero while tending to Guapo. Having seen and had enough, El Primero halts the trial and decides to leave since either way, none of the bulls seem to have impressed him at all but Moreno begs him to give them another chance. El Primero informs Moreno that unless he finds the best bull for his final fight within two days, no bullfighter will ever use his ranch again.

## The Next Day of Training

The next morning, El Primero is seen watching the bulls except Ferdinand train harder from the balcony so as to get themselves selected but still remains unimpressed and returns back inside.

At night, after witnessing what appears to be a fight between two bulls, namely, Ferdinand and Valiente and Valiente losing his right horn, El Primero finally chooses to fight Ferdinand in Madrid tomorrow while referring to him as the "best bull"; much to Moreno's satisfaction and the bulls' shock.

Later, when the bulls escape along with Valiente and Guapo, who were sent to and later rescued from the chop house by Ferdinand, after learning the truth about the bullfights along with Lupe the goat, the hedgehogs: Una, Dos, and Cuatro, and the Bunny, El Primero threatens to fight Moreno in the ring if he loses his bull.

## The Fight in the Ring

Though the bulls have escaped by train with their little friends, Ferdinand has been captured and brought forth to face El Primero in his final fight in the ring after sacrificing himself to save the others with Lupe joining him as well.

While Ferdinand is being transported and brought inside the ring, El Primero begins to dress up in his matador uniform including his cape and sword as he prepares to face Ferdinand in his final fight.

As he enters the ring, he receives a grand welcome from his fans and then orders the workers to release Ferdinand. At first, he is confused and puzzled when the bull doesn't come out until he does moments later while Lupe watches from outside the ring. When Ferdinand refuses to fight as El Primero shouts commands at him and orders him to fight, El Primero orders the entire cuadrillas: banderilleros and picadors to join in and push Ferdinand into fighting.

When one of the picadors pokes Ferdinand on the rear with a spear, the "fight" commences and El Primero, satisfied, receives numerous "Olés". Things turn out okay for El Primero until Ferdinand accidentally and unintentionally snatches his cape with his horns while running and avoiding anymore spears when El Primero's back is turned.

Slightly embarrassed and upset, El Primero tries in vain to recover his cape but Ferdinand keeps resisting, thus, rendering the fight more like a "bullfighter fight" instead until El Primero suddenly finds himself on Ferdinand's back after finally and momentarily grabbing the cape. Then, Ferdinand starts to panic and the fight turns into a rodeo; much to the crowd's amusement until Ferdinand accidentally and unintentionally tosses El Primero out of the ring.

Humiliated and enraged, El Primero storms back inside with banderillas and proceeds to try in vain to kill Ferdinand but Ferdinand still resists every attempt on his life until finally, El Primero accidentally and unintentionally scratches Ferdinand on his right shoulder, which drives him so mad and in so much pain up to a point where he suddenly begins to retaliate in anger; much to everyone's shock.

At first, Ferdinand hesitates until he notices a flower under his hoof, thus, making him realize that he is becoming the fighter he was never willing to be at all. So, Ferdinand generously spares El Primero and proceeds to sniff the flower as El Primero walks further back away.

After Ferdinand is done sniffing the flower, El Primero approaches and ungratefully proceeds to try and kill Ferdinand with a sword once and for all. As El Primero gets ready to deliver the final blow, Ferdinand unexpectedly surrenders himself to El Primero; much to everyone's confusion. Nevertheless, El Primero continues until the crowd, touched by Ferdinand's gentle nature and bravery, suddenly shouts for him to let Ferdinand live and spare his life and proceeds to cheer for him.

Having regained his honor and respect, El Primero nods to Ferdinand and finally leaves the ring as he retires with honor and dignity while Ferdinand finally finds himself happily reunited with his owner, Nina and the rest of his friends having followed him in the ring as well so as to rescue him.

After this, El Primero is never seen again, except during a picture in the credits that shows him in his ruined car as it is towed away from the Casa (which Ferdinand and Lupe crashed into before while trying to escape).

* * *

When he was done we were shocked and completely disgusted with him!

Laney: What an arrogant creep!

Lana: And I thought the Evil Sasuke's all had issues!

Fluttershy: He needs to be taught a lesson.

Me: Yep he sure does.

Anemone: He's got no right treating Ferdinand like a slave!

Applejack: Why that rotten disgusting sidewinder! I'll smash him into a pulp for everything he did!

Eli: Save seconds for me!

Lana: Me too!

Chemistro: You don't mind bulls, do you, Fluttershy?

Fluttershy: Not at all. I think they are most amazing just like all animals are.

Me: Fluttershy loves ALL animals great and small.

John Cena: She sure has a really amazing heart on her.

Angel came back.

Angel: I found him! He's over at a bullfighting arena.

Nico: Looks like it's time to fight El Primero. Entrance time in a few.

Merrick: Let's get him out of there first. Then, we introduce ourselves at a safe place.

Nico: Just what I was thinking. And I got just the cover to help get him out. Burt are you thinking what I'm thinking?

Burt Gummer: You mean with Graboids? Count me in.

Nico: Lets do it. We're going underground.

We went underground.

In the stadium Ferdinand was being forced to fight when suddenly there was a rumble and then giant huge worms made of rock popped out and grabbed him and pulled him and they disappeared and we were in a hidden cave out of El Primero's sight.

Ferdinand: Okay that was weird!

Nico: You're safe now Ferdinand.

He saw us as we lit a light.

Ferdinand: Wow! Team Loud Phoenix Storm! It's such an honor to meet you all!

Nico: Pleasure to meet you too.

Dai Gui: Apologies if it's a bit… dark.

Ferdinand: No worries but it's so awesome to meet you all and thanks for saving my neck.

Nico: You're welcome.

John Cena: It's so awesome to meet you Ferdinand.

Ferdinand: Awesome! John Cena my voice actor!

John Cena: Yep. So awesome to meet you.

Thetis: Are you okay?

Ferdinand: I sure am thanks to all of you guys. I would have been skewered and turned into burger meat if it weren't for you all.

Nico: Thank goodness we got there just in time.

Eli: Yeah no kidding.

Rarity: But thank goodness we got you out of there too darling.

Ferdinand: No kidding. What El Primero is doing is horrible.

Me: I know its part of Mexico and Spain's tradition and history to do bullfighting but it's horrible that they would do this to a bull that doesn't want to fight.

Nico: No kidding. We need to teach El Primero a lesson he will never forget.

Robo Roxy: First, we need to get you some food.

Fluttershy: Just leave that to me.

Fluttershy used her powers to make some awesome grass for Ferdinand.

Ferdinand: All right I'm starving.

Nico: Speaking of food lets get ourselves some food before we bring the fight to El Primero.

Lynn: Good idea. We can't fight on an empty stomach.

Erica: Yeah no kidding.

Nico: Leave that to me.

Nico used his imagination powers to make a steak tree and a burger and chicken tree.

Ferdinand: Wow that is cool!

Eli: It sure is.

Erica: Awesome I'm starving.

Nico: Lets eat.

Laney made a picnic table with her plant powers and we got to eating.

Jean Bison: I happen to be a bull myself.

Nico: Actually you're a bison. Big difference.

Jean Bison: Oh right. Sorry.

Erica was eating lots of steaks.

John Cena: Wow you sure like to eat a lot of steaks Erica.

Erica: I know John. I'm a Tyrannosaurus Rex Gene-Slammer and they ate lots of meat back millions of years ago.

Aylene C.: She's right and she eats a lot of meat.

Chomper: No kidding. Wow.

Crag: She has as big a love of beef as we do.

Slab: You got that right.

Rainbow Dash: Her love of meat is awesome.

Erica: Thanks guys. (Eats more steaks)

Fluttershy: At least it's not from the animals themselves.

Me: Soon we'll grow enough trees with meats on them so that humans won't need to eat other animals to eat.

Brain Freezer: Except bad animals. Those animals we can still eat.

Fluttershy: Oh that is different.

Me: True. Sorry. We know that you don't like seeing us eat animals like that Fluttershy.

Fluttershy: Oh that's okay but thank you for telling me.

Me: Anytime.

Ferdinand: Fluttershy sure loves all animals doesn't see?

Me: She sure does and that is why she is called the Princess of Kindness and Life Skylanders.

Stealth Elf: Her love for animals is so great that she wants to take care of all animals in general.

Laney: It's true.

Lana: Fluttershy and I have so much in common.

Lusamine: And before you ask, no, we won't eat you. We promise.

Ferdinand: Thank you. I appreciate that.

Laney: You're welcome.

Later we were finished eating.

Erica: Man that was great! (BURPS) Oops pardon me.

Nico: No worries. Man that was so awesome.

Nico had 50 plates finished and he was stuffed.

Nico: (BURPS!) Sorry. Man that was awesome.

Me: Very filling too.

Eli: Boy you said it.

Twilight Sparkle: Man I was really hungry there.

Evilseed: (to Ferdinand) Did you eat enough?

Ferdinand: I sure did and man that was some of the best grass ever.

Me: Glad you liked it.

Fluttershy: It was the best I could do.

Me: Well commander I think we're just about ready.

Nico: Yeah I agree.

Hood Sickle: Well, the crowd's probably wondering where their star attraction went.

Nico: Well a new attraction is about to make the scene and that is us kicking El Primero's ugly butt!

Lola: You got that right commander!

Nico: Shall we get ready?

Me: Lets do it!

Control Freak: I should probably summon some help.

Nicole Knudson: What do you have in mind?

Control Freak: How about these?

Control Freak summoned the Alien Octopuses from Earthworm Jim 2 and they were flying octopuses with shotguns.

---

The alien octopuses are a species of human-sized, green-skinned cephalopods with eight tentacles and googly yellow eyes. Instead of living in the water, these octopuses live in the air. They attain flight by manner of a small propeller, located on the top of the red and yellow beanies that they wear. Although they are poorly defended against Jim's attacks, the octopuses can move very fast, and their movements can be unpredictable. They also frequently get so high as to make whipping them with Jim's worm head impracticable or impossible. As a weapon, the alien octopuses wield blunderbusses, which despite being an ancient weapon can still do some significant damage to Jim's super suit. However, a disadvantage of their weapon is the 5-10 seconds it can take for them to reload.

---

Nicole Knudson: Awesome! The octopuses from Earthworm Jim 2.

Nico: Good choice.

Eli: Yep.

Earthworm Jim: G-roovy!

Finn; (Jackie Chan) Time to make an entrance.

Nico: Lets do it!

We went up through the cave ceiling.

The arena was throwing fruit, vegetables and eggs at El Primero!

El Primero: (Spanish Accent) YOU ALL ARE A BUNCH OF BRUHAHS!

Suddenly a sandstorm with tornadoes came out of nowhere and they showed the horrors of the Sahara Desert in them and then they went back into the ground. Suddenly…

KRABBBBBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion blasted from out of the ground and a phoenix cry was heard and we came out and everyone cheered wildly for us.

Me: Last time we did an entrance like that was with Scarface.

Nico: Yep. El Primero you are under arrest!

El Primero: Team Loud Phoenix Storm!

Private H.I.V.E.: El Primero! Where is your honor, dirtbag?! You are an absolute disgrace! You don't deserve to be a bull fighter in your pint sized life!

Nico: Nice use of that line from Toy Story Private.

Private H.I.V.E.: Thank you sir!

Nico: You're welcome.

Me: (To Woody) Boy I remember the Sergeant said the exact same thing to you Woody when everyone thought you shoved Buzz out the window.

Woody: Boy no kidding J.D.

Eli: That was a brutal scene.

MetalSeadramon, Puppetmon, Machinedramon, Harpymon, Seadramon, Arbormon, SkullMeramon, Thundermon, Copperhead and Leap Frog then appeared.

Nico: MetalSeadramon, Puppetmon, Machinedramon, Harpymon, Seadramon, Arbormon, SkullMeramon, Thundermon, Copperhead and Leap Frog.

MetalSeadramon: Look at that. There's a crowd watching the battles.

May: There sure is.

Machinedramon: Then they're in for a show!

Nico: Yep they sure are.

Puppetmon: Much better then a bullfight!

William: I agree with you on that one.

Me: Same here.

Harpymon: (to me) We heard you went to Thanagar.

Me: We sure did and it was cool seeing Hawkgirl's home planet.

SkullMeramon: Please tell me Hawkgirl's former comrades are all dead!

Me: Yeah they are. And we got out of there before most of the people came after us.

SkullMeramon: Good.

?: Thank goodness.

A figure came out and it was RIGUROU from episode 3 of Gingaman the Japanese version of Lost Galaxy!

---

A flea-like Majin who tried to find a heat source for the Daitanix's awakening. Rigurou can absorb the heat from people and locations, using the absorbers on the palms of his hands. This process would turn the people into frozen shells and the locations into frozen wastelands. Though he didn't wield a weapon, he could blast flamethrowers from the heat absorbers. He is killed by the GingaLeon's Strong Flame after being thrashed by the other Starbeasts, including Gingalcon's tornado attack.

---

Eli: Rigurou! I remember you! You were sent to find a heat source to Daitanix's Awakening.

Rigurou: That's right Eli. Good memory.

Eli: Love the Japanese Series of rangers just as much as the American series.

May: It's too bad you weren't adapted in America.

Rigurou: I know, right? I would've been a good challenge for the Red Ranger.

Me: Yeah what a ripoff! Sorry I keep saying that. It's just that it's so disappointing that many of the unadapted monsters were not put into the American series.

Rigurou: That's all right.

Me: But yeah you would have been a great challenge for Leo.

Leo Corbett: I get it. Because I use fire.

Rigurou: Exactly!

Nico: Awesome. Lets do it!

We got the usual battles underway.

---

Noah Carver, The Tyrant Neptune, Elemental HERO Aqua Neos, Rarity, Sweetie Belle, Water Skylanders, Season 1 Digidestined, Echo (Skylanders), Nauthilax and Magmon VS MetalSeadramon - 5 Crystal Beast Gene-Slammers down 2 to go and Hawkgirl should not have been treated by her planet like that.

---

MetalSeadramon was first.

MetalSeadramon: (to Noah) That's 5 Crystal Beast Gene-Slammers down and 2 to go. (scowls) But Hawkgirl shouldn't have been treated by her own planet like that!

Noah Carver: Yeah no kidding! It just is sickening that Hawkgirl can be treated like that.

The Tyrant Neptune: It's all Hro's fault and she was totally exiled from her people.

Elemental HERO Aqua Neos: No kidding and she did nothing to deserve this kind of treatment. Thank goodness the king of Thanagar intervened and revoked Shayera's punishment and now she is a hero.

Rarity: Thank goodness and she deserves to be treated with kindness and love

Sweetie Belle: I agree there completely.

Gill Grunt: Same here and I agree too.

Tai Kamiya: I do too. What Hro did was unforgivable.

Matt: Absolutely! He has no honor.

Echo: You are not kidding there.

MetalSeadramon: You said it there. Lets get it on!

Noah Carver: LEGENDARY RANGER MODE! TURBO!

Noah turned into the Blue Turbo Ranger!

They fired waves of energy, jewels, water and ice and elements and smashed him down.

Noah Carver: That's a Super Mega Win.

Rarity: Rapture darling that was grand!

Machinedramon: (to Sasuke) I heard Lincoln's rescue was on Ysmault. I also heard he fought Zod there.

Sasuke: He sure did and that was so awesome!

The Tripper Mercury: After everything he did to Earth he had it coming.

Elemental HERO Magma Neos: He sure did and Zod was an absolute monster. He deserved nothing short of death.

Pinkie Pie: He sure did and that makes him a big time party pooper.

Featherweight: You're not kidding there.

Sprocket: Yeah the guy had it coming to him.

Davis: You said it! What a monster!

Yolei: He brought all that on himself.

Junk Man: You're not kidding there.

Machinedramon: Yes indeed. Lets get it on!

They fired waves of energy, metal, gears, elements and lightning and smashed him down.

---

Puppetmon was next.

Puppetmon: (to Yae) I liked how J.D. melted Hro's sword with the power of Zhuqiaomon. Gues that proves that Nth Metal isn't as indestructible as people claim.

Yae: Yeah no kidding. Who would have thought that it could melt in extremely powerful and hot temperatures?

The Splendid Venus: You're not kidding there and that is amazing that J.D. defied the impossible like that.

Elemental HERO Air Neos: No kidding. That was awesome and amazing. Hro never even saw it coming.

Rainbow Dash: It sure was awesome and I didn't know that Digimon can turn into weapons like that.

Scootaloo: That is so amazing.

Whirlwind: Boy it sure is awesome.

Takato: I think it's really awesome myself.

Jeri Katou: I do too.

Chompy Mage: Me too.

Puppetmon: No kidding. Lets do it!

They fired waves of wind, lightning, rainbows and energy and elements and smashed him down.

Yae: RIGHT ON!

Rainbow Dash: THAT WAS AWESOME!

## Orion, Blazing Mars, Elemental HERO Flare Neos, Sunset Shimmer, Pip-squeak, Fire Skylanders, Season 4 Digidestined, Teresa, Merrick and Tyzonn VS Harpymon - Ellie and Jim having fun in Paleozoic World

---

Harpymon was next.

Harpymon: (to Orion) I'm glad Ellie and Jim had fun in Paleozoic World. They've earned it!

Orion: They sure did and it was so awesome that they had an amazing time there.

Blazing Mars: I think Paleozoic World is so amazing and it has all the life from over the last 710 million years.

Elemental HERO Flare Neos: That sure is so cool and thank goodness there are no Graboids, Shriekers and Assblasters there.

Sunset Shimmer: Yeah no kidding. I love Paleozoic World and it is so awesome.

Pip-squeak: (British Accent) It sure is. I think it's awesome.

Sunburn: Paleozoic World is so awesome.

Takuya: It sure is awesome.

Zoe Orimoto: It sure is cool!

Teresa: You got that right.

Harpymon: Yep. Lets do it!

Orion: LEGENDARY RANGER MODE! TURBO!

He turned into the Blue Senturion!

They fired waves of fire, elements and energy and smashed her down.

Orion: That's a Super Mega Win!

---

Mizore Shirayuki, The Despair Uranus, Elemental HERO Chaos Neos, Starlight Glimmer, Cozy Glow, Undead Skylanders, Data Squad Digidestined, Burner Man, Thetis and Driscoll VS SkullMeramon - Burt Gummer's Experiences with Graboids, Shriekers and Assblasters

---

SkullMeramon was next.

SkullMeramon: (to Mizore) Good thing Burt Gummer shared his experiences with Graboids, Shriekers and Assblasters with us. They really helped us get Ferdinand out of there.

Mizore: They most sure did and it's amazing that Burt's ancestors have been battling Graboids since the American Old West.

The Despair Uranus: That is really cool. Burt's family has been battling Graboids all over the years since 1889.

Elemental HERO Chaos Neos: Yeah for 132 years. That is amazing.

Starlight Glimmer: Burt traveled all over the world killing Graboids, Shriekers and Assblasters and it's absolutely horrible that the Government Organizations want to use Graboids and their evolutions as weapons!

Cozy Glow: Yeah these creatures obey no one.

SkullMeramon: Yeah what the hell are these guys even thinking doing that!? They have no idea how dangerous Graboids and their offspring are.

Hex: No kidding! But what REALLY has me stumped is how they managed to survive for all this time since the Precambrian Period.

Marcus: That is really crazy.

Yoshino: Yeah no kidding. That is nuts.

Burner Man: At least they are now extinct thanks to J.D.'s power.

SkullMeramon: Wow! How did J.D. destroy them all very quickly?

Mizore: He used a powerful magic wave that swept over the planet and wiped out all of them in an instant.

Nico: Uh oh.

Mitsuru Kirijo: Oh man, I was hoping never to hear that voice again. You can come out now, Takaya Sakaki.

A figure came out, and it was none other than Takaya Sakaki, the leader of Strega, a group of rogue Persona users.

Mitsuru Kirijo: I should've known you'd show up here, Takaya, you just don't know when to stay dead, do you?

Lincoln: Whoa, it sounds like you have a bit of history with him, Mitsuru, what can you tell us about him?

Mitsuru Kirijo: You won't like what I'm going to tell you, Lincoln.

Mitsuru Kirijo proceeded to tell us about Takaya Sakaki, and we weren't going to like him one bit.

---

## Takaya Sakaki

Takaya Sakaki is the secondary antagonist of the video game Persona 3. He is the leader of Strega and one of three surviving members of a project carried out by the Kirijo Group in an attempt to create artificial Persona users. As his power wasn't awakened naturally, he cannot fully control his Persona. He functions as the Protagonist's foil, leading the rival group of Persona-users and setting himself up as a false messiah.

He is voiced by Nobutoshi Canna in the Japanese version, and Derek Stephen Prince in the English dubbed version, the former of whom also voices Nnoitra Gilga, Makoto Waltz Segai and Ryura

### Appearance

Takaya has long gray or platinum blonde wavy hair and yellow eyes. He wears a wire like headband, faded and torn light blue jeans with a red, ragged scarf tucked in the back pocket, a studded white belt, and brown boots. He has full tattoo sleeves on both arms, and a small tattoo on his lower back. He is never seen wearing a shirt, jacket, vest, or anything of the sorts. He also looks rather emaciated, commented on in-universe - one NPC thinks he lives on nothing but air, and Junpei calls him a 'freaking ghost'. His age, like the other Strega members, is never revealed, but he appears older than both Jin and Chidori and SEES, perhaps in his early twenties.

Takaya was designed around the concept of "charisma", according to Soejima, particularly in reference to cult leaders who he considers to be "obviously suspicious", yet with their high charisma able to garner support and adoration from others as easily as wealth and power. His first design began as a "cool and handsome" clean-shaven male with combed back hair, but his final design is achieved as Soejima attempted to make him more antagonistic and merciless. The revolver Takaya uses is a model of Smith and Wesson Model 500.

## Personality

Takaya's personality is added during the course of the story. In his first appearance, where he was on a "mission" with his fellow members, he is shown to be cold and indifferent, mocking and pointing at his victim with his gun. When asked by his victim why he is doing this, Takaya says that it is not the victim's concern and even justifies his action by saying that "people hear what they wish to hear and believe what they want to believe". He also tells his victim that he "squeal[s] most magnificently", implying a highly sadistic streak.

During his first encounter with SEES, he tells the team that the world is crawling with sin and that there will always be disasters, caused by Shadows or human folly, further reinforcing his negative worldview. This, along with his other comments during the game, shows that he is misanthropic. His later multiple assassination attempts (Shinjiro in the female protagonist route if max his Social Link, Ken, Junpei etc.) shows that he has little or no appreciation for the life of others with the exception of Jin and Chidori, However, he convinces Jin to stop SEES from advancing while knowing that he is not capable of doing so, also knowing that the Shadows from the lower floors can attack Jin as well.

When confronted by SEES for the final time, Takaya shows a great deal of himself. He simply answers to the questions of the team without any intimidation and also in a very melancholic manner, asking them what they hope to achieve since Nyx is unbeatable. During this conversation, he claims that the future is but an illusion and a soul can be satisfied if it only lives for the moment. He claims that any meaning in life was lost long ago and that humanity actually prays for Nyx's "salvation".

Takaya's actions and philosophy seems to stem from the fact that he has nothing to actually live for: the fact that he is dying seems to have some impact to his mental state, but his comments in the game imply that he is a bitter and weak-willed man who is simply trying to find some excitement in his short life, and that in fact he is jealous of SEES for their hope and will to live.

## Moral Event Horizon

Takaya crosses this when he murders Shinjiro Aragaki, who died getting in the way of a bullet meant for Ken Amada, who was only ten years old at the time.

---

Suddenly, we felt something snap in Chance Furlong's mind when he heard what Ann just told us, and hidden right behind his mask, his eyes turned neon green, and he was surrounded by a red and blue energy aura with flames and felines, he unholstered his massive Defender of Megakat City from his back, and as he approached Takaya Sakaki, he left red and blue energy, flames, and felines with every menacing step.

Chance Furlong: You really make me sick, Takaya Sakaki. Not only did you constantly threatened to kill innocent people who get in your way, but you had tried to kill S.E.E.S. so you can prevent them from ending The Dark Hour, but you've also tried to bring about the end of the world. (Getting Angry) But, when you shot Shinjiro Aragaki right in front of Ken Amada, who was only ten years old at the time… ,YOU JUST CROSSED THE LINE THIS TIME, YOU FUCKED-UP PIECE OF CRAP!

We gasped in shock at the pure rage unleashed from T-Bone.

Ryuji Sakamoto: W-what the hell?!

Nico: (Smirks) Yep, T-Bone's rage has been unleashed, and Takaya is already screwed now.

Then, Chance Furlong screamed like a madman as he was surrounded by a vortex of blue and red energy with flames surrounding the vortex, there was the Turbokat flying around the vortex, and inside the vortex is a red phoenix. Then, as the vortex faded, T-Bone emerged, but he was changed forever.

PERSONA 5 OST: WILLPOWER

Chance Furlong grew to 7'0" in height, he now had abnormally massive and powerful upper and lower body muscles and eight pack abs, he has a full head of long yellowish tan hair on top of his head and it went down to the bottom of his neck and he no longer wears his mask, he has red highlights in the bangs, he now has has massive yellowish tan angel wings with rusty red tips on the large yellowish tan feathers on his wider and more muscular back, he has neon green eyes and a red and blue energy aura with flames surrounding him, he has the emblem of the Swat Kats with the Fire Kanji emblazoned on his forehead, he has on cat earrings with the Fire Kanji in its paws and a necklace with a cat holding the Fire Kanji for the pendant across his bare chest.

Chance Furlong has on his new large cuff Bracelets of the Champions of The Universe with red gems on his wrists, and he also has on the same clothes as Me, Lincoln, Lynn Sr., Liam, Duke Lincoln, Loki, Loni, Luke, Lane, Larry, Leif, Lexx, Levi, Leon, Bobby Santiago, Lynn Jr., Kion, Simba, and Timon, but his version of He Man 2002's loincloth is red, he has on long red trenchcoat flaps with flames and jets on the coattails held up by his new Belt of Elemental Bravery with large red gem for the belt buckle on his waist, and his Eater of Sins revolver holstered on his right hip, he has on large red weighted bands on his large biceps and thighs, large black jeans with orange flames on the legs, and large black leather ankle-high combat boots with silver armor on the toes. The massive, wide, double-edged blade of his Defender of Megakat City grew to 6'5" in length and the long black handle grew a little longer.

Chance Furlong has the Swat Kats emblem and a phoenix with flames tattooed on his wider and more muscular back, and on his left arm is a phoenix with flames and leaves. There's a rust red kanji right below the Swat Kats emblem that said, "Chance Furlong, A.K.A. T-Bone, Fearless Pilot Vigilante and Muscle of The Swat Kats, Defender of Megakat City, Slayer of Megakat City's Dangerous Villains, Best Friend and Brother of Jake Clawson A.K.A. Razor, Alexis Catnip A.K.A. Kira, Lola Loud, Aylene Carter, and Many, Slayer of Evil, Awesome Member of Team Loud Phoenix Storm, and Master of Flames and Missiles."

Chance Furlong has transformed into SUPER ANGEL 750,000,000,000 PHOENIX FIRESTORM FELINE ANGEL OF RIGHTEOUS JUSTICE AND HOPE!

We were amazed by Chance Furlong's Super Angel 750,000,000,000 transformation, including Razor and Kira, but when Takaya saw it, he fell into a rage and tried to summon his Persona, Hypnos. But, Chance Furlong fired a Matchhead Missile and it destroyed Hypnos forever, and that stunned us.

Futaba Sakura: (Surprised) What the? One Matchhead Missile and it destroyed a Persona?!

Ryuji Sakamoto: Oh yeah, now that was badass!

Razor: Chance, how do you feel, buddy?

Chance Furlong: (Divine Echoing Cosmic Voice of The Firestorm and Feline Justice) **I feel incredible, Jake, and now, if you'll excuse me, I'm going to kick this guy's butt into Oblivion!**

Chance Furlong went at Takaya, who was now powerless without his Persona, and the Swat Kat fired a powerful barrage of red and blue energy blasts, fire, and Matchhead Missiles at Takaya, and they'd exploded with incredible power. Then, Chance Furlong slashed off Takaya's arms and he screamed in excruciating pain, then, he grabbed Takaya and tossed him into the air with his immense brute superhuman strength.

Chance Furlong: **And now, this is the end for you, Takaya Sakaki. MATCHHEAD MISSLE FIRESTORM BARRAGE!**

Chance Furlong fired a massive barrage of Matchhead Missiles and fire, which hits Takaya, and they'd exploded with incredible power, and the explosion killed him and Super Hakaied him for good. We all cheered wildly for what Chance Furlong did, as he holstered his massive Defender of Megakat City sword on his wider and more muscular back and powered down, and his new clothes, weapons, jewelry, and angel wings were permanent.

Razor: Whoa, Chance, that was so awesome.

Chance Furlong: Thanks, Jake. Now that Takaya is finally gone, at least Shinjiro Aragaki can finally rest in peace.

Zenkichi Hasegawa: You did the right thing, Chance. Shinjiro died protecting Ken from getting killed by Takaya, I read the case file long ago, and it really disgusted me.

Lola Loud: Hey, Chance, I saw that you also have a tattoo of a phoenix with flames and leaves on your left arm.

Chance Furlong: This tattoo is a symbol of our friendship when you and Aylene came to Megakat City years ago.

Aylene Carter: Aw, now that's so sweet.

Razor: He's not the only one. (Rolls up left arm sleeve) I also have the same tattoo on my left arm, and Alexis has the same on her left arm too.

Lola Loud and Aylene Carter hugged the three Swat Kats. Then, we set our sights on El Primero.

Troy: Instead of a bullfight, we'll give you a real one!

The Megaforce Rangers turned into the Zeo Rangers!

Hell-bent for leather

Wishin' my gal was by my side.

Good vittles, love, and kissin'

Are waiting at the end of my ride.

Move 'em on, head 'em up

Head 'em up, move 'em on

I cracked a whip and sent a massive stampede of cows made of pure fire.

Lincoln and his harem: CATTLE FINAL SMASH: RUNNING OF THE BULLS!

They summoned all the bulls and they trampled all over El Primero and he was brutally mangled up.

He was arrested and sent to prison for his crimes and he will never see the light of day again. Everyone cheered wildly for all of us and threw their sombreros at us in celebration.

Nico: That takes care of him.

Ferdinand: Thanks for helping me today, guys.

Seadramon: It was our pleasure.

Arbormon: That will teach El Primero to abuse you so badly.

Thundermon: He won't get to do so again.

Copperhead: How would you like to join our team?

Leap Frog: But it's really your decision in the end.

Ferdinand: I'll do it! I'll join you all and it was awesome to help you all too.

Nico: Awesome! Great job today everyone. This was an awesome adventure for us.

Laney: It sure was.

Evilseed: (to the viewers) Don't abuse cows or you will answer to all of us.

Nico: Yep.

We went back home and enjoyed the rest of the day and went to sleep.

THE END

---

Another awesome chapter done.

Ferdinand was a great movie from 2017 and John Cena did a great job in that movie and it was so funny! I never saw the movie myself but I did see the trailer and it was funny from what I saw. I thought it was really awesome too. The first part was for a visit to the planet Thanagar and it was awesome to see what it was like. But Hro was one awful monster. The second part was for the planet Ysmault, home of the Red Lantern Corps and there we faced General Zod who was back for revenge. NicoChan11, JediAvatarOfShinobi, Omegahatchiyak12, XP4Universe, Darkhai, vinjedi1995, Drako1234658, Nflemingful, Etstheclarencefan and ninjakingofhearts gave me the ideas for this and so did the guest reviewer. Thanks guys. The next rescue for me is gonna be in the Gotham Royal York Prison and we're going to meet a Crystal Beast Cobalt Eagle Gene-slammer named Nadine Flores and also a Tethys, Goddess of Light. Me, Eli, Arrietty, Nene, Allie Wilde, Maria, Marie, Nicole Chan, Qin, Erica, Ellie, Lillian, Megan, Nora Venice, Simone, Miranda, Gina Pele, Lola Namiko, Nelanie, Warrior Lady of The Wasteland, Natalie Griffin, Maiden of The Aqua, Syrus, Dark Magician Girl, Rey, Lina, Kia, Jenna, Fire, Ice and Leana the Pheromosa Gene-Slammer will go and we're going to face Chris Griffin who is going on a murderous rampage all over the prison from being spanked and tortured to the brink of insanity and yes he is going to die this time. Fire and Ice (Beatriz da Costa A.K.A. Fire and Tora Oresdotter A.K.A. Ice) will transform in that one so I'll need the sequences for those please. Lincoln's rescue will take place on the planet Odym, the home planet of The Blue Lantern Corps and Wonder Woman will transform in that one and they are going to face Aresia who tried to destroy the entire human race by killing all the males in the world. The next chapter will be for a race around the planet Naboo and that is gonna be awesome!

See you all tomorrow

# RACE AROUND NABOO

At the Gotham Royal York Maximum Security Prison, Me, Eli, Arrietty, Nene, Allie Wilde, Maria, Marie, Nicole Chan, Qin, Erica, Ellie, Lillian, Megan, Nora Venice, Simone, Miranda, Gina Pele, Lola Namiko, Nelanie, Warrior Lady of The Wasteland, Natalie Griffin, Maiden of The Aqua, Syrus, Dark Magician Girl, Rey, Lina, Kia, Jenna, Fire, Ice, Stewie, Brian and Leana McDougal the Pheromosa Gene-Slammer were there to stop a prison break. When we got there we saw that many of the guards were badly hurt and mangled up.

Leana McDougal: What could've caused this?

Me: Looks like someone who has a REALLY NASTY Temper that's what.

Eli: Oh man.

Allie Wilde: This is bad and horrible.

Arrietty: It's like these guards were all ripped apart.

Fire: (Spanish Accent) It's like they were crushed to death under the tremendous girth of someone really heavy.

Warrior Lady of The Wasteland: Well whoever did this is gonna pay big time.

Leana: They sure as hell will.

Leana concentrated and groaned as her hair fell out.

Stewie: I hope we blast their fucking asses into oblivion!

Nicole Chan: Me too.

Leana turned into Pheromosa!

Ice: (Norwegian Accent) We have a survivor!

We went over and it was a girl guard and she had a nasty bruise on her head.

Me: Oh man. Are you all right?

Guard woman: (Weakly) I'll be fine.

Me: What happened here? Who did this?

Guard Woman: It was Chris Griffin.

We gasped in shock!

Guard Woman: He somehow escaped from his restraints and went on a rampage and killed many of the staff here.

Me: That fat freak is gonna pay.

Lina: Who is Chris Griffin?

Me: Stewie's former big brother. You would hate him.

I went over his history.

---

**Christopher Cross "Chris" Griffin** is one of the main characters of Family Guy. He is the middle child of the Griffin family from *Family* . He is 13 in the first three seasons, and 14 in "Trading Places". He appears to have only aged a year in the course of the show in spite of Meg aging three. And he is always gets bullied by nasty abusive bullies (including Connie D'Amico) who keeps picking on him because he is fat and is way uglier than his sister, Meg in school (until the students have a change of heart as of "Dead Dog Walking").

In *The Real Live Griffins*, he is replaced by Philip Seymour Hoffman in "Fifteen Minutes of Shame".

Chris is voiced by Seth Green. However, he had not been hired until after the original *Pilot Pitch* . For that, series creator Seth MacFarlane provided Chris' voice, giving his voice a deeper tone as compared to how Green does it.

---

When I was done they were shocked!

Lina: That guy is a total monster!

Me: And an ugly freak!

Maria: (to the guard) I'm sorry about the deaths of your fellow guards.

Guard Woman: Thank you. Just kill Chris.

Me: We have medical personnel on the way.

Stewie: Man what Chris is doing is a total disaster! Like when the Fat Man tried to keep Michael Shannon from going insane!

Brian: I don't think we have time for a cutaway gag right now Stewie.

Me: Yeah. Lets get that fat tub of lard.

Eli: (Senses for Chris) He's this way!

We followed Eli and we got to a room and that was locked and we looked in through a window and we saw Chris punching and pulverizing all the guards in the prison and roaring in a brutal and destructive fury!

Me: He has gone totally insane!

Maria: We got to stop him now!

?: Let us help too.

2 figures came out and they were Tethys, Goddess of Light and Crystal Beast Cobalt Eagle!

Me: Whoa! Tethys, Goddess of Light and Cobalt Eagle.

Crystal Beast Cobalt Eagle: Awesome to meet you all. I'm Nadine

Flores.

Me: You're the 6th of the Crystal Beast Gene-Slammers.

Crystal Beast Cobalt Eagle: Yep.

Tethys, Goddess of Light: We got to stop this monster for good.

Stewie was in thought.

Maria: You okay, Stewie?

Stewie: I'm fine. Just not completely sure about killing my own brother.

Me: Stewie he stopped being your own brother when he abused and tortured Meg.

Nicole Chan: He sure did.

Lina: What did he do?

Me: Right some of you don't know about this. It's what lead up to Peter and Lois being condemned to our humiliations and Chris being sent here.

I went over what happened and when I was done everyone was shocked!

Lina: Oh man! That's terrible!

Brian: Yeah it sure was.

Kia: Chris, Peter and Bad Lois brought all that on themselves and so did Quahog.

Ice: And that cesspool town deserved it.

Fire: Yes it did.

Me: Yep. Lets get him.

We went for the door and then…

KRABBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion went off and a phoenix cry was heard and we busted in and I kicked Chris in the face and knocked him down.

Chris got up.

Stewie: Goddamnit, Chris! Don't make me do this!

Chris Griffin: You wouldn't kill your own brother would you!?

He went at Stewie.

Then I kicked him in the face again and I knocked him down and he got up.

Chris Griffin: YOU HUMILIATED ME FOR THE LAST TIME J.D.! I'M GETTING OUT OF HERE AND THEN I'M GOING TO FUCKING KILL EVERYONE YOU FUCKING KNOW AND THEN I'M GOING TO KILL YOU BY SHOVING MY FIST DOWN YOUR FUCKING THROAT AND RIP OUT YOUR BEATING HEART AND THEN I'M GOING TO SHOVE MY FOOT SO FAR UP YOUR GODDAMN ASS THAT YOU'LL BE TASTING THE SHIT ON MY FEET!

Me: Shut your fucking hole you're giving me a fucking headache!

Fire: No one talks that way about J.D.!

Suddenly, Fire and Ice's eyes turned neon green and neon blue, and Fire was surrounded by a green energy aura with green flames and phoenixes and Ice was surrounded by a blue and white energy aura with snowflakes and ice crystals, they unholster their massive Swords of The Justice League from their backs, and as they approach Chris Griffin, they left green and blue and white energy, green flames, snowflakes, ice crystals, and phoenixes with every step. Then, Fire and Ice were surrounded by massive vortexes of green and blue and white energy with green flames surrounding the green vortex and snowflakes and ice crystals surrounding the blue and white vortex, there was a green phoenix flying around the green vortex and a blue phoenix flying around the blue and white vortex, and inside the vortexes was a green and blue phoenix. Then, as the vortexes faded, Fire and Ice emerged, but they were changed

forever.

(IMPERATRIX MUNDI PLAYS AT 1:35 TO 2:14)

Fire grew to 6'0" in height, she had the body of a goddess, she had green highlights on the bangs of her long green hair, she has neon green eyes and a green energy aura with green fire and phoenixes surrounding her, she has a phoenix with the Fire Kanji in its claws emblazoned on her forehead, she has on phoenix earrings with the Fire Kanji in its claws, she has on a necklace with a phoenix holding the Fire Kanji in its claws for the necklace, she has on a sleeveless green blouse with a black phoenix on it, green pants with flames on it, green high heels, she has massive green angel wings with black tips on the large green feathers, and a sleeveless green trenchcoat with flames and phoenixes on the coattails, and on the back is a phoenix with flames surrounding it. Fire has transformed into SUPER ANGEL 750,000,000,000 BRAZILLIAN FIRESTORM PHOENIX ANGEL OF LOVE AND JUSTICE!

And Ice grew to 6'0" in height, she had the body of a goddess, she had blue highlights on the bangs of her long white hair, she has neon blue eyes and a blue and white energy aura with snowflakes and ice crystals surrounding her, she has a Yuki-Onna with the Ice Kanji in her hands emblazoned on her forehead, she has on Yuki-Onna earrings with the Ice Kanji in her hands, she has on a necklace with a Yuki-Onna holding the Ice Kanji in her hands for the necklace, she has on a sleeveless marine blue blouse with a white phoenix on it, blue pants with snowflakes on it, white high heels, she has massive marine blue angel wings with white tips on the large marine blue feathers, and a long sleeveless white trenchcoat with snowflakes and ice crystals on the coattails, and on the back is a Yuki-Onna with snowflakes surrounding it. Ice has on her new Bracelets of The Champions of The Universe with marine blue gems on her wrists, Belt of Elemental Bravery with large marine blue gem for the belt buckle on her waist, and her Eater of Sins revolver holstered on her right hip. There's a blue kanji below the Yuki-Onna that said, "Tora Oresdottor A.K.A., Ice, Cryokinetic Member of The Justice League, Member of the Norwegian Romani Clan, Slayer of Evil, Trainer of Dana, Amazing Member of Team Loud Phoenix Storm, and Master of Ice and Snow."

トラオレドトール, アイス、ジャスティスリーグのクライオキネティックメンバー、ノルウェーのロマニー族のメンバー、悪のスレイヤー、ダナのトレーナー、チームラウドフェニックスストームのアメージングメンバー、アイスアンドスノーのマスターとしても知られています

Ice has transformed into SUPER ANGEL 750,000,000,000 ARCTIC NORWEGIAN ICE ANGEL OF LOVE AND JUSTICE!

We were amazed by the Super Angel 750,000,000,000 transformations of Fire and Ice, but when Chris Griffin saw it, he fell into an even more murderous rage and tried to kill them, but they fired powerful blasts of fire and ice at him, and knocked him to a wall.

Stewie: You brought all this on yourself Chris. May you burn in the darkness of oblivion forever!

But before Stewie pulled the trigger I pulled out my elephant gun and fired.

KRABANG!

I blasted a huge hole into Chris's Chest.

Then Stewie fired the fatal shot at his head that killed him instantly and destroyed him and super hakaied him. He was erased from existence for all eternity.

Me: It's Just Been Revoked!

Brian: He didn't really set you up for that Lethal Weapon Line there J.D.

Me: I know. Sorry I thought it was pretty cool.

Then I put on my blind man glasses and Stewie, Eli, Brian and Syrus covered their eyes and I snapped my fingers and Leana and Nadine were reverting back.

Leana: (regains her hair) Sorry you had to see all this.

Nadine: It's all right. I knew it was gonna happen one day when I became Cobalt Eagle.

They were back to normal and then Nadine glowed in an Indigo Aura and Cobalt Eagle talked to her.

Cobalt Eagle: I'm sorry you had to see all that death and destruction Nadine.

Nadine: It's all right Cobalt Eagle.

Cobalt Eagle: Good. But you are now the master of my powers. Work well with my friend Jesse and Catherine Lancaster and your fellow Crystal Beast Gene-Slammers. They are your family too.

Nadine: I will.

She was fully engrafted with Cobalt Eagle's powers and then Maria gave Leana and Nadine new clothes.

Nadine: Wow these clothes are amazing. I look awesome.

Maria: They are for all the Gene-Slammers.

Simone: We think they are amazing too ourselves.

Me: Yeah.

Varie and the medical teams arrived and got all the guards that were smashed up by Chris healed up.

Maria: I'm very sorry, Stewie.

Stewie: It's all right Maria. Chris is not my brother anymore. He's nothing more than a monster.

Nicole Chan: He brought it all on himself. He gave brothers everywhere a really bad name.

Eli: Yeah he sure did.

Me: Lets go home guys.

We went back home and told everyone what happened and they were shocked and Lois was glad that Chris was gone.

---

After killing Chris Griffin this time for good, Lincoln, Me, Nico, Eli, Nicole, Batman, Catwoman, Wonder Woman, The Blue Lanterns, Tyris Flare, and Ink Rose were heading to the planet Odym, and not only is Lincoln going to rescue the five girls there, but we're also going to fight and take down Aresia, the misandrist Amazon who tried to destroy the entire human race by killing all the males in the world.

---

**Aresia** is an antagonist in the DC Animated Universe animated series *Justice League*, making her debut appearance in the first-season two-part episode "Fury". She is an Amazon who went rogue and is determined to purge the planet Earth of every single male. Aresia was also the adoptive sister of Wonder Woman and the adoptive daughter of Hippolyta, the Queen of Themyscira.

She was voiced by Julie Bowen, who was best known for her role as Claire Dunphy on *Modern Family* .

Aresia was an orphaned child from a village somewhere in Europe filled with conflict as a bloody and senseless civil war there ruined the land and drove most of its residents, including neighbors, friends, and schoolmates, away, and its unjust victors denied even the basic humanity of their defeated enemies.

She and her unidentified birth mother went on to seek out and board a refugee ship to escape the burning village they were forced to leave, but it was later taken over by pirates. The pirates cowardly sank the ship and killed many individuals, presumably, including Aresia's own mother. Aresia survived by clinging to a floating piece of the ship and arrived on the shores of Themyscira, where she was taken in by Hippolyta, who "magically endowed her with Amazon strength".

She began her quest in exacting vengeance on the world's male population. She took in several members of Lex Luthor's Injustice Gang, including Star Sapphire, the Shade, Copperhead, and Solomon Grundy, and recruited a new member, Tsukuri.

She sent her minions to steal chemicals and other miscellaneous equipment before revealing her master plan: to wipe out the entire male population with biological warfare and rid them with disease. At the end of part one, she released her virus, poisoning every male in Gotham City, including the males of both the Injustice Gang and the Justice League. The virus had no effect on females.

Watching all of the chaos unfolding, Star Sapphire and Tsukuri were in shock at how easily Aresia's poison had downed the men and boys of Gotham City. Tsukuri asked Aresia if, for certain, the poison only affected men, which Aresia confirmed, saying that that was why it had not hurt her or Star Sapphire. Star Sapphire asked Aresia what she had to gain from her plan. Aresia replied that she hoped to end the "greed, deception, and cruelty" wrought by men. "Today, we women take control," she concluded. "You can't be serious," Star Sapphire said skeptically. With an evil grin, Aresia simply responded, "Can't I?" Nonetheless, despite the initial shock and horror displayed by both female Injustice Gang members, they ultimately joined in Aresia's efforts enthusiastically.

Aresia and Tsukuri infiltrated an air base to steal one of their planes and sent Star Sapphire to find Wonder Woman and Hawkgirl, pretending to still want to live in a world with men. While Star Sapphire was gone, Aresia and Tsukuri found just the plane they needed, but when they did, Hippolyta showed up to excoriate Aresia for her actions. Aresia attempted to get her to at least understand what she was doing, but Hippolyta refused to hear anything of it, telling Aresia that she had violated Amazonian law by doing what she'd done. Aresia replies that she is sorry to hear that, just before Tsukuri ambushes and subdues Hippolyta from behind, at which point Aresia concludes that she has come too far in her plans to turn back at that point. After this, Aresia and Tsukuri take Hippolyta hostage.

The female Leaguers arrived at the air base, having been led there by Star Sapphire, and quickly, the ruse was exposed. Aresia offered them both a chance to join her cause. Wonder Woman refused, telling her that while man's world wasn't perfect, destroying it wasn't the answer. The heroines fought Aresia and her group, but the two were defeated and unable to stop them from taking off with Hippolyta. Later, Aresia told Tsukuri and Star Sapphire that she planned to enter a rocket launch base in order to shoot the missiles up into the air in order to spread the toxin worldwide using the winds and the atmosphere. Meanwhile, Wonder Woman and Hawkgirl recovered and were able to catch up to and enter the stealth bomber.

The heroines fought Aresia's group once more, and Wonder Woman ultimately knocked Star Sapphire out of the fight. Hawkgirl managed to damage the launch bays of the plane to prevent the missiles from being launched, but also put the plane in jeopardy, which caused Tsukuri to panic and abandon Aresia. As Wonder Woman and Hawkgirl had the upper hand, Aresia tried to reason with them by saying that the men were their enemies.

However, Hippolyta, who managed to free herself from Aresia's captivity, arrived to drop a bombshell. Ironically, Aresia would have died had the captain of the ship on which she and her mother had been, a man, not saved her from drowning back in the pirate attack. He had valiantly swam through the ocean with her on the driftwood until they made it to Themyscira, where he had died of heart failure.

Hippolyta had buried him there in an unmarked grave due to his bravery, making him the only man buried on the island.

Aresia was furious at Hippolyta for not having told her this sooner, but Hippolyta reasoned that she hadn't thought of that man as important, simply due to him being a man. Ultimately, her reveal was dismissed by Aresia with the cold remark that "the acts of one man cannot redeem the sins of his kind." In a final fight with Wonder Woman and Hawkgirl, Aresia's plans were ultimately thwarted, as she was killed when her plane exploded.

Soon after her death, Wonder Woman and Hawkgirl discovered Aresia's hideout, recovered the notes used in making her poisonous allergen, and were able to develop an antidote that was distributed to every man in Gotham who had been affected, curing the men and saving the day.

Lincoln: Wow, we're on the planet Odym.

Me: That's right, big guy. I haven't forgotten just how beautiful this place is.

Lincoln: Me too, and I think I know what we're going to do here, not only am I going to rescue the five girls there, but we're also going to fight and take down Aresia.

Wonder Woman: That's right, Lincoln.

Eli: I can't believe her hatred for all males has completely blinded her to the point of no return, and in the process, she's forgotten about her honor as an Amazon.

Lincoln: This is something that can't never be forgiven, Eli, and Aresia's misandrist behavior reminded us of Madame Margaret. She doesn't realize that one side can't exist without the other, that act will mean that mankind will be destroyed.

Tyris Flare: I remembered that you told us about her, Lincoln, and for Aresia to forget her honor as an Amazon of Themyscyra, it's an act that must be punished.

Lincoln: And it'll be at Diana's hand.

?: HELP!

Suddenly, Lincoln heard the sound of five girls calling out for help. With his deep sapphire blue cyborg eyes and superhuman sight, along with sensing energy signals, he saw and heard where the call for help was coming from. He saw the five girls, but they've been cornered by Aresia, and she's going to kill them.

Lincoln: Guys, I found the five girls, but they've been cornered by Aresia, and she's going to kill them.

Wonder Woman: What?! That's it, Aresia's gone too far this time.

We rushed on over, and Lincoln fired a rainbow energy blast, which caused Aresia to back away, and the girls rushed over to our side. When Aresia saw us, she was indeed enraged.

Wonder Woman: Aresia, I've had it with your actions to last an eternity.

Me: How can you be so stupid Aresia? Don't you realize that by destroying all the males of mankind that you will be destroying the entire human race!?

Aresia: I answer to no man. Not even you.

Me: You're soon going to be answering to death.

Suddenly, Wonder Woman's eyes turned neon blue and she was surrounded by a red and blue energy aura with stars and light, she unholstered her massive Sword of The Justice League and shield from her back, and as she approached Aresia, she left red and blue energy, stars, and light with every step. Then, Wonder Woman was surrounded by a massive vortex of red and blue energy with stars and light surrounding it, there was a phoenix flying around the vortex, and in the vortex is a golden phoenix. Then, as the vortex faded, Wonder Woman emerged, but she was changed forever.

(IMPERATRIX MUNDI PLAYS AT 1:45 TO 2:14)

Wonder Woman grew to 6'5" in height, she had the body of a goddess, she had yellow highlights on the bangs of her long black hair, she has neon blue eyes and a red and blue energy aura with stars and light surrounding her, she has an Amazon with the Light Kanji in her hands emblazoned on her forehead, she has on Amazon earrings with the Light Kanji in her hands and a necklace with an Amazon holding the Light Kanji in her hands for the necklace, she has on a sleeveless red and blue blouse with a gold phoenix and stars on it, blue pants with stars on it, red and blue high heels, she has massive white angel wings with gold tips on the large white feathers, and a long sleeveless red and blue trenchcoat with lightning bolts and hawks on the coattails, and on the back is an Amazon with stars surrounding it. Wonder Woman also has on her new Bracelets of The Champions of The Universe with red gems on her wrists, Belt of Elemental Bravery with large red gem for the belt buckle on her waist, and her Eater of Sins revolver holstered on her right hip. There's a gold kanji below the Amazon that said, "Diana of Themyscyra A.K.A. Wonder Woman, Loving Daughter of Queen Hippolyta, Worshipper and Champion of Athena and The Olympian Gods, Queen of The Amazons, Amazing Member of The Justice League, Slayer of Evil, Defender of Mankind, Trainer of Leni Loud, and Amazing Member of Team Loud Phoenix Storm."

ワンダーウーマンとしても知られるセミッシラのダイアナ、ヒッポリタ女王の愛する娘、アテナとオリンピアの神々の崇拝者とチャンピオン、アマゾンの女王、ジャスティスリーグの素晴らしいメンバー、悪の殺し屋、人類の擁護者、レニラウドのトレーナー、そしてチームラウドフェニックスストームの素晴らしいメンバー

Wonder Woman has transformed into SUPER ANGEL 750,000,000,000 CELESTIAL AMAZONIAN ANGEL OF LOVE AND BRAVERY!

We were amazed by Wonder Woman's Super Angel 750,000,000,000 transformation, but this also drove Aresia into a rage.

Me: Wow, Wonder Woman's transformed.

Nico: You said it, J.D., and based on the pissed off look on Aresia's face, she's been driven mad.

Wonder Woman: (Divine Echoing Cosmic Voice of Divine Love and Bravery) **And now, Aresia, it's time to put an end to this once and for all.**

Wonder Woman went after Aresia, and they clashed with their swords, but Wonder Woman pushed her back with her shield, and she fired powerful blasts of red and blue energy, stars, and light at Aresia, and they exploded with incredible power. Then, Wonder Woman punched and knocked down Aresia.

Wonder Woman: **It's over, Aresia, you've lost, and now, our rivalry has been brought to an end.**

Wonder Woman holstered her massive Sword of The Justice League on her back and powers down, and her new body, clothes, weapons, jewelry, and angel wings were permanent, and she turned to head back to us. But, Aresia got up and she tried to attack Wonder Woman from behind in a fit of rage. We rushed on over to help her, but we saw that Aresia was then struck in the heart.

We saw who it was that did this: it was Batman, who unholstered his massive Sword of The Justice League from his back and drove it through her black heart, and she exploded in purple flame, and her spirit was Super Hakaied for good.

Lincoln: Whoa, that was a quick save, Batman, and I think I know why you did this.

Batman: That's right, Lincoln, I finally realized that either I'm willing to do whatever it takes to save lives, or I should not be out there at all.

Catwoman stood with him, and she held onto his hand, which turned into a hug, which he returned.

Wonder Woman: (Smiles) That was quite a change from your approach, Bruce.

Then, Lincoln and Nicole went up to the five girls located there, and when Lincoln saw them, he had recognized them immediately. The five girls are Ichiko Sakura, Ranmaru Rindou, and Nadeshiko

Adenokouji from Good Luck Girl!, Mika Seido and Sofia Galgalim from Geneshaft.

Lincoln: Oh wow, it's Ichiko Sakura, Ranmaru Rindou, Nadeshiko Adenokouji, Mika Seido, and Sofia Galgalim.

Nicole: From Good Luck Girl! and Geneshaft, awesome.

Lincoln: Are you girls okay?

Ichiko Sakura: Yes, we're okay, thanks to you.

Then, when Ichiko Sakura and the other four girls saw who it was that saved them from Aresia, their faces turned atomic red upon seeing the 16-year-old 7'0" tall, handsome, white-haired, bare-chested hunk with abnormally massive and powerful upper and lower body muscles, eight-pack abs, rainbow colored thunderbird with a gold lightning bolt emblazoned on his forehead, a golden lightning bolt cutie mark with the thunderbird and comic books right on his massive and wide right pec and it was surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature, Light, and Darkness in a circle, a Celtic Cross cutie mark tattoo in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon, surrounded by a circle were the marks of the other girls in Lincoln's harem, and on top is the Earth surrounded by the ring of mermaids on top, a deep sapphire blue kanji on his wider muscular back that said, "Lincoln Landon Loud, Champion and Emissary of Hinon, Master of Lightning Storms, The Weather, and the Thirteen Elemental Forces, Man With A Plan, Golden-Hearted Brother of 16 Siblings, and Golden-Hearted Lover, Father, Son, and Husband", and he had deep sapphire blue eyes.

He had his massive Sword of Taranis holstered on his wider and muscular back, his orange Crystal Saber holstered on his left hip and his Eater of Sins revolver holstered on his right hip, the Pisces constellation and Aquarius Zodiac sign on the back of his neck, large weighted orange bands on his massive biceps and thighs, his large Cuff Bracelets of The Champions of the Universe with large orange gems on his large wrists, massive and indestructible deep blue angel wings surging with powerful super lightning and the stars and blue nebulae reflecting on them, and he was dressed in an orange version of He Man 2002's loincloth with hanging silver lightning bolts and long orange trenchcoat coattails with hanging silver lightning bolts held up by his Belt of Elemental Bravery with large orange gem for the belt buckle on his waist, a pair of large blue pants with gold lightning bolts on the thighs, and large white leather combat boots with gold lightning bolts surrounded by a circle of smaller gold lightning bolts and armor on the toe area, silver Thunder Kanji earrings, a large silver Thunder Kanji necklace on his neck and across his permanently bare chest, large fingerless black gloves with the symbol of The Loud House on it, a large Orange Buffalo Animal Spirit Ring on his left ring finger, large Blue Lantern ring on his right ring finger, and he had eight large orange orbs orbiting around his legs.

Ichiko Sakura: Oh wow, Lincoln Loud of Team Loud Phoenix Storm.

Lincoln: That's right, and it's a pleasure to meet you all.

Then, Lincoln made four clones of himself, and he and the four clones of himself went up to the girls, and they picked them up and hugged them in their abnormally massive and powerful muscular arms, and kissed them on the lips, which they returned with equally intense passion, as they wrap their arms around the necks of Lincoln and his clones, as we cheered over the scene.

Ichiko Sakura: (Seductively and rubs her right hand on Lincoln's massive and wide right pec) You too, big, tall, muscular, and handsome.

We returned to the Estate, and we showed everyone what happened on Odym, and Batman explained everything to the rest of the team, including the Justice League. They now know that Batman has gone through with this change, and he now knows he has to do whatever it takes to save lives, or he should not be out there at all.

---

After getting rid of Aresia this time for good, we were training intensely in the gym doing 100,000,000 reps of crunches, wing push-ups and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 9,000-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds. Then, we got a shower afterwards.

After that, Lincoln, Ichiko Sakura, Nadeshiko Adenokouji, Suzune Kagami, Junko Hattori, Gluko, Batch, Kyoko, Misako, the Revue Starlight girls, and the Symphogear girls were getting ready for their beach date, this time, it's at Cheep Cheep Lagoon in the world of Mario.

Lincoln then snapped his fingers, and the 16-year-old 7'0", white-haired, handsome, and extremely muscular teen was dressed in large orange swim trunks with a phoenix, thunderbird, and buffalo on it and large orange sandals, along with his large weighted orange bands on his massive biceps and thighs, his jewelry, and eight large orange orbs orbiting around his legs, and he also still had his weapons holstered, in case of trouble.

The Revue Starlight girls were dressed in two-piece bikinis in their favorite colors with stars on it, the Symphogear girls were dressed in two-piece bikinis with the Symphogear logos on them, Ichiko Sakura and Nadeshiko Adenokouji were dressed in two-piece bikinis in their favorite colors with the animals of The Chinese Zodiac on them, Suzune Kagami was dressed in a blue two-piece bikini with ocean waves on them, and Junko Hattori, Gluko, Batch, Kyoko, and Misako were dressed in their two-piece bikinis from the last beach date with Lincoln.

Lincoln: Alright, ladies, shall we?

Ichiko Sakura: Of course, Lincoln.

Lincoln and the girls left the Estate, and they head for the destination: Cheep Cheep Lagoon in the world of Mario. When they arrive at Cheep Cheep Lagoon, it was an amazing place.

Ichiko Sakura: Wow, what is this place?

Lincoln: This, Ichiko, is Cheep Cheep Lagoon, it's an underwater lagoon with a population of Cheep Cheep fish, and with a lot of water here, we're going to do a lot of swimming here.

Batch: Well, what are we waiting for?

Lincoln and the girls all dived in, and they began swimming in the massive body of water, and Lincoln also took care of any rogue Cheep Cheep fish who tried to take care of them. They also rose up to the surface, and they had some lunch in the air. Then, as the hour passed, they went back to swimming in the ocean. Then, they rose up to the surface, and saw that the sun's starting to set. Then, Lincoln made clones of himself, and he and the clones went up to the girls and they'd wrapped them in their abnormally massive and powerful muscular arms in a hug, and as the sun turned orange, they shared a passionate kiss. Then, Lincoln and the girls came back home.

Me: Hey, Linc, how was your date with the girls?

Lincoln: It was awesome, J.D. We went to Cheep Cheep Lagoon in the world of Mario.

Nicole: Cheep Cheep Lagoon?! Oh, I hope you guys didn't get attacked by any Cheep Cheep fish.

Batch: Most of the Cheep Cheep fish were peaceful, but there were some rogue ones, but Lincoln took care of them.

Nico: Nice one.

Lincoln: And we did tons of swimming in the large body of water.

Me: Awesome.

Ichiko Sakura: And we shared a passionate kiss and hug as the sun was about to set.

Lori: That's how Lincoln and the girls always end their dates, wrapped in a passionate hug and kiss as the sun sets, Ichiko.

Ichiko Sakura: (Smiles) And I can't wait for more dates with him.

Nico: (Smirks) Oh, trust me, Linc always has something planned for his dates.

Me: Yep.

* * *

Later it was time for Tecna's Ambassador Mission and The Riddler appeared.

Riddler: Can I go with you this time, Tecna?

Tecna: (British Accent) I was having you come with me anyway Edward. I can't wait for you to meet Herbie and Maggie. They will love your riddles.

Riddler: I'm honored that you think so.

Lightning McQueen: This is gonna be so awesome.

Me: Have fun you guys.

Nico: Yeah.

They were off to Chicago. They arrived.

Maggie Peyton: Hey Tecna, Lightning.

Herbie: Awesome to see you all here.

Tecna: Maggie, I'd like you and Herbie to meet my archenemy.

Riddler: It's a pleasure to meet you.

Maggie Peyton: Wow are you?

Riddler: That's right. I'm Edward Nygma but you know me as The Riddler.

Tecna: Edward is also a great computer game creator. He made a game called The Riddle of The Minotaur.

Herbie: Wow that is cool!

Lightning McQueen: Boy it sure is. I love all the riddles he puts into it.

Herbie: I honestly like you more then Joker and Scarecrow.

Riddler: I'm glad to hear that.

Tecna: Edward has more honor than those too.

Maggie Peyton: The problem with villains like those two is that they hog all the spotlight while never giving guys like you anytime to shine.

Riddler: That is true.

Maggie Peyton: I've always been a huge fan of your riddles too. Can you tell me one?

Riddler: Sure. I have billions of eyes, yet I live in darkness; I have millions of ears, yet only four lobes; I have no muscle, yet I rule two hemispheres - what am I?

Maggie Peyton: Hmm. That's an easy one. The Human Brain.

Riddler: That's right.

Tecna: That's one of my favorite riddles too. Sphinx's have always been known as the great riddle masters of myth. Cool huh.

Maggie Peyton: That's true.

Tecna: What's been going on since the last time I visited you two?

Maggie Peyton: Just keeping an eye on Trip Murphy to make sure he doesn't try anything too soon till you all arrive.

Herbie: But we're going to be ready for him when you come. What date are you planning on coming?

Lightning McQueen: We're projecting January 28th of next year.

Tecna: Not far away.

Herbie: Nope.

Riddler: I suggest you two be careful. Guy Gagne's cars were able to combine into a giant robot. Who knows what Murphy might be capable of?

Maggie Peyton: We'll be careful of that. Thank you.

Tecna: You're welcome Maggie.

Later they came back.

May: So, who do you want to go with you next time?

Tecna: I'm hoping all my friends in The Winx Club can come with me next time.

Me: That's a great idea Tecna. They will love meeting Herbie and Maggie.

Tecna: They sure will.

Laney: Yeah.

Suddenly…

STOMACH GRUMBLE!

Ed: EDDY!

He jumped into Eddy's arms.

Eddy: (Straining) You're giving me a hernia Ed!

Ed: It sounds like the howl of a werewolf from the belly of Hades!

Me: Ed that's all of our stomachs silly. We're just hungry.

Ed looked at his stomach and it was gurgling and growling.

Ed: Ha. I'm hungry.

Me: All of us are. I know just the place to go to for lunch. There's a new restaurant that Lynn Sr. partnered up with. It's called The Melting Bun and Nico you will love this. It's a Grilled Cheese Sandwich Restaurant.

Nico: (Drools) OH BOY!

We were off to the Melting Bun. With us was the vampire Lestat.

William: Thanks for coming, Lestat.

Lestat: It's an honor to be with you all. I am gonna be looking forward to joining the Goths of Darkness.

Brittney: Always awesome to have a vampire with us.

Lucy Loud: It sure is.

Me: Yep. Don't worry we'll stop by at the blood bank for fresh blood for you.

Lestat: Thanks J.D. But if you all see Akasha the Queen of the Damned, kill her for all of us vampires.

Me: With pleasure. Blade, you and I both know that Akasha the Queen of The Damned…

Blade: Does not know…

Me and Blade: WHO SHE IS FUCKING WITH!

Omi: (Tibetan Accent) These sandwiches are delicious!

Nico: (Drools) And so cheesy.

Eli: They sure are.

Me: And I love the barbecue sauce and chicken combo.

Varie: They sure do look awesome. They have so many varieties.

Laney: Boy no kidding.

On the menu we saw that they had over 1,027 kinds of cheese sandwiches and that has to be A LOT OF COMBOS!

Lana: Awesome.

Carol: These are all really good.

Lynn Sr. then came.

Lynn Sr.: Hey guys.

Me: Hey Mr. Lynn. This was so cool that you and Lynn's Table formed a partnership with The Melting Bun. It's awesome.

Laney: It sure is dad. This is awesome.

Lynn Sr.: Glad you all like it.

Roquefort then came

Roquefort: Well you guys are sure liking the food.

Me: We sure are Roquefort and you are making Nico happy.

He laughed.

Stewie: These sandwiches are the best thing to eat in order to get one's mind off of killing his own brother.

Long Haul: You're probably still thinking about that.

Stewie: Yeah but I am not guilty about it. He had it coming.

Me: Stewie your brother was a monster. He was a testicle-chinned douchebag monster.

Laney: Yeah he brought all this on himself.

Meg: Yeah I disowned that monster as my brother.

Lois Griffin: That's right Stewie. I should have never given birth to that ugly elephant freak. Uh no offense Aarna and Raj.

Aarna: (Indian Accent) None taken.

Raj: (Indian Accent) But I agree with you Lois. Chris was a monster and he brought all that on himself.

Me: Yep.

Slingshot: We need make our own resturants more often!

Me: Good idea Slingshot. Variety is the spice of life.

Nico: A chicken wing restaurant would make a great addition too.

Eli: Awesome idea.

We had a great lunch and went back to the estate.

Hotlink: J.D., now that we're done eating those delicious sandwiches, you're leading today.

Me: Yep I know and I have just the mission for us. It's actually another race. We're going to the planet Naboo for it.

Nico: Wow! A race around Naboo? This is gonna be awesome.

Laney: Wow it's gonna be so cool to see more of Padme's home planet.

Eli: You guys will love the beauty of Naboo. It's really beautiful.

Lana: Wow I'm looking forward to this one.

Rainbow Dash: This is gonna be so awesome.

Nicole Knudson: Naboo is beautiful.

Me: Yep and you all are in for a great treat with this one. Not only are we going to see where the Battle of Naboo took place but we're also going to see what the entirety of the planet is like.

Nico: Cool!

MetalSeadramon, Puppetmon, Machinedramon, Harpymon, Seadramon, Arbormon, SkullMeramon, Thundermon, Copperhead and Leap Frog then appeared.

Puppetmon: Can me, MetalSeadramon, Machinedramon, Harpymon, Seadramon, Arbormon, SkullMeramon, Thundermon, Copperhead and Leap Frog go with you guys?

Me: Yep you all sure can. We're going to the planet Naboo for another awesome race.

Seadramon: Wow I'm looking forward to this one.

Harpymon: Me too. Naboo is so pretty.

Laney: It sure is awesome.

Me: Yep. And it's also where The Battle of Naboo took place as well as the battle with Darth Maul.

Eli: That was a treacherous battle and Maul was so full of hatred.

Me: But we made sure that worthless fucking Dathomirian paid the ultimate price for his crimes.

Nico: Boy we sure did.

Lana: Yeah he deserved it after all the pain and suffering he caused.

Brawlrus: And I have a bad feeling that we're about to meet another of his buddies.

Me: And if we do we're going to kill him.

Nico: Yep.

Me: Lets head to the garage.

We went to the garage and got our cars ready and we got them loaded onto the ship and we were off to Naboo!

* * *

On the ship as we were flying to Naboo, we were thinking.

Copperhead: Sorry about those guards in the prison.

Me: No worries. But they aren't dead thank goodness. Just knocked unconscious. Varie and the medical team did a really great job reviving them but they will be out with broken bones for a long time.

Nico: Chris REALLY went off the deep end and we had no choice but to destroy him.

Me: He was a totally lost cause.

We then arrived at the planet Naboo and we were at the palace of Queen Amidala.

Tomahawk Man: Here we are in Naboo.

Me: Yep. Wow. It's amazing as the first time we were here.

Nico: It sure is awesome. The view is just as beautiful as I remember.

Eli: Wow.

Varie: It sure is awesome.

Me: Yep.

Eli: Always awesome to come here.

Harpymon: (to Nico) I'm surprised you're not planning another blind dates.

Nico: Well, all of my childhood friends already have boyfriends. Besides I don't think I can have another tickle session.

Harpymon: True. But we'll find some more of your friends someday.

Nico: Yeah.

Laney: Well we just have to know where to look.

Matoombo: Didn't Maul battle Qui Gon Jinn here?

Nico: He sure did and in the movie Darth Maul killed him. But we made sure that Darth Maul died first.

Qui Gon Jinn: Yes you sure did.

Me: Darth Maul was a monster that deserved nothing but death just like Palpatine.

Arbormon: How much time before the race starts?

Me: It starts in 10 minutes.

Arbormon: Wow we got here just in time.

Me: Yep. Lets get ready everyone!

We got ready.

Ludwig Koopa: Just like in Mario Kart!

Me: It sure feels like it.

Nico: I think it's so awesome.

Billy Natson then appeared.

Billy Natson: AND Welcome to another most exciting event in racing history folks. Hello everyone I'm Billy Natson and we have a magnificent show for you all today. Eli: Wait! I sense a huge evil ahead!

Me: Uh oh! Who is it bro?

Eli: It's… Darth Maul's evil brother Savage Opress!

The Jedi all gasped!

Me: Savage Opress!? Wasn't he Count Dooku's Apprentice that wanted to help Ventress kill him so he can help his brother Maul?

Anakin: That's right.

Me: What can you tell us about him?

Ahsoka: It's not a pleasant sight.

She told us all about him.

* * *

Savage Opress is a major antagonist in the 2008-2020 TV series Star Wars: The Clone Wars. He was Darth Maul's long-lost brother and apprentice born on the planet Dathomir. He is a Dathomiran Zabrak Nightbrother who became a Sith Acolyte along with his brother Maul. Originally a tribal leader on Dathomir, he was picked by Asajj Ventress and the Nightsisters to assist in Ventress' goal of killing Count Dooku but, Savage had went rogue and instead traveled with his brother Maul all across the galaxy to get revenge on the Jedi and Obi-Wan Kenobi. He is a supporting antagonist in both Seasons 3 and 4, and a major antagonist in Season 5.

He was voiced by Clancy Brown, who also portrayed Mr. Krabs in SpongBob SquarePants, Lex Luthor in Superman: The Animated Series and in Lego Batman 2: DC Super Heroes, Byron Hadley in The Shawshank Redemption, Viking Lofgren in Bad Boys, The Kurgan in Highlander, Undertow in The Little Mermaid II: Return to the Sea, Long Feng in Avatar the Last Airbender, Dr. Neo Cortex and Uka Uka in Crash Bandicoot, Hades in God of War, Mr Freeze in The Batman, Grune in Thundercats, Mr. Sinister in Wolverine and the X-Men, the Evil Entity in Scooby-Doo! Mystery Incorporated, Rahzar in Teenage Mutant Ninja Turtles, Surtur in Thor: Ragnarok, Edgar Volgud in Atlantis: Milo's Return, General McGuffin in Wander Over Yonder, and Kojak in Recess: School's Out. Immersion in the Dark Side

Savage Opress is one of the tribal men of Dathomir, the Nightbrothers, who were subservient to the Nightsisters. He is an unpredictable warrior and a formidable opponent because of his reckless, impulsive nature and sheer brute force. He and his brother Feral were selected by Dark Jedi Asajj Ventress in a grueling process that pitted nine of the mightiest warriors against each other; Ventress ultimately planned to use them in her plot of revenge against her former master, Count Dooku.

Savage transformed by Nightsister magicks.

Opress was brought to Mother Talzin, who served as the leader and shaman of the Nightsisters. After examining Opress and sensing the hate and power coursing through his veins, Talzin put him into an enchanted sleep and had him brought to the altar known as the Font. In an ancient ceremony heavily rooted in the dark side of the Force, Talzin and a full coven of her spellcasters bound together, channeling Opress' hatred to transform him into an avatar of primal anger. Subjected to the dark magicks of the Fanged God, Opress was granted greater height and size, a full crown of vestigial horns, and fearsome power: he gained even more brutality, an unmatched ferocity, and heightened physical potential and Force abilities.

In addition, the Nightsisters placed him under their control so that Ventress could dictate his actions via a spell of loyalty. Talzin secretly ensured that he would remain loyal only to her. Sure enough, as darkness entered his mind, he gave his life over to the Sisters.

Training under Dooku

Bigger and stronger than before, he killed Feral, his own brother, as part of his final test, and later became Count Dooku's apprentice. But in reality, Opress was only pretending to serve him, as he still assists Ventress. He proved himself to be a worthy warrior by killing clones and two Jedi on Devaron. Later on, Dooku trained Savage in the ways of the dark side, making his connection with his hatred stronger. With Savage's first stages of his training completed, Dooku sends him to Toydaria to bring King Katuunko alive, and to kill all who would interfere, Jedi included. The trainee arrived on Toydaria in Dooku's solar sailor, and murdered the Toydarian guards who got in his way. After rendering the Toydarian King unconscious, he turned to leave, but Anakin Skywalker and Obi-Wan Kenobi entered the throne room and fought the mutated Zabrak.

As Katuunko woke up and tried to escape, Savage force choked him and crushed the King's throat, killing him. Opress managed to get away from the two Jedi with the dead king in his hands, destroyed their Jedi shuttle with the Force, and returned to his master with Katuunko's dead body. However, Dooku was infuriated with Opress for killing Katuunko, since the king was of greater use to him alive. Dooku tortured his Sith apprentice with Force lightning, but Ventress persuaded him to let her fight Opress. Ventress reminded Savage of his true loyalties, and he sided with Ventress to kill Dooku. Savage and Ventress fought Dooku with all their might, but as Savage kept on getting struck by Dooku's lightning attacks, Ventress rebuked him as she fought Dooku. Angered at his skills being rejected by both of his "masters", Savage betrayed both Dooku and Ventress by force choking them into a brief submission, broken when the two fled through escape hatches in the floor to persist in their battle elsewhere.

Abruptly Opress was now confronted by Anakin and Obi-Wan once more, as the two had managed to follow him to the dreadnought. However, Dooku, after defeating Ventress and forcing her retreat, commanded his battle droids to kill Opress, deeming him a "traitor." However, Opress barely managed to escape the two Jedi and Dooku's battle droids, making his way to Dathomir in Dooku's stolen solar sailor. After Opress' attempt to kill Dooku, he headed back to Mother Talzin wounded and exhausted, claiming that Ventress had betrayed him. Mother Talzin told Savage to go to the Outer Rim and train with his surviving brother, Darth Maul. Mother Talzin gave Opress an artifact before he left, allowing him to search for his brother.

## Joining with Darth Maul

In the fourth season, Opress eventually found Maul, destitute and suffering from amnesia, on the junk planet Lotho Minor in the Outer Rim. He was told by an alien named Morley of a monster lurking on the planet. Soon Opress' artifact presence began to detect Maul and it became apparent that the monster he heard of was his brother who he finds after a while. At first, Maul is shown insane and has replaced his severed legs with droid legs. Opress' questions causes Maul to remember all he had suffered under Emperor Palpatine' tutelage, including being cut in half by Kenobi, and he swears revenge on both the Jedi and the Sith.

Returning to Dathomir in the aftermath of the Nightsisters' slaughter by Dooku's forces, Savage takes Maul to have his sanity restored by Talzin's magic. Savage watched Talzin reconstruct Maul's droid legs to more humanoid form. After he awoke, Maul addressed Savage as his brother. Savage then helped Maul extract revenge on Kenobi by luring him into a trap by attacking a small village on Iridonia, knowing that the Jedi will come to assist. However, Ventress' unexpected appearance to collect a bounty placed on Opress thwarts Maul's plan.

Ventress and Kenobi duel Opress and Maul in the cargo bay of Savage's stolen ship but soon realize that they are outmatched and are forced to flee via the cockpit escape vessel.

## Beginning Their Own Plot

Opress and Maul continue to appear in the fifth season, trying to create their own criminal syndicate. Needing followers, they travel to Florrum where they manage to convince Weequay pirate Jiro and his crew to join him and betray their leader Hondo Ohnaka. While Maul duels Kenobi, Opress fights Jedi Master Adi Gallia and eventually kills her. After Kenobi cuts Opress' arm off, their ship gets damaged and the brothers escape in an escape pod.

Opress and Maul are later found nearly dead by the Death Watch Mandalorians led by Pre Vizsla. After Vizsla gives Opress a new arm, the Sith Lord brothers set out to get revenge against Kenobi. When Maul offers Vizsla the chance to reclaim Mandalore by creating the criminal syndicate Shadow Collective, one of the unsavory methods to recruit the Black Sun with Savage kill off its previous chain of command. Maul challenged Vizsla to a duel and eventually killed him with the Death Watch leader's own darksaber and then kills Satine Kryze. Later, Emperor Palpatine arrived and fought the two Zabraks brothers in a lightsaber duel, mortally wounding Opress.

With his dying breath, Opress apologized to his brother, saying he was not worthy of being his apprentice. His legacy carries on as Anakin Skywalker manages to defeat Emperor Palpatine for good.

---

When she was done we were shocked!

Nico: Oh man! He is bad news!

Laney: But I thought he was dead!

Me: So did everyone else.

Seadramon: Where is he right now?

Me: He is…

I was looking around and feeling for his presence. I then sensed something.

Me: THERE!

I fired an energy blast and it hit a mountain and exploded!

KRABBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

The explosion sent a figure out and it was SAVAGE OPRESS!

Nico: There he is!

He summoned his car and pulled up in front of me and I put my car on Autopilot and I stood on the hood of my car ready to face him.

Me: So Savage Opress. We meet at last.

Savage Opress: You might have defeated Maul and Dooku. But let's see how you do against someone like ME!

Motormaster: Well, on a racetrack like this, I'm the King of the Road, buddy!

Me: Let me have my fun first. I want to show him just how strong I've gotten since I got my newest power. Also Maul and Dooku were killed by me. I killed your brother and Dooku.

Savage Opress was shocked! THEN HE… WENT… ABSOLUTELY… BALLISTIC!

He screamed in fury and ignited his lightsaber and I ignited mine and we clashed powerfully!

(DUEL OF THE FATES PLAYS)

We were clashing all over the place and really going at each other with incredible fury! Sparks were flying all over the place and it was a brutal and powerful fight as fires exploded out all over the lands and setting everything on fire in a blaze of epic power.

The battle raged for 40 minutes.

Savage Opress: This battlefield is getting worn out. Let's take this somewhere else! (runs off)

Arbormon: Well, now we can still do our entrance on him!

Me: There's still plenty to battle on. Lets get him!

We went after him.

Lasers hit his car and it was stuck in straight cruise and then the spirits of all 1,400+ Digimon appeared and they swirled around him and roared ferociously! Then they converged and then…

KRABBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion went off and a phoenix cry was heard and then we came out.

Me: Running away so soon? I guess that shows that you are nothing but a coward. Just like you're miserable brother when I killed him.

Savage Opress: I HATE YOU J.D. KNUDSON!

His hatred had my aura flare up with incredible intensity!

Me: Thanks for the power boost.

Freon froze Opress' legs.

Savage Opress: You think this will hold me for long?!

Freon: Nope. But it does buy my friends time!

Savage Opress: Time for what?

Me: For me to pulverize you into pulp.

I then flared up my aura with unbelievable intensity and went into my new ultimate Super-Angel-Harmony Form and then I flew at him with incredible speed and force and smashed my fist into his stomach with incredibly devastating force and then I punched him in the face and kneed him in his face with devastating force! Then he punched me and his punches didn't even make me flinch!

Me: (Laughs) Sorry about all that. I'm just surprised as anyone else. Surprised at how powerful I've become.

Savage Opress: What do you mean!?

Me: Your punches only tickled like a tiny feather.

Savage Opress: HOW DARE YOU SAY THAT YOU BASTARD!?

I grabbed his fist and then I kneed him in the face.

Machinedramon: Lightsabers are good. But so is this! (Echoing) GIGA CANNON!

He fired energy blasts from his cannons and they hit Savage Opress and exploded all over him!

KRABBBBBBOOOOOOOOOOOOMMMMMM!
KRABBBBOOOOOOOOOOOOOOOOOOMMMMMM!
KRABBBBBOOOOOOOOOOOOOOOOOOOMMMMM!
KRABBBBBBBOOOOOOOOOOOOOOOOMMMMMMMMMM!

Nene: Lets see how he likes Digimon Powers.

Azulongmon: Let me lend my power to you Nene.

Azulongmon glowed and he turned into a wicked powerful and amazing scythe and Nene took it and the power of The Digimon Sovereign of The East flowed through her and she was emitting the neon blue aura of Azulongmon!

Nene: Wow! Azulongmon this is amazing!

Azulongmon: You have amazing gifts and a great heart Nene. Use my power in the form of this scythe well.

Nene: With pleasure. Lets see how he likes this. (Echoing) SOVEREIGN LIGHTNING SCYTHE STRIKE!

Nene swung the scythe and fired a massive blade shower from the scythe and it slashed and electrocuted Savage Opress sall over with the furious power of a million blasts of Force Lightning!

Eli: That was awesome!

Nene: So cool!

Troy: Since we're in space, this mode is perfect!

Megaforce Rangers: Legendary Ranger Mode: Space Squad Nine!

The Megaforce Rangers turned into the Kyurangers!

Me: Awesome!

Nico: Lets get him guys!

Puppetmon: (Echoing) PUPPET PUMMEL!

He fired a massive barrage of energy balls from his hammer and they hit Savage Opress and smashed him all over the place.

Harpymon: Try this one! (Echoing) WIND SEEKER!

She fired a blade of wind and Savage Opress tried to defend himself with his lightsaber but the blade of wind slashed his lightsaber in half and destroyed it!

Savage Opress: Give me back my lightsaber!

May: You mean what's left of it?

Gilda: I have a better idea! I'll just take you up in the air and let you fall to your death!

William: I like that idea!

Me: Go for it Gilda!

Gilda grabbed him and then flew high into the air.

Savage Opress: UNHAND ME NOW! OR FEEL MY WRATH!

Gilda: Oh I will unhand you all right!

At 65,000 feet she dropped him and he fell to the ground.

with one massive and tremendous thud he smashed into the ground with devastating force!

CRAAAAAAAAAAAAAAAAAASSSSSSSHHHHH!

He was in a crater and all mangled up.

Me: Lets see how he likes this one! (Cups hands to side) KAAAAAAAAAAA MEEEEEEEEEEE HAAAAAAAAAA MEEEEEEEEEEEE HAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAA!

I fired a powerful rainbow Kamehameha Wave and it slammed into Savage Opress and exploded with incredible power!

***KRABBBBBBBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOO***

The explosion was so massive, so powerful and so devastating that it shook the planet and when the smoke cleared, Savage Opress was mangled up more and bleeding profusely.

Me: Uh oh. That voice is very familiar.

Leo 2003: Oh man, I was hoping never to hear that voice again, you can come out now, Shredder.

A figure came out was none other than our old enemy, Shredder.

Karai: (Japanese Accent) I thought that I'd never see you ever again, Shredder.

Shredder: I will never die, not as long as those Turtles and all of you live!

Twilight Sparkle: Whoa, it sounds like you have a history with Shredder, what can you tell us about him, J.D.?

Me: You won't like him, Twilight. He is one of the most despicable monsters we faced.

I proceeded to tell Twilight Sparkle and the others who hadn't joined us about Shredder.

---

The **Utrom Shredder**, actually an evil alien named **Ch'rell**, is the main antagonist of the 2003 *Teenage Mutant Ninja Turtles* cartoon series, serving as the main antagonist of the first three seasons of the series and the 2009 film finale *Turtles Forever* .

He is the archenemy of the Turtles and their master Splinter. He also made some appearances in the comics like in the Mirage comics version as a cameo and later a major villain in the IDW version. He is the show's version of the Shredder.

He was voiced by Scottie Ray, who also played both the Tengu Shredder and the Cyber Shredder in the series as well, Daz Bonez in *One Piece*, Anubis in *Yu-Gi-Oh!: The Pyramid of Light*, Zure and Zane Truesdale in *Yu-Gi-Oh! GX* and Red Genesect in *Genesect and the Legend Awakened* .

Ch'rell was a malevolent member of a peaceful alien race named the Utroms and went from planet to planet, unleashing wars, creating chaos and causing death and destruction. He was eventually captured by the other Utroms, but some time after being taken into custody, he somehow managed to free himself and caused the transport ship to crash on Earth in 11th century Japan. Ch'rell survived the crash and went into hiding. After the Utroms managed to create exo-suits to adapt with humanity, Ch'rell stole one. Later, he became an incarnation of the Shredder, inspired by the legends he heard about the Tengu Shredder. Ch'rell also proceeded to form the Foot Clan to aid his plans and also created the Sword of Tengu, but he lost it at some time in the past.

At some point in modern times, Ch'rell, as Shredder, adopted and trained an orphan named Karai, to whom he left the duty of watching over the Foot Clan's Japanese branch. He went to New York, where Shredder established himself as Oroku Saki, a billionaire businessman and took over the criminal underworld. One of very few people who could oppose Shredder was Hamato Yoshi, who protected the Utroms but refused to give up their location, and was killed.

Years later, Shredder continued to rule New York's underworld until the Ninja Turtles stopped a group of Purple Dragons who tried to steal an armored car full of money. Next they stopped Baxter Stockman's Mousers from robbing banks in New York. Finally, Shredder managed to retrieve the Sword of Tengu, along with one of the Utrom's exo-suits, so he knew that they were still around.

But then the Turtles got their hands on it and Shredder decided to get rid of them, assigning Hun and Stockman to find some way to deal with them. Hun managed to capture Raphael, then let him go so Stockman's Foot Tech Ninjas could follow him. The plan failed, but from what Hun found out from Raphael, Shredder learned that the Turtles are unaware about the Utrom, so they could be useful to him.

He invited Leonardo to his home as Oroku Saki, telling him that there was a great evil that his Foot Clan fought and that they should join forces to stop it. However, Splinter revealed to Leonardo and the other Turtles that Shredder is an old enemy who killed his master, Hamato Yoshi.

As the ninja turtles confronted the Foot Clan on the rooftops to deliver the news that they refused to join the Shredder, a fight started and though the turtles managed to fight off his Foot Ninjas and Hun, Shredder was able to send them running.

Splinter managed to help them regroup and they faced the Foot Clan again, but Shredder defeated them one by one. However, Splinter tricked him into cutting the support for a water tower, which was then knocked onto him. The water swept Shredder off the building, before the water tower itself fell on top of him.

Believing that they heard the last of him, the Ninja Turtles left with Splinter, but Shredder was very far from done. However immediately afterwards, Leonardo, who'd accidentally ended up in the past, came across Shredder, but beat him. Shredder and the Foot Clan followed Leonardo through time portals, ending up on Sh'Okanabo's space ship. They tried to take the technology, but with Sh'Okanabo and the Turtles to deal with, Shredder and his Foot Clan were defeated, ending up in their normal time.

Months later, Leonardo was attacked and almost beaten to death by the Foot Elite, and Shredder snapped his swords in half. After tossing Leonardo through the window of April's Second Time Around shop, Shredder led the Foot Clan to attack it. Eventually, the Turtles, along with Casey and April were forced into a walk-in freezer (since the store used to be a supermarket). As the police showed up, Shredder barred the door, cut a gas pipe, and dropped a fire bomb, which caused a explosion. However, the Turtles, Splinter, Casey, and April escaped the explosion and retreated to a farmhouse in North Hampton that belonged to Casey's grandmother.

They returned to New York, before storming the Foot Clan's headquarters and fought their way through the Foot Ninjas, Hun, mutated Shredder clones, and the Foot Mystics.

The Turtles finally reached Shredder's location, where they faced the Foot Elite and Hun again, before Stockman appeared, now in cyborg armor that he reverse engineered from the Utrom exo-suit Shredder left him to study. Shredder and the Turtles were forced to team up to fight him and after he was defeated, they took the fight out to the balcony of the building.

However, the Guardians showed up to help the Turtles and though the Shredder managed to reclaim the Sword of Tengu, Leonardo took it from him. With the Sword of Tengu, Leo faced off against Shredder, who was using the Turtle's katanas, in one final clash.

It ended with Shredder being beheaded, but after the Ninja Turtles left, he picked up his head and walked away. After the battle, Splinter went missing and the Turtles found him at the T.C.R.I. building, with Shredder following them. He sent Stockman into the building to tamper with the VR technology that the Utroms used to show the Turtles a flashback of their history. This forced them to fight a feudal version of Shredder and the Foot Clan, but they managed to get back to reality, where the Shredder and the Foot had invaded the building and attacked them. However, Donatello managed to transport all the Utroms and Guardians to the Utrom Homeworld, much to the anger of Shredder who tried to attack the Turtles as a revenge and revealed his true self. The Turtles escaped the imploding building, leaving Shredder alone inside as the building imploded and he was presumed dead.

With his supposed demise, the mob, the Purple Dragon, and the Foot, under the leadership of the Foot Elite, began a power struggle. Karai and the Foot, with help from the Turtles in exchange for a truce, managed to get back control of the city. However, it turned out that Ch'rell had survived and was placed in a capsule to heal him while Karai watched over him. After being fully healed, Shredder's first order of business was to have revenge on the Turtles. He found out that Hun had reduced Stockman to nothing more than a brain and recruited them again.

At that point, Stockman had created the Foot Mechs, mainly in the form of armored ninja robots, along with versions of the U.S. President, English Prime Minister, and Splinter. However, Shredder lost again to the Turtles with help from the Triceraton, Zog, as well as the fact that Karai was questioning her loyalty. Shredder was defeated after Zog gave his life to keep him on his freighter when it exploded, but Karai rescued him on a helicopter. Soon afterwards, the Triceratons launched an invasion of Earth and Shredder used it to gain favor in the city. He did so through his Oroku Saki persona by paying to restore the city.

Shredder would also make changes to the Foot Clan, such as Karai being his new second in command, above Hun, and Dr. Chaplin being hired as a replacement for Stockman. However, while Shredder was involved in the city's politics, at the same time he worked on a spaceship in the hopes that he could destroy the Utroms, as well as other planets. With his ship finished, Shredder left Karai in control of the Foot Clan, but Splinter, the Ninja Turtles, Leatherhead, and Agent Bishop interfered. During that battle, Hun discovered that Shredder was really an Utrom after his exo-suit was damaged again.

Despite numerous complications, including Baxter sabotaging his ship and attack by Agent Bishop and his men, Ch'rell managed to get onboard the ship with Karai and Chaplin.

As he entered a final battle with the Turtles, he used his more powerful exo-suit, easily defeating both them and Splinter. However, Shredder was forced to fall back after Bishop fired on his ship and the Turtles decided to use their last resort; they used the Fugitoid Program to overload the ship's core, which would destroy everything including themselves, so as to stop Shredder. However, the Utroms stopped the explosion using time stasis and put Ch'rell on trial for his actions.

Later on the Utrom homeworld inside the chambers of the Utrom High Council, the Turtles (who have various injuries on them), Splinter (who has some burns on him), and Professor Honeycutt (in a new robot body) watch a group of seven Utrom judges on the Utrom High Council as the holographic heads of various sentient alien species are shown watching the trial. They hear testimony from several alien races regarding the heinous crimes of Ch'rell who has gone through various aliases like Torrinon, Kako Naso, Duke Acureds, Oroku Saki, and Shredder.

Dolphette's testimony had mentioned that Ch'rell willingly launched an attack on the planet Enethone where over 1,000,000 innocent inhabitants perished. Wan-ran Otho's testimony had mentioned that Ch'rell incited and funded a civil war on Eno II in an effort to mine their raw minerals without restriction. 3,200,000 lives perished in the civil war. The final mentioning was that Ch'rell tried various attempts to take over the Utrom government through an illegal and violent coup.

As punishment for all the chaos and destruction he'd wrought throughout the universe, Ch'rell was banished for eternity to the ice planet, Mor Gal Tal, to freeze to death and is last seen on Mor Gal Tal yelling in rage and despair. With Shredder gone, Hun would turn the Purple Dragons into an organized crime syndicate and Karai would take over the Foot Clan as the new Shredder with Chaplin at her side.

After the Shredder from the universe of the 1987 TMNT show ended up in that of the 2003 show, he began looking for his counterpart. He eventually located Ch'rell, frozen and teleported him to the Technodrome, where he revived the Utrom. However, it didn't work out as the 1987 Shredder had hoped, since his Utrom counterpart proceeded to take de facto control of the Technodrome with help from Karai who had Been monitoring his exile and tracked him to the Technodrome. He used technology from Krang's body to construct a more powerful exo-suit for himself and upgraded the Technodrome with Utrom technology. Bebop and Rocksteady two mutants who worked for the '87 Shredder now joined Ch'rell because he finds them amusing.

Ch'rell also created more advanced versions of the Foot Soldiers, as well as an army of mutants from his human soldiers. He proceeded to view all other dimensions using the Technodrome's dimensional portal, but what he saw shook him. Utrom Shredder saw that there were Ninja Turtles in every dimension and resolved to destroy each version. He used the Technodrome to attack New York along with his army of advanced Foot Soldiers and mutants. When the 1987 turtles and 2003 Turtles confronted Ch'rell, he managed to capture them and revealed his full plan.

He told them that each dimension branched off of one original dimension, "Turtle Prime", which was the dimension of the original TMNT comics. Ch'rell proceeded to show the turtles their alternate selves across the Multiverse and reveals he is scanning both groups of Turtles for the DNA he needed to find Turtle Prime and destroy it, thus destroying Ninja Turtles in every dimension. He then located Turtle Prime and gloated they will be destroyed with the scan. With this done, Utrom Shredder headed to Turtle Prime to destroy it, but the 1987 and 2003 Turtles managed to follow him.

After meeting and joining forces with their comic book incarnations, they went to deal with Utrom Shredder in Technodrome as he continued destroying the dimension. The comic Turtles managed to taunt Utrom Shredder into coming out to face them, but he soon found himself confronted by three teams of Turtles, 1987 Shredder, Krang, 2003 Splinter, along with Karai, who'd realized that his actions would destroy them all.

However, Ch'rell grew his exo-suit to giant size and proceeded to overwhelm them all with his suit's new technology. Krang also uses his exo suit to grow bigger as well attempting to fight Ch'rell. However, Ch'rell easily defeats and immobilizes Krang and his exo suit. Ch'rell manages to grab hold of the Mirage Turtles almost killing them and everyone else including himself as the world is being erased. Ch'rell himself is almost erased but decides that he must destroy all Ninja Turtle life even if it destroys him, despite Karai telling him to stop his madness. However 1987 Donatello throws exploding throwing stars at Utrom Shredder's left leg which makes him let go of the Mirage Turtles. Ch'rell then mocks his attackers, until the laser from the Technodrome's laser fires right in front of Ch'rell's exo suit. The laser opened fire as Bebop and Rocksteady turned it back on in an attempt to help Ch'rell, thinking he will be pleased that they "fixed" the laser for him. The laser however strikes Ch'rell's exo suit at such a close range that it tears it apart. Meanwhile Ch'rell tries to save himself but he cannot control his exo suit as the sheer power of the laserbeam rips his exo suit apart. Ch'rell screams that he is The Shredder and cannot be defeated, but his screams become quieter as he perishes in his dissolving exo suit.

When '87 Donatello mused aloud if Ch'rell was gone for good this time, 2003 Splinter said that he is seldom gone for long and Karai agreed that he would return. It's unknown if Ch'rell survived this final defeat or not given his habit of always coming back, but even if he is still alive, Ch'rell would be left in "Turtle Prime" with no way to return back to his original dimension.

Steven Universe has transformed into SUPER ANGEL 750,000,000,000 CELESTIAL ROSE QUARTZ LION ANGEL OF LOVE AND JUSTICE!

We were amazed by Steven Universe's Super Angel 750,000,000,000 transformation, including Connie Maheswaran, who had an atomic red blush on her face. But, when Shredder saw it, he flew into a rage and tried to kill Steven Universe, but he fired a blast of light at him, which hits Shredder and it burned badly.

Me: Whoa, Steven's transformed.

Nico: You said it, J.D., and he really damaged Shredder when he tried to kill him, nice shot.

Amethyst: Whoa, Steven, you look awesome. How do you feel?

Steven Universe: (Divine Echoing Cosmic Voice of Light and Crystal Love) **I feel incredible, Amethyst, and now, it's time for me to put an end to Shredder.**

Steven Universe went after Shredder, and he fired powerful blasts of pink energy, light, and lions made of rainbow light and pink energy, which hits Shredder and exploded with incredible power. This enraged Shredder and he tried to attack, but Steven Universe dodged and blocked the attacks with his shield. Then, he slashed off Shredder's arms, and he screamed in excruciating pain. Then, Steven tossed Shredder into the air with his immense brute superhuman strength.

Steven Universe: **May you never return from the dead to torment anyone ever again, Shredder. ROSE QUARTZ LION BARRAGE!**

Steven Universe fired massive pink energy blasts, which took on the form of lions, and they pounced on Shredder and they ripped him apart, and he exploded in a pink explosion. The resulting explosion killed Shredder, and his evil spirit was Super Hakaied forever. We all cheered wildly for what Steven Universe did, as he holstered his massive Sword of the Crystal Gems on his wider and more muscular back and powered down, and his new clothes, weapons, jewelry, and angel wings are permanent.

Connie ran up to Steven Universe, and she hugged him by the waist, and he wrapped his abnormally massive and powerful muscular arms around her, and he lifted her up. Then, we saw Steven kissed Connie on the lips, and we cheered at the scene and the bold move Steven made.

Nico: Alright, way to go, Steven.

Amethyst: Whoa, that was quite a bold move Steven made.

Pearl: Well, I knew it was about time though. Steven did have feelings for Connie, and now, those very feelings have now bloomed.

Garnet: (Smiles) Now, we have to wait for Steven to propose to her, and then, very soon, it'll be the wedding.

Me: You got that right, Garnet.

But then another surprise came.

?: YOU MOTHERFUCKING CUR!

Me: Oh great!

Nico: What is with these Evil Sasuke's!?

An Evil Sasuke came out.

Maria: (to me) Look, J.D. We don't have time for a rant against this douche, We have a race to finish.

Nico: Besides, I have feeling another baddie's gonna show up.

Me: I know but I've been wanting to try out this power on an Evil Sasuke but I never got the chance. Now I can. Besides we have plenty of time to finish the race.

Nico: Okay.

Eli: Go get him bro.

Me: With pleasure.

I went up to him.

Me: You just never know when to quit do you. Especially even when we're having fun.

Evil Sasuke: YOU RUINED EVERYTHING FOR ME YOU MOTHERFUCKING CUR!

Me: Hmm. Yes and a "Motherfucking Cur" was the only kind of person you can handle. I remember that your father said that very same thing to me in 150,000 years just as I was killing the Uchiha for their crimes and snuffing out the very darkness that they used to destroy so many lives. When he made his speech about how you were going to kill all of the Leaf in the name of Madara Uchiha all they did was seal their fate. Your Father poisoned his own son with his own hatred and turned you into a miniature version of him and he poisoned your mind with so much of his hatred over everything that you became a totally lost cause. He made you into a homicidal and completely mentally unstable psychopath and you did not show any value towards friendship or comradery. You wanted everything handed to you on a silver platter just like your wretched father and all your clan did. You cheated in everything, Even though Ninjas cheat, education is the one thing that we NEVER cheat at. Isn't that right and they say that your father was leading the Uchiha to greatness. But it turns out you're just another lost soul of the run-of-the-mill ninja. And you know it. You're not even in the same league in the kind of power that I possess. I can destroy the entire universe in the mere blink of a cosmic eye. In fact, next to my kind of power and the power that you have, you are nothing compared to me and you and your clan were nothing but a bunch of pathetic ants compared to it. The way you covet all that power, the way your clan did all the deeds in the name of the devil known as Madara Uchiha, a monster and a planet destroyer. It's downright fucking disgusting. As the most powerful fighter and warrior and champion in the universe, all I see when I look at you is a fucked up miserable fuckweed and a heartless motherfucking psychotic wretch. And on top of that I fucking hate your style above all others you ruthless fuckkicker! What is it that you are hoping to accomplish? Stealing all the jutsu in the world just to expand your jutsu arsenal and repertoire, committing crimes all over the planet just to satisfy the devil Madara Uchiha, murdering innocent people, stealing jutsu, pursuing petty and worthless desires like revenge and above all betraying the very village your clan founded. You Uchiha Motherfuckers don't give a flying fuck about anyone but your pathetic goddamned motherfucking selves and that is why I killed them all including your father. The Uchiha are heartless monsters that murder, lie, steal, betray and are completely powerhungry just like you and that's why I killed them all. YOU ALL FUCKING DISGUST ME!

He ran at me with a Chidori and I teleported and fired waves of lava and burned his hands and he screamed in pain as he was burned all over and then I kicked him in the face and smashed him into a rock! Then he popped out of the rubble and threw the rock at me and I smashed it with incredible brute strength and smashed him with waves of rocks and pebbles and smashed him all over the place! I then fired waves of darkness and electrocuted and burned him all over.

Evil Sasuke got up and he was more enraged than ever before!

Evil Sasuke: (ENRAGED SCREAMING) WHAT IS IT WITH YOU!?

WHY ARE YOU SO STRONG!? IT'S NOT FAIR! THAT POWER SHOULD BE MINE!

Me: You will never have my power. You will always be nothing more than a worthless weakling. Your hatred only does nothing but make you weak.

Evil Sasuke: SHUT YOUR FUCKING TRAP!

Me: MAKE ME!

Evil Sasuke then charged up his most powerful attack!

Evil Sasuke: YOU WILL BOW TO ME! WE ARE THE ELITE AND WE ARE THE STRONGEST!

Me: You are nothing but a low-grade amateur. (Charges up a Kamehameha Wave!

Evil Sasuke: SHUT YOUR FUCKING MOUTH AND BURN FOREVER IN OBLIVION! INDRA'S ARROW!

Me: You're the One that is going to oblivion you motherfucking asshole!

I fired my Rainbow Kamehameha Wave and Evil Sasuke fired his strongest Lightning Style Attack and the blasts collided and my blast pushed the Lightning Arrow back and then the lightning arrow exploded with incredible power!

***KRABBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO***

Then my blast went through the explosion and it hit Evil Sasuke and he screamed in pain as it exploded!

Evil Sasuke: DAMN YOU J.D. KNUDSON YOU MOTHERFUCKING CUR!

EXTREMELY MASSIVE EXPLOSION!

Evil Sasuke was completely obliterated in an instant as well as Super Hakaied and all the Evil Sasuke's were all Super Hakaied forever and so were all the evil Uchiha from all over history including Madara Uchiha. The terror of the Evils of the Uchiha Clan had been silenced forever! In universes all over the Multiverse were Evil Sasuke's dying and being Super Hakaied and all the Evil Uchiha were dying and Super Hakaied too. No more Evil Uchiha.

I powered down and we would never have to deal with the Evil Sasuke's ever again.

Me: It's finally over guys.

Everyone cheered wildly for me!

Me: Now we can finish the race.

We went and finished the race and then Twilight Sparkle, me, Allie, Lily Loud, May and Nico won the race!

Thundermon: Sorry we're late, folks. There were a few… delays.

Twilight Sparkle, me, Allie, Lily Loud, May and Nico were given trophies that looked like the planet Naboo and it was made of colored Waterford Crystal and it had 2 lightsabers behind it and it had a Naboo Starfighter around it as well as a race car.

Me: Awesome race everyone!

Billy Natson: You all did amazing out there!

Me: Thanks Billy. This was so fun.

Me: Glad you want to go.

Raven Branwen: (to you) We heard Chris Griffin went on a rampage.

Me: Yeah he sure did.

Felix Faust: Was anyone killed because of him?

Me: No thank goodness. Just a lot of broken bones and concussions and all that.

Felix Faust: That's a relief.

?: It sure is.

A figure came out and it was SMOGGER from episode 8 of Lightspeed Rescue!

---

This monster was summoned by Jinxer to serve Vypra, defeat the Power Rangers and destroy Mariner Bay by hurling explosive orbs at buildings that causes them to ignite. He confronts the Lightspeed

Rangers and summons an army of Batlings to hold them down while he escapes. Chad and Kelsey went after the monster and gave chase into an old building, where he got cornered, but he used his explosive gas to cause an explosion that put Kelsey in the hospital when she fired her Rescue Blaster at the door where he smoked. He sees the results of both Kelsey and Chad being "out for the count" and goes out to find Vypra and tell her the news, but little did he know that (A), Chad and Kelsey had survived the blast, and (B), Brian, a young man who seems to have a small grudge over Chad was secretly following him. When he got to the secret hiding place, he proudly tells Vypra the news of how he took care of both Chad and Kelsey. Afterwards, Vypra then orders Smogger to use his gas to blow up Mariner Bay and they caught Brian, who was spying on them both, but he says he wants to defeat Chad himself. Smogger then returns to Mariner Bat with an army of Batlings and goes to the main street tunnel to try and blow up Mariner Bay from underneath. Carter, Joel, and Dana came to battle the monster, so he sends the Batlings but they were all easily defeated. He took out the Rangers by first tying them up with his Mouth Vine Rope attack and throwing a barrage of exploding orbs at the Rangers. He was about to finish them off with a much larger orb bomb until Kelsey came to the rescue in her Lightspeed Cycle and blasted the bomb back at Smogger with the Rescue Speeder before using her Rescue Blaster to free the other Rangers. They were still outmatched, but Chad (after both battling and saving Brian from Vypra's hypnosis) came in to help, Carter and Chad then rode on the Lightspeed Cycle and blasted him with the Lightspeed Cycle blasters and the Rescue Blaster to weaken him enough to run him over with the Lightspeed Cycle, finally destroying him.

---

Kelsey: Smogger!

Smogger: Been a while rangers.

Me: I remember you all too well. You used your explosive gas to destroy buildings and you seriously wounded Kelsey and put her in the hospital.

Smogger: That's right J.D. Good memory on you.

Me: Never missed an episode.

May: You know we're immune to gasses, right?

Smogger: I know. But these aren't gasses that affect your minds. These gasses are for combat only.

Me: I remember that. That is so cool.

Laney: It sure is.

We got the usual battles underway.

---

Green Arrow, The Supremacy Sun, Elemental HERO Glow Neos, Elemental HERO Sparkman, Jared Knudson, Allenby Knudson, Princess Celestia, Minuette, Twinkleshine, Lemon Hearts, Moondancer, Lyra Heartstrings, Sunset Shimmer, Twilight Sparkle, Light Skylanders, Sour Sweet, Aylene, Fluttershy, Rain Mikamura, Jack Skelilngton, Horri Bull and Hotlink VS Jack O Lantern - Chris Griffin rampage

---

Jack O Lantern was first.

Jack O Lantern: (to Green Arrow) Poor Stewie had to gun down his own brother to stop his rampage. God knows what might be going through his mind right now.

Green Arrow: What Chris did was horrible and he brought it on himself. But as far as I can tell, Chris stopped being Stewie's brother a long time ago and he can go burn in the fires of Oblivion.

The Supremacy Sun: Yeah he was a horrible brother and had no right to call himself one especially after everything he did to Meg.

Elemental HERO Glow Neos: And he was a big fat dumb idiot just like his big fat dumb idiot of a father.

Elemental HERO Sparkman: Yeah how he managed to get all the way to high school is beyond me.

Jared Knudson: I think it might be because Peter threatened the school system or he just wanted to make sure that his son got special treatment.

Allenby: That makes me sick.

Princess Celestia: Yeah and Peter Griffin has no right to call himself a father not after everything he did.

Minuette: He is a monster.

Twinkleshine: Boy I agree with you there. What he did makes him not a human being at all.

Lemon Hearts: That is right!

Moondancer: He is something that is completely less.

Lyra Heartstrings: He is a selfish, fat, ugly, stupid, drunk loser.

Sunset Shimmer: If we didn't make that sacrifice of him on Vormir we would have gladly sent him to oblivion even though none of us weren't here for that.

Twilight Sparkle: That would have been nice and satisfying.

Spotlight: It sure would have been.

Sour Sweet: Peter Griffin, Bad Lois, Carter Pewterschmidt, Chris Griffin and Mayor Adam West will forever be known as the Malevolent Quahog 5.

Aylene C.: Ooh good name for them.

Fluttershy: That is a perfect name.

Rain Mikamura: It sure is.

Jack Skellington: I like it.

Jack O Lantern: Me too. Lets do it!

They fired waves of magic and light and smashed him down.

Green Arrow: That was awesome!

Princess Celestia: That was so awesome!

## Ghost Rider, The Tripper Mercury, Elemental HERO Air Neos, Elemental HERO Avian, Rainbow Dash, Scootaloo, Pickle & Barley Barrel, Air Skylanders, Yang, Danny Phantom, Brawlrus and Mab Lobs VS Johnny 13 - 6 Crystal Beast Gene-Slammers and 1 to go

Johnny 13 was next.

Johnny 13: (to Ghost Rider) That's 6 Crystal Beast Gene-Slammers recruited so far. Only 1 to go!

Ghost Rider: That's right and all that's left is Amethyst Cat and then Catherine Lancaster's team will be complete.

The Tripper Mercury: That is gonna be cool to see her team in action.

Elemental HERO Air Neos: It most sure will. I'm looking forward to seeing Catherine's team complete.

Elemental HERO Avian: Me too. This is gonna be so awesome to see.

Rainbow Dash: It sure is! And I think it's more awesome that we're going to have 7 Gene-Slammers of Jesse's awesome Crystal Beasts.

Scootaloo: And with the gems of the 7 colors of the rainbow. So awesome!

Pickle Barrel: That is really awesome!

Barley Barrel: I think so too! It's awesome myself.

Whirlwind: Yeah it sure is cool!

Yang: I like it too.

Danny Phantom: You got that right.

Johnny 13: It sure is awesome. Lets do it!

(GHOST RIDERS IN THE SKY BY SPIDERBAIT PLAYS)

Ghost Rider: Lets ride!

He transformed and they revved up their motorcycles and they were off!

They fired waves of wind, rainbows, energy and lightning and smashed him down.

Ghost Rider: Roadkill.

Rainbow Dash: That was AWESOME!

Yang, The Splendid Venus, Elemental HERO Flare Neos, Elemental HERO Burstinatrix, Sunset Shimmer, Pip-Squeak, Fire Skylanders, Kim Possible, Rainbow Dash, Ghost Rider, Nitro Man, Knight Man and Tomahawk Man VS Motor Ed - Me testing my new power on an Evil Sasuke

Motor Ed was next.

Motor Ed: (to Yang) It's awesome that J.D. tested his new power on an Evil Sasuke. And without interruptions!

Yang: Yeah you should have seen it! His power was incredible!

The Splendid Venus: It sure was. Evil Sasuke was no match for him even with the powers of the Sage of The Six Paths.

Elemental HERO Flare Neos: This Evil Sasuke was imbued with the power of the Sage of The Six Paths and J.D. completely overwhelmed him with no problems.

Elemental HERO Burstinatrix: It was unbelievable. The power they had was enough to destroy over 500 billion planets.

Sunset Shimmer: But it was still an amazing and awesome show.

Pip-Squeak: (British Accent) It sure was! I thought it was all amazing!

Sunburn: I thought so too! I think J.D. did really well too.

Kim Possible: Boy he sure did.

Rainbow Dash: It was so awesome!

Ghost Rider: Yeah it sure was cool!

Nitro Man: Yep. Lets hope that's the Last Evil Sasuke we'll face.

Motor Ed: Yeah that was awesome! Lets get it on!

They fired waves of energy and fire and rainbow energy and smashed him down.

Yang: OH YEAH!

Sunset Shimmer: That was amazing!

## Lars, Elemental HERO Terra Firma, Elemental HERO Grand Neos, Elemental HERO Clayman, Applejack, Apple Bloom, Earth Skylanders, Ruby Rose, Summer Rose, Amber (RWBY), Lupinrangers, Matoombo and Itasis VS Raven Branwen - Darth Maul and his hatred now gone for good

---

Raven Branwen was next.

Raven Branwen: (to Lars) Darth Maul and his hatred are now gone for good. Even though Savage Opress was way more vicious.

Lars Loud: It's just hard to imagine that they had that much hatred towards everything and it was made stronger because of Palpatine.

Elemental HERO Terra Firma: Yeah that was intense. But the Dathomirians are now officially extinct. Their own hatred brought all that onto them.

Elemental HERO Grand Neos: I think the universe is now officially better off without monsters like the Dathomirians and the Mandalorians plaguing everything and terrorizing the worlds all over.

Elemental HERO Clayman: Lets not forget the Thalionians. They too deserved to be destroyed as well.

Applejack: So that makes 3 dangerous warrior races that terrorized the universe destroyed.

Apple Bloom: Yep. Thank goodness they are now gone for good.

Flashwing: That is true. The Saiyans were all redeemed thanks to Nico and his guidance.

Ruby Rose: He not only saved his race from extinction but also saved them from themselves.

Summer Rose: He sure did and he is a good man.

Yang: He absolutely is.

Amber (RWBY): Yes he sure is.

Kairi Yano: I agree there too.

Touma: Me too.

Raven Branwen: Yeah I do too. Lets do it!

LupinRangers: KAITOU CHANGE!

They transformed!

Kairi Yano: (SNAPS FINGERS) LUPIN RED!

Touma: (SNAPS FINGERS) LUPIN BLUE!

Umiko: (SNAPS FINGERS) LUPIN YELLOW!

All: PHANTOM THIEVES OF JUSTICE! LUPINRANGERS!

KRABBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion went off behind them and they were ready for action!

They fired waves of energy, darkness, earth, rock, apples and crystal and smashed her down.

Lars: Wicked.

Applejack: YEEHAW! That was great!

---

Felix Faust was next.

Felix Faust: (to Ingrid) I'm glad Steven transformed against Utrom Shredder. After everything he's been through with us, he's earned it!

Ingrid Third: Yes he sure has and he did really awesome against Utrom Shredder.

Blazing Mars: Steven Universe has an amazing heart on him. He managed to get the Great Diamond Authority to change their ways and become allies and help Earth out in a powerful alliance.

Elemental HERO Dark Neos: He brought 2 amazing worlds together and helped many lives and even built a town for all the gems on Earth.

Elemental HERO Necroshade: That is an amazing achievement for someone so young.

Princess Luna: We're proud of him and Mary sure made the right call in making him a member of the Crystal Brigade.

Moondust: That is so awesome.

Snowdrop: I think so too. Steven Universe, Garnet, Amethyst and Pearl have been through many adventures over the years.

Gari: They sure have and it's so awesome that Steven has so many amazing friends to help him out including Connie.

Felix Faust: That is true. I'm proud of Steven. He went through so much not just on Earth but also the Gem Homeworld.

Ink Rose: We all are proud of him.

Moonlight Raven: He has a heart of gold with a soul of diamond.

Blackout: That's a good way to put it.

Brittney: Steven has done so much over the years and he and the Gems saved the world more times than anyone can count.

Lucy Loud: That is so amazing.

Haiku: It sure is awesome.

Felix Faust: It sure is. By the way how is Alexis doing?

Carly Atlas: She's doing good. Her belly is getting really big.

Misty Tredwell: She got her ultrasound done yesterday and she is expecting Quintuplets.

Tempest Shadow: We are so happy for her.

Felix Faust: Wow! She and Jaden are gonna be both really happy and busy parents.

Ingrid Third: They sure are but we'll be there to help them out.

Felix Faust: Thank goodness. Lets do it!

They fired waves of darkness and smashed him down.

Ingrid Third: Now that was great.

Princess Luna: A true victory of the night!

## Kairi, The Grand Jupiter, Elemental HERO Chaos Neos, Elemental HERO Darkbright, Starlight Glimmer, Cozy Glow, Undead Skylanders, Sora, Riku, Aqua, Terra, Ventus, Magnet Man and Gravity Man VS Dr. Light - Lincoln on the Blue Lantern World of Odym

---

Dr. Light was next.

Dr. Light: (to Kairi) I heard Lincoln's rescue was on the Blue Lantern World of Odym. Is it true that he fought Aresia there?

Kairi: It sure was. Lincoln and Wonder Woman gave that horrible Misandric Male Hating monster what for.

The Grand Jupiter: Yeah he sure did. Nico hated that witch for everything she did. If there is one thing that he absolutely despises above all others it's people that hate the opposite sex and want nothing more than to kill them all.

Elemental HERO Chaos Neos: Yeah and now we killed 3 people that hated men and threw 1 on jail forever.

Dr. Light: Oh right! I forgot that you had experiences with these kinds of people. And I remember that Femme Fatale HATED all men before she joined us.

Elemental HERO Darkbright: That's right. I forgot all about that. But yeah we killed 3 misandric villains Madame Margaret, Violet Vanderfleet and now Aresia.

Starlight Glimmer: Good riddance and thank goodness I would never hate someone like that. I love Lincoln so much.

Cozy Glow: I hope I never turn out that way.

Hex: Yeah but what they were doing was going to destroy the entire human race. But they didn't care one bit.

Sora: Yeah they have no love.

Riku: Not for anyone.

Aqua: People like that make me sick.

Terra: You're not kidding there.

Ventus: Yeah. Those kinds of people are absolutely heartless monsters. No offense to Femme Fatale.

Dr. Light: No kidding. Those kinds of people give all women everywhere a REALLY BAD NAME! Lets do it!

They fired waves of light, magic, stars, energy and bones and smashed him down.

Kairi: OH YEAH!

Starlight Glimmer: That was so awesome!

---

## Hunter, The Big Saturn, Elemental HERO Magma Neos, Elemental Hero Rampart Blaster, Pinkie Pie, Featherweight, Tech Skylanders, Robin, Tara, Starfire, Raven, Kole, Totally Spies Sam, Clover, Alex, Nuova Shenron and Princess Rose VS Red X - Naboo is a beautiful planet

---

Red X was next.

Red X: (to Hunter) Naboo's such a beautiful planet. Too bad Qui Gon got killed there before.

Hunter: Ja und it's amazing that the battle with Darth Maul took place there too. It was amazing.

The Big Saturn: Boy it sure was cool. That was a really cool battle and Obi Wan bisected him in the end. Also he killed Darth Maul who somehow survived on Tatooine.

Elemental HERO Magma Neos: That is really amazing that he was able to survive like that. But at least we've now seen the last of him.

Elemental HERO Rampart Blaster: Thank goodness for that. What he did was absolutely horrible and all because of his goals of vengeance.

Pinkie Pie: I wonder what his goals were?

Featherweight: That is a really good question.

Red X: His goal was to destroy the entirety of the Jedi Order so that he can restore the Sith to Galactic Power.

Sprocket: That is horrible! But we made sure that their goals never came into fruition.

Robin: Yeah thank goodness for that. He deserved to be destroyed.

Starfire: That is true.

Tara: Yeah what he and Opress were doing was horrible.

Raven: But at least we made sure they were destroyed.

Kole: That is true. And we've seen the last of Darth Maul and his brother.

Sam (TS): Good riddance to bad rubbish as we say.

Clover: Yeah what a bunch of evil jerks.

Alex (TS): That is a fact!

Red X: Yeah no kidding. Lets do it!

They fired waves of energy and gears, lightning, metal and lasers and smashed him down.

Hunter: WUNDERBAR!

Pinkie Pie: BEST USUAL BATTLE EVER!

## Omi, The Despair Uranus, Elemental HERO Storm Neos, Elemental HERO Prisma, Twilight Sparkle, Luster Dawn, Sunny Starscout, Magic Skylanders, Danny Phantom, Dani Phantom, Casper, Freakazoid, Onslaught and Motormaster VS Box Ghost - Now we've seen the last of Count Dooku and his evil

Box Ghost was next.

Box Ghost: (to Omi) Now we've seen the last of Count Dooku and his evil. At least, I hope we have.

Omi: I have a feeling that they will be back sooner than we think when the time comes.

The Despair Uranus: Yeah with all of the villains that we have faced over the years coming back for more it shouldn't be surprising.

Elemental HERO Storm Neos: But with all the power we have from getting stronger and stronger and stronger, they will never know what is going to hit them and more.

Elemental HERO Prisma: That is true. We just keep on getting more and more powerful and it's giving our enemies a huge run for their money.

Twilight Sparkle: It sure is. But the number of enemies we have been facing over the years is amazing.

Luster Dawn: And we're loving the thrills of action and justice.

Sunny Starscout: I think it's really awesome myself.

Spyro: We have done it all over the course of almost 6 years and its been one amazing and awesome adventure after the other.

Danny Phantom: And each bad guy we faced has made us stronger and stronger and we learned so much.

Yugi Moto, Eli, The Tyrant Neptune, Elemental HERO Aqua Neos, Elemental HERO Bubbleman, Rarity, Sweetie Belle, Kerfuffle, Water Skylanders, Batman, Robin, Batgirl, Casper, 2D Man and Freon VS The Gentleman Ghost - We killed the Shredder Last Time and then on Father's Day 2 years ago and now he came back for more

---

The Gentleman Ghost was next.

Gentleman Ghost: (to Yugi) You guys killed the Shredder last time before you met W.I.T.C.H and on the Father's Day after that 2 years ago. And now, he came back for more?!

Yugi: Yes we have but this was Utrom Shredder that we destroyed 3 times.

Eli: That's right and let me tell you he was one dangerous monster! He did all kinds of horrible and unspeakable crimes!

The Tyrant Neptune: No kidding! It's no wonder that the Turtle Brothers wanted him dead. He and the Foot Clan did all kinds of horrible things that would make the worst dictators in the world look like saints in comparison.

Elemental HERO Aqua Neos: Yeah you wouldn't believe the kinds of things that Utrom Shredder did over the years!

Elemental HERO Bubbleman: The things he did are ABSOLUTELY despicable and horrible that they pale in comparison to some of the most dangerous villains we took down.

Rarity: It's just hard to imagine that Ch'rell did all that.

Sweetie Belle: Yeah he was pure evil! And there are still more incarnations of the Shredder still out there that we need to destroy!

Kerfuffle: (Minnesota Accent) We'll find them all and make them pay and it won't be pretty doncha know.

Gill Grunt: That's right! Justice will always prevail.

Batman: It sure will and Ch'rell and the Shredder no matter what incarnation he is will be destroyed.

Robin: That is an absolute fact.

Batgirl: It sure is.

Casper: And we will make sure of it.

Gentleman Ghost: Very well said chaps. Lets do it!

They fired waves of water, energy, ice, jewels and magic and smashed him down.

Yugi: That is game!

Eli: Yeah it was!

Rarity: Rapture Darling that was grand!

---

Ed Grant, The Suppression Pluto, Elemental HERO Nebula Neos, Elemental HERO Electrum, Fluttershy, Tornado Bolt, Life Skylanders, Hulk, Wasp, Spiderman, Deadpool, Gilda and Stygian VS Dr Jonathan Ohnn A.K.A. Spot (Marvel) - Ch'Rell did horrible atrocities all over the galaxy and now we've seen the last of him for good.

---

Spot was next.

Spot: (to Ed) Ch'Rell did horrible atrocities all over the galaxy. But now, we've seen the last of him for good.

Ed Grant: Yeah we sure have!

Spot: What crimes did Ch'Rell do again? Remind me.

Ed Grant: A more accurate question is what crimes HASN'T Ch'Rell done. He did EVERY SINGLE kind of crime you can think of ranging from war crimes, murder, treason, genocide, crimes against nature and horrors that are so unspeakable that they defy description.

The Suppression Pluto: Yeah Ch'Rell's crimes are so unfathomably horrible that they make all the crimes of the worst warlords and evil figures of history look like saints in comparison.

Elemental HERO Nebula Neos: What he did was so awful that no one can even describe it.

Elemental HERO Electrum: You are not kidding there. What he did puts him well beyond level 23 on the Scale of Evil. I would rank him at level 50 for Genocidal Monsters of Ultimate Evil. I know that's not a real level but it was the best I can think of.

Spot: That does fit perfectly well for him.

Fluttershy: But at least we have now seen the last of him.

Tornado Bolt: Yeah I don't know what Karai was thinking in calling him her father and master!

Stealth Elf: After everything he did he deserved to be destroyed forever.

Hulk: Hulk agree. Hulk would have smashed puny jellyfish freak into nothing.

Spiderman: In all honesty I think banishing him to the ice asteroid Mor Gal Tal was a huge mistake. He would just keep coming back for more no matter how hard they tried to destroy him.

Deadpool: Yeah you said it webhead! I don't know what the makers of him were thinking when they made him in 2003.

Jamesdean5842: I agree with you there Wade. But that's what made him such a really despicable villain with an amazing story and plot.

Spot was confused.

Spot: Oookay. Lets do it!

They fired waves of leaves, grass, flowers and energy and smashed him down.

Ed Grant: ALL RIGHT!

Fluttershy: That was fun.

---

Lightspeed Rescue Rangers, Elemental HERO Escuridao, Megaforce Rangers, Nico, Eli, Starlight Glimmer and Ellie Singh VS Smogger

---

Smogger was next.

Nico: This is gonna be good.

Nico teleported and opened Smogger's safe and In it was a bunch of swords called Swords of The Ripping Friends, they're large swords with the emblems of The Ripping Friends etched on the 6'5" massive, wide, double-edged blades, large angel wings for the crossguards, large gems for the hilts, longer black handles, and large faceted sphere pommels with surrounding gems. Once in hand, they'll get a massive power and energy increase.

Nico teleported back with them.

Lightspeed Rescue: LIGHTSPEED RESCUE!

Ryan Mitchell: TITANIUM POWER!

They transformed!

Megaforce Rangers: LEGENDARY RANGER MODE! LIGHTSPEED RESCUE!

They transformed into the Lightspeed Rescue Rangers too!

Nico: Time for action! V-Lancers!

They had their V-Lancers ready!

They fired rainbow energy blasts and they converged into a concentrated blast!.

Carter: ON TARGET!

The group fired waves of elements and energy and the blasts all hit Smogger and he exploded!

KRABBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Smogger was dead!

Nico: Smogger you have failed this city.

Troy Burrows: Rangers that's a Super Mega Win.

We regrouped and cheered wildly!

Dr. Light: (to Twilight Sparkle, me, Allie, Lily Loud, May and Nico) Congratulations on winning the race, guys.

Nico: Thanks, guys.

May: We really had fun in this race.

Red X: We could see that.

Anakin: There still might be more threats out there that the Jedi have face.

Box Ghost: But we'll be ready for them.

Me: We sure will and we will make sure they all pay.

Gentleman Ghost: Now, let's celebrate back at that cheese sandwich restaurant.

Spot: You read my mind!

Me: Yeah!

Anakin: (To the viewers) This was an awesome race and there are many more still to come. Hope you all liked this one.

Me: I know we have.

We went to the Cheese Sandwich Restaurant and had dinner and then we went back home and enjoyed the rest of the day and went to sleep.

THE END

---

Another awesome race chapter done.

Naboo was so beautiful when we saw it on Star Wars I: The

Phantom Menace and it was awesome. The planet was really beautiful from space and the battle was epic. The first part was for a prison riot I made up and Chris Griffin had it coming. It was only a matter of time. The second part was for the planet Odym and we went after Aresia and made sure that monster paid for her crimes. NicoChan11, JediAvatarOfShinobi, Omegahatchiyak12, XP4Universe, Darkhai, vinjedi1995, Drako1234658, Nflemingful, Etstheclarencefan and ninjakingofhearts gave me the ideas for this and so did the guest reviewer. Thanks guys. The next rescue for me is gonna be in Romania and we're going to take down Akasha the Queen of The Damned and that rescue is gonna be in honor of the late Aaliyah who died in a plane crash after the movie Queen of The Damned was made. Me, Eli, Arrietty, Nene, Allie Wilde, Maria, Marie, Nicole Chan, Qin, Erica, Ellie, Lillian, Megan, Nora Venice, Simone, Miranda, Gina Pele, Lola Namiko, Nelanie, Warrior Lady of The Wasteland, Natalie Griffin, Maiden of The Aqua, Syrus, Dark Magician Girl, Rey, Lina, Kia, Jenna, Catherine Lancaster, Moonlight Raven, Ink Rose and the Umbreon Gene-Slammer are gonna go on that one and we're also going to meet Maina and the last of the Crystal Beast Gene-Slammers. She is gonna be an Amethyst Cat and her name will be Caitlyn Gunnison. We're going to make sure that Akasha pays for her crimes and Ink Rose and Moonlight Raven are both going to transform in that one. In Lincoln's rescue he is going to the planet Nok, the home planet of the Indigo Tribe and he is going to face the evil Granny Goodness who will never take a hint even after Darkseid died. The next chapter is for the awesome 2009 movie Up and that chapter is gonna be made in honor of the late Ed Asner.

See you all tomorrow.

# GOING UP TO PARADISE FALLS

IN HONOR AND MEMORY OF ED ASNER AND AALIYAH

---

Over in Romania at the ruined castle of Vlad III The Impaler, Me, Eli, Arrietty, Nene, Allie Wilde, Maria, Marie, Nicole Chan, Qin, Erica, Ellie, Lillian, Megan, Nora Venice, Simone, Miranda, Gina Pele, Lola Namiko, Nelanie, Warrior Lady of The Wasteland, Natalie Griffin, Maiden of The Aqua, Syrus, Dark Magician Girl, Rey, Lina, Kia, Jenna, Catherine Lancaster, Moonlight Raven, Ink Rose and Lucilla Emerson the Umbreon Gene-Slammer were there to face the evil and ruthless Queen of the Damned, Akasha. She is a vampire queen that needs to be destroyed.

Lucilla Emerson: Looks like we're about to do Lestat a favor.

Me: We sure are. And Akasha is someone that is not to be taken lightly. She is a dangerous vampire. But she has no idea who she is messing with.

Lina: I have heard about Akasha. But what do you know about her?

Me: She is one dangerous monster.

I went over her history.

---

Queen Akasha, also simply known as Akasha, is the main antagonist of the novel series The Vampire Chronicles by Anne Rice and its 2002 film adaptation Queen of the Damned. She is the oppressive queen of the vampires because she was the very first vampire ever born. According to the novel series The Vampire Chronicles, Akasha is one of the two lost-long ancient vampires alongside her husband and king, Enkil, who are both called Those Who Must Be Kept.

She was portrayed by the late singer Aaliyah in her second-to-last film role.

Akasha was awakened from her slumber by newly made vampire Lestat de Lioncourt, bringing the statue form of Akasha to life before drinking some of her blood. The taste of Akasha's blood left Lestat enamored by Akasha, despite the warnings of Marius de Romanus (who had turned Lestat into a vampire) that she was too powerful for him. Years later, after Lestat had become the lead of a popular rock band, Akasha began searching for him.

When Akasha arrived at The Admiral's Arms (a London-based vampire club) and learned from one vampire that he and several vampires were planning to kill Lestat for exposing the existence of vampires and his overall flamboyant ways. Looking intrigued, Akasha replied, "Really? Is that what you're going to do?"

Before he even had a chance to answer, Akasha turned and then walked over to the dance floor. She then danced seductively before calling the vampire over to her; she then ripped the vampire's heart from him, later using her powers to cause several other vampire club-goers to turn to dust before eventually setting fire to the entire club.

Akasha later arrived at Lestat's live concert in Death Valley after he and Marius fought off a group of attacking vampires, taking him to her new home, which is surrounded by the corpses of 100s of people Akasha had slain overnight (presumably for sustanance and pleasure). The seductive vampiress then entranced Lestat into staying with her and becoming her king, with the pair feeding off of each other's blood.

In the film's climax, protagonist Jesse Reeves (along with her aunt Maharet, one of the Ancient Vampires, and a few of her fellow Ancients) confronted Akasha and Lestat, with Jesse being shocked upon seeing how Akasha had manipulated Lestat into becoming her subordinate. The evil Akasha blasted the Ancient Vampires for wanting to live peacefully with mortals before asking Lestat to kill Jesse.

Lestat appears to follow Akasha's orders as Jesse allows Lestat to feed off of her, but instead of killing her, Lestat instead drinks enough of Jesse's blood to break free of Akasha's hold. Mad at what Akasha made him do, he then attempted to kill Akasha by draining her of her blood, only to be stopped by Akasha. Akasha then began to fight off the Ancients, murdering two of them before becoming weakened by their attacks. After Akasha reminded the Ancients that anyone who drained the last of her blood would die, Lestat attempted to finish her off, only for Maharet to instead make the sacrifice, draining Akasha of her blood and causing the vampiress to first turn into bronze and then disintegrate into black dust.

---

When I was done everyone was shocked!

Lucilla: What a monster!

Eli: Yeah she will be stopped.

Nicole Chan: But J.D. can kill her.

Me: And I will.

Lucilla: This is gonna be brutal.

Lucilla concentrated and groans as her skin darkened.

Me: We're not going to let her get away with her crimes.

Lucilla turned into UMBREON!

Simone: This is gonna be good.

Catherine Lancaster: (British Accent) I also have a feeling that the last of the Crystal Beast Gene-Slammers is gonna be here too.

Miranda: I have that same feeling too.

Maria: Does she hate garlic?

Me: Like all vampires she surely does.

Eli: I sense a tremendous evil coming.

Me: It's Akasha.

A mist appeared through a door and then a figure came out and it was AKASHA, QUEEN OF THE DAMNED!

We saw her.

Akasha: (Demonic Voice in a Transylvanian Accent) **The famous J.D. Knudson, soon to be the dead leader of Team Loud Phoenix Storm. Warms my blood that you would come here.**

Me: We came here to destroy you once and for all Akasha.

Akasha: **How long has it been?**

Me: Thousands of years since Ancient Egypt. The world has changed since your previous reign.

Akasha: **Then I shall change it back. Humans are animals. Blood Creatures. Their destruction can only make sense.**

Ink Rose: Humans and vampires can find ways to coexist.

Me: I give them blood from blood banks.

Moonlight Raven: That's right!

Akasha: **Ah yes in silence. It shadows our shame and for what? For respect of mortals. They are nothing to us. They are merely food. You think you can change my will. Enough of this discussion. Join me or die.**

Me: I'm not the one who will die Akasha. YOU will because you don't have any idea who you are fucking around with!

I flared up my power in my new transformation and then flew at her with incredible speed and smashed her in her stomach with incredible and devastating force and smashed her into the wall.

Maria put some garlic in a bottle of water.

Maria: Before you kill us, would you like some water?

Eli: Maria she won't fall for it.

Maria: But she will with this.

She threw the water and splashed Akasha and it burned her.

Me: Drink some holy water.

I splashed Holy Water on Akasha and that burned her too.

Akasha got up and roared ferociously and she fired a blast of fire at me and I fired a blast of fire and the blasts collided and exploded!

KRABBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Me: You are no match for an angel.

?: And a demon!

2 figures came out and they were Maina McMahon and a Crystal Beast Amethyst Cat!

Me: Crystal Beast Amethyst Cat!

Maria: And Maina McMahon!

Maina McMahon: It's good to see you again Maria.

Maria: It sure has been a while.

Eli: How do you know Maina?

Maria: I met her on one of my shopping trips with Carol. Maina is known as The Princess of Nightmares and she is a voluptuous femme fatale of awesome.

Maina: (Giggles) Yes that's right.

Crystal Beast Amethyst Cat: And I like it too. My name is Caitlyn Gunnison. It's awesome to meet you all.

Maria: A lot has changed with me over the years.

Maina: I can tell.

Me: We have a vampire queen to destroy. Brittney and most of the Goths are really missing out on this one.

Maina: This is gonna be good. Akasha, Queen of The Damned, as Princess of Nightmares I am dethroning you!

Maina glowed in a pitch black aura and fired a blast of darkness and it destroyed Akasha's immortality! She was not vulnerable!

Maria: Whoa! Maina that was amazing. How did you do that?

Maina: When you have lived as long as I have you can do things no one can.

Nicole Chan: That is amazing.

Lina: It sure is.

Ink Rose: And this monster gives all vampires everywhere a bad name.

Moonlight Raven: Yes she does.

Suddenly, the purple eyes of Ink Rose and amber eyes of Moonlight Raven turned neon purple and neon amber and they were surrounded by dark purple energy aura with bats surrounding Ink Rose and ravens surrounding Moonlight Raven, and as they approach Akasha, they left dark purple energy, bats, and ravens with every step. Then, Ink Rose was surrounded by a massive vortex of dark purple energy with bats surrounding it, there was a pony running around the vortex, and in the vortex is a light purple phoenix, and Moonlight Raven was surrounded by a massive vortex of dark purple energy with ravens surrounding it, there was a unicorn running around the vortex, and in the vortex is an amber phoenix. Moonlight Raven has transformed into SUPER ANGEL 750,000,000,000 DARKNESS RAVEN MOONLIGHT UNICORN ANGEL OF DARK FRIENDSHIP AND JUSTICE!

We were amazed by the Super Angel 750,000,000,000 transformations of Ink Rose and Moonlight Raven, but when Akasha saw it, she fell into a rage and tried to attack, but Ink Rose and Moonlight Raven fired powerful blasts of darkness which hit The Queen of The Damned, and severely hurt her.

Nicole Chan: AWESOME!

Me: Wow! Way to go you two!

Ink Rose: (Divine Echoing Voice of cosmic darkness) **Now we're going to make this vampire monster pay.**

They fired waves of darkness and obliterated her into nothing and super hakaied.

We cheered wildly for them and then I put on my blind man glasses and Syrus and Eli covered their eyes and I snapped my fingers and

Caitlyn and Lucilla were reverting back.

Lucilla: (regains her hair) Do you have any special talents?

Caitlyn: I am a poet and I make poems.

Lucilla: Awesome.

Caitlyn and Lucilla were back to normal and Caitlyn glowed in a neon purple aura.

Amethyst Cat: Caitlyn you have done so much good with my power. You are ready to join Catherine's team. We told Jesse about the team for Catherine Lancaster and you are ready. Use my power well.

Caitlyn: I understand Amethyst Cat. I will.

Maria gave them new clothes and they were awesome.

Caitlyn: Wow these are amazing.

Maria: Yep.

Maina: I didn't know you make amazing clothes now Maria.

Maria: I'm part of Team Loud Phoenix Storm's Emergency Fashion Brigade. Whenever Gene-Slammers transform they rip out of their clothes or they fall off so it's part of my job to make some.

Maina: Wow.

Maria: Wait until we tell Blade about this.

Me: Yeah he is gonna be happy that Akasha is destroyed and Super Hakaied.

Ink Rose: He sure will be.

Moonlight Raven: By two members of the Goths of Darkness and Maria's Friend Maina.

Maina: It sure is awesome.

Eli: And not only that but we completed Catherine's team.

Catherine Lancaster: This is most amazing. I can't wait to have fun in the usual battles.

Me: We all can't wait. Lets head home.

We went back home.

---

After destroying Akasha and ending her for good, Lincoln, his siblings, Me, Nico, Eli, Nicole, Zick, The Indigo Lanterns, and The Justice League were heading to the planet Nok, the home planet of the Indigo Tribe, and not only is Lincoln going to rescue the twelve girls there, but he's also going to face Granny Goodness who'll never learn to take a hint even after Darkseid died.

Lincoln: Wow, we're on the planet Nok.

Eli: Wow!

Me: That's right, big guy, and I haven't forgotten how beautiful this place is.

Lincoln: Me too, and I think I know what we're going to do here, not only am I going to rescue the twelve girls there, but I'm also going to face Granny Goodness who'll never learn to take a hint even after Darkseid died.

Nico: Sheesh, even after Darkseid died, she never will learn to take a hint.

Lincoln: Well, I'll make sure that she takes the hint when she dies at our hands for everything that Darkseid and his minions have caused.

Nico: You got that right, big guy.

?: HELP!

Suddenly, Lincoln heard the sound of twelve girls calling out for help. With his deep sapphire blue cyborg eyes and superhuman sight, along with sensing energy signals, he saw and heard where the call for help was coming from. He saw the twelve girls, but they've been cornered by Granny Goodness, and she's going to kill them.

Lincoln: Guys, I found the twelve girls, but they've been cornered by Granny Goodness, and she's going to kill them. Let's get her!

We then rushed on over.

Granny Goodness: Die in the name of Darkseid!

But, before she could kill them in Darkseid's name, Lincoln grabbed her and threw her into a rock formation with his immense brute superhuman strength. When she got out and saw us, she was enraged.

Lincoln: You just never learn to take a hint, do you, Granny Goodness? Even after Darkseid died at J.D.'s hands, you still continue on to fight in your lord's name. Your lord and all of you have caused nothing more than pain and suffering across the galaxy, and for that, I will avenge their suffering here and now, and send you all into Oblivion!

Lincoln unholstered his massive Sword of Taranis from his wider and muscular back and transformed into Super Angel-Ebonwu Infinity Elemental Thundersnow Buffalo Angel of Frozen Lightning Justice, and he went after Granny Goodness and fired a powerful barrage of rainbow energy blasts, elemental forces, Thunderbirds and Buffalo made of lightning and ice, which hit Granny Goodness and exploded with incredible power. When Granny Goodness came out, she was bleeding badly and really mangled up.

Nico: Dang, now that was really powerful.

Me: And that's when he transforms, you remember the kind of damage he can deal out when he's in normal form?

Lily Loud: (Winces) Ooh. Yeah, I can't forget how many villains he's mangled up in normal form.

Lori: Not to mention what happens when someone messes with those he loves, that's when he'll turn them into a human pretzel, and make them cry like babies.

Then, he slashed off Granny Goodness' arms with his massive Sword of Taranis, and she screamed in excruciating pain. Then, Lincoln grabbed her and he'd tossed her into the air with his immense brute superhuman strength.

Lincoln: (Divine Echoing Cosmic Thundersnow Elemental Voice of Justice) And now, this is the end for you and Darkseid for good, Granny Goodness. DIVINE STARDUST!

Lincoln fired a massive rainbow energy ball with stars inside it, and as it hits Granny Goodness, it had exploded with incredible power, killing her for good and not only was her spirit Super Hakaied, but the spirits of Darkseid and the rest of his followers were also Super Hakaied and banished to Oblivion as well. We cheered wildly for what Lincoln did as he holstered his massive Sword of Taranis on his wider and muscular back and powered down.

Lincoln: Granny Goodness, you have failed this universe, and don't you dare come back!

Nico: Yeah, that's telling her, Lincoln!

Then, Lincoln and Nicole Knudson went up to the twelve girls who got to safety, and when Lincoln saw them, he immediately recognized them. The twelve girls were Carsa Kurnoah, Eleonore Bianca, Ellen Mihais, Emilia Ludowell, Himka Houra, and Nono Inota from Misfit of Demon King Academy, Rabby, Lufy, Patty, Rumy, Shildy, and Elza from Gall Force.

Lincoln: Oh wow, it's Carsa Kurnoah, Eleonore Bianca, Ellen Mihais, Emilia Ludowell, Himka Houra, Nono Inota, Rabby, Lufy, Patty, Rumy, Shildy, and Elza.

Nicole Knudson: From Misfit of Demon King Academy and Gall Force, awesome.

Lincoln: Are you girls okay?

Carsa Kurnoah: Yes, we're okay, thanks to you.

Then, when Carsa Kurnoah and the other twelve girls saw who it was that saved them from Granny Goodness, their faces turned atomic red upon seeing the 16-year-old 7'0" tall, handsome, white-haired, bare-chested hunk with abnormally massive and powerful upper and lower body muscles, eight-pack abs, rainbow colored thunderbird with a gold lightning bolt emblazoned on his forehead, a golden lightning bolt cutie mark with the thunderbird and comic books right on his massive and wide right pec and it was surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature, Light, and Darkness in a circle, a Celtic Cross cutie mark tattoo in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon, surrounded by a circle were the marks of the other girls in Lincoln's harem, and on top is the Earth surrounded by the ring of mermaids on top, a deep sapphire blue kanji on his wider muscular back that said, "Lincoln Landon Loud, Champion and Emissary of Hinon, Master of Lightning Storms, The Weather, and the Thirteen Elemental Forces, Man With A Plan, Golden-Hearted Brother of 16 Siblings, and Golden-Hearted Lover, Father, Son, and Husband", and he had deep sapphire blue eyes.

He had his massive Sword of Taranis holstered on his wider and muscular back, his orange Crystal Saber holstered on his left hip and his Eater of Sins revolver holstered on his right hip, the Pisces constellation and Aquarius Zodiac sign on the back of his neck, large weighted orange bands on his massive biceps and thighs, his large Cuff Bracelets of The Champions of the Universe with large orange gems on his large wrists, massive and indestructible deep blue angel wings surging with powerful super lightning and the stars and blue nebulae reflecting on them, and he was dressed in an orange version of He Man 2002's loincloth with hanging silver lightning bolts and long orange trenchcoat coattails with hanging silver lightning bolts held up by his Belt of Elemental Bravery with large orange gem for the belt buckle on his waist, a pair of large blue pants with gold lightning bolts on the thighs, and large white leather combat boots with gold lightning bolts surrounded by a circle of smaller gold lightning bolts and armor on the toe area, silver Thunder Kanji earrings, a large silver Thunder Kanji necklace on his

neck and across his permanently bare chest, large fingerless black gloves with the symbol of The Loud House on it, a large Orange Buffalo Animal Spirit Ring on his left ring finger, large Blue Lantern ring on his right ring finger, and he had eight large orange orbs orbiting around his legs.

Carsa Kurnoah: Oh wow, Lincoln Loud of Team Loud Phoenix Storm.

Lincoln: That's right, and it's a pleasure to meet you all.

Then, Lincoln made eleven clones of himself, and he and the eleven clones of himself went up to the girls, and they picked them up and hugged them in their abnormally massive and powerful muscular arms, and kissed them on the lips, which they returned with equally intense passion, as they wrap their arms around the necks of Lincoln and his clones, as we cheered over the scene.

Carsa Kurnoah: (Seductively and rubs her right hand on Lincoln's massive and wide right pec) You too, big, tall, muscular, and handsome.

We returned home to the Estate, and we showed everyone what went down on the planet Nok, and when we showed everyone what Lincoln did to Granny Goodness, they cheered wildly and the rest of Lincoln's harem piled on him and they kissed him all over and he had a lovestruck look on his face, and we also hugged him. Finally, we're now rid of Granny Goodness and Darkseid for good, and they will never return to plague the universe ever again.

* * *

After getting rid of Granny Goodness this time for good, we were training intensely in the gym doing 100,000,000 reps of crunches, wing push-ups and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 9,000-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds. Then, we got a shower afterwards.

After that, Lincoln, the Princess Nine girls, the Infinite Stratos girls, the Samurai Warriors girls, the Dynasty Warriors girls, and the Lucky Star girls were getting ready for their beach date, this time, it's at Dry Lagoon in Sonic's world.

Lincoln then snapped his fingers, and the 16-year-old 7'0", white-haired, handsome, and extremely muscular teen was dressed in large orange swim trunks with a phoenix, thunderbird, and buffalo on it and large orange sandals, along with his large weighted orange bands on his massive biceps and thighs, his jewelry, and eight large orange orbs orbiting around his legs, and he also still had his weapons holstered, in case of trouble.

The Princess Nine girls were dressed in two-piece bikinis in their favorite colors with baseballs on them, the Infinite Stratos girls were dressed in two-piece bikinis in their favorite colors with stars on them, the Samurai Warriors girls were dressed in two-piece bikinis in their favorite colors with their family crests on them, the Dynasty Warriors girls were dressed in two-piece bikinis in the colors of the kingdoms of Wei, Wu, Shu, and Jin and with the animals of the kingdoms, the Phoenix of Wei, the Tiger of Wu, the Dragon of Shu, and the Qilin of Jin, and the Lucky Star girls were dressed in two-piece bikinis in their favorite colors with angels on them, and they had on their jewelry and weapons holstered, in case of trouble.

They also have on scuba gear, since they're going to be doing some deep sea exploration there, along with some treasure hunting.

Lincoln: Alright, ladies, shall we?

Zhen Ji: Of course, Lincoln. Let's be on our way.

Lincoln and the girls left the Estate, and they head for Dry Lagoon. When they arrive at Dry Lagoon, it was a beautiful area with a large amount of water and it's home to a lot of wildlife including two giant Turtles.

Sun Shang Xiang: Wow, this place is amazing. Lincoln, what is this place?

Lincoln: This, Sun Shang Xiang, is Dry Lagoon. Sonic told me about this place, it has a large amount of water, and home to a lot of wildlife.

Wang Yuanji: And that must be why you also brought the scuba gear: since we'll be doing some deep sea diving.

Lincoln: That's right, Yuanji.

Lincoln and the girls dived right in, and they began exploring Dry Lagoon. They also saw the wildlife that lived there, Peacocks, Sheep, Penguins, Sea Otters, and even Unicorns. Xiao Qiao took pictures of them and they even played with them. Then, Lincoln spotted something hidden in the pyramid that was once Dr. Eggman's base, he saw five treasure chests and inside them were a king's ransom of jewels and gold coins, and he put them into a scroll to show us later. Then, he and the girls also blew up Eggman's base, and they had lunch in the forest, but the one who made them lunch was Zhang Chunhua, as she made her signature meat buns. When Lincoln took a bite, his taste buds were in Heaven.

Lincoln: Wow, Chunhua, the meat buns you made were delicious.

Zhang Chunhua: (Smiles Warmly) Thank you, Lincoln.

Then, as the sun was about to set, Lincoln made clones of himself, and he and the clones went up to the girls and they'd wrapped them in their abnormally massive and powerful muscular arms in a hug, and as the sun turned orange, they shared a passionate kiss. Then, Lincoln and the girls came back home.

Nico: Hey, Linc, how was your date today?

Lincoln: It was awesome, Nico. We went to Dry Lagoon in Sonic's world.

Nico: Whoa, and you guys also did some deep-sea diving while you were there, right?

Lincoln: That's right.

Konata Izumi: And while we were there, we also saw some of the animals that live there, such as Peacocks, Sheep, Penguins, Sea Otters, and even Unicorns. Xiao Qiao took the pictures of them, and we even played with them.

Xiao Qiao showed us the pictures of the animals Konata described, and we were amazed, including Twilight Sparkle and her friends when they saw the unicorns there.

Lincoln: And while we were there, we also found another one of Dr. Eggman's base, and we also found something else.

Lincoln took out the scroll and then, we saw five treasure chests and he opened them. Inside the five treasure chests were a king's ransom of jewels and gold coins.

Nico: Whoa, and Eggman had them inside his base this whole time?

Lincoln: Yep. And we're giving those to the museum as well.

Applejack: That's a good idea, Linky.

Lincoln: And we also had lunch while we were there.

Me: Let me guess, Zhang Chunhua made her famous meat buns, right?

Lincoln: How did you…?

Nico: How'd we guess, let's just say you weren't the only one who tried them. We also ate them and our taste buds went to Heaven.

Zhang Chunhua: I'm glad you all love them.

Sonic: So, what happened to Eggman's base after you got the treasure chests out of there?

Lincoln: We destroyed it for good, along with the rest of his minions.

Lori: Nice one, Lincoln.

We then got the treasure Lincoln and the girls found at Dry Lagoon to a museum, where it was put under tight security, so no one would ever try to steal it.

Narrator: The city of Gotham Royal York - (Pull back slowly as he continues.) a city where villainy exists 24/7. But don't be alarmed, for Team Loud Phoenix Storm always spring into action.

(An enormous pink creature, with a single horn on its head and accordion-like arms that end in square claws, rears up and roars. It begins to stomp down the street, tearing holes in the buildings. Cut to me in flight; the monster stops short upon my arrival. I dealt it a quick string of crushing blows, and it falls to the pavement in slow motion.)

Narrator: Face it. (Pan to a nearby clock shop.) These guys will clean their clocks.

(On the end of this line, zoom in on a clock that hangs over the street corner. Cut to a jewelry store whose front window has been smashed; an alarm screams through the night, and a masked robber flees the scene. He carries a bag of loot in one hand and fires a gun behind himself with the other. I then dove in, ready for a flying kick, and lets him have it in spades. He collapses to the ground, with his left arm extended ahead of himself so that we can see his wristwatch. Zoom in on this during the next line.)

Narrator: Watch as they wind up the crime every time!

(Cut to a barnyard in which a few cows are grazing contentedly. A flying saucer hovers above them. After a moment, an alien creature materializes on the ground; it looks very much like a fugitive from a bad sci-fi movie-short, huge head, bulging eyes, and the like. It holds a device of some sort in one hand. One of the cows takes sudden notice of the new arrival and starts running across the yard, with the alien close behind. The device is pointed at the animal's hindquarters-a probe perhaps. I then arrive on the scene and I have no trouble beating the alien into submission; my last blow, a flying uppercut, propels it straight up to crash through the underside of the saucer. I grab the edge of this and hurls it like a discus, sending it over a clock tower and out of sight.)

Narrator: Yes Team Loud Phoenix Storm is there to save the day all the time.

Later at breakfast time, Horsea came down and she was really tired and looked awful.

Plankton: You okay, Horsea? You don't look too good.

Nico: Yeah you look awful.

Horsea: (Yawns) I didn't sleep well at all last night.

Natilee: She was having recurring dreams about Shaw.

Nico: Oh man! That day when he was about to kill you. But he is gone now so he should never be around again.

Princess Luna: Yes he is gone and me and Natilee helped Horsea out.

Nico: Oh man.

Horsea: (crying) The boogeyman is out there waiting to kill me!

Sandy: Wait. You're calling Shaw the Boogeyman?

May: Horsea Shaw is dead.

Maria: (Comforts Horsea) Oh there there Horsea. He's not going to kill you. He was super hakaied and he will never come back.

Horsea: (Sniffles) Really?

Maria: That's right and we made sure of it.

Nico: Yeah that's right.

Blast Off: Horsea, why don't you draw a picture from your nightmare?

Horsea: I'm not good at drawing.

Natilee: Here this is what happened.

Natilee drew a picture of the nightmare and she showed everyone that shaw had returned as a monster and he was after Horsea as he chased her through the forest of evil and then as he was about to blow her head off, Horsea screamed and then fired and blew her into blood and guts!

Everyone gasped in shock!

Fireflight: I was expecting him to be more like the grim reaper.

Grim: (Jamaican Accent) He would be nothing like me mon.

Fireflight: Oh uh no offense Grim.

Grim: None taken mon.

Princess Luna: But we helped her out and stopped him before he could hurt her.

Natilee: Yeah and it was a terrible nightmare for Horsea.

Maria: But thank goodness it's not real.

I came in and I was really tired.

Nico: Whoa J.D. are you all right?

Me: (Tired and groggy) Oh I'm sorry guys. (Yawns) I was out all night fighting crimes. There was a massive crime spree that went on in the early morning hours.

Eli: What happened?

Me: Burglaries, robberies, thefts, alien invasions and even one monster attack.

Nico: Oh man. You need to get some sleep. You are not coming with us on our mission today.

Me: (Yawns) I was about to head to my room for the day. (Yawns) I'll see you all tomorrow.

Nico: Okay. You get some sleep.

Me: Thanks man and I know it's your turn to lead today.

I went to my bedroom.

Nico: Spike, you and the mascots make sure everything is quiet for J.D. like you did with Twilight before the war with Necrafa.

Spike the Dragon: You got it Nico!

Poliwag: (Salutes with his tail) Aye aye captain!

They went to my room door to make sure it was quiet.

Runabout: Well, Nico. Now that J.D.'s out of commission, you're gonna have to lead us today.

Nico: I know Runabout. I saw all those things in the paper. What a night for him. But we're proud of J.D.

Eli: We sure are.

Nico: And I have just the mission for us today too. We're going to meet Carl Frederickson from the 2009 movie Up.

Allie Wilde: Oh wow I love that movie!

Laney: That's one of my all time favorites.

Lori: Mine too Laney. And Ed Asner died earlier this year too.

Nico: Boy he sure did. Lets have a moment of silence for him.

They took off their hats and put their hands on their chests and sat in silence for him. Then Jack O Lantern, Johnny 13, Motor Ed, Raven Branwen, Felix Faust, Dr. Light, Red X, Box Ghost, Gentleman Ghost and Spot appeared.

Raven Branwen: Even though J.D.'s not active right now, can me Jack O Lantern, Johnny 13, Motor Ed, Felix Faust, Dr. Light, Red X, Box Ghost, Gentleman Ghost and Spot still go with you guys?

Nico: You all sure can. He is just tired. Massive crime spree happened in the pre-dawn hours. Really wore him out.

Felix Faust: Oh man.

Nico: We're going to meet Carl Frederickson in the 2009 movie Up.

Spot: That's a great movie! Sora did you meet Carl, Russel and Dug from that one?

Sora: No I didn't unfortunately.

Nico: That's a shame. Lets watch the movie before we head out.

They got to doing so.

---

The sequence begins with a flash of a camera at their wedding, followed by their first kiss, and then shows how they fix up the house where they met so that it matches Ellie's childhood drawing. They spend their time doing three hobbies: cloud watching, working at the zoo, and reading together. On one cloud watching session, Carl points out a cloud that looks like a baby. Inspired, they decide to conceive a child and prepare a nursery, but as the music slows, the two learn at the doctor's office that they are unable to have children, leaving them devastated. At their house, Carl brings Ellie her childhood scrapbook, which consoles her. They begin to keep a spare change jar to save up for Ellie's dream trip to Paradise Falls. However, several events, including a flat tire, broken leg, and house damage, cause them to break open the jar early.

A montage of Ellie tying Carl's ties follows, showing them getting ready for each day of work at the zoo. It is followed by them slow-dancing at home, now in their old age, the spare change jar having been shelved and forgotten. As they fix up their house, where they will spend their retirement, Carl looks upon Ellie's art, representing her dream trip, and realizes he has yet to fulfill his promise, which almost stops the music entirely. He goes to a travel agency to buy tickets for Paradise Falls and takes Ellie cloud watching, bringing the tickets with him to surprise her. However, Ellie struggles to reach Carl and collapses as her husband runs to her side.

As instruments drop out of the harmony, Carl brings a dying Ellie a balloon to the hospital as she once brought him one. Ellie pushes her scrapbook to him, and he kisses her on the head. Time passes by to show her funeral in the church where they married. Carl is still holding the balloon. As he climbs up the steps, they become the steps to his home. He sadly disappears through the door and pulls the balloon in after him. The screen fades to black as the music ends.

Carl Fredricksen idolizes explorer Charles Muntz. After presenting a fabricated giant bird skeleton, Muntz returns to Paradise Falls in South America by capturing a living specimen and disappears. Carl meets a girl and fellow Muntz fan named Ellie, who confides her desire to move her "clubhouse"-an abandoned house in the neighborhood-to a cliff overlooking Paradise Falls. The two later marry and live in the restored house, and Carl works as a balloon salesman. Suffering a miscarriage and unable to have children, Carl and Ellie make savings for a trip to Paradise Falls, but are constantly forced to spend them on more urgent needs. Ellie dies just after Carl arranges for the trip.

Years later, a now-retired Carl stubbornly holds out in the house while the neighborhood around him is replaced by skyscrapers. After Carl accidentally strikes a construction worker during a mishap, the court deems him a public menace, requiring his relocation to an assisted living facility. However, Carl resolves to keep Ellie's promise, turning his house into a makeshift airship using countless helium balloons and flying away. Russell, a "Wilderness Explorer" who visits Carl in an effort to earn his final merit badge for assisting the elderly, becomes an accidental stowaway. Before Carl can land and send Russell home, they encounter a storm that forces the house to South America.

The house lands on a table-top mountain (mesa or tepui) opposite Paradise Falls. Carl and Russell harness themselves to the still-buoyant house and begin to walk it across the plateau, hoping to reach the falls before the balloons deflate. Russell encounters a giant, colorful flightless bird, whom he names "Kevin". They then meet Dug, a Golden Retriever who wears a special speaking collar and allies himself to them after failing his master's intention with him.

A pack of aggressive dogs led by the Doberman Pinscher Alpha take Carl, Russell, Dug, and Kevin to their master, who is identified as Muntz. Aboard his dirigible, he invites Carl and Russell to discuss

Muntz's search for the bird. When Russell notices the skeleton's resemblance to Kevin, Muntz becomes hostile. The dogs pursue Carl, Russell, and Dug until Kevin saves them. Russell urges Carl to help Kevin get home and reunite with her chicks, but they are too late when Muntz captures her. He sets fire beneath Carl's house, forcing him to choose between saving those; Carl takes it for Ellie's promise.

Carl looks through Ellie's childhood scrapbook and discovers that she has filled in the blank pages with photos of their marriage, accompanying a note written from her hospital bed, thanking him for the "adventure" and encouraging him to have a new one. Reinvigorated, he goes outside, only to see Russell rescuing Kevin using a leaf blower and some balloons. Carl lightens his house by throwing out his furniture and keepsakes. Muntz captures Russell, but Carl and Dug board the dirigible and free both Russell and Kevin. When Muntz intervenes in her rescue and pursues them at the house, Carl lures Kevin back to the airship using a piece of chocolate. Muntz leaps after them, but his leg catches on balloon strings, and he falls to the ground. The house descends out of sight due to loss of lift.

Seizing Muntz's dogs and airship, Carl and Russell reunite Kevin with her chicks before returning home. Russell finally receives his "Assisting the Elderly" badge, and Carl presents Russell with a grape soda bottle cap that Ellie gave to Carl when they first met, which he now dubs "The Ellie Badge". Meanwhile, unbeknownst to Carl, the house lands on the cliff beside Paradise Falls, fulfilling his promise to Ellie.

When the movie was done everyone cheered for the movie and it was great.

Nico: That is always a great movie.

Eli: Yeah it sure is.

Laney: Always fun. But I feel bad for Carl.

Lana: Me too.

Nico: Yeah me too. Lets head out everyone.

Maria: Horsea are you coming?

Horsea: Why don't you guys want me to watch J.D. with the others?

Catilla: Well, it would be hypocritical of us to let you do so when you just had a nightmare.

Natilee: You can stay here if you want to Horsea. You are still scared after having that bad nightmare.

Nico: Yeah we won't force you to go Horsea.

Horsea: Well okay. I'll go.

Nico: Good choice.

They were off.

* * *

Flying over the ocean, everyone was looking out for Carl Frederickson's house that was floating because of a huge number of balloons.

Box Ghost: We appreciate you coming with us, Horsea.

Horsea: Wherever Maria goes then I will go too.

Nico: Cool. Now we have to find Carl's home.

Laney: Hey look there!

They saw a house and it was tied to a huge number of balloons.

Eli: Wow! Look at all those balloons.

Laney: That's Carl's home.

They flew up and went to the door.

Wildrider: (knocks on the door) Anyone home?

Carl: Please tell me you're not another Junior Wilderness Explorer!

Nico: No it's more friends.

Carl: Nico? Is that you?

He opened the door and he saw Nico.

Carl: Nico?

Nico: Carl Frederickson.

Carl: My dear Nico!

Nico and Carl hugged.

Nico: Awesome to see you.

Carl: Man I missed you so much.

Nico: I know. Things have changed so much.

Gentleman Ghost: Well, now it's REALLY a good thing you're leading the team today.

Nico: It sure is. In case you are wondering how I know Carl it's because my dad and his dad are both good friends. They went all over the world together and did all kinds of explorations and expeditions. But the one place that Carl never saw was Paradise Falls. I was just a little boy when I got to know Carl and as time went on and I became 2nd In Command of the team we stopped seeing one another but I haven't forgotten everything that Carl taught me about the purities of being a good leader.

Eli: Wow that is amazing.

Octane: If you're wondering where J.D. is, well, let's just say that there's a lesson to be learned about staying up too late.

Nico: He was up all night because of a crime spree. But then again evil never rests and strikes 24/7.

Carl: That's true.

Nico: But he'll be back in action tomorrow.

Eli: Yep.

Dr. Light: I have to say. Keeping your house afloat with balloons was a genius idea!

Nico: Using 20,622 balloons was absolutely genius.

Eli: That is a ton of balloons.

Laney: It sure was.

Carl: Thank you.

William: Also, Carl, we're very sorry about what happened to your wife.

Nico: I have known Ellie. She was a good friend.

Laney: But we can still make you happy again.

Eli: It will be the least we can do to make you happy. Here goes. (Snaps fingers)

Carl then regained his youth. Then suddenly a massive flash of light shined down and then the divine singing of angels was heard and then out came Ellie Frederickson came back! Eli had done his first resurrection!

Ellie Frederickson: Carl.

Carl: Ellie?

Ellie Frederickson: Carl!

They hugged and were reunited and Carl looked young again.

May: I wonder where Russel and Dug are. They need to see this!

Russel: We're right here.

Everyone saw Russel and Dug!

Dug: (Barks) Wow Team Loud Phoenix Storm! Awesome!

Russel: It's such an honor!

Nico: Same here to you too.

Russel: Mr. Frederickson, what happened?! Did you drink a de-aging potion or something?

Sunstorm: We'll answer with "Or Something".

Nico: You have Eli to thank for that.

Ellie Frederickson: And I'm back too. Wow Nico you sure have grown into a big man.

Nico: It's great to see you again Ellie. Wow you look as beautiful as the day Carl met and fell in love with you.

Ellie Frederickson: And it's great to be back.

Carl: Wow Ellie you are as beautiful as ever.

They hugged.

Carl: Even though I have Ellie back, let me give you a piece of advice.

Felix Faust: What's that?

Carl: Spend as much time with your loved ones when you can. You may never know when a day might be their last.

Kairi Yano: I remember telling someone that advice.

Nico: I do too. But we're not going to be dying anytime soon. As long as evil exists in the universe, the fight will always be eternal.

Ellie Frederickson: And we have a strong faith that you all will stop it.

Russel: I agree. By the way where's J.D.?

Nico: He's back home and he was up all night fighting crime. Huge crime wave was going on earlier in the pre-dawn hours and he was up all night stopping it.

Russel: Wow.

Supernova Zap: Also, Dug, we know about your former owner.

Dug: You mean Muntz? You all came to stop him?

Nico: That's our mission. But before we go after him, what do you all know about him?

Carl: He's not a good sight.

He told everyone about his history.

---

Charles F. Muntz, also simply known as Charles Muntz or sometimes known by his surname Muntz, is the main antagonist of Pixar's tenth full-length animated feature film Up, and the unseen overarching antagonist of the short Dug's Special Mission.

He is an adventurous explorer who is looking for a legendary bird known as a snipe named "Kevin", and he has many loyal dogs at his command. The dogs (Alpha, Beta and Gamma) that he owns wear collars that allow them to speak. He is also the former master of Dug and the arch-nemesis and former idol of Carl Fredricksen (the film's main protagonist).

He was voiced by the late Christopher Plummer, who also played The Grand Duke of Owls in Rock-A-Doodle, General Chang in Star Trek VI: The Undiscovered Country, Ralph Nickleby in Nicholas Nickleby, Barnaby Crookedman in Babes in Toyland, Mr. Caruthers in The Clown at Midnight, 1 in 9, King Herod in The Star, and Arthur Case in Inside Man.

Muntz was an acclaimed explorer who was obsessed with finding the "Beast of Paradise Falls" ever since he was accused of fabricating its skeleton by the National Explorer's Society and stripped of his membership. He then vows to never return from

Paradise Falls until he has found the bird and caught it to prove its existence. He traveled in a dirigible called the Spirit of Adventure and had many canine minions who wore collars that allowed them to speak.

When the heroes of the story Carl and Russell meet him several decades after he departed to capture the bird, they find out that his sanity has declined over the years and that he is now quite paranoid, to the point of possibly killing innocent people whom he presumed were planning to steal the bird. Soon, after a brief struggle, Muntz finally succeeds in capturing the snipe. Carl then proceeds to fight Muntz, with the two men using a cane and a sword respectively.

The blimp is eventually turned sideways, saving Carl. Carl and Russell trick Muntz into following them into the house floating next to the blimp. Before Carl and Russell can escape in the house with the bird, Muntz retrieves his lever-action rifle and begins firing at the two. Muntz breaks into the house, but Carl lures Kevin back onto the Spirit of Adventure with chocolate, Russell and Dug riding on her back. Muntz leaps out of the window after them, but his foot is entangled in several strings of the balloons, which are the only thing keeping him afloat. The balloons snap due to his weight, and Muntz falls to his eventual death.

---

Everyone was shocked when he was finished.

Eli: What a mad man!

Varie: He needs to be sent to a nuthouse.

Lana: Yeah and be fed chum for the rest of his life!

Nico: Thank goodness J.D. isn't here to hear you say that Lana.

Timon: Yeah it wouldn't look good on his chum! (Laughs)

Luan: (Laughs) That was a good one Timon.

Nico: That was funny.

Motor Ed: And let's not forget about his other dogs. Seriously!

Nico: That's true and Muntz is after a bird called a Snipe? I thought that was just a practical joke.

Russel: I thought the same thing until I met Kevin.

Edward the Platypus: Wait a minute! You mean to tell me that Snipes are actually real!? What have I missed out on!?

Nico: Lots of things Edward.

Cheetah: What's Kevin's true species?

Russel: He's a South American Snipe.

Nico: That is amazing. And Muntz is after him? Well we certainly can't have that.

Fluttershy: Kevin must be a beautiful creature.

Laney: He sure is.

Nico: I have always thought that a Snipe was just a practical joke. I was a camper myself back in my childhood and the Great Snipe Hunt was always used as a prank.

Eli: That's amazing.

Lazlo: Wow! That is so cool Nico.

Johnny 13: When Muntz get close, we'll do our entrance on him.

Nico: Awesome. We should be just about there.

Eli: In fact we already are.

They saw that they were at Paradise Falls in Venezuela **V E**.

Nico: Wow! Paradise Falls. It's beautiful.

Ellie Frederickson: Wow! I am finally here with you Carl.

Carl: You sure are Ellie.

Bruiser Cruiser: Well, that dream isn't gonna last long if Muntz isn't stopped.

Nico: Don't worry we will stop him.

Eli: We just have to be ready for him.

Nico: Lets get ready everyone.

The house landed on the cliff and everyone got ready and waited for Muntz. Then they heard a squawk and they saw a beautiful blue bird and it was Kevin!

Russel: Kevin!

She nuzzled Russel.

Edward the Platypus: Wow that is a snipe? Amazing.

Lazlo: Wow! She is beautiful.

Raj: (Indian Accent) She sure is pretty.

Laney: Wow! Kevin sure is beautiful.

Lana: I'll say.

Fluttershy: Oh you sure are a pretty one.

Red X: Listen, you need to get inside. You're in danger!

Kevin squawked.

Fluttershy: I'll talk to her.

Fluttershy used her animal powers and talked to Kevin and told her about her being in danger and she agreed to hide in Carl's house and then she squawked and then her little chicks came and they went with her.

Nico: Oh her babies are so cute.

Eli: They sure are.

Laney: And they are pretty too.

Morton Koopa: I see a lot of dogs up ahead!

Nico: That's Dug's former friends. Get ready!

They hid and out of the mist came Alpha, Beta, Gamma and CHARLES MUNTZ!

Charles Muntz: Come out come out wherever you are birdie.

Alpha: (Sniffs) It's close.

Suddenly the spirits of motorcyclists came! They were The Hell's Angels and a bunch of nefarious gangs and everything and then they spun around Muntz and his dogs whooping and hollering. Then they went into the air and converged and then…

KRABBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion blasted above them and then everyone came out.

Nico: Charles F. Muntz, I presume?

Muntz: Nico Chan!? You were just a little guy when I saw you the last time.

Nico: Time sure has flown by hasn't it.

Muntz: It most certainly has.

Alpha, Beta, Gamma, and the rest of Muntz's dogs surrounded Fluttershy. Unfortunately, they also surrounded Jack O Lantern without knowing it.

Alpha: (to Fluttershy) Your stare can't get all of us!

Jack O Lantern: (chuckles) You guys just made a big mistake.

Beta: (pushes Gamma in front of Fluttershy) Here, kill Gamma!

Gamma: OH, THANKS A LOT, ASSHOLE!

Nico: You dogs have no idea what Fluttershy can do.

Lincoln: You should never underestimate her stare.

Fluttershy then used her stare on ALL 3 DOGS!

(WARBLING NOISE)

Fluttershy: YOU! You 3 should be ashamed of yourselves! Who do you three thing you are helping an insane old man just by helping him capture an innocent bird and going after Dug! I oughta go find your families and tell them what you all have been up to!

The 3 dogs were whimpering in fright!

Fluttershy: I will give you a choice! Either you abandon Muntz now and come with me where I can give you love and kindness or work with Muntz and have us fight you and we can throw you in jail. It's your choice!

Alpha: Okay okay okay!

Beta: Yeah we hate working for Muntz!

Gamma: He is always so mean.

They came over to us and Fluttershy was happy.

Nico: Wow smart choice.

Lincoln: Never underestimate the Stare of Fluttershy.

Nico: Muntz, listen to me. Stand down and this will be over in seconds.

Crankcase: Since J.D.'s not here at the moment, we're trying to reason with you first.

Muntz: I will never stand down! That bird is mine and I will kill anyone that gets in my way!

Nico: Suit yourself. Then we fight. Normally I'm supposed to respect my elders but in this case, I'll make an exception.

Ellie Frederickson: And this won't be pretty.

Muntz: (to Ellie Frederickson) What a pity, Ellie. You came back just to die!

Spot: No. She came back to live!

Nico: And you either will live or die after today.

Eli: That's right you senile old bag of prunes!

Nunnally: Yeah!

Nico: Also Muntz you are nothing but a bad bowl of prunes. What's a matter? Your nursing home went bankrupt because they couldn't take care of a rotten goat like you!?

WHOA THAT IS CRUEL!

Plastique, Pinky & The Brain, Zzzax, Professor XXXL, Swordsman, Dr. Destiny, Wolf, Captain Boomerang, Killer Croc, Roxy Rocket and Rainbow Raider then appeared.

Nico: Plastique, Pinky & The Brain, Zzzax, Professor XXXL, Swordsman, Dr. Destiny, Wolf, Captain Boomerang, Killer Croc, Roxy Rocket and Rainbow Raider.

Plastique: So, J.D.'s really sleeping, huh?

William: Unfortunately.

Nico: It was an early morning crime spree and J.D. was up all night.

Pinky: I hope he gets some good rest.

Zzzax: But I'm sure you guys can still throw Muntz in jail regardless.

Nico: Oh we will.

Professor XXXL: (to Maria) We heard you and the others took

Akasha out.

Maria: We sure did.

Swordsman: Since J.D.'s not here, you'll have to tell us all about it.

Maria: It was awesome.

Maria told them all about it and it was awesome!

Rainbow Raider: Wow! That is awesome.

Nico: It sure was.

?: No kidding.

A figure came out and it was FEAROG from episode 4 of Time Force!

* * *

Fearog and all other mutants were created as the result of chemical accidents at genetic enhancement facilities. Sometime prior to the events of the series, he was captured by Time Force and frozen in the Cryo-Prison. When Ransik and his gang arrived in 2001's Silver Hills, they decided to threaten the inhabitants of the town via television broadcast. For that goal, Frax released Fearog to help him take the tele-station and to act as muscle in case the Rangers showed up. When Ransik wanted to intimidate the citizens, he got Fearog to use his eye laser to destroy (the city pre 9/11 version only) some mountains. When Wes was captured by Cyclobots, they brought him to Ransik. Ransik told Wes all about his past and why he hated humanity before ordering Fearog to kill Wes, which was foiled when the other Rangers came and saved Wes. In the big battle, Fearog was quickly defeated by the Chrono Blasters and enlarged himself, but was eventually defeated and frozen by the Time Force Megazord Mode Red.

* * *

Jen Scott: Fearog!

Fearog: Been a while rangers.

Nico: I remember you! You were sent to help Ransik take a Television Station dish to intimidate the citizens.

Fearog: That's right Nico. Good memory on you like J.D.

Nico: And that is also the episode where Ransik told Wes why he hated humanity with a massive vengeance. But like J.D., I never missed an episode.

William: So why's your name Fearog?

Fearog: Because I look like a frog and I strike fear into my enemies.

Nico: Very clever and I remember that too.

Lana: That is awesome.

They got the usual battles underway.

Plastique - Akasha is one bad vampire

---

Plastique was first.

Plastique: (to Shope) Akasha is one bad vampire. But thankfully, she has the same weaknesses that all of them share.

Shope: She may have been the queen of vampires but she was just another worthless and dead vampire that deserved to be burned by the light of the sun.

Blazing Mars: And now humans and vampires can find ways to coexist without having vampires bite them.

Elemental HERO Lady Heat: That's right. Because we have blood banks.

Elemental HERO Flare Neos: Now Lestat and the vampires are free from the worst ever vampires ever.

Elemental HERO Flame Wingman: That's right. Deacon Frost, Jared Nomak, Drake, Akasha, the Dracula that Batman and Van Helsing know, they all deserved to be destroyed.

Evil HERO Inferno Wing: They sure did deserve to die. Thank goodness those vampires will never return.

Elemental HERO Burstinatrix: Yeah they sure did deserve to die. What they were going to do was terrible.

Sunset Shimmer: It sure was horrible. And Vampires are so cool. I even went as one on Halloween.

Sunburn: They sure are amazing.

Fire Lori: I know how that feels and they are literally awesome.

Kurotsuchi: That is awesome myself.

Mei Terumi: I would look so amazing as a vampire.

Bomb Man: They do look awesome.

Plastique: They sure do. Lets get it on!

They fired waves of fire and energy and smashed her down.

Pinky & The Brain were next.

Brain: (to Superman) I hope Muntz likes chum and garbage in the nuthouse. Because that's all he's eating!

Superman: Something is gonna tell me that he is not going to like the taste of it one bit.

The Grand Jupiter: That is fine with us and he brought it all on himself for his crimes.

Elemental HERO Grand Neos: That's' right. His obsession completely destroyed his sanity and made him a complete lunatic.

Elemental HERO Clayman: It sure did and he is now a worthless shell of his former self.

Applejack: You got that right. That crazy old codger is nothing more than a vile sidewinder!

Apple Bloom: Yeah what a disgrace to all humans everywhere!

Yakko: Yeah he is as disgusting as Burt Reynolds dressed in a leotard.

Wakko: Or a clown that is rolling around in piles of garbage.

Dot: That is funny and a good way to describe him.

Ren: More insane than me and I usually like to be insane.

Stimpy: He sure is Ren.

Brain: Hard to imagine that Nico knows a monster like him.

Pinky: Like who Brain?

BLAM!

Brain bashed him on the head with a pencil.

Pinky: (Laughs stupidly) NARF!

WHAT AN IDIOT!

Brain: Lets get this underway.

They fired waves of earth, rock, energy, apples and crystal and smashed them down.

Superman: That was so fun!

Applejack: YEEHAW! That was great!

---

Zzzax was next.

Zzzax: (to Mollie) That early morning crime spree made J.D. really tired. And now, he's missing out on all the fun!

Mollie: Well it couldn't be helped. Evil usually never sleeps for anything and that is something you should know being a villain.

Zzzax: Oh. Yeah you're right about that. I completely forgot what that was like.

The Splendid Venus: But you should have seen what went down during those hours. It was brutal.

Elemental HERO Storm Neos: Yeah there were a bunch of bank robberies where they were stealing over $52,309,000,000,000.00 in cash and J.D. stopped them.

Elemental HERO Great Tornado: And a bunch of jewelry store robberies that had more than $329,000,000,000.00 in Jewelry stolen but J.D. stopped them.

Elemental HERO Thunder Giant: Alien Invasions where aliens from another planet were about to steal cows.

Evil HERO Lightning Golem: And even muggings, thefts, burglaries, attempted murders and more. J.D. rounded up over 7,234,530 criminals in just 6 hours after Lincoln's date after his rescue.

Zzzax: WOW! That has to be a massive all time record!

Rainbow Dash: Boy it sure was and it was Awesome! It was the largest arrest record in the history of the country.

Scootaloo: It was incredible! It was a HUGE NUMBER of criminals all in that short amount of time.

Whirlwind: Even though it never is a competition it sure was awesome.

Lincoln: It sure was.

Linka: That was incredible.

Paula: We all think that was so awesome.

Gina Pele: It sure was cool to see.

---

Professor XXXL was next.

Professor XXXL: (to Levi) Muntz went mad because of his obsession. Heck, he's even convinced that anyone who comes across him is after Kevin.

Levi: He has clearly lost his mind to obsessive compulsive psychosis that has destroyed his mind to the brink of insanity.

The Big Saturn: Yeah he sure has. And he is in his 90s now and he is now a completely deranged lunatic.

Elemental HERO Bladedge: Yeah he sure is messed up in the head and I thought Ellie's dad was that messed up when he lost all that money.

Elemental HERO Magma Neos: That is completely different. But at least Lily saved Ellie's dad where as Muntz is beyond all hope of saving due to his advanced age.

Pinkie Pie: Boy we have been going after all kinds of criminals in advanced ages.

Sprocket: No kidding. We faced the Ministry of Pain that was stopped almost 70 years ago and they did a lot of crimes back then.

Dexter: And now we faced Muntz.

Lisa Loud: Indeed we have and we also faced Hoagie's grandma and her friends too as teens.

Professor XXXL: Right I forgot about that.

Bentley: That was intense.

Tartarek: But it was really cool seeing Gwen, Sarah, Kari and Alexis younger.

Professor XXXL: It sure was cool. And Lydia, Sheldon and Maurice were cool too.

Levi: They sure were indeed.

Professor XXXL: Yep. Lets do it for I, PROFESSOR XXXL, Command it!

They fired waves of metal, gears, lightning and energy and smashed him down.

Levi: A most brilliant Success!

Pinkie Pie: BEST USUAL BATTLE EVER!

Captain Marvel: She's all right and she now knows that it wasn't real.

The Despair Uranus: Yeah Shaw was a monster! He really hurt her bad.

Elemental HERO Necroshade: What he did was awful. Thank goodness he is dead and super hakaied.

Elemental HERO Chaos Neos: Yeah he has no honor for anything and thank goodness he is gone for good.

Starlight Glimmer: At least he will never hurt anyone again.

Hex: Yeah thank goodness for that.

Starfire: No kidding there.

Blackfire: He deserved to die.

Tara: I agree with you there too.

Kole: Boy me too.

Jayden: I do too. What Shaw did shows that he has no honor.

---

Dr. Destiny was next.

Dr. Destiny: (to Fluttershy) Fluttershy was great using her stare on Muntz's dogs. Even though they did surround her.

Anakin: She sure was and that shows that you should NEVER underestimate the power of her stare.

The Tyrant Neptune: You aren't kidding there. The Stare of Fluttershy is a true force all on its own to be reckoned with.

Elemental HERO Aqua Neos: Yeah I wonder how Fluttershy was able to learn such an amazing power.

Elemental HERO Bubbleman: I don't really know myself but that is a really good question. But Fluttershy is really gifted with her stare when it comes to animals that misbehave.

Rarity: That she sure is and she is really gifted with it too. It's amazing that she knows an amazing power.

Sweetie Belle: That is why the Cutie Mark Crusaders call her the Stare Master.

They laughed.

Gill Grunt: That's a really good title for her.

Natilee: I think it's really perfect for her.

Princess Luna: It most sure is.

Moondust: I think she is gifted with her stare like she is with all of her love for animals.

Snowdrop: You said it there.

Gari: That is so awesome.

Dr. Fate: I agree there. Fluttershy is just an amazing and gifted girl. Her love for animals is so strong that not even monsters and bullies like Icky Vicky, Elmyra, The Cruel Veterinarian and others that abuse animals can stand up to her.

Supernova Zap: They had better think twice before messing with Fluttershy and her stare. It is something that is NEVER to be underestimated.

Pharaoh Atem: It sure is a force all on it's own.

Dr. Destiny: Boy you aren't kidding there. Lets do it!

They fired waves of Force ightning, water, jewels, ice and darkness and smashed him down.

Anakin: That was a victory of the Jedi.

Rarity: Rapture Darling that was grand!

---

Wolf was next.

Wolf: (to Cole) I hope Nico force feeds Muntz chum. It's only fair since he and Muntz go way back.

Cole Evans: Now that would be so awesome to see! A perfect form of divine retribution.

The Suppression Pluto: It sure would be cool and that is so awesome that Nico knew Carl and Ellie before he joined the team.

Elemental HERO Dark Neos: It sure is awesome. We're so happy that Nico knows them.

Elemental HERO Wildheart: And Eli did his first ever resurrection and made Carl young again. That is so awesome!

Evil HERO Wild Cyclone: His powers are REALLY evolving fast and that shows that J.D. taught him so much really well.

Princess Luna: He sure did and that is so amazing and cool.

Snowdrop: That is so awesome and cool.

Moondust: I think so too and I'm amazed that Eli was able to do that.

Gari: J.D. will be really proud.

Blackout: And it's awesome. But yeah Muntz deserves to be fed chum.

Ink Rose: Thanks Wolf. It was so awesome.

Moonlight Raven: It sure was awesome transforming against Akasha.

Fox: At least now we won't have to see Akasha again.

Krystal: (British Accent) Thank goodness.

Slippy: That was so terrifying that she was that evil.

Peppy: At least she is gone for good.

Falco: Yeah no kidding.

Kat: At least she is gone for good and will never terrorize the world again.

Zarya: You got that right.

Wolf: Thank goodness. Lets do it!

They fired waves of darkness and lasers and smashed him down.

Cole Evans: ALL RIGHT!

Princess Luna: A true victory of the night!

Julie Yamamoto: Yes she did kill her once before. That is good that she will never terrorize the universe again.

The Supremacy Sun: Yeah she gives grannies everywhere a really bad name.

Elemental HERO Glow Neos: But I hope that is the last we've seen of the evils of the planet Apokolips.

Elemental HERO Sparkman: J.D. managed to kill Darkseid and destroyed all his followers for good. But they will be back and we'll be ready for them.

Elemental HERO Divine Neos: Yes and they will not be expecting J.D. to be more powerful than all of them combined.

Princess Celestia: That's right. They won't like it.

Spotlight: They are gonna be in for a rude awakening.

Keiko Yukimura, Elemental HERO Terra Firma, Elemental HERO

# Mudballman, Elemental HERO Shadow Mist, Elemental HERO Poison Rose, Fluttershy, Life Skylanders, Batman, Robin, Batgirl, Spiderman, Team Chaotix, Larry Koopa, and Morton Koopa VS Killer Croc - Planet Nok is really amazing

---

Killer Croc next was next.

Killer Croc: (to Keiko) Planet Nok is really amazing. Isn't it the home of the Indigo Tribe?

Keiko: Yes it is and Planet Nok is also home to the Indigo Light of Compassion and it's amazing how it is home to a bunch of criminals that were bad at first and then reformed with the light of compassion. These were REALLY heartless and remorseless criminals that had no pity until they were cleansed by the Indigo Light of Compassion.

Elemental HERO Terra Firma: It was really something. And the Indigo Tribe is amazing. They also have a really amazing way of cleansing criminals that lack the capacity for Compassion. They use of the power of the Light of Compassion and purge the criminals of all other emotions except for compassion. Rendering them in a complete catatonic state.

Killer Croc: Wow! That is amazing!

Elemental HERO Mudballman: Yeah and Rock Lee calls that a fate worse than death.

Elemental HERO Shadow Mist: It's amazing that the Indigo Tribe is all a bunch of rehabilitated criminals that spread compassion to pure evil criminals.

Sonic the Hedgehog: You said it, Commander. I was hoping not to hear that voice ever, you can come out now, Caleb Goldman.

A figure came out, and it was none other than Caleb Goldman, the main antagonist of the Sega game House of The Dead and the true mastermind behind Dr. Curien's inhuman experiment, as well as the zombie infestation in the 2000 Venice Incident, where he sought to "revert humanity to its natural state" as a means to "restore the balance of nature".

Nicole Knudson: Caleb Goldman, the main antagonist of the game, House of the Dead. I was hoping never to run into you after what you've done, you madman.

Sonic the Hedgehog: You were the mastermind behind Dr. Curien's inhuman experiment, as well as the zombie infestation in the 2000 Venice Incident. You tried to revert humanity to its natural state to "restore the balance of nature", but in reality, you wanted to destroy all of humanity.

Twilight Sparkle: What can you tell us about him, Sonic? From what you just said, this guy is definitely bad news.

Sonic the Hedgehog: You won't like this madman one bit.

Sonic the Hedgehog proceeded to tell everyone about Caleb Goldman, and they weren't going to like him one bit.

Caleb Goldman

Caleb Goldman (referred to simply as Goldman in the games) is the main antagonist of The House of the Dead game series. He is revealed as the true mastermind behind Dr. Curien's inhuman experiment, as well as the zombie infestation in the 2000 Venice Incident, where he sought to "revert humanity to its natural state" as a means to "restore the balance of nature".

He is the unseen overarching antagonist in The House of the Dead, the main antagonist of The House of the Dead 2 and 4, and a posthumous antagonist in House of the Dead: Scarlet Dawn.

## Biography

### Backstory

Goldman is the head of the DBR Corporation and is known as the brains behind the zombie infestations during the 1998 Curien Mansion Case as well as the 2000 Venice Outbreak, where he sought to "revert humanity to its natural state" as a means to "restore the balance of nature". He is also responsible for the events in The House of the Dead 4 and possibly The House of the Dead 3.

Although Goldman does not appear during the main storyline of the first House of the Dead game, it is revealed that he hired a scientist named Dr. Roy Curien to assist him in achieving his goals (and secretly to act as a decoy, to mask who is really responsible for the zombie outbreaks). After two AMS agents named Thomas Rogan and G are dispatched to deal with the mad scientist at his mansion, Curien is killed and Goldman stumbles across his corpse before taking all of his research.

### The House of the Dead 2

On February 26, 2000, 14 months after the Curien Mansion incident, with the research of Dr. Curien in his hands, Goldman unleashes a wave of zombies upon Venice, Italy. Upon hearing of the arrival of AMS agents James Taylor and Gary Stewart, he leaves a message on one of the agents' cellphones, taunting them and inviting them to come to the Colosseum. When the agents eventually reach the Colosseum, Goldman appears to them on a large screen and claims that in time they will see who is right, before releasing an enormous chainsaw-wielding assassin to deal with them.

Afterwards, Goldman directs his attention to his master creation, the Emperor (a being designed to watch over and hate mankind, and prevent them from causing any more destruction to the world). When everything is set in place, Goldman simply waits for the AMS agents to come to him at his headquarters. Once James and Gary arrive, Goldman explains the reasoning for his actions, and uses the life cycle as a basis for this. After explaining himself, Goldman unleashes the Emperor. The two AMS agents engage in battle with the Emperor and eventually destroy it.

Upon the Emperor's defeat, Goldman serenely claims that his ultimate scheme is not over yet, and that in time a successor will come. Following these words, Goldman calmly commits suicide by throwing himself off the roof of his headquarters, plunging to what James and Gary presumed would be his apparent demise. However, even after his death, the threat of Caleb Goldman and his dark agenda was far from over.

## The House of the Dead 4

Goldman appears once again as the main antagonist in The House of the Dead 4, although in this game, he is only shown through recordings and flashback scenes in which he reveals his true feelings about humanity. Before his demise, however, Goldman had arranged a backup plan that allowed a second outbreak to be carried out in 2003, three years after the events of the original infestation in Venice. A third outbreak was also successful, as seen in The House of the Dead III.

Throughout this game, AMS agents Kate Green and James Taylor battle countless zombies without any knowledge of who is actually behind the outbreak, though James has an ongoing suspicion that the events from 2000 hadn't ended as they thought. After finding Venice completely in ruins, James suddenly receives an email from Goldman, with a recorded message which states that "everything's set" and that they have only one hour until a nuclear missile launch.

The two set course for Goldman's headquarters, eventually reaching Goldman's office, where they are greeted with another recorded message left by Goldman. Here, he claims that his goal was not to destroy all humans with the nuclear missiles, but rather to revert them to their natural state. He then reveals that Pandora's Box has been opened just as his master creation, The World, appears from within the courtyard in front of the building. Kate and James battle The World, but realizing that it cannot be defeated with gunfire alone, James sacrifices himself in order to prevent Pandora's Box from opening, destroying The World, and finally putting an end to Goldman's plan.

Personality

When Goldman first appears, he seems to be stoic, cold, and calculating human being who has extensive knowledge of the Genome theory. He has a deep contempt regarding what humanity might do because of their self-destructive, disruptive nature. Goldman also seems to be calm and unshakable most of the time, seeing the confidence that his vision of a world free of the destruction by a wrought man will indeed come to pass. When he is confronted by his enemies who want to thwart him, he is civil and polite and calling them "friends". He never rise his serene. However, with a stern tone, even after his defeat. But he was still very reserved and controlled. Despite starting the zombie apocalypse, he revealed in the fourth game that he believed in hope and didn't really want to eliminate the human race as a whole but was only testing them if they deserved to be saved or not.

---

When Sonic the Hedgehog was finished, everyone was indeed shocked and horrified.

Nico: My God.

Eli: You said it, Commander, and I thought what Wesker did in the world of Resident Evil was really bad too.

Colette Brunel: And I've had it with this monster to last an eternity.

Suddenly, Colette Brunel's blue eyes turned neon blue, and she was surrounded by a white energy aura with angels, and as she approached Caleb Goldman, she left white energy, angels, and doves with every step.

Colette Brunel: Caleb Goldman, what you've done in unleashing a zombie apocalypse can never be forgiven. All those souls who've lost their lives because of you, I will make sure that you will pay the price for your crimes!

Suddenly, Colette Brunel was surrounded by a massive vortex of white energy with angels flying around the vortex accompanied by the sound of an angelic choir, there was an angel flying around the vortex, and inside the vortex is a blue phoenix. Then, as the vortex faded, Colette Brunel emerged, but she was changed forever.

(IMPERATRIX MUNDI PLAYS AT 1:45 TO 2:14)

Colette Brunel grew to 6'0" in height, she had the body of a goddess, she has blue highlights in the bangs of her long blonde hair, she has neon blue eyes and white energy aura with light, angels, and doves surrounding her, she has the image of St. Michael the Archangel holding the Light Kanji in his hands emblazoned on her forehead, she has on beautiful angel earrings with the Light Kanji in her hands and a necklace with an angel holding the Light Kanji in her hands for the pendant, Colette Brunel has massive blonde angel wings with blue tips on the large blonde feathers, she has on a sleeveless light purple blouse with a white phoenix, light purple skirt with angels on it, white high heels, and a long sleeveless light purple trenchcoat with angels on the coattails and on the back is an angel holding the Light Kanji in her hands. Colette Brunel has a new large sword in her hand called the Sword of The Archangels, it's a large sword with an angel etched on the 6'5" massive, wide, double-edged blade, large angel wings for the crossguard, large blue gem for the hilt, longer black handle, and a large faceted silver sphere pommel with surrounding blue gems, she has on her new Bracelets of The Champions of The Universe with blue gems on her wrists, Belt of Elemental Bravery with large blue gem for the belt buckle on her waist, and her Eater of Sins revolver holstered on her right hip. There's a gold kanji below the angel that said, "Colette Brunel, Savior of Iselia, Loving Future Wife of Lincoln Loud, Slayer of the Evil Fallen Angel Mithos Yggdrasil, Slayer of Evil, Defender of Mankind, and Master of Angels and Light."

コレット・ブルネル、イセリアの救世主、リンカーン・ラウドの愛する未来の妻、悪の堕天使ミトス・ユグドラシルの殺し屋、悪の殺し屋、人類の擁護者、そして天使と光の達人

Colette Brunel has transformed into SUPER ANGEL 750,000,000,000 CELESTIAL LIGHTSTORM ANGEL OF LOVE AND BRAVERY!

They were amazed by Colette Brunel's Super Angel 750,000,000,000 transformation, and when Lincoln saw her, he had an atomic red blush on his face. But when Caleb Goldman saw it, he maintained his composure, but inside, there was indeed rage.

Nico: Wow, Colette's transformed.

Eli: That's right, Commander, she looks like a true Angel of Light, but on the outside, Goldman has kept his composure. (Smirks) But, inside, there was indeed rage in him.

Lincoln: Wow, Colette, you look beautiful. How do you feel?

Colette Brunel: (Divine Echoing Cosmic Voice of Angelic Light and Divine Bravery) **I feel incredible, Linky, and now, it's time for me to punish this monster for good.** (To Lincoln) **Would you like to join in?**

Lincoln: (Smiles) Of course.

Lincoln unholstered his massive Sword of Taranis from his wider and muscular back and transformed into Super Angel-Ebonwu Infinity Elemental Thundersnow Buffalo Angel of Frozen Lightning Justice, and he joined Colette Brunel.

Lincoln: (Divine Echoing Cosmic Thundersnow Elemental Voice of Justice) **Let's tear him to shreds!** (To Nico) **Commander, if you would?**

Nico: (Smirks) Ooh, our little surprise. I'm on it, Linc.

Nico snapped his fingers, and they found themselves in the world of House of the Dead, and Nico also summoned tons of weapons for them to use.

Eli: Linc, did you and the Commander plan this?

Lincoln: **Yep, in addition to killing Caleb Goldman, we're also going to massacre the zombies of House of the Dead.**

Nico: That's right, that's our little surprise that Lincoln and I planned before we went into the world of Up. He found out about Caleb

Goldman coming back from the dead during his meditation, and then, he called me up to his room and that's when we planned this surprise for us.

Eli: (Smiles) Awesome!

Then, while the rest of them went after the zombies and they were blowing them all to smithereens and causing a very massive bloodbath, Lincoln and Colette Brunel went after Caleb Goldman, and they blasted him with powerful blasts of rainbow energy, white energy, light, elemental forces, angels, thunderbirds, and buffalo, and they explode with incredible power as soon as they hit Caleb Goldman. Then, they slashed off Caleb Goldman's arms and he screamed in excruciating pain, and Lincoln and Colette Brunel had him crucified on a wooden cross.

Colette Brunel: **Shall we put an end to this monster?**

Lincoln: **Of course, Colette, time to deliver unto him a nasty case of divine punishment.**

Colette Brunel and Lincoln: **DIVINE PUNISHMENT OF THE ANGELS!**

Colette Brunel and Lincoln fired massive waves of light, which transformed into the Angels of Heaven, and with their swords, they went at Caleb Goldman, and they slashed him to pieces, and he exploded in purple flame, and he was Super Hakaied forever. Everyone then got back home, and they cheered wildly for Lincoln and Colette as they holster their massive swords on their backs and power down, and Colette Brunel's new clothes, weapons, jewelry, and angel wings were permanent.

Then, Lincoln picked Colette Brunel up in his abnormally massive and powerful muscular arms, and as they locked eyes, they kissed passionately, and behind them, everyone saw angels and a Thunderbird flying in the air accompanied by the lights of Heaven and the angelic singing of the angelic choir, and everyone had tears in our eyes and a smile on their faces.

Eli: (Smiles) Now, that was beautiful.

Nico: (Smiles) You said it, Lieutenant, and that display was also accompanied by the angelic singing of the choir of angels, beautiful. (To everyone) I know Lincoln and I are going to get tickled for this, since we didn't tell you guys, right?

Lori: (Smirks) Yep.

Nico: (Smirks) Yeah, I should've expected this. (To Lincoln) Linc, we're going to need a ten-second head-start since we're both going to get tickled.

But, then, Lori and Luna got to and tickled Lincoln, and 16-year-old 7'0", white-haired, handsome, and extremely muscular teen was laughing hysterically.

Nico: Dang it, Lori and Luna got him.

Then, Nico was tickled by Lola and Lana, and he was laughing hysterically.

Nico: (Laughs) Okay, you got us.

Carl: Thanks for helping me today.

Dr. Destiny: It was our pleasure, Carl.

Wolf: And we did it with J.D. out of commission

Captain Boomerang: But don't worry. You guys will meet him tomorrow.

Roxy Rocket: Now, what do we do with your house?

Killer Croc: After all, it's finally reached where you wanted it to go.

Nico: Yep. That was so awesome.

Carl Frederickson: I'll have our house moved to the estate. You all have done so much for me.

Nico: We do what we do out of the goodness in our hearts.

Carl Frederickson: That is awesome. (To the viewers) Never stop fulfilling your dreams and do what you like to do best and always live life to the fullest.

Nico: Absolutely. Lets head home everyone. Great job today.

Everyone went back home and Carl and his family moved into the estate. Muntz was sentenced to spend the remainder of his days in the Saturn Insane Asylum. Everyone had a good rest of the day and went to sleep. Where as I was going to be asleep till the morning the next day.

At 8:00 AM, in my room I woke up.

Me: (YAWNS) Man what a night.

Spike: Oh morning J.D.

Me: Morning Spike. Man how long was I asleep?

Spike: You were asleep the whole day J.D. Nico and the others got back yesterday and boy do they have so much to tell you.

Me: Wow.

Spike: Me and the mascots were making sure everything is quiet for you.

Me: Oh thanks Spike. I appreciate that.

I got up and stretched and got dressed and went to the dining room.

Nico saw me.

Nico: Well good morning Sleeping Prince.

Me: Morning Nico. Man that crime spree really did a number on me last night.

Nico: Boy it sure did and we have quite a story to tell you all. I made your favorite.

Nico made me hickory smoked sausages and eggs.

Me: Oh boy!

I got to eating.

Carl Frederickson came.

Carl Frederickson: Well hello there J.D.

Over in Ponyville by Twilight's Castle, me, Eli, Arrietty, Nene, Allie Wilde, Maria, Marie, Nicole Chan, Qin, Erica, Ellie, Lillian, Megan, Nora Venice, Simone, Miranda, Gina Pele, Lola Namiko, Nelanie, Warrior Lady of The Wasteland, Natalie Griffin, Maiden of The Aqua, Syrus, Dark Magician Girl, Rey, Lina, Kia, Jenna, Jared, Allenby, Isabel and Marina Kerumma the Vaporeon Gene-Slammer were heading to Twilight's School for our next rescue mission.

Marina Kerumma: So, this rescue is in Twilight's school?

Me: It sure looks like it. It's gonna be awesome to see more of Twilight's School of Friendship.

Simone: I've heard so much about Twilight's school.

Miranda: I heard that she built it after she and her friends traveled all over Equestria to stop the Storm King.

Me: Yep and they decided that it would be awesome if they could spread the joys of friendship to all the creatures of Equestria. Gryphons, Dragons, Yaks, Kirin, Changelings, everyone and everything. Including us humans.

Marina: Wow that is so cool!

Kia: It sure is. I think it's amazing that Twilight and her friends have built this school.

Isabel: It sure is something.

Lola Namiko: I think it's awesome.

Marina: It sure is.

Marina concentrated and groaned as her hair fell out.

Nicole Chan: It's awesome that Twilight has an amazing school for everyone.

Marina turned into VAPOREON!

Maria: Let's look around and see if there's trouble.

Me: Good idea. You all are going to love this place. When we were here the last time we were convincing Cozy Glow not to kick the bucket by rope.

Natalie Griffin: Oh man! I guess she was going to kill herself here because of everything she did.

Dark Magician Girl: That is awful. But thank goodness you all stopped her from doing that.

Maiden of The Aqua: That is a good thing.

Me: It sure is.

We got to walking around and we looked in Fluttershy's classroom.

Nelanie: (Laos Accent) This must be Fluttershy's classroom.

Me: Yep. She teaches kindness lessons.

Lola Namiko: Amazing. Her classroom looks fun.

Maria: Yep it sure does.

We found nothing out of the ordinary there.

We then went into the office of Staff Lounge.

Warrior Lady of The Wasteland: This must be the staff lounge.

Me: Yep.

Nene saw pictures of Fluttershy on the wall.

Nene: Whoa! 1, 2, 3, 4. Wow! Fluttershy was made Teacher of the Month for 17 months in a row!?

Me: That was amazing when I saw that. And SpongeBob has many pictures of himself as Employee of The Month.

Nelanie: How many Employee of the Month awards does SpongeBob have?

Me: He won it 374 times in a row.

Missy: That is amazing! And that would mean he has won Employee of The Month for 31 years!

Nicole Chan: That is so awesome. I hope Fluttershy wins that many awards for that long.

Me: That would be something to see.

Maria: Let's see what else is there.

We went into Twilight's office and looked around and so far nothing.

Me: Hmm. Nothing here in Twilight's Office.

We went into Starlight Glimmer's office.

Lola Namiko: This must be Starlight Glimmer's office.

Me: Yep. She's the Guidance Counselor here. She specializes in student psychology.

We got to searching there and there was nothing. Then we saw Applejack's classroom and there was a huge apple tree in the middle.

Gina Pele: This must be Applejack's classroom. She teaches honesty I'll bet.

Me: Yep.

We looked around. Then we heard something.

Me: Wait I heard something.

Simone: It's coming from in there.

She pointed to the Janitor's closet.

We went up to the door and it was locked.

Isabel: I got this.

She formed her finger into a Skeleton Key and unlocked it and in it were 3 girls tied up with rope. They were Miyabi Kannagi, Rinka Kunitachi and Konoe Tsuruma from Nakaimo - My Sister Is Among Them!.

Isabel: Miyabi Kannagi, Rinka Kunitachi and Konoe Tsuruma.

We went over and untied them.

Rinka: Whew! Thank you so much J.D.

Me: You're welcome Rinka.

Maria: Who did this?

Miyabi: We don't really know. They looked like crocodile people with black vests on.

Me: Kremlings! The minions of King K. Rool from Donkey Kong.

Konoe: Whoa! I didn't expect them to be here.

Lola Namiko: Me neither.

Rinka: Lets hope they are not that tough.

Me: They usually aren't. But lets get ready for battle. I've been wanting to try this out.

I used my plant powers and formed coconut and durian rifles.

Lola Namiko: Cool!

Nicole Chan: Awesome!

Me: Lets go crack some Kremling Skulls.

We then found them in Rarity's classroom!

Me: They're in Rarity's class.

Me: Hey you leather skin freaks!

Maria: Your boss is locked up. Stand down and that's all your fates will be.

Me: Actually he's now in the Masters of Evil. He's going to be assigned as Felicia's archenemy.

Maria: Oh my bad.

Me: No worries.

Kremling 1: We don't believe you! Get them!

They came at us and we fired! I fired a bunch of coconuts and smashed them down.

BONK BONK BONK BONK BONK BONK BONK BONK BONK!

Many of them were knocked down!

Patrick: (Offscreen) DAHAHAHA! Those guys got hit in the head with a bunch of coconuts!

Maria: That's the second day in a row that's happened.

Me: That someone got hit with a coconut?

Maria: Yeah.

Me: It is pretty funny though.

?: Let us help!

We then saw a SCORIA WURM AND AN INFERNAL FLAME VIXEN!

Me: WHOA! A Scoria Wurm and an Infernal Flame Vixen!

Scoria Wurm: (Japanese Accent) This is amazing to meet you J.D.

Lola Namiko: Wait that voice. Lillith? Is that you?

Scoria Wurm: Lola? Wow it's great to see you.

Me: You two know each other?

Lola Namiko: Yes we sure do.

Scoria Wurm: Sorry I'm Lillith Mikanori. Pleasure to meet you all.

Me: Same here.

Infernal Flame Vixen: Looks like we got here just in time.

Isabel: Time for some action!

Allenby: Lets get them!

Suddenly, the blue eyes of Allenby Knudson and Isabel Knudson turned neon blue, and Isabel Knudson was surrounded by a blue energy aura with animals and nature, and Allenby Knudson was surrounded by a blue energy aura with flames matching the colors of the flag of Sweden, and as they approached the Kremlings, they left blue energy, plants, animals, and flames with every step. Then, Allenby was surrounded by a massive vortex of blue energy with flames surrounding it, there was a phoenix flying around the vortex, and inside the vortex is a pink phoenix, and Isabel Knudson was surrounded by a massive vortex of blue energy with plants and animals surrounding the vortex, there was the spirits of animals running around the vortex, and inside the vortex is a white phoenix. Allenby Knudson has transformed into SUPER ANGEL 750,000,000,000 NORTHERN FIRE ANGEL OF SWEDISH JUSTICE AND ARCTIC LOVE!

We were amazed by the Super Angel 750,000,000,000 transformations of Allenby and Isabel, and when Jared saw what happened to Allenby, he had an atomic red blush on his face. But, when the Kremlings saw it, they fell into a rage and tried to attack, but Isabel and Allenby fired blue energy blasts at two of them and killed them.

Nicole Chan: Take that you stupid lizards!

Jared: YEAH! Way to go honey.

Allenby: (Divine Echoing Voice of Swedish Arctic Cold) **That was so awesome!**

Then I put on my blind man glasses and Eli, Jared and Syrus covered their eyes and I snapped my fingers and Marina and Lillith were reverting back.

Marina: (regains her hair) How do you like the school?

Lillith: It was really amazing and interesting.

They were back to normal and Maria gave them new clothes.

Lillith Mikanori: These clothes are amazing.

Lola Namiko: Lillith it's awesome you're back.

They hugged.

Lillith Mikanori: I missed you Lola.

Lola Namiko: Same here. I am also a Gene-Slammer. I was turned into a JetSilphymon.

Lillith Mikanori: That's amazing.

Me: It sure is. We've encountered many kinds of Gene-Slammers all because of those dumb Team Rocket Scientists.

Allenby: Yeah they were really messing around with the laws of Mother Nature.

Nicole Chan: Horrible.

Me: And cue Lillith being in pain in 3… 2… 1…

Lillith: (holds head in pain) It feels like my head's going to blow up!

Me: Reign in the power of your Scoria Wurm half with the strength of your will Lillith.

Simone: That's right. We did so with our powers and so can you. Concentrate.

Lillith concentrated and then she was lit up with a red fire aura and she was fully engrafted.

Lillith: Wow.

Jared: Awesome.

We later went back home to the estate and told everyone what happened and it was awesome.

After dealing with the Kremlings, Lincoln, Me, Nico, Eli, Nicole, Diamond Tiara, Adagio Dazzle, Aria Blaze, Sonata Dusk, The Star Sapphire Lanterns, Cozy Glow, Silver Spoon, Triple Berry, Petunia Paleo, and Donkey Kong were heading to the planet Zamaron, and not only is Lincoln going to rescue the nine girls, but we're also going to kill the Evil Dazzlings who've come back from the dead, seeking revenge.

Lincoln: Wow, we're on the planet Zamaron.

Me: That's right, big guy. I haven't forgotten how beautiful this place is.

Lincoln: Me too, and I think I know what we're going to do here, not only am I going to rescue the nine girls here, but we're also going to kill the Evil Dazzlings who have come back from the dead, seeking revenge.

Nico: The Evil Dazzlings are back?! I thought we got rid of them during the War In Equestria.

Lincoln: I thought so too, but it looks like they refuse to stay gone for good. Well, this time, they're getting a one-way trip to Oblivion.

Adagio Dazzle: That's right, Lincoln.

?: HELP!

Suddenly, Lincoln heard the sound of nine girls calling out for help. With his deep sapphire blue cyborg eyes and superhuman sight, along with sensing energy signals, he saw and heard where the call for help was coming from. He saw the nine girls, but they've been cornered by the Evil Dazzlings, and they're going to kill them.

Lincoln: Guys, I've found the nine girls, but they've been cornered by the Evil Dazzlings, and they're going to kill them. Let's get them!

We rushed on over, and Lincoln fired three powerful rainbow energy blasts at the Evil Dazzlings and hits them and it caused their necklaces to fall off, and Lincoln brought them to him using some magic. When the Evil Dazzlings saw us, they were enraged and tried to sing their song, but they noticed that something's wrong.

Lincoln: (Smirks) Looking for these?

Lincoln showed them their missing necklaces, and that pissed the Evil Dazzlings off.

Adagio Dazzle: Alright, nice one, Lincoln.

Cozy Glow: I've had it with those three monsters. Silver Spoon, Triple Berry, Petunia Paleo, let's get them.

Suddenly, the colored eyes of Cozy Glow, Silver Spoon, Triple Berry, and Petunia Paleo turned neon, and they were surrounded by energy auras in their favorite colors and elemental forces, and as they approached the Evil Dazzlings, they left colored energy, elemental forces, and magic with every step. Petunia Paleo has transformed into SUPER ANGEL

750,000,000,000 ARCHAEOLOGIST CELESTIAL PONY ANGEL OF LOVE AND HOPE!

We were amazed by the transformations of Cozy Glow, Silver Spoon, Triple Berry, and Petunia Paleo, but when the Evil Dazzlings saw it, they fell into a rage.

Me: Whoa, Cozy Glow, Silver Spoon, Triple Berry, and Petunia Paleo have transformed.

Nico: Four transformations against three Evil Dazzlings, this is going to get messy.

Cozy Glow: (Divine Echoing Cosmic Voice of Light and Love) That's right, Nico.

Lincoln: And now, you three are getting a one-way ticket into Oblivion for good.

Lincoln unholstered his massive Sword of Taranis from his wider and muscular back and transformed into Super Angel-Ebonwu Infinity Elemental Thundersnow Buffalo Angel of Frozen Lightning Justice, and he, Cozy Glow, Silver Spoon, Triple Berry, and Petunia Paleo went at the Evil Dazzlings, and they blasted them with powerful blasts of light, elemental forces, rainbow energy, and bones, and they had exploded with incredible power. Then, Lincoln sang the divine song of Adagio Dazzle, Aria Blaze, and Sonata Dusk, and that caused the eyes of the Evil Dazzlings to turn red, and as their negative energy poured into us making us even more powerful than ever, they ripped each other apart and in the end, they were nothing more than a bloody mess, and their spirits were Super Hakaied for good. We cheer wildly as they holster their massive swords on their backs and power down, and the new clothes, weapons, jewelry, and angel wings of Cozy Glow, Silver Spoon, Triple Berry, and Petunia Paleo were permanent.

Me: Whoa! That was awesome!

Nico: Boy it sure was! Lincoln turned their own song against them!

Eli: That was so cool!

Then, Lincoln and Nicole went up to the nine girls there, and when Lincoln saw them, he immediately recognized them. The nine girls were Kagura Tsuchimiya, Shizuru Imawano, Kyouko Mine, Mami Izumi, and Natsuki Kasuga from Ga-Rei, Tilarna Exedilica, Cameron Estefan, Cecil Epps, and Jamie Austin from Cop Craft.

Lincoln: Oh wow, it's Kagura Tsuchimiya, Shizuru Imawano, Kyouko Mine, Mami Izumi, Natsuki Kasuga, Tilarna Exedilica, Cameron Estefan, Cecil Epps, and Jamie Austin.

Nicole: From Ga-Rei and Cop Craft, awesome.

Lincoln: Are you girls okay?

Kagura Tsuchimiya: Yes, we're okay, thanks to you.

Then, when Kagura Tsuchimiya and the other eight girls saw who it was that saved them from the Evil Dazzlings, their faces turned atomic red upon seeing the 16-year-old 7'0" tall, handsome, white-haired, bare-chested hunk with abnormally massive and powerful upper and lower body muscles, eight-pack abs, rainbow colored thunderbird with a gold lightning bolt emblazoned on his forehead, a golden lightning bolt cutie mark with the thunderbird and comic books right on his massive and wide right pec and it was surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature, Light, and Darkness in a circle, a Celtic Cross cutie mark tattoo in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon, surrounded by a circle were the marks of the other girls in Lincoln's harem, and on top is the Earth surrounded by the ring of mermaids on top, a deep sapphire blue kanji on his wider muscular back that said, "Lincoln Landon Loud, Champion and Emissary of Hinon, Master of Lightning Storms, The Weather, and the Thirteen Elemental Forces, Man With A Plan, Golden-Hearted Brother of 16 Siblings, and Golden-Hearted Lover, Father, Son, and Husband", and he had deep sapphire blue eyes.

He had his massive Sword of Taranis holstered on his wider and muscular back, his orange Crystal Saber holstered on his left hip and his Eater of Sins revolver holstered on his right hip, the Pisces constellation and Aquarius Zodiac sign on the back of his neck,

large weighted orange bands on his massive biceps and thighs, his large Cuff Bracelets of The Champions of the Universe with large orange gems on his large wrists, massive and indestructible deep blue angel wings surging with powerful super lightning and the stars and blue nebulae reflecting on them, and he was dressed in an orange version of He Man 2002's loincloth with hanging silver lightning bolts and long orange trenchcoat coattails with hanging silver lightning bolts held up by his Belt of Elemental Bravery with large orange gem for the belt buckle on his waist, a pair of large blue pants with gold lightning bolts on the thighs, and large white leather combat boots with gold lightning bolts surrounded by a circle of smaller gold lightning bolts and armor on the toe area, silver Thunder Kanji earrings, a large silver Thunder Kanji necklace on his neck and across his permanently bare chest, large fingerless black gloves with the symbol of The Loud House on it, a large Orange Buffalo Animal Spirit Ring on his left ring finger, large Blue Lantern ring on his right ring finger, and he had eight large orange orbs orbiting around his legs.

Kagura Tsuchimiya: Oh wow, you're Lincoln Loud of Team Loud Phoenix Storm.

Lincoln: That's right, and it's a pleasure to meet you all.

Then, Lincoln made eight clones of himself, and he and the eight clones of himself went up to the girls, and they picked them up and hugged them in their abnormally massive and powerful muscular arms, and kissed them on the lips, which they returned with equally intense passion, as they wrap their arms around the necks of Lincoln and his clones, as we cheered over the scene.

Kagura Tsuchimiya: (Seductively and rubs her right hand on Lincoln's massive and wide right pec) You too, big, tall, muscular, and handsome.

We returned home to the Estate, and we showed everyone what went down on the planet Zamaron, and when we showed everyone what Lincoln, Cozy Glow, Silver Spoon, Triple Berry, and Petunia Paleo did to the Evil Dazzlings, they cheered wildly and they hugged them, and the girls in Lincoln's harem piled on him and they kissed him all over and he had a lovestruck look on his face. He also made sure to tell Princess Celestia of what happened, and we're now aware if any of Equestria's enemies return, they're getting a one-way trip to Oblivion for good.

---

After getting rid of the Evil Dazzlings this time for good, we were training intensely in the gym doing 100,000,000 reps of crunches, wing push-ups and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 9,000-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds. Then, we got a shower afterwards.

After that, we were getting ready to visit Nimbus Land in the world of Mario, and this is going to be a fun exploration.

Lincoln: This is going to be a fun exploration, we're heading to Nimbus Land in the world of Mario.

Me: You said it, big guy.

Lily the Mermaid: I can't wait to see it for ourselves, Linky.

Nico: This is one of the kingdoms we haven't visited in the world of Mario before, so this is going to be good.

We then left the Estate, and when we arrived at Nimbus Land, we were amazed, it was a floating kingdom on a massive cloud.

Lincoln: Wow.

Nico: Awesome.

Me: Incredible.

We landed on the cloud, and we headed for the castle, and we met King Nimbus and Queen Nimbus, the rulers of Nimbus Land. Then, they also wanted to speak with us.

King Nimbus: We're glad that all of you have arrived, J.D., because there's been a disturbance here in our land.

Queen Nimbus: Yes, a pirate has been located here in our kingdom, and he's been attacking innocent people and stealing from them.

This surprised a lot of us, except for Lincoln, Lily the Mermaid, and Me, as we know of one pirate who has been attacking innocent people and stealing from them.

Lincoln, Lily the Mermaid, and Me: Blackbeard's back?!

Lily the Mermaid: After five years of being dead, he's come back?!

Lincoln: And he'll want revenge on us for killing him five years ago.

Nico: Damn, five years and he can't let go of a grudge that he got his ass kicked by you guys? He's got a problem.

Me: He sure does. Even after 225 years.

Lincoln: Especially since how much we've changed.

We headed down, and when Lincoln saw Blackbeard, he fired a powerful rainbow energy blast, and it caused the evil pirate captain to back away. When he saw the 16-year-old, 7'0" tall, handsome, and extremely muscular Lincoln, five years of rage over what Lincoln and Lily the Mermaid did in killing him has come out.

Lincoln: It's been five years since we killed you, Blackbeard. You just don't know when to quit, do you? But, I can tell you this: I'm not the same person who killed you long ago, as you can see.

Blackbeard (Magic Island): As long as all of you live, my hatred for all of you will never die! I will kill you all if it's the last thing I ever do, and have my revenge!

Lily the Mermaid: I've had it up to hear with you to last an eternity.

Suddenly, Lily the Mermaid transformed into her Super Angel 750,000,000,000 form. But, then, the memories of what Blackbeard has caused in the past has come back to her, and it caused something in her mind to snap as we felt it, and she's surrounded by an aqua blue energy aura with mermaids and ocean waves.

Lily the Mermaid: (Divine Echoing Cosmic Voice of The Maelstrom and Love) **You constantly pursued me and tried to get your hands on the treasure on Magic Island, and you've tried to kill not only me, but also, my future husband and J.D. You are nothing but pure evil, and I will make sure that you will pay for everything you've done, YOU HEARTLESS, SADISTIC, GREEDY, MURDEROUS BASTARD!**

CLANG!

Our jaws dropped, including Lincoln's, when he heard that.

Lincoln: (Surprised) Whoa.

Me: (Smiles) Oh yeah, big guy. Lily's snapped, and she's going to make that pirate pay for it.

Then, Lily the Mermaid screamed like a madwoman, as she was surrounded by a massive vortex of blue energy with ocean waves surrounding it, there were mermaids swimming around the vortex, and inside the vortex is a blue phoenix. Then, as the vortex faded, Lily the Mermaid emerged, but she was changed forever.

Lily the Mermaid's 6'0" body, jewelry, clothes, weapons, and angel wings from when she transformed into her Super Angel 750,000,000,000 form has remained the same, but the mermaid with the Water Kanji in her hands emblazoned on her forehead now had rainbow colors, and the ocean blue kanji right below the mermaid with ocean waves on the back of her long blue sleeveless trenchcoat got an upgrade and it now said, "Lily the Mermaid, Guardian of Magic Island, Loving Future Wife of Lincoln Loud, Destroyer of the Evil Pirate Captain Blackbeard, The Guardian of The Secrets of The Mermaids, Slayer of Evil, Divine Singer and Swimmer, and Master of Water and Mermaids."

リリー・ザ・マーメイド、マジック・アイランドの守護者、リンカーン・ラウドの愛する未来の妻、邪悪な海賊船長黒ひげの駆逐艦、マーメイドの秘密の守護者、悪の殺し屋、神の歌手とスイマー、そして水とマーメイドのマスター

Lily the Mermaid has transformed into SUPER ANGEL INFINITY

CELESTIAL MAELSTROM MERMAID ANGEL OF LOVE AND HOPE!

We were amazed by Lily the Mermaid's Super Angel Infinity transformation, and when Lincoln saw it, he had an atomic blush on his face, hearts in his eyes, and steam came out of his whistling ears. But, when Blackbeard saw it, he fell into a murderous rage.

Lincoln: (Babbles) Whoa, Lily, you look beautiful. How do you feel?

Lily the Mermaid: (Divine Echoing Cosmic Voice of The Maelstrom and Divine Love) **I feel incredible, Linky, and now, shall we put an end to Blackbeard for good?**

Lincoln: (Smiles) Of course.

Lincoln unholstered his massive Sword of Taranis from his wider and muscular back and transformed into Super Angel-Ebonwu Infinity Elemental Thundersnow Buffalo Angel of Frozen Lightning Justice, and he joined Lily the Mermaid.

Lincoln: (Divine Echoing Cosmic Thundersnow Elemental Voice of Justice) **Let's end this monster for good.**

Lincoln and Lily the Mermaid went after Blackbeard, and they fired powerful blasts of rainbow energy, elemental forces, and water at him, and they explode with incredible power, and drenched him. Then, Lincoln and Lily the Mermaid slashed off Blackbeard's arms, and he screams in excruciating pain, and Lily the Mermaid kicked him into the air.

Lincoln and Lily the Mermaid: **Say goodbye, Blackbeard, and this time, you better stay dead, you evil murderous bastard. COSMIC MAELSTROM MERMAID MEGABLAST!**

Lincoln and Lily the Mermaid fired massive waves of water with mermaids in the waves, and as they hit Blackbeard, they explode with incredible power, and he let out a scream as the explosion killed him, and his spirit was Super Hakaied for good. We cheered wildly for what they did as they holstered their massive swords on their backs and power down, and Lily the Mermaid's improvements to her body and clothing are permanent. Then, Lincoln picked Lily the Mermaid up in his abnormally massive and powerful muscular arms and they hugged, and as they locked eyes, they passionately kissed and hugged, and right behind them were splashing ocean waves and the divine singing of mermaids, and we had smiles on our faces and tears in our eyes.

Lori: (Smiles) That's literally beautiful.

Ronnie Anne: (Smiles) That's our man.

Me: (Smiles) Way to go, big guy!

Lincoln and Lily the Mermaid were rewarded with medals for getting rid of Blackbeard for good, and we cheered wildly for them. Now, after five years since their adventure and meeting on Magic Island, Blackbeard is finally gone and he'll never come back from the dead again.

Next it was time for Tecna's Ambassador Mission.

Bloom: Can we come with you, Tecna?

Tecna: (British Accent) You all sure can Bloom. I was planning to have you all come with me anyway.

Musa: This is gonna be awesome coming with you all.

Flora: I can't wait to see Herbie and Maggie,

Tecna: Yes. Lets get moving.

Me: You guys will have fun with Herbie and Maggie.

Nico: Yep.

Tecna: Lets head out.

They were off to Chicago.

They later arrived.

Maggie Peyton: Hey Tecna!

Tecna: Maggie, I'd like you to meet my friends.

Maggie Peyton: Awesome! It's awesome to meet you all.

Bloom: Same here. My name is Bloom, Princess and Guardian of Domino.

Flora: I'm Flora, Princess and Guardian of Lynphea.

Aisha: I'm Aisha, Princess and Guardian of Andros.

Stella: I'm Stella, Princess and Guardian of Solaria.

Roxy: And I'm Roxy, Last Fairy of Earth.

Maggie Peyton: Awesome to meet you all. It's an honor.

Herbie: Boy same here.

Tecna: So, anything new happen?

Maggie Peyton: Not much. Other than Trip Murphy still being a monster but we will stop him.

Tecna: We still will stop him no matter what.

Aisha: He must be bad news.

Tecna: Wait. Murphy's out of the hospital?!

Maggie Peyton: No not yet. But he is going to be released in about 6 weeks.

Tecna: That's a relief.

Bloom: Lets pray that he won't get out too soon before we come and stop him.

Roxy: I have a feeling he won't get out that early.

Stella: But if he does we'll make sure to send him back.

Maggie Peyton: Thank you girls.

Bloom: You're welcome.

Maggie Peyton: Tecna, promise you won't laugh. But ever since I met you, I've seen you as a big sister.

Tecna: Oh Maggie that is so sweet and I won't laugh at that. The same thing happened to many of us when everyone went on Ambassador missions themselves.

Maggie Peyton: Wow that's awesome.

Tecna and Maggie then hugged.

Tecna: But I'm honored that you would think of me as a sister.

Maggie Peyton: Thank you Tecna.

Back at the estate, we were talking about who would be next for their ambassador mission.

May: I think Piper's ambassador mission's coming up soon.

Piper: I can't wait to see who I'm going to meet.

Me: You'll love it Piper. Your ambassador mission is going to be in the Digital World where you will meet Nene's friends Mikey, Christopher and the Fusion Fighters.

Piper: Whoa! Nene I can't wait to meet your friends.

Nene: You will love them Piper and I will go with you on each mission for that. J.D. you can come too if you want.

Me: I would be honored. I heard so much about all of your enemies that you faced in the Bagra Army and they are really dangerous. So to help us prepare for them I have a plan.

Nico: Let me guess. You're going to destroy them one at a time to narrow down the number of enemies for us to face.

Me: Bingo. Like I did so with Black Ghost.

Nico: Awesome Strategy. Good thinking.

Me: And I can use that time to get to know Nene's friends too.

Nene: You are going to love Mikey, Christopher, Jeremy and Angie and my brother Ewan.

Me: I can't wait to meet them.

Zhuqiaomon: This is gonna be most interesting to see.

Tecna and the Winx Club came back.

Me: How did it go?

Tecna: It was really well.

They told us everything and we were amazed.

Me: Wow! Awesome job.

Tecna: It was really fun.

Me: Glad you liked it.

---

Later in Tokyo, Japan we were there at the Tokyo TV Station to investigate the sightings of a Digimon there.

Itachi: According to witness reports, there's a Digimon lurking about here.

Me: Right in the Tokyo TV Station.

Eli: I sense that it's the ghost of a Digimon.

Me: A Digimon Ghost? You mean like Bakemon, Soulmon or any like that?

Eli: No a literal Digimon Ghost.

Me: Man that is strange. Digimon are made of data. How can they turn into ghosts like that?

Varie: That is a really good question.

Cozy Glow: Which ghost do you think it might be?

Diamond Tiara: I don't know.

Me: Lets find out.

We went into the TV Station and we heard a voice.

Me: Hear that?

Nico: Yeah that voice is very familiar.

Laney: I wonder whose voice that is?

Indigo 1: Anyone there?

Me: I don't see anything.

We looked around.

Lana: Look up there!

We saw a shadow flying around.

Me: That shadow looks strange.

Shadow Figure: (Eerie Voice) Gatomon.

Gatomon: It's calling me.

Gatomon stood out.

Gatomon: I'm right here.

The figure came and it formed and it was Wizardmon!

Nico: Whoa Wizardmon!

Kari: Wizardmon!

Sora T.: Wow!

Gatomon: Wizardmon!

Wizardmon: It is good to see you again Gatomon.

Me: Wizardmon it's awesome to meet you. Gatomon and Kari told us so much about you.

Wizardmon: Same to you J.D. I am honored to meet you.

Me: Same here.

Skywarp: How long have you been haunting this place?

Wizardmon: I was here last time to help the Digidestined save the Digimon Emperor from himself.

Nico: I remember that! And I was told that Kindness will release the Golden Radiance.

Twilight Sparkle: I'm confused. What happened to Wizardmon?

Me: It's a really ugly story. Wizardmon and Gatomon used to work for Myotismon years ago. Myotismon before he became Nico's frenemy was a monster of absolute pure evil.

I went over Wizardmon's story and it was one that was a horrible tragedy.

---

Wizardmon was a loner who traveled all over the Digimon World. On one of his journeys however, he nearly collapsed out of exhaustion. Gatomon took pity on him and saved his life. Later in his life, he passed himself off as one of the mercenaries that Myotismon recruited for his search for the Eighth Child. But in reality, Wizardmon's loyalties were to Gatomon, whom he believed to be the partner of the Eighth Child and wanted to unite them as his way of thanking Gatomon for saving his life. After uniting the Eighth Child, Kari, and Gatomon as partners, Wizardmon and Gatomon broke into Myotismon's Fortress to steal the Crest of Light (by hitting the guard Bakemon with a Thunder Ball giving him amnesia). However, Myotismon discovered their plan and fought Wizardmon one-on-one over Odaiba Bay. Despite Wizardmon's skill in magic, he was beaten when Myotismon destroyed his wand and tossed him into the sea. Since Wizardmon could not swim, it seemed as though he drowned. However, he was saved by Zudomon, Patamon, Joe, and T.K. and told them that he had the Crest of Light in his possession.

After Wizardmon and the DigiDestined assembled at the Fuji TV Station, he revealed himself as an ally and healed Lillymon. Wizardmon and the children then prepared for an all-out assault against Myotismon. During the fight with Myotismon, it became evident that he was nearly impervious to all the attacks thrown at him. However, Wizardmon, though highly weakened from fatigue and damage from the last battle, and missing his main weapon, was the first to harm the vampire Digimon, by hitting him from behind while Myotismon gloated in his arrogance. Myotismon turned around, surprised and enraged to find that he failed to kill Wizardmon the first time. Wizardmon tossed the Crest of Light to Kari, but Myotismon was determined to destroy Wizardmon once and for all. He blasted Wizardmon straight into a solid wall. Myotismon assumed he finally killed the wizard and a fierce battle ensued. After Angemon came to the battle, Myotismon decided to finish it once and for all and, pouring all his power into one attack, threw the deadly Grisly Wing at Kari and Gatomon.

Yet somehow, Wizardmon managed to stand in front of the attack a mere second before it could hit, mortally wounded in the process, and sacrifice his life for Kari and Gatomon. As he lay dying, Gatomon apologized for getting him involved. However, he told her not to be sorry, saying that had he not met her, his life would've had no meaning, and that was glad that they were friends. His death was quickly avenged when Gatomon, out of both her and Kari's grief, digivolved to Angewomon and destroyed Myotismon with her Celestial Arrow attack.

Three years later, on the anniversary of his death, Wizardmon's data resurfaced and his "ghost" began to cause disturbances at the Fuji TV station - his image appeared on screens all across the building and his voice would play from audiotapes and recordings. When DigiDestined came to the television station in memory of the Digimon that fought and/or died in the battle with Myotismon, his spirit manifested itself when Gatomon recognized who it was. Wizardmon gave the DigiDestined a cryptic warning, relating to the fight that was to occur in the near future. Before he left, Gatomon called out to him, and the two of them reached forward to touch hands, but because he was a ghost, her paw went right through his hand. Crestfallen by this, he pulled away and muttered 'I'm sorry'. His spirit then faded away, leaving Gatomon and Kari crying at his departure, though grateful to know that he was still watching over her.

---

When I was finished I had tears streaming down my face.

Me: Wizard made the ultimate sacrifice to save Kari and Gatomon from Myotismon.

Nico: That's right and it was because of his sacrifice that I awokened my Super Saiyan Power. Because of that, I easily overwhelmed Myotismon as an Ultimate Level Digimon and also I destroyed his Ultra Level form VenomMyotismon.

May: My God.

Eli: That is awful.

Skydive: But don't worry, Wizardmon. Myotismon's a cool guy once you get to know him.

Me: After Nico destroyed Myotismon in his Super Ultimate Digimon form called MaloMyotismon for good, his data was reconfigured and he became Nico's frenemy in the Masters of Evil.

Wizardmon: That's what I was hearing and I'm happy that Myotismon is good.

Me: But you are a true hero Wizardmon. You saved Kari and Gatomon from certain death and that makes you a true redeemed hero. And for that you deserve another chance. (Snaps Fingers)

Wizardmon was brought back to life and he was back for good this time!

Gatomon: Wizardmon!

Wizardmon: Gatomon!

They hugged and Kari hugged him too.

It was a great reunion.

Back at the estate, we were getting ready for our next mission.

Elec Man: J.D., now that you're fully rested, you're leading today.

Me: Yeah I know and man that was a much needed rest too.

Mollie: Yeah and like I said to Zzzax, evil rests for no reason at all.

Me: That is true. But I just can't believe that all those crimes were happening all over the city at a really furious rate at such a really early time too.

Sunset Shimmer: That was crazy. But at least you stopped that crime spree.

Me: That's true. But I have just the mission for all of us too. It's actually another race.

Nico: Awesome! Where is it at this time?

Me: The Amazon Rainforest. Its an Airboat Race along the Amazon River.

Laney: Wow! This is gonna be cool!

Syd Chang: I've always wanted to see what the Amazon Rainforest is like.

Suddenly, the eight large planets and stars orbiting around my legs, the eight large orange orbs orbiting around Lincoln, Linka, and Duke Lincoln's legs, the eight large dark blue orbs orbiting around Ed Cowart's legs, the eight large crimson red orbs orbiting around Naruto's legs, the eight large black orbs with the Eye of Horus orbiting around Cody (OC)'s legs, the eight large pink orbs orbiting around Lola and Lexx Loud's and Steven Universe's legs, the eight large green orbs orbiting around Lynn Sr.'s legs, the eight emerald green orbs orbiting around Yakko Warner's legs, the eight large sapphire blue orbs orbiting around Wakko Warner's legs, the eight large hot pink orbs orbiting around Dot Warner's legs, the eight large marine blue orbs orbiting around Liam and Leif Loud's legs, the eight large scarlet red orbs orbiting around Lynn Loud and Lynn Jr.'s legs, the eight coral red orbs orbiting around Timon's legs, the eight large blue orbs orbiting around Lori and Loki Loud's legs, the eight large sea-foam green orbs orbiting around Leni and Loni Loud's legs, the eight large yellow orbs orbiting around Luan and Lane Loud's legs, the eight large brown orbs orbiting around Laney and Larry Loud's legs, the eight large light green orbs orbiting around Lisa and Levi Loud's legs, the eight large lavender orbs orbiting around Lily and Leon Loud's legs, the eight large colored orbs orbiting around Bobby Santiago and Nico's legs, and the eight large purple orbs orbiting around Luke Loud's legs and Menat's legs were glowing, and that means big trouble was coming.

Cassandra Alexandra: Oh no, I was hoping never to hear that voice again. You can come out now, Astaroth.

A massive figure came out of the shadows, and it was none other than Astaroth, a power-hungry barbarian who desired ultimate power by acquiring the Soul Edge, and an enemy of Cassandra Alexandra and her family.

Cassandra Alexandra: You've got some nerve showing up here, Astaroth. You just never learn when to quit trying to acquire the Soul Edge, but it's too late, we destroyed the Soul Edge and it has been sent into Oblivion for good.

Lincoln: Cassandra, what can you tell us about Astaroth? From what you told us, he's one of those who tried to acquire the Soul Edge, and he's definitely bad news.

Cassandra Alexandra: Trust me, Linky, you won't like him. He's one of the most frequent foes that we've fought against.

Cassandra Alexandra proceeded to tell us about Astaroth, and we weren't going to like him one bit.

Astaroth (Soul Calibur)

Astaroth (アスタロス, Asutarosu) is a golem character in the Soul series of fighting games. This page refers to the original Astaroth who made his first appearance in Soulcalibur and has returned for Soulcalibur II, Soulcalibur III, Soulcalibur Legends (as Astaroth alpha), Soulcalibur IV and Soulcalibur: Broken Destiny.

In Soulcalibur V Astaroth is deceased and was replaced with a Mass Produced version of himself instead. However, the original Astaroth returned once again in Soulcalibur: Lost Swords and Soulcalibur: Unbreakable Soul.

What lies in his soul is Power.

Biography

Soulcalibur

Ares, the god of destruction, desired Soul Edge to dethrone his father, Zeus, so he ordered Kunpaetku, the grand priest of the cult order Fygul Cestemus, to seek it out. Astaroth, a golem, was created in hellish heat under the divine protection of Ares to head up the quest. Kunpaetku ordered his creation, Astaroth, to find the demonic blade. As he watched Astaroth depart from the shrine, the grand priest laughed to himself as he planned to keep the Soul Edge and become a god himself. Unknown to Kunpaetku, however, Ares had possessed Astaroth with his servants, the Keres, to ensure that Kunpaetku would not betray him. When Astaroth finally found Soul Edge, he had lost half of himself during the battle with Sophitia.

## Soulcalibur II

Deciding that Ares would not be pleased with the sword in this condition, he agreed to help the Azure Knight, Nightmare, build his power by collecting souls by slaughtering countless victims. As Astaroth was finally ready to betray Nightmare and take the Soul Edge from him, Kilik, Xianghua, and Maxi stormed Ostrheinsburg Castle, and Astaroth was killed by Maxi. Four years later, signs of Soul Edge began to re-emerge, and Ares resurrected Astaroth in an attempt to retrieve the evil blade once again. This time, though, his body had been infused with the shards of the Soul Edge, making him more powerful than ever before.

Astaroth had set out on the trail for the evil blade, but a problem arose. The grand priest Kunpaetku had realized his golem was not behaving as originally instructed - that another force now claimed ownership over Astaroth since his initial creation. In order to reclaim Astaroth as his servant, Kunpaetku performed a ritual on the lowest level of the cult's temple and unleashed a powerful curse on him. Astaroth fought back against the curse, for he had become an ideal host for the Keres, because of the fragments of Soul Edge he had taken in during his resurrection. He would destroy anyone who stood in his way, and now the cult had become nothing more than an obstacle in his path. Astaroth entered the temple to destroy the cult once and for all, and his whirlwind of destruction mowed down everything in his path.

## Soulcalibur III

The curse had only fueled him with anger, and he was determined to destroy anything and everything he saw. The temple of the heretics had become a crucible of chaos. Astaroth pursued Kunpaetku into the deepest part of the temple, but the grand priest managed to escape at the last minute. Only the words the priest left behind remained, telling him that he was nothing more than a failed doll modeled after a mere human. Astaroth immediately stopped in his tracks, distracted with this new found horrible knowledge, and began to search the temple's archives for his roots. He had been made in the image of a man called only by the name "White Giant." Astaroth destroyed the facility in which Kunpaetku's ritual had been performed, and his curse faded such that he regained his true strength. He then proceeded to destroy the temple completely until it became unrecognizable debris, and nothing was left but chaos and rubble.

Fygul Cestemus had been wiped from history by the very being that they themselves had created. Astaroth stood within the ruined temple, quietly thinking to himself. If the "White Giant" he had been modeled after was as powerful as himself, then that man must surely be the greatest soul on earth, the perfect nourishment to resurrect the Soul Edge back to its full power. Perhaps Astaroth himself did not realize his own hidden desire to destroy the "White Giant" - to make himself a complete creature, unique without any model. The golem set out, his new objective set, disappearing into the mirages in the distance. Behind him was only a column of smoke rising from a ruinous wasteland; in front of him somewhere was the perfect soul.

Soulcalibur IV

Astaroth had been unconsciously fighting the thoughts of him being created in the image of the "White Giant". Perhaps because of this, his body has been twisted to the point where he no longer looks remotely human. But then he finally found the White Giant and nearly killed him. Suddenly, he realized that he had been serving Ares all this time. This thought made him insane, and he destroyed the landscape around him.

Then Tira approached him, and told him that she can bring him to a fitting place where he could hunt a god. However, Astaroth can clearly see that she is a very loyal servant of the evil sword, and she was just using him. Then again, she was right about the fact that he needed a better place to find souls. So he went to Ostrheinsburg and became Nightmare's servant once again, only this time, he plans to devour everything; those who descend upon Ostrheinsburg, and even Soul Edge itself.

---

When Cassandra Alexandra was finished, we were horrified and disgusted by Astaroth's actions.

Me: My God, Cassandra was right, Astaroth is nothing but a power-hungry barbarian, just like Death Adder and Shao Khan.

Nico: You're right about that, he's tried to acquire the Soul Edge just for ultimate power, he needs to be stopped for good.

Ryuko Matoi (TLPS Universe): And that's what I intend to do to this guy.

Suddenly, Ryuko Matoi's eyes turned neon blue, and she was surrounded by a dark energy aura with dark flames and ravens, and as she approached Astaroth, she left dark energy, dark flames, and ravens with every step.

Ryuko Matoi (TLPS Universe): Astaroth, the crimes that you've committed in trying to acquire the Soul Edge and all for power can never be forgiven. I will make sure that you die here and now, and your dark soul is banished into Oblivion for good.

Then, Ryuko Matoi of Team Loud Phoenix Storm was surrounded by a massive vortex of dark energy with dark flames and ravens surrounding it, there was a red phoenix flying around the vortex, and in the vortex is a gold phoenix. Then, as the vortex faded, Ryuko Matoi of Team Loud Phoenix Storm had emerged, but she was changed forever.

(IMPERATRIX MUNDI PLAYS AT 1:45 TO 2:14)

Ryuko Matoi of Team Loud Phoenix Storm grew to 6'0" in height, she had the body of a goddess, she had blood red highlights on the bangs of her long dark blue hair, she has neon blue eyes and a dark energy aura with ravens and dark flames surrounding her, she has a raven with the Dark Kanji in its claws emblazoned on her forehead, she has on raven earrings with the Dark Kanji in its claws and a necklace with a raven holding the Dark Kanji in its claws for the pendant, she has on a sleeveless black blouse with a blood red phoenix on it, black blouse with red scissor blades, black pants, black high heels, she has large black angel wings with red tips on the large black feathers, and a sleeveless black trenchcoat with ravens on the coattails, and on the back is a raven with a scissor blade. Ryuko Matoi of Team Loud Phoenix Storm has a new large sword in her left hand called the Sword of The Raven, it's a large sword with a raven etched on the 6'5" massive, wide, double-edged blood red blade, large black raven wings for the crossguard, large blood red gem for the hilt, longer black handle, and large blood red faceted sphere pommel with surrounding blood red gems. Ryuko Matoi of Team Loud Phoenix Storm has on her new Bracelets of The Champions of The Universe with purple gems on her wrists, Belt of Elemental Bravery with large purple gem for the belt buckle on her waist, and her Eater of Sins revolver holstered on her right hip. There's a midnight blue kanji below the raven that said, "Ryuko Matoi, Former Student of Honnōji Academy, Loving Future Wife of Lincoln Loud, Amazing Member of Team Loud Phoenix Storm, Slayer of Evil, Destroyer of The Student Council, and Master of Darkness, Ravens, and Scissor Blades."

纏流子、元生徒会の学生、リンカーンラウドの愛する未来の妻、チームラウドフェニックスストームの素晴らしいメンバー、悪の殺し屋、生徒会の破壊者、そして闇、レイヴンズ、シザーブレードのマスター。

Ryuko Matoi of Team Loud Phoenix Storm has transformed into SUPER ANGEL 750,000,000,000 DARKNESS BLOOD RAVEN ANGEL OF JUSTICE AND LOVE!

We were amazed by Ryuko Matoi's Super Angel 750,000,000,000 transformation, and when Lincoln saw it, he had an atomic red blush on his face. But, when Astaroth saw it, he fell into a dark rage.

Me: Whoa, Ryuko of our universe has transformed.

Nico: You said it, J.D. She's become an Angel of Darkness and Justice.

Lincoln: Wow, Ryuko, you look beautiful. How do you feel?

Ryuko Matoi (TLPS Universe): (Divine Echoing Cosmic Voice of Darkness and Justice) **I feel incredible, Linky, and now, I'm going to teach that overgrown barbarian a lesson. Would you like to join in?**

Lincoln: (Smiles) Of course.

Lincoln unholstered his massive Sword of Taranis from his wider and muscular back and transformed into Super Angel-Ebonwu Infinity Elemental Thundersnow Buffalo Angel of Frozen Lightning Justice, and he joined Ryuko Matoi.

Lincoln: (Divine Echoing Cosmic Thundersnow Elemental Voice of Justice) **Let's tear this monster to shreds!**

Lincoln and Ryuko Matoi went after Astaroth, and avoided the swing of his axe, and they fire powerful blasts of rainbow energy, dark energy, elemental forces, darkness, Thunderbirds, and Raven at the power-hungry barbarian, and they exploded with incredible power. Then, Ryuko Matoi fired a blast of dark fire at Astaroth's axe, and it was incinerated. Then, Lincoln fired a massive red energy blast, and he began sucking out Astaroth's immense superhuman strength, durability, and hard skin, and he and the rest of us made them our own. Then, Ryuko Matoi and Lincoln stabbed Astaroth's exposed core in the chest, and Astaroth exploded and it killed him, and he was Super Hakaied forever.

We cheered for Lincoln and our universe's Ryuko Matoi, as they holster their massive swords on their backs and power down, and our universe's Ryuko Matoi's new body, clothes, weapons, jewelry, and angel wings were permanent. Then, Lincoln lifted our universe's Ryuko Matoi up in his abnormally massive and powerful muscular arms, and as they lock eyes, they shared a passionate kiss, and right behind them are the stars in space, followed by a raven and a thunderbird flying in the skies, and we had tears in our eyes and a smile on our faces.

Nico: (Smiles) Now, that's awesome.

Me: (Smiles) You said it, Nico.

Then, we continued on with the race. For over 4,000 miles we saw amazing animals and beautiful trees and plants and more. We saw some more of my favorite birds: The Scarlet Ibis, Cock-Of-The-Rock, Quetzal Birds, Sun Bitterns, Macaws, Parrots, Caracara Birds, Hummingbirds, Potoos, Kingfishers, Tanagers, Pygmy Owls, Hoatzin, Cormorant, Many kinds of beautiful birds. William: Yep. Real ones.

Me: It was really crazy.

Ssserpent: At least there were no snakes among them.

A figure came out and it was CAMERA ORG from episode 3 or Wild Force!

---

Camera Org was one of the ancient Orgs that worked with Master Org 3,000 years ago. He took the form of a camera and had the ability to steal people's life force and make them invisible. He first appeared and attacked a young couple, Taylor morphed and was about to strike the Org, but was stopped by Jindrax. Camera Org watches on the battle along with Toxica who had just arrived, with Taylor down he had the clean chance. So he took her picture, causing her to become invisible, before returning to Turtle Cove where he turned many people invisible. Cole confronted the Org after seeing all of the people he has captured. Camera Org fought Cole and got him cornered, then Danny, Max and Alyssa attempted to help him but they had to deal with Jindrax, Toxica and an army of Putrids. Right before the Org can capture the Red Ranger, Cole outsmarts the monster by using a nearby chain to get to a higher platform and throw a bunch of metal objects at the Org, hindering him and allowing the Red Ranger to morph so he can land a hard hitting kick at Camera Org. This caused him to drop his roll of film and the hero grabbed it and open it up, freeing all the appearances of the victims, including Taylor. But the Org wasn't finish yet as he has a spear and was about to capture all four of the Rangers, but Taylor came to the rescue and destroyed his lens. Now angered, the Camera Org went all out on the Rangers, he had the upper hand thanks to him trapping all of the Rangers in wraps but with enough courage by the Lion Wildzord, Cole equipped the new Lion Blaster and fired it at the Org, allowing the Rangers to be free. The Rangers combined their weapons and formed the Jungle Sword and used a Savage Slash to take out Camera Org. Toxica enlarged the Org, so the Rangers called the Wildzords into battle, they had the upper hand thanks to the Lion and Eagle Wildzords' teamwork. They formed the Wild Force Megazord and had the upper hand thanks to the Megazord's Shark Surge and Tiger Fury attack. The Org tried to fight back with the wrap, but the Megazord used its Fin Blade to cut down the wraps and fired its Mega Roar attack. Camera Org resisted the attack, but could not take it and was destroyed for good.

---

Taylor: Camera Org!

Camera Org: Been a while rangers.

Me: I remember you! You were sent attack Turtle Cove by stealing life force of people that you took pictures of and making them invisible.

Camera Org: That's right. Good memory on you J.D.

Me: Never missed an episode like I keep telling all your friends.

Camera Org: That's true. But also congratulations to you for the race.

Me: It was so awesome.

Camera Org: (to me and the Race winners) Can I take a picture of you guys?

Layla Williams: You know you won't make us invisible, right?

Camera Org: Hey, if Jashinger can take pictures for fun, so can I.

Me: Go for it.

We got in a spot.

Camera Org: Say Amazon Victory!

All: AMAZON VICTORY!

We smiled and then…

FLASH!

He took a picture and he made a beautiful panoramic picture of all of us in the Amazon Rainforest.

Camera Org: Awesome picture!

Me: Cool!

He showed us it and it was perfect and cool.

Me: Awesome! Thanks Camera Org.

We got the usual battles underway.

Elemental HERO Burstinatrix: It sure is funny. Goes to show that K. Rool and his minions are no match for the sheer awesome of Donkey Kong.

Elemental HERO Bladedge: Like when Goku transformed against Frieza the first time. Myotismon was completely outclassed by the sheer magnitude of Nico's power.

Starlight Glimmer: So it wasn't just MaloMyotismon that Nico transformed against. It was Myotismon. Even as an Ultimate Level Digimon, Nico easily overwhelmed him.

Rainbow Neos: And people are destroying it to make all the stuff that we throw away which is wrong on so many levels.

Susanne Crelsley: It sure is horrible that people want to destroy it.

Sandra Thompson: But the good news is that everyone is trying to restore it and preserve the rainforest.

Hannah Florington: That is a good thing. But eco-terrorists want to destroy much of the lands without a single shred of remorse.

We had a great party to celebrate our victory in the Amazon Rainforest and it was awesome. We later went back home and then we went to sleep.

THE END

---

Another awesome race done.

The Amazon Rainforest is one of my favorite rainforests and the animals there are so awesome. I think there are all kinds of amazing animals including birds, snakes, frogs, monkeys, fish, all kinds of awesome animals. Many of them I've never seen before. Only in pictures and in books. Some of them were really awesome! The first part was a made up one and it was at Twilight's School of Friendship and I thought it was awesome. We also faced the Kremlings from Donkey Kong. It was awesome. The second part was for the planet Zamaron, the home planet of the Star Sapphire Corps of Love and it was awesome. NicoChan11, JediAvatarOfShinobi, Omegahatchiyak12, XP4Universe, Darkhai, vinjedi1995, Drako1234658, Nflemingful, Etstheclarencefan and ninjakingofhearts gave me the ideas for this and so did the guest reviewer. Thanks guys. The next rescue for me is gonna be on the planet Animatron from Transformers Cybertron and we're going to face G1 Starscream, the worst ever traitor in all of the history of Cybertron. # Jungle of Anansi and Prowl of Osebo

On the Jungle Planet of Animatron, Me, Eli, Arrietty, Nene, Allie Wilde, Maria, Marie, Nicole Chan, Qin, Erica, Ellie, Lillian, Megan, Nora Venice, Simone, Miranda, Gina Pele, Lola Namiko, Nelanie, Warrior Lady of The Wasteland, Natalie Griffin, Maiden of The Aqua, Syrus, Dark Magician Girl, Rey, Lina, Kia, Jenna, Alexis, Misha, Lori, Nick Flemming, Rad and Kicker and Jessica the Zapdos Gene-Slammer were there to go on another awesome and amazing rescue.

Jessica Namiko: We haven't been to Animatron in a while.

Me: It sure has been a while. Last time we were here was when we were going to kill that evil queen that wanted to rule over it with an iron fist.

Maria: Boy I remember that. That was epic.

Simone: What was that Evil Queen?

Me: You would not like her Simone. She was a ruthless monster. Her name was Ravenna.

I went over her history.

---

Queen Ravenna is the main antagonist of the 2012 fantasy action-adventure film Snow White and the Huntsman and its 2016 sequel The Huntsman: Winter's War. Her siblings are Freya and a huntsman named Finn.

She was portrayed by Charlize Theron, who also played Aileen Wuornos in Monster, Millie Bobeck in Reindeer Games, Pria Lavesque in The Orville, Helga Svelgen in 2 Days in the Valley and Cipher in the The Fast and the Furious franchise.

Early life

Ravenna is the daughter of an unknown sorceress whose home village was ravaged by a peasant king and found her way to the dark side by using unholy magic that her mother also practiced. At a young age she was abducted by a vicious master and the only power she wielded was her incredible beauty. Her brother, Finn, was her only ally and she used her beauty to seize multiple kingdoms. Ravenna's mother had given her a special enchantment to protect her from time; however, she is forced to devour the life-force of young maidens. To become truly immortal Ravenna must consume the heart of Snow White the moment she becomes fairest in the land.

Ravenna has said that she has "lived many lives", meaning she was much older than she looked by the time of Snow White and the Huntsman. It appears she extended this enchantment to her younger brother and sister. Before taking Tabor, Ravenna seduced another King with her beauty and took her place as his Queen. One evening, when they were playing chess, Ravenna murdered the King and took his Kingdom. At the time, at least her younger sister was living with her, and they both attended the King's funeral. At the funeral, Ravenna noticed Freya smiling at the Duke of Blackwood and realizes that they were lovers. Ravenna later tried to tell her sister to leave the Duke because he was already engaged to another, and that he would leave her but she also tells her that she was carrying a child. Freya left the room, telling Ravenna that she did not know all and that the Duke would not leave her.

Freya later gave birth to a baby girl, but one evening, Ravenna asked the Magic Mirror who was the fairest in all the land. The mirror told her that she was, but that her sister's daughter would one day be even more beautiful than she was. Ravenna then tricked her sister into leaving the castle and then cursed the Duke of Blackwood to kill the child. When Freya returned, she was so grief-stricken, and with the belief the man she loved did this, revealed her ice powers and killed the Duke before collapsing into Ravenna's arms. Freya later left the Kingdom.

Snow White and the Huntsman

After the death of Snow White's mother, Queen Eleanor, her father, the Queen's widowed husband. King Magnus, became inconsolable.

Taking advantage of his grief, he fought into battle and defeated an invading Dark Army of glass soldiers, then rescues a woman held captive from the Dark Army, who reveals her name to be Ravenna. King Magnus becomes so enchanted with her beauty, that he forgotten his broken heart for the first time and marries her the next day.

Just before the couple could consummate their marriage, Ravenna, who is in fact a powerful sorceress and the Dark Army's master, kills Magnus on their wedding night and usurps control of the kingdom. Snow White's childhood friend William and his father Duke Hammond escape the castle but are unable to rescue her, and she is captured by Ravenna's brother Finn, and locked away in the north tower of the castle for many years.

Tabor is ruined under Ravenna's rule as she periodically drains the youth from the kingdom's young women in order to maintain a spell cast over her as a child by her mother which allows her to keep her youth and beauty. When Snow White comes of age, Ravenna learns from her Magic Mirror that Snow White is destined to destroy her unless Ravenna consumes the young girl's heart, which will make her immortal. Ravenna orders Finn to bring her Snow White, but she escapes into the Dark Forest, where Ravenna has no power. Ravenna makes a bargain with Eric the Huntsman, a widower and drunkard, to capture Snow White, promising to bring his wife back to life in exchange.

The Huntsman tracks down Snow White, but when Finn reveals that Ravenna does not actually have the power to do what she promised, the Huntsman fights him and his men while Snow White runs away. When the Huntsman catches up with her, she promises him gold if he will escort her to Duke Hammond's castle. Meanwhile, Finn gathers another band of men to find her, and Duke Hammond and his son William learn that she is alive. William leaves the castle on his own to find her, joining Finn's band as a bowman.

Halfway to Duke Hammond's castle after the recent demise of her brother Finn, Ravenna shape-shifts as William and tempts Snow White into eating a poisoned apple, but is forced to flee when the Huntsman and William discover her. William kisses Snow White, whom he believes to be dead. She is taken to Hammond's castle.

As she lies in repose, the Huntsman professes his regret for not saving Snow White, who reminds him of his wife, and kisses her, breaking the spell. She awakens and walks into the courtyard, and rallies the Duke's army to mount a siege against Ravenna.

The dwarves infiltrate the castle through the sewers and open the gates, allowing the Duke's army inside. They confront Ravenna, who conjures a rain of glass shards to kill them, and creates indestructible glass monsters from it after it fails. While the Duke's army is keeping the monsters at bay, Snow White battles Ravenna, but is overpowered. Ravenna is about to kill Snow White and consume her heart. Unfortunately, she faced her downfall when Snow White stabbed her heart for what she did to her father for tyrannizing and killing her people within the land.

When I was done everyone was shocked and horrified!

Eli: Whoa man! I hope we aren't facing her.

Me: Don't worry bro we aren't. I made sure she wasn't going to come back. My poisonous blood did her in.

Nicole Chan: Whoa! That was awesome.

Jessica Namiko: Thank goodness for that.

Jessica concentrated and groaned as her hair fell out.

Rad: I have a feeling that we're going to face someone that Cybertron absolutely despises.

Jessica turned into Zapdos!

Simone: AWESOME!

Lina: I hope it's not Cybertron Megatron.

Me: No it's not him.

Maria: Let's enjoy the scenery while we still can.

Me: It sure is beautiful.

Lori Jimenez: It sure is awesome.

Eli: It sure is. Lori it's amazing that Scourge here views you as a sister.

Lori Jimenez: That is amazing. Same with Override.

Me: You guys have developed an amazing bond with many Transformers ever since the Great Unicron Skirmish.

Nicole Chan: That is so awesome.

Rad: Boy you aren't kidding there.

Alexis Thi Dang: It sure is. Just like how I developed a bond with Starscream.

Me: Thank goodness it wasn't with the 1st Generation of Starscream.

Eli: Yeah I never liked that guy.

?: What's bad about that my friend.

Me: Speak of the Devil and he will come. Its been a long time Starscream.

We turned and we saw G1 STARSCREAM!

---

Starscream is the secondary antagonist of the Transformers franchise, serving as the secondary antagonist of the original 1984 cartoon. He is a Decepticon from many different continuities of the Transformers universe. An ambitious and treacherous sort of fellow, he most often gets his chance to lead after backstabbing or betraying Megatron in some form. While Starscream took a large role in the cartoon, his role in the contemporary Marvel Comics was initially more minor. However, in the comic's later years, Starscream would take a bigger role, most notably in the Underbase Saga storyline.

He was voiced by the late Christopher Collins, who also played Mr. Burns in the earlier seasons of The Simpsons.

Starscream is one of Megatron's most trusted lieutenants, in spite of the fact that he is always trying to usurp Megatron's leadership. Starscream's disloyalty grew more and more obvious to Megatron as the series progressed. Starscream was formerly a scientist and explorer, working with the future Autobot Skyfire, during the Golden Age of Cybertron, shortly before the Autobot/Decepticon war re-erupted. Following the disappearance of Skyfire when the two were exploring a prehistoric Earth, Starscream returned to Cybertron and soon abandoned his scientific pursuits, becoming a warrior in Megatron's Decepticon army as the civil war exploded, considering it "far more exciting". Starscream attended the Cybertron War Academy, mentioned in the episode *"A Prime Problem".*

Acting as second-in-command of the elite troops Megatron took with him aboard the Nemesis, Starscream was among the Transformers trapped in stasis on Earth for four million years after the Decepticons attacked the Autobot craft, Ark, causing it to crash on the planet. When the ship's computer, Teletraan I, was reactivated by a volcanic explosion in 1984, the Decepticons were the first to be reactivated and were restored with new Earthly alternate modes. Before departing, Starscream shot at the Ark as a petty parting gesture, causing a small tremor that knocked Optimus Prime into the path of the reconstruction beam, allowing the Autobots to be restored, and the war to continue on Earth.

As the war continued, Starscream's old friend Skyfire was discovered frozen in the Arctic Circle, and Megatron noted how concerned Starscream was to see Skyfire rescued. Starscream even took control of the revival process and successfully re-awakened his old friend. It was this friendship that initially led Skyfire to join the Decepticons, but when the latter refused to hurt humans, both Megatron and Starscream voiced their disgust. Not long after, several Autobots came to investigate the Decepticon activity and were subsequently captured; Starscream prepared to execute them and Starscream offered to forgive Skyfire if the latter would accept the first shot. Skyfire, disillusioned by his old friend's new warlike ways, joined the Autobots instead, and Starscream no longer gave him a second thought.

During the cataclysmic events that ensued when Megatron transported Cybertron into Earth's orbit, Starscream attempted to use the Decepticons' human ally, Doctor Arkeville, for his own purposes. Starscream forced him to take him to his secret lab, where he destabilized Arkeville's exponential generator, which, when it reached critical mass, would destroy the Earth. Starscream then fled with Arkeville to Cybertron, where Starscream intended to collect the energy released in Earth's destruction. When Optimus Prime and Megatron were forced to work together to stop Starscream's plan, Starscream returned to Earth to investigate why the generator had not exploded. Meanwhile, to remove the threat of the generator, Prime loaded it into Megatron's gun barrel and fired it into space-blasting Starscream out of the air in the process, causing him to fall to Earth and into a vengeful Megatron's clutches.

Starscream was a prominent figure in most of Megatron's schemes over the next year, but also made several further plays for power-teaming up with the Triple Changers Blitzwing and Astrotrain to betray Megatron, only to be double-crossed himself; duping the paranoiac Autobot, Red Alert into allowing him to acquire the Autobots' Negavator weapon; incapacitating Megatron's Nightbird robot to maintain his own position of power; getting drunk on energon, and more. Ironically, given his invariably treacherous nature, he was the first to sniff out Nergill's treachery when the Decepticons united with the underwater residents of Sub-Atlantica to take over the world, even going as far as saving Megatron from being shot by Nergill. Generally, almost every time that (the virtually indestructible) Megatron sustained even the slightest damage in a battle, Starscream would claim that Megatron had "fallen", and frantically urge the Decepticons to immediately follow himself as their new leader.

In 1985, Starscream was responsible for the creation of the Combaticons by liberating their imprisoned personality components from a detention center on Cybertron and installing them into five World War II vehicles left over from the Battle of Guadalcanal. He changed them into more modern vehicular forms (for example, he made Vortex the helicopter out of a crashed World War II fixed-wing aircraft). He intended them to be his own private army after he was exiled from the Decepticons for attempting to betray Megatron one too many times. Although the Combaticons had defeated Devastator and had Megatron relinquish control of the Decepticons to Starscream using their combined form, Bruticus, they were defeated by an intervening Menasor. Megatron subsequently had Astrotrain relocate Starscream and his giant ally Bruticus, to an asteroid in deep space. Finding himself once again in exile, Starscream vowed revenge.

Despite the promises of revenge on Megatron from his creations, Starscream abandoned the Combaticons, blaming them for his failure to take over the Decepticons (where in reality they had helped him succeed). In a mix of cabin fever and boredom, he took his chances venturing into outer space. Ironically, the Combaticons ended up taking control of Cybertron by exiling Shockwave into deep space [where he ran into Starscream] and altered the space bridge to push the Earth into then sun, achieving revenge on Megatron, the Autobots, the Decepticons, and the Earth. Starscream arrived on Cybertron and tried to reclaim his leadership over his creations, but was imprisoned by the Combaticons along with Shockwave. The Combaticon take over forced another uneasy alliance between the Autobots and Decepticons, who fought Bruticus and ultimately defeated him, thanks to a weak spot revealed by Starscream in exchange for Megatron not killing him on the spot.

In the year 2005, (the storyline year for the events of the 1986 release, *The Transformers: The Movie* ), Starscream, along with many other Decepticons, hijacked an Autobot shuttle bound for Autobot City; Megatron's plan being to slip past the city's early warning systems and decimate the Autobots there. At one point during the conflict, Starscream was forced to blast off his own foot in order to escape after being trapped in a transforming section of Autobot City. The Decepticons were eventually forced to retreat after reinforcements led by Optimus Prime arrived. However, Starscream finally got his long-awaited chance to dispose of Megatron-who was severely damaged following his final battle with Optimus Prime-by jettisoning him from Astrotrain, into the endless void of deep-space.

After this, Starscream won the surviving Decepticons' battle to decide a new leader. Starscream's long-dreamt-of reign did not last long, however-as he was crowning himself leader/king of the Decepticons, Galvatron arrived, deriding Starscream's coronation as "bad comedy". Just as Starscream realized that Galvatron was actually Megatron in a new, more powerful body (provided by Unicron), Galvatron obliterated him, literally turning Starscream's body to ashes with a single blast while in his cannon mode.

## Return as a Ghost

Starscream's spark (the core of each Cybertronian that contains their soul/consciousness-referred to as a "laser core" in the original animated series) survived, however, apparently confined to the Decepticon crypt on Cybertron, and he continued to exist in a ghost-like form. When the Decepticon turncoat, Octane, sought refuge from his pursuers in the crypt, Starscream's ghost seized control of Cyclonus' body, and worked with Octane to turn Galvatron over to the Autobots and take leadership of the Decepticons for themselves.

Galvatron defeated his captors, escaped, and returned to blast Starscream (literally) out of Cyclonus-only for the ghostly Decepticon to quietly take up residence in a Sweep. A short time later, he possessed Scourge and entered into a bargain with Unicron, performing three labors for the planet-eater in exchange for getting his body back. Acquiring the eyes of Metroplex and the Transforming Cog of Trypticon, Starscream's body was restored so that he could comprise the final connection between Unicron's head and Cybertron, allowing the planet to become the chaos-bringer's new body. However, now that he had what he wanted, Starscream reneged on the agreement. At that point, an explosion instigated by the Autobots hurled Starscream and Unicron's head off into space. Starscream was last seen tumbling out of control through space. *Beast Wars* " *Starscream was deceitful and scheming. The most notorious traitor of all!* „ ~ Maximal Dinobot describing Starscream to Optimus Primal.

Starscream does not physically appear in Beast Wars, except for his body left in statis lock aboard the Ark spaceship, however Starscream's spark managed to possess Waspinator, and temporary took over the Predacons. Ironically he is betrayed by

Blackarachnia, and forced out of Waspinator, sending him flying back into space.

There is also a Predacon who is very similar to him called Terrorsaur, who too had the transformation of flight and the same attitude and dangerous ambitions to take over the leadership of his robot race.

Comics

Starscream appears in every comic continuity and was the main villain of idw comics story arc combiner wars.

In *Transformers: Deviations*, set in an alternate timeline where Optimus Prime kills Megatron in *Transformers: the Movie*, Starscream became leader of the Decepticons and fled Earth. During his coronation Unicron appeared and Starscream flies off to meet him throwing off his coronation cape and crown. He was forced to agree to destroy the Autobot Matrix of Leadership and was upgraded by Unicron's power. Now calling himself Megascream, the Decepticon leader attacked Optimus Prime's convoy of ships, managing to cripple one of them before returning to Cybertron. Megascream told Unicron that the moons were under his domain but Unicron then transforms into Robot mode and attacks Cybertron. Optimus Prime meets Megascream and Megascream combines with Soundwave, Astrotrain, Dirge and Thrust to become a gigantic Combiner. Megascream easily defeats Prime but before destroying Prime, Hot Rod appears and saved his life. Hot Rod then proceeds to use the Matrix to destroy Unicron, Megascream and himself to save the Autobots and Cybertron.

---

G1 Starscream: It has been a while J.D. and don't think I haven't forgotten what you did to me!

Eli: You deserved it Starscream you monster!

Me: Galvatron deserved to destroy you for everything you did.

Maria: You don't have Harvey, Paul, Malfoy, Dark Lynn, or Olympius to back you up this time.

G1 Starscream: Nor do you have any of the Masters of Evil this time.

Me: That's because it's just us this time and not even Unicron or Galvatron can back you up now because we destroyed both of them. Just like we will do so with you. But the question is how in the world did you escape from prison?

G1 Starscream: Ah yes if you don't mind my bragging.

---

G1 Starscream: (Narrating) The prison transport that was carrying me to the exile planet of Normonia was passing through an asteroid field and I took that moment to escape. I busted out of there and flew away after destroying the transport controls.

G1 Starscream destroyed the transport controls and flew out of there fast.

G1 Starscream: I took refuge here knowing that the Autobots would find me and I was hiding here on Animatron ever since.

FLASHBACK ENDS

Me: That was a very crafty escape but then again you always were known as the most notorious traitor of all in the ranks of the Decepticons.

G1 Starscream: So I have heard.

Me: Indeed.

G1 Starscream: Now, if we're all done talking-

Maria: I'd like to say something to start us off.

G1 Starscream: (sighs in annoyance) What is it?

Maria: (grins) TRANSFORM AND ROLL OUT!

Suddenly a Space Bridge appeared from out of nowhere and then Optimus Prime and the Autobots and the Decepticons as well as Nico all appeared and so did Ruin, Queen of Oblivion and a Red-Eyes B. Dragon!

Nico: Looks like we have an uninvited guest!

Optimus Prime: And it's G1 Starscream!

Armada Starscream: I can't believe my evil twin is here!

They all came and faced him.

Me: Perfect timing guys!

Nico: Now we have a score to settle with you Starscream!

Suddenly, the eyes of Alexis, Misha, and Lori Jimenez turned neon, and they were surrounded by colored energy auras with elemental forces and the symbols of the Autobots, and as they approached G1 Starscream, they left colored energy, elemental forces, and symbols of the Autobots with every step. Then, the girls were surrounded by massive vortexes of colored energy with elemental forces and the symbols of the Autobots surrounding them, there were three colored phoenixes flying around the vortex, and inside the vortexes were phoenixes in different colors. Then, as the vortexes faded, Alexis (Transformers: Armada), Misha (Transformers: Energon) and Lori Jimenez (Transformers: Cybertron) emerged, but they were changed forever.

Alexis Thi Dang has transformed into SUPER ANGEL 750,000,000,000 ARCTICSTORM ICE ANGEL OF JUSTICE AND HOPE!

We were impressed by the transformations of Alexis, Lori Jimenez, and Misha, including Armada Starscream, Scourge, Overide, and Sarah Gunnerson, but when G1 Starscream saw it, he fell into a rage and tried to blast them, but the girls fired powerful blasts of fire, ice, and lightning at him, and it really hurt him.

Nico: WHOA!

Me: Awesome!

Maria: BTW, what's your name?

Red-Eyes B. Dragon: (Polish Accent) I am Rosalinda Dziewięćsetdziewięćdziesięciodziewięcionarodowościowego.

Me: Wow. Are you related to Lillith?

Red-Eyes B. Dragon: She's my big sister.

Nico: Whoa! Looks like she will be happy to see you again.

Eli: Yes she will.

Nico: First lets deal with Starscream and then we can revert you back.

Ruin: Lets make that traitorous sack of bolts pay for his crimes.

Aligned Megatron: With pleasure!

We smashed and pulverized G1 Starscream all over the place.

Maria: Look at it this way. Your spirit might be destroyed. But the rest of your body can serve as a vehicle for one of us.

G1 Starscream: What do you mean rest of my-

Maria fired a blast of water which destroyed G1 Starscream's head.

His body fell to the ground.

CRASH!

He was now immobile and then his Spark came out.

Me: There goes his spark.

I then put it in a container and gave it to Nico.

Nico: What is this for?

Me: Figure you can have a little prisoner to talk to when you feel the need to blow off some steam. Just be sure not to fall for his lies. He is the most notorious traitor in all of Cybertron's history.

Nico: Thanks man. Awesome job everyone! Well done.

Optimus Prime: Yes indeed. Lets head back home everyone.

They went back to Earth.

Alexis, Misha and Lori reverted back and their jewelry, weapons and clothes were permanent.

I then put on my blind man glasses and then Ratchet, Eli and Syrus covered their eyes and I snapped my fingers and Jessica and Rosalinda were reverting back.

Jessica: (regains her hair) The other Cybertronians are much more friendlier.

Rosalinda: They sure are and that was so awesome that you all know so many of them.

They were back to normal and Maria gave them new clothes and Rosalinda looked awesome in a pitch black dress.

Rosalinda: Wow this is amazing.

Maria: It sure is. And you look really awesome as a Red-Eyes B. Dragon.

Eli: I'll say.

Lori Jimenez: That was so cool though.

Ruin: It sure is. Now Nico has the 1984 version of Starscream as his prisoner.

Me: Yep he sure does. You know it's kind of ironic. We destroyed

G1 Starscream and the Aligned Starscream and now we have 2 Starscream's too. One is in the Redemption Squad and the other is now Nico's Prisoner.

Alexis Thi Dang: Yeah no kidding.

Me: And cue Rosalinda being in pain in 3… 2… 1…

Rosalinda: (holds head in pain) Ratchet, do something!

Ratchet: I'm sorry. But this is something out of my hands.

Simone: Leave this to us. Rosalinda reign in the power of Red-Eyes B. Dragon with the strength of your will. It's now part of you.

Miranda: Concentrate.

Rosalinda did so and then she glowed in a pitch-black aura with red flames and she was fully engrafted with the powers of Red-Eyes B. Dragon!

Rosalinda: Wow! That was amazing!

Me: It sure was. How do you feel?

Rosalinda: Incredible.

Me: Lets head back to Earth.

We went back home.

After dealing with G1 Starscream this time for good, Lincoln, Me, Nico, Eli, Nicole, Static, Gear, Maria, Teresa, Rubberband Man, The Orange Lanterns, and Thing (Fantastic Four) were heading to the planet Okaara, and not only is Lincoln going to rescue the eleven girls on Okaara, but we're also going to face Royce Axelrod, who's another enemy of Static Shock who was a petty thief, but he was mutated by the Quantum Vapor.

Lincoln: Wow, we're on the planet Okaara.

Me: That's right, big guy. I haven't forgotten about this place being the home of the Orange Lanterns.

Lori: And home to the Orange Lantern Battery, the source of power for the Orange Lantern rings that me, Lola, and many of the Orange Lanterns have.

Lincoln: That's right, and I think I know what we're going to do here, not only am I going to rescue the eleven girls on Okaara, but we're also going to face Royce Axelrod, who's another enemy of Static Shock who was a petty thief, but he was mutated by the Quantum Vapor.

Nico: So, there's another Bang Baby who hadn't been cured by us? Whoa.

Static: I remember him all too well. He's from Dakota Union High, and he engaged in petty theft. Then, he got exposed to the Quantum Vapor and mutated into a monster and went on a rampage in the school, until the cops and I stopped him.

Rubberband Man: I remembered hearing about it, and now, we're going to cure him, and make sure he gets taken into custody for good.

Lincoln: That's right, and I've got a surprise on how to cure him.

?: HELP!

Suddenly, Lincoln heard the sound of eleven girls calling out for help. With his deep sapphire blue cyborg eyes and superhuman sight, along with sensing energy signals, he saw and heard where the call for help was coming from. He saw the eleven girls, but they've been cornered by Royce Axelrod, and he's going to kill them.

Lincoln: Guys, I found the eleven girls, but they've been cornered by Royce Axelrod, and he's going to kill them. Let's head down there and restrain him.

We rushed on over, and Lincoln fired a rainbow energy ball at Royce Axelrod, and it hit him. When the smoke cleared, he was still standing, and when he saw us, he roared in anger.

Lincoln: Royce, stop, we're only here to help you. But, I can tell, you'd rather fight us. Alright, then, but remember, you asked for it. Let's get him!

Thing: It's Clobbering Time!

We went at him, and we brutally smashed Royce Axelrod into the ground with our immense brute superhuman strength, and Lincoln tied him up with an indestructible rainbow energy straitjacket, and he sprouted one of his massive deep blue wolf tails with a needle stinger, and stabbed it into Royce's back, and injected the cure for the Quantum Vapor, and it caused Royce Axelrod to change back to normal. We cheered for Lincoln for what he did, and we hugged him.

Lori: Wow, Lincoln, that was literally awesome!

Lola Loud: Yeah. How did you do that, Linky?

Lincoln: I discovered this morning that in addition to sucking in villains and absorbing their powers and abilities, along with sucking out information from their brains, my tails also have the ability to create antidotes and/or toxins. So, my tails created the antidote for the Quantum Vapor, and I was able to inject it into him with my tail after we beat him brutally and I bound him in an indestructible rainbow energy straitjacket.

We were stunned with surprise and awe.

Me: Whoa, that's awesome!

Eli: You said it. Nice one, Lincoln.

Lincoln: Thanks, Eli.

Then, Lincoln and Nicole went up to the eleven girls there, and when Lincoln saw the eleven girls, he immediately recognized them. The eleven girls were Takatsu Aoba, Rui Hachiouji, and Lily from Code: Breaker, Kikko Hoshino and Emi Kino from Concrete Revolutio, Chihaya Ayase, Kanade Oe, Sumire Hanano, Kasumi, Keiko Yube, and Yumi Yamamoto from Chihayafuru.

Lincoln: Oh wow, it's Takatsu Aoba, Rui Hachiouji, Lily, Kikko

Hoshino, Emi Kino, Chihaya Ayase, Kanade Oe, Sumire Hanano, Kasumi, Keiko Yube, and Yumi Yamamoto.

Nicole: From Code: Breaker, Concrete Revolutio, and Chihayafuru, awesome.

Lincoln: Are you girls okay?

Takatsu Aoba: Yeah, we're okay, thanks to you.

Then, when Takatsu Aoba and the other ten girls saw who it was that saved them from Royce Axelrod, their faces turned atomic red upon seeing the 16-year-old 7'0" tall, handsome, white-haired, bare-chested hunk with abnormally massive and powerful upper and lower body muscles, eight-pack abs, rainbow colored thunderbird with a gold lightning bolt emblazoned on his forehead, a golden lightning bolt cutie mark with the thunderbird and comic books right on his massive and wide right pec and it was surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature, Light, and Darkness in a circle, a Celtic Cross cutie mark tattoo in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon, surrounded by a circle were the marks of the other girls in Lincoln's harem, and on top is the Earth surrounded by the ring of mermaids on top, a deep sapphire blue kanji on his wider muscular back that said, "Lincoln Landon Loud, Champion and Emissary of Hinon, Master of Lightning Storms, The Weather, and the Thirteen Elemental Forces, Man With A Plan, Golden-Hearted Brother of 16 Siblings, and Golden-Hearted Lover, Father, Son, and Husband", and he had deep sapphire blue eyes.

He had his massive Sword of Taranis holstered on his wider and muscular back, his orange Crystal Saber holstered on his left hip and his Eater of Sins revolver holstered on his right hip, the Pisces constellation and Aquarius Zodiac sign on the back of his neck, large weighted orange bands on his massive biceps and thighs, his large Cuff Bracelets of The Champions of the Universe with large orange gems on his large wrists, massive and indestructible deep blue angel wings surging with powerful super lightning and the stars and blue nebulae reflecting on them, and he was dressed in an orange version of He Man 2002's loincloth with hanging silver lightning bolts and long orange trenchcoat coattails with hanging silver lightning bolts held up by his Belt of Elemental Bravery with large orange gem for the belt buckle on his waist, a pair of large blue pants with gold lightning bolts on the thighs, and large white leather combat boots with gold lightning bolts surrounded by a circle of smaller gold lightning bolts and armor on the toe area, silver Thunder Kanji earrings, a large silver Thunder Kanji necklace on his neck and across his permanently bare chest, large fingerless black gloves with the symbol of The Loud House on it, a large Orange Buffalo Animal Spirit Ring on his left ring finger, large Blue Lantern ring on his right ring finger, and he had eight large orange orbs orbiting around his legs.

Takatsu Aoba: Oh wow, you're Lincoln Loud of Team Loud Phoenix Storm.

Lincoln: That's right, and it's a pleasure to meet you all.

Then, Lincoln made ten clones of himself, and he and the ten clones of himself went up to the girls, and they picked them up and hugged them in their abnormally massive and powerful muscular arms, and kissed them on the lips, which they returned with equally intense passion, as they wrap their arms around the necks of Lincoln and his clones, as we cheered over the scene.

Takatsu Aoba: (Seductively and rubs her right hand on Lincoln's massive and wide right pec) You too, big, tall, muscular, and handsome.

We returned home to the Estate, and we showed everyone what went down on the planet Okaara, and when we showed everyone what Lincoln did to Royce Axelford, they all cheered wildly and they hugged them, and the girls in Lincoln's harem piled on him and they kissed him all over and he had a lovestruck look on his face. As for Royce Axelford, Lincoln had the petty thief sent into a maximum security juvenile detention in Gotham Royal York, where he'll remain there until he turns 18, and he'll be going to prison for stealing the Quantum Vapor inside the suitcase belonging to the Alva Industries agent.

---

After stopping Royce Axelford and putting him in prison, we were training intensely in the gym doing 100,000,000 reps of crunches, wing push-ups and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 9,000-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds. Then, we got a shower afterwards.

After that, Lincoln, Bayonetta, Princess Allura (Voltron: Legendary Defender), Ichiko Sakura, Shizuka Marikawa, Super Sonico, Shantae, The Mane 9, Masane Amaha, Minerva Mink, Cassandra Alexandra, Sam, Clover, Alex, Megan Clark, and Amanda Payne were getting ready for their date, this time, they are heading to the mall to do some Christmas shopping.

Lincoln then snapped his fingers, and the 16-year-old 7'0", white-haired, handsome, and extremely muscular teen was dressed in a large orange long sleeved sweater, large red scarf, large blue long pants, large black winter boots, and large orange winter coat, along with his large weighted orange bands on his massive biceps and thighs, his jewelry, and eight large orange orbs orbiting around his legs, and he also still had his weapons holstered, in case of trouble.

Bayonetta, Princess Allura (Voltron: Legendary Defender), Ichiko Sakura, Shizuka Marikawa, Super Sonico, Shantae, The Mane 9, Masane Amaha, Minerva Mink, Cassandra Alexandra, Sam, Clover, Alex, Megan Clark, and Amanda Payne were dressed in long sleeved sweaters, scarves, long pants, winter boots, and winter coats in their favorite colors and they had their weapons holstered, in case of trouble.

Lincoln: Alright, ladies, shall we?

Masane Amaha: Of course, Linky.

Lincoln and the girls left the Estate, and they all headed for the mall to do some Christmas shopping. They went to the stores there, and they purchased some awesome-looking clothes for all of us, comic books, video games, art kits, electronics, instruments, sports equipment, and so many. Suddenly, the gang saw a group of mean-looking thugs.

Lincoln: Oh, great, even during the holidays, you thugs just won't know when to quit.

Thug 1: Get them! Kill them all!

The thugs charged at them, but Lincoln fired chains and straitjackets made of indestructible rainbow energy, and bound them before they could do any damage. Then, Lincoln sprouts his eleven massive and long deep blue wolf tails with large suction cup proboscis, and as he attached them on the heads of the thugs, he began sucking out information from the thugs' brains, and the information went into his brain as he gained a massive intelligence boost, and he found out something very disturbing when he found out who sent them there: it was our old enemy, Gisele Razor, The Terror of Michigan, who's returned from the dead, and she wants bloody revenge on us for ending her reign of terror, throwing her in prison, and ultimately, killing her and sending her to The River of Fire.

Lincoln called the cops, and they escorted the thugs into the paddy wagons, and Lincoln and the girls came back home and with the awesome-looking clothes for all of us, comic books, video games, art kits, electronics, instruments, sports equipment, and so many.

Me: Wow, you guys had an awesome date at the mall.

Lincoln: We did, but then, we also dealt with an army of thugs who came to attack and kill us, and I found out something disturbing when I sucked out the information from their brains. I found out that the person who sent those thugs to attack and kill us was our old enemy, Gisele Razor, who returned from the dead, to get bloody revenge on us for ending her reign of terror, throwing her in prison, and ultimately, killing her and sending her to The River of Fire years ago.

We gasped in pure horror at what Lincoln just told us.

Lori: What?! That bloodthirsty, murderous, sadistic bitch has come back from the dead?!

Lincoln: I'm afraid so, Lori.

Me: You did an awesome job today, big guy. Now, we'll be aware of one thing when Nico leads today: Gisele Razor has returned from the dead, and she wants bloody revenge on us.

Nico: That bloodthirsty bitch doesn't even know when to take a hint, does she?

Lincoln: No, she doesn't, Nico. She's a glutton for punishment, but she's going to get sent to Oblivion for good, instead of Hell for her crimes.

Bayonetta: Well, I'm looking forward to punishing her for good. But, what can you tell us about her?

Lori: You literally won't like her, Bayonetta. She's a nightmare to the 1,000,000,000th power.

Lori proceeded to tell those who haven't joined the team about Gisele Razor, and when she told them of her crimes, along with what she did in scarring Lori's face and beating up Ra's Al Ghul. When Lori was done, everyone who wasn't on the team were now pissed off and seeing red.

Ace Bunny: (Getting Mad) That bloodthirsty, knife-wielding, murderous bitch!

Lexi Bunny: (Getting Mad) Oh, she's looking at a one-way trip to getting devoured by Bayonetta's Infernal Demons.

Tech E Coyote: After she and Lincoln break every last bone in her body, and she screams in pain.

Lincoln: As tempting as seeing Gisele Razor's soul getting devoured by Bayonetta's Infernal Demons is, I'd rather send her straight to Oblivion. But, me and Bayonetta will stick with breaking every last bone in Gisele Razor's body, Tech.

Tech E Coyote: (Smirks) And are you planning on also having Lori join in, as well?

Lincoln: Lori, would you like to join in?

Lori: (Smirks) You bet, Lincoln, if she's come back for Round 4, she's going to be major league pissed off when she sees how much we've changed.

Me: (Smirks) You got that right, Lori.

---

Later we were at Principal Huggin's office. Apparently Carmen was in trouble for something. Isabel had her Ambassador Mission earlier and helped Pfish and Chip bring down the Raging Bomb Bowler and he was a bowler that had a nasty disposition and an incredibly explosive temper.

Mr. Huggins: Thank you for coming.

Me: What seems to be the problem Mr. Huggins? Oh.

I pulled out a new comic for Mr. Huggins.

Me: Hot off the presses for you.

He got a new comic. It was called Ace Savvy and The Full House Gang in The Perilous Catastrophes of The Roulette 5.

Mr. Huggins: Awesome! Thank you J.D.

Me: You're welcome.

Eli: I didn't know that Mr. Huggins liked Ace Savvy.

Me: He is a TREMENDOUS fan and he loves the comics.

Mr. Huggins: Yes I do. Now lets get back on track.

Arpeggio: (British Accent) Can you tell us what Carmen did?

Mr. Huggins: It's not what she did. It's what she was given.

Me: What do you mean? Was she given beer?

Mr. Huggins: No she was given this.

He pulled out a Vaping Pen.

Me: A vaping pen? Its been a long time since I saw one of those.

Maria had just thrown a chair out the window.

SMASH!

Me: Maria was that necessary!?

The Crow: You know we're gonna have to pay for that, right?

Maria: DO I LOOK LIKE I GIVE A DAMN! MY INNOCENT LITTLE SISTER WAS GIVEN A FUCKING SMOKING DEVICE!

Me: And I think I know who is responsible for this. This is the work of local bad boys Antonio Devlin, Nick Terrance, Logan Kessler and Ryan Picard.

Nico: Aren't they those delinquent thugs that are always doing whatever they can to make a good buck?

Me: Yep. And they are also drug dealers too. Lets go find them.

We went to find them.

We found them by the abandoned Flip's Food and Fuel.

Sinnertwin: You motherfuckers! You gave a little girl a vaping pen!

Logan Kessler: Oh, C'mon! It was so she could grow into a real woman!

Me: "Real Woman" my fucking ass! She's only what 10?

Maria: Yeah she's 10.

Me: Get ready for the worst beating of your lives!

Antonio Devlin: Not if we beat your shitty faces in first!

Maria: Oh that is gonna be a problem. (Cracks Knuckles)

Suddenly…

(VICIOUS FIGHTING, SCREAMING AND BLOWS LANDING)

Maria was pulverizing the living crap out of the 4 thugs.

Streetwise: Now, Carmen. What did we learn today?

Carmen: Don't accept stuff from people like them.

Me: Yep.

Maria: Good.

Wiggum: Thanks for catching these Drug Chokers for us. They will be rotting hard in the slammer for the next 50 years. Bread and Water and chum, icy showers, guards whomping your ass around the clock and only way out is (Makes throat slash finger) is suicide.

Me: Nice one Chief.

Nico: Hope they like their chum with extra rotten gravy.

We laughed.

Carmen was let off with a warning.

---

Later we were getting ready for our next mission.

Jewel Man: Now that our little trip to the happy land of vape is over, Nico, it's your turn to lead.

Nico: Yep and Nicole has just the mission for us too.

Nicole: Yep and it's a treasure hunt.

Eli: Ooh! What are we going to try and find this time?

Nicole: It's gonna be a cool one. We're going after the Scythe of Shambo, the God of Fire in Nigerian myth.

Nicole pulled out a map and showed it to us and we saw that it was in a forgotten temple somewhere in the jungles of The Congo.

Nico: Ooh this is gonna be cool to see.

Daring Do: It sure is and I'm looking forward to this one.

Rainbow Dash: It's for another idea for Daring Do's book.

Nico: I always love a good treasure hunt. Also this mission couldn't come at a better time. We're also going to be going after this guy too.

Nico pulled out a wanted poster and it was for OSEBO THE LEOPARD MAN!

---

Osebo had a long history of run-ins with Anansi in their native Ghana. His plan to blow up Akosombo Dam was foiled by Anansi and Static.

Osebo later traveled to Dakota with Mmoboro and Onini to steal the Ashanti gold Spider from a museum exhibit, and use it to steal Anansi's powers. However, he was again stopped by Anansi and Static.

---

Me: Whoa man! Osebo the Leopard Man.

Static: Then we're also going to meet Anansi.

Nico: Yep. This is gonna be awesome.

Then Molten Man, Ssserpent, Dark Laser, Vortex, Loki, Gizmo, Scorcher, Skalamander, Lady Shiva and Toad appeared.

Dark Laser: Can me, Molten Man, Ssserpent, Vortex, Loki, Gizmo, Scorcher, Skalamander, Lady Shiva and Toad go with you guys?

Nico: Yes you all can. We're going to Africa to meet Anansi and take down Osebo.

Molten Man: Wow! Kangor told us all about him. He is dangerous.

Nico: Yep. This is gonna be good. Better gather everyone. (PULLS OUT BUGLE AND PLAYS REVILLE)

Everyone came and stood.

Nico: ATTEN-TION!

(Military theme plays)

Nico: ALL RIGHT MAGGOTS LISTEN UP! Our mission today is going into the jungles of The Congo and the goal is to not only find this, The Scythe of Shambo the God of Fire in Nigerian Myth but also find and capture or eliminate this monster Osebo the Leopard Man, one of Virgil's most formidable enemies as well as the mortal enemy of Virgil's hero ally Anansi. It's going to be a dangerous mission. Now before we leave I have one rule and it's for you new people. Everyone does their job and no one quits! You don't do that and you will be sent back here to the Estate for the remainder of the mission! DO YOU GET ME!?

Everyone: WE GET YOU SIR!

Nico: Welcome to the Roughnecks!

Me: NICO'S ROUGHNECKS!

Everyone: (SPARTAN GRUNT)

Nico: At ease! We leave in 15 minutes. Takt that time to get what you need and be ready. It's gonna be dangerous. That'll be all! DISMISSED!

Later we were off to The Congo **C G**.

THE CONGO, AFRICA

Flying over the ocean, we were really excited for this.

Papillon: Virgil, how long has it been since you visited Africa?

Static Shock: Been a long time actually. I can't remember how long its been.

Nico: Africa is full of amazing creatures and jungles as well as all kinds of places.

Me: We have to be careful though.

Nico: Agreed there Colonel.

We arrived in the Jungles of The Congo.

Nico: Here we are soldiers. Welcome to the Jungles of The Congo. Stay close everyone and if you see any poachers use your net blasters on them.

Catherine Lancaster: (British Accent) We'll keep our eyes peeled for them General Nico.

Nico: General Nico. I like the sound of that. But Catherine when I'm leading call me Commander.

Catherine Lancaster: Sorry Commander.

Loki: What about any wild animals?

Nico: We'll keep our eyes peeled for them too. Fluttershy can talk to them for us while we're on the alert.

Fluttershy: I'll keep my eyes out for them too.

Nico: Good. Lets get moving.

We got to searching for Anansi and the Temple.

We stayed alert. We kept our eyes peeled for anything dangerous.

Nico: Look sharp everyone.

Then we heard something in the trees and then we saw a shadowy figure and it was Anansi.

Anansi: (Ghanan Accent) Team Loud Phoenix Storm. It's an honor.

Static: Anansi it's awesome to see you again.

Anansi: You too Virgil.

Anansi saw Maria.

Anansi: (to Maria) Aren't you one of Virgil's enemies?

Gear: Relax. She's cool now. And she's even proven it.

Buddy Pine: But she still retains violent traits.

William: Dude!

Eddy: Well, she did throw a chair out of a window earlier.

Poromon: That was during our trip to the happy little land of vape.

Lori: Can you literally stop calling it that?!

Maria: HAPPY LITTLE LAND OF VAPE MY ASS!

Nico: All right soldiers that's enough!

Carol: Maria calm down. Anansi, Maria is not one of Virgil's enemies anymore. Thanks to the Water Stallion of Tefnut, the Egyptian Goddess of Water she has her humanity back and she and I have been reunited as best friends and sisters.

Me: That's right and also we have lots of Virgil's enemies that are now part of the Team. Francis you knew by Hotstreak and Teresa you knew as Talon and Adam you knew as Rubberband Man. They are now part of the Redemption Squad.

Rubberband Man: It's true. And many of our friends and former Metabreed friends are now part of our frenemies in the Masters of Evil.

Anansi: That's amazing.

He saw the Masters of Evil.

Anansi: The 10 of you don't look like any of the Metabreed.

Lady Shiva: That's because we aren't. Said former Metabreed members are in our base.

Me: They are part of our frenemies in the Masters of Evil. It's a long story and it happened almost 2 years ago.

Nico: You heard about our Battle that we had with Thanos the Mad Titan?

Anansi: I sure have. Everyone all over the world knows about it.

Nico: Yeah. That was one of the most devastating battles that we've had.

Erica: Man I've heard about that battle. I heard you guys lost Bowser and Ra's back then.

Nico: Yeah we sure did. And after that battle was over the Legion of Doom disbanded and the Masters of Evil lead by Queen Bansheera's former right hand woman Vypra took their place. In less than a year they quickly became our frenemies.

Anansi: That is amazing. I heard you went on so many adventures with them.

Nico: Yeah we sure did.

Elena Validus: We're actually here on a treasure hunt.

Anansi: What are you going to try and find?

Nico: We're going to try and find the Scythe of Shambo.

Anansi: Amazing and elusive find.

Nico: And we're also here to either capture or kill your enemy Osebo.

Anansi: You have my permission to kill him.

Vortex: Actually, we've decided we're going to arrest him. And fill his cell up with fish.

Gatomon held onto the fish she was eating tightly.

Gatomon: My fish!

Kari: Gatomon you can share with Osebo.

Gatomon: Okay.

Nico: Awesome. All right arrest it is.

Diamond Tiara: Also, have you seen a temple anywhere?

Anansi: The temple you seek is straight ahead.

Nico: Awesome. Would you like to come with us?

Anansi: I would be honored.

Ayla: You know I just noticed something. I found out that my sister Nora was Akumatized into a villain with your superhero name Anansi.

Anansi: That is very coincidental.

Mike Corbett: Me and Shocker fought Alya's sister, FYI.

Scorcher: I remember you guys telling us that.

Nico: That was really cool though.

Me: Yeah it was.

Nico: Lets get to searching everyone.

We went on and searched for the temple.

Indigo Zap put a pebble in her pocket.

May: Why do you need a pebble?

Indigo Zap: So it can act as a decoy for traps.

Nico: Smart thinking Indigo.

Nicole: We should be just about there.

SLASH!

Through a bush we saw The Temple of Shambo!

Nicole: At last we found it!

Nico: Wow!

Eli: This must be the Temple of Shambo.

Gizmo: You think there might be traps at the entrance.

Qin: There might be.

Indigo threw one pebble and it went into the temple and there was nothing that happened.

Indigo Zap: Nothing.

Nico: Great. Lets go in.

We went into the temple.

Starlight Glimmer: Okay. Getting in was the easy part.

Eli: Yep. But there always usually is a story about the treasure.

Nico: Yeah lets see if there is one.

We got to searching and we found it on a wall.

Nico: This must be it. Colonel do you know what it says?

Me: Lets see.

I got to reading it.

Me: Whoa. This is amazing. It says "Long Ago when the world was young, a powerful and mighty dragon ravaged the lands and it destroyed villages and leveled cities and devoured farms and crushed any warrior brave enough to face it. When all hope seemed lost a brave and amazing young girl made a pact with the mighty god of fire Shambo and the purity of her heart was so powerful that he granted the girl a powerful scythe with which she used to smite the dragon and save her land from destruction. She was praised as a mighty hero for her heroism and deeds in saving her land from destruction. But then a massively dangerous army from another part of the world came and they were going to come after the scythe for using it to conquer the known world. Knowing that the scythe would be too dangerous to fall into the wrong hands, the girl hid the scythe away in this temple so that it would never be put into the hands of evil. Only one brave soul that is pure of heart can wield it and use its mighty power."

Nico: Whoa! That is amazing.

Eli: That girl did a really amazing and brave deed.

Toad: Hey, Ruby. That girl reminds us of you.

Ruby Rose: Boy it sure does. Wow. That story is amazing.

Dexter: It reminds me of the story we were told from Toshi about the boy that brought his people together against a powerful dragon.

Me: The Legend of the Courageous East Wind Boy.

Nico: How did that story go?

Dee Dee: It went like this. "Long ago when the world was young, a mighty dragon ravaged the land. It destroyed villages, it devoured farms and crushed any warrior bold enough to face it. But when all seemed lost, a small boy stepped forth. "I will not fear you dragon!" he said. "You may crush my home but you cannot crush my heart or the power it holds within." The people were moved by the boys courage and they came to join him. As their hearts united, their courage grew. The dragon could no longer feed from their fear and was forced back to the shadows from which it crawled."

Me: Wow! That is amazing.

Nico: That is awesome and awe-inspiring.

Block Man: (cries tears of joy) What that boy said was heartwarming.

Me: And very motivational too. I heard Dexter that thanks to Toshi's story that he gave you and your family the strength and unity needed to destroy the evil monster Badaxtra.

Dexter: That is right.

Me: Wow!

Lisa Loud: Oh Dexter.

Dexter and Lisa kissed and it was awesome.

Everyone: Aww.

Skalamander: Okay. The minute we see Osebo and his goons, we're doing our entrance on him.

Nico: Right. First lets find that scythe.

We went into the temple to find the scythe and we got to a room and standing in it in a ring of fire was The Scythe of Shambo.

Carmen: Wow there it is.

Nicole: The Scythe of Shambo, the God of Fire.

Maria: Go for it sis.

Carmen gulped and went up to the scythe and she then grabbed it and pulled it out successfully!

Carmen: WHOA!

She then grew Angel Wings made of pure fire and a phoenix was heard! She was now the wielder of the scythe!

Nico: WHOA!

Me: AWESOME!

Eli: I sense someone coming!

Nico: Hide!

We all hid.

Then 3 figures came out and they were OSEBO the Leopard Man and his goons ONINI the Black Python Man and MMOBORO The Hornet Man!

Nico: There they are.

Osebo: NO! The Scythe is gone!

Suddenly the spirits of the Animals of The Jungles and Beyond appeared and swirled around them and they roared ferociously! Then they converged and then…

KRABBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion blasted out and a phoenix cry was heard and then we came out.

Nico: Osebo, Onini and Mmoboro you three are under arrest!

Mmoboro: Team Loud Phoenix Storm!?

Osebo: It's been a while, Static. Or do you prefer, Virgil Hawkins?

Cynder: You were watching the news, weren't you?

Osebo: Of course I have. That explains why you were hanging around that girl Sharon so much.

Me: That's his sister for your information!

Nico: Also you are not going to get the scythe!

Carmen: Because it chose me!

Onini: Then we will take it from you!

Carmen: I don't think so!

She swung the scythe and fired a massive blade of fire that slashed and burned off Onini's right arm and he screamed in excruciating pain as he was burned too!

Nico: Whoa! That was powerful!

Carmen went up to them.

Carmen: I will never fear you 3 in the least you monsters. You may be criminals but there is one thing that you will never break and that is my heart and the power it holds within!

Maria: Wow! Carmen.

Ssserpent: Leave Onini to me. This is a personal battle between snakes.

Nico: Go get him Ssserpent.

Maria: Me and Carmen will face Mmoboro.

Carmen: Sis, lets show him what the power of our hearts united as one can do.

Maria: With pleasure little sis.

Carmen and Maria held their hands and then they glowed in fire and water auras.

Nico: Wow! That is amazing!

Eli: Wow!

Liam: Show that bug no mercy!

William: Yeah go get him!

Mmoboro: (to Maria) I remember when you and your Metabreed members assaulted us a few years ago before you were cured.

Francis: Hey, we didn't like that you guys were muscling in our territory!

Cindersaur: Yeah! What comes from Africa stays in Africa! (sheepishly) Did that come out wrong?

Anansi: You did your best Cindersaur.

Maria: I may have been known as Aquamaria in the past. But I will always still and forever be Maria Rockell, Future loving Wife of William Dunbar, Awesome Archenemy of New Wave and Master and Champion of the Water of Tefnut and best friend and sister of Carol Pusateri and loving big sister of Carmen Rockell!

Carmen: And I may be the a Metahuman of Fire but I will always be Carmen Rockell, Awesome girlfriend of Liam Hunnicutt, Loving little sister of Maria Rockell, Master of Fire and Awesome Archenemy of Dark Phoenix and also amazing best friend to Laney and all my friends and family!

Maria and Carmen: And you will never understand what the true bonds of family and friendship can do!

They had fire and water swirl around them and they fired it and they hit Mmoboro and totally encapsulated him in diamond for all eternity!

Nico: AWESOME!

Eli: Wow that was amazing!

Rolf: YOU WILL NOT HARM ROLF'S URBAN RANGERS ON ROLF'S WATCH!

Molten Man: Hey, Rolf! Bring out the Hat of Discipline!

Rolf: You got it lava man!

Rolf brought out the Hat of Discipline.

Rolf: You must be punished leopard boy.

Osebo: What is that thing?

Rolf: The Hat of Discipline. Do you live in a cave!?

And then…

KRASMASH!

He smashed Osebo flatter than a pancake with one bone-crushing smash!

Nico: Nice one!

Whiteout, Ghost, Red Ghost, Technus, Tala, Stinky Butt, Diabolico, Evil Star, Riddler, Cluemaster and Rainbow Raider Then appeared.

Nico: Whiteout, Ghost, Red Ghost, Technus, Tala, Stinky Butt, Diabolico, Evil Star, Riddler, Cluemaster and Rainbow Raider.

Whiteout: Nice day to visit Africa.

Ghost: You said it.

Me: I think it's awesome myself.

Ghost: It sure is.

Red Ghost: (to Ruby) I hope you're not too jealous of that scythe.

Ruby Rose: No way. Carmen became awesome with it!

Technus: (to me) We heard you fought G1 Starscream earlier.

Me: We sure did and now he's Nico's prisoner.

Tala: Good thing Animated Starscream learned his lesson.

Nico: Thank goodness.

Me: Yep.

Ghost: Carmen and Maria you two did really well! You have become stronger than ever united. What caused this awesome change?

Maria: It was a powerful story we learned from Dee Dee.

Carmen: It really was amazing and motivational. It was a story called The Legend of The Courageous East Wind Boy.

Ghost: Wow! That is a very powerful story from Japanese Legend.

Carmen: It sure was awesome. The story of the scythe is also like it too.

Ruby Rose: It's true.

Terramole then came out back for round 2.

Nico: Terramole. Back for round 2.

Terramole: Yep I sure am.

Nico: Awesome.

Terramole: Carmen looks great with that scythe.

Maria: She sure does.

Terramole: And the way you entombed Mmoboro in Diamond like that was sheer genius. How did you learn how to do that?

Carmen: Many great things can happen when you work together in strength, unity and courage with the power of love.

Maria: That is right. Courage and unity are strong and powerful when working together.

Nico: It sure is.

We got the usual battles underway.

# Squirrel Girl, The Supremacy Sun, Elemental HERO Glow Neos, Elemental HERO Sparkman, Fortune Lady Light, Princess Celestia, Minutette, Twinkleshine, Lemon Hearts, Moondancer, Lyra Heartstrings, Sunset Shimmer, Twilight Sparkle, Light Skylanders, Wasp, Scarlet Witch, Storm, Jubilee, Jean Grey, White Tiger, Susan Storm, Jewel Man and Ring Man VS Whiteout - Battling Starscream's G1 self on Animatron

---

Whiteout was first.

Whiteout: (to Squirrel Girl) It's good that J.D. and the others battled Starscream's G1 self on Animatron. But I have a feeling that won't be the last Starscream we'll fight.

Squirrel Girl: No there are over 37+ years of Starscream's out there and many of them are not NEARLY as bad as the Aligned Version of Starscream.

The Supremacy Sun: No that version of Starscream was the absolute worst. He deserved to be completely destroyed and eliminated no matter what the cost was.

Elemental HERO Glow Neos: Yeah he needed to be destroyed because he was messing around with the laws of Mother Nature and he needed to be stopped.

Elemental HERO Sparkman: He had absolutely no honor at all.

Fortune Lady Light: And he blamed Aligned Megatron for all of the crimes against him? It's more like the other way around. It's more Aligned Starscream's crimes against Aligned

Megatron. How delusional can you get?

Princess Celestia: It's like he completely lost his mind and wanted nothing more but power to destroy Cybertron.

Minuette: Yeah what a heartless beast.

Twinkleshine: And he was messing around with the laws of mother nature and making his own versions of Minicons? That is insane.

Lemon Shine: Yeah the Aligned Version of Starscream was the most evil we have ever seen.

Moondancer: He sure was and I'm glad we destroyed him.

Lyra Heartstrings: Yeah he needed to be stopped no matter what.

Sunset Shimmer: What that version of Starscream did was horrible!

Twilight Sparkle: But like what many of the Decepticons say, there will always be a Starscream on each version of the Decepticons.

Spotlight: Yep. Been that way since 1984.

Wasp: Yep.

Scarlet Witch: And its amazing that there have been almost 40 years of Starscream's.

Storm: Yes and Starscream was the most notorious traitor of them all. He left the G1 version of Megatron for dead and thanks to him he got upgraded to G1 Galvatron.

Jubilee: Terrorsaur is like Starscream to the Beast Wars Megatron.

Jean Grey: The Armada Starscream is Alexis' friend.

White Tiger: And the Cybertron Starscream was destroyed by Cybertron Galvatron.

Susan Storm: Animated Starscream is in the Masters of Evil.

Whiteout: We have LOTS of versions of Starscream huh? Lets do it!

They fired waves of light, magic and fire and nuts and smashed her down.

Squirrel Girl: Take that!

Princess Celestia: That was so awesome!

## Ariel, Eli, The Tripper Mercury, Elemental HERO Nebula Neos, Elemental HERO Lady Heat, Twilight Sparkle, Luster Dawn, Sunny Starscout, Princess Cadance, Star Swirl the Bearded, Magic Skylanders, Winter Soldier, Storm Shadow, Batgirl, Papillon and Randy Boggs VS Ghost - Hope Royce Axlerod loves prison food and chum

Ghost was next.

Ghost: (to Ariel) I hope Royce Axlerod loves prison food and chum. It'll teach him a lesson for messing with Bang Baby gas.

Ariel: Yeah that stuff is really dangerous and it is what lead to the creation of many of the Bang Babies.

Eli: That's right sis. The Quantum Vapor is really dangerous stuff. It's hard to imagine that it was what mutated many people in Dakota City.

The Tripper Mercury: Boy many people got mutated there. Francis got fire powers and turned into Hotstreak, Teresa got turned into a Harpy and was Talon, Kangor got huge powerful feet, Maria got turned into pure water and was Aquamaria, Carmen got fire powers, Ivan got turned into Ebon, Adam got turned into Rubberband Man, Virgil got lightning powers and became Static Shock, Richie accidentally got superintelligence due to exposure from Virgil, etc., etc.

Elemental HERO Nebula Neos: That is amazing. And it's a good thing that J.D. helped Francis and Teresa. Francis became a good friend to J.D.

Elemental HERO Lady Heat: He started out as a bully and then turned into an amazing friend.

Twilight Sparkle: That is really cool. I'm glad J.D. helped out Francis.

Luster Dawn: I am too. Being a bully is not a good thing and I feel sorry for people like them because deep down inside they are not very happy.

Sunny Starscout: How does one become a bully anyway?

Ghost: Well Jimbo, Dolph and Kearney know that experience. It's primarily because of physical and sexual abuse, neglect, powerlust, anything.

Sunny Starscout: That's right.

Spyro: Like what happened with Taylor.

Princess Cadance: Man what happened with Taylor was absolutely horrible!

Star Swirl: Yeah it sure was and thank goodness J.D. and Sunset were able to figure out what was wrong.

Winter Soldier: Poor kid went through a nightmare.

Storm Shadow: Yeah Taylor's dad did all that to her.

Batgirl: But J.D. said he has a plan for Taylor. A surprise for Christmas for her.

Ghost: Wow! I can't wait to see it. Lets do it!

They fired waves of magic, fire and water and smashed her down.

Ariel: That was so awesome!

Twilight Sparkle: Yeah it was amazing!

Red Ghost (Marvel) - It was awesome how Carmen and Maria overpowered Mmoboro with incredible ease and Toshi's story that Dee Dee learned really sparked something amazingly powerful in us

---

Red Ghost was next.

Red Ghost: (to Zak) It was awesome how Carmen and Maria overpowered Mmoboro with incredible ease. Toshi's story that Dee Dee learned really sparked something amazingly powerful in you guys.

Zak: It was really inspirational and spiritually uplifting. It really is amazing what the strength and power of courage and unity can do.

The Splendid Venus: When you work together with courage, friendship, hope, love, unity, bonds and virtue you can achieve anything and overcome many obstacles.

Elemental HERO Magna Neos: The moral of that story is that in the face of hopelessness and fear, Courage, Unity, Hope, Friendship, Love and Bonds together can overcome even the toughest of challenges and problems.

Red Ghost: I couldn't have said it better myself.

Elemental HERO Bladedge: It was really awe-inspiring and the story of the girl with the Scythe reminded Dee Dee of that story when they battled Badaxdra.

Pinkie Pie: It sure did and it was really amazing!

Maud Pie: (Monotonously) It sure was really amazing to learn about.

Marble Pie: What that boy did and what that girl did with the power of courage and unity and the power of the scythe was absolutely brave, courageous and virtuous.

Featherweight: It sure was amazing.

Somnambula: (Egyptian Accent) It shows that even in the face of overwhelming challenges that there will always be hope.

Red Ghost: That is a definite and absolutely true fact.

Sprocket: And it was really amazing to learn about that.

Captain Simian: It sure was amazing that there was a legend about that.

Kerchak: I thought it was really interesting to learn from.

Tarzan: I do too. It was awesome.

Ultra Humanite: I do too.

Red Ghost: I'm glad. Lets do it!

They fired waves of metal, lightning, gears, lava and energy and smashed him down.

Zak: ALL RIGHT!

Pinkie Pie: BEST USUAL BATTLE EVER!

## Cyborg, Elemental HERO Terra Firma, Elemental HERO Poison Rose, Elemental HERO Woodsman, Fluttershy, Tornado Bolt, Mage Meadowbrook, Qin, Life Skylanders, Danny Phantom, Sam Manson, Tucker, Dairy King, Sprocket (Skylanders), Elena Validus and Circe VS Technus - Qin learning an awesome lullaby and Carmen becoming amazingly hopeful and spirited with courage

---

Technus was next.

Technus: (to Cyborg) Qin learned an awesome lullaby when she was at her parents grave before they were brought back. And Carmen became amazingly hopeful and spirited with courage.

Cyborg: They sure did and it was awesome. Maria and Carmen really overpowered Mmoboro with the sheer power of their bonds and love as sisters.

Elemental HERO Terra Firma: They sure did and I thought that was so awesome.

Elemental HeRO Poison Rose: Their bonds as sisters has evolved in more ways than one over the years especially even after Maria was blessed with the waters of Tefnut.

Elemental HERO Woodsman: That is true. Maria, Carmen and Carol all have come an incredibly long way.

Fluttershy: And I think that is so amazing.

Tornado Bolt: It sure is.

Mage Meadowbrook: I think so too. And Qin what song was it that you know?

Qin: It's a lullaby that I my mom and dad would sing to me when I was a baby before they died. Would you like to hear it?

Technus: Sure.

Qin: Here goes.

The song played and Qin was singing.

Qin: (Singing Divinely)

Loo-li, loo-li, loo-li, lai-lay

Loo-li, loo-li, loo-li lai-lay

Lay down your head and I'll sing you a lullaby

Back to the years of loo-li lai-lay

And I'll sing you to sleep and I'll sing you tomorrow

Bless you with love for the road that you go

May you sail far to the far fields of fortune

With diamonds and pearls at your head and your feet

And may you need never to banish misfortune

May you find kindness in all that you meet

May there always be angels to watch over you

To guide you each step of the way

To guard you and keep you safe from all harm

Loo-li, loo-li, lai-lay

May you bring love and may you bring happiness

Be loved in return to the end of your days

Now fall off to sleep, I'm not meaning to keep you

I'll just sit for a while and sing loo-li, lai-lay

May there always be angels to watch over you

To guide you each step of the way

To guard you and keep you safe from all harm

Loo-li, loo-li, lai-lay, loo-li, loo-li, lai-lay

Loo-li, loo-li, loo-li, lai-lay

Loo-li, loo-li, loo-li lai-lay

Loo-li, loo-li, loo-li lai-lay

Loo-li, loo-li, loo-li lai-lay

Loo-li, lai-lay

When she was done most of the group was crying with joy and happiness. Even Fluttershy was crying tears of joy.

Fluttershy: (Crying in happiness) That was so beautiful.

Stealth Elf: It was magnificent.

Danny Phantom: Every time I hear that song it makes me happy.

Sam Manson: It sure does.

Tucker: Yeah. It was beautiful.

Dairy King: (Minnesota Accent) That was one of the most beautiful songs ever doncha know.

Sprocket: That is always so beautiful.

Technus: Qin you have a great voice.

Qin: Thanks Technus.

Technus: You're welcome. Lets do it!

They fired waves of grass, flowers, fire, fruit and energy and smashed him down.

Cyborg: BOOYAH! That was awesome!

Fluttershy: That was fun.

---

## Harry Potter, Blazing Mars, Elemental HERO Flare Neos, Elemental HERO Burstinatrix, Fortune Lady Fire, Sunset Shimmer, Pip-Squeak, Gusty the Great, Fire Skylanders, Zatanna, Dr. Strange, Raven, Discord and Diamond Tiara VS Tala - Anansi and Nora Cesaire's Akuma name sharing the same name

---

Tala was next.

Tala: (to Harry) Anansi and Nora Cesaire's Akuma form both share the same name. The difference is that one of them is a real superhero.

Harry Potter: (British Accent) That is very coincidental. Nora became the villain Anansi because of Hawk Moth.

Blazing Mars: That's right and that was brutal that Ayla's own sister would become the Akuma villain Anansi.

Elemental HERO Flare Neos: Except she looked more like a spider with superhuman powers. She is a powerful fighter after all.

Elemental HERO Burstinatrix: That is a really amazing feat. Also Ayla is glad that she doesn't have to fight her sister anytime soon.

Fortune Lady Fire: Boy thank goodness for that. I would absolutely hate to imagine if either one of us had to fight one of our own family members.

Sunset Shimmer: That would not be a good thing.

Pip-Squeak: (British Accent) No it sure wouldn't. Especially after everything that we went through because of that.

Gusty: Yeah I was told all about that and that was scary.

Sunburn: I would call facing your own friends turned into villains like that one of the ultimate punishments to yourself.

Zatanna: A true fate worse than death.

Dr. Strange: Too extreme. But yeah.

Raven: That is not a good thing.

Discord: I would never let happen to any of my friends. I may be known as the embodiment of chaos but I would never let that happen to anyone.

Diamond Tiara: Boy me neither.

Tala: Thank goodness. Lets do it!

They fired waves of magic and fire and smashed her down.

Harry Potter: All right!

Sunset Shimmer: That was amazing!

---

## Loki Loud, The Grand Jupiter, Elemental HERO Air Neos, Elemental HERO Avian, Fortune Lady Wind, Rainbow Dash, Scootaloo, Pickle & Barley Barrel, Flash Magnus, Air Skylanders, Ripping Friends, Kid Muscle, Gloriosa Daisy and Indigo Zap VS Stinky Butt the Foul - Osebo liking prison food and chum and tuna for life

---

Stinky Butt was next.

Stinky Butt: (to Loki) I hope Osebo likes prison food and chum and tuna for life. Mostly the tuna, since cats love fish.

Loki: To a cat villain like him eating fish like that obviously would literally sound very stereotypical.

The Grand Jupiter: But for someone like him it really does fit the description perfectly.

Elemental HERO Air Neos: Yeah no offense to Cheetah or Catwoman or any of the cat villains or heroes but that is very fitting for them.

Elemental HERO Avian: Something is telling me that he won't like it one bit even though he has all the fish he can eat.

Fortune Lady Wind: That's true. But his henchmen on the other hand is a whole new different ballgame.

Rainbow Dash: It was so awesome the way Maria and Carmen took down Mmoboro like that.

Scootaloo: Boy it sure was. I think Maria and Carmen did really awesome against him like that.

Pickle Barrel: They sure did amazing.

Barley Barrel: They sure did!

Flash Magnus: That was an absolutely amazing and awesome display of teamwork.

---

Diabolico was next.

Diabolico: (to Musa) The brave girl and the brave boy that stood up to those dragons in those stories with incredible courage was awe-inspiring. I know guys have that same kind of courage.

Musa: What they did showed that even in the face of hopelessness and fear that courage, unity, friendship, love, hope and virtue can overcome the most impossible of challenges.

The Big Saturn: It's absolutely amazing how they did such incredibly awesome and powerful feats. Dexter and his family did so by learning from Toshi's story and managed to work together to destroy Badaxdra.

Elemental HERO Grand Neos: That was a really amazing and powerful story that they learned from Toshi.

Elemental HERO Clayman: It sure was amazing. I'm proud of them for working together like that. Dexter's Foreign Exchange program turned into a battle to save the world.

Fortune Lady Earth: That was amazing and really incredible if I do say so myself. That will also show those dragons not to mess with the powers of courage and unity.

Applejack: That is true. And Rockhoof's story was like that too.

Apple Bloom: That is always so cool!

Rockhoof: (Scottish Accent) Aye. Really amazing time back then and the story of that dragon is very much like what happened with me.

Cocoa Axe: (Irish Accent) That was amazing lads.

Steela Oresdotter: (Norwegian Accent) Ja it sure was.

Apple Fritter: We all can learn something from those amazing stories about the girl and the brave boy.

Big Mac: Eeyup.

Autumn Blaze: We sure can and it's so amazing that they were able to stand up to monsters like those dragons that were destroying everything in their paths.

Coloratura: It sure was awesome.

Flashwing: Maria and Carmen showed an amazing and powerful example of unity and power.

Carter Grayson: It sure was amazing.

Kelsey Winslow: Awesome and crazy too. Even though Crazy is my middle name.

Tara: That is always so awesome.

Geoforce: You said it sis.

Stormy Weather: I think it's really awesome myself. Me and Bonnie can do something that great. I owe her big time for saving me from myself.

Starlight Glimmer: We all can learn something awesome like that from Carmen and Maria and those amazing stories.

Thorax: Boy we all sure can.

Diabolico: Love that spirit right there. Lets do it!

Lightspeed Rescue Rangers: LIGHTSPEED RESCUE!

Ryan Mitchell: TITANIUM POWER!

They transformed!

Carter Grayson: "Red Ranger Rescue Ready!"

Chad Lee: "Blue Ranger Rescue Ready!"

Joel Rawlings: "Green Ranger Rescue Ready!"

Kelsey Winslow: "Yellow Ranger Rescue Ready!"

Dana Mitchell: "Pink Ranger Rescue Ready!"

Ryan Mitchell: "Titanium Ranger Rescue Ready!"

All: "Rescue Ready! Power Rangers Lightspeed Rescue!"

KRABBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion went off behind them and they were ready!

They fired waves of energy, apples, rocks, crystal, lasers and fire and smashed him down.

Musa: That was amazing!

Applejack: YEEHAW! That was amazing!

---

Tommy Oliver, The Despair Uranus, Elemental HERO Chaos Neos, Elemental HERO Wildheart, Starlight Glimmer, Cozy Glow, Thorax, Sunburst, Clover the Clever, Undead Skylanders, Magnet Man, Lodestar, Hal Jordan, Block Man and Search Man VS Guy Pompton A.K.A. Evil Star - Lillith being a Groganch Gene-Slammer and Rosalinda being a Red-Eyes B. Dragon Gene-Slammer

---

Evil Star was next.

Evil Star: (to Tommy) Lillith's a Groganch Gene-Slammer and Rosalinda's a Red-Eyes B. Dragon Gene-Slammer. Honestly, it's good that those two are reunited.

Tommy Oliver: Yeah it sure is awesome.

The Despair Uranus: It sure is awesome and one is an alien Gene-Slammer with the powers of an alien creature from the Metroid universe and the other is a Duel Monster Gene-Slammer. So amazing.

Elemental HERO Chaos Neos: It sure is awesome and something. Those Team Rocket Scientists may have been playing with fire but what they were doing really came back to bite them in their faces big time.

Elemental HERO Wildheart: It sure did. Playing with fire like that can lead to dangerous and really disastrous consequences.

Starlight Glimmer: Specifically with those consequences coming from us when we destroy them or send them to prison.

Thorax: Boy that is 100% true Starlight.

Cozy Glow: And we will bring swift justice and punishment to those that do such horrible things to them.

Sunburst: Yep. And I think it's really awesome that we're going to make sure they receive their punishments.

Clover the Clever: I think so too. But on the plus side, every gene-slammer is given amazing power and abilities.

Hex: And with great power comes great responsibility.

Magnet Man: That is 100% true and right.

Lodestar: (Techno Voice) I have a feeling that we're going to continue meeting more and more gene-slammers wherever we go.

Hal Jordan: Yes we sure are.

Evil Star: So many possibilities out there. Lets do it!

Tecna, The Tyrant Neptune, Elemental HERO Aqua Neos, Elemental HERO Bubbleman, Fortune Lady Water, Rarity, Sweetie Belle, Kerfuffle, Mistmane, Water Skylanders, Batman, Robin,

# Batgirl, Dexter, Chompy Mage and Cynder VS Riddler - Dexter's sister Dee Dee knowing an amazing story

---

The Riddler was next.

Riddler: (to Tecna) Dexter's sister Dee Dee really knows an amazing story. Riddle me this: Where did she first hear it?

Tecna: (British Accent) It was from a Japanese boy that Dee Dee knows named Toshi. Dexter and his family were battling an evil monster made by nuclear science gone wrong named Badaxdra. He was imprisoned in Mount Fuji and Dexter accidentally released him and he was running amuck. Toshi told them about the story and it got them to work together like that.

The Tyrant Neptune: I think it was during the Cold War and the scientists that made Badaxdra were really playing with fire and they made a monster that was going to destroy everything! Not even the Global Security Defense Force, The Justice Friends or Monkey the World's Mightiest Superhero could stand up to a monster like Badaxdra. So it was up to Dexter and his family to destroy him.

Elemental HERO Aqua Neos: Wow! And Dexter must've shown his parents his secret laboratory and what he was doing with it and they weren't too happy about that.

Elemental HERO Bubbleman: Boy no they weren't. But Dexter has done so much for the betterment of humanity. His parents should be really proud of him.

Fortune Fairy Water: Yeah he and his family are true heroes for saving the world and this was long before J.D. formed the entire team.

Riddler: That is amazing! I'm happy for Dexter and his family. How did they beat Badaxdra?

Rarity: It was with an amazing robot that Dexter made.

Sweetie Belle: From what I heard it was an amazing and really cool robot that was like a Power Rangers Megazord.

Kerfuffle: (Minnesota Accent) That was really amazing. Dexter had a helicopter robot, Dee Dee had a fighter jet robot, Dexter's mom had a van robot and Dexter's dad had a boat robot

which is really cool doncha know.

Mistmane: Boy that is awesome.

Gill Grunt: It was really amazing to see and hear.

Batman: It was really well built and very well thought out.

Robin: I agree. We'll have to see what the robot was like.

Batgirl: I'm sure it was cool.

Riddler: I agree. Dexter you did amazingly well.

Dexter: Thank you very much.

Riddler: You're welcome. Lets do it!

They fired waves of energy, jewels, ice and water and smashed him down.

Tecna: That was amazing!

Rarity: Rapture darling that was grand!

Cluemaster - Maria and Carmen united with courage and unity

---

Cluemaster was next.

Cluemaster: (to Aang) Maria and Carmen are really united with courage and unity ever since Carmen got that scythe. Not even the "Happy Little Land of Vape" can tear that apart now.

They laughed at his joke.

Aang: That is true. That was really funny but it was really true.

The Suppression Pluto: That is true. Maria sure is awesome being a great sister and looking out for Carmen like that. But I don't know what those 4 thugs were thinking when they were doing smoking, drugs and all that like that.

Elemental HERO Dark Neos: Yeah I don't know what the problem is with bad kids these days.

Elemental HERO Necroshade: They probably think that doing drugs or smoking or beer is cool like that.

Fortune Lady Dark: They obviously don't even realize the dangers that come with doing stuff like that. Now instead of making money like that they are in prison for a long time.

Princess Luna: Yep. 50 years of their lives down the drain.

Moondust: With only bread and water and chum, icy cold showers, guards beating your butt around the clock and the only way out is to kill yourself.

They laughed again!

Cluemaster: (Laughs) Yeah that's right. Chief Wiggum did say that and that is really true. Jail is gonna be absolute hell for those 4 kids.

Snowdrop: You got that right.

Gari: I hope they like chum. They probably won't. Plankton can give them chum.

Blackout: He works as a cafeteria worker in the Uranus prison and it's good money.

Ink Rose: That's cool and it's awesome for him.

Moonlight Raven: I think so as well.

Laser Kirby: They are not going to like prison that is for sure.

Twilight Sparkle: Carmen learned a huge lesson today.

Rarity: She most sure did darling.

Edd: Indeed she did.

Cluemaster: That's right. Lets do it!

They fired waves of wind, darkness, magic, jewels and energy and smashed him down.

Aang: All right!

Princess Luna: A true victory of the night!

---

---

Rainbow Raider was next.

Rainbow Raider: This has been a really amazing treasure hunt for you all. Especially with those two amazing stories on the scythe and the brave boy.

Catherine Lancaster: (British Accent) Boy it sure was. I think it's so awesome that the girl and the boy stood up to powerful monsters like those dragons.

Rainbow Neos: It sure was really something.

Susanne: They are true heroes and they saved their lands from total destruction.

Sandra Thompson: They were awesome and one used the power of the scythe and the other used the powers of courage and unity.

Hannah Florington: That is all really amazing.

Emerald Logan: I think that is awesome and amazing.

Chloe Laurine: Yeah it sure was. They will forever be remembered in legend.

Nadine Flores: They sure will and people will learn about them for many generations to come.

Caitlyn Gunnison: Yeah they sure will be remembered.

Jesse Anderson: I think that is so awesome.

Cholan: It sure is cool.

Rainbow Raider: It sure is. Lets do it!

They fired waves of rainbow energy and blasts of each color of the rainbow and smashed him down.

Catherine Lancaster: A victory of the rainbow!

---

## Ninja Storm Rangers, Megaforce Rangers, Nico, Naruto, Sakura, Fu, Eli and Laney VS Terramole (Round 2)

---

Terramole was next.

Nico: This is gonna be good.

Nico teleported and opened Terramole's safe and in it was a bunch of swords and they were called the Destroyers of The School, they're large swords with the anti-School symbol etched on the 6'5" massive, wide, double-edged blades, large bird wings for the crossguards, large gems for the hilts, longer black handles, and large faceted sphere pommels with surrounding gems. Once in hand, they'll get a massive power and energy increase.

Nico teleported back with the swords.

Nico: Lets get him!

Ninja Storm Rangers: NINJA/THUNDER/SAMURAI STORM RANGER FORM! HA!

They transformed!

Shane Clarke: (ECHOING) POWER OF AIR!

Dustin Brooks: (ECHOING) POWER OF EARTH!

Tori Hanson: (ECHOING) POWER OF WATER!

Hunter Bradley: (ECHOING) CRIMSON THUNDER!

Blake Bradley: (Echoing) NAVY THUNDER!

Cam: SAMURAI RANGER!

All: POWER RANGERS NINJA STORM!

KRABBBBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion went off behind them and they were ready!

Megaforce Rangers: LEGENDARY RANGER MODE! NINJA STORM!

The Megaforce Rangers turned into the Ninja Storm Rangers too!

Nico: Lets get him!

Rangers: THUNDERSTORM CANNON!

They put the Thunderstorm Cannon together!

Nico: FIRE!

They fired elemental blasts and lightning blasts and the blasts all hit Terramole and he exploded!

KRABBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Terramole was dead again!

Nico: Terramole you have failed this world again.

Troy Burrows: Rangers that's a Super Mega Win.

---

We regrouped.

Nico: Time to put this cat into the pound!

?: I WILL KILL ALL OF YOU AND DRINK YOUR BLOOD FOR KILLING ME!

Suddenly, the eight large planets and stars orbiting around my legs, the eight large orange orbs orbiting around Lincoln, Linka, and Duke Lincoln's legs, the eight large dark blue orbs orbiting around Ed Cowart's legs, the eight large crimson red orbs orbiting around Naruto's legs, the eight large black orbs with the Eye of Horus orbiting around Cody (OC)'s legs, the eight large pink orbs orbiting around Lola and Lexx Loud's and Steven Universe's legs, the eight large green orbs orbiting around Lynn Sr.'s legs, the eight emerald green orbs orbiting around Yakko Warner's legs, the eight large sapphire blue orbs orbiting around Wakko Warner's legs, the eight large hot pink orbs orbiting around Dot Warner's legs, the eight large marine blue orbs orbiting around Liam and Leif Loud's legs, the eight large scarlet red orbs orbiting around Lynn Loud and Lynn Jr.'s legs, the eight coral red orbs orbiting around Timon's legs, the eight large blue orbs orbiting around Lori and Loki Loud's legs, the eight large sea-foam green orbs orbiting around Leni and Loni Loud's legs, the eight large yellow orbs orbiting around Luan and Lane Loud's legs, the eight large brown orbs orbiting around Laney and Larry Loud's legs, the eight large light green orbs orbiting around Lisa and Levi Loud's legs, the eight large lavender orbs orbiting

around Lily and Leon Loud's legs, the eight large colored orbs orbiting around Bobby Santiago and Nico's legs, and the eight large purple orbs orbiting around Luke Loud's legs and Menat's legs were glowing, and that means big trouble was coming.

Nico: I'd recognize that bloodthirsty tone of voice from anywhere. You can come out now, Gisele Razor.

A figure came out, and it was none other than Gisele Razor, The Terror of Michigan, who has returned from the dead, and wants bloody revenge on us. She was also really roughed up by the demons of Hell.

Lori: (Smirks) Should've guessed you crawled out from The River of Fire, Gisele Razor, and it looks like you've been messed up badly by the demons of Hell.

Gisele Razor: And all of you are to blame for it! And now, I WILL KILL YOU ALL AND DRINK YOUR BLOOD!

Lincoln fired a powerful rainbow energy blast, disarming Gisele Razor's knife, and cutting her cheek, causing blood to drip from the wound.

Lincoln: Get over it, Gisele Razor. You brought this all on yourself when you tried to stab Luan long ago, until J.D. punched you in your face and sent you to prison.

Lori: Not to mention when you tried to kill me when we went to the prison you were sent to, and you tried to kill Ra's Al Ghul, you bitch.

Bayonetta: And I've had it up to hear with you to last an eternity.

Suddenly, Bayonetta's grey eyes turned neon grey, and she was surrounded by a purple energy aura with Infernal Demons and darkness, she had her two Love Is Blue guns in her hands and the other two Love is Blue guns on her heels, and as she approached Gisele Razor, she left purple energy, darkness, and Infernal Demons with every step.

Bayonetta: Gisele Razor, you've caused nothing but a lot of trouble for all of Michigan and for my future husband and his entire family for the last time. Now, I think it's time for me to teach you a very painful lesson.

Then, Bayonetta was surrounded by a massive vortex of purple energy with darkness and Infernal Demons surrounding it, there was a raven flying around the vortex, and inside the vortex is a dark blue phoenix. Then, as the vortex faded, Bayonetta emerged, but she was changed forever.

Bayonetta grew to 6'0" in height, she had the body of a goddess, she had dark blue highlights on the bangs of her pixie cut black hair, she has neon grey eyes and she still has on her glasses, she has a purple energy aura with Infernal Demons and darkness surrounding her, she has the image of the Infernal Demon, Madama Butterfly, and the crescent moon with the Dark Kanji in the demon's claws emblazoned on her forehead, she has on butterfly earrings with the Dark Kanji in its legs and a necklace with a raven holding the Dark Kanji in its claws for the pendant, along with her Umbran Watch, she has on a sleeveless black blouse with a silver phoenix on it, black blouse with Umbran Moons, black pants, black high heels, she has massive black angel wings with dark blue tips on the large black feathers and crescent moons on them, and long black long-sleeved trenchcoat with ravens on the coattails, and on the back is the symbol of the Umbra Witches and the Infernal Demons on it. Bayonetta has on her new Bracelets of The Champions of The Universe with dark blue gems on her wrists, Belt of Elemental Bravery with large dark blue gem for the belt buckle on her waist, and her Eater of Sins revolver holstered on her right hip. There's a dark blue kanji below the symbol of The Umbra Witches that said, "Bayonetta, Chosen Wielder of The Left Eye of Darkness, Last of The Umbra Witches, Signer of Pacts with Madama Butterfly, The Mistress of Atrocity and the Infernal Demons of Inferno, Only Daughter of Balder and Rosa, Loving Future Wife of Lincoln Loud, Slayer of Evil, Master of The Bullet Arts, Darkness, Witch Time, and Wicked Weaves."

ベヨネッタ、闇の左目の選ばれた使い手、蝶々夫人との協定の署名者、残虐行為の愛人とインフェルノの地獄の悪魔、バルドルとローザの唯一の娘、リンカーン・ラウドの愛する未来の妻、スレイヤー悪の、弾丸芸術のマスター、闇、魔女の時間、そして邪悪な織り方

Bayonetta has transformed into SUPER ANGEL 750,000,000,000 DARKNESS INFERNAL UMBRA WITCH ANGEL OF LOVE AND DARK JUSTICE!

We were amazed by Bayonetta's Super Angel 750,000,000,000 transformation, and when Lincoln saw it, he had an atomic red blush on his face. But, when Gisele Razor saw it, she went ballistic with mad rage and tried to attack Bayonetta, but she fired a dark energy bullet at her, and it cut her cheek.

Lori: Whoa, Bayonetta's literally transformed.

Nico: You said it, Lori, and not only is Lincoln blushing like crazy, but she also pissed off Gisele Razor by firing a dark energy bullet at her, and cut her cheek.

Lincoln: Whoa, Bayonetta, you look beautiful. How do you feel?

Bayonetta: (Divine Echoing Cosmic Voice of Darkness and Demonic Justice) **I feel incredible, Linky, and now, it's time to teach Gisele Razor a lesson. Ready to join in on the torture?**

Lincoln: (Smiles) Of course. (To Lori) Lori, you ready to join in?

Lori: (Smiles) You got it, Linky.

Lincoln unholstered his massive Sword of Taranis from his wider and muscular back and transformed into Super Angel-Ebonwu Infinity Elemental Thundersnow Buffalo Angel of Frozen Lightning Justice, and Lori unholstered her massive Sword of Ga'Oh from her back and transformed into Super Angel 750,000,000,000 Hurricane Firestorm Sylph Eagle Angel of Justice and Love, and they joined up with Bayonetta, and when Gisele Razor saw what happened to Lori, she was even more pissed off.

Lincoln: (Divine Echoing Cosmic Thundersnow Elemental Voice of Justice) **Let's tear her to shreds!**

Lincoln, Bayonetta, and Lori went after Gisele Razor, and they fired powerful blasts of rainbow energy, wind, darkness, elemental forces, Eagles, sylphs, Thunderbirds, Buffalo, ravens, and Infernal Demons and as they hit Gisele Razor, they exploded with incredible power.

This made Gisele Razor even more mad, and she tried to hit them, but they dodged them, and she was caught in Witch Time, and they brutally pummeled her. Then, they'd begun their torture on Gisele Razor with Bayonetta using her Wicked Weaves to manifest the limbs of Madama Butterfly and Lincoln and Lori using demonic arms that came out of dark portals to brutally attack Gisele Razor, and when they were done, Gisele Razor was badly mangled up.

Then, Lincoln, Lori, and Bayonetta then tossed Gisele Razor up into the air with their immense brute superhuman strength.

Lincoln: **Say goodbye, Gisele Razor.**

Lori: (Divine Echoing Cosmic Voice of the Hurricane and Fiery Justice) **And this time, take the hint, bitch!**

Bayonetta, Lincoln, and Lori: **DIVINE INFERNAL FIRESTORM MEGABLAST!**

Bayonetta, Lincoln, and Lori fired three massive and powerful waves of dark energy with the angels and demons surrounding them, and as they hit Gisele Razor, they exploded with incredible power.

Gisele Razor: NOOOOO! DAMN YOU ALL, TEAM LOUD PHOENIX STORM! I HATE YOU ALL!

Our auras flared up extremely from that last spout of hatred, and the resulting explosion killed Gisele Razor, and her evil spirit was Super Hakaied and banished to Oblivion for good. We cheered wildly for what Bayonetta, Lincoln, and Lori did, as they holstered their weapons and they powered down, and Bayonetta's new body, clothes, weapons, jewelry, and black angel wings are permanent. Then, Lincoln wrapped his abnormally massive and powerful muscular arms around Bayonetta's waist, and as he leans down and they lock eyes, they shared a passionate kiss, and right behind them are the lights of Heaven shining down and Madama Butterfly manifesting behind them with the sound of Jazz music behind them, and we did some catcalls and wolf whistles for them.

Nico: (Smiles) Whoa, looks like Linc is taking his romantic gesture to a new level after what we just saw.

Me: (Smiles) You said it, Commander.

We then set our sights on Osebo the Leopard Man, but we're now rid of Gisele Razor, The Terror of Michigan, and she's never ever coming back for revenge.

Onini: (to Ssserpent) You're so pathetic. No matter what side you're on, you're always the loser.

Ssserpent: (smirks) There's a benefit to losing. You get to learn from your mistakes! (knocks Onini out)

Bonnie and Stormy Weather were holding hands.

Bonnie: I think you you need to be locked in a diamond!

Stormy Weather: I agree!

They had lightning strike and flicker around them and then they fired lightning and entrapped Onini in a diamond.

Another awesome fanfic done.

Osebo the Leopard Man of Static Shock was one dangerous monster and he and his goons were awful too. They were monsters! Now they will have all the time in prison for their crimes. The first part was for the Transformers Cybertron Planet, Animatron and that was a cool one. The second part was for the Static Shock villain Royce Axelrod and he was one badass punk. NicoChan11, JediAvatarOfShinobi, Omegahatchiyak12, XP4Universe, Darkhai, vinjedi1995, Drako1234658, Nflemingful, Etstheclarencefan and ninjakingofhearts gave me the ideas for this and so did the guest reviewer. # WINTER SOLSTICE RACE AROUND HOTH

HAPPY WINTER SOLSTICE EVERYONE!

At 2:11 AM, I was fast asleep and I was having a really interesting and very strange dream. I was in Canterlot and I was seeing into the past. I was looking at Sunset Shimmer and I saw that she was a happy, kind and amazing girl and she was really smart and gifted in all kinds of things and she was even friends with Minuette, Twinkleshine, Lemon Hearts, Lyra Heartstrings and Moondancer before Twilight Sparkle was enrolled into the school. They got along really great.

Me: Boy Sunset is not like what Twilight said here. She is amazingly gifted and more.

But as the dream progressed, I saw that Sunset was fast asleep and then I saw a malevolent shadowy figure appear out of nowhere and I immediately knew who that shadow belonged to. It was the shadow of GROGAR!

Me: GROGAR!

I saw the shadow fly into Sunset and that shadow was part of the very essence of his evil, jealousy and powerlust! I then saw Sunset change because of it. She went from a sweet and amazing girl to a badass jealous bitch that wanted nothing more than power and everything and she was gonna stop at nothing to get it!

Me: So that's it! Sunset became like that because of Grogar! He really WAS THE DEVIL of Equestria.

I saw Sunset do all kinds of evil things and she was expelled from Princess Celestia's school and she betrayed her and jumped through the mirror and into our world. I then saw Twilight save Sunset from herself when she and the Human versions of her friends purge her of the darkness of Grogar inside her and freed her from herself. It was a heroic battle.

Me: WHOA! That was incredible! Now I see why Sunset was so cynical, arrogant and powerhungry. It was because of Grogar and Twilight and the human versions of the girls saved her from herself with the power of Friendship. Wow!

Later I woke up at 8:17 AM.

Me: Whoa man. Sunset is gonna be in for quite a shock. Thank goodness I destroyed Grogar for good. But I'll tell her after the rescues and Lincoln's date and the Ambassador Mission.

I got up and got dressed.

Later after having my breakfast it was time for my rescue.

20,000 Years into the past in the world of Ice Age, me, Eli, Arrietty, Nene, Allie Wilde, Maria, Marie, Hunter, Nicole Chan, Qin, Erica, Ellie, Lillian, Megan, Nora Venice, Simone, Miranda, Gina Pele, Lola Namiko, Nelanie, Warrior Lady of The Wasteland, Natalie Griffin, Maiden of The Aqua, Syrus, Dark Magician Girl, Rey, Lina, Kia, Jenna, Nemo and Laura Emerson the Glaceon Gene-Slammer were there to embark on another rescue.

Laura Emerson: So this is the world of Ice Age. It's perfect for me!

Me: And it'll be awesome to see Manny, Sid, Diego and Scrat again.

Eli: I love Scrat. He is always going after that Acorn.

Arrietty: He sure is cute too.

Nene: I like Diego and Sid. They are funny.

Allie Wilde: Manny is cool.

Maria: I love all the characters from Ice Age. They are so funny.

Warrior Lady of The Wasteland: Those movies are always funny.

Nelanie: (Laos Accent) They sure are awesome. But what really has me worried is how Sunset is going to take the news about what happened that made her become like that.

Me: I know. I just don't know how we're going to break that to her. Grogar made her do all that against her will when he poisoned her with his evil.

Laura Emerson: That is terrible. He REALLY WAS the Devil of Equestria.

Laura concentrated and groaned as her hair fell out.

Simone: It's just absolutely terrible that Grogar was that evil. I think he was also the reason why Cozy Glow was like what she was too.

Miranda: I agree.

Laura turned into GLACEON!

Miranda: YEAH!

Maria: Didn't Discord disguise himself as Grogar once?

Me: Yes he did and that is what I heard. He went undercover to know what Chrysalis, Tirek, Cozy Glow and King Sombra were up too. Very genius and very well thought out even though Princess Celestia didn't agree.

Maria: That was really well planned.

Maiden of The Aqua: What happened to Grogar?

Me: He was banished to another dimension and his magic and life force were all bound to his bell that Gusty the Great hid in Mount Everhoof. I used the power of the Sword of Harmony to destroy it completely with the power of the destruction of 100,000 planets.

Allie Wilde: Whoa! That is intense!

Me: Yep. His dark magic and life force were linked to the bell and when it was destroyed, I destroyed Grogar forever and stripped all of

Equestria of his dark magic forever.

Qin: I remember that.

Erica: Whoa that is amazing!

Nora Venice: That is amazing.

Hunter: (German Accent) Ja.

Me: Yeah it sure was. Wait look there.

We saw an oasis and there was Manny, Sid, Diego, Scrat, Ellie, Crash & Eddie, Julian, Peaches, Brooke and Shira.

Me: There they are.

We went over.

Manny: Hey guys!

Me: Long time no see Manny.

Diego: Wow awesome to see you all here!

Sid: Yeah we missed you all.

Maria: Same here guys.

Me: It has been a while.

Maria: Haven't seen you guys since you participated in one of Chillyfish's battles.

Manny: I know. We've been busy.

Brooke: Awesome of you all to come.

Eli: Thanks. Have you all seen anyone out of the ordinary here?

Ellie: Yeah as a matter of fact we did.

Peaches: We saw a woman made of ice and it looked like she was riding a dragon made entirely of pure ice.

Me: You saw a White Night Queen and a White Night Dragon. Whoa!

Eli: Oh Scrat you are so cute.

Eli gave him a bunch of acorns and he loved them.

Sid: You guys have a lot of new members the last time we saw you.

Me: I know. Things have gotten big for all of us.

Manny: We heard you guys went into a bunch of amazing wars.

Me: Yeah that's an understatement. On April 12th we went into battle against 23 of Equestria's most dangerous enemies and on August 2nd we went into battle against Xehanort.

Diego: Wasn't he that evil Keyblader that was going to destroy the entire universe and remake it in his own image?

Me: The very same and the one that we are cleaning up his evil essence from.

Nemo: That's right.

Manny: Wow! We heard that you all went through a horrible time called The 20 Days of Darkness.

Me: Yep. That was a horrible time for us. From January 23rd to February 11th.

Manny: Oh man.

Maria: And trust me. Changing that would be very… fatal.

Me: Yeah. We saw an alternate Earth that took place 100 years into the future and the Powerpuff Girls most dangerous enemy of all time HIM, took over the world and killed me and Nico and most of the team and plunged the entire planet into Hell.

They all gasped.

Manny: That is horrible!

Diego: I don't think I like the sound of that.

Nicole Chan: That must've been awful for you all.

Me: It was.

Nemo: Yeah it sure was and it was what would have happened if we stopped the 20 Days of Darkness from happening.

Maria: But enough about us. What's been going on here?

Manny: I'm afraid we're hiding out here because Captain Gutt is after us!

We gasped.

Me: Wait wasn't he that Pirate Gigantopithecus that wants to kill you all?

Maria: And didn't we kill him a while back?

Manny: Yeah you sure did.

Allie Wilde: Who is Gutt?

Me: You won't like him Allie.

I told everyone about him.

---

Captain Gutt is the main antagonist of the defunct Blue Sky Studios' 7th animated feature film Ice Age: Continental Drift and a posthumous antagonist in the 2016 TV special Ice Age: The Great Egg-Scapade.

He is a Gigantopithecus pirate who is the self-proclaimed "undisputed Master of the Seas", as well as the mongering captain of his crew. He is also Manny's arch-nemesis and Shira's former boss.

He was voiced by Peter Dinklage, who also played Dr. Bolivar Trask in X-Men: Days of Future Past, Tyrion Lannister in Game of Thrones. Simon Bar Sinister in the film adaptation of Underdog and Eddie Plant in Pixels.

During the Meltdown event, Captain Gutt and his crew conquered seas and formed a crew of pirates. He and his crew plundered as much as they could. Raz, a member of his crew, was the first to use weapons from the bones, starfish, shells and sticks that the crew had gathered. Gutt even commands certain sea creatures like Flynn and several Narwhals in the film, Shira was his pawn and later Squint takes over Shira's role.

In Continental Drift, he and his crew encounter Manny, Diego, Sid and Granny on a small, defenseless iceship. Threatening them to surrender their ship or face his fury, he destroys their vessel and captures them. Captain Gutt tries to recruit Manny to his crew because his size is useful and needs more help raiding other animals' food supplies.

His Crew from Different Locations

Shira: Taken in as the first mate.

Silas: Lost in France and founded by Gutt.

Raz: In Australia.

Squint: On a desert island.

Flynn: Lost in England oceans and picked up by Gutt.

Gupta: North America.

Dobson: Lost in South America and saved by Gutt from becoming a pork pie.

Early Life

Gutt (having undergone a rough relationship with his own parents back home, who never showed him much love or affection) chose instead to live out on the seas on a massive ice floe that he fashioned into a ship with the use of trees, rocks, and vines. Having established his ship, the orangutan found a number of animals that he had rescued and brought them aboard his ship, where, out of for saving their lives, they pledged themselves as his crew, Shira being appointed as Gutt's first mate, with Flynn as his second.

Gutt's crew went on aiding him in scouring the world for whatever fruits and vegetables, deemed their "bounty", they could find. Gutt felt that, as the world was changing and "going under", the only means of survival was to loot whatever he and his crew could to live and thrive out at sea. These animals the ape deemed his own family, though, due to his own strained relationship with his family, his temper remained volatile and harsh.

At some point in his life, the ape began to use his claws as weapons to gut foes, which earned him the name "Gutt".

## New Crew

At some point, Gutt and his crew captured Scrat, who was lost at sea, half-swallowed by a fish and had found a map of sorts, etched onto an acorn shell, which led to a land rife with acorns: Gutt and his crew forced the saber-tooth squirrel to board their ship as a captive. Later, the pirates forced Scrat to dance on the decks with the fish still attached.

Further on, while at sea, a member of Gutt's crew, a blue-footed booby named Silas, brought news of other animals out at sea stranded on an ice floe: a mammoth named Manny, two ground sloths and a saber-tooth tiger. Registering this, Gutt declared that the four mammals' marooning in his waters was a tragic event, which he loved greatly. Taking action, and with the intent to enlist the mammals into his crew, Gutt sets a course for the ice floe, where his crew latched onto the floe by flinging down skulls on vines so that they latched onto the ice floe.

Gutt climbed down the vines nonchalantly, so he called down to the animals on the ice floe that the waters they were in were swarming with pirates and that they were fortunate to have been found by Gutt and his crew first. Explaining his motives, Gutt was mocked by a small rat and flung the rodent into the water in annoyance before continuing. Manny called out that they only wished to reach the continent and his family, to which Gutt coldly replied that there was no way back. At that, Flynn chimed in, calling out that there was a means of returning to the continent: Switch-back Cove provided an ocean current that could take them back to the mainland, to Gutt's exasperation, who stomped on the seal's tail flipper to shut him up. Returning his attention to the herd, Gutt stated that out at sea, there was no land and that their "ship" belonged to him. With that, Gutt ordered his crew to attack the herd on the ice floe. Gutt himself managed to knock the largest of them, the mammoth named Manny, unconscious with a large boulder of ice.

Gutt had an unconscious Manny tied to a large tree that formed his ship's mast. As Manny was coming to, Gutt appeared and extended his foot as a "hand of friendship". The orangutan then explained his plans out at sea with the help of his crew in the form of a shanty: Gutt, proclaiming himself as the "master of the seas", had rescued all those "lost souls" in his cadre and recruited them as his own piratical crew, sailing through the seas, taking whatever foods they could find as they would treasure.

## Loss of Ship

Manny derided Gutt's name, to which the ape explained that it was not based on his stomach, but rather his jagged sharp claws got him the name "Gutt". Sid piped in, stating that he did not get Gutt's moniker. Gutt slices through Sid's upper ropes, making him dangle upside down. Then he demonstrates the origin of his name by poking his clawed finger on Sid's belly (making Sid laugh from ticklishness), then moves his finger down to the sloth's chin, and Sid's laughter is promptly replaced with a gasp of horror. Sid states he still doesn't understand Gutt's name (though more likely, he is just so terrified that he pretends not to). Regardless of Gutt's offers, Manny turned the ape down, declaring that no one would stop his return to his family. Gutt's calm demeanor quickly disappears and is replaced with a look of pure evil as he tell Manny that his family will "be the death" of him.

Gutt then ordered his first mate Shira to prepare the plank for the castaways to be jettisoned off of, forcing them all to walk the plank off the ship and into the ocean, where angry narwhals awaited them.

Sid is brought to the plank first. At that moment, Gutt halted the walk, to Sid's temporary relief, so that Granny, the older sloth, would go first, offering his hand in an oily and feigned-polite manner to help the old sloth move.

Just as the two sloths were about to walk the plank, Diego instructs Manny to get him to the vines hanging from the mast. Manny turns the mast, moving Diego on the boom. Reaching a taught vine, Diego bites through it, causing the mast to tilt and topple the ship to the side, preventing the sloths from falling into the waters. Manny breaks free of the ropes binding him. Gutt notices this and angrily leaps forward and pulls out his sawfish skull blade and engages Manny in a duel, in which Manny fought using his tusks. Manny gains the upper hand and knocks over the mast, sending it crashing down on the ship's deck, splitting the iceberg in half and it starts to sink.

Gutt holds on with his claws as the ship was split in two, lamenting his lost bounty of food as it fell into the ocean. As the ape held on, he spotted Manny and the others on the other side of the iceberg and snarled angrily. The ape held onto a floe of ice that had once been his ship, along with the others in his crew. Gutt then angrily called out to Flynn, who thought he was drowning, that the seal was a sea creature and couldn't drown, before directing his ire towards Gupta, who suggested running himself as a white flag of peace, smacking the badger. Flynn then called out that Shira was lost, but Gutt dismissed this, instead ordering Flynn to swim them all towards land.

## New Ship

Furious about the loss of his ship, Gutt and the remainder of his crew reached an island and stopped at Switch-Back Cove, where they found enough ice to carve a new ship and hyraxes, which they enslaved to build the new ship and to bring more food aboard, Gutt lashing out at the small mammals with a whip fashioned from bones and vine, calling out for them to finish the ship by sunset or suffer. His cruelty towards the hyraxes even shocked his crew.

## Stolen Ship

The following day, Shira returned to her captain, having been kept as a captive by Manny and the others. Gutt put on a falsely relieved attitude at seeing her alive when she revealed that she washed ashore with Manny and his friends. Gutt then eagerly asked her whether she caused the mammoth pain and suffering for his actions, but Shira responded that Diego impeded her. Enraged at Shira's report, Gutt harshly branded his first mate a failure, calling out that he needed a real action-worthy crew, instead only having "kitty cats and bunny rabbits". Gutt then orders Shira to bring Diego down or die in the attempt. He then relieves Shira of her rank as first mate and gives the position to Squint, much to Squint's joy.

Shira (attempting to explain what Manny and the others had planned to Gutt) was interrupted by the sound of a conch horn, and Gutt, leaping forward with a spyglass fashioned from a conch shell, spotted a number of free hyraxes in the distance, rallied up to fight. Gutt, however, laughed derisively upon seeing their tiny size in the distance, but quickly stopped laughing once he heard a second, louder trumpeting, which brought the silhouette of a mammoth: Manny. Gutt, filled with ire for what Manny had done, rallied his crew to action, rushing forward to do battle with them all, but calling Flynn out on his lack of a weapon, as the seal thought a spoon would be a useful weapon.

Gutt led his crew into battle, armed to the teeth, and the pirates reached the mammoth, stopping cold in their tracks as the hyraxes fled the scene, flying off on leaves. Squint, who eyed Manny's apparent silhouette, rushed in with his blades to tear the mammoth to pieces-instead of a mammoth falling, a large melon with branches tied to its sides fell down and Gutt crushes the melon in anger. Then he spots the real Manny quickly making off with the ship, thus making Gutt realize in fury he had been duped and he and his crew give chase.

Gutt and his crew rapidly chased the herd, but Manny and the gang outran them, reaching the ship first. Gutt whistled for his narwhals, who came quickly, and the ape jumped onto their backs, quick to resume the chase. Manny, however, tilted the ice floe on its side in the water, blocking the narwhals from reaching the herd. Gutt continued his chase, eventually reaching a long ledge where he ran after the ship, only to be tripped up as Shira, in a turncoat move, pushed large ice blocks in Gutt's path, causing him to lose his footing and be launched into the air towards the ship. Gutt nearly had the ship in his grasp, but instead plummeted to the ground, thudding hard on his back on a patch of ice. Gutt scowls furiously as he watches the herd float away on his ship and mock him as they sail into open water.

## Sweet Revenge

Enraged at having lost his ship again, Gutt quickly turns his attention to a crevice in a glacier and he squeezes inside. With a tremendous roar, he dislodges a massive chunk of the glacier with his bare hands, which quickly fell into the ocean and resurfaced. Gutt harshly ordered his crew to board at once and whistled once more for his narwhals, who stuck their tusks into the back of the ship and pushed it on.

Shira stepped forward to apologize to Gutt, but Gutt would not hear of it. Grabbing the saber by the throat, Gutt declared that, once he caught the herd, he'd have a saber-tooth's skin hanging on his wall, regardless of whose it was (somewhat proving Diego's point to Shira that Gutt never had his back on her or anyone else). Gutt further declared that Manny had cost him his ship, along with his bounty and, to further it all, the loyalty of his crew. Setting a course for the continent, Gutt vows to destroy Manny and all he holds dear.

## Herd vs. Pirates

Gutt reached the continent before the herd did, destroyed the land bridge and took Manny's family, consisting of his wife Ellie and their daughter Peaches hostage, along with all the other herds of animals that were led away from the continent by Ellie. Gutt held a shark-tooth dagger to Peaches' throat, introducing his new ship, the *Sweet Revenge*, on which Ellie was tied up and restrained by Gutt's crew. Manny calls out to Gutt that he would willingly turn himself in if Peaches was spared, which Gutt dismissed, but regardless allowed Manny to board the *Sweet Revenge* . Flynn and Raz throw vines to throw the other ship close, then lay down a plank bridge and Manny gets on board. Standing face to face with the pirate captain, Manny demands Gutt to release his family, but Gutt goes back on his word, stating that Manny took everything from him and the ruthless captain intended to do the same. Manny tried to charge at Gutt, but the crew rapidly lassoed him.

Just as everything seemed hopeless, at that moment, Peaches' friend, a molehog named Louis, stood up to the big ape, demanding that he release Peaches. Gutt, amused at Louis' imaginative gumption, accepts the challenge laughingly, and orders Gupta to let the molehog have his blade. Gutt and his crew openly laughed at Louis, who could barely pull the blade out of the ice where it stood, but stopped laughing once Louis managed to pull the blade out and pointed it fearlessly at Gutt. Calling for Louis to fight, Gutt stood by, watching as Louis flung the blade into the air. It lands point-down in the ice, with Louis nowhere to be seen. Confused, Gutt looks around for the molehog, when Louis pops out of the ground beside him and slams a heavy chunk of ice on the pirate's foot, causing him to bellow in pain and release Peaches. Gutt orders his crew to attack as Manny and Peaches escape their bonds, and the battle is on.

During the fight, Gutt chases Diego into the masts and gains the upper hand as he, Raz and Dobson corner Manny and the rest of the herd on the deck's edge. Gutt prepares to attack when Precious, Granny's pet whale, arises from the waters, and Sid positioning himself on her blowhole, directs the sprays of water to blast away Gutt's crew, one by one, with only Gutt dodging them, indifferent about his crew being decimated.

Ellie still remained tied up on the *Sweet Revenge* and Manny rushes in to save her, but Gutt slashes the ropes tethering the two ships, preventing Manny from reaching his wife. Manny gasps in horror as Gutt scrapes his gleaming claws against the icy surface of the ship as he moves closer to Ellie. Peaches, however, knows just what to do. Thinking quickly, she grabs a vine from the mast with her trunk and nimbly swings in a broad circle around the two ships. Just as Gutt prepares to deliver the killing blow on Ellie, Peaches swings in and gives the wicked ape a powerful and crushing kick, knocking him into an ice wall on the *Revenge*, saving her mother just in time. Manny stares in amazement, finally accepting that his daughter is all grown up.

## Final Showdown

Manny knocks the mast over to use as a bridge to his family as Peaches unties Ellie. But the mammoths are still not safe, as the continent's cliffs are looming ominously above them. Manny rushes to the other ship to escape with his family. But Gutt, losing what's left of his sanity, blocks his path by holding the mammoth by his tusks. Just then, massive chunks of the continent's cliffs fell into the sea, launching a landmass upward that splits the *Sweet Revenge* in half, lifting Manny and Gutt hundreds of feet high.

As the ice hunk they fight on slides toward the sea, Gutt lunges at Manny with his bone sword. Manny defends himself with his tusks and a spear held in his trunk. Gutt knocks the spear out of Manny's trunk and swings his sword at the mammoth, barely missing his eye. Manny tries to stomp on Gutt, but the pirate grabs his foot and pushes him off. Manny charges, but Gutt leaps up and swings from vines overhead. Jumping down, he kicks Manny to the edge of the ice mass. Manny eyes the nearing sea, then turns back to Gutt as the fiendish pirate grabs a heavy log to finish him off. But Manny jumps onto the very back of the ice, acting like a seesaw, catapulting Gutt upwards. Manny catches the log and smacks Gutt with it, sending the evil ape flying far away into the distance.

Sirens

Inside a cave, Gutt resurfaces and weakly flings his body over a small ice floe, watching as a number of fins swam past him. At that moment, something shining caught Gutt's eye: in front of him was a massive seashell where a female ape with flowing blonde hair lay amidst a bounty of fruits inside. The female ape called out to Gutt that they could rule the seas together and Gutt, smitten happily, swam closer to the female ape, reaching the seashell. When Gutt got close to the shell, he realized too late that the female ape was, in fact, a siren casting an image and seized his face, pulling him into the shell as it snapped shut, trapping the captain inside as more sirens swam towards them. All that could be heard of Gutt were shouts of pain as the siren devours him alive.

---

When I was finished everyone was shocked!

Eli: Oh man! That is awful! What he is doing was despicable!

Simone: He has absolutely no honor!

Nicole Chan: No he doesn't.

Maria: At least he only has his crew backing him up this time.

Me: Yep. And we're not going to let him come back again.

A roar was heard and then out came White Night Queen and White Night Dragon!

Me: WOW!

Allie Wilde: So awesome!

White Night Queen: Amazing to see you all here.

White Night Dragon: (Icelandic Accent) It sure is amazing.

Me: Whoa you're a White Night Dragon Gene-Slammer.

White Night Dragon: That's right. My name is Kristjana Vaðlaheiðarvegavinnuverkfærageymsluskúrslyklakippuhringurinn.

Me: Whoa! That's a long name and really hard to pronounce.

Syrus: And Lillith and Rosalinda have a hard to pronounce last name too.

White Night Queen: That is amazing and coincidental.

Me: It sure is. Lets go get Gutt.

We went to find him and we found him on a ship and we boarded it.

Maria: (tauntingly) Ahoy, Captain!

Captain Gutt: YOU WILL PAY FOR KILLING ME!

Me: We're going to destroy you for good!

Eli: And we'll make sure you are Extinct!

Captain Gutt: We'll see about that you pig!

Eli: Pig!?

Me: Uh oh!

Eli: Are you talking about me?

Me: He called him a pig!

Eli: Are you talking about me!?

Me: Shouldn't have done that!

Eli: ARE YOU TALKING ABOUT ME!?

Maria: Now he's in for it!

Eli: THEY CALL ME MR. PIG!

He charged and kicked Gutt in his face and smashed him into a palm tree and then…

BONK BONK BONK BONK! BONKBONKBONKBONKBONKBONK!

He got hit on the head with 10 Coconuts!

Patrick: (Offscreen) (LAUGHS) THAT GUY GOT HIT IN THE HEAD WITH 10 COCONUTS!

Maria: Time to walk the plank!

Me: Now we're going to smash you into pulp! Nice work though Eli.

Eli: Thanks bro.

White Night Dragon: That was funny though.

White Night Queen: Boy it sure was.

Me: Lets see him smell this!

I pointed my butt at Gutt's face and then…

FFFFFAAAAAAAAAAAAAAAAAAAAAAAAAAAAARRRRRRRRRRTTTTTT

I fired a blast of blue fire from my butt and burned Gutt all over the place.

Suddenly, Nemo's blue eyes turned neon blue, and she was surrounded by a white energy aura with angels and light surrounding her, and as she approached Captain Gutt, she left white energy, angels, and light with every step. Then, Nemo was surrounded by a massive vortex of white energy with light and angels surrounding it, there was an angel flying around the vortex, and in the vortex is a blue phoenix. Then, as the vortex faded, Nemo emerged, but she was changed forever.

(IMPERATRIX MUNDI PLAYS AT 1:45 TO 2:14)

Nemo grew to 6'0" in height, she had the body of a goddess, she had blue highlights on the bangs of her long white hair, she has neon blue eyes and a white energy aura with holy light and angels surrounding her, she has an angel with the Light Kanji in her hands emblazoned on her forehead, she has on angel earrings with the Light Kanji in her hands and a necklace with an angel holding the Light Kanji in her hands for the pendant, she has on a sleeveless white blouse with blue phoenix on it, white blouse with angels, blue pants, white high heels, she has large white angel wings with blue tips on the large white feathers, and a sleeveless long white trenchcoat with crosses and angels on the coattails, and on the back is an angel with crosses surrounding her. Nemo has her massive angelic sword in her hands, she has on her new Bracelets of The Champions of The Universe with blue gems on her wrists, Belt of Elemental Bravery with large blue gem for the belt buckle on her waist, and her Eater of Sins revolver holstered on her right hip. There's a blue kanji below the angel that said, "Nemo, Angel of Heaven, Loving Girlfriend and Future Wife of Hunter Drake Michaelson, Slayer of The Demons of Hell, Slayer of Evil, Defender of Heaven, and Master of Light and Angels."

ネモ、天国の天使、愛するガールフレンドとハンターの未来の妻ドレイクマイケルソン、地獄の悪魔の殺し屋、悪の殺し屋、天国の擁

護者、そして光と天使のマスター

Nemo has transformed into SUPER ANGEL 750,000,000,000 CELESTIAL DIVINE HEAVENLY ANGEL OF LOVE AND LIGHT!

We were amazed by Nemo's Super Angel 750,000,000,000 transformation, and when Hunter saw her, he had an atomic red blush on his face. But, when Captain Gutt saw it, he fell into a rage and tried to kill her, but Nemo fired a blast of light and hit him, and sent him into an ice wall.

SMASH!

Me: Awesome!

Hunter: Take that monster apart!

We blasted Gutt into oblivion and then I put on my blind man glasses and Eli, Hunter and Syrus and all the males covered their eyes and I snapped my fingers and Kristjana and Laura were reverting back.

Laura: (regains her hair) I hope you weren't bothered by the cold.

Kristjana: Not at all. I'm now completely immune to the cold.

They were back to normal and Maria gave them awesome new clothes.

Kristjana: Wow this dress is amazing.

Maria: Yep. It's perfect for you and also my friend Alexis Rhodes would love you because she has a White Night Dragon as one of her partners in her deck.

Kristjana: Wow that is awesome.

Me: Yep and she is pregnant and gonna give birth in a few days.

Kristjana: Wow! Congratulations to her.

Eli: We're very excited. She is due on Christmas Eve.

Me: And cue Kristjana in pain in 3… 2… 1…

Kristjana: (holds head in pain) At least I'm still immune to the cold!

Simone: Reign in the power of White Night Dragon with the strength of your will and you can use your powers in hot and cold.

Gina pele: Concentrate.

Kristjana did so and then she glowed in a neon aqua blue aura with snowflakes around it and she was fully engrafted.

Kristjana: That was amazing!

Me: Wow. Cold too. But awesome.

We went back home to the estate and told everyone about what happened and everyone was amazed.

After dealing with Captain Gutt this time for good, Lincoln, Me, Zarya Moonwolf, Nico, Eli, Nicole, The Green Lanterns, Bloom, and Beatrice Portinari were heading to the planet Oa, the home planet of the Green Lantern Corps, and not only is Lincoln going to rescue the eight girls there, but we had just got word from the Guardians of Oa that my old enemy, Doto Kazahana, has returned from the dead, and he wants revenge on me again for ruining his reign 150,000 years from now, and on me and Zarya Moonwolf for killing him in Drake City.

Lincoln: Whoa, we're on the planet Oa.

Me: That's right, big guy. This is where the Guardians watch over the sector, and keep a lookout for any threats to the universe.

Crash Bandicoot: And this wasn't our first time on Oa.

Lincoln: Yeah, I remember, Crash. Plus, I think I know what we're going to do here, not only am I going to rescue the eight girls there, but we got word from the Guardians of Oa that Doto Kazahana has returned from the dead again to seek revenge on you and Zarya for killing him, J.D.

Me: That cold-hearted tyrant just doesn't even know when to take a hint.

Nico: Same with Gisele Razor, and look at what happened to her yesterday.

Lincoln: Doto Kazahana is going to die for good this time, and we'll make sure he never comes back again for more.

?: HELP!

Suddenly, Lincoln heard the sound of eight girls calling out for help. With his deep sapphire blue cyborg eyes and superhuman sight, along with sensing energy signals, he saw and heard where the call for help was coming from. He saw the eight girls, but they've been cornered by Doto Kazahana, and he's going to kill them.

Lincoln: Guys, I found the eight girls, but they've been cornered by Doto Kazahana, and he's going to kill them. Let's get him.

We rushed on over, and Lincoln fired a powerful rainbow energy blast at Doto Kazahana, and it hit him in the back. When Doto Kazahana saw us, specifically me and Zarya, he was pissed off.

Me: You just don't even know when to quit, do you, Doto Kazahana, even after 150,000 years from now?

Doto Kazahana: As long as my hatred for you runs deep, I will never die! I will destroy you for ending my reign and killing me!

Beatrice Portinari: I will not allow you to get away with your crimes any longer.

Suddenly, blue eyes turned neon blue, and she was surrounded by a white energy aura with angels and light surrounding her, and as she approached Doto Kazahana, she left white energy, angels, and light with every step. Then, Beatrice Portinari was surrounded by a massive vortex of white energy with light and angels surrounding it and the choir of angels singing, there was an angel flying around the vortex, and in the vortex is a gold phoenix. Then, as the vortex faded, Beatrice Portinari emerged, but she was changed forever.

Beatrice Portinari grew to 6'0" in height, she had the body of a goddess, she had gold highlights on the bangs of her long blonde hair, she has neon blue eyes and a white energy aura with holy light and angels surrounding her, she has an angel with the Light Kanji in her hands emblazoned on her forehead, she has on angel earrings with the Light Kanji in her hands and a necklace with an angel holding the Light Kanji in her hands for the pendant, she has on a sleeveless white blouse with gold phoenix on it, white blouse with angels, white high heels, she has large white angel wings with gold tips on the large white feathers, and a sleeveless long white trenchcoat with crosses and angels on the coattails, and on the back is an angel with crosses surrounding her. Beatrice Portinari has her massive angelic sword in her hands, she has on her new Bracelets of The Champions of The Universe with gold gems on her wrists, Belt of Elemental Bravery with large gold gem for the belt buckle on her waist, and her Eater of Sins revolver holstered on her right hip. There's a gold kanji below the angel that said, "Beatrice Portinari, Loving Wife of Dante Alighieri and Older Sister of Francesco, Destroyer of Lucifer and The Demons of Hell, Defender of Christianity, Slayer of Evil, Warrior Angel of The Catholic Church, and Master of Light and Angels."

ベアトリーチェ・ポルティナリ、ダンテ・アリギエーリの愛する妻とフランチェスコの姉、ルシファーと地獄の悪魔の破壊者、キリスト教の擁護者、悪の殺し屋、カトリック教会の戦士の天使、そして光と天使のマスター

Beatrice Portinari has transformed SUPER ANGEL 750,000,000,000 HEAVENLY DIVINE ANGEL OF RIGHTEOUS LOVE AND LIGHT!

We were amazed by Beatrice Portinari's Super Angel 750,000,000,000 transformation, but when Doto Kazahana saw it, he fell into a rage and tried to kill Beatrice, but she fired a blast of light, which hits Doto and it burned him badly.

Beatrice Portinari: (Divine Echoing Cosmic Voice of Angelic Light and Divine Love) **I will not allow a monster like you to live any longer, Doto Kazahana. You shall pay for your crimes with your life.**

Lincoln: My thoughts exactly, Beatrice. Everyone, let's end this tyrant once and for all.

We unholstered our massive swords from our backs and transformed, and we went at Doto Kazahana and we fired powerful blasts of rainbow energy, light, elemental forces, magic, and energy constructs from our Lantern Corps rings, and they exploded with incredible power as soon as they hit Doto Kazahana. Then, Lincoln formed eleven massive Rasenshurikens made of ice with ice dragons flying around the icy cores on his eleven long and massive blue wolf tails, and he threw them, and as they hit Doto Kazahana, they exploded with incredible power, killing him and Super Hakaing his spirit for good. We cheered as we holster our massive swords on our backs and power down, and Beatrice's new body, clothes, weapons, jewelry, and angel wings were permanent.

Then, Lincoln and Nicole went up to the eight girls located on Oa, and when Lincoln saw them, he recognized them immediately. The eight girls were Akari Acura, Chaika Trabant, Claudia Dodge, Dominica Škoda, Julia, Karen Bombardier, Viivi Holopainen, and Zita Brusasco from Chaika the Coffin Princess.

Lincoln: Oh wow, it's Akari Acura, Chaika Trabant, Claudia Dodge, Dominica Škoda, Julia, Karen Bombardier, Viivi Holopainen, and Zita Brusasco.

Nicole: From Chaika the Coffin Princess, awesome.

Lincoln: Are you girls okay?

Akari Acura: Yes, we're okay, thanks to you.

Then, when Akari Acura and the other seven girls saw who it was that saved them from Doto Kazahana, their faces turned atomic red upon seeing the 16-year-old 7'0" tall, handsome, white-haired, bare-chested hunk with abnormally massive and powerful upper and lower body muscles, eight-pack abs, rainbow colored thunderbird with a gold lightning bolt emblazoned on his forehead, a golden lightning bolt cutie mark with the thunderbird and comic books right on his massive and wide right pec and it was surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature, Light, and

Darkness in a circle, a Celtic Cross cutie mark tattoo in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon, surrounded by a circle were the marks of the other girls in Lincoln's harem, and on top is the Earth surrounded by the ring of mermaids on top, a deep sapphire blue kanji on his wider muscular back that said, "Lincoln Landon Loud, Champion and Emissary of Hinon, Master of Lightning Storms, The Weather, and the Thirteen Elemental Forces, Man With A Plan, Golden-Hearted Brother of 16 Siblings, and Golden-Hearted Lover, Father, Son, and Husband", and he had deep sapphire blue eyes.

He had his massive Sword of Taranis holstered on his wider and muscular back, his orange Crystal Saber holstered on his left hip and his Eater of Sins revolver holstered on his right hip, the Pisces constellation and Aquarius Zodiac sign on the back of his neck, large weighted orange bands on his massive biceps and thighs, his large Cuff Bracelets of The Champions of the Universe with large orange gems on his large wrists, massive and indestructible deep blue angel wings surging with powerful super lightning and the stars and blue nebulae reflecting on them, and he was dressed in an orange version of He Man 2002's loincloth with hanging silver lightning bolts and long orange trenchcoat coattails with hanging silver lightning bolts held up by his Belt of Elemental Bravery with large orange gem for the belt buckle on his waist, a pair of large blue pants with gold lightning bolts on the thighs, and large white leather combat boots with gold lightning bolts surrounded by a circle of smaller gold lightning bolts and armor on the toe area, silver Thunder Kanji earrings, a large silver Thunder Kanji necklace on his neck and across his permanently bare chest, large fingerless black gloves with the symbol of The Loud House on it, a large Orange Buffalo Animal Spirit Ring on his left ring finger, large Blue Lantern ring on his right ring finger, and he had eight large orange orbs orbiting around his legs.

Akari Acura: Oh wow, you're Lincoln Loud of Team Loud Phoenix Storm.

Lincoln: That's right, and it's a pleasure to meet you all.

Then, Lincoln made seven clones of himself, and he and the seven clones of himself went up to the girls, and they picked them up and hugged them in their abnormally massive and powerful muscular arms, and kissed them on the lips, which they returned with equally intense passion, as they wrap their arms around the necks of Lincoln and his clones, as we cheered over the scene.

Akari Acura: (Seductively and rubs her right hand on Lincoln's massive and wide right pec) You too, big, tall, muscular, and handsome.

We returned home to the Estate, and we showed everyone what went down on the planet Oa, and when we showed everyone what Lincoln did to Doto Kazahana, they cheered wildly and they hugged them, and the girls in Lincoln's harem piled on him and they kissed him all over his body and he had a lovestruck look on his face. Finally, Doto Kazahana has been silenced forever, and he'll never return from the dead again to take revenge.

---

After dealing with Doto Kazahana this time for good, we were training intensely in the gym doing 100,000,000 reps of crunches, wing push-ups and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 9,000-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds. Then, we got a shower afterwards.

Suddenly, a bright light had engulfed the Estate and we covered our eyes. Then, the bright lights have faded and we uncovered our eyes. But, we also checked out on the computer, and we saw that the world of One Punch Man, the world that Tatsumaki, one of Lincoln's future wives, has merged with ours.

Lincoln: Wow, Tatsumaki, your world has merged with ours.

Tatsumaki: That's incredible. Plus, you're going to like meeting my fellow heroes, Linky.

Lincoln: That's right.

Me: Plus, we also got word that Beast King is causing havoc in the city, and he's fighting Saitama and Dr. Genus.

Tatsumaki: What, Beast King's back?! We've got to take him down.

Lincoln: Right, let's go.

We head out to the city of Tokyo, and we saw Saitama fighting Beast King while defending Dr. Genus. Suddenly, a storm appeared out of nowhere, and the spirits of comic book heroes and villains appear out of nowhere, along with the elemental forces. Then, the screech of a Thunderbird and the cry of a phoenix was heard, and in a massive explosion with lightning bolts striking down from the Heavens, we appeared.

Saitama: Team Loud Phoenix Storm?

Lincoln: That's right, Saitama, and it's a pleasure to meet you and Dr. Genus.

Saitama: You too, Lincoln.

Tatsumaki: And it's good to see you again, Saitama. (To Beast King) And I should've known that you would show up, Beast King.

Beast King: Yes, but soon, I shall kill both Dr. Genus, you and Saitama, along with all of Team Loud Phoenix Storm in the process.

Lincoln: Don't even try it, Beast King. Your rampage ends here and now.

Lincoln unholstered his massive Sword of Taranis from his wider and muscular back and transformed into Super Angel-Ebonwu Infinity Elemental Thundersnow Buffalo Angel of Frozen Lightning Justice, and Tatsumaki unholstered her massive Sword of the Sylphs from her back and she transformed into Super Angel 750,000,000,000 Hurricane Psychic Windstorm Sylph Angel of Love and Justice.

Saitama: Incredible, so Tatsumaki achieved a Super Angel 750,000,000,000 form.

Me: Yep, and it was against the genocidal misanthropic God-Wannabe, H.P. Clancy, in Iowa.

Dr. Genus: I'd heard about Clancy's crimes long ago, but I'm glad Tatsumaki and Lincoln made sure he paid the price for his crimes.

Lincoln and Tatsumaki went after Beast King, who tried to get them with his claws, but they dodged them, and they fired a barrage of powerful blasts of rainbow energy, emerald green energy, elemental forces, wind gusts, and psychic blasts, and they hit Beast King, and exploded with incredible power. But, then, Beast King transformed, as he became much larger and his strength was greatly amplified.

However, Lincoln fired powerful chains made of indestructible rainbow energy, and he'd bound Beast King on his wrists and ankles. Then, Lincoln sprouted out his eleven massive and long deep blue wolf tails with stingers, and he stabs them into Beast King's arms, legs, chest, stomach, and back, and he began sucking out Beast King's muscle mass and absorbing Beast King's powers and abilities, and he and the rest of us were making them our own. Suddenly, Beast King was starting to shrivel up, as he felt his powers and abilities being sucked out of him, and when Lincoln was done, Beast King was now a mummified husk, and with one slash from his massive Sword of Taranis, Lincoln slays Beast King, as he exploded in a purple flame and his spirit was Super Hakaied for good. We cheered for Lincoln and Tatsumaki, as they holstered their massive blades on their backs and power down.

Then, Lincoln picked Tatsumaki up in his abnormally massive and powerful muscular arms, and as they locked eyes, Lincoln and Tatsumaki kissed, and right behind them was a tornado with a Sylph and a Thunderbird flying around the vortex, and we had tears and a smile on our faces.

Saitama: I'm proud of both Tatsumaki and Lincoln.

Me: Same here, Saitama, and they'll be getting married in the future.

Nico: And I have a feeling that the wedding is going to be an amazing one.

We went back home to the Estate, and we've now welcomed Saitama into the team, and Dr. Genus was put under our protection, but this is only the beginning because we also have Saitama's enemies to deal with, but we'll be ready for them.

Later it was time for Piper's first ambassador mission and she was going to visit the Digital World to meet Nene's friends the Fusion Fighters.

Nico: Piper, it's obvious that this time, death will be involved in your Ambassador missions. But can you at least make sure that some Digimon can be recruited into the Masters of Evil?

Piper: I'll try to find some good recruits.

Nene: You will love my friends Mikey, Jeremy, Angie and Christopher.

Me: I can't wait to meet them Nene. I heard they are always in constant battle with the Bagra Army.

Nico: This is gonna be awesome.

Me: Yep.

Eli: Wow. This is gonna be cool.

Me: Yep.

Piper: Lets head out.

We opened a portal and it lead into the Digital World.

We arrived in the Digital World.

Mikey Kudo: I haven't seen you before. Are you a new Digidestined?

Piper: Actually I am here on a diplomatic mission for you all. My name is Piper Willowbrook and I'm one of the Mysticons of the planet Gemina and I'm also part of Team Loud Phoenix Storm.

Mikey Kudo: Oh wow! It's awesome to meet you.

Me: And I came with her.

Angie: Awesome! J.D. Knudson, Leader of Team Loud Phoenix Storm!

Jeremy: It's an honor to meet you.

Christopher: We heard so much about all your adventures. What happened to Nene.

Nene: I'm right here.

Mikey Kudo: Nene you're okay!

Me: She was in really good hands. We found her over at Yokai Academy and me and my team were looking out for her.

Mikey Kudo: Awesome! Thank you so much J.D.

Me: Anytime.

Piper: But it's awesome to meet you all.

Shoutmon: Same here.

Me: Also I am a Digidestined myself.

I showed my Digivice.

Mikey Kudo: Cool!

Nene: Awesome that you all are okay.

Mikey Kudo: Don't scare us like that again! We were worried sick about you!

Christopher: We even had the police in the human world look all over for you.

Angie: (glares at Jeremy) And meanwhile, someone was spending his free time watching Breaking Bad!

Jeremy: Oh, come on! That's a good TV show!

Angie: Yeah! For fucking drug dealers!

Me: Now now that's enough! Lets not make a scene on Piper's first Ambassador mission. Besides Nene was in good hands the entire time.

Angie: Oh sorry.

Me: Besides. We also came to help you guys out by narrowing down the forces of the Bagra Army little by little.

Piper: Yep we're going to destroy some of them and also find recruits for our frenemies in the Masters of Evil.

Mikey Kudo: Wow!

Me: Yep. And we also found a potential recruit already.

We saw a Mega Level Bird Digimon and it was ORNISMON!

* * *

Ornismon is the secondary antagonist in the movie Digimon Frontier, and a minor villain in the manga version of Digimon Xros Wars.

He was summoned by Darcmon to destroy the Digimon inhabitat. Kotemon sacrificed himself to be killed by Ornismon in order to summon AncientGreymon and AncientGarurumon. Ornismon, in the end, was destroyed by the combined efforts of AncientGreymon and AncientGarurumon.

* * *

Nene: Ornismon! Good idea.

Me: Takuya and Koji told me all about him and how he was only a pawn in Murmukusmon's plans to take over the Digital World.

Nene: That's right.

Me: Yeah. Also who are you guys all facing right now?

Mikey Kudo: We're about to face him!

He pointed out to sea and we saw NEPTUNEMON!

---

Neptunemon first appeared when an injured Gizamon told him the news that the Digidestined appeared. He and his Mantaraymon army set off to search for the intruders. Neptunemon kidnapped Archleomon and forced him to tell him where the Code Crown is. Neptunemon then summoned an army of Seadramon to take care of the Digidestined.

When the water became ice, Neptunemon and the Fusion Fighters came face-to-face and rescued Archleomon. When Shoutmon, Ballistamon, Dorulumon, and Starmons became Shoutmon X4, Neptunemon fought and attacked with his Vortex Penetrate, which the spear has a mind of its own. Shoutmon X4 tricked Neptunemon by luring his own spear at him and got killed by Shoutmon X4 using his own weapon against him.

With his dying breath, Neptunemon used his Wave of Depth to wipe out the Digidestined (before being rescued by KingWhamon), and after that he was destroyed. When the Fusion Fighters obtain the last unclaimed Code Crown fragment, Neptunemon is revived and purified.

---

Me: Neptunemon! He's one of the Olympos XII Digimon.

Nene: Whoa. And we know a Venusmon Gene-Slammer.

Me: Yep. Lets go get him.

I then had Zhuqiaomon merge with me and I donned my Sovereign of the South Armor.

The Fusion Fighters were amazed and in awe.

Everyone then boarded Neptunemon's aircraft carrier.

Mikey Kudo: Sorry to barge in. But we couldn't wait to spoil your fun.

Neptunemon: That's the last mistake you'll ever make. (to Nene) I see you're back, Ms. Amano. I was afraid you were gone forever. Which meant I wouldn't have had the chance to feel your neck snap in my hands.

Jeremy: You wanna say something, buddy? (gives Neptunemon the middle finger) Speak into the mic, b***!

Angie: (facepalms) We're dead.

Neptunemon: Finally! We agree on something! Vortex Infiltrate!

He fired his sentient spear and then suddenly I swooped in wearing my Zhuqiaomon Armor and sword and then I slashed the spear and destroyed it.

Me: Nice try fishface!

Neptunemon: Who are you?

I revealed my face.

Neptunemon: (GASPS) It can't be! You're J.D. Knudson!

Me: That's right and now you are going to be food for the sharks!

I flew at him and then…

SLASH!

I cleaved him in half and his data disintegrated in an instant!

Me: That was too easy.

Jeremy: Wow! You took down a Mega Level Digimon like he was nothing!

Me: When Humans and Digimon work together as one they are a truly unstoppable and powerful force to be reckoned with.

Shoutmon: That was amazing!

Nene: I learned some amazing new things about Digimon with J.D. and it is awesome.

Piper: Yep.

Divermon all appeared.

Piper: I got this! PHOENIX TAKE FLIGHT!

She fired a blast of fire and it formed into a phoenix and then it incinerated the Divermon in an instant!

Mikey Kudo: WHOA!

Christopher: That was awesome!

MailBirdramon: It sure was.

Piper: Now, there has to be a self destruct button somewhere.

Jeremy: I think it's right here.

Jeremy pressed a red button.

Me: Lets get out of here guys!

We flew back to KingWhamon and got out of there just in time as the Aircraft Carrier of Neptunemon exploded!

KRABBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Nene: Wow!

Christopher: That was intense!

Mikey Kudo: One member of the Bagra Army down and who knows how many to go.

Me: But we'll be ready for them.

Piper: We sure will.

Me: This was so awesome though. But I think I found another recruit for our frenemies in the M.O.E. and that is Neptunemon when he is reconfigured and reformed.

Piper: Good idea.

Mikey Kudo: Wow.

We later went back and told everyone everything that happened.

Nico: Whoa! That is awesome!

May: So, who should go with you next time?

Piper: I was thinking about having Zarya go with us next time.

Zarya: That's an awesome idea.

Me: I think that would be cool. We took down Neptunemon in the Island Zone. I was given this list on which of the Bagra Army to take down. Next up is the Forest Zone and we're gonna be going after MadLeomon next.

Nico: Whoa!

Jeri Katou: May I go with you too J.D.?

Me: Sure Jeri.

Nene: This is going to be awesome.

Me: It sure will be awesome.

Later, Marie and I were talking about how we should tell Sunset Shimmer about what happened to her because of Grogar.

Marie: Dammit, J.D.! How are we going to break the news to Sunset about what really caused her to become evil?

Sunset Shimmer: (walks by) Hey, Marie!

Marie: (smiles at her) Hey, Sunset! (Sunset walks away) If we don't break it to her gently, it'll traumatize her!

Me: I know. Just leave this to me Marie.

I had Sunset Shimmer sitting on the sofa with Princess Celestia and Princess Luna and Twilight Sparkle and the Princesses of Equestria gathered.

Me: Now the reason I have you all gathered here is because I have had a dream about what happened with Sunset and it's how she turned evil.

Sunset Shimmer: What do you mean J.D.?

Me: I know this is gonna be a big shock for you Sunset.

Rainbow Dash: What happened?

Me: (Sighs) Sunset you were forced to become evil because you were poisoned by the very evil essence of Grogar.

Everyone gasped in shocked!

Nico: Oh man! How did you find this out?

Me: I had a dream about how it all happened last night.

Sunset Shimmer was shocked.

Curly: Hey, guys!

Larry: Just want to ask where you guys keep M&Ms. We keep forgetting.

Moe: (sees Sunset's face) She found out, didn't she?

Me: Yeah she did. But she did all that against her will because of Grogar.

Curly: Oh man.

Sunset Shimmer: Oh what have I done? WHAT HAVE I DONE!? (CRYING HARD!)

Twilight Sparkle and Princess Celestia comforted her.

Princess Celestia: Sunset we had no idea.

Twilight Sparkle: Sunset it wasn't your fault.

Lincoln: Yeah Sunset this was not your fault to begin with. It was Grogar. He made you that way.

Sunburst: Yeah Sunset you are a great girl and you have done so much good for everyone.

Sunset Shimmer: (CRYING HARD) But I did so many evil things!

Nico: Sunset it was not your fault.

Me: You became a great member of the Rainbooms and did so much amazing good for all of Equestria and you redeemed yourself.

Moe: Yeah you did a lot of good.

Curly: More than Moe when he gives us a hard time. Nyuk nyuk nyuk nyuk.

BOOF POINK BONK!

Moe boofed Curly on his stomach, poked his eyes and bonked him on the head!

Moe: What's a matter with you?

Blot: Wait. You three keep doing funny things. It might make her laugh!

Moe: Right.

Curly: Hey Moe!

He kissed Moe full on the mouth!

Moe: (Spits) I'm poisoned!

SLAP SLAP! SLAP SLAP! HONK HONK! BOOF POINK BONK!

He double slapped Curly twice, honked his nose twice, boofed Curly in his stomach and poked his eyes and bonked him on the head!

Me: Try this one.

BLANG!

I bonked Moe on the head with a hammer!

Moe: OW! I'LL MOIDER YOU!

POW! BONK BONK BONK BONK BONK BONK BONK!

He punched me in the face and put me in a headlock and bonked me on the head 7 times!

Sunset was then laughing hysterically!

Groove: Feel better now?

Sunset Shimmer: I sure am. And guys I am so sorry I did all that.

Princess Celestia: Oh it's all right Sunset. But you are free of Grogar now.

Me: And you don't have to worry about him ever again. Remember I destroyed him.

Nico: Right you destroyed him forever and banished him to the Warp.

Eli: That's right bro! You did do that.

Me: Yep. (To the Three Stooges) And great job guys. That was just as funny as when you did all that during the war.

Varie: Yeah it never gets old even after over 75 years.

Moe: Thanks guys.

Larry: It sure was funny and better J.D. than me or Curly.

Me: Yeah. That was funny though.

Sunset Shimmer: That was funny.

Me: Yep. Anyway it's time to get ready for our next mission. Uh Moe you can let go of my head now.

Moe: Oh sorry.

He let me go.

Overbite: I think you know it's your turn to lead today.

Me: Yes I do know Overbite. But the next mission we're going to have is another race.

Eli: Where is it at this time?

Me: You guys are gonna have to bundle up for this one because the next race is gonna be on the planet Hoth.

Everyone gasped!

Nico: Whoa we're going on a cold race this time!

Me: Yep.

Lola: But doesn't it get really cold there?

Me: Yep. At -77.9˚ Fahrenheit.

Kate Lloyd: Just like Antarctica!

Nico: Whoa! We haven't done a race through the ice and cold in a long time since Iceland.

Me: It sure has been a while since then huh?

Whiteout, Ghost, Red Ghost, Technus, Tala, Stinky Butt, Diabolico, Evil Star, Riddler and Cluemaster then appeared.

Red Ghost: Can me, Whiteout, Ghost, Technus, Tala, Stinky Butt, Diabolico, Evil Star, Riddler and Cluemaster go with you guys?

Me: Yes you all sure can.

Diabolico: The next race is on Planet Hoth this time?

Me: Yep it sure is. So bundle up because it's gonna be brutally cold there.

Evil Star: Oh man. This is gonna be awesome.

Me: Yep. Lets head to the garage and get our new snowflyers.

We went to the garage.

Lincoln: Alright, we should bundle up. Luckily, I came prepared.

Lincoln then snapped his fingers, and the 16-year-old 7'0", white-haired, handsome, and extremely muscular teen was dressed in a large orange long sleeved sweater, large red scarf, large blue long pants, large black winter boots, and large orange winter coat, along with his large weighted orange bands on his massive biceps and thighs, his jewelry, and eight large orange orbs orbiting around his legs, and he had his weapons holstered.

The rest of us snapped our fingers, and we were dressed in long sleeved sweaters, scarves, long pants, winter boots, and winter coats in our favorite colors, along with the massive weighted bands on our biceps and thighs, jewelry, and eight large colored orbs orbiting around our legs, and we had our weapons holstered.

Lana: And I've got a surprise for you guys in the garage. Follow me.

We went down to the garage, and we saw Lana press a button, and we saw the tires on our cars transform into tires perfect for the snow.

Me: Whoa, that's awesome.

Nico: And it's perfect since we're going to be racing around the icy cold planet Hoth. Nice work, Lana.

Lana: Thanks, Nico, and Lincoln also helped out, as well.

Lincoln: Yeah, I outfitted the tires, and I also changed the oil in our cars, and I did get some oil and grease on me.

Lori: (Giggles) Looks like we've got two grease monkeys in our family.

Lola Loud: (Giggles) I hope none of the girls in your harem were watching you when you were helping Lana change the oil in our cars, Linky.

Mollie: Uh… , I'm afraid you were a little late to say that, Lola. We saw Linky working in the garage, and when we saw him covered in oil and sweat, our faces had an atomic red blush.

Girl Jordan: Yeah, and our eyes turned into hearts and steam came whistling out of our ears when we saw your brother. But, of course, he went to get a shower after that to get the grease and sweat off of him.

Paige: But, can you blame us, though? Your brother, in those five short years, has gone from a cute 11-year-old kid into a 16-year-old, 7'0" tall, handsome, and extremely muscular young man, and any potential future wife who sees him goes crazy.

We had a bit of a laugh.

Nico: Yeah, we can't argue with you girls on that one.

Tempest Shadow: So, Mikey's friend Jeremy likes watching Breaking Bad.

Piper Willowbrook: Well, recently, he's been watching it.

Me: I think that's really cool.

We were going to be in for a REALLY COLD RACE.

Eli: I remember that the planet Hoth is where the Battle of Hoth took place.

Maria: Boy I remember seeing that on Star Wars V and that was epic and awesome.

Nico: Boy it sure was.

Kristjana: This is gonna be amazing to see.

Alexis came and her belly was really big.

Alexis: Hey guys.

Me: Hey Alexis. How are you feeling?

Alexis: Getting really heavy. Just wanted to tell you guys to have fun.

Me: Oh we will.

Jaden: I'm excited for you guys.

Me: Me too Jaden. You are doing a great job looking after Alexis while she is on Maternal Leave.

Jaden: Thanks man.

Jesse Anderson: It must be great for you to be a father.

Jaden: It sure is and I can't wait.

Me: You'll love it man. We'll see you soon. The race this time is on the planet Hoth.

Alexis: All the way on that cold planet? That is gonna be intense.

Me: Yep.

We got on our Snowflyers and we were off to Hoth.

Riddler: (to Nene) Riddle me this: Which one of us should help take out MadLeomon?

Nene: That's a good question. MetalSeadramon can help out next since he is a Digimon.

Riddler: Ooh good idea.

Me: We're here guys.

We arrived at the Planet Hoth.

Nico: Whoa! The planet Hoth.

Eli: This is gonna be so awesome.

Maria: Wow! From space it looks like a giant ball of snow.

Carol: Boy it sure is.

We landed and got out and we were in front of the abandoned Rebel Alliance Echo Base.

Me: Wow the Abandoned Echo Base.

Luke Skywalker: I remember this place all too well.

Volcana: Boy looks like no one has been here for years.

Whiteout: And look there.

We saw the wrecks of destroyed AT-AT Walkers and wrecked Snowspeeders.

Nico: Whoa what a battle.

Air Man: Man, these vehicles have seen better days.

Me: Boy no kidding. But that was an intense battle and the Empire REALLY hit the Rebel Alliance here hard.

Laney: After those probe droids found them.

Lana: Yeah no kidding.

Lola: And those AT-AT Walkers packed a big time wallop.

Me: They sure did. Maybe we can salvage the downed walkers and repair them for use by us.

Nico: Not a bad idea.

Eli: Lets get to work and salvage them.

We walked around and salvaged them and loaded them onto the ship. We also saw downed Hoth Evacuation Crafts, Imperial Star Destroyers and more.

We got them on board for use.

Me: Now the path is cleared. Lets head into the base and walk around.

Nico: Good idea.

Han: You'll see what it's like.

Ghost: (to Luke) Hey, Luke. You think that snow monster you encountered before just wanted to ask you to a snow monster ball?

We laughed at Ghost's joke.

Luke: That was a good one but no.

Me: I think she means that she is wondering if the Whompa is going to have you go to a Snow Monster Ball.

Luke: No.

Me: Good. Whompa's are very dangerous creatures here on Hoth.

We were inside the Echo Base and it was really torn up and broken.

Me: Whoa. Looks like no one has been in here for a long time.

Nico: Wow. What a dump.

Han: But it was a perfect hiding place from the Empire.

Me: Or so it seemed.

Catzi: It's obvious that the Empire really messed this place up.

Me: That is a total understatement.

We saw old Snowtroopers on the ground that were dead and I pulled off a helmet and it was nothing but a skeleton!

Me: WHOA!

Lucy Loud: Gasp! He sure has been here for a while.

Me: No kidding.

Laney: Wow look at these. Some of these snowspeeders in here are still intact.

Lana: Wow.

Diabolico: That's amazing that they are like this after all these years.

Sunset Shimmer: No kidding.

Rainbow Dash: How much time do we have for the race?

Me: Well we got here long before everyone else so we have 5 hours.

Nico: Wow we're really early.

Me: Yep.

Technus: With my powers, repairing these vehicles will be easy!

Me: Good idea Technus.

Cyborg: I think so too.

Me: While we're doing that we might as well have some lunch before the big race. And I know the perfect lunch for us too.

Nico: What is it?

Me: Tomato Soup, Grilled Cheese Sandwiches, Hot Cocoa and Chicken Noodle Soup.

Nico: Now you're talking! Perfect for a cold place like this.

Eli: Awesome.

Bowser: How about I use my fire breath to heat things up too?

Me: Good idea. Spike, Spyro, Volcana, Lola and the Fire users can help you too. Luckily I brought this for all of us.

I pulled out a big capsule and went outside.

Me: Watch this.

I pressed the button on it and threw the capsule and then…

BBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOMM

It exploded and then a massive mansion as big as our house from before popped out.

Nico: AWESOME!

Eli: That was cool!

Applejack: YEEHAW! That was amazing. Now we can warm up before the big race.

Me: Yep.

We went into the mansion and got ready and we got the heater on and Mary got to making the Tomato Soup, Grilled Cheese Sandwiches, Hot Cocoa and Chicken Noodle Soup.

William: (sees a snowman from far away) Hey, look. A snowman.

Cluemaster: (Suspicious) Keep an eye on it. Something about it doesn't seem right.

Eli: I got a bad feeling about this.

Qin: Yeah it sure looks familiar.

Mary Knudson: Lunch!

We got to eating.

Me: Oh boy.

Nico: This looks awesome.

We got to eating and then we were full 45 minutes later.

Alice Gehabach: It looks like it's time for the race to start!

Hydranoid: I think I'll stay in my ball form for this.

Me: Good idea. We're all warmed up and ready for a good race.

Nico: Yep.

We went back to the base and I put the portable mansion away in its capsule and we got in our snowflyers.

Me: Awesome. Everyone made it.

Nico: They sure did.

Billy Natson then came.

Billy Natson: AND Welcome to another awesome day in racing history. Hello everyone, I'm Billy Natson and we have a really amazing treat for you all today. We're on the famous planet Hoth where the Battle of Hoth took place and we're going to have a great race around the very cold planet. WOW! Bundle up folks because this is gonna be cold! With us we have our very own Team Loud Phoenix Storm and their amazing frenemies The Masters of Evil and this is gonna be awesome. You all ready for a great race?

Me: You bet we are Billy! For Winter Solstice this is gonna be awesome!

Billy Natson: Love that spirit! Lets do it!

Krysta got the green flag ready.

Krysta: RACERS TAKE YOUR MARKS!

We were ready.

Krysta: GET SET!

It was time to burn the snow!

Krysta: (Waves the green flag) REV UP AND GOOOOOOOOOO!

We zoomed out of the base and down the snow!

Billy Natson: AND THEY'RE OFF!

We were racing fast.

Stinky Butt: Eat my stinky dust!

FFFFFFAAAAAAAAAAAAAAAAAAAAAAARRRRRRTTTTT!

Me: Oh no you don't stinky face!

I zoomed passed him!

Gemini Man: I've got a trick or two in this race!

Me: You mean like this one? Berry blasters!

I had Berry Blasters ready to fire.

Me: Watch this Timon, Pumbaa!

I fired and they hit Gemini Man.

SPLAT!

Timon: OOHOO! That's gonna stain!

SPLAT!

Gemini Man: OOH! AHH!

Pumbaa: Nice one J.D.!

Me: Thanks.

Eli: We got company!

Numerous flying mini snowmen came at us!

Me: Time for a battle!

Evil Star: Fuck! Is that the snowman William and Clluemaster saw earlier?!

William: No this snowman was bigger!

Me: Well we still can fight these. Lets get them! Coconut Shooters! FIRE!

I pressed 2 buttons and fired a bunch of coconuts and they hit a bunch of Mini-Snowmen.

BONK BONK BONK BONK BONK!

They hit them on their heads.

Patrick: HAHAHAHAHA! Those guys got hit in the head with a bunch of coconuts!

Laney: Lets see how they like chili peppers! (ECHOING) CHILI PEPPER PUMMEL!

She used RedVegiemon's Powers and fired a wave of chili peppers from her hands and they hit the Snowmen and melted them in intense flames.

Thorn: Qin, do you recognize these snow fuckers?!

Qin: No but they do remind me of a bigger snowman.

Me: You mean like him!?

We saw THE HEADLESS SNOWMAN!

Shaggy: ZOINKS! IT'S THE HEADLESS SNOWMAN!

Qin: He was really Professor William Fagan Higginson. His great grandfather was robbed of all his gold by an outlaw named Blackjack Brody and he was smashing chimneys to find it.

Nico: Whoa!

Qin: Yep. He didn't go to jail because the people understood that the gold belonged to his family.

Diabolico: So this must be the real deal! Higginson would never attack us!

Me: Yep. Lets get him. Entrance time!

We flew at him.

The headless snowman roared and then the planets made of the elemental forces of nature swirled around him and they fired blasts of fire and burned him all over and then they went into the sky behind him and converged and then…

KRABBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion went off behind him and a phoenix cry was heard and we came out.

Me: Time to thaw you out!

Krankenstein: MONSTER SMASH SNOW!

SMASH SMASH SMASH SMASH!

Krankenstein smashed the Headless Snowman all over.

Tala: Let's take out his goons too!

Me: You read my mind! MATCHHEAD MISSILES FIRE!

I pressed 4 buttons and fired 4 Matchhead missiles and they lit on fire and smashed into the Mini-Snowmen and melted them.

Troy: Let's kick things up a notch!

Me: You sound like Emeril Lagasse, Troy.

Troy: Yeah I sure do.

Megaforce Rangers: LEGENDARY RANGER MODE! NOVA FLASHTEAM!

The Megaforce Rangers turned into the Flashman Rangers!

We blasted and smashed the Headless Snowman all over the place.

Maxxor and Ninren blasted and smashed the Headless Snowman all over.

Marie, Blot, Groove and the Three Stooges used the Earth Cyber Planet Keys and they enhanced Marie and the Three Stooges powers, Blot's Strength and Groove's Photon Pistol 100-fold.

Marie and Blot: SMASHING PULVERIZER BOULDER!

Groove and 3 Stooges: COMEDY PHOTON MEGABLAST!

KRABBBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Magma Man: Bye bye, Frosty!

Me: Fire Users fire!

They fired a massive blast of fire and melted the Headless Snowman into nothing.

Me: Take that snow boy!

?: I will make you all pay for what you did to Lord Zarkon!

Suddenly, the eight large planets and stars orbing around my legs, the eight large orange orbs orbiting around Lincoln, Linka, and Duke Lincoln's legs, the eight large dark blue orbs orbiting around Ed Cowart's legs, the eight large crimson red orbs orbiting around Naruto's legs, the eight large black orbs with the Eye of Horus orbiting around Cody (OC)'s legs, the eight large pink orbs orbiting around Lola and Lexx Loud's and Steven Universe's legs, the eight large green orbs orbiting around Lynn Sr.'s legs, the eight emerald green orbs orbiting around Yakko Warner's legs, the eight large sapphire blue orbs orbiting around Wakko Warner's legs, the eight large hot pink orbs orbiting around Dot Warner's legs, the eight large marine blue orbs orbiting around Liam and Leif Loud's legs, the eight large scarlet red orbs orbiting around Lynn Loud and Lynn Jr.'s legs, the eight coral red orbs orbiting around Timon's legs, the eight large blue orbs orbiting around Lori and Loki Loud's legs, the eight large sea-foam green orbs orbiting around Leni and Loni Loud's legs, the eight large yellow orbs orbiting around Luan and Lane Loud's legs, the eight large brown orbs orbiting around Laney and Larry Loud's legs, the eight large light green orbs orbiting around Lisa and Levi Loud's legs, the eight large lavender orbs orbiting around Lily and Leon Loud's legs, the eight large colored orbs orbiting around Bobby Santiago and Nico's legs, and the eight large purple orbs orbiting around Luke Loud's legs and Menat's legs were glowing, and that means big trouble was coming.

Princess Allura (Voltron: Legendary Defender): Oh no, I was hoping never to hear that voice ever again. You can come out now, Sendak.

A figure came out, and it was none other than Sendak, the loyal first in command of Zarkon, and another enemy of the Voltron Force.

Princess Allura (Voltron: Legendary Defender): I should've known you'd show up here, Sendak, as soon as word of Zarkon's death had reached you.

Keith (Voltron: Legendary Defender): But, now that you're here, we can finally get rid of you.

Lincoln: Princess Allura, what can you tell us about Sendak? When we heard that he was in league with Zarkon, I guessed that he's already bad news.

Princess Allura (Voltron: Legendary Defender): You won't like him one bit, Lincoln, and you're right, Sendak is Zarkon's first-in-command.

Princess Allura proceeded to tell us about Sendak, and as predicted, we weren't going to like him one bit, especially since he's with Zarkon.

## Sendak

Commander Sendak is an officer of the Galra Empire loyally working for Zarkon as his first in command, and works with Haxus as his commanding officer. After he invades the Castle of Lions, he is put into a sleep pod. Once the Castle of Lions becomes corrupted, Shiro releases the pod into space during a traumatic fit.

He is retrieved by Acxa, Zethrid, and Ezor on the request of Haggar so he may attend the Kral Zera on Feyiv to be crowned as the new ruler of the Galra Empire, but this plot is thwarted by Lotor and Team Voltron, forcing Sendak to flee.

### Appearance

Like most Galrans, Sendak stands well taller than any human; he has mauve fur and a yellow eyes, although his right eye has been replaced with a red prosthetic. Sendak has also lost his left arm in the midst of battle and had it replaced with a large, powerful, and terrifying clawed gauntlet attached to his shoulder by a violet energy chain.

Sendak wears the bright red armor typical of many higher-up commanders in the Galra Empire accented with black and dark grays. On its cuirass, the armor has two glowing yellow adornments with a design reminiscent of an aggressive face.

### Personality

Sendak is unwaveringly loyal to the Galra Empire and Zarkon and has a cold-blooded and merciless personality befitting of a battle-hardened Galra commander. He is calculating, quick to pick up on deceit, and not above taunting his enemies during battle nor emotional and mental manipulation on top of brutal physical torture. His cruelness shows in his views that valuing the lives of others is a weakness to exploit, and his readiness to electrocute prisoners where they can be seen and heard to make their allies bend to his will.

The commander delights in displaying his accomplishments to the emperor, seeking his approval, and seems to carry great pride as the First in Command of the Galra Empire's military bestowed with the honor of being personally trained by Zarkon himself. The burdens of his pride and lack of failure seem to be his own weaknesses, as Sendak will quickly fly into a rage when things to not go according to his expectations. This frenzied state renders him easy to deceive and ultimately leads to his downfall.

Abilities

Being the Empire's First in Command, Sendak is a skilled fighter personally trained by Zarkon and seems to have heavy combat experience fighting on the front lines of battlefields. His greatest asset in battle is his gigantic prosthetic clawed gauntlet granted to him by Haggar and her Druids. Besides giving him immense physical strength, the gauntlet can be launched great distances, either for smashing targets with a super-charged punch, or to allow him to quickly pull himself across the battlefield. The gauntlet is also equipped with a laser blaster for ranged combat.

This gauntlet is not without weakness: it is possible to sever the energy chain between the gauntlet and Sendak's shoulder, forcing him to rely on his natural combat ability. While Sendak has imposing strength on his own, he is limited in close-quarters combat with only one arm.

---

When Princess Allura was done, we were horrified and enraged at Sendak's cruel actions and deeds.

Me: This guy is nothing but a monster.

Nico: In every way, J.D. He needs to be obliterated for good, and banished to Oblivion for good.

Princess Allura (Voltron: Legendary Defender): And that's exactly what I intend to do.

Suddenly, Princess Allura's blue eyes turned neon blue, and she was surrounded by a pink energy aura with lions and light surrounding her, and as she approached Sendak, she left pink energy, lions, and light with every step.

Princess Allura (Voltron: Legendary Defender): I will never forgive you and Zarkon for the crimes that you and the Galra Empire have committed throughout the universe, Sendak. This time, I will see to it that you pay for all of your crimes with your life!

Suddenly, Princess Allura was surrounded by a massive vortex of pink energy with lions and bright lights surrounding the vortex, there was a lion running around the vortex, and inside the vortex was a blue phoenix. Then, as the vortex faded, Princess Allura emerged, but she was changed forever.

Princess Allura grew to 6'0" in height, she had the body of a goddess, she had pink highlights on the bangs of her long silver hair, she has neon blue eyes and a pink energy aura with lights and lions surrounding her, she has the Blue Voltron Lion emblazoned on her forehead, she has on Voltron Lion earrings and a necklace with a Voltron Lion holding the Light Kanji in its claws for the pendant, she has on a sleeveless blue blouse with gold phoenix on it, blue blouse, blue pants, pink high heels, she has large silver angel wings with pink tips on the large silver feathers, and a sleeveless long blue trenchcoat with light and lions on the coattails, and on the back is the Blue Voltron Lion.

Princess Allura has a new large sword in her hand called The Sword of The Blue Voltron Lion, it's a large sword with the Blue Voltron Lion etched on the 6'5" massive, wide, double-edged dark blue blade, large blue lion heads for the crossguard, large blue gem for the hilt, longer blue handle, and four large blue lion heads with four blue gems in their mouths, she has on her new Bracelets of The Champions of The Universe with blue gems on her wrists, Belt of Elemental Bravery with large blue gem for the belt buckle on her waist, and Eater of Sins revolver holstered on her right hip. There's a pink kanji below the Blue Voltron Lion that said, "Princess Allura, Princess of Altea, Daughter of King Alfor and Queen Menelor, Loving Future Wife of Lincoln Loud, Destroyer of Zarkon and The Galra Empire, Last of The Alteans, Slayer of Evil, Pilot of The Blue Voltron Lion, and Master of Light and Lions."

アルーラ王女、アルテア王女、アルフォー王とメネラー女王の娘、リンカーンラウドの愛する未来の妻、ザルコンとガラ帝国の駆逐艦、アルテアンの最後、悪の殺し屋、ブルーボルトロンライオンのパイロット、そして光の達人とライオンズ

Princess Allura has transformed into SUPER ANGEL 750,000,000,000 CELESTIAL ALTEAN VOLTRON PALADIN ANGEL OF LOVE AND HOPE!

We were amazed by Princess Allura's Super Angel 750,000,000,000 transformation, and when Lincoln saw it, he had an atomic red blush on his face. But, when Sendak saw it, he fell into a rage and he tried to kill her using his gauntlet, but she fired a powerful blast of light, and it destroyed his gauntlet and he screamed in excruciating pain.

Me: Wow, Princess Allura has transformed.

Nico: She's one of the Paladins to transform, that's awesome.

Lincoln: Wow, Princess Allura, you look beautiful. How do you feel?

Princess Allura (Voltron: Legendary Defender): (Divine Echoing Cosmic Voice of Light and Love) **I feel incredible, Linky, and now, to put an end to Sendak once and for all.** (To Lincoln) **Would you like to join in?**

Lincoln: (Smiles) Of course.

Lincoln unholstered his massive Sword of Taranis from his wider and muscular back and transformed into Super Angel-Ebonwu Infinity Elemental Thundersnow Buffalo Angel of Frozen Lightning Justice, and he joined Princess Allura.

Lincoln: (Divine Echoing Cosmic Thundersnow Elemental Voice of Justice) **Let's tear this monster to shreds!**

Lincoln and Princess Allura went after Sendak, and they fired powerful blasts of rainbow energy, light, magic, elemental forces, Thunderbirds, Buffalo, and Lions, and they exploded with incredible power, as soon as they hit Sendak. Then, Lincoln slashed off Sendak's other arm, and Princess Allura slashed off both of his eyes, blinding him permanently, and he screamed in excruciating pain.

Princess Allura (Voltron: Legendary Defender): **Shall we put an end to this monster once and for all, Linky?**

Lincoln: **Of course, Princess Allura.**

Princess Allura and Lincoln: **VOLTRON LION ELEMENTAL FIRESTORM BARRAGE!**

Princess Allura and Lincoln fired powerful elemental forces, which took on the appearances of the Voltron Lions, and as they hit Sendak, they exploded with incredible power, killing Sendak, and his spirit was Super Hakaied, and banished to Oblivion for good. We cheered wildly for what Princess Allura and Lincoln did, as they holstered their massive swords on their backs and powered down, and Princess Allura's new body, clothes, weapons, jewelry, and angel wings are permanent. Then, Lincoln wrapped his abnormally massive and powerful muscular arms around Princess Allura's waist, and as he leans down and they lock eyes, they shared a passionate kiss, and right behind them were the Voltron Lions roaring and we saw light shining down on them.

Me: (Smiles) Now, that's awesome.

Nico: (Smiles) You said it, J.D.

We got back in our cars to continue finishing the race. We finished the race and me, Allie, Nico, May, Princess Luna, Cadance, Twilight Sparkle and Sunset Shimmer crossed the finish line.

Whiteout: Thank you all for coming on this cold planet!

Nico: This was awesome!

Me, Allie, Nico, May, Princess Luna, Cadance, Twilight Sparkle and Sunset Shimmer Were given trophies that were in the shape of the planet Hoth made of Swarovsky Crystal and it had snowspeeders and race cars around it.

Me: This was awesome.

Nico: Yeah it sure was. This was the coldest race we've ever done.

May: You aren't kidding there.

Cadance: But it sure was awesome! I've never won a race before.

Princess Luna: My first one ever won.

Sunset Shimmer: Boy it sure was awesome! I never won one before.

Twilight Sparkle: Second race for me.

Me: Lets head back home to warm up and celebrate at Lynn's Table.

Nico: Good idea. It's cold.

We went back to Earth.

---

We were celebrating at Lynn's Table. Then Biowulf, Brace Knuckles, Whirlwind, New Wave, Salami Swami, Black Adam, Abomination, Ben Ravencroft, Tri-Klops and Key appeared.

Me: Biowulf, Brace Knuckles, Whirlwind, New Wave, Salami Swami, Black Adam, Abomination, Ben Ravencroft, Tri-Klops and Key

Biowulf: I bet you guys are glad to be warm.

Me: Boy you bet we are.

Whirlwind: Because we helped ourselves to some.

Me: Yep.

New Wave: (to me) Heard you visited Manny and the others.

Me: Boy we sure did.

Salami Swami: How are they?

Me: Doing awesome and we helped them take down Gutt again.

Nico: Good riddance to that bad monster.

?: Boy no kidding.

A figure came out and it was CREATURE from episodes 11, 12 and 13 of Dino Thunder!

---

After Trent suddenly appeared in Mesogog's Lair and obtained the White Dino Gem, Elsa discovered it and reported it to Zeltrax. Together they created the monster and sent it to find the White Ranger and take the Gem. The Creature went to the city and encountered the Dino Rangers. Creature behaved comically during his encounter with heroes and joked. But then the White Ranger appeared and quickly destroyed the Creature with Drago Sword.

---

Trent Fernandez: Creature!

Creature: Been a while white ranger!

Me: I remember you! You were sent to find Trent after he got the White Dino Gem!

Creature: That's right J.D. Good memory.

Me: Never missed an episode.

William: You actually are one of the more funnier monsters.

Creature: Damn straight! Too bad Mesogog didn't give me a cool name!

Me: Well he is dead now and good riddance. But that's okay.

We got the usual battles underway.

Ink Rose: Yes it sure is.

Garo: Yeah you're right about that one.

Zarya: That is my awesome fiance for you all.

Me: I can't argue with that but I'm really flattered that you all think so.

THE END

---

Another race in the books.

Planet Hoth from Star Wars V was one of the most coldest planets I've ever seen in that series but it was really cool. But the battle that happened there was scary and awesome. The first part of the chapter was for Ice Age and we haven't done something for that in a long time. It was still very funny though. The second part was for the planet Oa from Green Lantern. That was a cool one. NicoChan11, JediAvatarOfShinobi, Omegahatchiyak12, XP4Universe, Darkhai, vinjedi1995, Drako1234658, Nflemingful, Etstheclarencefan and ninjakingofhearts gave me the ideas for this and so did the guest reviewer. Thanks guys. We're going to be taking a break from Rescues until after Christmas is done. So they will resume on the 26th of December. But the battles in the missions will still go on. The next chapter is gonna be for the Ben 10 Episode, The Busy Box and we're going to be facing the Naljian Destructor and stop it from destroying everything as well as imitating everyone and everything it sees. And we're going to be seeing double after this one.

See you all tomorrow.

# Duplicates of The Naljian Destructor

Later on that day, we were training intensely in the gym doing 100,000,000 reps of crunches, wing push-ups and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 9,000-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds. Then, we got a shower afterwards.

After that, Lincoln, Team RWBY, Emerald Sustrai, Dew Gayl, Sari Sumdac, Entrapta, Frosta, Perfuma, Julie Makimoto, Toph Bei Fong, Yuna Kamihara, Nanami Simpson, Mai Shiranui, Jessica Shannon, Hilda, Tatsumaki, R. Lincoln then snapped his fingers, and the 16-year-old 7'0", white-haired, handsome, and extremely muscular teen was dressed in a large long orange sleeveless jacket with elemental forces and buffalo on the long coattails and a Thunderbird and Phoenix on the back, a large white kimono, large blue trousers, along with his large weighted orange bands on his massive biceps and thighs, his jewelry, massive deep blue angel wings, and eight large orange orbs orbiting around his legs, and he had his weapons holstered, but his large white leather ankle-length combat boots with silver armor on the toe area remained the same.

Team RWBY, Emerald Sustrai, Dew Gayl, Sari Sumdac, Entrapta, Frosta, Perfuma, Julie Makimoto, Toph Bei Fong, Yuna Kamihara, Nanami Simpson, Mai Shiranui, Jessica Shannon, Hilda, Tatsumaki, R. Mika, Menat, Shantae, Akko, Strawberry Shortcake, Lemon Meringue, Raspberry Torte, Blueberry Muffin, Plum Pudding, Orange Blossom, Cherry Jam, Apple Dumplin, Sweet Grapes, Sour

Grapes, Tangle the Lemur, Whisper the Wolf, Jewel the Beetle, Ester, Mina Mongoose, Shade the Echidna, Belle the Tinkerer, Lanolin, Marine the Raccoon, Honey the Cat, and Princess Undina were dressed in long, flowing, long-sleeved kimonos with mythological animals and flowers, along with their jewelry, and they had their weapons holstered.

Lincoln: Alright, ladies, shall we?

Ruby Rose: We're ready, Linky.

Lincoln and the girls left the Estate, and they head for their destination: Shogun Studios in the world of Mario. When they arrive at Shogun Studios, the place's an awesome Japanese-themed amusement park, themed after the real-world Edo Wonderland.

Hilda: (British Accent) Wow, what is this place, Linky.

Lincoln: This, Hilda, is Shogun Studios in the world of Mario. This place is an awesome Japanese-themed amusement park, themed after the real-world Edo Wonderland in Japan.

Mai Shiranui: This is so awesome!

Lincoln and the girls travelled to the notable attractions here in Shogun Studios, including the Dress-Up Photo Studio, the House of Riddles, the Souvenir Shop, the Big Sho' Theater, the Ninja Attraction, the Shuriken Dojo, and Tranquil Pipes Teahouse, and they had a blast there. Then, they met up with one of the people there, and they told them that they saw a robotic version of Flip there, who showed up there earlier before Lincoln and the girls arrived there, and he caused havoc and destruction there before he left, and he had glowing green eyes. Lincoln was going to tell us when they got back.

Then, as the sun was about to set, Lincoln made clones of himself, and he and the clones went up to the girls and they'd wrapped them in their abnormally massive and powerful muscular arms in a hug, and as the sun turned orange, they shared a passionate kiss. Then, Lincoln and the girls came back home.

Nico: Hey, Linc, how was your date today?

Lincoln: It was awesome, Nico. We went to Shogun Studios in the world of Mario.

Nico: So, that's why you all were dressed in samurai clothing before you went out the door. That's so awesome.

Later me, Nico, Noah Carver, Nene, Piper, Maria, May, MetalSeadramon, William and Jeri were about to go to the Digital World to meet the Fusion Fighters and also destroy MadLeomon.

Nico: Okay. For some reason, rescues haven't been available. So, I think it's time me, Maria, May, William, Noah, and MetalSeadramon head to where Mikey and his friends are.

Me: Good idea. You'll like them and Jeri is gonna go as well.

Eli: That is gonna be awesome.

Me: Yep.

Piper: Lets get moving guys.

We opened the portal and we were off to the Digital World.

Mikey Kudo: Back already?

Me: Yeah you could say that. No rescues for me or Lincoln today till after Christmas so we decided to come help you all again.

Piper: We sure did.

Me: These are my teammates Nico Chan.

Nico: Hey there.

Me: May.

May: Hello.

Me: William Dunbar.

William: Yo.

Me: Maria Rockell.

Maria: Hey dude.

Me: Noah Carver of the Super Megaforce Rangers.

Noah: Hello.

Me: His archenemy MetalSeadramon.

MetalSeadramon: Hello.

Me: And Jeri Katou.

Jeri Katou: Hello.

Mikey Kudo: Awesome to meet you all. Jeri are you one of the Digimon Tamers?

Jeri Katou: That's right. But my Tamer days have been really dark.

Angie: Why do you say that?

Me: (Sighs) Because Jeri has a dark past.

Mikey Kudo: Oh man.

Christopher: What happened?

Jeri Katou: It's a terrible story.

She told them everything and it was a terrible story.

---

At first, Jeri is not very important to the series. She just plays as a school girl Takato has a crush on and won't become a Digimon Tamer until later on. It might be said that she is a sort of perfect child, because of her cheerful and happy personality. However, there was a scene when she had claimed she was not interested in Digimon, but had cards dropping out of her pocket when she fell.

She was known for her dog-shaped sock puppet, which she uses to strike-up conversations.

Where Kazu Shioda and Kenta Kitagawa ran away when the existence of Guilmon was proven, Jeri was quick to befriend the strange Digimon, becoming the first non-Tamer to do so.

Jeri is into the Digimon Card Game and has some very rare cards in her possession. Takato's friend Rika Nonaka gave her some pointers on what cards to use, beginning a friendship between the two. Jeri seeks to become a Tamer, and chases after Leomon when he first appears. She eventually becomes Leomon's Partner before she and the other Tamers, as well as Kazu and Kenta, headed out into the Digital World in search of Calumon.

Jeri proves herself to be a very capable Tamer with potential for greatness, even using the rare and powerful LadyDevimon card on Leomon to destroy the evil Digimon Orochimon who had kidnapped her, but unfortunately her career is cut short when Beelzemon destroys Leomon and uploads his data.

Following this Jeri becomes withdrawn, believing that her destiny is to be alone. Some time during their return to the real world, Jeri's cheerful facade is ripped away and through flashbacks and a brief explanation she delivered to Takato, her less-than-cheerful past is revealed. Her biological mother had died a while ago and when Jeri met her stepmother, she didn't give her a chance, as she was still very deeply traumatized by her mother's death. Following this Jeri began to think she was a bad person because while deep down she knew her stepmother was a nice woman, she still felt unable to accept her and couldn't empathize with her. She also thinks over and over about the words that her father said after her mother's death, which Leomon repeated before dying: "it's all because of Destiny."

Jeri showed no sign of caring about what was going on around her and she kept on looking into her now dead Digivice. The only real reaction came when Takato and Guilmon, now fused into Gallantmon, were about to kill Beelzemon after defeating him; she yelled at them to spare him, and when Beelzemon asked her why, she tearfully said she didn't want anyone else to die because of her.

She later showed more emotion when Rika returned after becoming Sakuyamon, where she said she was afraid she had lost another friend. When she disappeared for a moment and then came back, her eyes were different, as if something possessed her, and she had an evil smile, even after the kids were back in Tokyo.

Later, it was revealed that "Jeri" was the D-Reaper's first Agent, who assumed Jeri's form to learn all she could about the Tamers. The real Jeri had been taken away and placed in a space within the D-Reaper. The Agent 1 said that Jeri was the perfect being for the D-Reaper as it used her sadness to strengthen itself. During this time, Calumon somehow sensed her presence and made an attempt to rescue her along with Impmon, who after wallowing in guilt for what he did to Jeri became determined to save her. Impmon Warp Digivolved to Beelzemon Blast Mode to defeat a bunch of Bubbles Agents and managed to open a hole big enough in the Kernel Sphere (the place she was trapped in) for Calumon to enter but was captured himself. He was eventually released and thanks to Gallantmon and Grani who managed to defeat the Agent guarding the Sphere, tried desperately to break Jeri free from her prison. He finally broke through when somehow he was able to tap into Leomon's data and use his Fist of the Beast King. Unfortunately this had an adverse effect, as it was a harsh reminder to Jeri that Leomon was dead and that the perpetrator who caused that was right in front of her. Terrified, she backed away from her would be savior. In the urgency of the situation and encouragement from Takato, Jeri did eventually accept Beelzemon's good intentions, but alas by then it was too late; the Sphere closed up again, trapping her along with Calumon once more.

Meanwhile, Jeri's puppet was being controlled by the D-reaper and it was trying to convince Jeri that humans don't deserve to live. D-Reaper was able to feed off her negative emotions, but gradually, thanks to Calumon she decided to speak up and reject the idea of real death. She spoke what Leomon had spoke (while he was destined to die, she still had a lot to live for, and so did the others) and was rescued by Takato after the D-Reaper was defeated. During the battle Gallantmon and then Gallantmon Crimson Mode attempted to reach the Kernel Sphere and rescue her. Gallantmon Crimson Mode defeated and destroyed many Agents in his attempt to rescue her including the immensely powerful Jeri Type Agent. During this time Jeri managed to break the Kernel Sphere with her D-Ark but it began to become flooded with Chaos Mass. Calumon somehow protected them with a force field and got them out of the Kernel Sphere. Gallantmon Crimson Mode reached the Sphere but she wasn't there but nearby but before he could reach her he De-Biomerged back into Takato and Guilmon. Takato finally rescued her by having Guilmon fling him to her with his tail.

By the end of the series, Jeri snaps out her depression thanks to Takato and Calumon, and realizes that humans can make their own destiny and that she was never meant to be alone. She also allows herself to forgive Impmon, much to his relief.

During the D-Reaper Saga; Calumon seemed to become a sort of second partner to her coming to her rescue with Beelzemon, cheering her up and protecting her somehow with a force field during the final battle before Takato managed to rescue her. Also when everyone said their goodbyes to their partners at the end, Calumon was the one she said goodbye to, thanking him for helping her out.

* * *

When she was done Mikey, Christopher, Angie, Jeremy and Shoutmon and MailBirdramon were shocked, horrified and saddened.

Angie: Oh man.

Angie went over and hugged.

Angie: Jeri I'm so sorry that happened to you.

Christopher: Jeri I completely sympathize with you. I lost my dad is a fatal car accident and I tried to make friends but I always felt like I was alone. I wanted nothing more than power. But Mikey, Nene, Jeremy and Angie saved me from myself and became my awesome friends and partners.

Me: I didn't know about that Christopher. I'm sorry that happened.

Nico: Yeah me too.

Christopher: Thanks guys.

Me: You're welcome.

William: So, how's Bagra taking Neptunemon's demise? Is he crying like a little baby?

Mikey Kudo: No he isn't. He is mad.

Me: Good. I hope he doesn't like it. Now we have a lot of targets to face.

Nico: Yep.

Me: Our next target is MadLeomon.

Mikey Kudo: Yep.

Me: What can you tell us about him?

Nene: Well it's not pretty.

She told us about him.

---

Originally, MadLeomon was Leomon, the guardian of the Forest Zone until he was corrupted by Bagramon's evil and became a member of the Bagra Army. MadLeomon first appeared when Mikey and the others arrived in the Digital World, attempting to kill them when they are saved by Ballistamon, Starmon, and the Pickmons with Shout having them in defeating MadLeomon's forces. In retaliation, MadLeomon absorbs his followers to assume his Armed Mode and nearly killed the Digimon when Mikey uses his Fusion Loader to give Shoutmon the edge to defeat MadLeomon with the Star Sword. Despite his reluctance to run, MadLeomon is forcefully recalled by Tactimon.

Later on, refusing to let humans run rampant in his domain, MadLeomon decides to destroy the Village of Light using an

Orochimon before using it to kill Mikey and his friends instead. But when he sees that Orochimon was being overwhelmed by Shoutmon, MadLeomon Digifuses with the eight-headed serpent to assume his Orochi Mode form before being defeated by Shoutmon X2. Forced to retreat, MadLeomon is given one more chance by Tactimon to wipe out their enemies.

Using a Drimogemon to create giant bamboo shoots, MadLeomon sends army of Apemonto attack the group before absorbing them to enter his Final Mode. During the battle, the Starmons fused into a sword, allowing Jeremy (who was trapped on top of a spike wall) to toss it into the ground, where it struck Drimogemon on the head, killing him and the bamboo shoots started to fade away. Though defeated by Shoutmon X2 and Dorulumon, MadLeomon decides to show himself his ultimate power so he can destroy the resistence. Shoutmon Digifused into Shoutmon X4 (as X3) for the first time and MadLeomon attempts to crush him, but Shoutmon X4 (as X3) tosses MadLeomon into the sky and destroyed him with his Varooma Boomerang attack. With MadLeomon defeated, Mikey receives his first Code Crown.

After Mikey acquire the last Code Crown, during a fight with Grademon, he ended up wishing he could do something to save Grademon from his corruption. When that happened all of the evil Digimon that were defeated by the Fusion Fighters were revived and their evil were purged. One of them was MadLeomon who was revived and reverted back to his original form, Leomon, adding Mikey during the final battle with DarknessBagramon.

---

We gasped.

Me: Oh man! He is one insane monster!

May: So, where does MadLeomon usually hang out?

Mikey Kudo: Here in the Forest Zone.

Me: Then we're about to see him right now.

Nico: Yep. Right there!

Nico fired a wave of energy and it hit a tree and exploded!

KRABBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

The explosion blew a figure out and it was MADLEOMON!

Me: There he is!

MadLeomon: I knew something was fishy when Neptunemon didn't report back.

MetalSeadramon: Speaking of fish, shouldn't you be trying to get some instead of hunting us?

Nico: Yeah you bad kitty!

Jeri Katou: You give the Leomon that I know a really bad name!

Nico: Now we're going to tear you apart!

Me: And it won't be pretty!

Angie: Isn't this the part where you turn into your Super Mega Mode?

Noah: I do that every mission. This time, I'm doing it on easy mode. Go Go Megaforce!

He went Basic Megamorph!

Me: Lets see how you like this!

I jumped and slashed MadLeomon and cut his arm off!

Nene used her scythe and slashed MadLeomon in his eyes!

Mikey Kudo: WHOA! Nene that Scythe is awesome!

Nene: Thanks. It's the Scythe of the Sovereign of The East.

Christopher: That is awesome!

Noah: Digimon aren't the only ones with super modes. Ultra Mode!

Noah turned into his Ultra Mode and blasted MadLeomon.

Nico: Try this on! DRAGON THUNDERCLAP!

The 5-Star Dragonball on Nico's bracelet glowed and he fired waves of lightning and electrocuted MadLeomon all over.

MetalSeadramon: (Echoing) River of power!

He fired an energy blast and it hit MadLeomon and obliterated him in an instant!

Nico: That's another Bagra Army Digimon destroyed.

Jeri Katou: Good riddance.

Me: Another member of the Bagra Army destroyed.

Nico: Poromon is really missing out on this.

Mikey: Be honest. What's your Poromon like?

Nico: Oh, he's the best Digimon partner I've ever had. And he prefer to not Digivolve since he likes being cute. But he and the others mascots like getting into mischief.

Maria: And he loves drinking beer.

Mikey Kudo: Digimon that like to drink beer!?

Nene: That was my first reaction too.

Me: It is weird but crazy and funny. We experience all kinds of crazy shenanigans with our Mascots but they are funny.

Piper: That's right.

Christopher: Piper, next time, we'll see if we can get you your own Digimon and Fusion Loader.

Piper: I would like that Christopher.

Me: We all should get one. That would be awesome.

Nico: It sure would be cool.

Later we went back to the estate and told everyone everything that happened. But the Bagra Army is far from done as the third target is an evil version of AncientVolcanomon.

---

Later in Europe we were over in Jubilife City in Europe.

Kurama: So this is Jubilife City?

Nico: Yep it sure is. Wow. This is the home of the B-League. They are a group that specialize in Pokemon not evolving.

Ash: That's right. And it'll be cool to see Oralie and Hailey again.

Me: This is gonna be awesome.

We arrived in the B-League Building and it was awesome and we saw 2 girls.

Naruto: Hi. You two must be Oralie and Hailey.

Oralie: We sure are.

Hailey: Oh wow! Team Loud Phoenix Storm it's such an honor to meet you all.

Oralie: It sure is and Dawn, Ash, Brock it's great to see you all again.

Ash: Same here Oralie.

Brock: You girls are looking great.

Oralie: Thanks Brock.

Lucy (Pokemon): Awesome to meet you girls. My name is Lucy and I'm Brock's Girlfriend.

Hailey: Wow! Way to go Brock.

Brock: Thanks Hailey.

Horsea was talking to Feebas and Magikarp.

Horsea: (to Feebas and Magikarp) Hello!

Reflector: Let's see if the Feebas and Magikarp can communicate with Horsea.

Magikarp: Karp karp Magikarp karp.

Horsea: It sure is awesome to meet you.

Feebas: Feebas Fee Fee.

Horsea: It sure is awesome.

Me: This is really amazing that you specialize in Pokemon that don't evolve. That is awesome.

Oralie: It sure is. Thank you.

Me: You're welcome.

May: Personally, we like our mascots the way they are.

Manaphy: I can't even evolve into anything anyway.

Jirachi: Neither can I.

Poliwag: If I evolve, I'm not cute.

Tentacool: My evolved form probably would be too big.

Horsea: My evolved form is already on the team.

Poromon: I can evolve anytime I want to. I just choose not to.

First Aid: Yep. We love our mascots the way they are. Despite their shenanigans.

Me: And we like it that way.

Nico: That's right and that's how we like it.

Oralie: That is awesome.

Hailey and Oralie then saw Jessie, James and Meowth.

Oralie: What are Team Rocket doing with you all!?

Me: It's all right. Jessie, James and Meowth are no longer part of Team Rocket anymore. They were canned before we destroyed Team Rocket.

Nico: We sure did and it was awesome.

Me: And you will never believe who their boss was.

Hailey: Who was it?

Me: It was Giovanni. He was the Gym Leader of the Vermillion City Gym in the Kanto Region. He had a lot of SHADY Activities.

Oralie: Oh man! That is terrible!

Hailey: Man no kidding! No one ever suspected a thing.

Me: No they didn't.

We had a nice talk and Oralie and Hailey joined us.

* * *

Later we were getting ready for our next mission.

Divebomb: Nico, just want to remind you that you're leading today.

Nico: Yep I know and I just found something unusual on our scanners. It's showing a strange piece of Level 20+ Technology located somewhere in the city.

Me: Weird. The only level 20 Technology that I know of is the Omnitrix.

Nico: Yeah what do you think it might be?

Eli: No idea. But that must be really amazing.

Biowulf, Brass Knuckles, Whirlwind, New Wave, Salami Swami, Black Adam, Abomination, Ben Ravencroft, Tri-Klops and Key then appeared.

Ben Ravencroft: May we go with you guys to see what it is?

Nico: Sure Ben.

Brass Knuckles: (to Nene) Also, who should go with Piper on the next Ambassador Mission?

Nene: We agreed that Zarya would go next on J.D.'s turn to lead.

Zarya: It's true.

Brass Knuckles: Okay.

Nico: Lets get to finding whatever is out there.

We got to searching around the city.

Trent: Maybe it's another Omnitrix.

Nico: I don't think so. The scans say that the device is level 20+. But it doesn't go any higher than that.

Me: Hmm.

Eli: Let me see here.

Eli used the Force to find the device and he found it.

Eli: It's by the Abandoned Pudding factory.

We went there and we saw that it was a really run down building.

Key: This place used to sell pudding?

Nico: Yep. But it was shut down due to poor health code regulations.

Eli: Geez. It's over here.

We went behind the building and we saw a cube shape glowing green object. '

Me: Man what is that?

Nico: Never seen anything like it.

Lincoln: It looks pretty harmless to me.

Nico went up to it.

Nico: Lincoln, you still should be careful.

May: Yeah! What if it's a bomb?

Me: Doesn't look like a bomb to me. If it was we would see a timer on it.

Maria: Or a device that shoots knock out gas?

Lincoln: (irritated) Can't you guys just let me do what I want for a change? Honestly, sometimes, I wish J.D. were still leader full time.

Kabuto: Lincoln, you really should be careful of what you wish for.

Me: Don't drag me into this buddy! Ben have you seen anything like that before?

Ben: Yes I have. That is the Naljian Destructor.

Shanan: The Naljian Destructor? WHOA! The Naljians are a race of interdimensional beings that have more perceptive of more dimensions than humans do. They are made of pure glowing green fire.

Me: Whoa! That is cool! Then this device must belong to them.

Nico: Strange.

Lincoln touched it and it activated.

Tri-Klops: It's doing something!

It lifted up and then glowed and they if formed into another LINCOLN BUT WITH GLOWING GREEN EYES!

Me: WHOA!

Nico: Oh that is cool!

Laney: Boy it sure is neat!

Lincoln: Wow! That is amazing!

Naljian Lincoln: Wow! That is amazing!

We couldn't believe what we were seeing! It was a perfect duplicate of Lincoln made by the Naljian Destructor!

Me: That is amazing.

Constantine: Can it copy robots like Robotboy?

Nico: Lets find out.

Lincoln went up to it.

Lincoln: Whoa!

Naljian Lincoln: Whoa!

Lincoln: What are you? Where did you come from?

Naljian Lincoln: What are you? Where did you come from?

Lincoln: Cut it out!

Naljian Lincoln: Cut it out!

Lincoln: I don't sound like that!

Naljian Lincoln: I don't sound like that!

Me: (Snickers) Okay that is really cool.

Laney: Really amazing to see though.

Tri-Klops: That is really amusing.

New Wave: Ask it a question.

Me: I'll do it.

I went up to it.

Then it turned into me!?

Me: Oh that is awesome! Guys what do you say we take this guy home and take him apart to see what makes him tick?

Naljian Me: Guys what do you say we take this guy home and take him apart to see what makes him tick?

Me: Okay that is getting REALLY annoying.

Naljian Me: Okay that is getting REALLY annoying.

Me: Knock it off buster!

Naljian Me: Knock it off buster!

I covered its mouth and then…

POW!

It punched me in the face and I crashed into Nico.

Me: OW!

I spit out a tooth.

Me: That thing is a robot.

Nico: That is cool! Just like what happened when you all faced H.A.R.D.A.C. Except with a robot that can turn into anyone.

Jack Spicer: Like the Chameleon Bot that I made.

Me: Boy we haven't run into that one yet.

Nico: We sure haven't.

Me: Yeah. (Spits out blood)

The Naljian me then glared at Nico.

Salami Swami: Guys, I don't like the way it's looking at Nico.

Nico: Uh oh.

Me: I've got a really bad feeling about this.

Eli: Me too. And not only that but that was your last baby tooth too.

It then turned into another Nico!

Me: WHOA!

May: Now I'm starting to see double!

Nico: What the Hell's your problem?!

Naljian Nico: (repeating what Lincoln said earlier) Honestly, sometimes, I wish J.D. were still leader full time.

Octopunch: (glares at Lincoln) Nice, Lincoln. Real nice.

Me: You just had to open your big mouth didn't you.

Lincoln: Sorry.

Panda King: I understand now. The box heard what Lincoln said about missing the days when J.D. was leader full time. So now, it's trying to get rid of Nico, May, and Maria to make that happen!

Ben: The Naljian Destructor doesn't work like that Panda King.

Maria: How did you defeat this thing before?

Gwen T.: It's a really strange thing.

Gwen told us how they found it and faced it.

---

The Naljian Destructor appears in Busy Box where it is causing havoc everywhere. When Ben went near it, it transformed into a copy of Ben. It even transformed into a copy of Humungousaur when Ben transformed into Humungousaur. The Naljian Destructor even turned into a copy of Spidermonkey when Ben turned into Spidermonkey. When Kevin went near it, it turned into a copy of Kevin, followed by Kevin's mutation after his ID Mask was broken by it.

When Gwen went near it to reason with it, it also turned into a copy of Gwen and tried to meditate. It's also evident that it will mimic a move or an attack another will do but in a more mechanical way. For example, it threw pink, metal discs when Gwen threw mana discs and it threw large, red and hot balls for Swampfire's fireballs. It can also look like one person but use another's different powers as seen when it turned into a copy of Octagon Vreedle and used its version of Swampfire's fireballs. Around that time, the Vreedle Brothers arrived identifying it and tried to claim it. As Ben turned into Swampfire, the Naljian Destructor also turned into a copy of Swampfire. It even managed to turn into each of the Vreedle Brothers as they baited it to their side and made off with it.

Moments later, the Vreedle Brothers returned stating "He learned that he really likes destroying things" and that it has become too powerful for them to control and left it on Earth. The Naljian Destructor then transforms into an amalgamated version of Humungousaur, Spidermonkey, Swampfire, the Vreedles' weapons, and Kevin, which they then started attacking. During the fight, Ben, Gwen and Kevin managed to find out its weakness is its core.

After Lodestar managed to remove the core, it fell apart. When Ben was about to permanently destroy the core, a cosmic being appeared out of nowhere. She told them that the device was her daughter's toy. She then explained that it was a dangerous weapon to them because their species was too young to properly use the Naljian Destructor. The mother of the child reassembled it and left shortly after, stating that it was clearly marked "Not for children under three million years old."

---

When she was done we were amazed!

Nico: Oh man!

Laney: Yeah!

Then the Naljian Nico formed its arms into blasters!

Nico: Uh oh.

Me: UH OH!

Biowulf: EVERYONE, HIT THE DECK!

We got out of the way as it fired green energy blasts and it hit the wall of the factory and exploded!

KRABBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOMMMM

He fired at us more and the blasts hit everything all over and exploded!

KRABBBBBBBBBOOOOOOOOOOOOOOOOOOOOOMMMMMM!
KRABBBBBBBBBBBBOOOOOOOOOOOOOOOMMMMMMM!
KRABBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOMMMMMMMM!
KRABBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOMMMMMMMM!

Everything around the factory was being set on fire by the explosions.

Darkwing: We need to get back to the Estate! If we leave it alone, it'll stop attacking so someone can pick it up!

Nico: NO! I'm not running! I'm going to fight this thing and then give Lincoln the worst spanking he ever has had.

Lincoln gulped in fear!

Me: Count me in too commander!

Eli: I don't run from battle!

Ben Ravencroft: Let's not call it running. Call it a tactical retreat. Besides, for all we know, leaving it alone might actually calm it down.

Nico: I'm not running Ben.

Ben: Besides this thing will just destroy the entire city until it finds us and kills us!

Nico: That's right! Lincoln is the one that made it this way and we have to stop it!

Skywarp faced the Naljian Nico.

Skywarp: Hope you are ready for a pounding!

The Naljian Nico turned into a Naljian Skywarp!

Naljian Skywarp: Hope you are ready for a pounding!

Skywarp teleported in front of his Naljian double.

Skywarp: How do you like that?! (punches Naljian Skywarp)

Naljian Skywarp's response? He teleported in front of the real Skywarp too and did the exact same punch to the face.

Naljian Skywarp: How do you like that?!

But Skywarp blocked it and kicked him away.

Lori: I'm going to literally turn you into a human pretzel!

The Naljian Skywarp turned into a Naljian Lori.

Naljian Lori: I'm going to literally turn you into a human pretzel!

Cybertron Dirt Boss: Oh, it's good.

Bobby then grabbed the Naljian Lori from behind.

Bobby: Leave my babe alone you imposter!

Bobby threw it into the factory and the whole factory then came crashing down on it!

Nico: (to Darkwing) You're right, Darkwing.

Darkwing: About what? About us going back to the Estate?

Nico: No! We can't let the Estate get in its' crosshairs. But we can't stay here. We need to lure it someplace where we can have an advantage.

Whirlwind: And while waiting for it, maybe we'll find out if it DOES become peaceful when left alone.

Me: Right!

Nico: Fall back everyone!

Nico opened a portal and it lead to the planet Glaren!

Nico: Glaren is good enough.

We went through the portal and then the Naljian Lori came at us and went through the portal and then it was searching for us.

But then the spirits of the wolves of the elemental forces of nature appeared and then they swirled around the Naljian Lori and then they converged and went into the sky and then…

KRABBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion went off and then a phoenix cry was heard and then we appeared.

Abomination faced it and it turned into another Abomination!

Abomination: (to his Naljian Double) How'd I know you'd turn into me?

Naljian Abomination: How'd I know you'd turn into me?

Abomination punched his Naljian double and sent him crashing into a rock mountain.

Poromon pecked it all over the place and then the Naljian Destruction turned into another Poromon!

Naljian Poromon went at Poromon and pecked him.

Poromon: Ow! You want a peck fight! I'll give you a peck fight!

The two Poromons started pecking at each other.

CLANK CLANK CLANK CLANK CLANK!

Livewire: (laughs) They're so cute doing that!

Me: Now I've seen everything!

Black Adam: It can't possibly copy all our powers!

Lynn: Maybe it can't copy our super forms!

Me: Lets find out!

I transformed into my ultimate transformation and it saw it and nothing happened.

Me: Wow! That is a big break.

Nico: Awesome!

Radioactive Man, Beetle, Hydrax, 10,000 Volt Ghost, Top, Vulkanus, DC Enchantress, Katnappe, Dr. Polaris and Weather Wizard then appeared.

Nico: Radioactive Man, Beetle, Hydrax, 10,000 Volt Ghost, Top, Vulkanus, DC Enchantress, Katnappe, Dr. Polaris and Weather Wizard.

Radioactive Man: So, that's the copycat we've heard about.

Beetle: I hope it doesn't copy the rest of us.

Hydrax: That's the last thing we want at the moment.

Maria: Well, there is some good news.

10,000 Volt Ghost: What's that?

May: It can't copy our super forms.

Top: That's a relief!

Me: Yeah thank goodness. But it can copy anyone it sees.

Top: Geez!

Radioactive Man: Wow. No rescues this time?

Me: Nope. Not until after Christmas.

Radioactive Man: Oh.

?: That's good for a break.

A figure came out and it was RHINIX from episode 5 of SPD!

---

Rhinix is an intergalactic rhino-like criminal. In the fifth episode, Rhinix attacked Newtech City, where he cornered Piggy and demanded from him a formula that could turn people into ooze. When Piggy gave him the formula, Piggy demanded the payment and Rhinix used it to turn Piggy into slime, but Piggy quickly reverted back. Rhinix realized that it was a wrong formula and demanded the real formula. Piggy demanded the payment from Rhinix, who responded by giving him rotten eggs as his payment. Piggy commented that eggs were putrid and they were great. Rhinix then demanded the real formula and Piggy gave him the real formula, but asked Rhinix not to use it on him, but on someone else. When a policeman arrived to see what was happening, Rhinix utilized the formula on him and transformed the man into ooze. Rhinix was proud of his job and gathered the ooze to use it as energy, while Piggy watched in horror. Rhinix also kidnapped and turned many other people in the industrial district into slime. He then continued to do so until the B-Squad Rangers arrived, prompting him to summon Krybots. The Rangers defeated the Krybots and then battled Rhinix, who used his steel boomerangs in the battle. Rhinix successfully fought the heroes and then left. Later Sydney found some ooze and brought it to the Delta Base and Kat scanned it, detecting that this oil based energy fluid possesses the traces of human DNA and this clue will help the Power Rangers find the kidnapped people. Rhinix later arrived at the ship of Emperor Gruumm and showed him his energy fluid, which was made from humans, whom Rhinix called the most interesting forms. Rhinix was recruited by Gruumm and continued kidnapping people in the city. Later Syd gave R.I.C. the ooze to smell and R.I.C. led the rangers to the wasteland to the spot where Rhinix held the banks with people transformed into ooze. When Syd went out of Rhinix's repository, Rhinix attacked her. Syd morphed and battled the villain. Rhinix easily defeated the Pink Ranger and called her useless and suggested that she surrender. Syd was losing and the alien was about to finish her but R.I.C. arrived and helped her. Syd and R.I.C. combined their powers to defeat Rhinix and Syd even cut off the criminal's horn with her Delta Max Blaster. Rhinix was horrified of losing his horn, as he valued it and considered it beautiful. Then the other Rangers arrived and allowed R.I.C. to defeat Rhinix. R.I.C. transformed into the Canine Cannon while Syd used the Judge Scanner on Rhinix, who is found guilty. Then the criminal was defeated by the Canine Cannon and captured by Syd in the Data Card. After Rhinix was defeated, all the people he captured reverted back to normal

---

Sydney Drew: Rhinix!

Rhinix: Been a while rangers.

Me: I remember you! You were sent to attack Newtech City and you were after a formula that could turn people into slime and you turned the people in the area into slime.

Rhinix: That's right J.D. Good memory on you.

Me: Never missed an episode.

Sydney Drew: I hope you don't plan to turn us into goo again!

Rhinix: Nah! I prefer to just use my horn and strength.

Me: Nice! I don't think I want to find out if the Naljian Destructor can copy Power Rangers Monsters.

Nico: Don't give it ideas.

Me: Sorry.

We got the usual battles underway.

Pyrrha, Princess Celestia, Light Skylanders, Bart Simpson, Red She Hulk, Divebomb and Rampage VS Radioactive Man

Radioactive Man was first.

Radioactive Man: (to Pyrrha) The Naljian Destructor caused lots of problems for Ben and the Vreedle Bros. How did Ben defeat it the first time?

Pyrrha: He turned into Lodestar and used his magnetic power to pull it apart and take out the core.

Princess Celestia: That was really clever and amazing.

Spotlight: It sure was. So awesome.

Bart Simpson: I thought so too.

Red She-Hulk: That was awesome.

Radioactive Man: It sure was. Lets do it!

They fired waves of light and energy and smashed him down.

Pyrrha: AWESOME!

Princess Celestia: That was so awesome!

---

## Connor, Rainbow Dash, Scootaloo, Air Skylanders, Lincoln, Linka, Kitten, Leanbow and Trent VS Beetle

---

Beetle was next.

Beetle: (to Connor) I mean no offense to Lincoln. But he's in a lot of trouble for causing all this!

Lincoln gulped.

Connor: Oh boy. I hope Nico won't be too hard on him.

Rainbow Dash: I don't think I even want to find out what he will do to him. I hope he doesn't lick his feet.

Scootaloo: EW! That would be gross!

Whirlwind: I hope he doesn't give him forty lashes!

Lincoln: Oh no! [fearfully imagines himself blinking with 40 thick eyelashes]

Linka: I don't think that's what 40 lashes means Lincoln.

Kitten: Yeah it's more like 40 lashes across your back from a whip.

Beetle: OUCH! We used to do all that back in the old days. Flogging was what is was called and it was a form of capital punishment. But Nico wouldn't do that. Lets do it!

They fired waves of lightning, energy, rainbows and wind and smashed him down.

Connor: ALL RIGHT!

Rainbow Dash: That was AWESOME!

---

## Ino, Fluttershy, Life Skylanders, Laney, Syd Chang, Blossomforth (MLP), Tayuya, and Kabuto vs Hydrax

---

Hydrax was next.

Hydrax: (to Ino) I'm glad MadLeomon got his comeuppance. At least SaberLeomon was only misguided.

Ino: That's true but what MadLeomon did was absolutely horrible.

Fluttershy: It sure was.

Stealth Elf: What MadLeomon did was despicable and destructive.

Laney: And he had it coming to him.

Syd Chang: Boy he sure did.

Blossomforth: The soldiers of the Bagra Army are turning out to be quite easy pickings for us.

Hydrax: Wow. Who is the next target?

Ino: An evil version of AncientVolcanomon who is in a volcanic area called the Magma Zone.

Hydrax: That's gonna be interesting. Lets do it!

They fired waves of flowers, leaves and grass and smashed her down.

Ino: YEAH BABY!

Fluttershy: That was fun.

---

## Ax, Rarity, Sweetie Belle, Water Skylanders, Linka, Shaggy, Lightning Rod (Skylanders), Constantine (Robotboy) and Viceroy (Randy Cunningham) VS The 10,000 Volt Ghost

---

The 10,000 Volt Ghost was next.

10,000 Volt Ghost: (to Ax) I heard Mikey Kudo was told about Jeri's Dark Past. How did he react?

Ax: He was shocked and the group was all very sympathetic to her.

Rarity: He sure was and the poor thing went through so much.

Sweetie Belle: Yeah Jeri's past has been a nightmare ever since her mother died before.

Gill Grunt: And now that she has her back she can heal her soul.

Linka: Thank goodness for that.

Shaggy: Like yeah and after everything she went through she deserved it.

Lightning Rod: She definitely does.

10,000 Volt Ghost: I agree. Lets do it!

They fired waves of lightning, jewels, water and ice and smashed him down.

Ax: Take that!

Rarity: Rapture darling that was grand!

---

Ant Man, Pinkie Pie, Tech Skylanders, Nicole Knudson, Top Man, Octopunch and Radeeder VS Top

---

Top was next.

Top: (to Ant Man) I heard there was a lack of rescues for J.D. today. Should I be concerned?

Ant Man: Nah. We're just taking a break from them till after Christmas.

Pinkie Pie: Yeah we have a lot of things planned for Christmas including Hearthswarming Eve which is on Christmas Day too.

Sprocket: I can't wait to see what that is like.

Nicole: Me too.

Top Man: It will be awesome.

Top: It sure will be. Lets do it!

They fired waves of lightning, metal, gears and energy and smashed him down.

Ant Man: OH YEAH!

Pinkie Pie: BEST USUAL BATTLE EVER!

---

Shanan, Applejack, Apple Bloom, Earth Skylanders, Ed, Edd, Eddy, Ben, War Machine, Gantu and Panda King VS Vulkanus

---

Vulkanus was next.

Vulkanus: (to Shanan) The Naljian Destructor really is amazing but crafty. I think I heard Octagon and Romboid talk about it before the situation with Rath and the Tiffin.

Shanan: You heard right. What the Naljian Destructor does is really cool. And it's amazing that it is capable of copying and imitating anyone perfectly just by looking at them. Thank goodness it's not like the Thing with all that blood and guts and gore.

Applejack: Yeah it copied Lincoln, Nico, J.D. and many of us as you saw.

Apple Bloom: It was really something.

Flashwing: Boy it sure was awesome.

Ed: Sure am Eddy.

Eddy: Shut up Ed.

Edd: What Ed means is that the Naljian Destructor was really awesome.

Ben: Even though it gave me lots of problems before.

War Machine: That was crazy.

Vulkanus: No kidding. Lets do it!

They fired waves of apples, earth, rock, crystal and energy and smashed him down.

Shanan: That was awesome!

Applejack: YEEHAW! That was great!

---

## Ilana, Starlight Glimmer, Undead Skylanders, Sakura Avalon, Gwen T., Sabrina the Teenage Witch, Darkwing and Dreadwind VS June Moone A.K.A. Enchantress (DC)

---

Enchantress was next.

DC Enchantress: (to Ilana) I hope we never see another Naljian Destructor ever again. The cosmic being who dropped its' core should keep a close eye on it!

Ilana: I can definitely agree with that.

Starlight Glimmer: Even though the Naljian Destructor was really cool and can form robot versions of whatever it sees, it is really dangerous.

Hex: Yeah I agree there.

Sakura Avalon: It sure was cool to see it in action though.

Gwen T.: And it knocked out J.D.'s tooth though.

Sabrina the Teenage Witch: It sure did. Ouch.

DC Enchantress: Thank goodness J.D. didn't suffer a broken jaw. Lets do it!

They fired waves of energy, stars, magic, bones and lightning and smashed her down.

Ilana: OH YEAH!

Starlight Glimmer: That was so amazing!

---

Starfire, Blackfire, Wildfire, Princess Luna, Moondust, Dark Skylanders, Luan, Eddy, Catwoman, Thundercracker and Skywarp VS Katnappe

---

Katnappe was next.

Katnappe: (to Starfire) It was cool how the Naljian Destructor copied you guys like Kirby does. Good thing it didn't copy me.

Starfire: It sure was amazing. But Kirby copies the abilities of enemies where as the Naljian Destructor copies the full appearance of anyone and anything.

Blackfire: It sure was amazing to see that.

Wildfire: I thought it was really awesome myself.

Princess Luna: I don't think it has the power to copy magical beings like me and my sister or unicorns for that matter.

Moondust: That would not be cool.

Blackout: Boy no it sure wouldn't.

Luan: That would be one thing no one would Copy. (Laughs) Get it? But seriously it would not be cool.

They laughed at Luan's joke.

Eddy: (Laughs) Good one! But yeah I agree.

Catwoman: I do too.

Katnappe: Yep. And also the Naljian Destructor reminds me of Jack Spicer's Chameleon Bot.

Starfire: Jack Spicer said the exact same thing.

Katnappe: It sure is something. Lets do it!

They fired waves of energy, darkness and light and smashed her down.

Starfire: Oh Glorious!

Princess Luna: A true victory of the night!

## Jessica Shannon, Wasp, Twilight Sparkle, Magic Skylanders, Magnet Man, Magna Charge, Windsweeper and Dirt Boss VS Neal Emerson A.K.A. Dr. Polaris

Dr. Polaris was next.

Dr. Polaris: (to Jessica) Thank goodness the Naljian Destructor can't copy your super forms! Though it does have a super form of its own.

Jessica: That's what I heard and that Super Form is really an amalgamation of the forms it saw and replicated.

Wasp: That is really freaky and cool.

Twilight Sparkle: I also think it's really something.

Spyro: Me too. Scary but awesome.

Magnet Man: No kidding.

Magna Charge: Yeah it was cool.

Dr. Polaris: Yep. Lets do it!

They fired waves of energy and magic and smashed him down.

Jessica: YEAH! That was awesome!

Twilight Sparkle: That was amazing!

Weather Wizard was next.

Weather Wizard: (to Shane) That's 2 Bagra Army Soldiers down. And many more to go!

Shane: And we better kick it into high gear to deal with them before February 7th comes around.

Sunset Shimmer: Nene told us that there are lots of them to destroy and face.

Sunburn: But it's nothing that we can't handle.

Bonnie Terrez: That is true.

Tori Hanson: We'll be ready for all of them.

Dustin: We sure will.

Weather Wizard: Yep. Lets do it!

Ninja Storm Rangers: NINJA/THUNDER/SAMURAI STORM! RANGER FORM! HA!

Nico teleported and opened Rhinix's safe and in it was a bunch of swords called the Destroyers of The Bohrok, they're large swords with the anti-Bohrok symbol etched on the 6'5" massive, wide, double-edged colored blades, large colored angel wings for the crossguards, large colored gems for the hilts, longer black handles, and large colored faceted sphere pommels with surrounding colored gems. Once in hand, they'll get a massive power and energy increase, along with colored sleeveless trenchcoats with their symbols on the back and large colored angel wings.

Nico teleported back.

The Megaforce Rangers turned into the SPD Rangers too!

Nico: Lets get him! SPD MORPHER! JUDGEMENT MODE!

Nico activated his SPD Morpher and a Timer came on. 30 seconds later a red X lit up.

Nico: GUILTY!

The Rangers summoned the Canine Cannon!

Nico: FIRE!

They fired an energy blast and element blasts and the blasts al hit Rhinix and he exploded!

KRABBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

He was locked in a containment card and Nico went and picked it up.

Nico: Rhinix you have failed this world.

Troy Burrows: Rangers that's a Super Mega Win.

Everyone regrouped.

?: I will make you all pay for what you did to Queen Necrafa!

Suddenly, the eight large planets and stars orbiting around my legs, the eight large orange orbs orbiting around Lincoln, Linka, and Duke Lincoln's legs, the eight large dark blue orbs orbiting around Ed Cowart's legs, the eight large crimson red orbs orbiting around Naruto's legs, the eight large black orbs with the Eye of Horus orbiting around Cody (OC)'s legs, the eight large pink orbs orbiting around Lola and Lexx Loud's and Steven Universe's legs, the eight large green orbs orbiting around Lynn Sr.'s legs, the eight emerald green orbs orbiting around Yakko Warner's legs, the eight large sapphire blue orbs orbiting around Wakko Warner's legs, the eight large hot pink orbs orbiting around Dot Warner's legs, the eight large marine blue orbs orbiting around Liam and Leif Loud's legs, the eight large scarlet red orbs orbiting around Lynn Loud and Lynn Jr.'s legs, the eight coral red orbs orbiting around Timon's legs, the eight large blue orbs orbiting around Lori and Loki Loud's legs, the eight large sea-foam green orbs orbiting around Leni and Loni Loud's legs, the eight large yellow orbs orbiting around Luan and Lane Loud's legs, the eight large brown orbs orbiting around Laney and Larry Loud's legs, the eight large light green orbs orbiting around Lisa and Levi Loud's legs, the eight large lavender orbs orbiting around Lily and Leon Loud's legs, the eight large colored orbs orbiting around Bobby Santiago and Nico's legs, and the eight large purple orbs orbiting around Luke Loud's legs and Menat's legs were glowing, and that means big trouble was coming.

Arkayna Goodfey: Oh no, I was hoping never to hear that voice ever again. Can't you ever give us a break, Tazma Grimm?!

A figure came out, and it was none other than Tazma Grimm, who's returned from the dead, and she wants revenge on us for killing Necrafa and her minions.

Zarya Moonwolf: I should've known you'd return from the dead as soon as word of Necrafa's death, along with the deaths of her minions reached, Tazma. Which means, you're the last one of Necrafa's minions that needs to be dealt with.

Twilight Sparkle: Arkayna, what can you tell us about Tazma Grimm? It seems you have a history with her, especially since she's in league with Necrafa.

Arkayna Goodfey: You won't like her, Twilight. Tazma Grimm's known as the ambitious and power-hungry Shadow Mage in The Spectral Hand, and we've dealt with her numerous times before.

Arkayna proceeded to tell those who hadn't joined long ago about Tazma Grimm, and they weren't going to like it one bit.

---

Tazma Grimm

Tazma Grimm is an ambitious top-level Astromancer with tremendous magical gifts. She is the polar opposite of Malvaron, who just so happens to be her younger brother. Where Malvaron has devoted himself to supporting the Mysticons, Tazma aspires only to the highest level of power and success she can attain- even if it means aligning herself with the Spectral Hand itself.

Tazma is a recurring character in Mysticons as a secondary antagonist. She first appears in "Sisters in Arms" in her cloaked form and later officially appears in "How to Train a Mysticon".

In the series finale, she continues to be at large in the realm, being last seen as a cameo before teleporting away to parts unknown.

She is voiced by Michelle Montieth.

Personality

She is very ambitious and power-hungry, even wanting to be on the dark side to achieve more power for herself. Tazma doesn't care about the risks of work with Dreadbane and Necrafa, two of the most powerful and dangerous beings, if she could become stronger by this way.

She also quite cunning and deceptive if she needs to be whenever it benefits her.

Magical Abilities

Top Star Magic: Having become fully corrupt by her ambitious nature and desire for more power, her magic has gone from purple to a jet black to symbolize her use of pure evil magic relating to the element of shadow/darkness.

Flight: She is capable of flying very high under her own power without the need for wings

Conjuration: Like all magic users, she is able to magically create or conjure any object of her choosing out of thin air.

Umbraportation: She is capable of teleporting herself instantaneously across long distances and is enshrouded in pure darkness/shadows

Mind Entering: Casting the mental spell Probus Animas Memoria, she had sent the Mysticons into the farthest corners of Proxima's subconscious mind and most painful of girlhood memories, with the claim that the orphaned star mage had knowledge of a certain spell.

---

When Arkayna Goodfey was finished, those who hadn't joined us were disgusted and enraged at Tazma Grimm's crimes.

Sunset Shimmer: What a power-hungry monster, she was just like me long ago. But, at least, I had realized the error of my ways. But, Tazma, her heart is filled with nothing but darkness.

Zarya Moonwolf: Yeah, she's really bad news.

Dreadbane: She cared about no one else, except for herself. Not even her brother, Malvaron.

Malvaron: And as it stands, we're no longer siblings after Tazma committed betrayal.

Solange Blanchefleur de Lux: I've had it up to hear with her to last an eternity.

Suddenly, Solange Blanchefleur de Lux's blue eyes turned neon blue, and she was surrounded by a white energy aura with light, white flower petals, and magic, she unholstered her large Zweihänder sword, deLuxcaliber, and as she approached Tazma Grimm, she left white energy, light, white flower petals, and magic with every step.

Solange Blanchefleur de Lux: Tazma Grimm, the crimes that you've committed against Gemina and all of Drake City can never be forgiven. Necrafa has already paid the price for her crimes, and now, it's your turn. I will put an end to your miserable life here and now!

Suddenly, Solange Blanchefleur de Lux was surrounded by a massive vortex of white energy with light, white flower petals, and magic surrounding it. There was a flock of doves flying around the vortex, and in the vortex is a gold phoenix. Then, as the vortex faded, Solange Blanchefleur de Lux emerged, but she was changed forever.

(IMPERATRIX MUNDI PLAYS AT 1:45 TO 2:14)

Solange Blanchefleur de Lux grew to 6'0" in height, she now had the voluptuous and busty body of a goddess, she had blue highlights in the bangs of her long blonde hair with white flowers, she has a dove with the Light Kanji emblazoned on her forehead, she has on dove earrings with the Light Kanji in its talons, she has on her small princess crown leaning to the right side on her head, elbow guards and gloves lined with white frills with her Bracelets of the Champions of The Universe with large blue gems on her wrists, large steel-and-gold neckguard with a dove holding the Light Kanji in its talons for the pendant, Belt of Elemental Bravery with large blue gem with her three white tails attached to it, stylish knee-high white strap high heels, a white sleeveless blouse with gold phoenix and a silver breastplate lined with frills and a white skirt with doves on it. She has her large Zweihänder sword, deLuxcaliber, in hand, and an Eater of Sins revolver holstered on her left hip, she has massive white angel wings with gold tips on the large feathers, and she has on a long red sleeveless trenchcoat with Celtic knots, crosses, and diamonds on the coattails and on the back is a dove surrounded a circle made of Celtic knots, crosses, and diamonds. There's a gold kanji below the dove surrounded a circle made of Celtic knots, crosses, and diamonds that said, "Solange Blanchefleur de Lux, Princess of DeLuxia, Loving Future Wife of Lincoln Loud, Slayer of Distille and Her Army of Monsters, Slayer of Evil, Maiden of Pure Light, Friend of Many Heroes, and Master of Light and Magic."

Solange Blanchefleur de Lux DeLuxiaのプリンセス、リンカーンラウドの愛する未来の妻、Distilleのスチャと彼女のモンスターの軍隊、悪のスから、純粋な光の乙女、今の英雄の妻、2光と魔法のマスター

Solange Blanchefleur de Lux has transformed into SUPER ANGEL 750,000,000,000 CELESTIAL SOLARSTORM PURITY ANGEL OF LOVE AND LIGHT!

We were amazed by Solange Blanchefleur de Lux's Super Angel 750,000,000,000 transformation, and when Lincoln saw it, he had an atomic red blush on his face with hearts in his eyes. But, when Tazma Grimm saw it, she fell into a rage and she fired a blast of darkness at her, but Solange fired a powerful blast of light, which overwhelmed Tazma's blast of darkness, and hits her in the hand, and it burned her.

Nico: Whoa, Solange has transformed, and not only is Lincoln blushing like crazy, she fired a powerful blast of light, which hit Tazma in the hand and it burned her badly.

The Mysticons laughed hysterically when they saw it.

Zarya Moonwolf: (Laughs) Serves you right, Tazma, you Shadow Bitch.

Arkayna Goodfey: (Laughs) That should shut her up.

Lincoln: Wow, Solange, you look beautiful. How do you feel?

Solange Blanchefleur de Lux: (Divine Echoing Cosmic Voice of Pure Light and Love) **I feel incredible, Linky, and now, it's time to put an end to this monster for good.** (To Lincoln) **Would you like to join in?**

Lincoln: (Smiles) Of course.

Lincoln unholstered his massive Sword of Taranis from his wider and muscular back and transformed into Super Angel-Ebonwu Infinity Elemental 7 Buffalo Angel of Frozen Lightning Justice, and he joined Solange Blanchefleur de Lux.

Lincoln: (Divine Echoing Cosmic Thundersnow Elemental Voice of Justice) **Let's tear Tazma Grimm to shreds.**

Lincoln and Solange Blanchefleur de Lux went after Tazma Grimm, who fired blasts of darkness at them, but they dodged them, and they fired powerful blasts of rainbow energy, white energy, light, elemental forces, magic, Thunderbirds, doves, and Buffalo, and they exploded with incredible power as soon as they hit Tazma Grimm. Then, Lincoln and Solange Blanchefleur de Lux fired powerful blasts of red energy, and as they hit Tazma Grimm, they began sucking out Tazma Grimm's powers, abilities, and magic, and they and the rest of us made them our own. Then, they slashed off Tazma Grimm's arms, and tossed her into the air with their immense brute superhuman strength.

Solange Blanchefleur de Lux: **Shall we put an end to Tazma Grimm once and for all, Linky?**

Lincoln: **Let's do it, Solange.**

Lincoln and Solange Blanchefleur de Lux: **This is the end for you**

**and The Spectral Hand, this time for good, Tazma Grimm. SPECTRAL HAND GENOCIDE MEGABLAST!**

Lincoln and Solange Blanchefleur de Lux fired massive blasts of white and rainbow energy with doves, thunderbirds, and Buffalo surrounding them, and as they hit Tazma Grimm, they exploded with such incredible power.

Tazma Grimm: DAMN YOU ALL, TEAM LOUD PHOENIX STORM AND MYSTICONS!

The resulting explosion killed Tazma Grimm, and her evil spirit was Super Hakaied for good. We cheer wildly for Lincoln and Solange Blanchefleur de Lux holstered their massive swords on their backs and power down, and Solange Blanchefleur de Lux's new body, clothes, weapons, jewelry, and angel wings were permanent. Then, Lincoln wrapped his abnormally massive and powerful muscular arms around Solange Blanchefleur de Lux's waist, and as he leans down and they lock eyes, they shared a passionate kiss, and right behind them were doves flying out into the skies, and we had tears in our eyes and a smile on our faces.

Nico: (Smiles) I hope to see that in their wedding in the future.

Me: (Smiles) Knowing Lincoln, he always has a plan in place, especially for his weddings in the future to his future wives.

We then set our sights on the Naljian Destructor, but now, we were rid of Tazma Grimm for good, and now, The Spectral Hand has now been completely wiped out of existence for good.

Nico: We are not going to let you copy anymore of us!

Troy: Try and copy this!

Megaforce Rangers: Legendary Ranger Mode: Space Squad Nine!

The Megaforce Rangers turned into the Kyurangers and we went at the Naljian Destructor and smashed and pulverized it all over.

**KRABBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO**

When the smoke cleared the Naljian Destructor was in pieces and the cube core was the only thing left.

Vulkanus: (to Ben) You were right. That thing was tough to beat!

Ben: I told you!

DC Enchantress: But at least it's back to its' default form now.

Katnappe: Now, we just wait for the Naljian mother to pick it up.

Dr. Polaris: Until then, no one touch it!

Lincoln: Nico, I just want to say thar this is my entire fault. It was my choice to activate the box and to make you its' initial target. So, I'll receive whatever punish I deserve.

Nico: (smiles) I'm glad you've taken responsibility for this mess, Lincoln. (puts on gloves) Now, let me explain things in manner you'll understand.

Weather Wizard: What's with the gloves?

Nico: They're to make the spanking less painful. And to avoid any… dirty accidents. (shudders)

Me: Uh oh.

Lincoln was put over Nico's leg and then…

SLAP SLAP SLAP SLAP SLAP SLAP SLAP SLAP SLAP SLAP SLAP SLAP SLAP SLAP SLAP!

Lincoln: OW! OW OW OW OW!

Nico was done.

Nico: There. One last thing. Rolf?

Rolf: Rolf is glad you accepted responsibility for your actions white-haired Loud Boy but…

He put on a giant hat in the shape of a huge hammer.

Rolf: You must be punished.

Lincoln: What is that Rolf?

Rolf: The Hat of Discipline. Do you live in a cave!

KRASMASH!

Rolf smashed Lincoln with it and he was flatter than a pancake.

Rolf: All is forgiven.

Lincoln: (Slurred voice) Thank you guys. Ouch.

Lincoln was back to normal.

Then a light flashed and then a glowing green fire figure appeared.

Me: Whoa!

Shanan: Wow a Naljian.

Naljian: It's an honor to meet the famous Team Loud Phoenix Storm.

Me: You too. We had a second encounter with I believe is your daughter's toy?

Naljian: I apologize for what happened. This is my daughters favorite toy.

Me: That's the second time she lost it I think.

Naljian: Yes it is. I've been looking everywhere for it.

She formed it all back together and it was back to what it was before it was activated.

Naljian: Maybe now she will stop crying. Oh and this toy is clearly marked not for children under 3 million years old.

The Naljian vanished.

Me: Wow. That was intense.

Lincoln: Boy it sure was. Ouch.

Nico: I would not let my kids play with something like that.

May: Me neither.

Me: Same here.

Jared: I wouldn't play with something like that anyway.

Allie Knudson: You said it bro.

Allie Wilde: That is crazy though.

Laney: No kidding.

Key: But she needs to keep an eye on her daughter and her toy.

Nico: I agree.

Me: Yep.

Key: (to the viewers) It sure was intense having a second encounter with the Naljian Destructor but at least we were able to return it to its owners.

Nico: You got that right. But great job everyone. Lets head home.

We went back home and then plopped down on our beds exhausted and went to sleep.

THE END

---

Another awesome chapter done.

The Busy Box episode of Ben 10 was a really crazy one! It's amazing that there was an alien toy that can change into anyone and anything which was really awesome and freaky. The episode aired on December 11th, 2009 and that was awesome! NicoChan11, JediAvatarOfShinobi, Omegahatchiyak12, XP4Universe, Darkhai, vinjedi1995, Drako1234658, Nflemingful, Etstheclarencefan and ninjakingofhearts gave me the ideas for this and so did the guest reviewer. Thanks guys. The next chapter is for the awesome 2000 Movie, The Grinch and we're not going to only watch the movie but we're going to see Whoville and also meet The Grinch from the iconic Dr. Seuss book How the Grinch Stole Christmas and we're also going to expose the REAL Villain named August May Who. And just in time for Christmas too.

See you all tomorrow

# FRIENDS OF WHOVILLE

## CHRISTMAS IS ALMOST HERE!

---

It was close to Christmas and it was awesome. Later on that day, we were training intensely in the gym doing 100,000,000 reps of crunches, wing push-ups and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 9,000-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds. Then, we got a shower afterwards.

Suddenly, a bright light had engulfed the Estate and we covered our eyes. Then, the bright lights have faded and we uncovered our eyes. But, we also checked out on the computer, and we saw that the world of The Legend of Dragoon, the world that Meru, one of Lincoln's future wives, has merged with ours.

Lincoln: Whoa, Meru, your world has merged with ours.

Meru: What? Oh, that's awesome. This means, you're going to meet my friends, Linky.

Lincoln: We all will, but I know what else we're doing: we're going to take down Melbu Frahma, the leader of the Winglys.

Me: Yeah, and this guy is total bad news. He's used the power of The God of Destruction to enforce his tyrannical rule over all living creatures from the Divine Tree, planted by Soa.

Nico: And there's also the matter of his second-in-command, Faust, who's a powerful Wingly wizard.

Lincoln: Right, so here's the plan: we'll take down Faust, and it'll open the way to Melbu Frahma.

Meru: And he's been weakened severely, thanks to Charle Frahma creating the Five Signet Sphere to weaken his power. She was more peace loving than her tyrannical brother.

Nico: So, in other words, he's a dead man.

Lincoln: Right, let's go.

We then set off, and we met Meru's friends, Dart Feld, Rose, Shana, Kongol, Haschel, Miranda, and Albert, and as soon as they saw Meru, they were excited to see her again. Then, she also told them that Lincoln was the one who rescued her, and she'll be married to him in the future, and they know he'll take good care of her, and he has a massive gold heart, and he loves his future wives and his entire family. Then, we set off after Faust, waiting at his tower, also at the tower was Melbu Frahma, the tyrannical Wingly leader himself.

Faust: Soon, my lord, the world will be all yours!

Suddenly, thirteen dragons appeared out of nowhere with the elemental forces of Fire, Water, Ice, Light, Darkness, Thunder, Wind, Earth, Nature, Gravity, Time, Space, and Cosmic, and they fired powerful blasts of elemental forces at them. Then, the screech of the Thunderbird and the cry of the Phoenix were heard, and from powerful lightning bolts crashing down from the heavens, we appeared in a massive explosion.

Faust: What the, Team Loud Phoenix Storm?!

Melbu Frahma: Along with the Dragoons!

Lincoln: That's right, Faust and Melbu Frahma, and we're here for one thing: to take you both down and end your reign over all species.

Faust: I will make you all pay for defying Melbu Frahma!

Lincoln unholstered his massive Sword of Taranis from his wider and muscular back and transformed into Super Angel-Ebonwu Infinity Elemental Thundersnow Buffalo Angel of Frozen Lightning Justice, Meru, Dart Feld, Rose, Shana, Kongol, Haschel, Miranda, and Albert transformed into their Dragoon forms, and the rest of us unholstered our massive swords from our backs and transformed.

Lincoln, Meru, Dart Feld, Rose, Shana, Kongol, Haschel, Miranda, Albert, and the rest of us went at Faust and Melbu Frahma, and we fire powerful blasts of rainbow energy, elemental forces, and magic, which hit Faust and Melbu Frahma, and they exploded with incredible power. Then, Lincoln, Meru, Dart Feld, Rose, Shana, Kongol, Haschel, Miranda, Albert, and the rest of us fired powerful blasts of red energy, which hit Faust and Melbu Frahma, and we sucked out all of their magic and abilities, and we made them our own. Then, Lincoln grabbed Melbu Frahma and Faust, and he tossed them both into the air with his immense brute superhuman strength.

Lincoln: (Divine Echoing Cosmic Thundersnow Elemental Voice of Justice) **Everyone, let's end this monster once and for all.**

Everyone: Right.

Then, we joined with Lincoln, and then, we were surrounded by rainbow energy auras with elemental forces along with the crosses and runes surrounding us in a circle below our feet.

Lincoln: **Melbu Frahma, Faust, the crimes that you've committed against both humans and all species can never be forgiven.**

Me: What you've both done in your lives can never be forgiven.

Nico: Subjecting all species in the world to your tyrannical rule can never be forgiven, and we won't let tyrants like yourselves live.

Lincoln, Me, and Nico: And for that, you will pay with your lives.

Everyone: ELEMENTAL FURY OF THE THIRTEEN DRAGONS!

We fired powerful blasts of Fire, Water, Ice, Light, Darkness, Thunder, Wind, Earth, Nature, Gravity, Time, Space, and Cosmic, and they took on the form of thirteen dragons, and the dragons all fired thirteen powerful blasts of fire, water, ice, light, darkness, lightning, wind, earth, nature, gravity, time, space, and stars at Melbu Frahma and Faust, and as they hit, the blasts explode with incredible power, and the powerful resulting explosions killed Melbu

Frahma and Faust, and their spirits were Super Hakaied forever. We cheered wildly, as we holster our massive swords on our backs and power down. Then, Meru went up to Lincoln, who wrapped his abnormally massive and powerful muscular arms around her waist, and as he leans down and they lock eyes, they shared a passionate kiss, and right behind them were thirteen elemental dragons flying in the skies, and we had tears in our eyes and a smile on our faces.

Me: Alright, you did it, Lincoln.

Nico: You did a good job leading the team in this mission, Lincoln.

Lincoln: No, guys, we all did it. Though I led the team on this mission, we all succeeded together, and we got rid of the two tyrants who've plagued Meru's world for good.

We went up to Lincoln, and we hugged him. Then, we welcomed Meru's friends to the team. Finally, we were rid of Melbu Frahma and Faust, but there's still the problem of their other enemies, but we'll be sure to take care of them when the time comes.

---

Later it was time for Piper's Ambassador Mission.

Piper: I'll bring Fixer with me after tomorrow.

Me: Good idea.

Zarya: This is gonna be so awesome.

Me: It sure will be. And I hope this doesn't offend Grumblemon in any way but while we're there but our next target is an evil version of AncientVolcanomon.

Nico: Geez! That would be a strange sight to see.

Eli: Yeah an evil version of the Legendary Warrior of Earth. That would be crazy.

Me: Yeah no kidding.

Nene: I know. Lets get moving.

Me: Yep.

Nico: Show no mercy guys!

Me: With pleasure.

We opened the portal and we went to the Digital World.

We later arrived and Mikey and friends saw us.

Mikey Kudo: Hey guys!

Piper: Guys, this is my bestie, Zarya!

Zarya: Pleasure to meet you. Zarya Moonwolf, Mysticon of the Wolf and Twin Sister of Arkayna Goodfey.

Mikey Kudo: Awesome to meet you!

Angie: Wow I love your hair. It's beautiful.

Zarya: Thank you.

Me: And Zarya is also one of my future wives. We met on the planet Gemina and it was love at first sight.

Nene: It's true. They met when they were facing Tazma Grimm the First time.

Me: Yep.

Angie: That is so awesome! Wait? Future wives? As in more than one?

Me: It's part of a special ordinance that I'm under that allows me to have more than one.

Zarya: It's true. Lincoln, Clyde and Nico are all under that Ordinance now.

Christopher: That is so cool.

Me: It sure is.

Zarya: Okay. We need to go somewhere hot. AncientVolcanomon is bound to be there.

Mikey Kudo: He would be in the Magma Zone.

Me: But first what can you tell us about him? We know that he is completely different from the AncientVolcanomon that I know. The one that I know is the Legendary Warrior of Earth.

Mikey Kudo: That's right.

He went over Evil AncientVolcanomon's history.

---

AncientVolcanomon first appeared guarding the Magma Zone. After Shoutmon X3 beated SkullMeramon, AncientVolcanomon arrived on the scene. Mikey had no choice but to give him his Fusion Loader (which was a phony one) in order to stop him from blowing his top. Realizing he was tricked, AncientVolcanomon confronts the Fusion Fighters and attacked them. During the battle Shoutmon X4 got an idea and plugged AncientVolcanomon's top with a cork, causing him to overfill and apparently destroying him.

Unfortunately, however, AncientVolcanomon survived and returned when Tactimon arrived in the Magma Zone. After SkullMeramon and BlueMeramon were destroyed, AncientVolcanomon sent his Red Meramon army to attack the Fusion Fighters, and got defeated easily, and AncientVolcanomon absorbed them to become his Fused form. AncientVolcanomon then tried to kill Dorulumon but Mikey saved Dorulumon's life by summoning a Garurumon DigiMemory and blocked off AncientVolcanomon's attack with his Fox Fire. Then Shoutmon, Ballistamon and Dorulumon combined into Shoutmon X3 and defeats AncientVolcanomon for good with his Varooma Boomerang.

---

When he was done we were shocked!

Me: WHOA MAN! This version of AncientVolcanomon is pure evil.

Nene: And he's a Mega Level Digimon.

Me: And it's also really awesome that you guys faced and destroyed an evil version of the 10 Legendary Warriors. That is an incredible feat. Well done to you all.

Christopher: Thanks J.D.

Angie: That means a lot coming from you.

Me: Any time.

Zarya: This is gonna be awesome.

Piper: Lets head to the Magma Zone.

We were off to the Magma Zone.

Jeremy: Don't worry. I brought plenty of water bottles for all of us. Plus some water balloons for the big ugly.

Zarya: Good thinking Jeremy.

Me: Very smart thinking.

Jeremy: Thanks.

Angie: J.D. did you really fight alongside the 10 Legendary Warriors when an evil digimon named Lucemon went mad with power?

Me: I sure did and that was one of the most incredible battles I've ever had. 12 Years ago, I became known as the Emissary of The 10 Legendary Warriors and the 3 Celestial Digimon Cherubimon, Ophanimon and Seraphimon gave me the biggest mission of them all and that was to destroy Lucemon should he return. It was a brutal and ferocious mission. Lucemon was once a really good Digimon and back then there was a terrible war that lasted for ages. It was between the Human and Beast Type Digimon. Lucemon came and stopped the fighting. But then he went mad with powerlust and he began to tyrannize and oppress Digimon on a Grand Scale. That's when me and the 10 Legendary Warriors: AncientGreymon, AncientGarurumon, AncientIrismon, AncientMegatheriumon, AncientBeetlemon, AncientSphinxmon, AncientVolcanomon, AncientMermaidmon, AncientTrojamon and AncientWisemon made the scene and we stopped Lucemon by imprisoning him in the very core of the Digital World called the Dark Area.

Nene: Whoa! That is amazing.

Angie: Wow! That is incredible.

Piper: Yeah.

Me: Yep. It sure was. But the 3 Celestial Digimon called me for a very important mission and it made me the Emissary of the 10 Legendary warriors. I was given the task to destroy Lucemon should he ever return. I was given the power to use all the powers of the Digimon. 10 years later me and my friends all went to the Digital World and we destroyed Lucemon forever.

Nene: That is amazing.

Zarya: That's when we met Zoe, Tommy. Koji, and the others.

Me: Yep and that was an awesome battle.

Angie: What was Lucemon going to do?

Me: He was going to wipe out the entire Digital World and remake it in his own image it was a world without free will.

Christopher: That's madness!

Me: Yep. A world without free will in my opinion is the ultimate fate worse than death.

Nene: Wow.

Me: I know. It was an epic battle. But after he was done reshaping the Digital World he was going to set his sights on Earth and enslave that too.

I went over everything that happened during Chapter 1059 and it was epic. When I was done, everyone was shocked!

Nene: That's crazy!

Christopher: Thank goodness you guys all destroyed him.

Me: Yeah thank goodness.

Piper: Yep. We should be able to see AncientVolcanomon.

Me: Is that him over there?

We saw on a volcano, EVIL ANCIENTVOLCANOMON!

Me: Lets get him.

We went at him and then me and Piper punched him down.

Evil AncientVolcanomon: (to Piper) Enjoying your new Fusion Loader? I'm sorry to say that you're not gonna live long enough to cherish it!

Piper: We'll see about that you ugly rock!

A screech was heard and then we saw a PHOENIXMON!

Phoenixmon: Let me help out Piper!

Piper: Wow! I have a Phoenixmon as my Partner!? This is amazing!

Me: SO COOL!

Then I got a red glow in my pocket and I saw that I got my Own Fusion Loader!

Me: Whoa! My own Fusion Loader!

Nene: Wow!

Zhuqiaomon then came.

Zhuqiaomon: Looks like you are now my partner J.D.!

Me: Wow! This is so cool! Lets do it!

Zhuqiaomon merged with me and I got my Sovereign Armor of The South!

Piper: Lets see what this can do! DIGI FUSE!

Phoenixmon turned into new awesome armor and Piper had donned new PHOENIX ARMOR OF THE GEMINA FIRESTORM!

Piper: WOW! This is amazing!

Zarya: Wow! Piper, J.D. you all look awesome!

Me: It sure is cool! Lets get him!

We went at him and punched and pulverized Evil AncientVolcanomon all over the place.

Jeremy threw a water balloon at Evil AncientVolcanomon.

SPLASH!

Evil AncientVolcanomon: That was your last mistake, you maggot!

Me: No! THIS WAS!

Me and Piper went at him and we had our swords ready!

Me and Piper: SOUTHERN PHOENIX SUPER SLASH!

We Slashed Evil AncientVolcanomon and he disintegrated in an instant and was destroyed!

Me: TAKE THAT!

Zhuqiaomon: That did it!

Suddenly I saw his ancient spirits!

Me: It's his spirits.

I used my Frontier Digivice and sucked in the spirits of Earth! The

Digital World Kanji for Earth appeared on the screen.

Me: Awesome.

We later went back home and told everyone about it and they were amazed.

May: Who should come with tomorrow?

Piper: How about Lord Drakkon, Poromon, Seadramon, and New Wave, Myotismon and Loki with Nico, May and Maria with J.D.?

Nico: Not a bad idea.

Me: I like that.

Nico: Yeah.

Laney: And Fixer will go on J.D.'s next turn to lead. Which is on Christmas Day.

Me: Awesome.

* * *

Later at Lynn's Table it was time for another humiliation session but we were also humiliating Billy McLean too. Me and Vince were carrying a box.

RD Lana: Guys, what's with the box?

Me: You'll see.

Nico: Billy McLean is gonna be in for a rough treat.

SPLAT! CLANG! SMACK! BOINK!

Everyone was pulverizing Billy McLean, Flip and Lewis Travolta with all kinds of crazy pranks.

Eli: Get ready guys.

Laney: Billy McLean you are gonna be in for a nasty thrill.

Billy McLean: With what!?

Nico: The Boo Box.

Billy McLean: (Fearful) NOT THAT! NOT THE BOO BOX!

Nico: The Boo Box.

Billy McLean: NOOOOOOOOOOOOOO!

Nico: Yes.

Billy McLean was screaming in fright as Nico and Juggernaut were dragging him and then Me and Vince came in with the Boo Box and we opened it and Lori and Courtney lifted him off his feet and we shoved him in and closed the box!

Crysta: Why is it called the Boo Box?

Laney: It's the scare people to death as they are tortured inside it for something they did.

Crysta: Sounds harsh.

Me: But it's a fitting punishment for a monster like Billy McLean. Especially since we're going to torture him.

Yakumo: With this.

Yakumo used her Genjutsu Powers and made Billy McLean live everything that he did to all the contestants on Total Drama and he was subjected to all the pain and torture he had put them through. WHAT GOES AROUND COMES AROUND! AN EYE FOR AN EYE AND A TOOTH FOR A TOOTH!

G1 Tantrum: I think that came from Captain Hook.

Me: Yes it did. I got it from the 1991 movie Hook.

Nico: Smart thinking.

Me: Yep. And watch this.

I lifted the little door on the lid and opened it and then I pointed my butt at the opening.

Me: Sniff on this!

FFFFFAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAARRRRRRRRRR

I farted into the Boo Box and burned Billy all over and he was screaming in excruciating pain!

He was living all the pain that he inflicted to the contestants of Total Drama times 1,000,000!

Nico: Nice one!

Hot Spot: Hook might be an asshole but he had good torture devices!

Anko: Boy I'll say. Maybe we can incorporate this in the Hidden Leaf's Torture methods.

Naruto: Good idea.

Me: Yeah.

We had a great time getting some well deserved payback on Billy McLean for everything he did. When we opened the box and let him out he was a mentally scarred and tortured mess and brutally mangled up to the point of wanting to die and we beamed him back to the Neptune Prison.

Me: That was awesome!

Nico: Yeah it sure was.

Me: Lets have lunch before we head out on our next mission.

Nico: Good idea.

We got to eating.

---

Later it was time to get ready for our next mission.

Illia: J.D., you're leading today.

Me: Yep I know and I have just the mission for all of us too. We're going to Whoville.

Nico: Whoa we're going to meet the Grinch!

Eli: Awesome! This is gonna be so cool!

Laney: Boy it sure will be.

Rita: Boy I remember reading and watching the Grinch back when I was a little girl.

Lynn Sr.: That was so great.

Me: It sure was awesome. First we're going to watch the movies from the 1966 and then the one from the year 2000.

Nico: Awesome!

Then Radioactive Man, Beetle, Hydrax, 10,000 Volt Ghost, Top, Vulkanus, DC Enchantress, Katnappe, Dr. Polaris and Weather Wizard appeared.

Radioactive Man: Can me, Beetle, Hydrax, 10,000 Volt Ghost, Top, Vulkanus, DC Enchantress, Katnappe, Dr. Polaris and Weather Wizard go with you guys?

Me: You all sure can. We're going to Whoville to meet and help the Grinch.

Dr. Polaris: Wow! I love The Grinch!

Top: I do too. And he was funny.

Weather Wizard: I watched the Grinch back when I was a little boy and that was great. Man I missed those days.

Me: Who doesn't? First we're going to watch the 1966 movie and then the 2000 movie.

Vulkanus: Awesome!

We got to watching both. First was the 1966 movie.

The Grinch is a surly, antisocial green creature with a heart "two sizes too small" who lives alone in a cave atop Mt. Crumpit, located above the village of Whoville. He especially hates Christmas and has always been annoyed by the town's Christmas celebrations. One Christmas Eve, he finally decides to stop Christmas Day from coming to Whoville by disguising himself as Santa Claus, his dog Max as a reindeer and, in a reversal of Santa's visit, steal all gifts, decorations and symbols of Christmas. Once loaded, he plans on dumping the bags of stolen goods. His plan is nearly thwarted by a toddler named Cindy Lou-Who, but is otherwise undetected.

As the Grinch reaches the summit of Mt. Crumpit, ready to dump the bags, he discovers that the citizens of Whoville, despite having no gifts or decorations, have gathered in the middle of town to sing as Christmas Day dawns. Realizing that Christmas means more than just material possessions, the Grinch's heart grows three sizes. He saves the sleigh, returns the presents and the other belongings to the Whos, and joins in the town's Christmas celebration, by carving the roast beast.

We saw how he did a total 180 and we were happy.

Me: That always brings back memories. Now for the 2000 movie.

We watched that one.

All the Whos of Whoville enjoy celebrating Christmas. The Grinch, a misanthropic green creature who lives in a cave on nearby Mount Crumpit, hates the holiday, and the Whos dislike him because of his mean-spiritedness, especially during the holiday season. Six-year-old Cindy Lou Who believes that everyone is focusing on the gifts and festivities instead on the personal relationships. She encounters the Grinch at the post office and later discovers he has a tragic past.

The Grinch arrived in Whoville as a baby and was adopted by two elderly sisters. He was a timid child and not as cruel as he would later become. In school, the Grinch had a crush on Martha May

Whovier, a beautiful girl in his class who reciprocated his feelings. Bully Augustus MayWho, however, was jealous that Martha liked the Grinch more than him and started bullying him. That Christmas, he made a Christmas angel as a gift for Martha, but accidentally cut his face while trying to shave due to MayWho claiming he had a beard. When MayWho and his classmates saw his cut face the next day, they (except Martha), including his teacher, teased him, causing him to lose his temper, declare his hatred for Christmas, and flee to Mount Crumpit, where he has resided since.

Cindy nominates the Grinch to be the town's "Holiday Cheermeister", outraging MayWho, now the mayor of Whoville. Cindy climbs to Mount Crumpit to invite the Grinch to the celebration and he eventually accepts, realizing that Martha may be there and he could finally upset MayWho. As Cheermeister, the Grinch participates in several events and begins to have fun, but MayWho ruins everything by giving him an electric razor as a present, reminding him of his childhood humiliation which started his hatred of the holiday season. MayWho then publicly proposes marriage to Martha, giving her a gaudy engagement ring and a new car. Enraged, the Grinch berates the Whos for their materialism by telling them that Christmas is only about gifts that they will ultimately end up throwing in the garbage, which is dumped on Mount Crumpit near his home. He shaves Maywho's head, burns down the tree with a makeshift flamethrower (the Whos, however, have a spare) and goes on a rampage before returning home.

Finally fed up with the Whos' Christmas, the Grinch vows to crush the Whos' Christmas spirit by stealing all of their presents, decorations and food while they are asleep. He disguises himself as Santa Claus and dresses his pet dog Max as a reindeer, then descends into Whoville. The first house he enters is Cindy's, and when she catches him stealing their tree, he lies to her in order to allow him to escape. The Grinch continues stealing all of the gifts, decorations and food and stuffing them all in a large sack, before climbing back to the top of Mount Crumpit to destroy it all by pushing the sack off the side. Upon awakening on Christmas morning, the Whos are horrified to discover the theft and Mayor MayWho blames Cindy for enabling the Grinch to ruin the holidays for the town. However, her cheerful father, town postmaster Lou Lou Who, comes to his daughter's defense by explaining to the mayor and all of the other Whos that he has finally figured out what Cindy has been trying to tell the whole town - Christmas is mainly about being together with family and friends, not just gifts and fancy decorations. The Whos agree with Lou and start singing Whoville's Christmas carol.

Before the Grinch can push the sack of stolen gifts off the top of Mount Crumpit, he hears the Whos singing and realizes that he has failed to prevent Christmas, but then has an epiphany and finally realizes the true meaning of Christmas, causing his heart to grow three sizes. The sleigh full of gifts then begins to slide over the edge of the cliff along with Cindy, who had come to spend Christmas with him. The Grinch gets the strength to lift the loaded sleigh and carry Cindy to safety, and they ride down the mountain to return everything.

The Grinch apologizes for his pranks and the burglary before surrendering himself to the police, who accept his apology and deny the mayor's request to arrest and pepper spray him. Martha even turns down MayWho's proposal and returns his engagement ring to him, declaring that her heart belongs to the Grinch. Afterwards, the reformed Grinch joins in the Whos' celebration feast and carves the roast beast himself in his cave.

We were so amazed and happy and that the Grinch did a 180. But we saw a more in-depth look into his life and we were enraged about August Maywho making him the way he is. But we laughed hysterically after The Grinch shaved August Maywho's head! It was funny! When the movie was done we cheered wildly.

Me: That was so awesome!

Nico: And it was hilarious when The Grinch shaved August Maywho's head.

Eli: Serves him right for making him hate Christmas!

Me: Lets head out everyone.

We got our coats and went to Whoville.

## WHOVILLE

We arrived in the icy cold mountains and we were outside the town of Whoville.

Fangry: That must be Whoville.

Me: Yep that's it. So awesome.

Nico: It's gonna be so awesome to be here.

Me: Yep. But we can't let ourselves be known just yet. We have to go incognito and if we see the Grinch, let him know that we will make sure that August Maywho is brought to justice.

Nico: Ooh go in disguise.

Me: Yep.

I spun around and put on my cloak and had a pair of glasses with the lenses out on.

Me: Perfect.

Everyone had disguises on.

Me: Lets go.

10,000 Volt Ghost: (Electrified voice) I think I'm noticable even without a disguise.

Me: Hmm. Ah!

I snapped my fingers and then the 10,000 Volt Ghost had an illusion on that made him look like a blond Russian Wrestler and he had a lightning bolt in his hair and had winter clothes on and I formed a mirror and he saw himself.

10,000 Volt Ghost: (Russian Accent) Ooh I look amazing! Perfect job J.D.

Me: Thank you. It's only temporary though until after we expose August Maywho. Now we can head in.

We went into Whoville.

Beastbox: (to Poromon) Don't worry, Poromon. You still have 2 more chances to meet Mikey and the others.

Poromon: I know.

We saw everyone in Whoville having fun and doing shopping, shopping, shopping, shopping and MORE Shopping and even caroling and decorating.

Me: Wow everyone in Whoville sure LOVES Christmas.

Eli: Boy they sure do.

Aylene C.: It's so awesome.

We then saw a brown cloaked figure and he had a dog with him and then we saw Cindy Lou and her father and then Cindy Lou's brothers came.

Lou Who: What happened to you!?

Drew Who: It was The Grinch!

The Music stopped and and people collided and cars stopped.

Ladies: GRINCH!?

Grinch: What do you want!? I mean… (Falsetto) GRINCH!? OH NO!

I knew it was the Grinch in there.

AUGUST MAYWHO CAME OUT!

Me: There he is.

August Maywho: Did someone just say Grinch?

Lou Who: Hello Mayor Maywho sir.

August Maywho: Lou, I don't need to remind you that this Christmas marks the one thousandth Whobilation. And the Book of Who says very clearly: "Every size of Who we can measure knows that Whobilation is a time we must treasure." Now, Lou, please tell me that your boys were not up on Mount Crumpit provoking the one creature within a billion bilometers of here who hates Christmas!

Me: (Whispers to Nico) I really hate that guy.

Nico: (Whispers to me) Me too.

Weather Wizard: Permission to strike lightning down on asshole?

Lynn: Which one?

Weather Wizard: August Maywho.

Me: Granted but hold it in till the right time.

I then saw The Grinch in his cloak head into the Post Office.

Me: Follow me.

We went to the Post Office.

Hunch: It's a relief that he doesn't hear us yet.

Me: No but he will see us.

We looked high and low.

Then Max sneezed.

Grinch: Gesundheit.

Cindy Lou saw him and screamed!

Grinch: (GIRLY SCREAM)

Cindy Lou: (SCREAM)

Grinch: (GIRLY SCREAM)

He jumped down.

Cindy Lou: You're the the the…

Grinch: "The the the" THE GRINCH!

He lunged and then Cindy fell into the presents and we busted in and I grabbed Cindy Lou and got her out.

Me: Are you all right?

Cindy Lou: Thanks to you.

Grinch: Who are you guys?

I pulled down my hood on my cloak and took off my glasses.

Grinch: (GASP) J.D. Knudson!

I covered his mouth.

Me: Shh. We don't want our presence to be known yet.

Cindy Lou: Wow you guys are my heroes.

Me: I'm glad you like us. Grinch, you have to keep us a secret till the right time. Our real target is August Maywho.

Cindy Lou: Why are you after the mayor?

Me: Well it's a dark history. Let me tell you what happened.

I went over his history.

---

Augustus first appeared after hearing that Whoville's postman Lou Lou Who's teenage sons (along with their girlfriends) have trespassed in the perimeter of the Grinch's lair in Mount Crumpit. Lou assured to Augustus that the teenagers weren't doing anything to provoke the Grinch before explaining to his daughter Cindy Lou about the Grinch's existence. Needless to say, Cindy Lou took an interest in the Grinch after he reluctantly saved her life from being killed by the post office's sorting machine.

Using her dad's recorder for several interviews, Cindy learned that the Grinch used to live in Whoville as a mischievous yet kind child, but was ridiculed by a young Augustus and his friends for his appearance while Martha May Whovier took an interest with him. When Cindy Lou interview Augustus about the story, he blatantly lies by saying that he tried to offer the Grinch his friendship.

In reality, back when Augustus was eight years old, he was nothing but a bully to the grinch. He had a crush on Martha first, but was appalled by Martha liking the Grinch. Therefore he continued to ridicule the grinch out of jealousy so no one will ever take Martha away from him. Due to Martha's act of kindness, the Grinch made a makeshift angel as a present for her, but starts to feel insecure about his appearance due to Augustus' teasing. The Grinch tried to use a razor but was forced to cover his razor marks with shaving paper. When Augustus soon learns about this, he took the opportunity to mock the Grinch by calling him a 'hack job', causing the other kids to laugh at him, except for Martha. Fed up with this mockery, the Grinch loses his temper by destroying the class' tree and presents (including the makeshift angel), scaring Augustus and the other kids away.

The Grinch then ran off to live in Mount Crumpit, developing a hatred of Christmas and the people of Whoville for their mockery against him for several years while Augustus became the new mayor; even arranging a new system of trash chutes (known as Dumpit to Crumpit) that would dump all of Whoville's garbage into Mount Crumpit. Augustus would also try to make Martha his wife as she was now a beautiful woman, but she still longed for the Grinch to return.

Touched by this sad story and having her own doubts of the holiday, Cindy Lou decides to invite the Grinch to the Wholibation festivities by nominating him as Cheermeister, much to the others' surprise. Though Augustus tried to explain to Cindy that the Grinch won't join the festivities due to his hatred of Christmas, he reluctantly allows this due to Cindy Lou explaining her reasons to the other citizens.

Needless to say, Augustus is astounded to see that the Grinch has indeed arrived for the celebration due to the promise of an award.

At first, the Grinch finds himself uncomfortable during the contests, but slowly finds himself accepted after getting his reward, much to Augustus' dismay. Though it would've seemed that the Grinch has finally enjoyed himself and is about to be won over, Augustus (in an act of jealousy) gave him a present: an electric razor to remind him of his traumatic school memory before getting the other citizens to laugh at him for it. Augustus even tops this off by proposing to Martha with a diamond ring and a new car, which finally drove an angry Grinch to wreck havoc by scratching and wrecking the new car so hard with his finger, scaring the citizens, paying the Mayor back by shaving his head violently right down the middle with the razor, and destroying the large Christmas tree with a makeshift flamethrower before escaping back to Mount Crumpit. Though it was fruitless when Augustus brought in a spare tree to replace it.

Deciding that it was time to stop Christmas from coming, the Grinch made a Santa Claus disguise and a flying sleigh (with his dog Max as a reindeer) to steal all of Whoville's gifts, decorations and food. During his burglary that night, the Grinch comes across a sleeping Augustus dreaming about kissing Martha. Seeking his revenge, the Grinch makes Augustus kiss Max's butt, much to Max's embarrassment. The Grinch also ties up a rope between Augustus' bed and a police car.

After the Grinch finishes his burglary by riding his sleigh up into Mount Crumpit, the people of Whoville soon learned about the Grinch's scheme just as Augustus wakes up after his bed ends up being pulled by the police car due to the panic. Realizing what happened, Augustus angrily lets out a tantrum and blames Cindy Lou for the incident, but Lou (finally realizing what Cindy Lou is trying to say and now sees the mayor's true nature) stands up by reminding everyone that the true meaning of Christmas is to be with friends and family instead of getting gifts or doing contests; even berating Augustus for his treatment towards Cindy Lou and the Grinch.

Realizing that Lou is right, all of the citizens of Whoville agreed to celebrate the holiday without their gifts and started singing in cheer, much to Augustus' frustration. Cindy then takes the opportunity to head up to Mount Crumpit in hopes of inspiring the Grinch with everyone singing. Upon hearing everyone singing in cheer, the Grinch initially got frustrated that his plan failed, but soon realizes the true meaning of Christmas before developing a change of heart.

With the help from Max and Cindy Lou, the Grinch rides his sleigh back to Whoville to return all of the gifts, decorations and food to the citizens. The Grinch then confesses and apologizes for his crimes before surrendering himself to the police as he is willing to accept his punishment. Wanting the opportunity to get back at the Grinch, Augustus orders the police to arrest the Grinch and blind him with pepper spray, but the police and the citizens decided to forgive the Grinch, as they have all learned a lesson about the true meaning of the holiday. Even Martha, who was also mad at Augustus for his treatment of the Grinch, turned down Augustus' proposal by giving him back the ring, saying that her heart belongs to the Grinch.

Realizing now that all of Whoville's citizens have turned against him for what he did to the Grinch, Augustus reluctantly shakes the Grinch's hand to assure no hard feelings, though the latter laughs at him before telling him to cheer up since it's the holidays. Augustus was finally seen again after all the items are returned to the Who citizens before joining the Grinch at the feast in his cave home on Mount Crumpit, so he cheers with the crowd afterwards. Regardless, it's strongly implied that Augustus no longer harassed the Grinch anymore.

* * *

When I was finished, Cindy Lou was shocked!

Grinch: Amazing you know all that.

Me: Grinch, I'm so sorry that you went through all that.

Grinch: You don't need to be sorry about what I went through, J.D. It's fine if you guys like Christmas. But I just don't. It's who I am. And anyway, instead of worring about me, if you really want to keep your cover, you should probably worry more about the good old mayor coming in here any minute.

Top: He's got a point.

Me: Don't worry about him. We'll make sure you get out of here before he comes. Also Grinch you should know that you are never alone in all this. Because you should know 2 things. One: Christmas does not come from a store or anything like that. It comes from inside your heart. And 2: You deserve another awesome and amazing gift and that is friends. Martha loved you back then and she still does now. So Grinch before you leave, at least give friendship a chance.

Grinch knew I was right.

Me: Uh oh. Here he comes.

Grinch left.

Grinch: J.D. thank you.

Me: You're welcome.

He left.

I put on my cloak and glasses and we left.

Me: Cindy Lou, tell your dad about us but don't tell anyone else.

Cindy Lou: Okay.

I winked at her as we left.

Outside we were thinking.

Proto Man: We should still follow Grinch back to his home.

Me: No we can't risk August Maywho knowing we're here. He'll see us climbing up Mount Crumpit and then he will know where here. Instead we're going to formulate a plan.

I looked around and I saw an abandoned bar.

Me: And I think I just found our base of operations for the time being.

We went into the abandoned bar and hid there.

Nico: Good thinking.

Me: Thanks. Now lets come up with a plan.

The Grinch came as we were entering the bar.

Beetle: Oh. Hey, Grinch.

Grinch: Look, I thought about what you guys said. So, can me and Max hang out with you guys?

Me: Sure.

Nico: Awesome.

He came in and was with us.

Me: Here.

I gave him some empty bottles and he ate them.

Poromon: Cool.

Me: Okay. The Whobilation is coming up. So we'll use that as our chance to attack.

Nico: I remember there's a Christmas Light Contest coming up.

Me: Perfect and we can use that as our entrance to attack.

Eli: I heard the competition is going to be fierce.

Laney: Awesome.

Grinch: This is gonna be amazing.

Me: It sure is.

Grinch: You know, it's funny. I've never hung out with so many friendly people before.

Cozy Glow: Neither have I until several months ago.

Starlight Glimmer: It's a long story on that.

Nico: Yeah. We had to many hard battles in all that and more.

Me: We have been through so many battles and have been through so many hardships to get where we're at. And we have gotten stronger and stronger because of it.

Ty Lee: Yeah we sure have.

Laney: Yep. And those battles have been for friendship, love and justice and action, adventure and all that.

Grinch: Wow. I love all your adventures and they are amazing.

Me: They are awesome.

Rainbow Dash: Yeah they sure are.

Katnappe: You know, I don't think you really hate Christmas. You just hate the fact that you're alone.

Me: That's right Grinch. You are just alone because you have no friends. But no one should ever be alone before, during or after Christmas.

Nico: That's right.

Grinch then felt something he had never felt before.

But then…

LOUD HEARTBEAT!

He groaned in pain!

Nico: What is it!?

LOUD HEARTBEAT!

He flew back and Laney caught him!

He was having loud heartbeats.

Lola: I think I know what this is!

We saw the Grinch's heart grow 3 sizes and then he broke down crying.

Me: You're feeling love.

Nico: Yep.

Grinch: You know what? I was gonna do this plan where I steal everyone's presents. But that's scrapped now.

Pirate Man: Actually, ye can still steal the mayor's presents.

Me: Not a bad idea. We can replace his present with ugly lumps of coal.

Nico: Oh! And we can put him on the Permanent Naughty Plague.

Me: You read my mind Nico.

Me and Nico high five.

Grinch: Good idea. But you'll have to help me out with that.

Me: Okay.

Eli: How much time do we have till the Whobilation?

Me: 1 hour. Time sure flew with all this planning.

Erica: It sure did.

Allie Wilde: Yep. This is gonna be good.

Me: Yep.

Lincoln: This is gonna be awesome. Looks like Operation: Whoville Christmas Justice is a go.

Grinch: I love the title for the plan.

Hydrax: Count me and the others in too. After all, technically, we're still criminals.

Me: Awesome.

Lori: I can't wait to literally turn that mayor into a Who Pretzel.

Carol: And pulverize him into pulp.

Lana: This is gonna be good.

Ino: I'm looking forward to this.

Me: Ino when the lighting winner is about to be announced, that's where you come in.

Ino: What do you want me to do?

Me: Use your clans technique and switch with Maywho to make him confess out in the open in front of everyone.

Ino: I like it.

Nico: Very genius.

Grinch: I even got a Santa suit

Veon: What are you waiting for? Put it on!

He put it on.

Hagger: Awesome.

Me: I think we're all set for this.

Nico: I think so too.

Me: All right. Lets get to work.

Dr. Polaris: Now, where's the mayor's house?

Me: We saw him come out of City Hall. So that must be it.

Nico: Great.

Grinch: Leave that to me.

Me: Ooh this is gonna be good.

Eli: It sure will be good.

Me: Awesome. Lets get ready. (Eyes glow red) Get ready August Maywho, On Christmas Day, you are going to have one nasty vote of recall.

---

We were hiding on a roof and watching the whole Whobilation. The Grinch was sneaking around.

Winter Soldier: I hope Grinch doesn't get himself caught.

Me: Don't worry. His disguise is foolproof.

We were watching from afar.

The Grinch then snuck into the Mayor's house and thankfully Maywho was watching the Whobilation. The Grinch swiped all of the Mayor's presents and replaced them all with coal.

Nico: Awesome.

The Grinch came back with the presents.

Me: Phase 1 complete. Now for Phase 2.

We got to watching the Christmas Light Contest.

Vulkanus: What kind of presents are those?

Me: Lets not open them till Christmas.

Vulkanus: Okay.

Then the Christmas Lights came on and we saw Cindy Lou's mom and she and Martha were really showing amazing and dazzling displays of lights. Cindy Lou's mom had an incredible display of lights!

Me: Wow!

Nico: That is impressive.

Grinch: Awesome.

Eli: So incredible.

Maywho: And the winner is…

Me: Ino you're up.

Ino: Right. Ninja Art: Mind Transfer Jutsu.

She sent her mind into Maywho and made him do stuff.

Maywho: Betty Lou Who!

Everyone cheered wildly!

Nico: That's it?

Me: Nope. Ino's just getting started.

Maywho: I have something else I want to say.

Ino made Maywho blab all and the crowds were shocked and horrified that he could be so cruel to the Grinch!

Flame Man: And now, we do our entrance!

Ino came back.

Me: Good work Ino. Now for action.

We went at the stage and everyone was booing and jeering Maywho and they were calling him a heartless bully and all that.

Suddenly the spirits of the Titans of Weather swirled around and everyone was wondering what was happening. Then the spirits converged and then…

KRABBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion went off and we came out.

Me: Your reign is over Maywho!

I then revealed myself and so did everyone and everyone gasped!

Martha: Team Loud Phoenix Storm!

Me: That's right and we exposed this bad mayor!

Nico: Yes we have.

Maywho: You're siding with the Grinch? He's a monster! He doesn't deserve happiness!

DC Enchantress: You don't get to decide what he deserves!

Me: And there is one thing that he has that YOU DON'T! FRIENDS!

Everyone gasped.

Nico: And we are his friends!

Cindy Lou: I will be his friend too!

Everyone then came up to the Grinch and everyone agreed with us! Maywho looked shocked and then that shock quickly turned into pure rage as he turned purple and was really to bust an artery!

Nico: Oh he is mad.

Then Dr. Viktor, Demyx, Heat Wave, Dai Gui, Vulture, Living Laser, Cheshire, Girder, Titania, Beautiful Gorgeous, Aqueduct, Dr. Octopus, 2016 Morbucks, Eris, Rojo and Rainbow Raider appeared.

Me: Dr. Viktor, Demyx, Heat Wave, Dai Gui, Vulture, Living Laser, Cheshire, Girder, Titania, Beautiful Gorgeous, Aqueduct, Dr. Octopus, 2016 Morbucks, Eris, Rojo and Rainbow Raider.

Dr. Viktor: It was very easy to spot you guys.

Me: I had a feeling you would find us that easily.

William: How are you guys enjoying the Whobiliation so far?

Cheshire: It's actually pretty good.

Me: It's awesome.

Girder: And the entrance was awesome!

Titania: Good thing everyone still has their presents.

Beautiful Gorgeous: Except the Mayor. He gets shit!

Me: Actually he gets coal as well as a spot on Santa's Permanent Naughty Plaque.

Nico: Yep he sure does.

Then 2 new figures came and they were NOSFERATA and FLARERIZAMON!

Nico: Nosferata and Flarerizamon!

Cheshire: Yep. We have them with us to be new archenemies. Nosferata is going to be Cassidy's archenemy and Flarerizamon is going to be Halinor's archenemy.

Cassidy: Oh wow! I am so honored.

Halinor: This is gonna be awesome!

?: It sure is.

Clawbster appeared again.

Me: Clawbster. Back for round 2.

Clawbster: Yep.

Me: Cool.

Clawbster: Can I please turn this so called mayor into stone until the battles are done?

Me: Go for it.

Clawbster: Thanks.

He fired a beam of energy and it turned Maywho into stone!

Me: Awesome!

Nick Russell: Yep.

We got usual battles underway.

Will Vandom, the Big Saturn, Elemental HERO Nebula Neos, Twilight Sparkle, Luster Dawn, Sunny Starscout, Dark Magician Girl, Magic Skylanders, Ben 10, Gwen, Kevin, Max, Lincoln, Linka, Borth Majar (Chaotic), Emerald Sustrai and Illia VS Dr. Viktor (The Heart) - Evil Version of AncientVolcanomon being destroyed

---

Dr. Viktor was first.

Dr. Viktor: (to Will) I heard an evil version of AncientVolcanomon being destroyed. Was any water used?

Will Vandom: There was but it was all mostly from water balloons. But not even that was enough.

The Big Saturn: It took the combined power of J.D. and Piper to destroy him a second time.

Elemental HERO Nebula Neos: And that was an amazing feat of them to destroy an evil version of one of the 10 Legendary Warriors.

Twilight Sparkle: I think that is amazing myself.

Luster Dawn: You should have seen what they did. Piper used the power of new armor she got from her Phoenixmon Partner and J.D.

used the power of his Zhuqiaomon armor.

Sunny Starscout: It was so awesome. J.D. now has Zhuqiaomon as his partner Digimon and Piper now has a Phoenixmon as her partner Digimon.

Dark Magician Girl: That is so awesome and cool.

Dr. Viktor: Wow! J.D. has one of the Digimon Sovereign as his partner Digimon? That is amazing!

Spyro: It sure is! It's amazing.

Ben 10: That is so epic.

Gwen T.: It's amazing that J.D. and Piper can fuse with them now.

Kevin Levin: It sure is awesome.

Max T.: Yeah I think so too.

Lincoln: It's amazing that many of us have Partner Digimon.

Linka: It sure is.

Borth Major: Yeah it sure is amazing.

Emerald Sustrai: Yep. This is gonna be awesome when we take on some of the Bagra Army Generals on February 7th.

Illia: They aren't gonna know what is gonna hit them.

Dr. Viktor: No they won't. Lets do it!

They fired waves of magic and lightning and smashed him down.

Will Vandom: AWESOME!

Twilight Sparkle: That was amazing!

Irma Lair, Light and Darkness Dragon, Chazz Princeton, Princess

# Cadance, Lorelai, Sora, Aqua, Commander Mars and Commander Jupiter VS Demyx (Water) - Amazing how J.D. and the Fusion Fighters and everyone were able to destroy an evil version of one of the 10 Legendary Warriors

Demyx was next.

Demyx: That is amazing how J.D., Piper and the Fusion Fighters were able to destroy an evil version of one of the 10 Legendary Warriors.

Irma Lair: It sure was amazing. J.D. said that it was an incredible feat for them to do that. And AncientVolcanomon is a Mega Level Digimon and that speaks Volumes on that.

Light and Darkness Dragon: It sure does and that makes them legends already all on its own.

Chazz Princeton: It sure does. We're proud of them for doing that.

Princess Cadance: That is an amazing feat. To take on a powerful Digimon like AncientVolcanomon is incredible.

Lorelai: It sure is. Someone of AncientVolcanomon's caliber was not easy.

Sora: It sure wasn't and we're proud of them.

Aqua: Boy we sure are.

Demyx: We all are proud of them. But why are some of us with the group again?

Irma Lair: It's part of an experiment that J.D. created. It's for the Guardians of Candrakar for a future set of Usual Battles when the need comes.

Demyx: Oh I get it. Like a test. All he has left are Kadma and Yan Lin to find archenemies for.

Irma Lair: Bingo. We'll have to keep our eyes peeled for future archenemies.

Demyx: One of Earth for Kadma and one of Wind for Yan Lin. Plenty to choose from.

Irma Lair: Yep.

Demyx: Lets do it!

They fired waves of water, light and darkness and magic and smashed him down.

Irma Lair: Take that!

Princess Cadance: That was so fun!

Taranee, Jack Atlas, Red Dragon Archfiend, Carly Atlas, Pepperdance, Firecracker Burst, Cayenne, Flamebird, Volcana, Lola, Red Lantern Ratchet and Zilius Zox VS Heat Wave (Fire) - J.D. and Piper getting their own Fusion Digivices

---

Heat Wave was next.

Heat Wave: That is awesome that J.D. and Piper got their own Fusion Loader Digivices.

Taranee: It sure is amazing. This is gonna be awesome to see more fusions with J.D., Piper and the Fusion Fighters. And I think it's gonna be awesome to see more and more Digimon in the Masters of Evil.

Jack Atlas: I agree there. It's going to be amazing.

Red Dragon Archfiend: I think so too. It's gonna be amazing to see.

Heat Wave: I do too. Carly when is Alexis due for her babies?

Carly Atlas: She is due tomorrow. (SQUEALS) We are so excited to meet her new children.

Heat Wave: Wow! Christmas Eve babies! That is awesome! I heard that not many babies are born on Christmas Day.

Pepperdance: (Cajun Accent) Ooowee! Not very many indeed.

Cayenne: Only 172,000 Babies are born on Christmas day and for them to be born on the holiday in general makes them VERY SPECIAL babies.

Flamebird: It sure does make them very special.

Volcana: Our lord and savior Jesus Christ was born on December 25th which became Christmas and it's hence why the holiday was named after him.

Lola: It's true and Christmas is only 2 days away.

Heat Wave: Boy it sure is coming fast. And at 12:00 Midnight tonight, Santa takes off to begin his journey around the world.

Taranee: Yep.

Heat Wave: This is gonna be awesome. Lets do it!

They fired waves of fire and smashed him down.

Taranee: WOOHOO!

Pepperdance: OOOWEE! That was fun!

Cornelia Hale, Akiza, Black Rose Dragon, Misty Tredwell, Sassy Saddles, Sapphire Shores, Jackie Chan, Jade Chan, Tara, Lynn, Tso Lan the Demon Sorcerer of The Moon and Juandissimo Magnifico VS Dai Gui the Demon Sorcerer of Earth (Earth) - 3 Bagra Army Soldiers down and many to go

---

Dai Gui the Demon Sorcerer of Earth was next.

Dai Gui: 3 Bagra Army Soldiers down and many to go. Who will the next target be?

Cornelia Hale: We're going after IceDevimon next and he's going to be in the Lake Zone.

Akiza: I heard that Rika and Renamon fought an IceDevimon before and he easily overpowered her.

Black Rose Dragon: That's what I heard and that was a tough challenge for her.

Misty Tredwell: I hope that doesn't bring up any bad memories for her.

Sassy Saddles: (British Accent) One can only hope on that.

Sapphire Shores: Yes indeedy. But thank goodness that they are going to face him.

Jackie Chan: And IceDevimon is only a Champion Level Digimon so it'll be a snap for J.D. and Piper and the others.

Jade Chan: I agree. But if he is in any way like Devimon then it's going to be tough.

Tara: Yeah no kidding.

Lynn: Not a good thing guys.

Dai Gui: No it's not. Lets do it!

They fired waves of rock, crystal, jewels and energy and smashed him down.

Cornelia Hale: That was awesome!

Sassy Saddles: It was great!

---

Hay Lin, Yusei, Stardust Dragon, Spitfire, Soarin, Cloudkicker, Lori, Air Man, Wind Man, Agony and Calypso VS Vulture (Air) - J.D. got his own Earth Spirits

---

Vulture was next.

Vulture: It's awesome that J.D. now has his own Earth Spirits. Now J.P. also has his own Earth Spirits that he got from Grumblemon too.

Hay Lin: That is completely coincidental and J.D. got his version of the Spirits of Earth from when he destroyed that evil AncientVolcanomon.

Yusei: It sure is and I think that is so awesome.

Stardust Dragon: I think so too. Now J.D. and J.P. both have Earth Spirits. You know that sounds confusing there. J.D. and J.P. almost exactly share the same name.

Spitfire: Boy that sure is confusing isn't it.

Soarin: No kidding. But J.D.'s first name is James Dean where as J.P.'s name is Junpei.

Stardust Dragon: That makes sense for me to understand.

Cloudkicker: It sure does. Now it's not as confusing as it was.

Lori: But it literally does make sense now. Also everyone sometimes gets J.D.'s name mixed up too. They sometimes call him D.J., T.J., and others.

Wind Man: Yeah but he doesn't mind it.

Air Man: Yeah he's used to it.

Vulture: True. Lets do it!

They fired waves of wind and stars and energy and smashed him down.

Hay Lin: WOOHOO! Take that!

Soarin: That was so fun!

Megan McCallister, Luna (5D's), Ancient Fairy Dragon, Star Swirl the Bearded, Rockhoof, Mistmane, Somnambula, Mage Meadowbrook, Stygian, Gusty the Great, Clover the Clever, Flash Magnus, Iron Man, War Machine, Sissi Delmas and Pacifica Northwest VS Living Laser (Space) - J.D. telling Nene and everyone about how we took down Lucemon

---

Living Laser was next.

Living Laser: That was a really amazing battle from when J.D. and everyone destroyed Lucemon and it's incredible that he was chosen as the emissary of the 10 Legendary Warriors to take him down.

Megan McCallister: Yeah it was like something out of Star Trek Deep Space Nine where Benjamin Sisko was chosen to return the Pah-Wraiths to their Prison in the Fire Caves on Bajor.

Luna (5D's): That was really scary seeing what the Pah-Wraiths were like. They were pure evil.

Ancient Fairy Dragon: They wanted to burn the entire universe and light it all on fire.

Living Laser: I know. I watched Star Trek Deep Space Nine back when I was little and that was awesome. I'm a huge Star Trek fan.

Star Swirl: That is amazing! And it was J.D.'s dad that got him into it.

Rockhoof: (Scottish Accent) Aye. It's amazing that all that happened in that series.

Mistmane: It sure is. I think it's all amazing.

Flash Magnus: Seeing so many awesome planets and aliens is amazing.

Somnambula: (Egyptian Accent) I think it's really cool and amazing myself.

Mage Meadowbrook: I think so too. But what the Pah-Wraiths were gonna do was just absolutely terrible.

Gusty the Great: You aren't kidding there. It was horrible.

Stygian: (British Medieval Accent) Like a fire-breathing dragon that is going to destroy all life in its path.

Clover the Clever: That is a good way to describe it.

Iron Man: It sure is.

War Machine: No kidding.

Living Laser: That is true. Lets do it!

They fired waves of stars and elements and smashed him down.

Megan: Take that!

Star Swirl: That was so fun!

Cassidy, Leo (5D's), Life Stream Dragon, Big Mac, Apple Fritter, Apple Rose, Granny Smith, Goldie Delicious, Dr. Strange, J.D. Knudson as Wolf Moon and Riley VS Nosferata - Billy McLean being tortured in the Boo Box

Nosferata was next.

Nosferata: This is gonna be awesome having you as my archenemy Cassidy.

Cassidy: I will do my best to not disappoint you.

Nosferata: Indeed. It was really clever of J.D. to use the Boo Box on Billy McLean and torture him with everything he put the contestants all through.

Cassidy: Kind of like that old saying, What Goes Around Comes Around. And it's also like An Eye for An Eye and a Tooth For a Tooth. He got hit hard by the very same forms of torture and humiliation that he dealt to his contestants. What a heartless monster!

Leo (5D's): He brought all that on himself.

Life Stream Dragon: He most certainly did and the Boo Box being used for those punishments is very fitting for him.

Big Mac: Eeyup!

Apple Fritter: I agree there. Very smart thinking there.

Apple Rose: Boy you said it. What Billy McLean did makes him lower than a snake wriggling around in a tar pit.

Granny Smith: You bet your hot diggity applesauce on that.

Goldie Delicious: Thank goodness he is going to be feeling all the pain from all that.

Dr. Strange: You got that right.

Nosferata: It sure is very poetic. And J.D. how did you bring Cassidy back to life?

Me: I used a powerful magic spell to bring her spirit back and then I snapped my fingers and resurrected her. She is Irma's predecessor and also I became the Guardian of Lightning and it was to have Cassidy teach me.

Cassidy: J.D. needed my help with this. He is the first ever male Guardian of Candrakar.

Nosferata: That's a good reason. Smart thinking.

Riley: Boy it sure is.

Nosferata: Indeed. Lets do it!

Me: Kibal LETS HOWL! (HOWLS)

(THE WOLF AND THE MOON BY BRUNUHVILLE PLAYS)

I turned into WOLF MOON!

We fired waves of blue fire and water and apples and smashed her down.

Cassidy: YEAH! That was so fun!

Me: (HOWLS!)

Granny Smith: YEEHAW! That was great!

Halinor, Crow Hogan, Black-Winged Dragon, Fire Lori, Liquid Leni, Stone Luna, Ice Luan, Steel Lynn, Air Lincoln, Shadow Lucy, Crystal Laney, Dirt Lana, Plant Lola, Lightning Lisa, Light Lily, Takato, Jeri, Rika, Henry, Lea and Francis VS Flarerizamon - Who the next target of the Bagra Army is going to be

---

Flarerizamon was next.

Flarerizamon: This is gonna be awesome having you as my archenemy Halinor.

Halinor: It sure is gonna be neat. I'm looking forward to this too.

Flarerizamon: Same with me. Who is the next target of the Bagra Army going to be?

Halinor: J.D. said that it's going to be IceDevimon in the Lake Zone and he is a Digimon that is like Devimon but with a heart that is as cold as ice.

Crow Hogan: And I heard that Rika and Renamon faced him before and that was tough.

Black-Winged Dragon: It sure was. Hard to imagine that he gave Renamon and Rika a challenge like that.

Flarerizamon: That's gonna be tough.

Fire Lori: But J.D., Piper and the Fusion Fighters will be ready for him.

Liquid Leni: They totes sure will.

Stone Luna: He is a Champion Level Digimon after all and he won't be a problem for them.

Ice Luan: They handled tougher Digimon than him.

Steel Lynn: They sure have and it will be awesome to face him.

Air Lincoln: It sure will and J.D., Piper and the Fusion Fighters are going to win.

Shadow Lucy: Yes they sure will.

Crystal Laney: Yes they will and it's going to be awesome and fun to see.

Dirt Lana: Anyone that follows the Bagra Army is gonna wish they were never born.

Plant Lola: You got that right!

Lightning Lisa: Most absolutely right.

Light Lily nodded in agreement.

Flarerizamon: I agree too. And Takato, Rika, Henry you guys faced IceDevimon before right?

Takato: We sure did.

Henry: He put up a really nasty fight.

Rika: And that's where I started getting a grudge on Digimon.

Jeri: Oh Rika.

Flarerizamon: That is rough. But you guys have experiences with him so maybe you can give J.D., Piper and the Fusion Fighters some pointers.

Takato: That's not a bad idea.

Lea: I agree there.

Flarerizamon: Indeed. And Lea, I heard that during the battle with Nerissa you and the Fire users faced Halinor on the destroyed island of San Baquero. That must've been epic.

Lea: Boy it sure was. And we saved Halinor from Nerissa's control.

Flarerizamon: That is amazing. Lets do it!

They fired waves of fire and elements and smashed him down.

Halinor: That was so fun!

Fire Lori: It literally was!

Casey Rhodes, Elemental HERO Terra Firma, Elemental HERO Storm Neos, Elemental HERO Poison Rose, Elemental HERO Woodsman, Fluttershy, Tornado Bolt, Life Skylanders, Jungle Fury Rangers, Starfire, Raven, Tara, Jinx, Black Widow, Sparkstalker and Fangry VS Cheshire - Awesome how we used the Boo Box on Billy McLean

---

Cheshire was next.

Cheshire: (to Casey) It's awesome how you guys used the Boo Box on Billy McLean. But can you remind me why it's called that again?

Casey Rhodes: It's called that because they stuff someone into it and lock it and scare the living crap out of them as they torture and kill someone in it.

Elemental HERO Terra Firma: J.D. got the idea for it from the 1991 movie Hook with Robin Williams and Dustin Hoffman and that was awesome.

Elemental HERO Storm Neos: It sure was awesome and very clever if I do say so myself.

Cheshire: Boy I haven't watched that movie in a long time. I heard that 30 years later, that scene with the Boo Box still scares the living daylights out of people to this day.

Elemental HERO Poison Rose: That is true and it can be traumatizing to some kids that actually know what is happening in that movie.

Elemental HERO Woodsman: But it was a really genius way to torture someone. Even Anko Mitarashi agrees.

Fluttershy: That was really scary. But I'm happy for J.D. to use it in real life.

Tornado Bolt: It was good thinking on his part.

Stealth Elf: I agree there. As long as we don't use scorpions for it like in the movie.

Cheshire: No I don't think we want to do that to people. We'll just only use it for humiliation purposes.

Theo Martin: I agree there. Billy McLean deserved to be put into the Boo Box for his crimes.

Lily Chillman: But Billy had it coming for everything he did to all the people on Total Drama.

R.J.: He sure did. He has no honor and only got a sick thrill out of torturing and humiliating people all just to boost ratings and satisfy his own amusement.

Starfire: What a heartless monster.

Raven: And I thought my father was bad.

Tara: Same with my father.

Jinx: What a beast.

Black Widow: His heart is as black as night.

Cheshire: You're not kidding there. Lets do it!

Jungle Fury Rangers: JUNGLE BEAST! SPIRIT UNLEASHED!

They transformed.

Casey Rhodes: WITH THE STRENGTH OF THE TIGER! JUNGLE FURY RED RANGER!

Theo Martin: WITH THE STEALTH OF THE JAGUAR! JUNGLE FURY BLUE RANGER!

Lily Chillman: WITH THE SPEED OF A CHEETAH! JUNGLE FURY YELLOW RANGER!

R.J.: WITH THE COURAGE OF A WOLF! JUNGLE FURY WOLF RANGER!

Dominic: WITH THE POWER OF A RHINO! JUNGLE FURY RHINO RANGER!

Spirit Bat Ranger: WITH THE SPIRIT OF A BAT! JUNGLE FURY BAT RANGER!

Spirit Shark Ranger: WITH THE SPIRIT OF A SHARK! JUNGLE FURY SHARK RANGER!

Spirit Elephant Ranger: WITH THE SPIRIT OF AN ELEPHANT! JUNGLE FURY ELEPHANT RANGER!

Jarrod: WITH THE STRENGTH OF THE MIGHTY LION! JUNGLE FURY BLACK LION RANGER!

Camille: WITH THE CUNNING OF A CHAMELEON! JUNGLE FURY CHAMELEON WARRIOR!

All: WE SUMMON THE ANIMAL SPIRITS FROM WITHIN! POWER RANGERS JUNGLE FURY!

KRABBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion went off behind them and they were ready for action!

They fired waves of energy, leaves, grass, flowers and fruit and smashed her down.

Casey Rhodes: That was awesome!

Fluttershy: That was fun.

---

Roach (Supernoobs), The Despair Uranus, Elemental HERO Magma Neos, Elemental HERO Bladedge, Pinkie Pie, Maud Pie, Marble Pie, Featherweight, Tech Skylanders, Iron Man, War Machine, Thing, Squawktalk and Beastbox VS Tony Woodward A.K.A. Girder - Funny how we made Billy relive the same torture he gave to all the people on Total Drama

---

Girder was next.

Girder: (to Roach) It's funny how you guys made Billy relive the same torture he gave to all the people on Total Drama. But that's probably not all of the people that he hurt.

Roach: Oh Billy hurt MANY MORE than just those on Total Drama. He also hurt tons and tons of people all over the world just to boost the ratings.

The Despair Uranus: He hurt many lives all over the world when he did Total Drama and hurt many people young and old. His heart was as black as night.

Elemental HERO Magma Neos: He had no love for anyone other than his own self gratification as well as boosting ratings all to inflate his ego.

Elemental HERO Bladedge: No wonder that monster will never have any friends.

Pinkie Pie: No he never will! He has to be the biggest party pooper of them all!

Maud Pie: (Monotonously) I hope he likes reliving all the tortures that he gave to the people he met nightmares for life.

Marble Pie: He had it coming for a long long time.

Featherweight: He sure did. It's hard to imagine he was that evil and dangerous.

Sprocket: Yeah no kidding. What he did makes him one of the lowest of the low.

Iron Man: Yeah if Canada had the death penalty he would no doubt get it.

War Machine: Canada stopped using the Death Penalty back in 1976 and there hasn't been an execution there for 45 years.

Girder: He would be the 1st one ever in 45 years to be executed there.

Thing: Yeah he sure would have been. I hate that clod.

Girder: Who doesn't? Lets do it!

They fired waves of gears, metal, lightning and energy and smashed him down.

Roach: OH YEAH!

Pinkie Pie: BEST USUAL BATTLE EVER!

Fabia, The Supremacy Sun, Elemental HERO Glow Neos, Elemental HERO Sparkman, Princess Celestia, Minuette, Twinkleshine, Lemon Hearts, Moondancer, Lyra Heartstrings, Sunset Shimmer, Twilight Sparkle, Light Skylanders, She-Hulk, Red She-Hulk, Batgirl, Wonder Woman, Hawkgirl, Glumshanks and Hunch VS Titania - Billy McLean is gonna probably be transferred to the Saturn Insane Asylum forever

---

Titania was next.

Titania: (to Fabia) Billy McLean is gonna probably be transferred to the Saturn Insane Asylum forever. But we can still humiliate him.

Fabia: Yeah you said it. But what he did makes hime one of the absolute lowest of the low. Everyone in Canada and all over the world hates his guts now because of everything he did.

The Supremacy Sun: Yeah he has absolutely no honor. All he cares about is boosting ratings and inflating his own ego as well as torturing and humiliating others to get what he wants.

Elemental HERO Glow Neos: If you ask me, I think his father was pure evil and he inherited some kind of evil gene from him.

Elemental HERO Sparkman: That could be the case. But Billy did all kinds of horrible things to people that inflicted psychological, emotional and physical damage.

Princess Celestia: He sure did and that is someone that we NEVER will want on Earth or any part of the Solar System.

Minuette: Boy I agree on that.

Twinkleshine: What Billy McLean did is enough to make anyone hurl their guts out in disgust.

Lemon Hearts: How Billy McLean managed to become a host on TV and falsely pass a psychological test is beyond me.

Moondancer: Yeah he is an absolute monster!

Lyra Heartstrings: But thank goodness that after he was thrown in jail they made it officially put into law to have all hosts that enter and are on the network undergo psyche tests.

Sunset Shimmer: That is a completely good thing.

Twilight Sparkle: And if Billy were to take that test he would fail miserably and he would never be permitted to work anywhere ever again.

Spotlight: You're not kidding there Twilight.

She-Hulk: Yeah and he will never be getting out of prison anytime soon.

Red She-Hulk: Instead of the Death Penalty he was given a sentence of 82 life terms plus millions of years in prison and was declared a Dangerous Offender.

Titania: What's a Dangerous Offender?

Batgirl: In Canada, Wales and England, anyone that is declared a dangerous offender will likely spend the rest of their life behind bars without chance of parole or release because they are classified as a danger to the entirety of society.

Wonder Woman: Since Canada doesn't have the death penalty it's best to let them rot.

Hawkgirl: I agree with that one.

Titania: That makes sense. Lets do it!

They fired waves of light and magic and smashed her down.

Fabia: That was so awesome!

Princess Celestia: That was great!

Rita, The Splendid Venus, Elemental HERO Air Neos, Elemental HERO Avian, Rainbow Dash, Scootaloo, Pickle & Barley Barrel, Air

# Skylanders, Jimmy Neutron, Cindy Vortex, Carl, Sheen, Libby, Mistmane, Stormy Weather and Proto Man VS Beautiful Gorgeous - Awesome how we met the Grinch and Beautiful Gorgeous watched the Grinch back when she was a little girl like Rita

---

Beautiful Gorgeous was next.

Beautiful Gorgeous: (to Rita) It's awesome how you guys met the Grinch. Did you know that I watched the Grinch back when she was a little girl like you?

Rita: Boy it brings back so many awesome memories. The one from 1966 is my childhood favorite.

Beautiful Gorgeous: Same with me. That is awesome!

The Splendid Venus: The cartoon version of Dr. Seuss's How The Grinch Stole Christmas will always be an iconic treasure in many peoples childhoods for generations to come.

Elemental HERO Air Neos: It sure will be and I think it's so awesome that many people love those stories. Also that smile from the Grinch is very funny and awesome.

Elemental HERO Avian: It sure is. The Grinch from the year 2000 is funny too and it's awesome that we got to see a much more detailed version of how one of Dr. Seuss's iconic fuzzy creations came into being.

Rainbow Dash: Boy it sure is awesome. But at the same time I feel really bad for the Grinch because of how he was treated and how he got to hating Christmas all because of August Maywho.

Scootaloo: YEAH! Who does that monster think he is ruining him like that!?

Pickle Barrel: We should kick him in the one place where it really hurts the most and that is in his crotch!

Barley Barrel: And make him hurt REALLY BAD!

Whirlwind: YEAH! He had this coming for 53 long years!

Jimmy Neutron: He most certainly did!

Cindy Vortex: I hope he likes enduring the same levels of torture that Billy got earlier this morning!

Carl: Uh what tortures?

Sheen: Lets call Ultra Lord and smash him to pieces!

Mistmane: That would be cool to see.

Beautiful Gorgeous: Yeah it sure would. Lets do it!

They fired waves of rainbows, lightning and wind and smashed her down.

Rita: That was great!

Rainbow Dash: That was AWESOME!

Elemental HERO Bubbleman; And he is not going to like it one bit.

Rarity: I have a feeling I know where he is going to go darling.

Sweetie Belle: Boy me too. And I hope he likes it.

Kerfuffle: (Minnesota Accent) And it's not going to be fun for him doncha know.

Gill Grunt: I have a feeling I know what is going to be coming for him right Ghost Riders?

Ghost Rider: You got that right.

Carter Slade: Yep. This is gonna be one helluva last Christmas for him.

Scarlet, The Supression Pluto, Elemental HERO Dark Neos, Elemental HERO Necroshade, Princess Luna, Moondust, Snowdrop, Children of The Night, Ink Rose, Moonlight Raven, Dark Skylanders, Spiderman, Mary Jane, White Tiger, Squirrel Girl, Squidward, Pirate Man and June VS Doc Ock - Smart thinking of Ino to use her clans technique to get Maywho to talk

---

Doc Ock was next.

Doc Ock: (to Scarlet) That was smart thinking of Ino to use her clan's technique to get Maywho to talk. It's just as effective as truth serum.

Scarlet: It sure is and Ino's Clan, the Yamanaka Clan, is very widely known as the Mindwalkers and their methods of mind walking techniques are very amazing.

The Supression Pluto: They sure are and it was awesome how Ino controlled Maywho like that.

Elemental HERO Dark Neos: We're very proud of Ino for using her techniques like that. Very strategically well planned.

Elemental HERO Necroshade: It sure was very well thought up.

Princess Luna: It sure was and I thought it was very cool myself.

Moondust: It sure was awesome to see Ino do that.

Snowdrop: I thought it was pretty cool. Ino's family sure knows how to do stuff.

Gari: Ino deserves some of the credit for the mission when this is done.

Ink Rose: She sure does and we're very proud of her.

Moonlight Raven: We sure are and she earned it.

Blackout: Absolutely. We're proud of her.

Spiderman: I think so too.

Mary Jane: I agree there and she more than earned some of the credit.

White Tiger: I agree with you there Mary Jane.

Squirrel Girl: Same with me.

Squidward: She earned it too.

Doc Ock: I agree. Lets do it!

They fired waves of darkness and energy and smashed him down.

Scarlet: That was awesome!

Princess Luna: A true victory of the night!

## Lexx, Blazing Mars, Elemental HERO Flare Neos, Elemental HERO Burstinatrix, Sunset Shimmer, Pip-Squeak, Fire Skylanders, Powerpuff Girls, Scoorge McDuck, Veon and Hagger VS 2016 Morbucks - The Grinch is awesome and funny

2016 Morbucks was next.

2016 Morbucks: (to Lexx) The Grinch is awesome and funny! But he's also very lonely.

Lexx: Yeah I feel bad for him. He's not only lonely but he lost his faith all because of that monster Maywho!

Blazing Mars: YEAH! He was a total bully to him all those years ago.

Elemental HERO Flare Neos: Just absolutely pathetic that people bully people just because they look different or that they are better than everyone.

Elemental HERO Burstinatrix: People like August Maywho have ABSOLUTELY no shame like that.

Sunset Shimmer: I know that feeling myself. I was once a bully and I thought I was better than everyone else myself. But thank goodness I am not like that anymore.

Pip-Squeak: (British Accent) Thank goodness for that Sunset.

Sunburn: That's in the past.

Blossom: Yeah no kidding.

Bubbles: What Maywho does is horrible!

Buttercup: And he is the dumbest of them all"!

Bunny: You got that right!

Scrooge McDuck: (Scottish Accent) Aye lass. There can only be ONE person that hates Christmas around here and that's me, Scrooge McDuck.

They laughed.

2016 Morbucks: That is true. Lets do it!

They fired waves of fire and energy and smashed her down.

Lexx: OH YEAH!

Sunset Shimmer: That was awesome!

Tracer, The Grand Jupiter, Elemental HERO Grand Neos, Elemental HERO Clayman, Applejack, Apple Bloom, Earth Skylanders, Taylor (Loud House), Diamond Tiara, Silver Spoon, Frozen Fright, Thunder Terror, Magma Gloom, Toxic Horror, Louie PoisonSea, Cyborg 003, Red Hood and Winter Soldier VS Rojo - Rojo loved the Grinch growing up

---

Rojo was next.

Rojo: (to Tracer) I loved the Grinch growing up. That being said, I also felt sorry for him.

Tracer: (British Accent) Yeah I too loved the Grinch when I was growing up too and I felt bad for him myself.

The Grand Jupiter: Yeah who DOESN'T feel bad for the Grinch. The guy lost his faith all because he was bullied for being different.

Elemental HERO Grand Neos: That is not right! What happened to the Grinch was horrible and I feel bad for him too.

Elemental HERO Clayman: Yeah no kidding. It's just absolutely terrible all that happened to him.

Applejack: Boy it sure is. Also Twilight said that The Grinch reminds her of the story of A Hearthswarming Tale.

Rojo: I heard that she read that story to you all last year before a big Christmas Carol play and it was like A Christmas Carol by Charles Dickens.

Apple Bloom: Yep. That was a great story and it was awesome.

Flashwing: The part with the Spirit of Hearthswarming Yet to Come really scared J.D. and he had ice forming down his spine. Literally.

Rojo: Yeah that part with the Ghost of Christmas Yet to Come really scared me too when I heard about it. Scrooge's future was filled with nothing but forgotten memories, death and eternal damnation if he didn't change his ways.

Taylor (Loud House): That is scary. I wasn't there to hear it but it sure sounded scary.

Diamond Tiara: That was a scary part. Except when Snowfall Frost succeeded in her spell, she would plunge all of Equestria into Eternal Winter from the Windigos.

Silver Spoon: Really scary.

Frozen Fright: Boy you're not kidding there. I love A Hearthswarming Tale as much as I love A Christmas Carol and both stories were awesome.

Thunder Terror: They were so awesome.

Magma Gloom: I felt bad for Tiny Tim though.

Toxic Horror: Yeah me too. Poor kid. But at least he got the help he needed in the end.

Louie PoisonSea: He sure did.

Françoise: He sure did.

Rojo: You're not kidding. Lets do it!

They fired waves of rock, apples, crystal and energy and elements and smashed her down.

Tracer: That was most fun!

Applejack: YEEHAW! That was great!

---

Eris was next.

Eris: (to Lane) Who does Maywho think he is bullying the Grinch? He's no better than Chris Hargensen!

Lane: Actually Chris Hargensen was worse because she tormented and humiliated Carrie and she made Carrie go on a rampage that killed over 270 people and destroyed all of Chamberlain.

Eris: Ah. That is a good point. Thank goodness that didn't happen in Whoville though.

The Tripper Mercury: That is a good thing. That would have resulted in a huge tragedy.

Elemental HERO Chaos Neos: It sure would. Thank goodness that didn't happen though.

Starlight Glimmer: Everything that happened in the Grinch reminds me of what happened in the story A Hearthswarming Tale as well as

A Christmas Carol.

Cozy Glow: Boy it sure did and that was so amazing.

Hex: But we got to change the Grinch into a good person.

Hercules: That is amazing.

Zeus: Boy it sure is amazing.

---

Rainbow Raider was next.

Rainbow Raider: Now the people of Whoville know all about the true nature of Augustus Maywho.

Catherine Lancaster: (British Accent) They sure do and they are absolutely disgusted by it.

Rainbow Neos: No one should ever have a bully for a mayor.

Susanne Crelsley: You said it there. He gives all mayors everywhere a bad name.

Sandra Thompson: Yep he sure does.

Hannah Florington: I'm glad we're going to give him a taste of justice.

Emerald Logan: And it's not going to be pretty for him.

Chloe Laurine: I hope he likes justice done Christmas Style.

Nadine Flores: Absolutely and it won't be pretty.

Caitlyn Gunnison: No it sure won't.

Jesse Anderson: Crystal Love with a side of Crystal Retribution.

Cholan: Ooh I like that.

Rainbow Raider: Me too. Lets do it!

They fired waves of rainbow energy and energy of each of the 7 colors of the rainbow and smashed him down.

Mystic Force Rangers, Megaforce Rangers, Nico, Eli, Nunnally, Ellie Singh and Qin VS Clawbster

---

Clawbster was next.

Nico: This will be fun.

Ellie: Yeah it sure will be.

Nico teleported and opened Clawbster's safe and in it was a bunch of swords called the Symbiotic Defenders of Justice, they're large swords with the eyes of the Symbiotes etched on the 6'5" massive, wide, double-edged colored blades, large curved upward ram horns for the crossguards, large gems for the hilts, longer black handles, and large colored faceted sphere pommels with surrounding colored gems. Once in hand, they'll get a massive power and energy increase.

Nico teleported back with them.

Mystic Force Rangers: MAGICAL SOURCE! MYSTIC FORCE!

The Mystic Force Rangers transformed!

Megaforce Rangers: LEGENDARY RANGER MODE! MYSTIC FORCE!

The Megaforce Rangers turned into the Mystic Force Rangers too!

Mystic Force Rangers: CHECKMATE!

Nico: Clawbster you have failed this city again.

Troy Burrows: Rangers that's a Super Mega Win.

We regrouped.

?: I will have my revenge on you for foiling my plans, Bond!

Suddenly, the eight large planets and stars orbiting around my legs,

the eight large orange orbs orbiting around Lincoln, Linka, and Duke Lincoln's legs, the eight large dark blue orbs orbiting around Ed Cowart's legs, the eight large crimson red orbs orbiting around Naruto's legs, the eight large black orbs with the Eye of Horus orbiting around Cody (OC)'s legs, the eight large pink orbs orbiting around Lola and Lexx Loud's and Steven Universe's legs, the eight large green orbs orbiting around Lynn Sr.'s legs, the eight emerald green orbs orbiting around Yakko Warner's legs, the eight large sapphire blue orbs orbiting around Wakko Warner's legs, the eight large hot pink orbs orbiting around Dot Warner's legs, the eight large marine blue orbs orbiting around Liam and Leif Loud's legs, the eight large scarlet red orbs orbiting around Lynn Loud and Lynn Jr.'s legs, the eight coral red orbs orbiting around Timon's legs, the eight large blue orbs orbiting around Lori and Loki Loud's legs, the eight large sea-foam green orbs orbiting around Leni and Loni Loud's legs, the eight large yellow orbs orbiting around Luan and Lane Loud's legs, the eight large brown orbs orbiting around Laney and Larry Loud's legs, the eight large light green orbs orbiting around Lisa and Levi Loud's legs, the eight large lavender orbs orbiting around Lily and Leon Loud's legs, the eight large colored orbs orbiting around Bobby Santiago and Nico's legs, and the eight large purple orbs orbiting around Luke Loud's legs and Menat's legs were glowing, and that means big trouble was coming.

James Bond: (British Accent) I should've known that voice would be familiar. You can come out now, Adrian Malprave.

A figure came out, and it was none other than Adrian Malprave, the power-hungry femme fatale and another of James Bond's enemies.

Me: Uh oh, so another of Bond's enemies has come out of the shadows. This isn't good.

Lincoln: We've already dealt with two of Bond's enemies in November, the psychotic media mogul, Elliot Carver and that traitor, Alec Trevelyan. Never would've guessed that another of Bond's enemies would come out of the shadows.

Nico: And we didn't get a call from MI6 about Adrian Malprave, which means she was smart to keep herself hidden, until she made that mistake to come out looking for revenge on Bond.

Me: James, what can you tell us about Adrian Malprave, it sounds like you have a nasty history with her.

James Bond: You won't like her, J.D.

James Bond proceeded to tell us about Adrian Malprave, and we weren't going to like her one bit.

---

Adrian Malprave

Adrian Malprave is the main antagonist in the 007 video game Agent Under Fire published by Electronic Arts.

She was voiced by Corina Harmon (credited as Corine Harmin).

Biography

Malprave is the owner and CEO of a multinational conglomerate called Malprave Industries based in Switzerland.

She had built her company, 25 years prior to the events of Agent Under Fire, into a corporate empire that expanded intentionally involving oil, shipping and emerging fields such as biotechnology. Her company had come to the attention of MI6 when she was photographed with a dangerous criminal figure and terrorist, Clara The Jackal, whom she later hired as a henchwoman. In addition, investigations found that her subsidiaries had absolutely no corporate function or income. Obsessed with generic engineering, she had used several of her subsidiaries as fronts for cloning. She had devised a kidnapping scheme of the top eight world leaders and replacing them with genetically controlled clones during a G8 summit aboard the British carrier, HMS Excalibur.

When Bond covertly infiltrates into the British Embassy in Romania on a mission to find out what Reginald Griffin is up to, Bond opens the door to Malprave's room to retrieve the key card whilst getting dressed. Once changed and Bond grabs the key generator from the room's table, she turns around and tells Bond that "these are private quarters". Bond instinctively replies that he is part of the new security team and that he took a wrong turn. She proceeds to show

Bond out of her quarters.

Bond, posed as Mr. Summerset, was supposed to interview Malprave, but it was delayed. Malprave can be heard on the base's intercoms when ordering the base doors to be sealed due to Bond's presence and ordering her strongest henchmen to eliminate him before he reaches his escape on the tram line.

After Dr. Natalya Damescu resigned and escaped from her position as Malprave's top scientist and later took refuge at the British Embassy in Romania, Malprave had orchestrated her kidnapping by sending in her Hench woman, Clara The Jackal to storm the embassy.

---

When James Bond was done, we were shocked at the crimes of Adrian Malprave.

Nico: Whoa, she tried to kidnap and replace the eight world leaders with clones during a G8 summit and kill James Bond. Sheesh, the crimes that she committed are definitely that of a power-hungry femme fatale.

Me: And Bond's dealt with a couple of power-hungry, villainous femme fatales in his career, along with many criminal masterminds.

Cassandra Alexandra: And I've had it up to hear with her to last an eternity.

Suddenly, Cassandra Alexandra's bright green eyes turn neon bright green, and she was surrounded by a blue energy aura with flames, she unholstered her massive Destroyer of Soul Edge sword from her back, and as she approached Adrian Malprave, she left blue energy, flames, and owls with every step.

Cassandra Alexandra: Adrian Malprave, the crimes that you've committed against the world can never be forgiven, and I will see to it that your ambitions of world domination are brought to an end, along with your life.

Then, Cassandra Alexandra was surrounded by a massive vortex of blue energy with flames and owls surrounding the vortex, there was an owl flying around the vortex, and in the vortex is a white phoenix. Then, as the vortex faded, Cassandra Alexandra emerged, but she was changed forever.

Cassandra Alexandra grew to 6'0" in height, she had the body of a goddess, she had blue highlights in the bangs of her blonde hair, she has an owl with the Fire Kanji in its claws emblazoned on her forehead, she has on owl earrings with the Fire Kanji in its claws and a necklace with an owl holding the Fire Kanji in its claws for the pendant, she has on a sleeveless blue blouse with pink phoenix, blue skirt with owls, white high heels, and a blue long sleeveless trenchcoat with owls and flames on the coattails and on the back is an owl. Cassandra Alexandra has massive white angel wings with blue tips on the large white feathers, she has her massive Destroyer of Soul Edge sword in her hand, she has on her new Bracelets of the Champions of The Universe with large blue gems on her wrists, Belt of Elemental Bravery with large blue gem for the belt buckle on her waist, and Eater of Sins revolver holstered on her left hip. There's a gold kanji below the owl that said, "Cassandra Alexandra, Younger Sister of Sophita Alexandra, Defender of The Alexandra Family's Honor, Loving Future Wife of Lincoln Loud, Destroyer of The Demonic Sword Soul Edge, Slayer of Evil, Defender of Greece's History, and Master of Fire and Owls."

カサンドラ・アレクサンドラ、ソフィタ・アレクサンドラの妹、アレクサンドラ家門の栄光の擁護者、リンカーン・ラウドの愛する未来の妻、悪魔の剣のソウルエッジの破壊者、悪の殺し屋、ギリシャの歴史の擁護者、そして火とフクロウのマスター

Cassandra Alexandra has transformed into SUPER ANGEL 750,000,000,000 FIRESTORM ATHENIAN OWL ANGEL OF LOVE AND HONOR!

We were amazed by Cassandra Alexandra's Super Angel 750,000,000,000 transformation, and when Lincoln saw it, he had an atomic red blush on his face with hearts in his eyes. But, when Adrian Malprave saw it, she tried to shoot her, but Cassandra fired a blast of fire, and it hits Malprave on her hand and burned her and melted the gun.

Sophita Alexandra: Incredible, Cassandra has transformed.

Me: That's right, Sophita, and whenever this happens, it usually causes the villains to attack, but they wind up getting attacked themselves.

Lincoln: Wow, Cassandra, you look beautiful. How do you feel?

Cassandra Alexandra: (Divine Echoing Cosmic Voice of Fire and Honor) **I feel incredible, Linky, and now, it's time to put an end to Adrian Malprave for good.** (To Lincoln) **Would you like to join in?**

Lincoln: (Smiles) Of course.

Lincoln unholstered his massive Sword of Taranis from his wider and muscular back and transformed into Super Angel-Ebonwu Infinity Elemental Thundersnow Buffalo Angel of Frozen Lightning Justice, and he joined Cassandra Alexandra. Plus, James Bond has also joined in.

Lincoln: (Divine Echoing Cosmic Thundersnow Elemental Voice of Justice) **And I hope you don't mind James Bond joining in too, since Adrian Malprave is another one of his enemies.**

Cassandra Alexandra: **Of course not, this is also his fight as well, since Malprave is another villain who tried to take over the world and kill James Bond.**

James Bond: (British Accent) Now, then, let's begin.

Lincoln, Cassandra Alexandra, and James Bond went at Adrian Malprave, and they fire powerful blasts of rainbow energy, blue energy, elemental forces, blue fire, bullets, owls, Thunderbirds, and Buffalo, and as they hit Adrian Malprave, they exploded with incredible power. Then, James Bond shoots her in the legs, rendering her unable to escape. Then, Lincoln had Adrian Malprave chained to a post and he formed a ball of rainbow fire in his large hand.

Lincoln: **Give my regards to King Tut, bitch.**

Lincoln threw the ball of rainbow fire, and he walked away, and as the ball of rainbow fire hits Adrian Malprave, it exploded with incredible power and it killed and incinerated her, and her spirit was Super Hakaied for good. We cheered wildly for what Lincoln, Cassandra Alexandra, and James Bond did, as Lincoln and Cassandra Alexandra holster their massive swords on their backs and power down, and Cassandra Alexandra's new body, clothes, weapons, jewelry, and angel wings were permanent. Then, Lincoln wrapped his abnormally massive and powerful muscular arms around Cassandra Alexandra's and as he leans down and they lock eyes, they shared a passionate kiss, and right behind them were owls flying in the skies and the goddess Athena manifesting behind them, and we had tears in our eyes and a smile on our faces.

Me: (Smiles) That's beautiful.

Nico: (Smiles) You said it, J.D., that's so awesome.

Lincoln: Now, all that's left is to take care of August May Who. (To August May Who) You better make a wish. (Cracks Knuckles)

Nico: (Smirks) Uh oh.

We then set our sights on August Maywho, and we were really going to humiliate him.

Me: It's over for you Maywho, your term as mayor is finished!

Emma: The only thing you're getting for Christmas is this beatdown!

Megaforce Rangers: LEGENDARY RANGER MODE! LUPINRANGER VS PATRANGER!

The Megaforce Rangers turned into the LupinRangers and Patrangers!

Nico: Augustus Maywho you have failed this city!

Me: Lets get him! Watch this one.

I soaped up the ground he was standing on and then he slipped and slid and he screamed as he crashed into a paint shelf and it tipped.

Maywho: Uh oh!

CRASH!

All the paint fell onto him and splashed him all over. Then he got up and he was really messy!

Lincoln: Try this!

Lincoln fired a waves of lightning and it electrocuted Maywho all over and he screamed all over like a little girl as his skeleton showed and he was burned all over.

Laney: How about this one?

Laney used her magic and then formed a huge heavy bag of concrete and it fell from over 20 feet and Maywho looked up and he saw it.

Maywho: Uh oh!

BLAM!

He was covered in concrete dust.

Me: Nice one Laney.

Lola: Watch this one!

Lola fired a ball of fire and it lit his head on fire and I formed a mirror and then he saw himself with his head on fire and he screamed and then a toilet was conveniently placed and then he dunked his head into it and then…

KRABBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

IT EXPLODED!

When he got up he was burned and REALLY hurt!

Nico: OOH! Ouch!

Megan McCallister: This is all really familiar.

Cornelia: That is funny!

Me: Lets see how he likes this.

I used my powers and formed glass shards and he screamed in pain as he was getting glass in his feet! OUCH!

Another awesome fanfic done.

The Grinch is one of my favorite movies from 1966 and 2000. They were so funny and awesome! Hope you loved this one as much as I did. Also the part where Maywho falls into the lava and the song was from Animaniacs in the episode Hot, Bothered and Bedeviled. One of my favorites. NicoChan11, JediAvatarOfShinobi, Omegahatchiyak12, XP4Universe, Darkhai, vinjedi1995, Drako1234658, Nflemingful, Etstheclarencefan and ninjakingofhearts gave me the ideas for this and so did the guest reviewer. Thanks guys. Awesome job like always. The next chapter is for Christmas Eve and we're going into the world of the AWESOME classic with the Muppets called The Muppet Christmas Carol, one of my favorites from my childhood and that is gonna be awesome! We're going to meet Scrouge and guide him as he journey's into the Past, Present and Christmas Future.

See you all tomorrow.

# A MUPPET CHRISTMAS CAROL!

MERRY CHRISTMAS EVE EVERYONE!

---

It was Christmas Eve 2021 and Santa was on his way to make his journey across the globe and we were training intensely in the gym doing 100,000,000 reps of crunches, wing push-ups and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 9,000-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds. Then, we got a shower afterwards.

After that, Lincoln and his harem were getting ready to go do some final shopping at the mall, to get everyone in Team Loud Phoenix Storm gifts. But, they had to do it quietly, so as not to spoil it.

Lincoln then snapped his fingers, and the 16-year-old 7'0", white-haired, handsome, and extremely muscular teen was dressed in a large orange long sleeved sweater, large red scarf, large blue long pants, large black winter boots, and large orange winter coat, along with his large weighted orange bands on his massive biceps and thighs, his jewelry, and eight large orange orbs orbiting around his legs, and he also still had his weapons holstered, in case of trouble.

And all of the girls in Lincoln's harem were dressed in long sleeved sweaters, scarves, long pants, winter boots, and winter coats in their favorite colors and they had their weapons holstered, in case of trouble.

Lincoln: Okay, ladies, are we ready?

Twilight Sparkle: We're ready, Linky. I just hope the others don't know about it.

Lincoln: Don't worry about that one, Twilight. Rihoko, Thunder Sparkle, Phoenix Shimmer, Storm Rainbow, Thunderbird Apple, Lightning Fritter, Emerald Shine, Topaz Flare, Little Cheese, Mirage

Daffodil, Butterfly Rose, Starburst Aurora, and Fireheart Flame will keep an eye on my siblings, J.D., Nico, Eli, Mom, and Dad. (Smiles) Plus, in addition to having fun with their parents, they like having fun with their grandparents, aunts, and uncles.

Rarity: Indeed they do, Linky.

Fluttershy: It's indeed so amazing just how much fun our kids have with their grandparents, aunts, and uncles.

Lincoln: Same here, Fluttershy.

Lincoln and his harem left the Estate and they headed for the mall. But, me and Nico heard every last word from them, but we decided to keep shut about it. Plus, we also liked having fun with Lincoln's kids, as well. Lincoln and his harem arrived at the mall, and they went off into different sections of the mall.

First, they went to electronics to get some new phones for us, along with some awesome cellphone covers with elemental forces and a phoenix on it, which was a pretty sweet one. Then, they went to clothing to get some new clothes, and they had awesome looking winter clothes with mythological creatures and elemental forces on them. Then, they went down to the music section, and they found some awesome electric guitars, acoustic guitars, and amplifiers, since the electric guitars and amps that Luna and our rocker friends were already getting old. Then, they went down to the comedy gag section, and found some jokebooks containing over 10,000,000,000,000 jokes to tell which'll make the audience laugh their heads off for our comedians. Then, they went down to the sports section, and got some awesome sports equipment and new play equipment for our athletes.

Then, they went to the comic book and video games section, and they found some awesome comics, which Lincoln made and they were hot-off-the-presses and were selling like crazy, along with some new video games and consoles for our comic book and video game lovers. Then, they went down to the arts and crafts section, and found some awesome paint sets, easels, and canvases for our artists. Then, they went to the goth section, and they found some new poetry books and gothic jewelry for the Goths of Darkness.

Then, they went to the mechanics section, and they also found some new tools and mechanic books for our local grease monkeys. Then, they went down to the toy store, and they found a princess castle playset for Lola, Then, they also found some awesome chemistry sets for our scientists in the team. Plus, they went to the photography section and found a photo album and a new camera for Lily, and Lincoln went back to the toy story, and he found a stuffed rabbit dressed in a green shirt, and he knew it was perfect for Leo.

Then, they went to the library, and found books on stars, volcanoes, magic, history, and any topic anywhere in the world. Plus, they also found some other amazing things there as well, such as new cookbooks for our chefs and dentist books for Rita Loud. They went all over the store, and they had an awesome shopping spree, and they came back home after paying for it, and they had to sneak in carefully, and get everything inside to the Estate without letting any of us find out about it.

Lincoln: Whew, good job, everyone.

Lincoln made clones of himself, and they went up to the girls, and they had picked them up in their abnormally massive and powerful muscular arms and kissed them.

Applejack: I hope the others didn't find out about what we were doing.

Nico: Oh, I wouldn't be too sure about that one.

Suddenly, Lincoln and the girls turned around, and they saw me, Nico, and Eli, along with Rihoko Amaha, Thunder Sparkle, Phoenix Shimmer, Storm Rainbow, Thunderbird Apple, Lightning Fritter, Emerald Shine, Topaz Flare, Little Cheese, Mirage Daffodil, Butterfly Rose, Starburst Aurora, and Fireheart Flame.

Lincoln: Kids, what happened?

Rihoko Amaha: Uncles J.D., Nico, and Eli already found out what you and your future wives were all heading off to.

Lincoln: (Winces) Oof, yeah, I should've known about that one.

Me: (Smiles) Hey, don't worry, big guy. We'll keep it a secret until Christmas.

Eli: (Smiles) Yeah, we don't want your Christmas surprise to go to waste, after you all worked hard to do this.

Nico: (Smiles) That's right. Oh, and I've got something for you to wear for Christmas, Lincoln.

Nico pulled out a Santa Claus suit, and it's just the right size for the 16-year-old 7'0", white-haired, handsome, and extremely muscular teen, and gave it to Lincoln, and he loved it.

Lincoln: (Smiles) Aw, thanks, Nico. I think everyone will love it.

He hugs Nico, and he hugs him back.

Twilight Sparkle: Lincoln dressing up as Santa Claus and handing out the gifts that we brought, oh, that'll be amazing.

Applejack: It sure is, Twilight. But, something's missing, where's the beard?

Nico: Oh, right, I forgot about the beard.

Nico took out the fake beard.

Lincoln: Nice, now the Santa costume is ready for Christmas.

Starlight Glimmer: And it'll be perfect for when Alexis' kids arrive.

Lincoln: That's right, Starlight, they'll arrive very soon. This is going to be quite a very memorable Christmas tomorrow.

Me: You said it, big guy.

We went back to the estate.

---

Later it was time for Piper's ambassador mission. Lord Drakkon, Myotismon, New Wave, Seadramon and Loki were going with us.

Drakkon: So, you want us to come this time?

Me: Yep and this is gonna be awesome for you all to meet the Fusion Fighters.

Myotismon: I'm honored that you want us to go with you.

Nico: Yep. You'll love them.

Piper: This is gonna be so awesome.

Poromon: I can't wait to meet them.

Seadramon: Same here.

Me: At least now you're getting your shot now.

Nico: Yep.

Piper: This is gonna be awesome.

Me: Yep.

Maria: This is gonna be so awesome to meet them.

New Wave: Yeah it sure is.

Loki: Oh yeah it sure will be cool.

May: You got that right.

We were off to the Digital World.

Mikey and the group saw us.

Nico: Guys, I'd like you to meet Poromon!

Poromon: Hello there.

Angie: (Squeals!) He is so cute!

Poromon: Thank you.

Seadramon: And I'm his archenemy Seadramon.

Mikey Kudo: Wow! An In-Training Digimon with a Champion Level Digimon as his archenemy. That is awesome!

Nico: It sure is and this is my archenemy, Myotismon.

Myotismon: Hello.

Mikey Kudo: Whoa! You have an ultimate Level Digimon as your archenemy.

Me: And he was a dangerous one too. This is my archenemy Lord Drakkon. You might recognize him from the Power Rangers Comic Books.

Christopher: That's amazing! Awesome to meet you.

Lord Drakkon: Same here to you all.

May: And this is my archenemy Loki. He's Vypra's right hand man from the Lightspeed Rescue series.

Angie: Awesome! Awesome to meet you.

Loki: Same to you too.

Maria: And this is New Wave. She is my Archenemy.

Jeremy: COOL! Awesome to meet you.

Lord Drakkon: Same here.

Poromon: (holds out beer) Does anyone want beer before we find IceDevimon?

Mikey Kudo: No thanks. We're too young.

Me: Did you get that out of the Beer Vault again Poromon?

Poromon: Uhh Maybe?

Nico: (Sternly) Poromon…

Poromon: Okay I did.

Nico took the beer.

Myotismon: He sure likes to drink huh?

Nico: Yeah.

Piper: You'll meet my archenemy Fixer next time.

Mikey Kudo: Awesome.

Shoutmon: I can't wait to kick IceDevimon's butt again.

Nico: If he is anything like Devimon then count me in to pulverize him to pulp.

Me: Same here.

Myotismon: I think we should keep IceDevimon alive. To serve as a messenger to Bagra that we're serious about ending him on February 7. And just to remind ourselves.

Me: Good thinking Myotismon. We can beat him up real bad and then we can send him to Bagra as a warning that we're coming for them and we're going to make them pay.

Nico: Yeah it sure is.

Mikey Kudo: Smart thinking. He's in the Lake Zone. Lets go.

We were off to the Lake Zone.

We then arrived later on.

Me: Wow. The Lake Zone is beautiful.

Nico: (sighs) I'm know I'm going to regret this. But Poromon, you can drink this beer bottle. It'll make you less predictable.

Poromon: Awesome.

Me: And perfect timing too. There he is.

We saw ICEDEVIMON!

Nico: Yep. Lets get him.

We went at him.

IceDevimon was smirking and watching and then the spirits of ferocious elemental mercenaries swirled around him and blasted him all over with lightning, ice, fire, water, wind, earth, stars, leaves, metal and energy and smashed him all over and then they converged and then…

KRABBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion blasted out and a phoenix cry was heard and we came out and Nico punched him in the face and smashed him down.

Nico: Poromon do your stuff!

Poromon drank the beer and then he got drunk like Rock Lee did!

IceDevimon: (to the drunk Poromon) You little fool! You're too drunk too fight me now!

Poromon: (HIC) (Slurred Speech) Oh yeah!? (BARNEY GUMBLE BELCH)

He flew at IceDevimon and faster than a bullet fired from a gun he was pulverizing him all over the place like a rampaging bull!

Poromon: (Echoing) LIGHTNING JAVELIN!

He fired a blast of lightning from his head and it hit IceDevimon and electrocuted him all over!

Me: AWESOME!

Nico: YEAH! Lets see how he likes this. (Echoing) CRIMSON LIGHTNING!

Nico fired a stream of Blood Red Lightning and it hit IceDevimon and

smashed him all over.

Mikey Kudo: WHOA! That was awesome! Nico how do you know Myotismon's powers?

Nico: I have the powers of many Digimon. But it's mostly the villains we beat.

Nico: Poromon, what do you want to say to IceDevimon?

Poromon: That he's a stupid bad ugly bad!

He threw the beer bottle and then…

SMASH!

It hit him on the head and shattered.

Me: WHOA! Nice one.

Mikey Kudo: Now that was funny!

Angie: That sure was silly!

Me: Yeah it sure was awesome too.

I looked around and I saw 2 Digimon. I saw a Minotarumon and a Lucemon.

Me: Hey I got two more archenemy ideas.

Nico: Let me guess. Minotarumon for Kadma and Lucemon for Yan Lin.

Me: Bingo. Now all that's left is Matt Olsen.

Nico: Yep. Lets not forget that he's also Shagon the Avatar of Hate.

Me: Yep. That's gonna be a tough one though. But I'll think of something.

Myotismon: I want you to deliver a message to Bagra.

IceDevimon: And that is?

Drakkon: That we're coming for him on February 7. And we WON'T forget!

Poromon then threw up all over IceDevimon.

IceDevimon: YUCK!

He flew off.

Me: We'll be ready for him.

Nene: You okay now, Poromon?

Poromon: I'll be all right now.

Me: But you did really well Poromon.

Poromon: Thanks.

Me: We're not finished yet though.

Nico: Nope. How about we find Lillian Hale an archenemy?

Me: No Nico. She's still too young. Even though we did tell her about her powers she is still too young. But we'll think of something for her.

Nico: Okay.

We later went back home.

May: Who should come with the day after tomorrow?

Me: That's a good question May. I was thinking maybe we can have the other Digidestined come.

May: Hey that's not a bad idea.

Nico: I agree.

Me: Good. Also you guys are gonna think I'm nuts but I think I should resurrect Nerissa and give her a chance at redemption.

Everyone gasped in shock and horror at my decision like I was insane!

Nico: J.D. are you insane!?

Laney: You can't resurrect that monster! Not after everything that she did!

Me: Before you all jump to conclusions hear me out. I know it's crazy but when we were fighting her I sensed that there was good still inside her but I was just too blind to realize it because we were fighting. But Cassidy still misses her.

Cassidy: That's right. Even after all these years my friendship for her still lingers.

Me: I can try and save her. And I know how to do it.

Nico: But how? We banished her into oblivion when Necrafa appeared again.

Me: Just leave that to me.

I then chanted a powerful incantation and then magical swirls of darkness and light swirled around the floor and then out of the light was Nerissa's light half and the other was Nerissa's Dark Half and the 2 separated and out came 2 NERISSA'S and Bobby sealed the dark half in a pitch black crystal and banished her to the Pluto Prison and Nerissa was back!

Me: Nerissa?

Cassidy: Nerissa?

She saw us.

Nerissa: Cassidy?

Her eyes teared up and she then broke down crying and hugged Cassidy and was crying and wailing hard.

After she calmed down she looked at us.

Nerissa: It's good to be alive.

Maria: Can we still make you a teenager?

Will: She did look awesome like one.

Nerissa: Yes you can. And everyone, I am so sorry about what I did to you. I let my own lust for power consume me to the point of no return. I am so sorry for everything I did.

Cassidy: Nerissa it wasn't your fault. You were corrupted by the Heart of Candrakar because there was a darkness in you and J.D. freed you from that darkness forever.

Nerissa then got up and she went over to me and then instead of trying to kill me, she hugged me and cried hard.

Nerissa: (Crying) Oh J.D. please forgive me for everything I've done! I'm so sorry for what I did to you all!

Me: It's not your fault Nerissa. I was blind to see that there was still good in you. But you are free now and you are forgiven for your sins.

Nerissa: (Sniffling) Thank you J.D. Thank you.

Me: You're welcome.

Hay Lin: C.H.Y.K.N. is back together!

Cassidy: C.H.Y.K.N.?

Me: It's an acronym. It's the first letters of your names made into one word. **C** assidy, **H** alinor, **Y** an Lin, **K** adma and **N** erissa.

Cassidy: Oh I get it.

Halinor: Very clever.

Kadma: Nicely well made. Just like W.I.T.C.H. is **W** ill, **I** rma, **T** aranee, **C** ornelia and **H** ay Lin. I get it.

Nico: Yep.

We heard a splashing sound.

Nerissa: Cassidy, are you crying hard tears of joy all over the floor?

Cassidy: (eyes widen) I wish I was right now!

Alexis: NO! IT'S ME! MY WATER BROKE!

We gasped!

Me: The babies are coming! Lets get Alexis to the hospital fast!

Nico: Right!

Me: Everyone lets go go go go go!

We got Alexis ready.

Nerissa: I have a lot of catching up to do.

Cassidy: Yeah we can explain on the way.

Will: We sure can.

We went to the Hospital.

We got to the hospital and Jaden and Alexis went into the delivery room.

Varie: This is gonna be a big wait.

Me: Yeah. Anyway Nerissa we should tell you about everything that was going on the last few years.

Nerissa: I'm all ears.

We told her everything that happened ever since chapter 575 on up.

Nerissa: That's incredible!

Carly Atlas, Misty Tredwell and Femme Fatale came.

Femme Fatale: We got your text!

Carly Atlas: We can't wait to meet Alexis' new kids.

Misty Tredwell: We're so excited. Whoa Nerissa!?

Me: It's okay girls. She is now on the road to redemption.

I told them everything and they were amazed.

Alexis: DAMN YOU, JADEN YUKI! I'LL CUT OFF YOUR MANHOOD FOR THIS!

Nerissa: Does that always happen whenever one of the girls gets pregnant?

Me: You have no idea Nerissa.

Misty Tredwell: But it's just the labor pains talking.

Carly Atlas: Yeah it happens to many of us.

Nico: Yeah.

Eli: (Gulps) Scary.

Me: It's all right Eli. It's not going to happen for real. It's just what happens whenever they go into labor.

Eli: Oh.

May: Are the babies out yet?

Nico: Well the screaming stopped.

Then Alexis came out in a wheelchair and she and Jaden had 5 babies and they were 5 baby girls.

Me: Oh Alexis, Jaden they are so adorable.

Cassidy: They are so cute.

Laney: Aww how adorable.

Jasmine: Alexis, Jaden they are adorable.

Mindy: Congratulations guys.

Me: What are you going to name them?

Alexis: These two are Tanya and Talia.

Jaden: And these 3 are Tina, Tilly and Tiana.

Nico: Oh that is so cute.

Me: You all decided to go with names that begin with the letter T. That is cute.

Lori: Just like how mom and dad named us with the letter L.

Carly Atlas: Oh that is awesome. Alexis we are so happy for you and Jaden.

Misty Tredwell: Your daughters all have Jaden's hair color and your eyes.

Jaden: They sure do.

Femme Fatale: So adorable.

Me: So awesome. Lets get you all back to the Estate to recover.

Alexis: Okay.

We went back to the world tree estate and had Alexis go to the Nursery.

Carol: If you need anything let us know. You're going to be sore for a while.

Alexis: Thanks Carol.

Me: But we're so happy for you and Jaden.

Alexis: It's so awesome.

Donna: Nico, now that Alexis gave birth, you're leading today.

Scream: Cutting someone's manhood off? That's actually a good idea!

Nico: (Covers his manhood) DON'T DO IT TO ME!

Scream: Whoa whoa! Sorry.

Nico: Good. Now I know it's time for me to lead and I have the perfect mission for us.

Pinkie Pie: But first I have 3 friends for you all to meet.

Out came 3 Reindeer. One was a Blue-Green Elderly reindeer, the middle one was a pink reindeer and the 3rd was a young tan reindeer.

Me: Oh hello.

Aurora: We actually knew that Pinkie Pie was going to have us meet you all.

Bori: And it's an honor.

Alice: It sure is.

Aurora: My name is Aurora.

Bori: I'm Bori.

Alice: And I'm Alice and we are the Gift Givers of The Grove.

Me: Wow! Awesome to meet you all. Aurora, Bori, Alice. Wow! Your names combined are based on the Northern Lights.

Eli: That's very clever.

Alice: It sure is and it's awesome to meet you all and congratulations to Alexis and Jaden.

Syrus: How did you know about that?

Aurora: We know all about everything from the Past, Present and Future.

Me: Wow!

Nico: That is amazing. Our next mission is helping…

Alice: Ebenezer Scrooge in The Muppet Christmas Carol.

Nico: That's right! Wow! You 3 are good.

Me: This is gonna be so awesome!

Aurora: You watched The Muppet Christmas Carol back when you were 5 on up.

Me: That's right!

Eli: Wow you are amazing at knowing all that.

Dr. Viktor, Cheshire, Girder, Titania, Beautiful Gorgeous, Aqueduct, Dr. Octopus, 2016 Morbucks, Eris, and Rojo then appeared.

Beautiful Gorgeous: Can me, Dr. Viktor, Cheshire, Girder, Titania, Aqueduct, Dr. Octopus, 2016 Morbucks, Eris, and Rojo go with you guys?

Nico: You all sure can.

Cheshire: We heard about Alexis having her babies. Congratulations to her and Jaden.

Dr. Octopus: We're so happy for them.

Me: We all sure are.

Dr. Viktor: We also heard that Nerissa came back. Is that true?

Me: Yes it is. Let me explain first.

I did so and told them about my decision to bring her back and they were amazed.

Rojo: Whoa that's a very big and reckless decision. But you gave her a huge shot at redemption. Good call.

Me: Thanks. Oh right.

I went and came back with something and it was Nerissa's staff.

Me: I believe this belongs to you Nerissa.

Nerissa: My staff. Thanks J.D.

Me: You're welcome.

Nico: First we're going to watch The Muppet Christmas Carol and then we're going to head to the 19th Century to help Scrooge.

Alice: Wow! This is gonna be awesome.

We got to watching the movie.

On Christmas Eve, in nineteenth century London, in the year 1843, Charles Dickens (played by The Great Gonzo) and his friend Rizzo addresses the audience as narrators. Ebenezer Scrooge (Michael Caine), a cold-hearted, bad-tempered and selfish moneylender, does not share the merriment of Christmas. He rejects his nephew Fred's invitation to Christmas dinner, dismisses two gentlemen (played by Dr. Bunsen Honeydew and Beaker) collecting money for charity, and tosses a wreath at a carol-singing Bean Bunny. His loyal employee Bob Cratchit (played by Kermit the Frog) and the other bookkeepers request to take Christmas Day off, since there will be no business for Scrooge on the day, to which he reluctantly agrees. Scrooge leaves for home while the bookkeepers celebrate Christmas. In his house, Scrooge encounters the shackled ghosts of his late business partners, Jacob and Robert Marley (played by Statler and Waldorf), who warn him to repent his wicked ways or be condemned to suffer in the afterlife as they do. They inform him that three spirits will visit him during the night.

At one o'clock, Scrooge is visited by the childlike Ghost of Christmas Past, who takes him back in time to his childhood and early adult life, with Dickens and Rizzo hitching a ride too. They visit his lonely school days and then his time as an employee under Fozziwig (Mr. Fezziwig in the original story, played by Fozzie Bear), who owned a rubber chicken factory. Fozziwig and his mother throw a Christmas party, where Scrooge meets a young woman named Belle, with whom he falls in love. However, the Ghost shows Scrooge how Belle left him after he chose money over her. A tearful Scrooge dismisses the Ghost as he returns to his bedroom.

At two o'clock, Scrooge meets the gigantic, merry Ghost of Christmas Present, who shows him the joys and wonder of Christmas Day. Scrooge and the Ghost visit Fred's house, where Scrooge is made fun of for his stinginess and general ill will toward all. Scrooge and the spirit then visit Bob Cratchit's house, learning his family (Mrs. Cratchit is played by Miss Piggy) is content with their small dinner. Scrooge also takes pity on Bob's ill son Tiny Tim (played by Robin the Frog). The Ghost of Christmas Present abruptly ages, commenting that Tiny Tim will likely die before next Christmas. Scrooge and the Ghost go to a cemetery, where the latter fades away.

The Ghost of Christmas Yet to Come appears to Scrooge, as a tall, silent, cloaked figure, and takes Scrooge into the future. Scrooge and the Ghost witness a group of businessmen discussing the death of an unnamed colleague, saying they would only attend the funeral if lunch was provided. In a den, Scrooge sees a charwoman, a laundress, and the local undertaker trading several stolen possessions of the deceased to a fence named Old Joe. The Ghost then transports Scrooge to Bob's house, revealing Tiny Tim has died and the Crachits are mourning him. Scrooge is escorted back to the cemetery, where the Ghost points out the wretched man's neglected grave, revealing Scrooge as the man who died. Overcome with emotion, Scrooge tearfully vows to change his ways and embraces the ghost's robes before finding himself back in his bedroom. Discovering it is Christmas Day, Scrooge decides to surprise Bob's family with a turkey dinner and ventures out with Bean, Dickens, Rizzo, and the charity workers to spread happiness and joy around London, reconciling with Fred and Fozziwig. Scrooge goes to the Cratchit house, at first putting on a cold demeanor before revealing he intends to raise Bob's salary and pay off his mortgage. Scrooge, the Cratchits, Fred and the neighborhood celebrate Christmas, as Dickens narrates how Scrooge became a second father to Tiny Tim, who escaped death.

When it was done we cheered.

Me: So awesome.

Nico: One of my favorites.

Laney: Yeah.

Nico: Lets head out everyone!

Disk Wars Silver Samurai: I suspect there won't be a need for Final Smashes and combos today.

Nico: Yeah since Christmas is right around the corner and we have the 2nd Anniversary of the Battle with Thanos after that we might as well not have any battles those days except for Usual Battles.

Girder: Ah want to celebrate the holidays and have usual battles that way.

Nico: Yep.

Nerissa: What are the usual battles?

Me: We always have them with our frenemies in the Masters of Evil and they are really awesome and fun.

Laney: We have great talks and we also have fun battling our frenemies as we called them.

Nico: Yep. Here we go.

Dr. Viktor: (to Nerissa) FYI, your successor is a great archenemy.

Nerissa: That's what I was hearing and I'm very proud of her.

Will: Thanks Nerissa.

We put on our coats and warm clothes and Nico opened a portal and we were off to 19th Century London in the world of The Muppet Christmas Carol.

We arrived in 19th Century London in the world of The Muppet

Christmas Carol.

Nico: Here we are guys.

Lana: Wow.

Twilight Sparkle: Just like Canterlot in A Hearthswarming Tale.

Starlight Glimmer: It sure feels like we went back in time.

Me: Boy it sure does feel that way.

Majar: I want to lick the ice.

Borth: Majar, don't even think about it!

Nico: Trust me you don't want to. Right now we need to find Ebenezer Scrooge.

Scrooge McDuck: (Scottish Accent) It's amazing that his last name and my first name are shared now lads.

Nico: That is coincidental Scrooge.

Nerissa: It sure is.

Me: I'll say.

We went to find Scrooge.

Narrator: Hello! Welcome to The Christmas Carol. I am here to tell the story. My name is Charles Dickens.

Rizzo: And my name is Rizzo the Rat. Hey. Wait a second. You're not Charles Dickens.

Narrator: I am too!

Rizzo: Dickens was a famous novelist? A genius!

Narrator: Oh. You're too kind.

Rizzo: Why should I believe you?

Narrator: Well. Because I know the story of A Christmas Carol like the back of my hand.

Rizzo: Prove it!

Narrator: All right. There's a little mole on my thumb and. Uh. A scar on my wrist. From when I fell off my bicycle.

Rizzo: No. No. No. 't tell us the story.

Narrator: Oh. Oh. Thank you. Yes. Jacob Marley was dead to begin with.

Rizzo: Wha- Wha… Pardon me?

Narrator: That's how the story begins. Rizzo. Jacob Marley was dead to begin with, as dead as a doornail

Rizzo: It's a good beginning. It's creepy and kind of spooky

Narrator: Oh. Thank you. Rizzo.

Rizzo: You're welcome. Mr Dickens

Narrator: In life, Marley had been a business partner with a shrewd moneylender named Ebenezer Scrooge. You will meet him as he comes around that corner.

Rizzo: Where?

Narrator: There.

Rizzo: When?

Narrator: Now. ( Scrooge enters the street) There he is. Mr. Ebenezer Scrooge.

We saw Mr. Ebenezer Scrooge and he was a mean guy that HATED Christmas.

Rizzo: Say. Is it gettin' colder out here?

(Scrooge walks out, while townsfolk sing)

Song - Scrooge

When a cold wind blows

it chills you

Chills you to the bone

But there's nothing in nature that freezes

your heart like years of being alone

It paints you with indifference

Like a lady paints with rouge

And the worst of the worst

The most hated and cursed

Is the one that we call Scrooge

Unkind as any

And the wrath of many

This is Ebenezer Scrooge

(chorus)

Oh, there goes Mr. Humbug

There goes Mr. Grimm

If they gave a prize

for bein' mean

The winner would be him

Old Scrooge, he loves his money

'cause he thinks it gives him power

If he became a flavor

you can bet he would be sour

Even the vegetables

don't like him. (chorus)

There goes Mr. Skinflint

There goes Mr. Greed

The undisputed master

of the underhanded deed

He charges folks a fortune

for his dark and draughty houses

Us poor folk live in misery

It's even worse for mouses

He must be so lonely

He must be so sad

He goes to extremes

to convince us he's bad

He's really a victim

of fear and of pride

Look close and there must be

a sweet man inside

- Nah.

- Uh-uh.

(chorus)

There goes Mr. Outrage

There goes Mr. Sneer

He has no time for friends or fun

His anger makes that clear

Don't ask him for a favour

'cause his nastiness increases

No crust of bread for those in need

No cheeses for us meeces

Narrator: Scrooge liked the cold. He was hard and sharp as a flint, secretive. Self-contained. As solitary as an oyster.

(chorus)

There goes Mr. Heartless

There goes Mr. Cruel

He never gives

He only takes

He lets his hunger rule

If being mean's a way of life

You practise and rehearse

Then all that work is paying off

'cause Scrooge is getting worse

Every day in every way

Scrooge is getting worse

Narrator: He was a tightfisted hand at the grindstone. Scrooge, a covetous old sinner.

(Scrooge enters)

We looked through the window.

Scrooge: Bob Cratchit?

Bob Cratchitt: Yes. Mr. Scrooge?

Scrooge: Let's deal with the eviction notices for tomorrow. Mr. Cratchit.

Bob Cratchitt: Tomorrow is Christmas. Sir.

Scrooge: Very well. You may gift-wrap them.

Narrator: At that moment. Who should arrive at the door but Scrooge's nephew. Fred. his only living relative

Rizzo: Nephew Fred?

(Nephew Fred enters smiling and happy)

Nephew Fred: Hello. Happy Christmas, Uncle Scrooge.

Scrooge: Happy Christmas? Bah humbug.

Me: His trademark line that gave him notoriety.

Nico: It sure did.

Narrator: In these times. It was customary on Christmas Eve for well-meaning gentlemen to call upon businesses and collect donations for the poor and homeless.

(Gentleman 1 and Gentleman 2 enter)

Gentleman 2: Mr Scrooge. I presume?

Scrooge: Who are you?

Gentleman 1: We're from the Order of Victoria Charity Foundation.

Gentleman 2: We'd like to speak to you about a donation.

Gentleman 1: What might I put you down for?

Scrooge: Nothing. I cannot afford to make lazy people happy.

Nephew Fred: That is certainly not true.

Scrooge: (getting angrier) Don't you have other things to do this afternoon. My dear nephew?

Nephew Fred: Sadly. I do. Uncle. So I shall make my donation and leave you to make yours.

Gentleman 1 and 2: Thank you so very much.

Nephew Fred: Oh. Uncle. Come and have Christmas dinner with me and Clara tomorrow.

Scrooge: Humbug!

Bob Cratchit: Happy Christmas. Fred.

Nephew Fred: Happy Christmas. Bob. (exits stage)

Gentleman 1: Now. Then. Sir. about the donation?

Scrooge: There is the door. You may use it.

Gentleman 1: All right. (turns to Gentleman 2) Come along.

Gentleman 2: (exit) Oh. Dear. Dear. Dear.

Rojo: If Scrooge won't donate money, we will!

Nico: Shh. Rojo calm down. But yeah we will.

Nico pulled out a bag of gold coins.

Nico: Here kids. This is for you all.

Gentleman 1: Wow! Thank you sir!

Gentleman 2: Thank you for your donation.

Nico: You're welcome.

They left.

Bob Cratchit: Uh. Excuse me. Mr Scrooge, but it appears to be closing time.

Scrooge: Very well. I'll see you at eight o'clock tomorrow morning.

Bob Cratchit: Tomorrow's Christmas.

Scrooge: Eight thirty then.

Bob Cratchit: If you please. Sir. Half an hour off hardly seems customary for Christmas Day.

Scrooge: (shouts) Hardly customary! How much time off is customary, Mr Cratchit?

Bob Cratchit: Uh. Why. Um. the. Uh. Whole day. If you please, Mr Scrooge, why open the office tomorrow? Other businesses will be and I'll have no one to do business with. It'll waste a lot of expensive coal for the fire.

Scrooge: Yes. That's definitely a point. Take the day off.

Bob Cratchit: Thank you. Mr Scrooge.

Scrooge: Be here all the earlier the next morning.

(Scrooge leaves)

Song - One More Sleep Til Christmas

There magic in the air this evening

Magic in the air

The world is at her best, you know

When people love and care

The promise of excitement is one the night will keep

After all, there's only one more sleep til Christmas

The world has got a smile today

The world has got a glow

There's no such thing as strangers when

A stranger says "hello"

And everyone is family, we're having so much fun

After all, there's only one more sleep til Christmas

Tis the season to be jolly and joyous

With a burst of pleasure, we feel it all right

Tis the season when the saints can employ us

To spread the news about peace and to keep love alive

There's something in the wind today

That's good for everyone

Yes, faith is in our hearts today

We're shining like the sun

And everyone can feel it, the feeling's running deep

After all, there's only one more sleep til Christmas

After all, there's only one more sleep til Christmas day

Narrator: Scrooge lived in a house that had once belonged to his old business partners, Jacob and Robert Marley. The building was a dismal heap of brick on a dark street. Now, remember that Jacob Marley was dead. And decaying in his grave.

Rizzo: Yuck!

Narrator: (whisper) That one thing you must remember… or nothing that follows will seem wondrous.

Rizzo: Um. Why are you whispering?

Narrator: It's for dramatic emphasis.

Rizzo: Oh.

Narrator: Scrooge was in his house not caring about the darkness, he searched his rooms.

Scrooge: Jacob Marley?

Jacob Marley: Scrooge!

Scrooge: Humbug.

We arrived at his house.

Doofenshmirtz: This must be his house.

Nico: Yep this is it.

Starlight Glimmer: Just like Snowfall Frost's home.

Me: It sure is coincidental.

Nico: Yep.

Eli: How did Scrooge become like this?

Nico: It was because of the Napoleonic Wars and the Economic Hardships that came with it.

Ra's: Ah yes. I remember seeing those wars and they were some of the hardest times I've ever encountered.

Me: Terrible times back here in the 19th Century.

Nerissa: You actually were there Ra's?

Me: He lived for over 600 years Nerissa. It's a strange story.

We went in and we met Ebenerzer Scrooge.

Aqueduct: Hi there. You must be Ebenezer Scrooge.

Ebenezer Scrooge: Who are all of you?

Me: We apologize for coming in but we are Team Loud Phoenix Storm.

Nico: You've never heard of us? We are the most powerful force of good in the entire universe and we have done so much for all of humanity. This may seem hard to believe but we are not from this time. We're from the year 2021 at over 178 years into the future. It's hard to believe we know but we actually came to see you and help you out.

Ebenezer Scrooge: It's an honor to meet you all.

Me: Pleasure is ours.

Nico: Scrooge we understand how you feel about why you became this way and how you are stingy and all that. We know exactly what you are going through and everything that happened with the Napoleonic Wars and everything that happened.

Eli: We actually have tons of experiences when it comes to wars and everything.

Ebenezer Scrooge: Then you must know all about the economic hardships that comes with it all.

Me: Yeah we sure do. My grandfathers both fought in future wars and the aftermaths are just absolute nightmares.

Varie: It's not a pleasant sight.

Blackarachnia: Can we make ourselves comfortable here?

Nico: We have a lot to tell you.

Ebenezer Scrooge: Of course.

We got to telling him everything and more and it was amazing.

Ebenezer Scrooge: My goodness. You all went through so much.

Nico: And our journey is never over.

Me: Yep.

Later as Scrooge is eating his dinner, Statler as the spirit of Jacob Marley, Scrooge's dead partner, and Robert Marley as ghosts came.

Jacob Marley : Look! It's Ebenezer Scrooge. Looking older and more wicked than ever.

Robert: I knew he wouldn't disappoint us.

Scrooge: Who are you?

Jacob Marley: In life. we were your partners. Jacob…

Robert Marley: And Robert Marley!

Scrooge: It looks like you. but I don't believe it!

Jacob Marley: Why do you doubt your senses?

Scrooge: Because a little thing can affect them. A slight disorder of the stomach. You may be a bit of undigested beef, a blob of mustard, a crumb of cheese. Yes. There's more of gravy than of grave about you!

Rizzo: Where do you get those jokes? (to Charles Dickens, who shrugs)

Scrooge: Why do you trouble me?

Robert Marley: Man of the worldly mind! do you believe in me or not?

Scrooge: I do. But why do spirits walk the earth, and why do they come to me?

Song - Marley and Marley

Jacob Marley: It is required of every man, that he should

walk abroad among his fellow-men, if that spirit goes not

forth in life, it is condemned to do so after death. It is

doomed to wander through the world - oh, woe is me! -

and witness what it cannot share, but might have shared on

earth, and turned to happiness!

Everyone sings:

We're Marley and Marley

Avarice and greed

We took advantage of the poor

and just ignored the needy

We specialized in causing pain

Spreading fear and doubt

And if you could not pay the rent

We simply threw you out

We're Marley and Marley

Our hearts were painted black

We should have known our evil deeds

Would put us both in shackles

Captive, Bound, We're double-ironed

Exhausted by the weight

As freedom comes from giving love

So, prison comes with hate

We're Marley and Marley

Whoooooo

We're Marley and Marley

Whoooooo

Doomed, Scrooge!

You're doomed for all time

Your future is a horror story

Written by your crime

Your chains are forged

By what you say and do

So, have your fun

When life is done

A nightmare waits for you

We're Marley and Marley

Whoooooo

We're Marley and Marley

Whoooooo

We're Marley and Marley

Whoooooo

We're Marley and Marley

Whoooooo

We're Marley and Marley

Whoooooo

CHANGE!

Scrooge: You were always a good friend to me,

Robert Marley: You will be haunted, by Three Spirits.

(exits)

Eris: Oh, this is gonna be good!

Me: We got three ghosts to see.

I looked at the clock and it was 12:45 AM.

Me: Oh boy. The first ghost is coming.

Nico: Yep.

We waited.

Narrator: Scrooge slipped into the empty silence of a dreamless sleep. (Scrooge climbs into his bed)

1:00 AM Tolled.

Narrator: Expect the first ghost when the bell tolls 1!(Scrooge awakens and looks around. There is a young ghost with light in her hand)

Rizzo: Wow! I'm impressed with all the special effects!

Narrator: What special effects?

Rizzo: I'm impressed by the total lack of them.

In front of Scrooge was the first Spirit, the Ghost of Christmas Past.

Scrooge: Are you the spirit whose coming was foretold to me?

Ghost of past: I am.

Scrooge: But you're just a child.

Ghost of Past: I have been around for 1,900 years. I'm the Ghost of Christmas Past.

Scrooge: What business has brought you here?

Ghost of past: Your welfare.

Teen Titans Lightning: I hope you don't mind if we tag along.

Ghost of Christmas Past: I accept.

Me: We already can fly.

Nico: Lets head out.

We flew and we went into the past.

Narrator: And so they arrived in Ebenezer Scrooge's childhood.

Doctor Octopus: Is this Scrooge's past?

Me: It sure looks like it.

Nico: Wow. This is back in the 18th Century. And I think the Revolutionary War was over back then too.

Laney: That could be it.

Nico: Yeah.

We landed in front of his old school.

Scrooge: It's my old school. I was a boy here.

Ghost of past: These are but shadows of your past. Ebenezer. They can neither see nor hear you.

Narrator: And a flood of memories came back to him… as Scrooge beheld his old classroom.

Scrooge: I know it all so well. Spirit. The desks. The smell of the chalk. I chose my profession in this room.

Ghost of past: And is he familiar?

Narrator: Scrooge beheld a small boy… a boy he knew. oh. Very well indeed.

Scrooge: Good heavens. It's me.

Snarler: Look! It's young Scrooge!

Nico: Boy he sure was awesome back then in this time.

Me: And he was a bright and smart kid too.

Eli: He sure looked like it.

Ebenezer Scrooge: Boy that was interesting times back then.

Me: No kidding.

Little boy Scrooge: Who cares about stupid old Christmas?

Scrooge: I was often alone. More time for reading and study. The Christmas holiday was a chance to get some extra work done. solitude.

School master: So. Master Scrooge. graduation day. And yet…

Scrooge: That's my old headmaster. This man taught me my greatest lesson.

Schoolmaster: Stand up. Build your life as this school is built.

Young Scrooge: Yes Headmaster.

Schoolmaster: Ah. Yes! Work hard. Work long and be constructive. Oh. Ebenezer. life is a golden opportunity. Today you go forth into the real world. You must keep your nose to the grindstone. Work hard. And one day your life will be as solid… as this very building!

Song - Chariman of the Board

Schoolmaster: It's a golden opportunity that's knocking

And you know by now the answer's up to you

But you're ready, because you have an education

So, be confident, there's nothing you can't do

Everyone Sings: You can soar above the mediocore

Soar above the rest!

If you do your work with vigor

You'll be bigger than the best!

Be proud of your ambition

Being lazy is a curse

We want no empty pockets and we want no empty purse

Work for a living, love for your work

Don't think about vacations, you can overcome that quirk

Insist on being heard, a squeaky wheel can't be ignored

If you do what's right, if you prove you're bright

You'll be chairman of the board

Think about it, chair of the board

When the world snaps to attention, you should be the first

to SNAP!

And you'll wind up on a mountain top with a feather in

your cap

Keep your mind a'working and your feet firm on the ground

Your dedication makes you king, today you're being crowned

Keep your mind a'working and your feet firm on the ground

Your dedication makes you king, today you're being crowned

Your dedication makes you king, today you're being crowned

Young Scrooge: Yes sir.

Ghost of Christmas Past: Come. Scrooge. There is much to see. There was another Christmas Eve with a young woman some years later.

Scrooge: Oh. Please… do not show me that Christmas.

(Belle and Young Scrooge)

Belle: Another year before our wedding. Ebenezer. All you care about is making money.

Young Scrooge: This is all for you. I love you. Belle.

Belle: We met when we were both poor and happy. You've changed. I believe you only love money.

Scrooge: (hangs his head as he whispers) Belle.

Belle: I release you. With a full heart, for the love of the man you once were.

Scrooge: Spirit. Show me no more. Why do you torture me?

Ghost of Christmas Past: I told you. These were the shadows of the things that have been. They are what they are. Do not blame me.

Scrooge: Leave me!

(Scrooge is alone, kneeling on the floor)

Narrator: Scrooge was left alone and exhausted until the nearby clock began to strike the hour.

Me: That was sad.

Nico: No kidding.

Cheshire: Which ghost is appearing now?

Me: The Ghost of Christmas Present.

Nico: I think this one is gonna be good.

Narrator: Scrooge knew that the second of the ghosts was due to appear.

(Ghost is dressed in rich robes with a mug in his hand)

Ghost of Christmas Present: Come in and know me better Man… Come in and know me better. Man. Did I already say that?

Scrooge: You did. Yeah.

Ghost of Christmas Present: I am the Ghost of Christmas Present. This is the night before Christmas! Did I tell you that I am the Ghost of Christmas Present?

Scrooge: You did. Yeah.

Ghost of Christmas Present: Have you ever noticed that everything seems wonderful at Christmas?

Scrooge: In all honesty. Spirit. No. Perhaps I've never understood about Christmas.

Ghost of Christmas Present: Before this day is done. you will understand!

Song - It Feels Like Christmas

It's in the singing of a street corner choir

It's going home and getting warm by the fire

It's true, where ever you find love, it feels like

Christmas

A cup of kindness that we share with another

A sweet reunion with a friend or a brother

In all the places you find love, it feels like Christmas

It is the season of the heart

A special time of caring

The ways of love made clear

It is the season of the spirit

The message if we hear it

Is 'Make it last all year'

It's in the giving of a gift to another

A pair of mittens that were made by your mother

It's all the ways that we show love that feel like

Christmas

A part of childhood we'll always remember

It is the summer of the soul in December

It's when you do your best for love, it feels like

Christmas

It is the season of the heart

A special time of caring

The ways of love made clear

It is the season of the spirit

The message if we hear it

Is 'Make it last all year'

It's in the singing of a street corner choir

It's going home and getting warm by the fire

It's true, where ever you find love, it feels like

Christmas

It's true, where ever you find love

It feels like Christmas

It feels like Christmas

It feels like Christmas

It feels like Christmas

Ghost of Christmas Present: We shall go out into the world.

Scrooge: Why have we come to this odd corner of the town?

Ghost of Christmas Present: It's Christmas here. Too. You know. It's Bob Cratchit's house.

Narrator: Perhaps it was the spirit's own generous nature and his sympathy for all poor men that led them straight to the home of Scrooge's faithful clerk.

Rizzo: Goose! They're cookin' goose in there!

Narrator: Rizzo. Get out of the way!

Scrooge: This is Bob Cratchit's house?

Ghost of Christmas Present: How do you know that?

Scrooge:You just told me.

Ghost of Christmas Present: Well. I'm usually trustworthy.

Bob: Merry Christmas. Everyone.

Children: Happy Christmas.

Mrs. Cratchit: Children. Children. Children! Now… Now it's time to set the ahead.

Tiny Tim: Wait for me!

They were looking at the goose.

Tiny Tim: ( looking at the goose) The goose! The goose!(cough)

Bob Cratchit: Oh. No. No. Now. Son. Son. now you've gotten too excited.

Mrs. Cratchit: You go sit in your chair a moment. Okay. Rest. Rest a moment. How was he at church?

Bob Cratchit: As good as gold and better. He told me that he hoped the people saw him in church because it might be pleasant for them to remember upon Christmas Day who made lame beggars walk and blind men see.

Scrooge: A remarkable child!

Guyhawk: I don't get it. We're still in the present.

Nico: Well he is the Ghost of Current Events going on.

Guyhawk: Oh right.

Me: I have a feeling this one is gonna tell him what he was doing to others.

Titania: While you're still here, can you show us what's going on in Sho, Ish, Nate, and Maggie's worlds right now? We want to check on if the bad guys there are making a move yet.

Me: Sure thing.

I opened viewing windows and showed that Nene was still cowering in fear, Wild Card is still dead, Nate was capturing many Yokai and Maggie and Herbie were getting ready for Trip Murphy.

Nico: Looks like their enemies are getting ready and we'll be ready for them.

Me: Yep.

Narrator: And with that. The Cratchits came to what was surely the happiest single moment in all the livelong year.

Scrooge: Such a meagre feast.

Ghost: But very much appreciated.

Scrooge: I pay Bob such a small amount.

Bob Cratchit: (lifting a glass) Mr. Scrooge!

Mrs. Cratchit: Bob! Bob Cratchit! (slamming down her glass)

Bob Cratchit: It only seems right that I should lift a glass to my employer. I give you Mr Scrooge. the founder of the feast.

Mrs. Cratchitt: The founder of the feast. Indeed! Hmmph! If I had him here. I would give him a piece of my mind to feast upon. And I bet he would choke on it. Hmm! Choke! Choke!

Me: Whoa. That is harsh.

Bob Cratchit: My dear! The… The children! Christmas Day!

Mrs. Cratchitt: Well. I suppose that on the blessed day of

Christmas… one must drink to the health of. Uh. Mr Scrooge. (still muttering) Even though he is horrible.

Stingy… Mm-hmm. Mm-hmm. Wicked and unfeeling.. Mm-hmm! Mm-hmm!.

Bob Cratchitt: To the founder of the feast. Mr. Scrooge!

Children: To Mr. Scrooge.

Mrs. Cratchitt: He'll be very merry and happy this day. I have no doubt. No doubt.

Bob Cratchitt: Cheers!

Tiny Tim: God bless us. Every one!

Me: God bless us. Everyone.

Nico: Poor Tiny Tim. I feel bad for him.

Song - Bless Us All

Life is full of sweet surpises

Everyday's a gift

The sun comes up and I can feel it lift my spirit

Fills me up with laughter, fills me up with song

I look into the eyes of love and know that I belong

Bless us all, who gather here

The loving family I hold dear

No place on earth, compares with home

And every path will bring me back from where I roam

Bless us all, that as we live

We always comfort and forgive

We have so much, that we can share

With those in need we see around us everywhere

Let us always love eachother

Lead us to the light

Let us hear the voice of reason, singing in the night

Let us run from anger and catch us when we fall

Teach us in our dreams and please, yes please

Bless us one and all

Bless us all with playful years

With noisy games and joyful tears

We reach for You and we stand tall

And in our prayers and dreams

We ask You bless us all

We reach for You and we stand tall

And in our prayers and dreams we ask you

Bless us all

Scrooge: Spirit. Tell me if Tiny Tim will live.

Ghost of Christmas Present: That is the future. My realm is the present. However. Ah. I see a vacant seat by the chimney corner and a crutch without an owner. If these shadows remain unaltered I believe the child will die.

Scrooge: Oh. Spirit. (hides his head in his hands)

Narrator: As the Cratchit family vanished into the darkness Scrooge kept his eyes upon Tiny Tim until the last.

Ghost of Christmas Present: Come. My time grows short. My time upon this globe is very brief. I believe it will end upon the stroke of Uh! One. (Bong)

Scrooge: Now? But. Spirit. I have learned so much from you (Bong)

Narrator: Nothing Scrooge could do or say could stop (Bong) those terrible bells. (Bong)

Scrooge: Oh. Spirit. Do not leave me. You have meant so much to me. You have changed me.

Ghost of Christmas Present: Now I leave you with the Ghost of Christmas Yet to Come.

Scrooge: You mean the future? Must I?

Ghost of Christmas Present: (walks away)

He vanished.

Grier: Now, for the final ghost.

Me: Oh no. And this is the scariest one of them all.

Nico: Yep. The Ghost of Christmas Yet to Come. The one that tells the future.

Laney: Yep.

Eli: Its going to be a dark future for Scrooge.

We then saw a scary hooded figure and it was THE GHOST OF CHRISTMAS YET TO COME! He looked more like the Grim Reaper.

Scrooge: Am I in the presence of the Ghost of Christmas Yet to Come? (Ghost doesn't make a sound) Spirit. I fear you most of all.

Rizzo: Oh. This is too scary. I don't think I want to see any more.

Narrator: You're on your own. Folks. We'll meet you at the finale.

Scrooge: I am prepared to follow and to learn with a thankful heart. Will you not speak to me?

(Ghost moves toward Scrooge and takes Scrooges hand)

Scrooge: Oh. Yes. Yes. Lead on. Spirit.

Ere was with us too.

We followed and went through a portal and it lead into the future.

Gentleman 1: He is dead.

Gentleman 2: When did he die?

Gentleman 1: Last night. I believe.

Gentleman 2: Hmm. Wonder what he died of. I thought he'd never go.

Gentleman 1: Well. I don't know or care.

Gentleman 2: I'd just like to know what he's done with his money.

Gentleman 2: Yes. Lets' go.

Scrooge: I know some of those gentlemen. Spirit. Who are they talking about? I understand. Spirit. The case of this unhappy man might be my own. Let me see some tenderness connected with this world… or I'll be haunted by that terrible conversation forever.

(Ghost moves pointing toward other part of the stage)

Scrooge: It's Bob Cratchit's house. Oh. Yes. Spirit. A place of joy and laughter. Thank you for bringing me here. It's so quiet. Why is it so quiet. Spirit?

(Mrs. Cratchit is sitting down with the children)

Mrs. Cratchit: Oh. Not Tiny Tim! (she starts crying). I don't want your father to see me crying… I think he's walked a little slower these past two evenings.

Bob Cratchit: Hello. My dears.

Children: Daddy.

Bob Cratchit: Hello. Children.

Mrs. Cratchit: How was the churchyard?

Bob Cratchit: Oh. It'll be lovely. Emily. It would have done you good to see how green the place is. I picked a spot for Tim where he can see. It-It's a spot on the hill and you can see the ducks on the river.

Mrs Cratchit: Tiny Tim always loved watching the ducks on the river.

Me: Poor Tiny Tim.

Eli: In the future he died.

Scrooge: Oh. Spirit. Does this have to happen? How can they live like this?

Bob Cratchit: It's all right. Children. Life is made up of meetings and partings. That is the way of it. I am sure we shall never forget Tiny Tim…

We were then back in the graveyard.

Scrooge: Must we return to this place? There's something I must know.

We saw a neglected grave.

Scrooge: Whose grave is this?!

Girder: Scrooge, I'm not sure if you're ready to hear this.

I went over and showed that it was the grave of Tiny Tim.

Me: Look Scrooge. Tiny Tim will die if we don't help him.

Nico: That's right. But that's not the worst part. Look at that grave over there.

Nico pointed to a grave that was neglected.

Scrooge: Who was the wretched man whose death brought so much glee and happiness to others? (Ghost points to a grave)

He went over to the grave and uncovered it and it was HIS GRAVE!

RD Lucy: Take a look, Scrooge. This is your future.

Me: It's one where if you don't change your ways, you will become nothing more than a forgotten memory and this is where you are heading to.

I opened a viewing window and showed him the pain and suffering he will soon be facing in the fires of Hell for all eternity.

Me: You still have a chance to change Scrooge. It's never too late for you.

Nerissa: That's right Scrooge! I was given a second chance and now you can get one too.

Grinch: These guys got me to change my heart. They can do the same to you.

2016 Morbucks: I'm just glad my original counterpart's not gonna fight us this year.

Me: That's true.

Volcana: That's right.

Redemption Squad: All of us changed for the better and so can you Scrooge.

Maria: (smiles) So what do you say?

Ebenezer Scrooge knew that we were right and so was the The Ghost of Christmas yet to come.

Me: Will you change your ways?

Mr. Scrooge: Can these events be changed? A life can be made right. I will honour Christmas and try to keep it all the year. (Spirit walks off stage) Oh. Spirit. Please speak to me. I'm home.

Me: Yes you are back home.

Narrator: Yes. Mr. Scrooge was back home.

Rizzo: Hi. Guys! We're back. We promised we would be.

Narrator: But the thing that made Scrooge happiest of all was that his life could be changed.

Scrooge: Oh. Heaven and the Christmas time be praised for this day. I'm as happy as an angel.

May: I promise you won't regret this.

Scrooge: Oh I know you won't. Thank you all so much.

Me: You're welcome Ebenezer. There are three things that one can never live without especially on a day like Christmas and they are Friendship, Love and Faith.

Nico: That's right Ebenezer. You are still a good man to many in their eyes.

Scrooge: You're right. Thank you all.

Eli: You're welcome.

He went to his window

Scrooge: You there. Boy. What's today my fine fellow?

Boy: Today? Well. Today is Christmas Day.

Scrooge: It's Christmas Day? I haven't missed it. Do you know the poultry shop in the next street?

Boy: Yes. Sir. I do.

Scrooge: An intelligent lad. A remarkable lad. Do you know whether the prize turkey has been sold in the window?

Boy: Oh. The one twice as big as me? It's still there.

Scrooge: Oh. It's a pleasure talking with you. Lad. Go and buy it.

Boy: Be serious.

Scrooge: I am being serious. Buy it for me. and I'll give you a shilling. No. I'll give you five shillings.

Boy: What? Wow!

Scrooge: I'll bring it to Bob Cratchit's house. What a surprise it'll be. It's twice the size of Tiny Tim.

Narrator: And a few moments later. dressed in his finest Scrooge appeared on the streets of the city to wish "Happy Christmas" to all the world.

Scrooge: Happy Christmas.

Narrator: Everyone was out and about this fine morning and soon he encountered two familiar faces.

Scrooge: Pardon me. Gentlemen. But about the charity donation. You asked me for yesterday.

Gentleman 1:Oh. Yes?

Scrooge: Put me down for… (whispers to them)

Gentleman 2: That much?

Scrooge: Not a penny less. A great many back payments are included in it. I assure you.

Gentleman 1: Oh. My goodness

Gentleman 2: I don't know what to say.

Boy: Here's your turkey. Mr Scrooge.

Scrooge: Follow me. Lad.

Song - Thankful Heart

With a thankful heart

With a endless joy

With a growing family

Every girl and boy

Will be nephew and niece to me

(Nephew and niece to me)

Will bring love, hope and peace to me

(Love hope and peace to me)

Yes, and every night will end

And every day will start

With a grateful prayer

And a thankful heart

With an open smile and with open doors

I will bid you welcome

What is mine is yours

With a glass raised to toast your health

(With a glass raised to toast your health)

And a promise to share the wealth

(Promise to share the wealth)

I will sail a friendly course

File a friendly chart
On a sea of love and a thankful heart
Life is like a journey
Who knows when it ends?
Yes, and if you need to know
The measure of a man
You simply count his friends
Stop and look around you
The glory that you see
Is born again each day
Don't let it slip away
How precious life can be
With a thankful heart that is wide awake
I do make this promise
With every breath I take
Will be used now to sing your praise
(Used now to sing your praise)
And beg you to share my days
With a loving guarantee
That even if we part
I will hold you close in a thankful heart
I will hold you close in a thankful heart

In a thankful heart

Scrooge: Bob Cratchit! You were not at work this morning as we had discussed.

Bob Cratchitt: Oh. But-but. Mr Scrooge. Sir we did discuss it. It's Christmas Day. You gave me the day off.

Scrooge: I? I. Ebenezer Scrooge? Would I do a thing like that?

Bob Cratchitt: No.I mean yes. But-But you did.

Scrooge: Bob Cratchit. I've had my fill of this.

Mrs. Cratchitt: And I have had my fill of you. Mr Scrooge.

Scrooge: And therefore. Bob Cratchit…

Mrs. Cratchitt: And therefore. You can leave this house at once!

Scrooge: And therefore. I'm about to raise your salary.

Mrs Cratchitt: Oh! And I am about to raise you right off the pavement and out… Pardon?

Scrooge: Yes. Bob. Raise your salary and pay your mortgage on this house.

Bob Cratchitt: Please. Sir. Come inside. Uh. Yes.

Mrs. Cratchitt: Oh. Yes. Yes.

Narrator: And Scrooge was better than his word. He did it all and infinitely more!

Rizzo: And. Uh. Tiny Tim?

Narrator: And Tiny Tim. Who did not die…

Rizzo: Aw. Isn't that swell!

Narrator: To Tiny Tim. Scrooge became a second father. He became as good a friend and as good a man. As the good old city ever had!

Rizzo: Hmm.

Narrator: As Tiny Tim observed… God bless us.

All cast: God bless us. Every one!

Rizzo: Nice story. Mr Dickens.

Narrator: Oh. Thanks. If you like this. you should read the book.

Cast sings: We wish you a Merry Christmas. At the end of the song, all bow.

Me: That was amazing!

Nico: Way to go guys!

Ebenezer Scrooge: Thank you all so much for your help.

Mr. Mittens: Where did you guys go?

May: The past, present, and future.

Mr. Mittens: That is amazing! (Sees Nerissa) Nerissa!? How did you get brought back!?

Me: I brought her back.

I told them everything.

Mr. Mittens: Whoa! Smart call. Reckless but smart.

Zavok: (to Ace) It's awesome how J.D. and the others sent IceDevimon packing. I guess us keeping one of Bagra's generals alive until February won't hurt.

Ace Bunny: IceDevimon wasn't really a General. He was more like a battalion leader.

Sunset Shimmer: But it looks like IceDevimon is going to think twice before facing J.D.

Sunburn: You got that right.

Leo Corbett: Now the Bagra Army is going to probably up their game.

Mike Corbett: But they don't know that we are ALWAYS many steps ahead of them.

Disk Wars Mandarin: That is true.

Davis: That is amazing that we were able to do that.

Starlight Glimmer: Scrooge reminded me in every way of Snowfall Frost from A Hearthswarming Tale and she HATED Hearthswarming Eve like Scrooge hated Christmas.

Scott Truman: Hearthswarming Tale and Christmas Carol are both very similar.

Mercurymon: Oh wow! That's right! We're going to be celebrating 2 big holidays tomorrow. One in Equestria and 1 here.

Qrow Branwen: That's right and you'll like this. We've been invited to watch the big Hearthswarming Eve play and it's being performed by Twilight and her friends.

Fluttershy: That is beautiful and Pinkie met them when she was looking for a gift for her Hearthswarming Helper.

Kite Man: I heard that J.D. gave her a really threatening message back then saying that he was going to make sure Nerissa would pay the ultimate price for her crimes.

Wonder Woman: Yep he sure did and it was very similar to how Goku threatened Cell.

Rainbow Dash: Now that was really awesome.

Scootaloo: It's amazing that Nerissa did so much good before the power of the Heart of Candrakar poisoned her mind with powerlust.

Whirlwind: That was crazy. And Megan has been keeping tabs on everything going on in Candrakar with Will and friends.

Carter Grayson: That sure was crazy. And J.D. didn't even have his most powerful transformation back then.

Dustin (Planes): He sure didn't. Now Phobos wouldn't last against J.D. in his power.

---

We regrouped and cheered wildly.

?: I will have my revenge on you for ruining my world of chaos, Laney Loud and Jared Knudson!

Suddenly, the eight large planets and stars orbing around my legs, the eight large orange orbs orbiting around Lincoln, Linka, and Duke Lincoln's legs, the eight large dark blue orbs orbiting around Ed Cowart's legs, the eight large crimson red orbs orbiting around Naruto's legs, the eight large black orbs with the Eye of Horus orbiting around Cody (OC)'s legs, the eight large pink orbs orbiting around Lola and Lexx Loud's and Steven Universe's legs, the eight large green orbs orbiting around Lynn Sr.'s legs, the eight emerald green orbs orbiting around Yakko Warner's legs, the eight large sapphire blue orbs orbiting around Wakko Warner's legs, the eight large hot pink orbs orbiting around Dot Warner's legs, the eight large marine blue orbs orbiting around Liam and Leif Loud's legs, the eight large scarlet red orbs orbiting around Lynn Loud and Lynn Jr.'s legs, the eight coral red orbs orbiting around Timon's legs, the eight large blue orbs orbiting around Lori and Loki Loud's legs, the eight large sea-foam green orbs orbiting around Leni and Loni Loud's legs, the eight large yellow orbs orbiting around Luan and Lane Loud's legs, the eight large brown orbs orbiting around Laney and Larry Loud's legs, the eight large light green orbs orbiting around Lisa and Levi Loud's legs, the eight large lavender orbs orbiting around Lily and Leon Loud's legs, the eight large colored orbs orbiting around Bobby Santiago and Nico's legs, and the eight large purple orbs orbiting around Luke Loud's legs and Menat's legs were glowing, and that means big trouble was coming.

Laney: (Gasps) Oh no, I was hoping never to hear that voice ever again. You can come out now, Dark Lincoln.

A figure came out, and it was none other than Dark Lincoln from the time Jared babysat for the Louds years ago.

Lori: What the?! Laney, who the heck is that, he looks like Lincoln in his 11-year-old kid form, but he has black clothes, black hair, and he has red eyes filled with hatred.

Laney: That is Dark Lincoln, but not the one that we faced in Girl Jordan's dream, this is the one who we'd faced in The Simulator when Jared was babysitting us, while the rest of you were at Aunt Ruth's.

Me: I remember that you, Eddy, and Jared told us about him.

Nico: But, those of us who hadn't joined or were at Aunt Ruth's those years ago don't know about him. What can you, Eddy, and Jared tell us about him, Laney?

Laney: You won't like what we're going to tell you about him, Commander, and the same goes with you, Lincoln.

Jared Knudson: Laney's right about that one, Lincoln. I hope you're prepared for what we're going to tell you all.

Laney, Jared, and Eddy told us about Dark Lincoln in the events of Jared's Babysitting Adventure in Chapter 311, and what he did in his universe's version of Royal Woods had absolutely horrified all of us: he'd turned his universe's sisters against his universe's Lincoln, and the resulting chaos turned his universe's Royal Woods into World War III, and he had absolutely no remorse for his crimes. He was even worse than Lucifer himself. When Laney, Jared, and Eddy were finally done, we were completely horrified at the dark deeds of Dark Lincoln.

Nico: (Shocked) Oh my God.

Lori: (Shocked) That was literally pure evil, I can't believe what Dark

Lincoln did to his universe's Lincoln, his sisters, and Royal Woods.

Lynn: He's bad to the bone and pure evil to the core, he's the opposite of Lincoln.

Lola: To think he could do something so evil in his universe, that's really, really dark.

Dark Lincoln (Fiery Babysitting): And now, I will kill all of you and unleash pain, suffering, and chaos across the entire world, and all of humanity will perish! (LAUGHING MALEVOLENTLY)

But, out of all of us, none was even more enraged at Dark Lincoln than Lincoln, as he was growling ferociously, and clenched his large right hand so tightly, he drew blood and as it lands on the ground, it sizzled. When we saw it, it meant one thing: Lincoln was now extremely pissed at Dark Lincoln.

Everyone: UH OH!

Suddenly, we felt and heard something really snap inside Lincoln's mind, as he was surrounded by a rainbow energy aura with elemental forces. We felt the ground quaking like crazy, as he unholstered his massive Sword of Taranis from his wider and more muscular back, and as he'd approached Dark Lincoln, he left rainbow energy, elemental forces, Thunderbirds, and Buffalo with every step.

Lincoln: I will never forgive you for what you've done to your universe's Lincoln, his sisters, and Royal Woods, Dark Lincoln. You have absolutely no remorse for all the pain and suffering that you'd caused. (Getting Very Angry) But, what you did in ruining your universe's Lincoln's name and turning his dear sisters against him, causing World War III, and unleashing total chaos and suffering… , YOU'VE JUST GOT YOURSELF SENTENCED TO DEATH, AND I SHALL BE THE ONE TO SEND YOU STRAIGHT TO THE DARK DEPTHS OF OBLIVION, YOU HEARTLESS, SADISTIC, REMORSELESS, CONNIVING, TWO-FACED, INSANE, MURDEROUS BASTARD!

We gasped in total shock and awe at Lincoln exploding.

Nico: Oh crap, Lincoln's snapped.

Me: No, Commander, it's more like Lincoln's exploded with rage, and it's going to get really ugly. HIT THE DECK!

Then, Lincoln screamed like a madman, as he was surrounded by a massive vortex of rainbow energy with elemental forces surrounding the vortex, and it'd got even more intense with rainbow lightning bolts crashing down from the heavens with volcanoes erupting, tornadoes forming, and tidal waves crashing, there was a rainbow Thunderbird flying around the vortex, and in the vortex was a rainbow phoenix. Then, as the vortex faded and the volcanoes, tornadoes, and tidal waves disappear, Lincoln emerged, but he was changed forever.

The 16-year-old 7'0", white-haired, handsome, and extremely muscular teen remained physically the same, along with the rainbow colored Thunderbird with the golden lightning bolt emblazoned on his forehead, the golden lightning bolt cutie mark with the Thunderbird and comic books right on his massive and wide right pec and surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature, Light, and Darkness in a circle, the Celtic Cross cutie mark tattoo in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon, surrounded by the circle of the marks of the other girls in Lincoln's harem, the Pisces constellation and Aquarius Zodiac sign on the back of his neck, his orange Crystal Saber holstered on his left hip and Eater of Sins revolver holstered on his right hip, large fingerless black gloves with the symbol of The Loud House on it, large Orange Buffalo Animal Spirit Ring on his left ring finger, and large Blue Lantern ring on his right ring finger.

Lincoln's neon deep sapphire blue eyes turned into neon rainbow colored eyes, his rainbow energy aura with elemental forces also had planets surrounding him, his large weighted orange bands on his massive biceps and thighs had silver phoenixes on them, his massive and indestructible deep blue angel wings surging with powerful super lightning and the stars and blue nebulae reflecting on them had rainbow tips on the large feathers, the large orange gems on Lincoln's large cuff Bracelets of The Champions of the Universe on his wrists and large orange gem belt buckle of his Belt of Elemental Bravery had rainbow colors, his silver Thunder Kanji earrings had changed into silver Buffalo head stud earrings with the Thunderbird and Eternity Kanji, the lightning bolt links on his Thunderbird Necklace of Eternal Love has colored gems that represent all of us, and silver Thunder Kanji pendant turned into a silver Buffalo head with the Thunderbird and Eternity Kanji on it across his permanently bare chest. The gold lightning bolts on his large blue pants turned into rainbow lightning bolts, his

orange version of He Man 2002's loincloth with hanging mini silver lightning bolts remained the same, and his long orange trenchcoat coattails with hanging silver lightning bolts now had elemental forces, Thunderbirds, Phoenixes, and Buffalo on them.

The Earth surrounded by the ring of mermaids right on top of Lincoln's Cutie Mark tattoo now had the Thunderbird, Phoenix, and Buffalo surrounding it, and the sapphire deep blue kanji moved down to below the Cutie Mark tattoo, and it got an upgrade as it now said, "Lincoln Landon Loud, Champion and Emissary of Hinon, Master of Lightning Storms, The Weather, and The Thirteen Elemental Forces, The Loud House's Man With A Plan, Golden-Hearted Brother of Many Siblings, and Golden-Hearted Lover, Father of Many Kids, Son, and Future Husband, Descendant of The 17th Century Duke Lincoln of Loch Loud in Scotland, Destroyer of Morag McLaughlin, Destroyer of Evil, Black-Hearted, Sadistic, Delusional, Power-Hungry Bastards, Talented Comic Book Writer and Video Gamer, God of Truth and Justice, and Ambassador and Beacon of Hope to The Universe."

リンカーン・ランドン・ラウド、ヒノンのチャンピオンと使者、雷雨のマスター、天気、そして十三の元素の力、計画のあるラウド・ハウスの男、多くの兄弟の黄金の心の兄弟、そして多くの子供の父の黄金の心の恋人、息子、そして未来の夫、スコットランドのラウド・ハウスの十七世紀のデューク・リンカーンの子孫、モラグ・マクラフリンの破壊者、悪の破壊者、黒人の心、サディスティック、妄想、パワーに飢えた野郎、才能のある漫画本の作家とビデオゲーマー、真実と正義の神、そして宇宙への希望の大使とビーコン

Lincoln has transformed into SUPER ANGEL-EBONWU-THUNDERBIRD ETERNITY INFINITY ELEMENTAL

THUNDERBIRD BUFFALO ANGEL OF UNIVERSAL JUSTICE AND ELEMENTAL HOPE!

We were completely amazed and struck with both shock and awe by Lincoln's Super Angel-Ebonwu-Thunderbird Eternity Infinity transformation, and when the many girls in Lincoln's harem saw it, their faces turned atomic red, their eyes turned into hearts, and they had nosebleeds upon seeing just how much hotter their future hunk of a husband has become. But, when Dark Lincoln saw it, he fell into a dark and abysmal rage.

Me: (Stunned) Holy crap!

Nico: (Stunned) Unreal, Lincoln's now transformed into his Super Angel-Ebonwu-Thunderbird Eternity Infinity form.

Lori: (Stunned) OMG, this is literally incredible.

Lynn: (Stunned) There's no words to even describe what's happened to Lincoln, this is… wow!

Lola: (Stunned) Incredible.

Nico: Whoa, Lincoln, you look so awesome! How do you feel?

Lincoln: (Divine Echoing Cosmic Thundersnow Elemental Voice of Universal Justice and Elemental Hope) **I feel incredible, Commander, and now, it's time to administer Dark Lincoln's punishment for what he's done in his universe.**

Nico: Lincoln, show that monster no mercy for what he's done.

Lincoln: (Smiles) **That's exactly what I'm going to do to him, Commander.**

Dark Lincoln was filled with eternal dark rage, as we suddenly saw him outlined by a red aura of dark energy, and we then saw him grow to 7'0" in height, and his upper and lower body muscles grew and bulked up enormously, and it caused his black shirt to rip to shreds, and he had a large dark sword in hand and demonic wings on his back. Lincoln went after Dark Lincoln, who fired blasts of dark energy at us, but he dodged them, and Lincoln had fired powerful blasts of rainbow energy, elemental forces, Thunderbirds, Buffalo, and Phoenixes at Dark Lincoln, and as they hit, they exploded with incredible power, and he was burned badly by the purity of the attacks.

Nico: Whoa! What power!

Lori: And the purity of those attacks is coming from his pure heart. Alright, go get him, Lincoln!

We cheered for Lincoln, and this enraged Dark Lincoln to no end, and he tried to attack Lincoln with his large dark sword, but Lincoln dodged and blocked his attacks with his massive Sword of Taranis. Suddenly, we saw that his massive Sword of Taranis was glowing and it was getting an upgrade, and we saw that surrounding the ring of multicolored lightning bolts was a ring of the thirteen elemental forces of Fire, Water, Ice, Light, Darkness, Thunder, Wind, Earth, Nature, Gravity, Time, Space, and Cosmic, and the eight large orange orbs orbiting around his legs had rainbow colors.

Lincoln: **See how you like dealing with the true power of the bonds that I have with my siblings! HURRICANE STYLE NINJA ART: LORI LOUD, STELLAR STYLE NINJA ART: LENI LOUD, MAELSTROM STYLE NINJA ART: LUNA AND LILY LOUD, LIGHT STYLE NINJA ART: LUAN LOUD, VOLCANO STYLE NINJA ART: LYNN AND LENA LOUD, NATURE STYLE NINJA ART: LANEY LOUD, DARKNESS STYLE NINJA ART: LUCY LOUD, ARCTIC STYLE NINJA ART: LANA LOUD, FIRE STYLE NINJA ART: LOLA AND LEE LOUD, TECH STYLE NINJA ART: LISA LOUD, MAGIC STYLE NINJA ART: LIBERTY LOUD, LIGHTNING STYLE NINJA ART: LYRA LOUD!**

Lincoln fired elemental blasts, which took on the forms of his siblings, and they brutally attack Dark Lincoln. Then, Lincoln slashed off Dark Lincoln's demonic wings and shattered his large dark sword, and then, Lincoln chained Dark Lincoln with indestructible chains of rainbow energy, and the purity of the rainbow energy chains were burning him. Lincoln's massive right hand was glowing with rainbow energy with colored energy balls surrounding it, and it means he's going to finish Dark Lincoln off.

Lincoln: **And now, this is the end for you, Dark Lincoln, may you never return from the dead to torment mankind and the world ever again. LOUD HOUSE ELEMENTAL KAMEHAMEHA!**

Lincoln fired a massive Kamehameha energy wave made of rainbow energy with multiple colored energy blasts representing him and his siblings in The Loud House, and as they hit Dark Lincoln, it exploded with incredible.

Dark Lincoln (Fiery Babysitting): DAMN YOU, LINCOLN LOUD AND TEAM LOUD PHOENIX STORM!

The resulting explosion killed Dark Lincoln, and his evil spirit was Super Hakaied forever. We cheered wildly and loudly for what Lincoln did, as he holstered his massive Sword of Taranis on his wider and more muscular back and he powered down as his rainbow eyes change back to deep sapphire blue, the rainbow gems on his large cuff Bracelets of The Champions of The Universe and large rainbow gem belt buckle on his Belt of Elemental Bravery, and the eight large rainbow orbs orbiting around his legs changed back to orange, and the new upgrades and improvements to Lincoln's clothes, weapons, jewelry, and angel wings were permanent.

Then, Lincoln ran up to all of us and he hugged us in his abnormally massive and powerful muscular arms, and we returned the hug. We also saw tears falling from his eyes, and we comforted him.

Me: It's okay, big guy, it's okay.

Nico: What you heard about what Dark Lincoln did, it hit you deep in your heart, didn't it?

Lincoln: Yeah, it really hit me deep into my heart. I'd never do that to any of you, I love you all with all my heart.

The girls in Lincoln's harem rubbed his wider and more muscular back, and the rest of us were also helping out as well.

Twilight Sparkle: (Soothing Voice) We know, Linky. We know you'd never do something like this.

Lori: Twilight's right, Linky. We've known you ever since the day you were born, and when you were growing up.

Me: Yeah, you remember what we told you at Sunset Canyon when we were visiting your Pop-Pop?

Nico: And and at Loch Loud?

Lincoln: Yeah, you're right, I remember everything all too well, and I haven't forgotten them. (Feeling Better) I've done many heroic things, I've also talented in what I do best, and I love all of you with all my heart, and that's what makes me different from Dark Lincoln, and I'm going to continue to adapt to the changes of leadership when Nico is leading. (Smiles) By adapting to change, I will continue to grow and adapt to the changes to the team, and that's my solemn vow.

Nico: (Smiles) Now, that's what I like to hear, big guy.

We piled on and we gave Lincoln the biggest group hug ever.

Minerva Mink: (Seductively) Oh, Linky.

Lincoln: Yes?

Then, Lincoln was piled on by all of the girls in his harem, and he was kissed all over, as we saw kissy marks on his face and abnormally massive and powerful muscular upper body, he had a lovestruck look on his face, and a fierce atomic red blush on his face.

Lori: (Giggles) Whoa, it looks like the girls in your harem have given you your Christmas gift a little early, Linky.

Lincoln: (Babbles)

Minerva Mink: Aw, ain't he cute?

Babs Bunny: Hey, that's my line.

May: (Giggles) Looks like Lincoln's still getting used to getting dogpiled on by his future wives, and getting kissed all over.

Luna: (Giggles) You got that right, dude, especially with getting multiple kissy marks all over his face and upper body, and can't the same be said for Colonel J.D.?

I blushed madly, and Lincoln recovered from his lovestruck daze, and he got up.

Nico: Yeah, I couldn't forget that after he got rid of Kuyo's ugly face in Megakat City, when all of the girls in the Colonel's harem dogpiled on him and left kissy marks on his face and abnormally massive and powerful muscular body.

Man Boy: Well, it's only a few hours before Christmas.

Kite Man: I'll go ahead and get the decorations.

Goro: I will gather the presents.

Dodgeball Wizard: And I'll get the eggnog.

Magma: Wait. Eggnog's still used in Christmas?

Me: Yes it sure is.

Nico: Keep it away from Sasuke. He drinks it all.

We laughed.

Sasuke: It's true. I can't help myself.

Naruto: He just loves the stuff.

Me: (To the viewers) Tomorrow is Christmas Day and we're all really excited for this one.

Nico: Yep.

We got ready for Christmas and went to sleep for tomorrow.

Another awesome Chapter for Christmas done.

The Muppet Christmas Carol is one of my childhood favorite movies and it was a great movie. Michael Caine and the iconic Muppets all did a great job in that movie. So awesome! Tomorrow is Christmas Day and we're going to be celebrating the holiday by going to Canterlot to see the awesome Hearthswarming Eve Play featuring Twilight and friends as the founders of Equestria.

See you all tomorrow.

# CHRISTMAS AND HEARTHSWARMING

MERRY CHRISTMAS 2021 EVERYONE!

---

It was December 25th, 2021 in Gotham Royal York and it was one of our favorite times of the year: Christmas.

Poromon, Manaphy, Poliwag, Tentacool, Jirachi, Ninetales, Eevee and Horsea: MERRY CHRISTMAS, EVERYBODY!

Me: Merry Christmas to you too guys.

Lana: GUYS!

We went into the Living Room and there under the Christmas Tree was a MASSIVE PLETHORA of Christmas Presents from Santa! HOLY MACKEREL!

Me: WHOA!

Nico: Wow! Look at all the presents!

Eli: SO MANY OF THEM!

The Masters of Evil all came.

Vypra: Hey guys. Merry Christmas to you all.

Dark Spicer: Wow! You guys have a lot of presents.

Me: We sure do and we haven't even opened them yet.

Chomp Chest: I hope my present is a lot of treasure!

Me: Lets dig in everyone!

We got to opening the presents!

Prohyas and Vambre got amazing new Magiswords.

Prohyas: Wow! Look at this!

HOT DOG MAGISWORD!

Vambre: (British Accent) Ooh amazing! Look at mine!

EGG NOG MAGISWORD!

Nico: Cool Magiswords you two!

Eli: Check out my new Paleozoic World Vest!

Me: Awesome!

Lots and lots and lots of awesome and amazing presents.

Irma Lair: These are so awesome.

Will Vandom: They sure are.

Evil Green Ranger: Hey, guys. Did we miss anything?

Nico: Nope you arrived just in time.

Laney: Yep.

Evil Green Ranger: Cool!

Me: And we all got awesome presents. Now for my present for Taylor. I've saved the best for last.

Loud House Taylor: What is it?

Me: Here it comes.

I snapped my fingers.

(THE MYSTICS DREAM PLAYS AT 6:03 TO 7:13)

Beams of golden light shined down and then the divine singing of angels was heard and then a figure came out and it was Taylor's mom Naomi and she was a beautiful woman with black hair and blue eyes.

Taylor gasped in shock.

Loud House Taylor: Mom?

Naomi: Taylor its so awesome to see you again.

Loud House Taylor: MOM!

She went and hugged her mom for the first time in 5 years and she cried hard into her chest.

Naomi: What did that monster of a man do to you my sweet girl?

Retrax: Because of your husband, your sweet little girl became a bully.

Me: Yeah. But it was thanks to Sunset Shimmer here that we were able to bring your so-called husband to justice and send him to prison forever. Were trying to get his sentence upgraded to the Death Penalty for his crimes.

Nico: Yeah.

Sunset Shimmer: Why would your husband kill you like that?

Naomi: Because he hated me and hated Taylor. I caught him doing stuff to her and I was going to report him to the police and get a restraining order on him and he wouldn't have it. I was going to take Taylor and leave to go somewhere far. But he killed me in a rage. No one stopped him because they were afraid of him.

Me: What a monster. Pablo and Anderson are no better too.

Nico: Yeah.

Me: He deserves to be destroyed for his crimes.

Laney: No kidding. I would call your so-called husband an absolute monster that has no love for anyone except himself. A true heartless psychopath and an absolute monster.

Magma: And if I remember correctly, I think he hated women.

Me: That's right. I remember that.

Nico: What a Misogynistic Monster!

Naomi: That's right! But the important thing is now I'm back and I can stay with Taylor for good this time.

Laney: She has a lot of healing to do after everything that happened.

Eli: She sure does.

Brad Morton: (tears in his eyes) I promised myself I wouldn't cry!

But then he bursted into tears and cried hard! Rotwood comforted him.

Lana: Looks like Taylor is on the road to recovery.

Me: She sure is. I can't wait to see the look on that monster's face when he sees Naomi back from the dead.

Lola: It'll be priceless.

Nico, Eli, and I went and got everyone downstairs to the living room, and we also called in Vypra and The Masters of Evil, and it's almost time for Lincoln's surprise, which we kept quiet about. Suddenly, we heard the sound of sleigh bells and snowflakes falling. Then, we saw the image of Santa Claus on his sleigh flying across the Estate, accompanied by the icons and spirits of Christmas, and it was a beautiful display. Then, from the blanket of snow, we saw many figures descend, and when it cleared, it was Lincoln in his large Santa Claus suit that Nico made for him when he and his harem came back from the mall yesterday, and in his hands were massive bags filled with toys and goodies.

Lincoln: Ho, ho, ho! Merry Christmas!

Everyone's eyes went wide open in surprise, when they saw what looks like Santa Claus. But, upon closer inspection, when they saw the deep sapphire blue eyes, they knew exactly who it was, it was Lincoln, the 16-year-old 7'0", white-haired, handsome, and extremely muscular teen.

Rita Loud: (Gasps) Lincoln, is that you?!

Everyone gasped in shock and surprise, except for me, Nico, and Eli.

Ace Bunny: (Surprised) I almost didn't see it. But, Ms. Rita, how did you know.

Rita Loud: As soon as I saw the deep sapphire blue eyes, I knew exactly who it was, Ace. (Smiles) But, this is definitely the surprise you planned for us, honey.

Lincoln: Thanks, Mom. But, you should also thank Nico for making the Santa suit for me.

Rita Loud went up to Nico and hugged him, and she kissed him on the forehead, as he leaned down.

Nico: Aw, thank you, Ms. Rita.

Then, everyone gathered as Lincoln placed down the massive bags of goodies. First, he went up to the members of his harem, and he gave them their gifts: new clothes, a skateboard, make-up, new cellphones with decorative protective cellphone cases with mythological animals and elemental forces on them, hairclips with mythological creatures and/or animals on them, beautiful earrings, beautiful rings with colorful gems on them, Duel Disks, and so many other awesome gifts. Then, all of the girls in Lincoln's harem gave Lincoln his gift: a kiss underneath the mistletoe, which caused his face to turn bright red, and his fake beard flew up and off his face, and steam whistled out of his ears, and he had a grin on his face.

Then, he went to all of us, and he gave us our gifts: new phones for us, along with some awesome protective cellphone covers with elemental forces and a phoenix on them, which was pretty awesome, awesome looking winter clothes with mythological creatures and elemental forces on them, electric guitars, acoustic guitars, and amplifiers, jokebooks containing over 10,000,000,000,000 jokes to tell which'll make the audience laugh their heads off, awesome new sports and play equipment, awesome comics, along with some new video games and consoles, awesome paint sets, easels, and canvases, new poetry books and gothic jewelry, new tools, toolboxes, and mechanics books, a princess castle playset for Lola, an El Falcon playset for Carl, and a pirate playset for CJ, awesome chemistry sets for our scientists in the team, a photo album and a new camera for Lily, a stuffed rabbit dressed in a light green shirt for Leo, books on stars, volcanoes, magic, history, and any topic anywhere in the world, new cookbooks for our chefs, dentistry books and novels for Rita Loud, and many other gifts that he also found at the mall. We had smiles on our faces, and tears in our eyes.

Lori: (Smiles) Wow, Linky, the gifts you got us are so amazing.

Lola went up to Lincoln and hugged his waist, and he returned it by lifting her up, and hugged her in his abnormally massive and powerful muscular arms.

Lola: (Smiles) They must've been quite expensive.

Lincoln: (Smiles) But, it's worth it.

Rita: (Smiles) It's always worth it, especially on this time of the year, sweetie.

Lincoln also gave his kids some awesome necklaces, earrings, clothes, and toys, and they loved them greatly, and they piled on him and hugged and kissed him on the face, which he returned. Then, he'd went up to the Masters of Evil, and he gave them their gifts: clothes with the symbol of The Masters of Evil on it with the Elements of Archenemy Harmony on them, new phones for them, along with some awesome protective cellphone covers with elemental forces and darkness on them, spellbooks, jewelry, and so many other gifts.

Jackie the Jackal: Wow, these gifts are so awesome. Thanks, Lincoln.

Lincoln: You're welcome, Jackie.

Lynn Sr.: So, that's why you and your harem went out yesterday, champ.

Leni: And I can guess that J.D., Nico, and Eli kept quiet about it, right?

Lincoln: That's right, Leni, and the Santa suit that Nico made for me, it was also his added part to the Christmas surprise.

Nico: And you should've seen it, Lincoln and his harem definitely cleaned house at the mall.

Electro: Dang.

Lincoln: And I've got some gifts for Tina, Tanya, Tilly, Tiana, and Talia.

Lincoln gave them five stuffed White Night Dragon toys, and when he gave them to him, they loved them as they hugged them, and it brought a smile to their faces, along with ours.

Alexis: (Smiles) Aw, Lincoln, you just made the quintuplets' first Christmas a truly amazing one.

Lincoln: Thanks, Alexis. Plus, you should also thank Jaden for that one.

Alexis went up to Jaden, and they shared a passionate kiss, as Lincoln put a mistletoe under them.

Lincoln also gave those who we met and joined us some new Duel Disks with their colors on them, along with mythological animals on them.

Ace Bunny: Wow, thanks, Lincoln.

Lincoln: You're welcome, Ace.

We then gave Lincoln our gifts, we got him some awesome new comic books, video games, a brand-new video game console, and so many other gifts. Then, Leo went up to him, and gave him his gift: a handmade painting of him and Lincoln. When Lincoln saw it, he was stunned with awe.

Lincoln: (Gasps) It's… amazing!

Lincoln had tears in his eyes, and a smile on his face.

Lincoln: (Smiles) Thank you, Leo, I love it.

Leo: (Baby Talk) Merry Christmas, Lincoln.

We gasped in surprise, Leo spoke his first words, and Lincoln gently picked Leo up, and they hugged.

Nico: Now, that's what I call another Christmas surprise: Leo spoke his first words.

Alexis: That's so cute.

Lincoln: And I've also got something for Sherlock Hound and Ardyn Izunia.

Lincoln gave Sherlock Hound a beautifully handmade violin he found at the music store and chemistry set, and he gave Ardyn Izunia a beautifully handmade chess set he found in the game section of the toy section of the mall.

Sherlock Hound: (British Accent) Why, thank you, Lincoln.

Lincoln: You're welcome, Sherlock Hound. Oh, why don't you try out the violin, see how it sounds?

Sherlock Hound played the violin that Lincoln gave him, and he played Ave Maria on it. It sounded so beautiful, as we had tears in our eyes.

Luna Loud: Wow.

Ardyn Izunia: Ah, now that was truly amazing, and if I'm not mistaken, what you played was the Ave Maria by Franz Schubert.

Sherlock Hound: (British Accent) Yes, that's correct, Ardyn.

Me: And we've heard the Ave Maria when we watched Fantasia, and we always had tears in our eyes when that was played.

Ardyn Izunia: After the nightmare on Bald Mountain, and I'm glad that Chernabog has perished for good. (To Sherlock Hound) Oh, and I've got a little something for you, Hound.

Ardyn Izunia gave Sherlock Hound a large black book with a large red jewel with pentagram on the black leather-bound cover, and inside it were pages of dark magic spells and many more.

Sherlock Hound: (British Accent) Ah, you found a spellbook of dark magic. I might've known, since I have powers of darkness, and Sparda is also bound to me forever. Thank you, Ardyn.

Ardyn Izunia: (Bows) You're welcome, Sherlock Hound. And I do love the chess set that you got for me, Lincoln.

Lincoln: I knew you'd love it, Ardyn, since you have a love for playing chess. We were able to find it, and of course, avoid getting trampled on by other shoppers.

Nicole: Like what happened when we went shopping on Black Friday. And maybe one day, we'll have to travel to see the planet Eos.

Sherlock Hound: (British Accent) The world where Ardyn came from, I always wondered what that world is like. But, I hope that we don't attract any unwanted attention, if I'm not mistaken, you are also an enemy of Noctis Lucis Caelum, Ardyn.

Ardyn Izunia: That may be true, Hound. Which is why I'll need your help: in the future, I want you to head to Insomnia, the city that my brother, Somnus, built, and where the kings have ruled for 2,000 years.

Sherlock Hound: (British Accent) But, of course. Sparda and I will head to Insomnia in the future, and we'll convince the ruling monarch, Noctis Lucis Caelum, to call off the pursuit on you.

Vypra: That's a good idea.

Dr. Watson: (British Accent) I do say, this'll be a big responsibility you'll be undertaking, Hound.

Sherlock Hound: (British Accent) Indeed, Watson. But, I've taken risks before when we've had to deal with Moriarty and his gang, and they've paid off.

Inspector Lestrade: True, Hound, but this'll be quite different.

Me: So, we'll make Sherlock Hound an ambassador, and he'll negotiate with Noctis and his entourage in calling off the pursuit of Ardyn Izunia.

Nico: Good idea, J.D. Plus, we'll also get a chance to see the planet of Eos for ourselves.

Me: Yep

Dodgeball Wizard: Isn't it time for Piper and the others to meet with Mikey and his friends?

Me: Yep it sure is.

Piper: And you are going to love meeting Mikey and friends Fixer.

Fixer: This is gonna be awesome. I heard you all did so much in the Digital World.

Me: We sure did. This has been one amazing series of adventures.

Nico: And the battles have been getting more and more awesome with each one.

Eli: They sure have. I can't wait to see who you'll take down next.

Me: Yep. All right Piper, Fixer, Nene, lets roll.

We were off to the Digital World.

We arrived in the Digital World and Mikey and friends saw us.

Piper: Guys, I'd like you to meet my archenemy.

Fixer: Hello there. My name is Paul Norbert Ebersol, but everyone calls me Fixer.

Mikey Kudo: Awesome to meet you!

Christopher: Same here.

Me: Merry Christmas to you all.

Angie: Same to you J.D.

Nene: J.D. brought back Taylor's mom.

Me: Dark story there.

I told them what happened to her mom and more.

They were shocked.

Angie: That's horrible!

Me: It was.

Mikey Kudo: (to Fixer) So, what are your powers?

Fixer: I'm a mechanical genius and I invent weapons and electrical and mechanical devices.

Mikey Kudo: That is awesome.

Christopher: That is amazing.

Me: He invents all kinds of amazing weapons and devices. He can make even energy weapons that haven't been made yet before.

Piper: Yep it's true. So awesome.

Me: Yep.

Piper: So, who are we taking out next?

Mikey Kudo: We're heading to the Dust Zone to take out a massive army of Tankmon.

Me: Oh this is gonna be good.

Nene: There are thousands of Tankmon.

Me: Now you're talking and we faced many odds that were impossible before.

Piper: It's true.

Mikey Kudo: Awesome and these guys won't be a match for you guys.

Me: Lets get them. And from the way it sounds, the Dust Zone sounds like a Dust Bowl Desert Zone like out of the 1930's.

Mikey Kudo: That's probably right. Lets go.

We were off to the Dust Zone.

Fixer: I have an idea. If we can lure them inside the base, I can trigger the self destruct sequence.

Me: That's genius Paul. I like it.

Nene: I do too.

We arrived at the Dust Zone and it was a total trash heap.

Me: Whoa. So this is the Dust Zone. It looks more like a dump.

Nene: Yeah it sure does.

Piper: I was honestly expecting another general.

Me: Me too. But a massive army of Tankmon more than makes up for it. Lets get them.

Nene: Yeah.

We went at the Tankmon.

Tankmon 1: So far nothing to report.

Tankmon 2: Yep.

Jingle Bells were heard and Carol of The Bells was heard playing as red, green and silver streams of energy swirled around the Tankmon and then the streams swirled around them and went up and converged and then…

KRABBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion went off and a phoenix cry was heard and then energy blasts hit the Tankmon all over and exploded and blew them apart. Then we came out.

Piper: You guys have a lot to learn about the holiday spirit.

Nene: And it's through a way that is slow and painful!

Me: Like this! (Echoing) BLAZING HELIX!

I fired a massive blast of fire and it formed into a flaming helix chain and it smashed into a bunch of Tankmon and incinerated them in a massive explosion!

KRABBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Fixer: Remember, lure the Tankmon inside the base.

Me: Right! FOLLOW ME!

We ran inside the base.

Tankmon 3: AFTER THEM AND KILL THEM!

The Tankmon all followed us.

We teleported out and locked the Tankmon all inside and then Fixer pressed a red button and then…

KRABBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

It was destroyed in a tremendously massive and fiery explosion.

One Tankmon came out.

Angie: Are you kidding me?! One of the Tankmon survived.

As the Tankmon got out, it look alright. But as the camera pans closely to Tankmon, it shows realise that half of its' face is missing. Leaving a bloody skull. The Tankmon then collapsed on the ground.

Me: YUCK!

Jeremy: Yes! Just like how Gus Fring died on Breaking Bad!

Me: But they are not made of blood and flesh.

The Tankmon all disintegrated and we uploaded all their data.

Me: Take that.

We later went back home.

Batch: Who should go two days from now?

Nico: Good question.

Me: How about All the Mysticons go this time?

Piper: Good idea. It'll be awesome for everyone to meet Arkayna and Emerald too.

Me: Yep. And our next target will be in the Sky Zone and it'll be another Lucemon.

Nico: This is gonna be interesting.

Laney: Yep.

Lynn Sr.: Time for the Christmas Feast!

Me: Oh boy!

Goro: What did you make, Mr. Lynn?

Lynn Sr.: An all you can eat Christmas meal.

We saw that he made a huge and delicious feast with turkey, ham, pizza, salads, potatoes, soup, gravy, fish, Smoked Cornish Game Hens with brandy sauce on fire, bug meals for Lana, Timon and Pumbaa and many more meals.

Me: Oh boy! I am starving!

Ed: I'm Ed.

Nico: Lets eat.

Ren Krawler: This is very delicious!

Linehalt: Too bad I'm in ball form right now.

Me: Man. (Eats the Cornish Game Hens and Ham.) MMM! Delicious.

Nico: (Eats Turkey) Man it's so good.

Lana, Timon and Pumbaa were eating Potato Bug Salad, Pinto Beetles, Fruit Fly Cocktail, Centipede Slaw, Roach Dressing, Aphids and more.

Lana: I love eating all these bugs!

Timon: You are an amazing bug eater Lana.

Pumbaa: Boy she sure is Timon.

Nikki Lemington was having awesome salmon.

Nikki Lemington: And the fish is delicious.

Eli: Mmm! So is the pizza.

Gator Ghoul: Let me have some!

Lynn Sr.: Now now. Plenty for everyone.

Gator Ghoul: Sorry.

Lynn Sr. gave the Gator Ghoul Bug Chili and it was awesome.

---

French Narrator: (French Accent) 1 amazing Christmas Meal later.

---

We had all the plates licked clean and we were stuffed.

Me: Man that was so delicious.

Pumbaa: (MEGABELCH) Excuse me.

Nico: Man I'm stuffed.

Laney: That was so good.

Eli: Yeah it sure was tasty.

Headstrong: That was very delicious!

Stimpy: Boy you said it Headstrong.

Ren Hoek: Mmm mmm mmm! Man that was great!

Lynn Sr.: Glad you all liked it and I hope you all saved room for dessert.

Me: What are we having for dessert?

He came out with all kinds of cookies and cakes! S'Mores Cake, Rum Cakes, coconut cream pies and more!

Laney: Oh wow! (Drools) Those are all my favorite desserts!

Twilight Sparkle: Those look amazing!

Pinkie Pie: And I brought this too.

She brought out Marzipan Mascarpone Meringue Madness Cake and boy was it looking good!

Laney: Oh wow! Pinkie Pie you sure know us too well.

Lori: Our favorite cake.

Nerissa: Wow that cake looks really good.

Me: It's called Marzipan Mascarpone Meringue Madness and man it is one of the most amazing cakes we've ever had.

Nico: And it was before we went to the world Haru and Elie come from and that was awesome.

Me: Yep.

Man Boy: I'm just glad the original Morbucks isn't here to ruin things.

Nico: Don't worry we made sure she would never escape again.

Deep in the Limburger Cheese Mines, Princess Morbucks was being watched VERY CAREFULLY by the guards and staff and she had chains on her arms and legs and she was working tirelessly in the cheese mines. She was being watched by the guards 24/7 to make sure she NEVER Escapes again. Princess Morbucks got boxes of coal for Christmas because she is on the Permanent Naughty Plaque for all eternity.

Princess Morbucks: I hate Team Loud Phoenix Storm!

Pharaoh Man: I remember that she attacked us on Christmas two times.

Me: I know. Not this time.

Eli: Thank goodness. Boy I don't think I can even imagine having to work in mines like that. Having to put up with cheese that smells like stinky socks 24/7.

Nico: Boy me neither.

Laney: Yeah. Limburger cheese is horrible smelling cheese and it smells worse than pigs. No offense Pumbaa.

Pumbaa: None taken Laney.

Alexis came down and she was better than ever.

Zavok: Alexis, how are you feeling?

Alexis: Much better. I am now fully recovered.

Me: We saved you some of the meal.

Alexis: Awesome I am hungry.

Alexis got to eating and man was she starving. She ate 5 plates full of food.

Laney: WHOA! She was REALLY hungry.

Me: Yeah no kidding.

Carly Atlas: It was some of the best we've had too.

Alexis: Boy it sure was. Thanks guys.

Nico: You're welcome.

Nerissa: It was all really delicious.

Cassidy: It sure was.

Stalker: What powers do your children have?

Jaden: We're still waiting on that but I have a feeling they are gonna be awesome.

Me: Yep. Anyway now that we're all fed it's time for the usual battles.

Nico: How come so early?

Me: Well Twilight and her friends are all putting on the Hearthswarming Play in Canterlot and I want to get them out of the way before we go see it.

Eli: This is gonna be exciting to see.

Mr. Mittens: Can I see the cast list?

Spike: Sure thing.

Spike gave him the list:

Twilight Sparkle - Clover the Clever

Rarity - Princess Platinum

Fluttershy - Private Pansy

Rainbow Dash - Commander Hurricane

Applejack - Smart Cookie

Pinkie Pie - Chancellor Puddinghead

Spike - Narrator.

Mr. Mittens: Wow this is gonna be amazing!

Princess Platinum: We're really honored that you would put on a play about the establishment of Equestria and Hearthswarming.

Commander Hurricane: This is gonna be awesome to see you all do how we did it back all those years ago.

Volt Luster: Wait. Private Pansy?!

Brontes: Are you guys trying to insult Fluttershy?

Private Pansy: No no. Fluttershy is just playing my part as I was one of Commander Hurricane's soldiers back then. I was one of his representatives for the Pegasi during the hard times between the Earth Ponies, Pegasi and Unicorns. It's not an insult.

Fluttershy: Yes and I'm really sorry if it's insulting.

Private Pansy: Yeah and it's also my name. Sorry.

Volt Luster: Oh. That's all right then.

Nico: This is gonna be interesting to see.

Smart Cookie: You'll see how Equestria was founded all those years ago and how we went from hating each other with a passion to becoming the best of friends and establishing Equestria.

Eli: This is gonna be amazing.

Mercurymon: Well, I hope there's plenty of popcorn.

Me: Don't worry. We'll make sure everyone gets some.

Chancellor Puddinghead: And you will love the pudding that I made for the first ever Hearthswarming Day feast.

Twilight Sparkle: Yeah. Chancellor Puddinghead made a pudding so delicious that legends were written about it.

Eli: Wow that must be a really amazing pudding.

Laney: I can't wait to try some.

We went to the gym and got the usual battles underway and it was Trumbipulor, Griffin, Gameface, Eccentro, Ragdoll, Mojo Jojo, Toyman, Common Cold, Jet and Whiger's turn.

Me: Trumbipulor, Griffin, Gameface, Eccentro, Ragdoll, Mojo Jojo, Toyman, Common Cold, Jet and Whiger.

Trumbipular: You guys having a Merry Christmas?

William: We sure are.

Griffin: That's good.

May: What about the 10 of you?

Gameface: Oh, we had some good presents as well. I got a basketball.

Eccentro: I ate some of the turkey.

Ragdoll: But the day's not over yet.

Maria: Of course it isn't.

Me: Nope. After all this the best part is yet to come.

Eli: Yep. That was an amazing meal though.

Me: Also the coolest part about the play is that I'm going to use my powers to make some of the special effects for some of the story.

Nico: Cool! Can't wait to see that.

?: Me neither.

A figure came out and it was GAKKO from episode 5 of Jungle Fury!

* * *

After Rantipede was defeated, Gakko decided to fight the Rangers on his own. Gakko was a master of the Gecko fighting style, which allows him to climb walls and regrow limbs, if need be. He could climb the walls and shoot energy blasts form his Shurikens-Gakko. Gakko also thought that all great warriors could fight only at the side of the wall. During his attack on Ocean Bluff, Gakko attacked civilians and encountered the Rangers. Gakko climbed the wall and the Rangers couldn't fight him. Gakko fought with Theo, then promptly departed. Dai Shi ordered Gakko to destroy the Rangers the next time he fought against them. Gakko attacked the city with Camille and a horde of Rinshi. In the second battle, Gakko fought only with Casey and Lily. But then Theo arrrived and defeated Gakko, using his skills of balancing on the wall. He defeated Gakko and threw him down. Gakko enlarged himself. In the giant battle Gakko separated his arm and it caught Jungle Pride Megazord. But the Rangers freed themselves. Just like Rantipede before him, Gakko was destroyed by the Megazord's Savage Spin.

* * *

Casey Rhodes: Gakko!

Gakko: Been a while rangers.

Me: I remember you! You were sent to destroy the rangers after Rantipede was destroyed.

Gakko: That's right. Good memory on you J.D.

Me: Never missed an episode.

William: Dude, you'd be a good spokesperson for the Geico commercials!

Gakko: Are those even still playing today?

Me: They sure are. They are being played all the time and you would make a great helper for them.

Gakko: Glad you think so on that.

Nico: That gecko for Geico is awesome.

Me: Yep.

?: Don't forget me too.

Another figure came out and it was Heximas.

Nico: Heximas.

Me: It is Christmas, so we'll make an exception for you.

Heximas: Thanks.

We got the usual battles underway.

---

## She-Hulk, Fluttershy, Tornado Bolt, Life Skylanders, Raj, Ironhide (Beast Wars), Tantor, Okaxor, Tae Kwon Crow and Chomp Chest VS Trumbipular - Awesome Christmas So Far

---

Trumbipular was first.

Trumbipular: (to She Hulk) This is an awesome Christmas so far! What presents did you get?

She-Hulk: We got all kinds of amazing things. It was just so hard to keep track of them all.

Fluttershy: I got new supplies for taking care of my animal friends.

Tornado Bolt: Lots of us all got amazing things that are awesome.

Stealth Elf: We sure did.

Raj: (Indian Accent) It sure was a very cool Christmas today.

Ironhide (Beast Wars) It sure was cool.

Tantor: We all had a lot of fun today.

Okaxor: We sure did.

Trumbipular: I'm glad. Lets do it!

Ironhide: With pleasure! Ironhide, MAXIMIZE!

He trumpeted and transformed!

They fired waves of leaves, flowers, energy and fruit and smashed him down.

She-Hulk: That was awesome!

Fluttershy: That was fun.

---

Jimmy Neutron, Rainbow Dash, Scootaloo, Air Skylanders, Natalie Griffin, Gilda the Gryphon, Cicadacon and Retrax VS Johnny Horton A.K.A. Griffin (Marvel) - Awesome how I brought back Taylor's mom after what happened with her

---

Griffin was next.

Griffin: (to Jimmy) It's awesome how J.D. brought back Taylor's mom. After what happened with her, she's earned it.

Jimmy Neutron: She more than just earned it she needed it. She needed her mother parental figure back after what she experienced through the horrors of domestic violence.

Rainbow Dash: Yeah no one should EVER have to go through the hardships of stuff like that.

Scootaloo: What her so-called dad did makes him a ruthless monster!

Whirlwind: Now Taylor can start healing her wounded and fractured soul.

Natalie Griffin: She sure can.

Gilda the Griffin: Poor girl and she did nothing to deserve all that and take it from me. I was a bully and a total j*** myself.

Cicadacon: Yeah and we know how that feels. We may be warriors and jerks ourselves for Predacons but at least we have hearts.

Retrax: We sure do.

Griffin: You got that right. Lets do it!

Cicadacon: And if I see Joel again I'll make sure his last day alive is that time. Cicadacon, TERRORIZE!

He transformed!

Retrax: Save seconds for me too. Retrax, TERRORIZE!

He transformed too!

They fired waves of lightning, wind and rainbows and smashed him down.

Jimmy Neutron: A most amazing success!

Rainbow Dash: That was AWESOME!

Lincoln teleported with the necklaces, and he gave them to the current members of his harem.

The girls in Lincoln's harem put on their Thunderbird Necklaces of Eternal Love, and they saw that the regular chain links of their necklaces were now replaced with the gold lightning bolt chain links, and they also had the Thunderbird pendant, along with the pendants from when they transformed. Then, they went up to Lincoln, who made clones of himself, and they kissed on the lips

Nico: Looks like Vypra has gotten you and the current girls in your harem a gift, big guy.

Heximas: I'll be sure to give her your thanks, Lady Oichi.

Nico: And you already got your Thunderbird Necklace of Eternal Love when you transformed into your Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope form, Lincoln, when you went after Dark Lincoln yesterday.

We later regrouped and cheered wildly.

Yondu: Now, let's go see that play!

We cheered.

Me: Lets head for Canterlot everyone!

We were off to Canterlot on the Friendship Express.

---

Later we were on the Friendship Express bound for Canterlot as we were heading to watch the Hearthswarming Eve Play to see how Hearthswarming Eve came into being.

[train whistle]

**Twilight Sparkle** : We're getting closer!

**Rainbow Dash** : I can hardly wait!

**Fluttershy** : I'm so excited, I- I feel like shouting! [softly] Woo-hoo!

**Applejack** : Hooo-wee! Canterlot, here we come!

**Rarity** : Oh, I do hope I look festive enough!

Rarity had on a Christmas Tree hat and it was beautiful

Me: Twilight thank you all so much for having us go with you all to see and be part of the Hearthswarming Eve Play. This is gonna be so awesome to see.

Allie Wilde: I'm really excited for this one.

Twilight Sparkle: You all are going to have so much fun with this one.

Nico: We sure are. I can't wait to see what this is going to be like.

**Pinkie Pie** : There it is! Canterlot!

**Main cast** : Oooh…

Me: Awesome!

We arrived at the Canterlot Station.

Me: Boy just last week we went through here on an awesome race.

**Twilight Sparkle** : Oh, isn't Canterlot wonderful this time of year?

Me: Boy it sure is Twilight.

Starlight Glimmer: I think it's magnificent.

Lincoln: I do too.

**Rainbow Dash** : Yeah, I wish it was Hearth's Warming Eve every day.

Me: (Laughs) Wouldn't we all. Just like we wish it was Christmas every day And then the entire planet would be in total gridlock.

Timmy Turner: Yeah take it from me. I had to learn that the hard way.

Wanda: But thank goodness you did learn from that sport. But it's gonna be really amazing to see the Hearthswarming Eve play.

Eli: It sure will be awesome. Not only do we get to celebrate Christmas with you all but we also get to celebrate Hearthswarming Eve with you all.

Me: 2 Awesome holidays for all of us.

Naruto: And it's awesome to be here in Canterlot again.

We were walking around Canterlot.

**Applejack** : There's so much to look at! I feel like my durned eyes are gonna pop right out of my head!

Me: It sure does feel that way.

Varie: Canterlot is a big place.

**Twilight Sparkle** : I have an idea, let's play 'I spy with my little eye' as we walk!

Aylene C.: Good idea Twilight.

Twilight Sparkle: I'll go first. I spy… an eight-foot candy cane.

Me: And it looks like Scootaloo got her tongue stuck to it.

Rainbow Dash: (Laughs) I'll go help.

Rainbow Dash went to help and she got her unstuck.

Scootaloo: Thanks Rainbow Dash.

**Rainbow Dash** : You're welcome. I spy a snowpony!

We saw Sprinkle Medley putting a hat on it.

**Pinkie Pie** : I spy somepony eating a gingerbread house…

Pinkie Pie ran into a candy store.

[cash register ringing]

She came back out with a Gingerbread House.

**Pinkie Pie** : [munching]… and it's me!

We laughed.

**Main cast** : [laughs]

Me: That's funny!

Later it was time for the play to get underway. Everyone was getting ready.

In the Canterlot Auditorium, everyone was taking their seats.

Kite Man: I call one of the front seats!

Me: Now now. There's plenty of room for everyone and everypony.

Nico: This is gonna be awesome and Princess Celestia it's truly an honor to be here for this awesome event.

Princess Celestia: I'm glad you all could be with us Nico.

Me: We wouldn't miss this for anything.

Khorror: You got that right.

Raimusa: We're so excited.

[ponies chattering] [orchestra warming up]

Backstage, Twilight and friends were getting ready for an amazing performance.

**Twilight Sparkle** : I can't believe that Princess Celestia chose *us* to put on the most important play of the season! Do you guys know what an honor this is? For all of us?

Clover the Clever: You all are going to great. And this is going to be an amazing experience for you all

**Fluttershy** : Oh, I wish she hadn't honored me quite so much… I can't go onstage! *I don't want everypony looking at me* !

Private: Whoa whoa. Fluttershy you are gonna be all right. I know you're nervous now but you can do it.

**Rarity** : Fluttershy, darling, there's nothing to feel nervous about.

**Fluttershy** : No?

**Rarity** : Of course not. All across Equestria, ponies are preparing their own pageants for Hearth's Warming Eve in their own towns. It's tradition.

Princess Platinum: Its been that way for us back when we started Equestria.

**Fluttershy** : So you're saying they'll be too busy to come to *our* play?

**Rarity** : Well, no. We're in the Canterlot pageant, the biggest, most important production in all of Equestria. A *lot* of ponies will come to watch us.

**Fluttershy** : A lot?

**Rarity** : Hundreds.

**Fluttershy** : Hundreds?

**Rarity** : [gasps] Maybe even thousands!

**Fluttershy** : [yelps]

[wind rushing]

The window blew

**Rarity** : Oh, my hair! Applejack? Be a dear and shut those windows, will you?

Lana: Don't worry guys. I'll get that.

Lana went and fixed the window.

Twilight Sparkle: Thanks Lana.

Later it was time for the play to begin.

[music]

The curtain opened and Spike was standing by a fireplace dressed in a medieval squire outfit.

**Spike** : [with a faux British accent] Once upon a time, long before the peaceful rule of Celestia, and before ponies discovered our beautiful land of Equestria, ponies did not know harmony. It was a strange and dark time. A time when ponies were torn apart… by hatred!

**Audience** : [gasp]

Nico: Whoa!

Eli: That's scary.

**Spike** : [normal voice] I know. Can you believe it?

Varie: Sounds like something out of a Dystopian Nightmare.

Spike: Yeah no kidding. [accent] During this frightful age, each of the three tribes - the Pegasi, the unicorns, and the Earth ponies - cared not for what befell the other tribes, but only for their own welfare. (Curtains closed) In those troubled times, as now, the Pegasi were the stewards of the weather. (The Pegasi made the weather for themselves) But they demanded something in return: food that could only be grown by the Earth ponies.

The Earth Ponies were in charge of the food for the Pegasi and they demanded that as payment for the weather.

**Audience** : [whispering]

**Spike** : The unicorns demanded the same, in return for magically bringing forth day and night.

Before Princess Celestia and Princess Luna came before the Unicorns were in charge of the Sun and the Moon to control the day and the night and the Unicorns required the same level of payment.

Spike: And so, mistrust between the tribes festered until, one fateful day, it came to a boil. And what prompted the ponies to clash? 'Twas a mysterious blizzard that overtook the land, and toppled the tribes' precarious peace.

A mysterious suddenly appeared out of nowhere and it was all due to the three tribes hating each other.

**Spike** : The normally industrious Earth ponies were unable to farm their land. [wind blowing]

The intense cold was ruining their crops.

**Spike** : The Earth ponies were freezing. The home of the Pegasi fared no better.

The Pegasi were freezing too as their homes were frozen solid and they were shivering.

Spike: The Pegasi were hungry.

They were eating everything they could find whether it was edible or not.

Spike: And the unicorns were freezing *and* hungry.

Because of the blizzard and the freezing cold, they didn't have very much food and were rationing everything.

Spike: Even the unicorns' magic was powerless against the storm.

The storm was so powerful that not even wood doors with bars could hold it back.

Spike: Each tribe blamed the others for their suffering, and the angrier everypony grew, the worse the blizzard became.

The ponies beat the living crap out of each other and because of that the storm got worse and worse like it was feeding off of their hatred.

Spike: And so it was decided that a grand summit would be held to figure out a way to cope with the blizzard.

The ponies of the 3 tribes got together for a summit.

[ponies chatting]

**Spike** : Each tribe sent their leaders. [fanfare]

For the unicorns was Princess Platinum.

**Spike** : Daughter of the unicorn king, Princess Platinum. [fanfare]

For the Pegasi came Commander Hurricane.

**Spike** : Ruler of the Pegasi, Commander Hurricane. And lastly… [fanfare with kazoos]

And in came Chancellor Puddinghead, leader of the Earth Ponies.

**Spike** :… leader of the Earth ponies, Chancellor Puddinghead.

Perhaps the three tribes could finally settle their differences, and agree on a way to get through this disaster.

But unfortunately they were not going to settle ANYTHING.

**Pinkie Pie**, **Rainbow Dash** and **Rarity** : [arguing]

**Rainbow Dash** : All I wanna know is why the Earth ponies are hogging all the food!

The Pegasi agreed and wanted to know.

**Pegasi** : [shouting] **Pinkie Pie** : *Us* ?! We're not hogging all the food, *you* are! Oh, wait, you're right. It's us. Well, it's only 'cause you mean old Pegasususuuses are making it *snow like crazy* !

**Rainbow Dash** : For the hundredth time, it's not us! We're not making it snow! It must be the unicorns! They're doing it with their freaky magic!

**Rarity** : [gasps] How *dare* you! Unlike you Pegasi ruffians, we unicorns would never stoop to such a thing! H-m-ph!

The unicorns all agreed with her.

**Unicorns** : Hmph!

**Pinkie Pie** : Well, if you non-Earths aren't gonna stop using your weirdo powers to freeze us all, then I'm just plum out of ideas.

**Rainbow Dash** : What a shocker. An Earth pony with no ideas.

**Rarity** : Commander Hurricane, please cease with the insults!

**Rainbow Dash** : You're not the boss of me, your royal snootiness!

**Rarity** : *I beg your pardon* ?! I am a princess! I won't be spoken to that way!

**Rainbow Dash** : Well, I'm leaving first!

**Pinkie Pie** : No, *I'm* first!

**Pinkie Pie**, **Rainbow Dash** and **Rarity** : [arguing]

**Spike** : And the blizzard raged on.

The storm was actually being caused by the 3 Malevolent weather spirits of ice, hatred and fear called THE WINDIGOS!

---

According to Clover the Clever (the character Twilight Sparkle plays in the Hearth's Warming Eve play), Windigos are malevolent spirits that feed off of the negative friction between ponies. Long ago, the feud between unicorns, pegasi, and earth ponies gave Windigos great power, which they use to turn the lands into an unlivable frozen wasteland. If an individual's hatred gets violent enough, Windigos can even freeze them in ice blocks.

The Windigos look like ghostly and slightly translucent horses with glowing eyes. Only three of them are shown in the play, though this may not reflect their real numbers.

History

The Windigos feature three times throughout the episode: *Hearth's Warming Eve*, at the conclusion of the grand summit, after the pony leaders' snowball fight, and at the cave that the ponies took as shelter.

In their first appearance, the three Windigoes only look down onto the grand summit from a passage in the clouds with glowing blue eyes, but in their second and third appearances they wail and fly through the sky, generating a circle of clouds. They are eventually defeated by "the fire of friendship", a pink flame that takes the shape of a heart which was created in the play when Clover, Smart Cookie, and Pansy become friends.

Although they appear to have been burnt to death, it is implied that they (or other members of their race if there are any) are still around in modern Equestria when one of their distinctive howls is heard through an open window when Rainbow Dash and Applejack start arguing about who has the responsibility of closing it. Interestingly enough, they have never threatened to return during any other arguments in the series (such as Applejack and Rarity in the episode *Look Before You Sleep* ), so the howl may have been simply someone playing the sound effect used to simulate them in the play, as a way of breaking up Rainbow and Applejack's argument.

They also reappeared in *Hearth Warming Eve Tail* when Twilight read a story on the holiday to Starlight Glimmer to make her see the importance of the holiday, she told the story of a pony named Snowfall Frost at first they are just like the beginning of the episode they are just mentioned. But then during the last spirit song they appeared to successfully covered Equestria with snow, because Snowfall decided to erased that holiday, but after Snowfall realized the mistake she was going to make when she apologized she seen it was just a vision of what will happen if she erases the holiday, that makes also Starlight realized how important it was and they did not come back.

In *The Ending of the End - Part 2*, as a result of Queen Chrysalis, Lord Tirek and Cozy Glow turning unicorns, pegasi and earth ponies against one another, the Windigos return and begin to feed off of the animosity between them. Ultimately, they are dispelled once more as the creatures of Equestria unite to defeat the villains.

---

[windigos whinnying]

The Windigos eyes glowed neon blue as the hatred that the 3 tribes had was growing stronger and stronger.

**Spike** : So the summit of the tribes did not turn out as well as hoped, and the three leaders returned home to lick their wounds… and basically complain.

Commander Hurricane went back home. Standing to greet him was Private Pansy.

**Rainbow Dash** : Atten-tion! Well? Aren't you curious about how it went?

**Fluttershy** : Oh! Commander Hurricane, sir! How did it go, sir?

**Rainbow Dash** : *Horribly* ! Those other tribe leaders are so disrespectful! Don't they realize that we are a mighty tribe of warriors, and should not be crossed? We have got to break ranks with those weak foals!

Private Pansy fell into the snow.

[splat]

Princess Platinum arrived back at her home.

**Rarity** : [shivering] Clover the Clever! I need you!

In came Clover the Clever, apprentice of the Great sorcerer Star Swirl the Bearded.

**Twilight Sparkle** : Yes, your Majesty. Did the other pony tribes see reason as I predicted?

**Rarity** : Those other tribes are impossible! I, for one, can no longer bear to be anywhere near those lowly creatures. The unicorns are noble and majestic. We will no longer consort with the likes of them! [splash]

She got her feet wet.

Chancellor Puddinghead went down the chimney and crashed onto the floor.

[thud]

In his house was Smart Cookie.

**Applejack** : Wouldn't it have been easier to use the door, Chancellor?

**Pinkie Pie** : Maybe for you, Smart Cookie. But *I* am a chancellor. I was elected because I know how to think outside the box. Which means [slightly echoes] I can also think *inside the chimney* . Can *you* think inside a chimney?

**Applejack** : Uh…

**Pinkie Pie** : I didn't think so.

**Applejack** : Ugh.

**Pinkie Pie** : Ohmygosh. Hold on to your hooves! I am *just about to be brilliant* !

**Applejack** : [under her breath] That'd be a first.

**Pinkie Pie** : I have decided that the Earth ponies are gonna go it alone!

**Applejack** : Aw, so you mean the other tribes didn't come around? Shoot… I really thought we could get through to 'em if we-

**Pinkie Pie** : Don't worry about them. We're the ones with all the food, *right* ?

**Applejack** : Actually, we're all out.

**Pinkie Pie** : Fine, then we'll have to go somewhere new where we can grow some new food. And with me as our fearless leader, what could go wrong?

[crump]

A pile of snow buried him after he opened the door.

**Applejack** : [under her breath] Where should I start?

**Pinkie Pie** : The point is…

**Pinkie Pie**, **Rainbow Dash** and **Rarity** : We must find a new land!

Commander Hurricane and Private Pansy were off to search.

**Rainbow Dash** : C'mon, Private Pansy, let's get a move on! Hup-one, hup-two! [lightning cracks]

THUNDER CRASHES!

**Fluttershy** : [yelps]

**Rainbow Dash** : Get a hold of yourself, Private! We cannot let anything distract us from the mission at hand. To find, and if necessary, to conquer a new land!

**Fluttershy** : Conquer, sir?

**Rainbow Dash** : You never know where enemies might be lurking.

**Fluttershy** : I don't see any enemies, Commander. Just… snow.

**Rainbow Dash** : A-ha! What's that?! [fighting noises]

Commander Hurricane was fighting black clouds.

**Fluttershy** : [yelps]

**Rainbow Dash** : Okay. This is getting old.

Princess Platinum and Clover the Clever were walking on the ground.

**Rarity** : Oh, this is simply taking forever. My hooves are killing me! How long have we been walking for?

**Twilight Sparkle** : About five minutes, your highness.

**Rarity** : Oh, I never imagined finding a new land would be so hard. But it'll all be worth it, don't you agree?

**Twilight Sparkle** : I actually think that the three tribes could've tried harder.

**Rarity** : *Stoooooop* !

**Twilight Sparkle** : What's wrong?

**Rarity** : *That* is what's wrong! [water rushing]

It was just a tiny little stream.

**Twilight Sparkle** : Your Highness, it's just a stream. We can cross it easily.

**Rarity** : I refuse to get my gown wet. I have no intention of arriving at my new land looking like a bedraggled Earth pony, or worse yet a rough-and-tumble *Pegasus* . I, for one, have no intention of stooping down to their level. On the other hand, I have no trouble watching *you* stoop down.

**Twilight Sparkle** : [groans]

Clover got to carrying Princess Platinum.

**Rarity** : And do watch the gown, darling. It's worth more than *all* of the books in your library.

Chancellor Puddinghead and Smart Cookie were searching for a new land too.

**Pinkie Pie** : Yes, yes. This is definitely the right direction.

**Applejack** : It feels like we're going in circles.

**Pinkie Pie** : But that's impossible. Are you suggesting that I'm reading the map wrong?

**Applejack** : Absolutely not, your chancellorness. It's just that there are holes in the map, and-

**Pinkie Pie** : Of course! How else could I see where I was going?

**Applejack** : Yeah, uh-

**Pinkie Pie** : Or talk? I need to be able to talk! I mean, how would we survive if I just suddenly shut up?

**Applejack** : Heaven forbid that should happen, your chancellorship. Heh. It's just that… the map is also upside down.

**Pinkie Pie** : I got a newsflash for you, Cookie. The Earth is round. There is no up or down.

**Applejack** : You're right! It's *such* a relief to me that you're in charge of this map…

**Pinkie Pie** : Relief? You don't need relief! If anypony needs relief around here, it's me! I'm a chancellor! I'm a bigshot! You're just my, um… my, uh…

**Applejack** : Secretary.

**Pinkie Pie** : Whatever. [spits] You take the map while I enjoy some relief.

**Applejack** : Yes, Chancellor Puddinghead.

**Spike** : [accent] And so, each leader encountered obstacles along the way, but eventually, they all arrived in a new and wondrous land. Nopony had ever seen paradise before.

They arrived in the new land that would soon become their home.

**Rainbow Dash** : This is the new land we've been searching for!

**Fluttershy** : What a view… I can see my future house from here.

**Rainbow Dash** : I proclaim this new land to be… *Pegasopolis* !

Commander Hurricane planted a flag with a blue pegasus with blue wings.

**Rarity** : I've never seen such jewels! This ruby is dazzling. This whole *land* is dazzling. I'm double dazzled! [squeals] In the name of the unicorns, I hereby dub this land *Unicornia* !

Princess Platinum planted a flag with a white unicorn with a purple mane on it.

**Pinkie Pie** : The air! The trees! The dirt! This dirt is the dirtiest dirt in the whole dirt world!

**Applejack** : And fertile, too. Perfect for growing food.

**Pinkie Pie** : In the name of the Earth ponies, I think I'm gonna call this new place… uh… *Dirtville* !

**Applejack** : How about "Earth"?

**Pinkie Pie** : *Earth* ! Congratulations to me for thinking of it.

Chancellor Puddinghead planted a flag with a sun, hill, garden and flowers on it.

**Pinkie Pie**, **Rainbow Dash** and **Rarity** : We found our new home!

But then they saw each other again. UH OH! HERE COMES TROUBLE!

**Rainbow Dash** : I planted my flag first!

**Rarity** : Did not!

**Rainbow Dash** : Did too!

**Pinkie Pie** : I planted mine earlier than first.

**Rarity** : All of you riffraff are trespassing in Unicornia!

**Rainbow Dash** : The name is Pegasopolis!

**Pinkie Pie** : Earth!

**Rainbow Dash** : Pegasopolis!

**Rarity** : Unicornia!

**Rainbow Dash** : I say we fight for the land. May the best pony win!

[wind blows]

The wind blew and that was only meaning one thing.

**Rarity** : That's barbaric. Clover the Clever, throw that brute into the dungeon!

**Twilight Sparkle** : What dungeon? Look, perhaps if we all calmed down…

**Applejack** : I agree. Let's all calm down.

**Fluttershy** : I vote for calm.

**Rainbow Dash** : I'll have you court-martialed for insubordination, Private! We settle this on the battlefield!

[whack]

Commander Hurricane got smacked with a snowball.

**Rarity** : [laughs] [whack]

Same to Princess Platinum.

**Rainbow Dash** : [laughs]

**Rarity** : Who *dares* throw a snowball at royalty?!

**Pinkie Pie** : Wait a minute, where'd all this snow come from anyway?

**Rainbow Dash** : Oh no. Not again. [wind blowing]

The WINDIGOS WERE RIGHT ABOVE THEM!

[windigos roaring]

WHEREVER THERE WAS HATRED AND HEARTS OF ICE THERE WAS NO ESCAPE FROM THE EVIL OF THE ICE OF THE WINDIGOS!

**Spike** : [accent] And so the paradise that the ponies had found was soon lost, buried beneath a thick blanket of snow *and* hard feelings. Instead of beautiful, it was blizzardy. Instead of wonderful, it was wintry! Instead of spectacular, it was snow-tacular! Instead of-

**Shoeshine** : We get it! Move on!

Me: SHH! He's building it up to exciting action!

Shoeshine: Sorry.

**Spike** : [laughs nervously] [clears throat] [accent] Everypony was forced to seek shelter. They searched high and low, but the only shelter for miles was a cold and desolate cave. And, of course, the three tribes had to share it, and nopony was too happy about that.

NO THEY WEREN'T!

**Rarity** : Please, Commander Hothead.

**Rainbow Dash** : It's Commander Hurricane.

**Rarity** : [clears throat] Please, *Commander*, could you just stand back and give me my royal space?

**Rainbow Dash** : You mean like *this*, your highness?

**Rarity** : Indeed not! You see this invisible line?

**Rainbow Dash** : Private, outline our territory for everypony to see. See this real, *non* -invisible line? No unicorns *or* Earth ponies are allowed to cross it! This is the sovereign territory of Pegasopolis!

**Rarity** : Clover the Clever?

**Pinkie Pie** : Uh… Smart Cookie!

**Applejack** : I know, I know.

They drew lines in the dirt.

**Rainbow Dash** : What are you doing? Don't go around the rock, go over it! I'm not giving up an inch of territory to the enemy!

**Rarity** : That rock is clearly on the Unicornia side of the cave, and it belongs to us! [under her breath] Who knows? There could be jewels inside.

**Rainbow Dash** : [groans] I claim this rock for Pegasopolis!

**Rarity** : Unhand that rock this instant, you scoundrel!

**Pinkie Pie** : Oh, look, you found my rock. I've been looking for it everywhere.

Chancellor Puddinghead got the rock.

**Rainbow Dash** : Hey! You invaded our territory!

**Pinkie Pie** : Finders keepers, losers weepers!

**Rainbow Dash** : That's the last straw!

He crossed over.

**Rarity** : *Give me my rock* !

**Pinkie Pie**, **Rainbow Dash** and **Rarity** : [arguing]

[wind blowing]

The storm came into the cave! And then the entrance was getting blocked by a wall of ice!

**Twilight Sparkle** : Look, everypony! The entrance!

[ice cracking]

The whole cave was getting covered with ice.

**Rainbow Dash** : Great. Now there's no way out! We're trapped!

**Rarity** : You two deserve this horrible fate. You've done nothing but argue and fight with each other!

**Rainbow Dash** : You've been fighting too, *your Highness* .

**Pinkie Pie** : Yeah! Worse! I haven't been fighting nearly as much as you!

Princess Platinum, Commander Hurricane and Chancellor Puddinghead were getting fully encapsulated in ice!

[ice cracking]

**Rarity** : How ridiculous! A unicorn never stoops to fighting!

**Rainbow Dash** : That's just 'cause you wimpy unicorns know you'd never win! Earth ponies are numbskulls!

**Rarity** : Pegasi are brutes!

**Pinkie Pie** : Unicorns are snobs!

Clover, Pansy and Smart walked into each other.

**Applejack**, **Fluttershy** and **Twilight Sparkle** : [gasp] [sigh]

[windigo roaring]

**Applejack**, **Fluttershy** and **Twilight Sparkle** : [screams]

THEY SAW THE WINDIGOS!

**Fluttershy** : W-W-What is that… thing?

**Twilight Sparkle** : They must be… windigos!

**Applejack** and **Fluttershy** : Windigos?

**Twilight Sparkle** : My mentor Star Swirl the Bearded taught me about them. They're winter spirits that feed off fighting and hatred. The more hate the spirit feels, the colder things become!

**Applejack** : Then… this is our fault. We three tribes… we brought this blizzard to our home by fightin' and not trustin' each other. Now it's destroyin' this land, too.

**Twilight Sparkle** : And now our bodies will become as cold as our hearts… *all because we were foolish enough to hate.*

Because of the coldness that their hatred brought, the land is about to become a frozen hell for all eternity.

**Fluttershy** : Well, I don't hate *you*… I actually hate Commander Hurricane a lot more than I hate you guys.

**Applejack** and **Twilight Sparkle** : [giggling]

[windigo snorts]

**Fluttershy** : Actually, I don't really hate her, I just really, really, really, really, really, really, really, really, really, really dislike her.

**Applejack** and **Twilight Sparkle** : [laughing]

**Applejack** : Well, I don't hate you guys either.

**Twilight Sparkle** : Nor do I. [windigo whinnying]

**Applejack** : No matter what our differences, we're all ponies. [ice cracking]

But then something magical happened!

[ice shatters]

Clover fired a blast of purple fire from her horn and the Windigos were burning from the heat! It formed into a heart of pure purple fire!

**Fluttershy** : What was that?

**Applejack** : I didn't know unicorns could do that.

**Twilight Sparkle** : I didn't either. Nothing like this has ever happened before. But I know it couldn't have been just me. It came from all three of us, joined together, in friendship.

THE POWER OF FRIENDSHIP CAN EVEN THAW OUT THE COLDEST OF A HEART!

**Spike** : [accent] All through the night, the three ponies kept the fire of friendship alive by telling stories to one another and by singing songs, which of course became the winter carols that we all still sing today. Eventually, the warmth of the fire and singing and laughing reached the leaders, and their bodies began to thaw. [normal voice] And it even began to melt their hearts.

[rumbling]

The entrance was uncovered and they were freed!

**Spike** : [accent] The three leaders agreed to share the beautiful land, and live in harmony ever afterwards. And together, they named their new land…

**Main cast** : *Equestria* !

**Audience** : [cheering]

Me: THAT WAS SO AWESOME!

Mojo (cries tears of joy): That play was beautiful.

Toyman: It sure was!

Common Cold: And on Christmas too!

Jet: This really has been one of the best Christmases ever.

Whiger: And no Morbucks to ruin things.

The six girls and Spike Bowed and then confetti rained down and bells tolled

**[Choir]**

The fire of friendship lives in our hearts

As long as it burns, we cannot drift apart

Though quarrels arise, their numbers are few

Laughter and singing will see us through (will see us through)

We are a circle of pony friends

A circle of friends we'll be to the very end

**Audience** : [cheering]

We went to meet the girls.

Sunset Shimmer: That was so awesome guys!

Starlight Glimmer: You all did great!

Me: That was an amazing performance girls! You all did really great!

Princess Platinum: We're so proud of you all for doing a great job.

Commander Hurricane: You did our scenarios really well.

Chancellor Puddinghead: You sure did.

**Twilight Sparkle** : We should be so honored that Princess Celestia chose *us* ! She must really think we exemplify what good friends are!

Me: You more than just Exemplify. You are the true Elements of Friendship, Harmony and Bonds and you are what make the team strong and amazing.

Nico: That's right.

Lincoln: And we're so proud of you all.

Fluttershy: Thank you all so much.

Me: You're welcome. And this has been one of the most awesome holiday seasons ever.

Eli: It sure has.

Vypra: And it was one of the most fun too.

Dark Spicer: You got that right.

Me: (To the viewers) This was an awesome holiday season! Hope you all have had a great Christmas. Merry Christmas to you all and to all a good night.

I winked at the camera and a Christmas Tree irised in around my face and it said Merry Christmas around it in a wreath.

# 2ND ANNIVERSARY OF THANOS BATTLE

HOPE YOU ALL HAD AN AWESOME CHRISTMAS

---

After our Christmas break, the rescues were back on, as Lincoln, Me, Nico, Eli, Nicole, The Yellow Lanterns, Vypra, Dark Spicer, and Volcana were heading the planet Qward, and not only is Lincoln going to rescue the eight girls there, but we also got word that Praxina's brother, Mephisto, has returned from the dead and he's wanting revenge on us for what we did to him and Praxina.

Lincoln: Wow, we're on the planet Qward.

Me: That's right, big guy. It's been a long time since I've been here.

Lincoln: That's right since you are friends with Sinestro, and I think I know what we're going to do here, not only am I going to rescue the eight girls there, but we also got word that Praxina's brother, Mephisto, has returned from the dead and he's wanting revenge on us for what we did to him and Praxina.

Nico: What?! Sheesh, as if dealing with Praxina returning from the dead wasn't bad enough, now her bastard twin brother's returned from the dead too.

Vypra: I should've seen that coming. When I was with J.D. on his rescue, Praxina returned from the dead to get revenge on him, but J.D. blinded Praxina and sent her to our prison after he stripped her of her powers, and now, on your rescue on Qward, Lincoln, Mephisto's returned from the dead to get revenge on us for what we did to him and his sister.

Sinestro: We'll be sure that he pays the price for what he's done.

Luan: But, just wait until Mephisto sees how much we've changed.

Dark Spicer: Hah, I'll bet anything he's going to be major leagued pissed off.

?: HELP!

Suddenly, Lincoln heard the sound of eight girls calling out for help. With his deep sapphire blue cyborg eyes and superhuman sight, along with sensing energy signals, he saw and heard where the call for help was coming from. He saw the eight girls, but they've been cornered by Mephisto, and he's going to kill them.

Lincoln: Guys, I found the eight girls, but they've been cornered by Mephisto, and he's going to kill them.

Nico: That bastard, let's tear him to shreds.

We rushed on over, and Lincoln fired a powerful blast of rainbow energy at Mephisto, which hit him, and badly hurt him. When Mephisto saw us, he fell into a really dark rage.

Lincoln: You just don't even know when to take a hint, do you, Mephisto?

Vypra: Yeah, Praxina did the same thing, and look at what happened to her.

Mephisto: What? What the hell did you do to my sister, Vypra?! ANSWER ME!

Lincoln: You'll find out soon, right after we beat you senseless for what you've done in the service of Gramoor, you heartless bastard.

Lincoln transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Eternal Hope, and he unholstered his newly improved massive Sword of Taranis from his wider and more muscular back, and the rest of us transformed, and we all went at Mephisto, and we fired powerful blasts of rainbow energy, dark energy, elemental forces, and mythological animals at him, and they exploded with incredible power. Then, Lincoln fired a blast of red energy, and as it hits Mephisto, Lincoln sucked out all of Mephisto's powers, and he and the rest of us made them our own. Then, Lincoln blasted Mephisto in his eyes, blinding him forever, and he'd chained him up with indestructible rainbow energy chains.

Lincoln: Vypra, would you do the honors? I think Mephisto needs to be thrown in prison forever, and far away from society.

Vypra beamed Mephisto to The Masters of Evil's prison, and had him thrown in Praxina's cell. We then holstered our massive swords on our backs and powered down. Then, Lincoln and Nicole went up to the eight girls located there, and when Lincoln saw them, he immediately recognized them, the eight girls were Lacus Clyne, Cagalli Yula Attha, Meyrin Hawke, Flay Allster, Stellar Loussier, Lunamaria Hawk, Meer Campbell, and Murrue Ramius from Gundam Seed Destiny.

Lincoln: Oh wow, it's Lacus Clyne, Cagalli Yula Attha, Meyrin Hawke, Flay Allster, Stellar Loussier, Lunamaria Hawk, Meer Campbell, and Murrue Ramius.

Nicole: From Gundam Seed Destiny, awesome.

Lincoln: Are you girls okay?

Lacus Clyne: Yes, we're okay, thanks to you.

Then, when Lacus Clyne and the other seven girls saw who it was that saved them from Mephisto, their faces turned atomic red upon seeing the 16-year-old 7'0" tall, handsome, white-haired, bare-chested hunk with abnormally massive and powerful upper and lower body muscles, eight-pack abs, rainbow colored thunderbird with a gold lightning bolt emblazoned on his forehead, a golden lightning bolt cutie mark with the thunderbird and comic books right on his massive and wide right pec and it was surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature, Light, and Darkness in a circle, a Celtic Cross cutie mark tattoo in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon, surrounded by a circle were the marks of the other girls in Lincoln's harem, on top was the Earth surrounded by the ring of mermaids and surrounded by a Thunderbird, Phoenix, and Buffalo, a deep sapphire blue kanji below the Cutie Mark tattoo that said, "Lincoln Landon Loud, Champion and Emissary of Hinon, Master of Lightning Storms, The Weather, and The Thirteen Elemental Forces, The Loud House's Man With A Plan, Golden-Hearted Brother of Many Siblings, and Golden-Hearted Lover, Father of Many Kids, Son, and Future Husband, Descendant of The 17th Century Duke Lincoln of Loch Loud in Scotland, Destroyer of Morag McLaughlin, Destroyer of Evil, Black-Hearted, Sadistic, Delusional, Power-Hungry Bastards, Talented Comic Book Writer and Video Gamer, God of Truth and Justice, and Ambassador and Beacon of Hope to The Universe", and he had deep sapphire blue eyes.

He had his massive Sword of Taranis holstered on his wider and muscular back, his orange Crystal Saber holstered on his left hip and his Eater of Sins revolver holstered on his right hip, the Pisces constellation and Aquarius Zodiac sign on the back of his neck, large weighted orange bands on his massive biceps and thighs with silver phoenixes on them, his large Cuff Bracelets of The Champions of the Universe with large orange gems on his large wrists, massive and indestructible deep blue angel wings surging with powerful super lightning and the stars and blue nebulae reflecting on them with rainbow tips on the large deep sapphire blue feathers, and he was dressed in an orange version of He Man 2002's loincloth with hanging silver lightning bolts and long orange trenchcoat coattails with elemental forces, Thunderbirds, Phoenixes, and Buffalo on them and with hanging mini silver lightning bolts held up by his Belt of Elemental Bravery with large orange gem for the belt buckle on his waist, a pair of large blue pants with multicolored lightning bolts on the thighs, and large white leather combat boots with gold lightning bolts surrounded by a circle of smaller gold lightning bolts and armor on the toe area, silver Buffalo head stud earrings with the Thunderbird and Eternity Kanji on it, a large Thunderbird Necklace of Eternal Love with colored gems on the gold lightning bolts and a Buffalo head with the Thunderbird and Eternity Kanji on his neck and across his permanently bare chest, large fingerless black gloves with the symbol of The Loud House on it, a large Orange Buffalo Animal Spirit Ring on his left ring finger, large Blue Lantern ring on his right ring finger, and he had eight large orange orbs orbiting around his legs.

Lacus Clyne: Oh wow, you're Lincoln Loud of Team Loud Phoenix

Storm.

Lincoln: That's right, and it's a pleasure to meet you all.

Then, Lincoln made seven clones of himself, and he and the seven clones of himself went up to the girls, and they picked them up and hugged them in their abnormally massive and powerful muscular arms, and kissed them on the lips, which they returned with equally intense passion, as they wrap their arms around the necks of Lincoln and his clones, as we cheered over the scene.

Lacus Clyne: (Seductively and rubs her right hand on Lincoln's massive and wide right pec) You too, big, tall, muscular, and handsome.

Suddenly, eight Thunderbird Necklaces of Eternal Love appeared around the necks of Lacus Clyne, Cagalli Yula Attha, Meyrin Hawke, Flay Allster, Stellar Loussier, Lunamaria Hawk, Meer Campbell, and Murrue Ramius.

Eli: Wow, that's awesome.

We returned home to the Estate, and we showed everyone what went down on the planet Qward, and when we showed everyone what Lincoln did to Mephisto, they cheered wildly and they hugged them, and the girls in Lincoln's harem piled on him and they all kissed him all over and he had a lovestruck look on his face, and just like with Praxina, it'll take a long time for Vypra to forgive Mephisto, since they also hated each other with a dangerous passion.

---

After throwing Mephisto in prison this time for good, we were training intensely in the gym doing 100,000,000 reps of crunches, wing push-ups and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 9,000-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds. Then, we got a shower afterwards.

After that, Lincoln and his harem were getting ready for their beach date, this time, it's going to be at Laverra Beach in the world of Hyrule.

Lincoln then snapped his fingers, and the 16-year-old 7'0", white-haired, handsome, and extremely muscular teen was dressed in large orange swim trunks with a phoenix, thunderbird, buffalo and the thirteen elemental forces on them and large orange sandals, along with his large weighted orange bands on his massive biceps and thighs, his jewelry, and eight large orange orbs orbiting around his legs, and he also still had his weapons holstered, in case of trouble.

Lincoln's harem were dressed in two-piece bikinis in their favorite colors with mythological animals on them, along with sandals in their favorite colors, and they had their weapons holstered, in case of trouble.

Lincoln: Alright, ladies, shall we?

Sam Simpson: You got it, Lincoln.

Lincoln and his entire harem left the Estate, and they head for their destination: Laverra Beach in Hyrule. When they arrived there, it was a very beautiful predominately sandy beach with occasional patch of gravel, with segments of rocks and grass to the west and cliffs to the north.

Minerva Mink: Wow, so this is Laverra Beach.

Lincoln: That's right, Minerva. Link told me about this place, and it's truly amazing, and I figured that it's the perfect place for our beach date.

Paige: Wow, that's awesome.

Lincoln and his harem dived right into the water, and they began swimming in the ocean. Then, they saw the Armored and Mighty Porgy fish that lived in the ocean, and they also saw the other animals that live on the land, such as the Blue-Winged Heron, Hearty Blueshell Snail, and Mountain Goat, and they took pictures to show them. They also found four treasure chests, and he put them into a scroll Then, they had lunch, meat buns that Zhang Chunhua made for the date. Then, as the sun was about to set, Lincoln made clones of himself and they walk up to the girls, and they picked them up in their abnormally massive and powerful muscular arms, and just as the sun turns orange, they passionately kissed and hugged. Then, they returned home to the Estate, and returned to their original clothes.

Nico: Hey, Linc, how was your date?

Lincoln: It was awesome, Nico. We went to Laverra Beach in Hyrule.

Me: Awesome.

Lincoln: Plus, we also took pictures of the animals that we saw there.

Lincoln showed us pictures of the animals that lived there, Armored and Mighty Porgy fish that lived in the ocean, and the Blue-Winged Heron, Hearty Blueshell Snail, and Mountain Goat that live on the land.

Nico: Wow, these animals are amazing. And they also have a Blue-Winged Heron there, too? Wow.

Lincoln: And we also have another surprise.

Lincoln then took out the scroll, and he showed us the four treasure chests that they found there on Laverra Beach, and inside them were a king's ransom of gold and jewels.

Morgana: Whoa, you guys found those four treasure chests in Laverra Beach in Hyrule?! That's really incredible.

Lincoln: Thanks, Morgana, and we're donating these to the museum.

Applejack: Just like before. Plus, we were surprised to find treasure there in Hyrule.

Ren Amamiya: Link has found treasure everywhere he's travelled to in Hyrule, and that made him an expert treasure hunter.

Ann Takamaki: Plus, you guys also found another potential spot for a date or vacation spot.

Lincoln: That's right, Ann, the locations in Hyrule are always so amazing and very beautiful there.

Nico: And now that Ganondorf has bitten the dust, Hyrule is safe from his wrath. And if his minions try to attack, we'll send them straight to Oblivion for good.

Me: You got that right.

That was awesome.

---

After Lincoln's date, Sherlock Hound was getting ready for his first ambassador mission to Eos, and to head for the city of Insomnia, and he has to negotiate with the ruling king, Noctis Lucis Caelum, to call off the hunt for Ardyn Izunia.

Sherlock Hound: Alright, everyone, I'm off to Eos to negotiate with Noctis Lucis Caelum and get him to call off the hunt for Ardyn Izunia.

Me: Be careful, Sherlock Hound.

Sherlock Hound: I will, J.D.

Sherlock Hound made a portal that led to right to Eos, and he steps inside. When the portal opened, Sherlock Hound stepped out of the portal, and he found himself on the planet of Eos.

Sherlock Hound: Ah, so this is the planet of Eos. It truly is a beautiful place.

Sparda: (Through the Large Red Jewel on Sherlock Hound's neck) Indeed, Hound, and from what Ardyn told us, there's two ruling factions, The Kingdom of Lucis and the Empire of Niflheim. But, the Empire of Niflheim seeks world domination, and they intend to take the Crystal from the Kingdom of Lucis. So, we're going to be in the crosshairs of Niflheim.

Sherlock Hound: Those Niflheim ruffians are looking at a one-way trip to Oblivion, and if they try to interfere with the ambassador mission, then, they know what's going to happen. Now, then, let's head for the capital city of Insomnia.

Sherlock Hound arrived at the capital city of Insomnia, and it was a truly amazing modern metropolis, stacked with skyscrapers, the Crown City contains lush areas, but is separated from the mainland by a bridge and is surrounded by water and tall ramparts, and protected by a massive wall. But, it's also the host of the Citadel, the seat of power of Lucis, and the home of the Crystal.

Sherlock Hound: Ah, so this is the Crown City of Insomnia. It's amazing.

Sparda: Hard to believe that Ardyn tried to destroy it long ago as revenge for what Somnus did, before he changed his ways when he joined The Masters of Evil.

Sherlock Hound: Which is why I'll show Noctis and his entourage just what happened those 2,000 years ago.

Sherlock Hound saw the Crownguard, the royal guards of the royal family of Lucis, heading to him.

Crownguard: Ah, a visitor. Who are you, sir?

Sherlock Hound: How do you do, my name is Sherlock Hound, private detective of 19th Century London and member and ambassador of Team Loud Phoenix Storm. I'm here to speak with the ruling monarch, Noctis Lucis Caelum.

Crownguard: You're from Team Loud Phoenix Storm?! Ah, yes, of course. Please, follow us.

Sherlock Hound followed the Crownguard right to the Citadel, and waiting there for him is the ruling monarch of Insomnia, Noctis Lucis Caelum, followed by his royal entourage of dear friends, Gladiolus Amicitia, Ignis Scientia, and Prompto Argentum, as the Crownguard takes their leave.

Sherlock Hound: (Bows) Ah, you must be his majesty, Noctis Lucis Caelum, along with Gladiolus Amicitia, Ignis Scientia, and Prompto Argentum, it's a pleasure to meet you.

Noctis Lucis Caelum: Who are you?

Sherlock Hound: Allow me to introduce myself, my name is Sherlock Hound, private detective of 19th Century London and member and ambassador of Team Loud Phoenix Storm.

This got their attention really quickly.

Noctis Lucis Caelum: You're from Team Loud Phoenix Storm?! This is quite a surprise. It's a pleasure to meet you, Mr. Hound.

Sherlock Hound and Noctis shook hands, and he did the same with Gladiolus Amicitia, Ignis Scientia, and Prompto Argentum.

Ignis: So, what brings you here to Insomnia and Eos, Mr. Hound.

Sherlock Hound: I came here to discuss with you all on some important business, I'm sure that all of you are familiar with Ardyn Izunia, or his birth name, Ardyn Lucis Caelum.

This got their attention real quick.

Gladiolus: Ardyn, yes, we know him. Is something wrong?

Sherlock Hound: This may seem reckless of me to ask, but I want you to call off the hunt for him. He's now under the protection of Vypra and The Masters of Evil and a member of them as well. Now, before you send the Crowngaurd out to find him, allow me to show you something.

Sherlock Hound created a viewing window into the events of what happened 2,000 years ago., and that Ardyn was once a compassionate and kind man who cured people afflicted with the Starscourge, but as a consequence of absorbing the Starscourge, it caused the Crystal to reject Ardyn. Then, he'd showed them that the one who killed Aera, Ardyn's betrothed, was none other than the Founder King, Somnus, and he told them that Somnus was driven by envy and his own ambitions. This shocked the four of them, and when Sherlock Hound closed the viewing window, this brought some thoughts into their minds.

Noctis Lucis Caelum: So, that's why Ardyn wanted revenge on his own family: because of what had happened to Aera, his betrothed.

Ignis Scientia: Has Ardyn abandoned his desire for revenge?

Sherlock Hound: He's set that aside long ago after Noctis defeated him long ago.

Noctis Lucis Caelum: Yes, I remember. But, how did you find out about that? I know Ardyn wasn't the only one who told you about it.

Sherlock Hound: And you're correct. Take a look at the clothes that I'm wearing, and do they remind you of someone else who was also around 2,000 years ago?

When they saw his clothes, along with the large red jewel on his neck, they knew of the other person that Sherlock Hound talked about, and they saw his eyes turn blood red.

Gladiolus Amicitia: (Gasps) Sparda, the Devil Swordsman and The Legendary Dark Knight who saved mankind from Mundus, The Emperor of The Underworld, 2,000 years ago.

Sparda: That's right, Gladiolus Amicitia.

Ignis Scientia: So, the legends were true. But, from what I remember, Sparda died from old age long ago.

Sparda: Yes, that's correct, I did die from old age long ago. But, I returned when Sherlock Hound transformed and fought against Sayer, the Mad Dog of Neo Domino City.

Noctis Lucis Caelum: I remembered seeing that fight against that monster. You both did an awesome job in putting him down forever.

Sparda: Thank you, Your Majesty, and now, I'm bound forever as the guardian demon and mentor of Sherlock Hound.

Gladiolus Amicitia: That's awesome. But, you're also here for another reason, right?

Sparda: Yes, the matter being the kingdom's major enemy, The Empire of Niflheim. I'm sure they're after the Crystal again and world domination.

Noctis Lucis Caelum: That's right, and we need help.

Suddenly, the Crownguard arrived, bearing bad news.

Crownguard: Your Majesty, Niflheim soldiers have been sighted, and they're heading for the city to take the Crystal.

Sparda: Allow me to take care of them.

Noctis explained to them everything that Sherlock Hound told them, and Noctis decided to tell them to call off the hunt for Ardyn Izunia, and they're no longer going to hunt him down. They were also surprised when they found out that Sparda, the Legendary Dark Knight, who had stopped Mundus' invasion 2,000 years ago, has returned, and is now bound forever as the guardian demon and mentor of Sherlock Hound. They also heard of Sparda himself, and it stunned them. Then, Sparda in Sherlock Hound's body, along with Noctis and his entourage head out to confront the Niflheim soldiers outside of the wall.

Sparda: (Through Sherlock Hound's body) Soldiers of The Empire of Niflheim, I shall say this only once: stand down and you shall leave here with your lives.

Niflheim Soldier: We will not stop until the Crystal is ours, The Kingdom of Lucis is destroyed, and the world of Eos is ours.

Sparda: Then, I promise you this: none of you will leave here alive, and I shall show you just whom you're dealing with.

Sherlock Hound transformed into Super Angel 750,000,000,000 Stellar Darkness Demon Hound Angel of Dark Compassion and Justice, and he went after the Niflheim soldiers, and he fired powerful blasts of black and red energy, darkness, dark flames, and shadows from his hands and massive black angel wings, which hits them and they exploded with incredible power. Then, with his massive Sword of the Demon Hound in hand, he unleashed some powerful one-handed slashes, and slashed off the soldiers' arms, and caused their blood to be spilled. This amazed Noctis and his entourage.

Noctis: Incredible.

Then, Sherlock Hound conjured red Summoned Swords, and he'd fired them at the Niflheim soldiers, skewering them, and they die in a massive pool of blood. Sherlock Hound powered down, and he'd holstered his massive Sword of The Demon Hound on his wider and muscular back, and they head back into the city, as Noctis and his entourage cheered for what Sherlock Hound, The Detective of Sparda, just did.

Gladiolus: That was amazing. Looks like Niflheim is going to be really mad about this.

Sherlock Hound: But, this'll show those ruffians what for.

Ignis: And Noctis has called off the hunt for Ardyn Izunia, and we already know that he's now your frenemy in The Masters of Evil, Sherlock Hound.

Noctis: That's right, and I want to thank you for your help, Sherlock Hound and Sparda. I can hope you come back to help us out even more.

Sherlock Hound and Noctis Lucis Caelum shook hands, symbolizing they've now forged a strong bond.

Sherlock Hound: But, of course. And I'll also be bringing the other members of the team for you all to meet, including the two leaders, J.D. Knudson and Nico Chan. Until then, take care, Your Majesty.

Sherlock Hound made a portal that led to the Estate, and as he said his goodbyes to Noctis and his entourage, he stepped in. The portal opened up in the Estate, and Sherlock Hound stepped out, and it closed.

Nico: Ah, Sherlock Hound, how did it go?

Sherlock Hound: (British Accent) It went well, Commander Nico. We met Noctis Lucis Caelum and his four dear friends, and we convinced him to call off the hunt for Ardyn Izunia, and we explained every single detail of everything. Plus, we also took care of some Niflheim soldiers sent by the empire to try to take the Crystal.

Sparda: But, we killed them, and it sent a message to the empire of Niflheim. If they try to attack the city of Insomnia again, they'll suffer a very terrible death by our hands.

Me: (Laughs) And I can guess it got quite messy, right?

Sparda: That's right, and we also recorded the whole conversation for Ardyn Izunia to hear, and sent it to him. He's now free and clear, and he's freed from being hunted down by the Crownguard.

Nico: Excellent job, your first ambassador mission was a success, and you're also going to be bringing us to Eos on more ambassador missions, right?

Sherlock Hound: Of course, Commander, and you'll also get the chance to see the Crown City of Insomnia for yourselves.

Me: I can't wait to see it for ourselves.

Nico: Same here.

Lincoln: Along with all of us, too.

---

Later we were getting ready for After Christmas Shopping.

Lync: That was truly a Merry Christmas. Right, guys?

Me: Boy you said it Lync.

Nico: And now I'm looking forward to get some After Christmas Shopping done as well as cash in a bunch of gift cards we got.

Eli: Good idea.

Trumbipulor, Griffin, Gameface, Eccentro, Ragdoll, Mojo Jojo, Toyman, Common Cold, Jet and Whiger then appeared.

Eccentro: Hey, guys. Hope we didn't miss anything.

Nico: Nope you made it just in time. We're heading to the mall to get some after Christmas shopping done and cash in some gift cards.

Toyman: Awesome. Can we go too?

Nico: You all sure can and it's my turn to lead today. Lets head to the mall!

We were off to the mall. Brace yourselves for chaotic shopping.

Davis: Wait. Aren't we supposed to do Piper's mission first?

Nico: Yes but I want to get there and back before things get really hectic. After Christmas shopping is one of the most dangerous shopping sprees of the year.

Davis: Oh right. You have a point there. Lets go!

Nico: CHARGE!

Rage Mage: They'll never take us alive!

Nico: LETS GO GO GO GO GO GO!

We charged into the mall and ran through the crowds and went to our favorite stores and went to the book store, game stores, jewelry stores, and more. We then cashed in over $500,000,000,000 in gift cards. We bought lots and lots all kinds of stuff from the stores. Then 2 hours later we got back home.

Me: Whoa!

We made it back home in one piece.

Nico: At least we're safe.

Toyman: Look at all the toys I bought!

Lincoln: Those are great!

Lana: I'll say.

Nico: Whew! Man that was rough. But we made it in one piece.

Eddy: Uh not all of us.

We saw Leni and she was mangled up and her clothes were torn to shreds as she had bought lots and lots of clothes and sewing materials and she had a black eye and bruises.

Leni: But it was worth it.

Next was Piper's Ambassador Mission.

Yolei: NOW we can go with Piper.

Me: Yep. Glad we got that out of our systems. Now we can go to the Digital World and kick some Bagra Army butt.

Nico: Yeah.

Tai: This is gonna be awesome.

Matt: You said it.

Piper: I can't wait to kick some Bagra Army butt in the Sky Zone.

Nico: That must be home to Angel and Fairy type Digimon.

Takuya: I have a feeling this will be awesome.

Lola Namiko: Yeah. Can I go too? I am a JetSilphymon Gene-Slammer and also that is Kazemon and Zephyrmon's fusion form.

Me: You sure can Lola.

Zoe: It'll be awesome to have you with us.

Piper: Awesome! Lets go!

We went to the Digital World.

We arrived and Mikey and friends saw us.

Piper: Guys, this is all of the Digidestined.

Me: Meet the Generations of Digidestined.

Mikey Kudo: Wow! So awesome to meet you.

Tai: Awesome to meet you all. I'm Tai Kamiya.

Matt: My name is Matt Ishida.

Izzy: I'm Izzy Izumi.

Sora T.: Sora Takenouchi.

Joe Kido: I'm Joe Kido.

Mimi: I'm Mimi Tachikawa.

T.K.: My name is T.K.

Kari: I'm Tai's little sister Kari.

Davis: My name is Davis Motomiya.

Yolei: I'm Yolei Inoue.

Cody: I'm Cody Hida.

Ken Ichijouji: I'm Ken Ichijouji.

Catherine: (French Accent) Bonjour. I'm Catherine from France.

Older Poi: We are the Poi Brothers from China.

Mina: My name is Mina and I'm from India.

Sonnya: (Speaking Russian) Меня зовут Соня, это мои друзья Юрий и Анна, мы из России. (My name is Sonnya and these are my friends Yuri and Anna and we're from Russia.)

Angie: Uh we don't understand.

Me: She said Her name is Sonnya and these are her friends Yuri and Anna and they're from Russia. Sonnya, Yuri and Anna don't speak English.

Angie: Oh.

Takato: I'm Takato Matsuki.

Rika: Rika Nonaka.

Henry: Henry Wong.

Jeri: You know me.

Kenta: My name is Kenta.

Kazu: Kazu.

Suzie: Suzie.

Ryu: Ryu.

Ai: I'm Ai and this is Mako.

Takuya: My name is Takuya.

Koji: I'm Koji.

J.P.: I'm J.P.

Zoe: Zoe Orimoto.

Tommy: Tommy.

Koichi: Koichi.

Marcus: Name's Marcus Damon.

Thomas: Thomas Norstein

Yoshino: Yoshino Fujieda.

Mikey: Awesome! Awesome to meet you all.

Angie: Same here.

Christopher: It's a great honor to meet fellow Digidestined.

Zoe: Pleasure is ours.

Piper: As you can see, there are lots of Digidestined generations.

Me: Yep and there are many more Digidestined all over the planet and we've only begun to meet them.

Angie: So awesome!

Mikey Kudo: And Nico knows them all right?

Me: He sure does. There was a massive Digimon invasion. Numerous Digimon appeared all over the planet and Nico went with the Digidestined and traveled all over the world and helped them out to send them back to the Digital World.

Ken Ichijouji: It was a really amazing story.

Davis: We got to meet the Digidestined all over the planet.

Me: Yep and it's awesome.

Christopher: Wow! That's amazing!

Nene: It really was cool.

Mikey Kudo: (Recognizes Ken) Wait a second. Aren't you the Digimon Emperor?

Ken Ichijouji: Yes I was the Digimon Emperor.

Me: Really ugly story behind that.

Angie: How bad is it?

Piper: It's really bad.

I told them everything that happened and how it lead up to Nico's dark past with him accidentally killing Ken and more and how Nico fixed his head and more and all that.

They were shocked.

Mikey Kudo: Oh man! That's horrible.

Me: Yeah. Anyway lets get it on with our mission.

Yolei: So, we're going after Lucemon this time, right?

Mikey Kudo: That's right. But thank goodness this Lucemon is not like the one you all faced.

Me: Thank goodness. The one that we faced was a ruthless powerhungry tyrant that wanted to destroy both worlds.

Christopher: That's awful.

Nene: By the way J.D. which Digidestined do you have left to meet?

Me: Lets see. We haven't met the Digidestined in America, Mexico, Vietnam and Australia yet.

Lola Namiko: That's gonna be exciting to see.

Christopher: And you are?

Lola Namiko: Oh I'm sorry. I'm Lola Namiko and I'm the gene-slammer of JetSilphymon.

Zoe: Lola is the gene-slammer of my Fusion Evolution form of the Legendary Spirits of Wind.

Mikey Kudo: That is amazing! But Digimon are made of data. They can't be slammed with humans.

Me: I said the exact same thing Mikey. But somehow Team Rocket's scientists have managed to turn Digimon into organic creatures and splice them with humans to slam them.

Nene: Wow!

Angie: That is rough but complex.

Me: Yeah no kidding.

Piper: Anyway lets head to the Sky Zone.

We were off.

Yolei: Let's keep our eyes peeled.

Me: Right.

We arrived at the Sky Zone.

Me: Whoa! So this is the Sky Zone.

Piper: I see why they call it that. This is so cool.

Me: It's a city island floating in the sky.

Nene: It sure is awesome.

I then saw Lucemon (Fusion).

Me: Target sighted. Lets get him with our entrance.

Piper: Here we go.

We flew at him.

Lucemon was spying around and then animals appeared and they were the animals of Christmas. Reindeer, dogs and penguins appeared and they were swirling all over him and then they converged and then…

KRABBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion went off above him and then a phoenix cry was heard and we appeared.

Lucemon (Fusion): So Team Loud Phoenix Storm is here.

Me: That's right.

Yolei: Buddy, put your hands on your head. Nice and easy.

Lucemon (Fusion): I don't surrender easily.

Me: You don't need the Bagra Army. You would make a great archenemy for my friend Yan Lin. She is a Wind Power master.

Lucemon (Fusion): What are you getting at?

Me: I'm telling you that the Masters of Evil, our frenemies will treat you much better than the Bagra Army ever will.

Veemon: FYI, we knew another version of you who's more dangerous and evil. Just wanted to let you know.

Me: That's right and I was chosen to destroy that version of you. It was 12 years ago.

I told him everything that happened in chapter 1059 and it was incredible!

Lucemon was incredibly floored.

Lucemon (Fusion): You destroyed an evil version of me that was far more dangerous than the Bagra Army?

Me: Yeah we sure did. He put up an incredible fight.

Yolei: He sure did.

Davis: But yeah. The Bagra Army's still dangerous and evil and that's why you need to leave them. What do you say?

Lucemon thought it over.

Lucemon (Fusion): Okay you got a deal. The Masters of Evil sound much better than the Bagra Army. I'll join on one condition.

Me: Name it.

Lucemon (Fusion): That I tell you everything I know about them and who they have in their forces and what they are going to do.

Me: Done.

He spilled the beans on the Bagra Army.

---

The **Bagra Army** (バグラ軍 *Bagura-gun* ?) is a legion of Digimon that appears in *Digimon Fusion* . The Army serves Lord Bagra, who seeks the Code Crown in order to conquer the Digital World and initiate D5 to rule all of existence. Despite his army being spread across every Zone of the Digital World, Bagra himself never leaves the Bagra HQ in the Jupiter Zone, although in the anime he eventually transforms the entire Zone into the Bagra Pandæmonium.

The army is originally led by the Three Generals, who are in charge of obtaining the 108 fragments of the Code Crown, and often install a commander to find the fragments hidden in each Zone. Once Lord Bagra obtains the Code Crown, he reformats the Digital World into seven Kingdoms and installs the Dark Generals. The Dark Generals are in charge of gathering negativity from the surviving Digimon, so that the darkness could be fed to the Code Crown and create the Dark Stone, in preparation for Lord Bagra's ultimate plan, D5.

The Bagra Army also has some form of nobility, although they are outranked by the Generals.

Although Lord Bagra was originally a high-ranking Angel Digimon that ruled over death, he despaired against the unreasonable justice of the world and rebelled against God. He then received the scourge of God and eternally lost one of his eyes and half of his body, and has since replaced that half with an artificial body cut from a ghostly tree. His right arm catches hold of ghostly forms, and the large ruby that he replaced his eye with allows him to observe anywhere within the Digital World. Due to these, Bagramon is known across the Digital World as the "Sage of Death".

Soon after Mikey and his friends arrive in the Digital World, Bagramon opens a conference call to his Head Officers to discuss the issue of the human armies. He informs them that Mikey has started a third army, Fusion Fighters, and that the officers must eliminate the humans at once, as he does not want them to use the power of DigiFuse.

Later, after being driven back by Shoutmon X4B in the Jungle Zone, Tactimon reveals that his sword, the "Sword of Storms", can only be unsealed by Bagramon. Tactimon soon returns to the Bagra Army headquarters to ask Bagramon to release the seal. Both are dismayed that the humans managed to grow powerful enough to require this, but Tactimon is excited for the epic battles to come.

Shortly afterwards, AxeKnightmon obtains the power of the Darkness Loader, and becomes a critical threat to the Bagra Army. This, along with the growing power of the Fusion Fighters and Blue Flare, forces Bagramon to descend to the earth and begin taking a more active role in the war. Disaster in the Dust Zone! He summons the Three Head Officers to recount the status of the war, and comments that Laylamon could end up as his successor, as she has collected the most Code Crowns, before re-declaring his intention to transform the Digital World into a hellish wasteland.

The Bagra Army is initially led by **Three Generals** (三元士 *Sangenshi* ?, "Three Head Officers"), three mighty Digimon who are each competing to become the heir of Lord Bagra. Tactimon, Laylamon, and Blastmon are tasked with obtaining the 108 fragments of the Code Crown and present them to Lord Bagra. The Generals rarely leave the Bagra HQ to personally find the Code Crowns and instead rely on their Zone Commander subordinates to search for the Code Crown fragments and lead the Bagra Army forces in each Zone. This habit becomes strained when the human Generals arrive and begin retrieving the Code Crown fragments, forcing the Generals to go into battle directly, ultimately resulting in the demotion of Laylamon, the crippling of Blastmon and the death of Tactimon. When Bagramon steals the completed Code Crown from the Fusion Fighters and Blue Flare and is joined by his brother's forces, the Bagra Army is rearranged and the survivors are reassigned to serve within the Midnight strike force under AxeKnightmon. Ewan and The Land of Illusion Greatly diminished and full of resentment, the former Generals fight a couple of battles against the Fusion Fighters United Army for AxeKnightmon and his new General Ewan Amano, ending with their route at the Digital Underworld by the human army. In an effort to wipe out both the enemy humans and his superiors in the Bagra Army, Whispered dark digifuses the dying Laylamon and Blastmon into Evilbeast

Laylamon, who destroys the Digital Underworld but is taken down in a kamikaze attack by Beelzemon.

---

When he was done we were shocked, horrified and beyond flabbergasted! Bagra was going to merge both the Digital World and Earth and rule over everything with an absolute iron fist!

Me: That monster! When February 7th comes we'll make sure he is as good as dead and banished to the void of oblivion.

Yolei: We won't let him get away with everything he did.

Me: And his power is weakened substantially. So he will be easier to destroy now that he's vulnerable.

Piper: Good idea.

Kari: By the way, did you guys enjoy Christmas?

Mikey Kudo: We sure did and it was awesome!

Angie: We had a lot of fun.

Christopher: Did you guys all have fun?

Nene: We sure did and it was awesome.

Me: We did a lot of great things and had a great meal.

Lucemon (Fusion): Sounds like you all had a lot of fun. Thank you all for saving me from myself.

Me: Anytime.

Later we went back home.

May: Who should go two days from now?

Nico: Hmm. How about we have Eli and Nunnally go?

Eli: That would be awesome!

Nunnally: It sure would.

Me: Great idea. Mikey will love meeting Eli.

Dirge: Let's have a meal to celebrate the aftermath of Christmas.

Nico: Good idea. Lets head for Lynn's Table.

Laney: Awesome.

We were off to Lynn's Table.

We later arrived.

Mojo Jojo: Hello, Mr. Lynn.

Lynn Sr.: Hello guys! Here for a big lunch?

Nico: We're starving.

Lynn Sr.: You got it guys.

He got to cooking.

Edward: You know, Cornelia, sooner or later, we're gonna have to find an archenemy for Lillian.

Cornelia: I know. But who should we find for her? She's only 8 years old.

Me: That is a good question.

We got to thinking.

Brittney: Hmm. I got one. How about Dr. Facilier.

We gasped at Brittney's suggestion.

Me: The Shadow Doctor from The Princess and The Frog?

Brittney: I think it would be cool.

Jet: Also, Cornelia, you're forgetting that Lola, Lana, Lisa, and Lucy are basically the same age as Lillian. And they're far from helpless.

Cornelia: Oh you're right. I was just so worried about my little sister especially after everything we went through with Phobos and you Nerissa.

Nerissa: I understand Cornelia.

Me: Besides Lola, Lana, Lucy, Lisa and Laney are roughly the same age as Lillian and they do really awesome against their archenemies.

Nico: That's true.

Cornelia: You're right. All right we'll do it!

Me: Awesome!

Brittney: Now to resurrect our old friend from the underworld.

Brittney fired a beam of dark magic and she chanted an incantation and resurrected DR. FACILIER!

He was back from the dead!

Dr. Facilier: I'm back! How?

Brittney: I brought you back. And I have an offer for you Facilier.

Dr. Facilier: And what pray tell would that be Brittney Knudson?

Brittney: I would like to have you join our frenemies in the Masters of Evil and be the archenemy of Cornelia Hale's little sister Lillian.

Birdbrain: Also, your old friend Shade is in the Masters of Evil as well. And ironically, we might need your help against the Twisted Tiana, who's still out there.

Dr. Facilier: Who is Twisted Tiana?

Allie Knudson: She is the dark version of Tiana.

Allie went over her history.

After the shadows captured Naveen and returned him to Facilier, Facilier didn't want to take anymore chances of losing him again so during the Mardi Gras parade he asks his friends on the other side to remove Naveen's soul and place it in his talisman. With a soul as it's fuel, the talisman no longer needed to be constantly filled with Naveen's blood but doing so meant certain death for Naveen. Ray saw this horrible act with his own eyes but knew that there might be hope to save Naveen if they got the talisman to Mama Odie. Ray swiftly stole the talisman from Facilier and flew as fast as he could to Tiana who had run away to the graveyard, having thought that Naveen was marrying Charlotte. Ray finally reached her but wasn't fast enough to out run the shadows. Tiana tried to help Ray but the shadows overpowered them both. During all of the confusion and scrambling, Tiana managed to get a hold of the talisman. Ray tried to tell her that it contained Naveen's soul, but he was killed by the shadows before he could. Facilier walked out from amongst the shadows and approached Tiana. He offered her her restaurant if she gave him the talisman back. Tiana refused and threw the talisman on the ground, smashing it, unaware of its contents. Facilier cringed as Naveen's soul escaped the talisman and began to circle Tiana and eventually went in to her. Tiana dropped to ground. The shadows began to circle Facilier preparing to pounce but then stopped. They began to slither towards Tiana and surround her. Tiana regained consciousness just as the shadows went into her body and let out a blood curdling scream. Facilier stepped back as her body began to change and mutate. It appeared as if she was returning to normal but her human features still retained an amphibian-esque quality to them. She stood up and looked at Facilier. The shadows in her body could be seen wriggling around under her skin. "You!" she said as she pointed at Facilier. "You killed him!" Facilier backed up. "I don't know what you're talking about." he said hesitantly. "Naveen's soul told me what you did, and you will pay!" she said as she started to walk towards Facilier. He backed up against a grave and once again tried pleading with her. She raised her hand to Facilier "There is no future for you." Suddenly, a group of shadows burst from Tiana and rushed towards him…

When she was done Facilier and us were all horrified!

Nico: My God! Thats horrible!

Me: Oh man.

Facilier: Boy no kidding.

Me: Here.

I gave him some delicious Louisiana Creole.

Facilier: Oh boy! I haven't had Creole in a long time.

Common Cold: Just be glad you didn't lose your sanity unlike your other self in that world.

Facilier: No kidding. (Eats) Delicious.

Me: But we'll be ready for Twisted Tiana.

Tiana: She gives me a really bad name even though she is another me from another universe.

Me: Yeah no kidding. And she is obsessed with vengeance.

We had a really awesome meal.

Pounce: Time for us to once again visit the site of one of the biggest battles in the universe.

Nico: Yep that's right. 2 years ago today we had one of the most devastating battles in our history. We went into battle with the mad titan Thanos.

Nerissa: Thanos?

Nico: You would not like him Nerissa.

Fecilier: That was a rough battle. News about it spread in the underworld.

Cassidy: That was one of the most incredible battles we've ever had.

Elyon: It sure was.

Me: And it was also the day that I ascended.

Nico: I remember that. It was awesome. And the best place for you all to see it for yourselves is where it took place: The Asteroid Belt.

Eli: That's right it happened out there.

Nico: Yep. Lets head into space.

We flew off into the endless reaches of space.

Gameface: From what you guys told me, Ra's was killed the first time before the war even began.

Nico: That's right. We suffered 2 huge casualties during that war too.

We were flying passed Mars.

Nerissa: Is that Mars?

Nico: Yep. It's now fully terraformed.

Nicole: We saw it on one of our Horror Missions. We saw it last year and we were shocked.

Me: Yep. Before it became like this it was a planet covered in dry red dust and looked like a giant rusty nail.

Nico: Yep. And now Mars is fully Terraformed. We fought people that were possessed by the ghosts of Martians.

Nerissa: That is crazy.

We arrived in the Asteroid Belt.

Nico: Here we are.

We landed on an asteroid and we saw the wreckage of the ship of Thanos, The Sanctuary.

Lemon Zest: This is my second time here.

Nico: Many of us weren't all here when it all went down.

Me: Yeah it was nuts. But that battle shook the entire fabric of the universe to the core.

Eli: Whoa.

Maria: Check this out.

We saw a plaque on a podium.

Laney: A plaque?

Me: "On December 26th, 2019 this part of the Asteroid Belt became forever known as the site of the Battle With Thanos the Mad Titan, one of the Most Devastating Battles in the history of Team Loud Phoenix Storm and leading to the Disbandment of The Legion Of Doom and the formation of The Masters of Evil." Wow when was this made?

Maria: I had that made 4 months ago. I put it here in the Asteroid Belt to commemorate the event and there's also one in the Gotham Royal York Museum.

Me: Wow.

Griffin: How did each of the Black Order die?

Goku: I blew Corvus Glaive apart with a Kamehameha Wave.

Vince: I incinerated Proxima Midnight with a powerful Thunder Flash Attack.

Nico: Trickster put a bomb on Cull Obsidian's back and blew him to pieces.

Me: And the Power Rangers from over the course of 45+ Years blasted Ebony Maw all over and blew him to pieces.

Griffin: Whoa! And how did Thanos die?

Me: Bowser made the ultimate sacrifice. Just as I was about to snap Thanos out of existence forever, Bowser took the gauntlet and snapped his fingers and destroyed Thanos for all eternity.

Griffin: Unbelievable.

Ets: That was incredible.

Laney: No kidding.

Drag Strip: And Rojo snapped Supergiant's neck on Earth.

Nico: She and Supergiant had a nasty grudge.

Me: Yep they sure did.

Laney: That was crazy.

Lana: Yeah.

Kairi Yano: I was actually one of the Super Sentai who didn't participate in that battle becausse someone had to protect Japan.

Whiger: That's actually understandable.

Me: And the Zyuohgers and ToQgers weren't with us because they were in Japan too and the Kyurangers were in Universe 19.

Nico: Yep.

R.D. Lincoln: And we weren't with you all when that happened because we were still under Sindri Myr's evil corruption and causing trouble.

R.D. Me: I know. That was crazy.

Nico: No kidding there.

Hunter: (German Accent) Ja. Und that was crazy.

Me: It all was.

Edwayl: (Breton Accent) It sure was lads.

Nico: Yeah.

Spring Man: You think there's any technology here that's still salavagable?

Nico: There just might be. Lets go take a look on board the ship.

We went and looked around the ruins of the Sanctuary Ship.

Ragdoll: With Thanos and his goons gone, we shouldn't be in any danger right now.

Nico: Don't worry. They are never going to come back ever again.

Me: That's right. They were completely erased from existence forever thanks to Bowser.

Nico: Yep.

Eli: That was a really harrowing and devastating battle.

Blade Man: Anyone find anything?

Laney: Spears, blasters, guns and swords.

Lana: Found a lot of machines that we can use.

Lola: And a bunch of computer parts.

Me: Awesome.

Trumbipulor: I guess there's nothing more we can do here.

Nico: Nope. Lets head back to Earth and get ready for the usual battles.

Laney: Good idea. Man this break for Christmas was really fun.

Lana: It sure was.

Carol: Yep.

We later went back to Earth and we had another amazing meal at

Lynn's table and then Dr. Viktor, Demyx, Heatwave, Dai Gui, Vulture, Lord Drakkon, Living Laser, Nosferata, Flarerizamon, Lucemon, Minotarumon, Comrade Red, Golden Glider, Mumbo Jumbo, Electrocutioner, Count Vertigo, Overdrive, Black Spider, Cavalier, Bronze Kneecap, See More and Robo Blaze then appeared.

Nico: Dr. Viktor, Demyx, Heatwave, Dai Gui, Vulture, Lord Drakkon, Living Laser, Nosferata, Flarerizamon, Lucemon, Minotarumon, Comrade Red, Golden Glider, Mumbo Jumbo, Electrocutioner, Count Vertigo, Overdrive, Black Spider, Cavalier, Bronze Kneecap, See More and Robo Blaze. Lots of you guys this time.

Nico: Cool!

Golden Glider: So, how was time in the fateful battlefield?

William: It's was actually very good.

Mumbo: That's nice to hear.

Electrocutioner: You didn't run into any trouble, did you?

Out came the 1984 Terminator, Mandark and The Silver Spooner!

---

THE TERMINATOR

The **Terminator** (also known as **The T-800** ) is the titular main antagonist of the 1984 live action film *The Terminator* . This specific model 101 was a design made by Dr. Serena Kogan and sent back through time by the supercomputer, Skynet, which had touched off nuclear war and took over the world in its aftermath. Its mission was to kill Sarah Connor, the mother of the resistance leader named John Connor, before her son could be born.

He made his appearance in the fourth film as T-RIP, the final antagonist of the film, before reappearing as a minor antagonist in the fifth film *Terminator Genisys* .

In the original film, he was portrayed by Arnold Schwarzenegger who also played Carl Hauser in *Total Recall* and Mr. Freeze in *Batman & Robin*, and is one of Arnold's most famous roles in his cinematic career. In *Terminator: Genisys*, his body double was performed by Brett Azar using CGI technology.

This is Arnold's first role as a major villain.

Origins

Dr. Serena Kogan's research started the cybernetic organisms, living tissue over the metal endoskeleton. The model 101 came from Serena Kogan's knowledge due to her having the key to Skynet's salvation.

The initial series of terminators, the 600, had rubber faces and were easy to spot. Their programming was to infiltrate and exterminate human settlements. In order to further this goal, Skynet replaced this series with the 800, which had living human tissue over a metal endoskeleton. The Terminator was part of this series.

When John Connor and the resistance smashed Skynet's defense grid, Skynet had this model 101 sent back through time to kill his mother Sarah before she gave life to him, using time displacement equipment. The resistance managed to send a human soldier, Kyle Reese, back through time to protect Sarah Connor. He knew how to recognize her because John Connor had once given him a picture of her.

## Mainstream Timeline Arrival

After emerging from the time displacement sphere at 1:52 AM at the Griffith Observatory, the naked Terminator arrived on Los Angeles. It then confronted three thugs roaming the observatory, who then took interest in him. The Terminator requested one of the thugs to surrender their clothing to him, much to their refusal. They attacked the terminator, before the latter overpowered them, managing to kill two of them in the process while forcing the remaining thug to surrender his clothing to him, who does so out of fright. It then stole a car and then drove off to a nearby gun shop to obtain some weapons, before finally killing the shop owner in the process and then proceeds in its way to eliminate its target: Sarah Connor.

## Phone Book Killer

As most of the records were lost in the nuclear war, The Terminator didn't know Sarah Connor's middle name or where she lived, so it looked her up in the phone book. There were three Sarah Connors living in Los Angeles, and the Terminator went down the list alphabetically. Luckily for the future, *the* Sarah Connor was the last on the list. This method led the police to investigate the "Phone Book Killer", as the press called it.

The Terminator then went to the apartment of the last name on the list; Sarah J. Connor where it killed Sarah's roommate Ginger and her boyfriend Matt. He then heard Sarah on the answer machine who was hiding in a nightclub called TechNoir when she noticed Reese following her. After searching through Sarah's belongings, it found her university ID and after getting a clear image of the target, set off to track her down.

The Terminator and Reese both caught up with Sarah Connor at the night club, where Sarah had also called the police. Reese and Sarah escaped and hid in a parking garage, where he explained everything that had happened in the future and his purpose to her. They were spotted by the Terminator, but the police got to them first. The Terminator backed off, not wanting to create a scene and to treat its injuries in a safe location.

## Police Massacre

After the Terminator had stripped the bullets from his wounded flesh and disguised the gaps in his disguise, it proceeded to the police station where Reese and Sarah were being held. After being refused entry, it massacred many police officers in its attempt to reach Sarah, but Reese and Sarah managed to escape. They made their way to a motel, where Reese cooked up some pipe bombs in the room's kitchen. The Terminator then found Sarah's mother at her place by using her address book.

It killed her and then waited for Sarah to call. Sarah eventually called from the motel room, and the Terminator mimicked her mother's voice, convincing Sarah to give it the motel's phone number, which the terminator promptly called, asking for the address. That night, Sarah and Reese made love, conceiving John Connor.

## Final Chase

The Terminator caught up with Sarah and Reese at the motel, pursuing them on a motorcycle while they were in a pickup truck. Reese threw pipe bombs at the Terminator to slow it down, but got caught by the cyborg's gunfire. However Sarah managed to use the back of the truck to knock Terminator off its motorcycle.

The truck had turned over, and Sarah and the now injured Reese began to run on foot. A tanker truck ran over the Terminator, which got up, took over the truck, and continued its pursuit. Reese managed to throw a pipe bomb into a tube on the side of the truck, which blew it up. The Terminator emerged from the flames with all of its flesh burned away to reveal its metal endoskeleton.

Sarah and Reese fled into a factory, later revealed to be Cyberdyne Systems in the second film. Reese sacrifices himself to destroy it with his last pipe bomb, killing himself, injuring Sarah, and blowing the Terminator in half. The Terminator survived as a one-armed legless torso and pursued Sarah Connor as she crawled into a hydraulic press. When she climbed out the other side, Sarah gloated "You're terminated, f**ker!", and turned on the press which caused the Terminator to be crushed beyond repair, making Skynet's first mission fail and also avenging the deaths of the humans it had killed.

## Legacy

In *Terminator 2: Judgement Day*, it is revealed that Cyberdyne Systems covered up the Terminator's existence. Its arm and CPU survived the press, and were given to resident scientist Miles Bennet Dyson to work on, unaware of its origins. He used the CPU to create a new neuro-net processor, which formed the basis for Skynet. Eventually both the hand and the CPU were taken by the now 10-year-old John Connor, Sarah and another Terminator that was reprogrammed to help with the Resistance and were destroyed for good in a vat of molten steel to ensure that Skynet never took over the future.

## Rise of the Machines and Salvation Timeline

Although not seen, this Terminator series was developed by Skynet as seen in *Terminator: Salvation* with the research comes into fruition with the birth of the T-RIP.

## Genisys Timeline

The same Terminator reappeared in the fifth film, *Terminator: Genisys*, which set in *Genisys* timeline.

The T-800 was seen being pulled from an assembly line and then walking to a giant Time Displacement Chamber to be sent back to the year 1984 in order to kill Sarah Connor. As soon as it emerged in the past, it confronted three thugs who took interest in him while it demanded one of their clothing. Before it could proceed to attack them however, another Model 101 T-800 (known as "The Guardian") confronted it, saying " *You won't be needing any clothes.* " and " *I've been waiting for you.* " before engaging it with a shotgun and a brutal fight with him, before being ironically pinned down by its supposed target Sarah Connor. To prevent the events of the second film from happening, Sarah and The Guardian took the deactivated Terminator with them to dismantle it.

Before they could destroy it, it was reactivated by a drop of mimetic polyalloy from a T-1000, also sent to kill Sarah Connor prior to the events of the film. As the T-1000 pursued Sarah, the T-800 attacked its supposed victim Kyle Reese and pursued him on Sarah's safe house, while managing to lose its skin sheath in the process from a grenade launcher. It was then destroyed by Kyle by shooting it on the neck, causing it to be decapitated. After killing the T-1000, Sarah and The Guardian extracted its CPU to activate its time displacement equipment to send Sarah and Kyle into the future while the Guardian destroyed the remains of the T-800 in an acid bath.

## Silver Spooner

The **Silver Spooner** is the extremely flamboyant herald of Barbequor. He lives in space and wants to destroy the world. He surfs around on a flying silver spoon. He was voiced by Rob Paulsen.

## Mandark

**Susan "Mandark" Astronomonov**, also publicly known as **Mandark**, is the main antagonist of the *Dexter's Laboratory series* and Cartoon Network's 1st animated feature film, *Dexter's Laboratory: Ego Trip* . He is a young evil scientist who is Dexter's archenemy.

He was voiced by Eddie Deezen.

In many ways, Mandark is the "Anti-Dexter", as while Dexter is an incredibly knowledgeable boy with an otherwise ordinary life, Mandark is an openly fiendish inventor who is motivated not so much out of curiosity as he is by greed, hate, and outright malevolence. He shares certain similarities with his younger sister and they are both the opposites and rivals of Dexter and his sister Dee Dee, the latter of whom he is madly in love with.

Mandark takes great joy in inflicting misery on Dexter but due to his obsessive love for Dee Dee, Mandark has at times allied with Dexter - though these unions are rare and doomed to failure due to the two having very different views on the world.

Mandark is arguably seen at his most evil during the one-hour special episode/mini-movie known as "Ego Trip" in which he progressively grows worse in variant futures: to the point of becoming an outright monster by the end of the movie who engages in a "final showdown" with his nemesis, aided by an entire army of variant Mandark's from many different time-lines.

Mandark was born in the peaceful land of Flowertopia where his idiotic hippie parents Oceanbird and Windbear were in a lake giving birth to him. With Oceanbird's last breath of maternal exhalation, she had finally brought her newborn lovechild into the world. They both wanted their son to be good and just like them. But, as soon as he was born, he was struck by a random bolt of lightning, which made him truly evil on the inside.

Later, Oceanbird and Windbear were up on top of a hill where they thought about what they would name him. Oceanbird and Windbear named their child Susan because they wanted a name that was "whispered through the canyon winds", and Oceanbird had requested a name without the preconceived gender connotations. The moment the two of them named him Susan, he started crying. Oceanbird and Windbear started teaching him all about their hippie beliefs and made him do their rituals with them. Their full intent was for him to be a good and pure flower-child and for him to believe in peace just like them. Susan however, was still truly evil on the inside and didn't like this. One day, he was crawling and came across a metal gizmo on the ground. He loved everything about it and was mesmerized by how great it was. He turned it on and it was a light bulb. Susan wanted to know everything about this and to be someone who is related to science. However, his plans for said thing would have to wait, because Oceanbird and Windbear had a different idea for his development.

Oceanbird and Windbear constantly kept doing hippie rituals with him. Activity after activity and he didn't like any of them and still desired to be evil. They tried making him hug trees, but he bit chunks out of them. They tried painting beautiful murals, but he painted demonic horrors. They tried balancing amethysts, and he was bored with it. Years after, on Susan's "annual name day", he finally snapped because he couldn't take anymore of the hippie lifestyle. He said that he wanted meat, and he wanted science. Oceanbird and Windbear came to the realization that they were neglecting their son's needs and then had the idea to drop out. They tried traveling the world to try and cure his craving for evil and technology and Susan went along with this and did not deny it. Even though he wanted to become good, he still had the need to be evil.

Oceanbird and Windbear moved out of their town and into the neighborhood where Mandark lives now. One day, Susan saw Dexter outside the latter's house with one of his inventions. Susan loved it, and tried to make friends with Dexter, but Dexter laughed at him for being girly (Susan had long hair and wore pink hippy clothes). He was so angry about being made fun of that he decided to become an evil genius named Mandark. Mandark became evil and wanted only to destroy Dexter and his laboratory. He even decided to go out and try and do so after he told the story, but when he was about to get to the door, Oceanbird and Windbear told him to put down the weaponry and do a hippie ritual with them. Mandark said that he would get his revenge on Dexter someday.

---

Dexter: Mandark!

Major Glory: Silver Spooner!

Sarah Connor: And the Terminator!

Me: Wow!

I turned on my data eyes and I saw that the Terminator was a really advanced robot and it was the very one from 1984 and it was rebuilt and reprogrammed to fight in the Masters of Evil for the Usual Battles.

Me: Amazing! You were rebuilt and reprogrammed from when you were sent in 1984 to kill Sarah.

1984 Terminator: That is correct. I heard you all destroyed Skynet and for that you have the thanks of me.

Me: Anytime.

Nico: Who have you all chosen as your archenemies?

1984 Terminator: I have chosen Elyon Brown to be my archenemy.

Silver Spooner: I have decided to have Matt Olsen.

Mandark: And I have personally picked Nerissa as my archenemy.

Dexter: I thought I was your archenemy Mandark.

Mandark: We have had a really good run as enemies Dexter. But it's time for us to get different enemies.

Dexter: Oh you're right.

Then Gopher Bot appeared again.

Nico: Gopher Bot. Back for round 2?

Gopher Bot: Yep.

Nico: Cool.

Gopher Bot: Did you guys have a Merry Christmas? I got a Gopher plushie.

Nico: We all sure did and it was so awesome.

Laney: One of the best Christmas's we've ever had.

Gopher Bot: Glad you all had fun.

Me: Yep.

We got the battles underway.

Will Vandom, The Big Saturn, Elemental HERO Nebula Neos, Minuette, Twinkleshine, Lemon Hearts, Moondancer, Lyra Heartstrings, Sunset Shimmer, Twilight Sparkle, Emerald Sustrai and Illia VS Dr. Viktor - All the Devastating Battles we've had over the years

---

Dr. Viktor was first.

Dr. Viktor: There have been a lot of really devastating battles all through the history of Team Loud Phoenix Storm before and after the teams formation.

Will Vandom: Boy there sure have and it's amazing that many of them potentially had enough power to destroy the entire universe.

The Big Saturn: That was really intense. Many of them were that devastating.

Elemental HERO Nebula Neos: No lies there and the battle with the Society of Light was devastating too.

Minuette: What was the Society of Light?

Dr. Viktor: It was a Malevolent Cult that was lead by Sartorius to take over the world starting with Duel Academy to expand their syndicate. But what it really was for was to destroy all life in the entire universe.

He told them all about the Society of Light.

---

The **Society of Light** (光の結社, *Hikari no Kessha* ) was a cult in *Yu-Gi-Oh! GX*, led by Sartorius, who was influenced by the Light of Destruction (破滅の光, *Hametsu no Hikari* ). They serve as the central antagonists of the series' second arc, intent on the planet's destruction.

On the surface, the agenda of Sartorius and his organization appears to be world domination starting with Duel Academy by expanding their syndicate, but Sartorius evidently wishes to put his stalled fate back into motion through the powers of Jaden and Aster. His ultimate goal is to put an end to the "age of darkness" by destroying the planet to restore balance to its imperfect state, and create the world, or on a greater scale, the universe anew. Members are brainwashed into the Society's fold by losing to Sartorius or one of his representatives in a Duel, using Sartorius' own mystical powers of fate-prediction and his talent for pushing an opponent's buttons to make them lose faith in their own lives and convince them that joining the Society is a much more preferable alternative.

Duelists reined into the Society in this manner are usually very devoted to its goals and have a deep obsession with the color white because of the fact that they were brainwashed upon their defeat. Essentially, the truth of their obedience is clouded behind the Society, Sartorius, and the lies they are told; they often reject outright or even forget parts of their pre-Society past the more they're in it and ex-members often can't remember anything that they did in the Society beyond the Duel that forced them into it after they're broken free. Only those with incredibly strong wills or those under the influence of outside forces can escape the Society's hold and at its basic level Sartorius' mind control is not necessarily absolute; with some Duelists, aspects of their old personalities can shine through on occasion although this can be rectified should Sartorius exercise more strength in using his powers. The signature card used by the highest ranking members is "White Veil", which represents their belief in the "light of truth." Upon joining, most members become openly obnoxious and arrogant, convinced that their force is unstoppable and that Society members are more important.

Shortly after the second year begins, Chazz is defeated by Sartorius and coerced into joining the organization. From then on, he serves as means of converting the top Obelisk Blue students and by episode 70 most of have been defeated and have "seen the light." In protest, Alexis Duels with Chazz only to become a member herself upon her loss.

During the field trip to Domino City, Sartorius confronts Seto Kaiba and requests the use of KaibaLand. Once his request is granted, Jaden and Aster are lured into the virtual world by his sister, Sarina. Upon learning of their victory, Sartorius suddenly becomes more interested in leading them towards their respective dooms. As his sister alludes (states explicitly in the Japanese version), the universe's threat lies in the Wheel of Fate (Wheel of Fortune), a metaphor for both Sartorius' destiny and the weapon of mass destruction he would later obtain.

In episode 82, Chazz begins recruiting top students of Ra Yellow for the Society of Light which leads Bastion to challenge Sartorius to a Duel. Sartorius sends Chazz in place of himself and Bastion allows himself to be defeated in order to become a member of the organization. Two episodes later, under Sartorius' request, Chancellor Sheppard invites Prince Ojin of the Misgarth kingdom to participate in the Genex Tournament. Sartorius thus acquires the control switch for the most dangerous mind-control satellite known to the world ( **S.O.R.A.** in the Japanese version; ソーラ, *Sōra* ), along with the two keys for its activation by defeating him in a Duel. To prevent his evil side from instigating world destruction, Sartorius approaches Jaden and Aster and gives them the keys. In response, his evil personality assigns more Dueling assassins to win the keys back but is unsuccessful.

In episode 97, Pegasus reveals the origins of the Society of Light. In the dark recesses of space, several hundreds of millions of years ago, a white hole released the dark matter of a black hole as well as a great energy known as the **Surge of Light** (光の波動, *Hikari no Hadō* ), which bombarded the Earth throughout the course of history, propagating wars, disasters, crimes, and dictatorships. The "Ultimate D-Card" created by Aster's father was corrupted by such energy and caused both Sartorius and Pro League king, The D, to develop split personalities. Because of its infectious properties that rival the powers of the Egyptian God Cards and Sacred Beast Cards, as well as his concern that Aster will be harmed should it ever arrive in his hands, Pegasus wishes to seal the card away before it brings an end to the world.

In episode 100 Aster breaks into Obelisk Blue looking for Sartorius and finds him waiting in the Society of Light's private Duel field, the **Great White Temple** (ホワイト大神殿, *Howaito Dai Shinden* ).

Intending to keep his promise of saving Sartorius from his destiny of becoming a destroyer, Aster considers relinquishing his key to Misgarth's satellite but is persuaded by Jaden to do otherwise. Recognizing the present Sartorius as an impostor posing as his dearest friend, he wagers the key in a Duel but despite help from Sartorius Good personality The Light of Destruction unleashes "Arcana Force EX - The Light Ruler" to end the Duel.

Following Aster's defeat Jaden takes his place to determine the fate of the world by Dueling Sartorius. While the battle is taking place, Chazz successfully reverts all of the Society of Light's members back to their former selves with the assistance of a group of Obelisk Blue students thereby releasing Duel Academy from the Society's grip. Having obtained both keys due to a blunder on Jaden's part, Sartorius takes complete control of Ojin and orders him to the fire the mind-control satellite. Although it does cause some damage to the planet's surface, Sarina hacks into the satellite's programming to disable it allowing both "Elemental Hero Neos" and Tyranno Hassleberry to destroy the satellite. Shortly afterward, Jaden defeats Sartorius and the portion of The Light of Destruction possessing Sartorius is sealed away forever.

Named Members

Sartorius - As the puppet leader of the insidious cult and a fortune teller, he is controlled by The Light of Destruction to do its dirty work.

Chazz Princeton - A brash Duelist carrying feelings of inferiority, Sartorius uses these feelings to convince Chazz to join him. During his time as a member, Chazz serves as Sartorius' main enforcer. However, broke free from Sartorius' control with the help of Jaden and the Ojamas.

Alexis Rhodes - A young female Duelist who led the resistance effort against the mass conversion of the Obelisk Blue dorms, after being defeated by a converted Chazz Princeton, she finally joins the Society of Light. However unlike Chazz she isn't as devoted to making others "see the light" and still has pride as an Obelisk Blue as shown in episode 84 until she is stripped of her free will by Sartorius nine episodes later. However, she reverted back to her old self after her defeat by Jaden.

Bastion Misawa - A cool and calculating Duelist who yearns for attention and praise for his talents, like Chazz, Sartorius uses these feelings to convince Bastion to join him, though it is implied that he was faking. He left by his own free will and is the only member who was never defeated while in the society.

Prince Ojin - A professional Duelist and the prince of the kingdom of Misgarth, he participates in the Genex Tournament by Sartorius' request and later joins the Society of Light after his loss. He gives Sartorius control over Misgarth's private satellite as part of a bargain they made before their Duel.

Princess Rose - An Obelisk Blue who claims to see Duel spirits, she Duels Jaden before the field trip.

Howard X Miller - A Pro League Duelist in the original anime and Sartorius' lawyer in the English dub, he Duels and loses to Jaden.

Lorenzo - A Obelisk Blue student and the champion of the **Shooting Game**, he Duels Jaden and has his free will stripped by Sartorius after losing.

Taiyou Torimaki/Raizou Mototani - Former Obelisk Blue students who used to be Chazz Princeton's friends. They were were some of the first to be defeated and join the Society. Ishiki Erishi/America Uchimura - Former Ra Yellow students who used to be Bastion Misawa's friends. They were defeated by Chazz Princeton.

The Light Brigade: Frost, Thunder, Blaze and T-Bone - The Light Brigade, known in Japan as the Four Monarchs (四帝, Yon Tei), is a group of assassin duelists in Sarina's service. All four Members decks are centered around a "Monarch". In addition, each member of the Light Brigade possesses some sort of element-based power. Frost, Thunder, T-Bone and Blaze are shown to travel through snow, lightning, earth and fire, respectively; and the four seem to be responsible for using the Duel Spirits of the Monarch cards to create a spiritual barrier around Domino City.

The Light Brigade is introduced as Duel Academy students go on a field trip to Domino City. There, Frost and Thunder duel and Tyranno Hassleberry and Syrus Truesdale, Frost defeating and kidnapping the two after eliminating them and Thunder at the same time. T-Bone later duels Jaden Yuki and loses.

When he was done they were shocked and horrified!

Twinkleshine: That is terrible! Worshiping an evil Light like it was some kind of god.

Lemon Hearts: Sartorious got what he deserved and thank goodness he is gone.

Moondancer: Yeah what he was going to do was terrible! It would have ultimately destroyed the entire universe.

Lyra Heartstrings: Yeah what he was going to do with his brainwashed followers showed that his heart had no light at all. Metaphorically speaking.

Sunset Shimmer: That is terrible! But thank goodness everyone destroyed the Society of Light. They are not a cult, they are a terrorist organization.

Twilight Sparkle: Yeah you said it. But at least everyone extinguished that evil light.

Emerald Sustrai: Yeah that was horrible.

Ilana: No kidding.

Dr. Viktor: That was a wicked scary battle. Princess Rose was freed from the cult and so was Lorenzo.

Will Vandom: Thank goodness and the Mafia was REALLY upset with Sartorius.

Dr. Viktor: That they were. You mess with the mafia and that is a way of signing your death warrant. Lets do it!

They fired waves of lightning, magic and energy and smashed him down.

Will Vandom: Now that was awesome for the Heart!

Irma Lair, The Tyrant Neptune, Eria the Water Charmer, Light and Darkness Dragon, Chazz Princeton, Princess Cadance, Lorelai, Sora, Aqua, Commander Mars and Commander Jupiter VS Demyx - The Battle with Nerissa

---

Demyx was next.

Demyx: The Battle with Nerissa from what I heard was one of the most intense battles you all have had.

Irma: It sure was intense and that was when she brainwashed her friends.

The Tyrant Neptune: I heard that before that battle happened, J.D. threatened to destroy her and make her pay for her crimes.

Aqua: He sure did.

Demyx: How did that happen?

Irma Lair: It was awesome. It was like how Goku threatened Cell.

---

She was standing near the entrance of a cave. I arrived.

Nerissa: Ah young J.D. Knudson.

Me: Yeah. That's correct. And you must be Nerissa.

Nerissa: That's right. So you've come to join me?

Me: No. I came to warn you.

Nerissa turned and she was an old woman that looked to be 200-years-old.

Nerissa: (Chuckles) And what did you want to warn me about?

Me: I came to tell you that when the time comes you and I will fight.

Nerissa smiled maliciously.

Me: You're not the first person to try to rule the universe with a sword of injustice. They all failed and so will you.

We stared at each other and the skies of the planet over the kingdom of Meridian darkened and lightning struck all over the place.

THUNDERCLAP!

Everyone was wondering what was happening and they thought that a storm was coming. But it was not a storm. It was me and Nerissa. Our power was so strong that it caused the entire area to light up with lightning of blue and red. Rocks lifted up off the ground and into the air.

Me: I've spent months preparing for the day I'd face you when the time came. I've come a long way Nerissa.

THUNDERCLAP!

Nerissa: So have I.

THUNDERCLAP!

Me: When the time comes Nerissa you will face me and until then you had better be ready for me when I unleash my full power.

Nerissa smirked with amusement.

Me: You will pay for your crimes.

I teleported away and made it back to Cassidy.

FLASHBACK ENDS

They were shocked.

Eria the Water Charmer: Wow that was amazing.

Light and Darkness Dragon: And J.D. really did carry out his threat when we all faced Nerissa.

Chazz: He sure did and it was an awesome and amazing battle.

Demyx: Where did you guys fight Nerissa and the brainwashed members of her team?

Irma: Maria and me and my water team fought Cassidy in the Underworld. Taranee, Lea, Volcana and Lola and her team fought Halinor on the destroyed island of San Baquero. Hay Lin and the wind and air users fought Yan Lin on the island of the birds from Angry Birds. Cornelia, Tara and the Earth Users fought Kadma on the Gotham Wharf and J.D. and everyone regrouped and took down Nerissa in the Mediterranean Sea. The battle escalated into a fierce struggle with a Kamehameha Wave that had enough power to obliterate the entire solar system with a deadly Quintescence blast made of darkness.

Demyx: Wow! That is incredible!

Princess Cadance: Unbelivable! That must've been an amazing battle.

Lorelai: No kidding. So incredible.

Sora: That was awesome

Demyx: No kidding. Lets do it!

They fired waves of magic and water and fire and smashed him down.

Irma Lair: That was awesome!

## Taranee, Blazing Mars, Elemental HERO Flare Neos, Elemental HERO Burstinatrix, Jack Atlas, Red Dragon Archfiend, Carly Atlas, Pepperdance, Firecracker Burst, Cayenne, Flamebird, Volcana, Lola, Red Lantern Ratchet and Zilius Zox VS Heat Wave - The Battle in Paris with Hawk Moth

Heat Wave was next.

Heat Wave: The battle with Hawk Moth in Paris was really wicked from what I was told.

Taranee: It sure was and that will go down as one of Team Loud Phoenix Storm's most strenuous battles because it took every ounce of our will power to not kill anyone or give into negative feelings so that Hawk Moth to control us.

Heat Wave: The pressure from that battle must've been brutal. I heard that you all not only had to face Hawk Moth but also over many Akumatized Villains too.

Taranee: We sure did and we faced 46 Akumatized Villains.

Carly Atlas: Wow! That is a lot of villains!

Elemental HERO Flare Neos: That has to be a record setting number.

Blazing Mars: I agree.

Taranee: But the worst of them all was Lila Rossi. She did TERRIBLE things to much of Paris. The worst of them being the attempted assassination of Mayor Bourgeois and Marinette's mother Sabine.

Heat Wave: I've heard about that! That was terrible!

Jack Atlas: It sure was. Lila Rossi was one of the lowest of the low and she is now in the Saturn Insane Asylum. And Bonnie saved

Aurore Beaureal and made her powers as Stormy Weather permanent and redeemed her.

Red Dragon Archfiend: And not only that but Fire and Chloe saved Chloe's mom Audrey too.

Pepperdance: (Cajun Accent) Ooowee! That was intense.

Firecracker Burst: How stressful was that battle?

Taranee: It was intense. And we couldn't kill Hawk Moth because we were going to help him by curing his wife Emile. It was sort of like a Mr. Freeze and Nora Fries situation.

Cayenne: Oh wow.

Flamebird: That was a brutal battle.

Volcana: And thanks to Lily she was cured and reunited with Gabriel.

Lola: That was awesome.

Heat Wave: It sure was. Who did you all face?

Taranee: We faced 46 Akumatized people.

Battle 1: Lightspeed Rescue Rangers, Venom and Lynn VS Horrificator

---

Venom, Lynn, and the Lightspeed Rescue Power Rangers were facing Mylène Haprèle A.K.A. the Horrificator and she was now an ugly monster! As Horrificator, she relishes in making everyone scared (as opposed to her being scared). Aggressive and menacing, she attacks everyone and doesn't like it if any of them aren't freaked out by her. Despite this, she retains her feelings towards Ivan and refuses to harm him. When she is calmed down and tiny, her bravado and confidence are gone, leaving her terrified by the others and running into Ivan's arm for comfort and protection.

Venom: We make a much better monster than you!

Venom fired black web at the Horrificator and he grabbed her and slammed her into the ground and the Horrificator roared and fired goo at Lynn and covered her in it! YUCK!

Demona: You look like Batman.

Dark Owl: (Coughs) Yes I do don't I?

Optimus Primal: It's too bad you aren't like the real Batman. He is the protector of Gotham.

Olga: And he was made the way he was when he parents were murdered in cold blood.

Stacy Bolton: Yep. But it's really cool that you look like Batman. I can free you from Hawk Moth and make you into Paris's Caped Crusader. You just have to trust me and you can help Team Ladybug in fighting crime.

Trudy: You can do that sis?

Stacy Bolton: I sure can. Watch.

Stacy Bolton fired a powerful blast of lightning and it hit his computer in his office and freed him from Hawk Moth's control and made him into a real superhero now!

Dark Owl: Thank you for freeing me from Hawk Moth's control Stacy.

Stacy Bolton: You're welcome Mr. Damocles. I'm sorry this happened to you.

Dark Owl: It's all right.

---

Gemma, Gem, Breach, Troy Burrows, Teela and Jasmine (GX) were facing Nathaniel Kurtzberg A.K.A. The Evillustrator. Evillustrator ( "who is based on "Super Nathan" ) is more confident and direct, such as when he literally barged into Marinette's bedroom and asked her out to celebrate his birthday with him. Even when akumatized, he still genuinely cares for her, promising her that he would stop attacking Chloé and even defying Hawk Moth for a while when his date was at stake. However, he is furious when humiliated or tricked and he can be short-tempered and reckless - his response to Marinette betraying him was accusing her of being just like Chloé.

Evillustrator: Tiem to draw up some old friends! (draws up Grindors that appear by his side)

Gemma: Grindors!?

Breach: I remember these guys.

Jasmine (GX): They were ugly freaks.

He drew a sword and it came to life! Teela blocked it with her staff and Breach appeared behind him through one of her portals and grabbed his Stylus Pen. Gemma punched him all over and so did Gem. They were punching him all over. Troy Burrows punched him and kicked him. She used a magic spell and removed the Akuma and she de-evillized it. Nathaniel was back to normal.

## Battle 22: R.P.M. Rangers, J.D., Cat Noir, Ladybug, Ace, Nico, and Sasuke VS Volpina

The R.P.M. Rangers, me, Ace, Nico, and Sasuke Uchiha were facing Lila Rossi A.K.A. Volpina! Volpina wears an orange mask with black edges, and her hair bands are black. On top of her head, two fake orange ears with white and black insides are attached. The top of her hair is black and then quickly ombrés down to light brown with the tips of her hair being white. She also has orange lipstick. The necklace with a fox tail hanging off of it is worn around her neck. Her outfit is orange with a white section going down the front. Wrapped around her waist is an orange sash that looks like a fox tail. The edges of her collar and the tops of her upper arms have black lines, and her forearms and lower legs are solid black, with the soles of her feet being white with an orange fox foot printed on each. Her weapon is a replica of the flute staff.

Me: You're gonna pay for your crimes Lila.

Nico: You have failed this whole city.

Scott Truman: You are a disgrace to all humans everywhere Lila!

Volpina: It was because of Marinette and Ladybug that my life was ruined!

Me: No, that was all because of you! You brought all that on yourself!

Sasuke: Even I wasn't that evil when I was consumed with hatred.

Ace: That's right.

Ladybug and Cat Noir arrived.

Cat Noir: Sorry we're late. Plagg got hungry.

Ladybug: Oh, c'mon! I didn't complain when Tikki needed food on the way here.

Me: We'll worry about that later. Lets get her! Get ready Lila, don't expect any mercy from us.

We went at Lila and I punched her in the face and Ladybug kicked her in the stomach, Scott Truman punched her in the face and Flynn bashed her in the face with his nitro sword, Summer Landsdown used the Zip Charger and it bashed Lila all over with incredible speed, Ziggy slashed Lila and Dillon blasted her. Gem and Gemma slashed her all over. Cat Noir slashed her with his claws and Ladybug bashed her with a powerful punch. Sasuke slashed her with his sword. Volpina then casted an illusion on Cat Noir and Ladybug and it made us see them as Ben Tennyson and Vilgax fighting each other.

Me: Nice try Lila, but I see through your tricks!

Sasuke: So do I.

Our Sharingan pierced through her illusion and we punched her in the face and knocked her down. Dispelling the illusion.

Sasuke: Nice job using the Sharingan to pierce through her illusion J.D.

Me: Thanks Sasuke. I guess not even Volpina's illusions are a match for the power of the Sharingan.

Sasuke: No they aren't.

Me: You will pay for your crimes. Lets use a combo Ladybug!

Ladybug: Right!

I had my sword ready and Ladybug had her charm ready.

Me and Ladybug: CHARMED LADYBUG SLASH!

Ladybug's charm merged with my sword and I slashed Lila and it knocked her down. I stripped her of her Akuma and she was back to Lila Rossi.

Me: You have a lot to answer for when you go before the Paris Court System.

Ace: And it's time for you to face the illusion of justice.

Ace used her powers on her and Lila saw that she was in the school Assembly room and she was being called the worst ever known names imaginable. Everyone was all dark and shadowy and they all had menacing glowing red eyes.

"Look it's the killer."

"I can't believe she stole Ladybug's Miraculous and tried to kill her."

"What a Freak."

"That little Liar."

"She should go die already."

"Trying to kill the superheroine of Paris, that criminal."

"They should've given her the death sentence."

"She deserves everything that's happening to her."

"She's just a fake."

"Pretending to be Ladybug…"

"Lie-la's just a piece of shit."

"She's a fucked up Shitsucker!"

"Lie-La can go to hell."

"She's a loser."

"A stupid racist bigot."

"I can't wait to see her rot in the cellars with no food and water and then die."

"Everyone would be glad."

Liar. Killer. Freak. Murderer. Lie-la. Thief. Criminal. Fake. Die. Piece of shit.

Lila screamed and she was clutching her head and screaming like an insane madman!

Laney appeared and she tied her up in a straitjacket and gagged her.

Me: You will live to see Hawk Moth go to prison and you will go to a better place and pay for your crimes.

Laney: That's right Lie-La!

We laughed at her.

Kung Food: I'm glad you all like my food.

They laughed.

## Battle 24: Merrick Baliton, Shego, Kim Possible, Violet Incredible and John Bolton VS Antibug

Merrick Baliton, Shego, Kim Possible, Violet Incredible and John Bolton were facing Chloé Bourgeois A.K.A. Antibug. She is also known as Queen Bee. Antibug wears a costume similar to Ladybug's, but it has inverted colors. Her hair remains in a ponytail rather than pigtails.

Antibug: I will make Marinette pay for ruining my life!

Violet: I won't let you!

Merrick fired a powerful barrage of energy from his blaster and they hit her and exploded all over. Violet encased her in a force field and Shego used her magic and freed Chloe from Hawk Moth.

Chloe: I remember now! Hawk Moth will go to prison for this! But I can't believe I was a monster!

Shego: We're glad you're starting to open up Chloe.

Chloe: Pollin! Buzz On!

Chloe turned into Queen Bee!

Queen Bee wears a yellow and black domino mask. She wears her hair back in a ponytail which is curled to resemble a bee's stinger at the ends, tied with a black hairband, with two black antennae-like ribbons sticking out from the hairband, and a streak of black hair curled into her ponytail. Her black boots go down the length of her lower legs, starting directly below the second stripe on her thigh, and ending with yellow wedges. Queen Bee: Thanks Shego. Is my dad gonna be all right?

John Bolton: Naruto's Shadow Clones are helping him and Marinette's mom now.

Queen Bee: Good.

Lola: I've read about the gremlins and they are not friendly.

Tanya: But they can't stay like this forever.

Tommy (Red Zeo Ranger): I hope Alya doesn't pummel me for doing this.

Thanos: You fool! By using the Infinity Gauntlet and the Stones, you'll kill yourself!

Me: **Nothing else matters as long as everyone else is safe!**

But just as I about to snap my fingers, Bowser pushes me out of the way.

Me: **Bowser! What are you doing!?**

Bowser: Sorry, J.D. but I can't let you do this.

Thanos: I do not need your assistance, Bowser. You had your chances to defeat Team Loud Phoenix Storm, and you have been nothing but a failure.

Bowser: I've failed at many things, Thanos, but I won't fail at this!

Bowser Jr.: (realizes what's about to happen) Dad, no! (Bowser snaps his fingers)

Bowser turns Thanos and his goons to dust at the cost of his own life. We saw Thanos and all of his men and followers and even his own ship disintegrate in an instant! They were completely erased from existence forever! Like Hakai on steroids. We were on an asteroid holding on to Bowser.

Bowser Jr.: (cries) Dad, hang in there. We'll get you healed up!

Bowser: (Weakly) Junior, no. Consider this redemption for my crimes. But I'll always love you no matter what. Remember that.

Bowser Jr.: I will.

Mario: (cries) Bowser, why did you do this?

Bowser: Isn't this what you guys were taught to do? Isn't this what a hero would do? Isn't this what a best friend would do?

Mario: (smiles) Yes. It is what a best friend would do. My best friend.

Bowser: (smiles weakly) You and Team Loud Phoenix Storm have great power, Mario. And the world needs you guys more than it needs me.

And with that, Bowser dies in Mario's arms.

Bowser was gone. But the good news is that Thanos and the entire Black Order had been silenced forever. The Universe was free of their terror.

We went back to Earth.

Vulture was next.

Vulture: The Battle with Unicron was just as bad from what I was told too.

Hay Lin: It sure was and we were up against a Transformer that was as big as an entire planet.

Vulture: How big exactly was Unicron?

The Despair Uranus: He was about 6,213 miles in size.

Vulture and everyone were shocked!

Vulture: THAT'S ALMOST AS BIG AS THE PLANET EARTH!

Elemental HERO Air Neo: Actually it's just as big as the planet Venus. And Unicron was not called the Transformer Devil just for show.

Vulture: What was the Battle with Unicron like?

Hay Lin: It was REALLY Intense.

---

FLASHBACK - Chapter 691

---

Back on Earth, I got all our forces assembled and it was time for us to head to Cybertron. Once we got there it was all Transformers united. Now we were ready for the ultimate fight that will decide the fate of the entire universe.

Me: This is it guys. The battle that will decide the fate of the entire universe is now about to begin.

Lisa: 2nd Elder Brother, something is approaching. Slowly but surely.

We saw something coming.

Lincoln: Is that a small moon?

We saw what looked like a moon space station.

Me: That's no moon.

Lincoln: And it's not a Space Station.

We flew out and we saw that it was an ugly planet with horns and a mouth-like hole in the middle. It transformed into a massive Transformer right in front of our eyes. We saw it become a massive robot as big as an entire planet. The level of evil it had was far more powerful than all the evil villains we have killed over the entirety of the course of the last 3 and a half years combined all together at once. When his transformation was done we saw the Ultimate Transformer standing right in front of our very eyes! The Transformer Devil himself:

**UNICRON - SUPREME HARBINGER OF UNIVERSAL ARMAGEDDON!**

The level of power he had was so unbelievably strong and it was so powerful that it completely defied all levels of mortal and godly comprehension. It was like we were staring right into the face of pure evil itself amplified to the power of infinity.

Me: Whoa!

Varie: So that is Unicron. He's huge!

Aylene C.: He's massive.

Rachel S.D.: And his power is absolutely unbelievable!

Nico: J.D., Me, Hot Rod, Ironhide, Francis, Ratchet, Spiderman, Hulk, Thundercracker, Skywarp, and Shockwave are gonna go inside Unicron and destroy him from the inside. We need to destroy Unicron with the Transformer Matrix from inside him.

Me: Okay Nico. We'll hold him off while you all do that. Be careful man.

Nico: Will do. Lets do this!

Thundercracker: You got it boss!

Optimus: Lets head inside him!

They did so.

Me: All right guys! Time to power up! GUARDIANS UNITE!

Team W.I.T.C.H.J.E.M.M.L went into their guardian forms.

Will: THE HEART!

Irma: WATER!

Taranee: FIRE!

Cornelia: EARTH!

Hay Lin: AIR!

Me: LIGHTNING!

Elyon: TIME!

Megan: SPACE!

Matt turned into Shagon.

Lillian: LIGHT!

Me: Sonar, Runway, Jetstorm, Powerlink!

Sonar, Runway and Jetstorm turned into the Star Saber.

Me: Star Saber! Now it's time for the ultimate battle. Time to merge powers!

Will: Right!

The Guardians channeled the Auramere's into me and I went Super Ebonwu 30,000 Phoenix Angel and I grew to the size of Unicron.

Me: (Echoing Voice) **Unicron, you're gonna pay for all the pain and suffering you've caused to the entire universe!**

Unicron then formed a Dark Saber and we clashed. The power of the clash was equal to that of a supernova explosion. We clashed our blades and it was shaking the very foundation of the entire universe to the core. We then broke off the clash and stood ready.

Me: **I don't understand you Unicron. Why do you want to destroy the entire universe?**

Unicron: **Because I want to remake it in my own image and take my rightful place as supreme overlord of everything.**

Me: **You will never be supreme overlord of anything as long as Team Loud Phoenix Storm and the Transformers have anything to say about it!**

Unicron then fired a massive blast of lightning from his horns on his shoulders and I fired a powerful blast of lightning as well. The blasts collided and they exploded with the power of a supernova!

KRABBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

I emerged from the fiery explosion and we locked hands. It was the battle with an angel with the powers of an ultimate god and the ultimate evil of the Transformers. Everyone else was blasting Unicron all over the place with energy and powerful attacks.

---

Inside Unicron, Nico and team were heading to the Heart of Unicron.

Nico: Wow! The inside of Unicron goes on forever!

Optimus Prime: It sure does.

But then they got some unexpected company. Unicron had minions that looked like G1 Galvatron, G1 Cyclonus, G1 Scourge, and the G1 Sweeps.

Nico: Oh no! It's the G1 Galvatron, Cyclonus, Scourge and the Sweeps!

Optimus Prime: I can't believe this is what they looked like all those years ago. I completely forgot.

Nico: Not to mention that the G1 Cyclonus and Scourge were the biggest jerks in all of Cybertron.

?: Let me help you all out as well.

They turned and they saw Nova of the Nova Corps.

Nico: Sam Alexander A.K.A. Nova. It's a pleasure to meet you.

Nova: You too Nico.

Hulk: Hulk happy to see you Sam.

Nova: You too Hulk. Hey, Web Head! Long time no see.

Spiderman: We can catch up later Sam. Lets get these overgrown tin cans.

Galvatron: Optimus Prime! I am Galvatron! I have come to kill you and take the Matrix!

Nico: Not on my watch!

Galvtron: Hand over the Matrix, Prime, and I might spare your life!

Nico: You sound just like Leonard Nimoy from the Star Trek Series. I've known the Transformers for years and I may be a Saiyan but I know the Transformers. But you are just like G1 Megatron and Cybertron Galvatron when we destroyed them. I am now the new leader of the Decepticons and you are now completely obsolete!

Hulk (punches G1 Galvatron): First Galvatron hurt Ed! BUT HULK WILL SMASH SECOND GALVATRON!

Hulk punched the G1 Galvatron with devastating force and punched a huge hole into his chest.

Galvatron fired a powerful laser blast at Thrust, Ramjet, Dirge, Frenzy, and Soundwave and Nico deflected it back and it hit one of the Sweeps and destroyed it.

Ramjet: You saved us? After all the things we tried to do to you and your friends?

Nico: Didn't you hear me before? There's no more conflicts between Autobots and Decepticons. If we can forgive the rest of the Depceticon army except for Starscream and Megatron, we can forgive you guys as well.

Hot Rod: Final Smash time! FIERY ROADBURN!

Hot Rod turned into an awesome Hot Rod car and burned rubber and he went so fast that he set the whole road on fire! He burned G1 Galvatron!

G1 Galvatron then grabbed Hot Rod.

G1 Galvatron (about to strangle Hot Rod to death): First, Starscream. Then, Megatron. And now, you! It's a shame that you Autobots and Decepticons die so easily or else I might actually have a sense of satisfaction now!

Then a bright light enveloped Hot Rod.

Primus (from the Matrix): Arise, Rodimus Prime!

Nico: Primus!

They saw Hot Rod turn into Rodimus Prime!

Nico: Rodimus Prime!

Rodimus Prime kicked G1 Galvatron off of him.

Nico kicked Galvatron in the face and charged up an energy blast.

Nico: This is the end of the road, Galvatron! You and Unicron have failed this universe!

Nico fired a powerful energy blast and completely obliterated the G1 Galvatron in an instant.

Nico: Now it's time to finish off his lackeys. Hulk, Lets use our combo on the G1 Cyclonus, Scourge and the Sweeps.

Hulk: Got it Nico!

Nico used Solomon Grundy's super strength and Hulk used his Super Strength.

Nico and Hulk: SUPER DEATH SMASHPUNCH!

Their powerful death punch smashed the G1 Cyclonus, Scourge and the Sweeps to pieces instantly.

Nico: That one was for you, Grundy.

Nova: These guys are bad news. I can't believe that they are that strong.

Ramjet: They aren't as powerful as they were when Nico and his friends faced all of us.

Nico: Yeah. G1 Cyclonus, Scourge and the Sweeps, you all have failed this universe.

Frenzy: Lets hurry on.

They did.

---

Outside, the battle raged on.

Moonracer: Unicron you will never win!

Iceman (Marvel): You got it Moonracer!

Moonracer fired her Photon Pistol and Iceman fired a powerful blast of ice.

Moonracer and Iceman (Marvel): PHOTON ICESTORM BURST!

The blasts of Photons and Ice combined and they hit Unicron in his neck and exploded. He screamed in pain and I headbutt him and slashed him in the chest and I kicked him in the stomach and face and then I slashed his arm.

Me: **Unicron, I will never forgive you for everything you've done!**

Then I sensed something strange.

Me: **What the? I sense something inside Unicron. Whatever it is it must be the source of all of Unicron's power.**

I punched Unicron in the face and punched him in the stomach again.

---

Inside Unicron, they made it to Unicron's black and gigantic heart.

Nico: Unicron's black and malevolent heart.

Nova: It's huge.

Spiderman: I can't believe that Unicron's heart is this big and it's beyond pure evil.

Francis: Me neither.

?: Help me!

Nico gasped!

Nico: Who's there?

Optimus Prime: That sounded like a little girls voice.

Nico scanned for where she might be by concentrating. He found her inside the heart.

Nico: She's inside Unicron's heart.

?: Help me Lori! Help me!

Nico: How does she know Lori? And how did she get inside Unicron's dark heart?

?: (Malevolent laughter) I'm impressed you all made it this far gentlemen. You should be congratulated.

Nico: I know that voice! Armada Sideways!

Sideways of Transformers Armada appeared out of Unicron's black heart.

Optimus Prime: Sideways!

Nico: The most diabolical traitor of all next to Starscream.

Sideways (Armada): Please. I'm not impressed by your petty labels.

Optimus Prime: You've been with Unicron all along haven't you?

Nico: And if that's the case then you will pay for your crimes.

Unicron: (Speaking Through Armada Sideways) **Actually to be more precise, we are one in the same my dear friends. This shell that you've come to know as Sideways is but a disguise.**

Nico: So you are also Unicron as well!

Unicron: **That's right. For eons I've absorbed energy from your battles all over the universe and with the fights with Optimus and Galvatron. Making me the most formidable adversary in the cosmos. And now that my metamorphosis has come this far it is time to take my rightful place as Supreme Leader.**

Optimus Prime: You only absorbed our negative energy.

Unicron: **Precisely. I must confess, there was more than enough of it to feed off of. And while you were squabbling I surpassed**

**your strength without any of you even noticing.**

Nico: Who is that girl that you've imprisoned inside your heart?

Unicron: **The girl inside my heart is a young human girl named Emma Jimenez and she is the younger sister of the human you call Lori Jimenez.**

They gasped in sheer shock.

Nico: Lori's little sister is inside your heart!?

Optimus Prime: How did you get Lori's sister into your heart!?

Unicron: (Chuckles) **It was very easy. As you were fighting the evil human you all call Dr. Blight, I made my move and kidnapped her to restore me. You see, Emma has a strange and mysterious power that enables her to absorb Negative Energy. She was the catalyst that made me stronger and I'm getting stronger by the second thanks to her. And soon when she has served her purpose I will destroy her like I will destroy all of you.**

Nico: You monster! I won't let you get away with this Unicron!

Nico went Super Saiyan 3.

Optimus Prime: Nico wait!

Nico flew into Unicron's black heart and went deep into the void.

Nico was inside Unicron's malevolent and evil heart. It was as black as evil can get and it was an endless heart of pure darkness.

Nico: (Echoing) Emma? Emma?

Nico followed the dark arteries of the heart and then he saw Emma. She was a girl with black hair and she was in blue pajama clothes torn up and she was no older then Lucy Loud.

Nico: Emma!

Nico flew up to her.

Nico: Emma wake up! Please wake up!

Emma woke up and she was barely alive.

Emma: (Weakly) Who are you?

Nico: I'm Nico Chan and I'm here to get you out of here.

Emma: I tried to get out but I can't.

Nico: I can do it.

Nico ripped the arteries out and undid her bindings. She fell and Nico grabbed her.

Nico: Lets get out of here!

Nico put her on his back and flew out of the black heart. Nico formed an air bubble around Emma and she was getting air in the endless void of space.

Nico and Emma flew out of the Heart.

Optimus Prime (about to open the Matrix): Now, light up our Darkest Hour!

Optimus opened the Matrix and threw it into Unicron's heart.

Nico: Lets get rid of this Unicron buttface! Astroscope, Payload, and Sky Blast, Powerlink!

Astroscope, Payload and Sky Blast turned into The Requiem Blaster.

Francis: I've had it with this freak! Lets combo attack Ramjet!

Ramjet: You got it Francis!

Francis fired a powerful blast of fire and Ramjet fired lasers and missiles.

Francis and Ramjet: FIRESTORM BARRAGESTRIKE!

The fire and missiles and lasers burned and hit Armada Sideways.

Sideways (Armada): You all will pay for everything you've done!

He transformed into a motorcycle and rider and burned rubber and went at them.

Sideways (Armada): YOU'RE MINE!

Nico: Shut your mouth and burn in hell you motherfucker!

Nico fired the Requiem Blaster and blew Armada Sideways to pieces.

Nova: Time to finish him for good with a final smash. NOVA ENERGY STRIKE!

Nova fired a huge blast of blue energy from his hands and it hit Armada Sideways and completely obliterated him.

Nico: Armada Sideways, you have failed this universe. Lets get out of here!

Nova: Nice shot Nico!

Nico: Thanks Sam. Same to you. Come on guys!

They went out of Unicron.

Nico: J.D. do you read me?

Me: **I read you Nico. Did you plant the Matrix into Unicron's heart?**

Nico: We did J.D. But we also made a surprising find. Unicron had a hostage.

Me: **What!? Who was it?**

Nico: It was Lori's little sister Emma Jimenez.

I gasp.

Me: **How can that be?**

Nico: During the fight with Dr. Blight she was kidnapped by Unicron and she has this really unusual power that enables her to absorb negative energy. Unicron was using her like some kind of battery.

Me: **Did you get her out of Unicron's heart?**

Nico: I sure did. She's weak from the removal but she should be okay.

Me: **Great job Nico. Get out of there now guys. I'm going to finish Unicron once and for all.**

Nico: Okay.

* * *

Unicron then screamed in excruciating pain as he looked like he was having a huge Heart Attack.

When Nico and team got out it was time.

Me: **Now it's time to finish you for good Unicron and end your reign of terror once and for all!**

I raised my hands.

Me: **Everyone, share your energy with me!**

I gathered energy from all over the galaxy. And a Spirit Bomb the size of Cybertron had formed in my hands.

Me: **This Spirit Bomb is not enough. Master Goku, I need you to call King Kai and tell him to help me get more energy for the Spirit Bomb.**

Goku: You got it J.D. (Telepathically) King Kai? King Kai can you hear me?

King Kai: I hear you loud and clear Goku. What's the problem?

Goku: J.D. is using the Spirit Bomb to destroy the evil Transformer Devil Unicron. We need energy from all over the entire universe to destroy him once and for all. It's our only hope!

King Kai: Pep from all over the universe huh? All right I'll get right on it Goku. (Telepathically to the Kais) Kais of the East, South and West, lend me your strength for the Entire Universe depends on it!

The Kais strengthened their telepathic link.

King Kai: (To Goku) Okay Goku it's all ready.

Goku: Okay. J.D. it's all ready.

Me: **Okay Master Goku! Everyone SHARE YOUR ENERGY WITH ME!**

Energy from all over the entirety of the Virgo Supercluster flew into our galaxy and poured into the Spirit Bomb like wildfire and the Spirit Bomb grew to massive size and it was as big as a Hypergiant star.

Me: **Master King Kai, thank you so much and thank everyone all over the universe for their assistance.**

Unicron was still screaming.

Me: **This is it Unicron! Now go to hell and stay there!**

Unicron: **Destiny… you cannot… destroy… my… DESTINY!**

I threw the massive Spirit Bomb at him and it completely consumed him and completely obliterated him in an instant! It went all the way out into the vastness of space and exploded.

KRABBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

When the smoke cleared, Unicron - the Supreme Harbinger of Universal Armageddon, had been silenced forever and the Universe was finally free of his terror. After so many eons of pain, suffering, death, destruction and chaos, the universe was finally rid of his evil once and for all thanks to us and everyone all over the universe! I powered down and I wasn't in the least bit exhausted.

Me: It's over guys! We won! Unicron has been destroyed.

Everyone cheered wildly in a thunderous roar of victory.

Optimus Prime: Everyone, Unicron and his minions have been defeated. And I am happy to announce that Rodimus is my new second in command.

Rodimus Prime: Now, let this mark the end of the Cybertronian Wars as we march forward to a new age of peace and happiness! Till all are one!

All: Till all are one!

Me: Nico, you did really well. Great job buddy.

Nico: It wasn't just me J.D. It was all of us.

Me: It was. We triumphed together.

Lord Drakkon was next.

Lord Drakkon: The Battle with Voldemort and his Death Eaters was one of the most intense we've ever experienced.

Me: It was more than just intense. That was beyond a shadow of a doubt one of the most intense and most devastating battles we've ever experienced. It was a fight with a pureblood supremacist racist that out to wipe out 7.3 billion innocent people and kill all muggleborn wizards so that Pureblood Wizards can take over the world.

The Supremacy Sun: That is not just racism. That is genocide, murder and pure evil.

Elemental HERO Glow Neos: Yeah it sure was. He was going to wipe out the entire human race.

Mistmane: And they will stay gone for good.

Somnambula: (Egyptian Accent) What they did was absolutely horrible.

Clover the Clever: And good riddance to that clod.

Ace: Yeah he sure did.

Breach: Thank goodness.

Lord Drakkon: Yeah. LEts do it!

We fired waves of lightning and elements and energy and smashed him down.

1984 Terminator was next.

1984 Terminator: The Battle with your brother Phobos from what I was told.

Elyon Brown: It was brutal and that was a battle that I will never forget. And I never want to see that horrible monster again.

The Suppression Pluto: Sorry to bring up some bad memories like this Elyon but what was Phobos like?

Elyon Brown: Prince Phobos was a monster and the battle with him was incredible too.

Elyon went over his history and what happened during the events of chapter 604.

Phobos History

Prince Phobos (simply known as Phobos) is an evil prince and the most recurring antagonist in the comic book W.I.T.C.H. and the animated series of the same name.

In the comic book, he serves as the primary antagonist during the first story arc, and returns in the 4th story arc. In the animated series, he serves as the primary antagonist during the first season, and returns shortly before the end of the second season.

He was voiced by Mitchell Whitfeld.

Prince Phobos took the throne of the kingdom of Metaworld (known as Metamoor in the *W.I.T.C.H.* comic book series and Meridian in the *W.I.T.C.H.* TV series) after his parents' disappearance some time prior to the opening chapter of the first story arc/season, and began to drain the life force of the people in order to fuel his own magical powers with the aim of becoming strong enough to take over other worlds. However, realizing that Phobos posed a great threat, the Council of Kandrakar, a realm at the center of the universe, raised a magical shield, known as the Veil around Metamoor, sealing Phobos inside and cutting it off from the rest of all other worlds.

During the first story arc/season Phobos' primary concern is finding his long lost sister Elyon Brown, whose powers are equal to his own (In the comic book, according to both Phobos and the Oracle, Elyon is even stronger than Phobos himself) and was spirited away to Earth approximately 12 years prior, so that he can drain her life force and add it to his own. With her power, Phobos would be able to break through the Veil and begin his conquest of other worlds.

At first, Phobos is unaware of his sister's identity, and sends his minions to find her, first by searching through birth records, and then using a magical talisman known as the Star of Threbe. After finding her and successfully poisoning her mind against her friends and family, Phobos brings his sister to Metamoor and attempts to gain her trust for long enough to drain her of her powers. Despite successfully draining some of his sister's power, Phobos' plans are foiled by the Guardians during the final installment of the Metamoor story arc/Season one. He is exposed as a villain, and is imprisoned by Elyon after a heated magical duel over the control of Metamoor and the kingdom's fabled Crown of Light which is belongs only to the female rulers as the laws of Metamoor decreed.

Following his defeat in Season 1 of the animated series, Phobos was briefly released by the Knights of Vengeance early in season 2, but was defeated while attempting to retake the Royal palace of Metaworld/Meridian from Elyon. He returned again late in Season 2, when the Guardians realized that, as a heir to the throne of Meridian, he was able to break the rule that "A Heart cannot be taken by force", and release him in order to deprive Nerissa of her Seal (which incorporated the Heart of Meridian), on the condition that he surrender the Seal to them afterwards. However, Phobos breaks his vow and instead uses the Seal to reconquer Meridian. After retaking Meridian, Phobos sets his sights on Kandrakar, and is on the verge of taking it when he is betrayed by Lord Cedric, who swallows him whole, thus gaining his powers for his own. After Cedric's defeat, Phobos is returned to Elyon's dungeon. In the episode " *V is for Victory* ", Phobos causes much confusion by glamouring Matt, Caleb and Blunk as himself such as when Blunk/ Phobos eats crickets and when Caleb/Phobos holds Cornelia's hand.

In the comic story arc " *Trial of the Oracle* ", he became the new Oracle, as he was found to have used his negative emotions to switch minds with Endarno, who was the guardian of the Tower of Mists, the tower in Kandrakar where Phobos, Cedric, Frost, and many other villains were imprisoned in. Once he is restored to his rightful body by the Guardians, he realizes he has lost and leaps off of a balcony into the never-ending void beneath Kandrakar, declaring that he will "never be imprisoned again".

However, even he is unable to create portals that would link Earth and Meridian, as he himself stated in one episode, though he was able to create a portal to the enchanted painting the Guardians were trapped in, in hopes that his minions would go into the painting and finish off the Guardians (in the comic book, certain facts differ, such as the portal to the painting was an opening in the Veil, and Cedric was the one who opened the portal, though this leads to confusion, for if Cedric could make openings in the Veil, then it is surprising that Phobos cannot, and the Veil erected by Kandrakar is quite useless, and confusion is merely increased by more puzzling facts).

In the final confrontation against the Guardians, Phobos transforms Cedric into a red, more beastly monstrous version that is able to rival the combined strength of all five Guardians, though Will's quick thinking tricked Cedric into wearing the Crown of Light, thus draining the magic infused into him by Phobos away. Phobos also traps his sister Elyon in energy rings after using trickery to overpower her.

He has on numerous occasions proven to be a formidable opponent, wielding powers at least equal to those of his sister, Elyon. For example when he fought the Guardians of the Veil in the final episode of the Meridian story-arc he quickly defeated them and would have destroyed them, had Elyon not intervened. However he had stolen all of the power of Meridian and most of Elyon's powers. When he fought them again in the Nerissa story-arc he no longer possessed the power he had stolen from Elyon or Metamoor and still appeared to be more powerful than all of the Guardians put together.

He appears to be immortal as he has existed since the creation of the Veil which was created soon after the dawn of time. He is hinted to be the source of all evil in creation. Whilst he ruled Metamoor his power appeared to be so great that his moods affected the landscape of Metamoor and to a lesser extent Earth, because Earth and Metamoor are connected by Portals.

Nico was looking at Phobos with incredible hatred and vengeful justice.

Nico: You don't have any honor, do you?

Phobos: Honor is overrated. In the real world, you do whatever it takes to come out on top!

Me: You're a monster Phobos. That's why we're going to kill you and send you off to Hell where you belong.

Phobos: What's the matter, Vandom? For the first time in your life, are you incapable of retorting with a clever quip? How appropriate that I would can render the keeper of the Heart of Kandrakar speechless!

Will (grins): Actually, Phobos, I was kind of stunned by how bad your breath smells! Seriously, you should invest in breath mints. Or toothpaste. And while we're at it, try looking into dental floss. It really helps the teeth. Although, they might not make it in Meridian.

Phobos (growls): Of course, as soon as I mention it… But no matter!

Once I'm finished with you, I'll never have to deal with any of your insults again! And then, the whole universe will be mine for the taking!

Me: We won't let that happen you tyrant.

We looked at Phobos with overwhelming justice.

Nico: You seem to delight in seeing other people suffer! (Aura flares up) And you treat life like a disposable commodity! (Flashbacks to all the events where Phobos destroyed numerous lives) You destroy homes, you take the lives of so many innocent peace-loving people, you enslave others to do your dirty work, you even take the lives of children. And all of this for your own amusement or personal gain. (Flashbacks end) Well, NOW IT'S YOUR TURN! For everyone who's lives you senselessly slaughtered, I AM GOING TO FINISH YOU!

Nico then went Super Saiyan 4 and he was ready to fight.

Me: You will now pay for your crimes Phobos!

I go Super Angel 10,000.

Elyon: Our bond has officially been forever severed you tyrant! The Guardians and Team Loud Phoenix Storm are my true brothers and sisters and they are much better siblings than you will ever be in 10,000 lifetimes.

Nico: Get ready Phobos. Your time has come!

Nico flared up his Super Saiyan 4 aura and his muscles bulged with power.

Nico: No more! No more! (GROWLS) NOW YOU WILL KNOW THE HORROR! PHHOOOOBBBOOOOOSSSSS!

He flew at Phobos with incredible speed and punched him in the face with devastating force and he went at him again and grabbed him and broke his back on his leg and plowed him into a building near the castle with devastating force. Phobos then exploded out of the rubble and he was infuriated and his clothes were all shredded and torn up. Phobos flew into the air and stood ready to face him. Nico teleported behind him an grabbed Phobos.

Nico: You've tormented this realm for far too long Phobos.

Suddenly Nico and Phobos were enveloped in a vortex of fire.

Nico: NUOVA SPHERE!

They were encased in a ball of fire and it went up into the sky. We saw the huge ball of fire in the sky swirling around and the heat coming off of it was incredible.

Inside the ball of fire Nico had Phobos trapped.

Phobos: (Echoing) Let me guess, your plan is to hug me to death. Am I right?

Nico: (Echoing) You don't have any idea what I'm capable of Phobos and if you think you can just walk right out of here, then be my guest.

Nico let go of Phobos and chains made entirely of pure fire wrapped around him and held him in place.

Nico: You are a malevolent tyrant, and an honorless beast and you care about no one other than yourself. That's why I swore to kill you and end your reign of terror before it even begins.

Phobos: YOU WRETCH! I will get out of this and kill you!

Nico: I'd like to see you try. But the only one who's about to become charcoal is you!

Nico snapped his fingers and then the ball of fire exploded with incredible power.

KRABOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

The power of the explosion was so powerful and so devastating that it rained down fire onto the castle and I protected everyone in a powerful force field. When the explosion vanished Nico landed and he was protected in a powerful ball of fire.

Phobos crash-landed on the roof of a building and he was a nasty burned husk. He was all black and torched.

Miranda had the Heartless robots ready.

Elyon: Those two robot Heartless got hit with combos and they're still standing!

Miranda (takes out remote): Don't worry. I've got that all taken care of. (presses button)

With that, the Prison Keeper and Storm Rider paused and then began to attack Phobos' foot soldiers.

Phobos got up and smoke was coming out of his body.

Me: He is a strong fighter I'll give him that.

Phobos: I WILL KILL YOU!

Phobos tried to punch and kick Nico but he was dodging all his attacks like they were nothing. Nico then punched Phobos and he crashed into a building.

Nico: Prince Phobos, you have failed this universe! (fires ice beam at him)

It froze his leg and turned it into ice.

Nico: Now you will pay another price.

Nico raised his hands into the air.

Nico: Everyone! Share your energy with me!

Nico was gathering energy for the Spirit Bomb!

He gathered enough energy into his hand and formed a small blue ball and fired it at Phobos.

Nico: SPIRIT BOMB!

Phobos got up out of the rubble and saw the Spirit Bomb coming and he got hit by it and it exploded and sent him flying into the air in a huge blast of energy as he was being ripped apart from the inside by it.

When the blast faded Phobos' lacerated body crashed into the ground and he was badly beaten.

Phobos was weakened and badly injured.

Nico: How the mighty have fallen.

Phobos belched up a huge amount of blood. We landed by Phobos.

Breach: Phobos you are a monster.

Breach kicked him into the air.

Elyon fired a time ray and it hit him in the chest and aged him.

Breach: Combo time.

Ace: You got it.

Breach fired numerous portals and Ace used her reality warping powers.

Breach and Ace: PORTALS OF DARK FEAR!

Phobos was sucked into the portals and he saw monsters of such indescribable horror.

Nico formed Frost Giants and they went at Phobos and they pulverized him and slashed at him.

Phobos crashed onto the building again.

Nico: Didn't expect that did ya? That was one of Loki's powers. Here's another one.

Nico formed 2 pumpkin bombs and he threw them and they exploded when they hit Phobos.

KABOOM KABOOOM!

Phobos was on his last legs.

Nico: Didn't expect that did you? It's kind of ironic that I would be using the powers and abilities of the very people that freed you.

Phobos got up and he was really enraged.

Phobos: YOU! I HATE YOU!

Nico's aura flared up at an incredible intensity.

Nico: Thanks for the power boost.

Will: We've had it with you Phobos. This time you are a dead man! Final Smash Time!

Everyone else came.

Clawful: Me first! LOBSTER DEATH PINCH!

Clawful fired a stream of water with lobsters in it and they pinched Phobos all over the place.

Will: My turn! CANDRAKAR LIGHTNING BLAST!

Will fired a massive blast of pink lightning and it hit Phobos and electrocuted him.

Suddenly Lillian was enveloped in an orb of rainbow light and she was now changed into a Guardian.

Lillian: What happened!?

Me: Lillian you are now a Guardian of Candrakar like your sister.

Lillian: I am?

Cornelia: You sure are.

Megan: I was shocked when I became a Guardian myself.

Lillian: Cool! What powers do I have?

Lillian held out her hand and she fired a beam of rainbow light and it hit Phobos and burned him.

Me: It looks like you have the powers of Light.

Nico: This is gonna be the end of you Phobos. Guardians lets use our ultimate final smash.

Will: You got it Nico!

Me: Lets get him girls!

Nico charged up a Kamehameha Wave.

Me: Lets do it!

(W.I.T.C.H. Theme song plays)

Will: The Heart!

Irma: Water!

Taranee: Fire!

Cornelia: Earth!

Hay Lin: Air!

Me: Lightning!

Elyon: Time!

Megan: Space!

Lillian: Light!

We fired elemental beams into the Kamehameha blast and it turned into a rainbow energy wave with the elements of nature swirling around it.

Nico and the Guardians: GUARDIAN UNITY KAMEHAMEHA!

Nico fired a massive Rainbow Kamehameha Wave and Phobos saw it coming and he knew that his death has come.

Nico: Feel the power of the Saiyan Race and the Guardians of Candrakar and perish!

The blast enveloped Phobos and completely obliterated him in an instant.

The blast went up into space and vanished harmlessly.

Nico powered down and he wasn't in the least bit exhausted.

Me: It's over guys. Phobos is now officially dead.

Then Phobos' spirit appeared.

Nicole: You will never terrorize our universe ever again you tyrant. (Chants an Incantation) ALDRUON ENLENTHRANEL VOSOLUN LIRUS-NOR!

Phobos was sucked into the Book of Vile Darkness.

Phobos: DAMN YOU TEAM LOUD PHOENIX STORM!

Me: Go to Hell and stay there you son of a (Censored)

Elyon: Good bye "Brother."

Nico: It's over guys. He's dead.

We cheered wildly.

Miranda came up to Elyon and she was crying hard.

Miranda: Elyon. (Crying hard) I'M SO SORRY!

Elyon hugged Miranda as she was crying.

Elyon: It's okay Miranda. Just let it out. Let it all out.

Nicole: Poor girl.

FLASHBACK ENDS

When she was done they were shocked.

The Suppression Pluto: He was a totally honorless and remorseless monster! Now I see why Caleb and the rebels were up against when they were trying to overthrow him and restore peace.

Elemental HERO Dark Neos: But Phobos had no idea that he was up against one of the most powerful warrior forces in the entire universe: A Saiyan named Nico.

Crow Hogan: That was incredible. But I have a very strong feeling that Phobos will one day come back.

Black-Winged Dragon: Like he did before when everyone destroyed Lucy's so-called father the first time from what I heard.

Fire Lori: That was literally intense.

Liquid Leni: It sure totes was.

Stone Luna: No kidding dudes.

Ice Luan: You all faced incredibly tough enemies over the last five years!

Steel Lynn: That is awesome and amazing.

Air Lincoln: You're not kidding there.

Shadow Lucy: They are really amazing and tough.

Crystal Laney: It's shocking that many enemies that everyone on the team faced are that dangerous and evil.

Dirt Lana: It sure is shocking.

Plant Lola: But that is what makes it awesome.

Lightning Lisa: Indeed and very amazing.

Light Lily nodded in agreement.

Clyde: It sure was really something.

Luxord: Indeed.

1984 Terminator: That was intense. Shall we get started?

Elyon: Lets shall.

They fired waves of light and elements and smashed him down. Luckily he wasn't damaged.

Elyon: RIGHT ON!

## Megan McCallister, Elemental HERO Terra Firma, Elemental HERO Magma Neos, Vinyl Scratch, Octavia Melody, Derpy Hooves, Sissi Delmas and Pacifica Northwest VS Living Laser - The Battle with The Darkness in Skylands

Living Laser was next.

Living Laser: The Battle with the Darkness in Skylands was intense.

Megan McCallister: I will never forget that and it's absolutely amazing that all of the Skylanders and Portal Masters from all over the planet were facing one of the most powerful dark forces in the universe.

Elemental HERO Terra Firma: And the worst part is that he wanted to take over the entire universe. That is awful.

Elemental HERO Magma Neos: You're not kidding there.

Vinyl Scratch: I'll never forget seeing what The Darkness was like. That was brutal and intense.

Octavia Melody: (British Accent) That was most intense and brutal. But Kaos banishing the Skylanders to Earth did a really good thing and that is bring two worlds together.

Derpy Hooves: That is true and that is amazing.

Sissi Delmas: I think it's really cool.

Pacifica: It sure is.

Living Laser: Yeah. Lets do it!

They fired waves of stars and energy and smashed him down.

Megan: TAKE THAT!

## Matt Olsen, The Splendid Venus, Elemental HERO Storm Neos, Prohyas, Vambre, Zange, Witchy Simone, Kurumu and Moka VS Silver Spooner - The Battle in Equestria with the Doomsday 23

Silver Spooner was next.

Matt Olsen: Has anyone ever told you that you look like a different version of the Silver Surfer?

Silver Spooner: I get that all the time. Except I use a spoon rather than a surfboard.

Matt Olsen: That is really cool and the Silver Surfer is one of my favorite heroes.

Silver Spooner: Indeed. And I heard that the battle with the Doomsday 23 in Equestria was intense.

Matt Olsen: You better believe it was. They were 23 of the most dangerous and ruthless enemies of all of Equestria.

The Splendid Venus: They sure were. What they were going to do was destroy the entirety of Equestria to destroy and eliminate friendship in its entirety.

Elemental HERO Storm Neos: That is absolutely devilish and evil beyond all words. But thank goodness we stopped them forever.

Prohyas: Yeah and that was amazing that we destroyed them too.

Vambre: (British Accent) Indeed it was brother.

Zange: It's good they were destroyed.

Witchy Simone: No kidding! Thank goodness.

Kurumu: Yeah you got that right.

Moka: They had it coming to them.

Silver Spooner: Yes indeed. Lets do it!

They fired waves of light and energy and smashed him down.

Matt Olsen: OH YEAH!

## Cassidy, The Tripper Mercury, Eria the Water Charmer, Elemental HERO Chaos Neos, Leo (5D's), Life Stream Dragon. Dr. Strange, Harry Potter, J.D. Knudson as Wolf Moon and Riley VS Nosferata - Bringing Down Billy McLean and Ending his Sprees of Torture and Humiliation

Nosferata was next.

Nosferata: I heard you all brought down Billy McLean and got him sent to prison for eternity for his sprees of torture and humiliation.

Cassidy: That wasn't really a battle that was more like a message of justice. When Billy McLean showed his true colors in that show we essentially buried him into the ground in a volcano so to speak.

The Tripper Mercury: What Billy did was absolutely horrible. He tortured and humiliated many contestants on Total Drama for years and damaged them emotionally, psychologically and physically.

Eria the Water Charmer: Yeah you should have seen what he did to so many people.

Elemental HERO Chaos Neos: Yeah Billy McLean is an absolute monster and after we threw him in prison for the rest of eternity everyone not just in Canada but all over the world called him the most hated man in the entire solar system.

Nosferata: Geez! That is harsh but fitting for him. But what did he do that was so terrible?

Cassidy: A more accurate question what HASN'T he done. He did all kinds of horrible and terrible things that would brutally kill and maim a person beyond all forms of recognition.

Cassidy went over his history that we found out in chapter 703.

---

Made all the contestants jump off a huge cliff and into shark infested waters for a challenge and humiliated DJ, Beth, and Courtney by forcing them to wear chicken hats because they refused to jump. (Season 1 Episode 1)

Forced both the Screaming Gophers and Killer Bass teams to not get any sleep for over 87 hours for a challenge he called the awake a thon. (Season 1 Episode 3)

Doesn't tell Beth about Bony Island causing her to steal a Tiki doll and get her team cursed. (Season 1 Episode 8)

Allowing Harold to outright cheat by falsifying his teammates' votes to wrongly eliminate Courtney, which he meant as revenge against Duncan. Season 1 Episode 10)

When Eva and Izzy return to the island after being previously eliminated, Billy says that when he claimed that eliminated contestants could not come back, "EVER", he reveals that he "lied". (Season 1 Episode 15)

Sending Lindsay home for being the last person to "cross" the finish line in the bicycle race, when she came in right after Heather and the other people didn't finish the race at all. (Season 1 Episode 18)

Forcibly eliminating Leshawna because the other eliminated campers kept saying her name while trying to vote someone else out, not meaning to vote for her, and counting multiple "votes" from a random parrot in the room. (Season 1 Episode 22)

In the Total Drama Island ending where Gwen wins the competition, Billy forces her to relinquish her winnings to instigate a scavenger hunt for one million dollars, which ultimately ended up leading to the second season, even when she flat-out refuses the "offer" (in Owen's ending, Owen willingly accepts the extra challenge). It is implied that this had been his intention from the very beginning, meaning that the entirety of Total Drama Island was in fact completely pointless. (Season 1 Episode 27)

In the Total Drama: World Tour episode "Walk like an Egyptian Part 2", Billy had sent flesh-eating scarab beetles after the contestants. A few crawled onto an intern serving as a leg stand for Billy and they ate him alive into just a skeleton in less then ten seconds. Chris responded with laughter and apathy, actively encouraging the beetles to kill the contestants.

Doesn't send Chef his paycheck on episode two of Total Drama Action.

He brings Gwen up to his viewing room and makes her watch Trent be eliminated just to make her feel bad in Total Drama Action.

He dresses up as Steve the yeti, and tells Geoff and Bridgette that they stink on LIVE TV in Total Drama Action.

Putting itching powder on the cast's pizza, makes them study all night, then he literally makes them believe they are going to die by a fatal disease in Total Drama Action.

During the challenge, Owen has broken his jaw due to throwing a book, he gives the Killer Grips the win, even though the Screaming Gaffers got to the finish line first.

When the cast could possibly die from a flooding submarine, he only cares if they survive because without them, he won't get paid in Total Drama Action.

Sets each of the stink bombs the contestants have to defuse up differently so they would all get hit by the stink bomb in Total Drama Action.

Hires Owen to cause drama between the remaining contestants in Total Drama Action.

It is implied he murders a parrot for biting him in Total Drama Action.

Makes fun of Chef and how bad his cooking is in the finale when Chef wants to leave due to how Billy treats him. However, he does redeem himself, and apologizes to Chef and says how much he needs him.

Shows Beth's greedy side to the cast to lessen her chances at winning the million dollars in Total Drama Action (although he may have done this to make the chances fair, as he did show Duncan's nice side as well).

In the first episode of World Tour, he informally "eliminates" Ezekiel for no reason other than him being annoying.

Treated his interns like actual slaves in the Egypt challenge and caused the death of one of the interns by neglecting to help him when he was being eaten alive by scarab beetles

Declaring "Team Chris is Really Really Really Really Hot" (which it goes without saying was named as such to flatter him) the losers in the London episode even though they successfully found "Jack The Ripper" and had won the challenge as he instructed it to them, just because Team Amazon happened to find Duncan. The result of this was Noah's unfair early elimination.

On several occasions during World Tour, he abruptly announces that the episode does not have an elimination after telling the contestants the opposite throughout the challenges and even having them vote. In more than one of these instances it is implied that Billy had not even planned this but is making up the rules as he goes along.

Billy deliberately broke the bathroom door's lock at the time of Gwen and Duncan's adulterous kiss, allowing Tyler to witness it and later revealing it to Courtney and everyone else, incurring her recklessly brutal wrath against them. Throughout this entire series of events and the prolonged drama following in its wake, Billy makes it clear through his behavior that he has no empathy for any of the involved parties, and rather enjoys seeing them fight as much as ever for the sake of ratings.

Breaking the rules of the contest and declaring Sierra eliminated even though she had won the day's challenge and had "invincibility", due to her accidentally destroying his plane. If Billy had not done this Alejandro would have been eliminated then and there instead.

Imprisoning the badly-burned Alejandro in a crude Darth Vader knockoff mechanical body for the sole purpose of having him sign a waiver absolving Billy and the show of responsibility for his injuries, and laughing at Alejandro's despair of being told that the money has been destroyed.

In Alejandro's ending, he declares Alejandro the winner of Total Drama World Tour just because Heather accidentally threw the wrong pineapple dummy into the volcano, even though she had clearly defeated him. In Heather's ending, she throws her own dummy in the volcano and wins.

Dumping toxic waste in Camp Wawanakwa.

Forcing eliminated contestants to ride a catapult in Total Drama: Revenge of the Island.

In the first episode of Season 4, Owen appears, oblivious to the fact that he and the rest of the real cast are no longer competing and Billy responds by putting a explosive on his face and detonating it sending him flying away.

Gives the Mutant Maggots the win, just because they blew up the Toxic Rat's cabin, even though they clearly won.

Caused Staci to lose her hair and suffer minor radiation poisoning after she got voted off because Billy handed her the toxic marshmallow of loserdom.

Confiscated Sam and Dakota's electronic devices, putting them in tech withdrawal. Even Scott thought that was harsh.

Forced Sam, Brick, and B to admit embarrassing secrets about themselves on international television and had them press poorly wired buttons, electrocuting then for the sake of a challenge while threatening to have them and their teams submerged underwater and be at risk of being eaten by a mutant shark named Fang

In "Finders Creepers" at the campfire ceremony after the Mutant Maggots lost the challenge, due to Chef went missing, it was a non-elimination episode and he feels disappointed that no one is going for a catapult ride. After Dakota has done her deed, he hurls Dakota again for the second time since it's not worth it, since she's an intern.

He forced Dakota to go into a highly irradiated mine for over 40 minutes, which not only caused her to lose her hair but transform into a mutated monster in the next episode. He also made the contestants go into the mine for the sake of a challenge but gave them special indicators to let them know how long they were in the mine

He buries Gwen and Sam alive in a chest.

At the end of the fourth season, he attempts to detonate a bomb he planted on the contestants' departure boat for no reason. However, the bomb is removed by Chef and put under the dock right under Billy, blowing himself up and landing him in the water as payback.

Forcing eliminated contestants to be flushed down a gigantic toilet in Total Drama: All-Stars.

Putting Gwen on the Villainous Vultures and Courtney on the Heroic Hamsters even though Gwen is a hero and Courtney is a villain.

Making Sam's team forfeit the pancake eating challenge and caused his unfair early elimination, even though he was being organized for exile duty.

Making Cameron switch to the Villainous Vultures team instead of letting him quit the competition to escape from Sierra's affections.

In one episode of the fifth season, he did a "rigged" wheel game and as Gwen spinned, he purposely made the wheel land on Courtney so that they would fight each other. Not to mention that Billy showed Courtney videos of Gwen making out with Duncan, causing Courtney to get mad just as their friendship was finally started to work out.

Making Cameron take The Flush Of Shame with his injuries instead of taking him to the hospital.

Forgot to feed his interns, so he thought of a challenge where the contestants had to make ice cream sundaes by going through hazardous areas. Later, rather than "actually" giving the interns the sundaes, Billy decided to make the contestants eat their sundaes instead, thus not feeding the interns again, though he was appalled when he discovered that Courtney was planning to feed the interns a nasty sundae.

In the season finale of "Total Drama All-Stars", Billy had the previously eliminated contestants trapped into giant fart balloons. Zoey was able to free Gwen and Cameron and Mal freed Heather and Alejandro. Billy forgot to tie or pop the balloons, causing Lindsay, Lightning, Jo, Sam, Sierra, Duncan, Courtney and Scott to fly away in the air, however they are confirmed to be alive and unharmed.

He also allows Chef to sink Camp Wawanakwa into Lake Wawanakwa.

Using eliminated contestants as human cannonballs in Total Drama: Pahkitew Island.

Eliminating Amy in "Twinning Isn't Everything" despite Samey getting the most votes. However, this could have just been a mistake, as Amy and Samey are identical in appearance, it was apart of Jasmine and Samey's plan to get rid of the real Amy.

Unfairly eliminating Ella simply for singing too much even though her team won the challenge.

In "This Is The Pits!" since both teams lose the challenge, he forced for an elimination ceremony which he mostly wants to and it's even not worth it since neither of the teams won.

Making Chef burn the reward since neither of the teams completed the challenge properly.

Put the contestants in a challenge that involved eating Juggy Chunks that expired almost 40 years ago, which caused them to undergo heavy nausea and vomiting and caused all of them except Shaun and Jasmine to undergo a zombie like trance. In the same episode, he also taunts Dave about being rejected.

In the finale, he crosses the Moral Event Horizon by turning Dave against Sky by repeatedly showing him Sky's audition tape, which revealed that she still had a boyfriend back home.

When she was done everyone that hadn't heard it was shocked!

Leo (5D's) That man is a monster!

Life Stream Dragon: He has no heart, no conscience, no soul and no guilt.

Dr. Strange: No he doesn't and thank goodness we made sure he was sent to prison.

Harry Potter: (British Accent) He's not worth killing but he is worth humiliating.

Me: You got that right Harry and I'm glad we got him sent to prison. When he dies he should be buried in a coffin right inside the cave of a volcano and sealed away as a forgotten memory.

Riley: I agree with you there J.D.

Nosferata: I agree there. He is worse than Dormammu.

Me: I think Dormammu is worse because he is a soul stealer.

Nosferata: Good point. Lets do it!

We fired waves of elements and magic and water and fire and smashed her down.

Cassidy: That was so awesome!

## Halinor, Hiita the Fire Charmer, Maiden of The Moonlight, Maiden of The Aqua, Crow Hogan, Black-Winged Dragon, Volcana, Lola, Lea and Francis VS Flarerizamon - Destroying Lucemon and Saving the Digital World

---

Flarerizamon was next.

Flarerizamon: That was an incredibly intense battle with Lucemon and thank goodness that he was destroyed for good.

Halinor: He sure was and that was one incredibly amazing battle.

Hiita the Fire Charmer: It sure was. Lucemon had it coming for all of the pain and suffering he caused to the Digital World.

Maiden of The Moonlight: He sure did have it coming.

Maiden of The Aqua: No kidding. What he was going to do was awful.

Crow Hogan: But at least he will never terrorize the Digital World again.

Black-Winged Dragon: That is true.

Volcana: Yeah he had it coming.

Lola: That is a fact.

Lea: Yep.

Flarerizamon: Yep. Lets do it!

They fired waves of fire and energy and smashed him down.

Halinor: That was fun!

## Yan Lin, Wynn the Wind Charmer, Wind Man, Air Man, Tornado Man, Lori and Nora Fries VS Lucemon (Fusion) - Destroying the Lich at Camp Everfree

---

Lucemon was next.

Yan Lin: It's gonna be awesome to have my own archenemy even after all these years.

Lucemon (Fusion): I know. I'm excited for this myself. I heard you all destroyed the Lich at Camp Everfree. What was that like?

Yan Lin: That was amazing. And the Lich was known as the Ultimate True Emissary of Death and Destruction.

Yan Lin went over the history of The Lich.

---

**The Lich**, also known as the **Lich King**, is the main antagonist of the *Adventure Time* franchise.

He is the main antagonist of the Cartoon Network series *Adventure Time*, serving as the main antagonist of Seasons 2, 4, 6, and the Season 5 premiere arc, the final antagonist of its spin-off series *Adventure Time: Distant Lands*, and the overarching antagonist of every other season. He is an ancient undead entity who wants to bring the extinction to all life in the multiverse, as well as the arch-nemesis of Finn the Human.

He was voiced by Ron Perlman, who also played Slade in *Teen Titans*, Xibalba in *The Book of Life*, Bular in *Trollhunters*, the High Mage in the 2003 *Teenage Mutant Ninja Turtles* cartoon series, Warhok in *Kim Possible*, Stabbington Brothers in *Tangled*, Dieter Reinhardt in *Blade II* and Drekk in *Men In Black: The Series* .

According to the Lich himself, he was one of the monsters created before time existed, which means that he is older than existence itself. He has some sort of connection to GOLB, by calling himself "the last scholar of GOLB".

Early on, the Lich (or Lich King) had a plan to suck all life from the Land of Ooo. Using the stolen power, he planed to destroy all life, but he was attacked by the hero Billy. He was trapped in a prison of amber in the heart of the Candy Kingdom after Billy personally pounded him into it.

One day, in the Candy Kingdom, Princess Bubblegum, the ruler of the Candy Kingdom, Finn the Human Boy, and Jake the Dog were thinking hard. While Finn and Jake were dreaming about regular day dreams, Princess Bubblegum saw a hellish scene where a threatening black shadow stands in front of a backdrop of flames. Fearing that the amber prison was weakening, she takes Finn and Jake with herself to the prison. They wear protective gems first so they do not fall prey to the Lich's mind-controlling voice, which was still a problem even though the Lich himself wasn't.

While they were up there, the Waving Snail (an Easter Egg which appears in every episode) comes out of Finn's backpack. Since the Snail was not wearing a gem, its eyes go big, hollow, and black with a strange glow coming from them. Slowly, Waving Snail moved to the sphere of amber. The Snail breaks the prison and an oily liquid comes out and forms the Lich, which turns into a black vapor and runs away, leaving behind a black trail of death.

Princess Bubblegum gives Finn the Gauntlet of Billy, which defeated the Lich the first time, and they start to chase the Lich. But Ice King comes in and pesters Finn and Jake for permission to marry Princess Bubblegum. Finn and Jake shut him out and run along where they come close to hit the Lich with a power beam from the Gauntlet several times but Ice King gets in the way.

Annoyed, Ice King decides to kidnap Princess Bubblegum instead. Just as the Lich is about to be blasted, Ice King comes in with the captive princess. This allows the Lich to escape to his Lair to regain his power via the Well of Power.

Following the Lich into the Lair, Finn and Jake are met by dead human skeletons which attack them, but are destroyed by the Gauntlet. Going down even farther, they look through a collapsed ceiling the Lich standing over the Well of Power (a radioactive pit of broiling green liquid). The Lich thrusts his hands into the Well and soaks up the power making pale green smoke come from the Lich's eye sockets.

Finn then fires a beam down at the Lich and Jake uses his stretching powers to make wings that glide Finn towards him. Before Finn could deliver another blast, the Lich grabs Finn by the Gauntlet and brings him up to his huge skull face. The Lich brings up a finger to its mouth and says *shhhhh* . The Gauntlet then explodes in thousand of pieces leaving Finn`s hand singed and then the Lich throws Finn to the other side of the room.

Ice King and Princess Bubblegum come in, see the Lich and freak out. Jake then goes up to the Lich carrying Finn on his back and barks at him. The Lich then simply creates a ball of burning green fire that hits Jake in the face, sending him teetering backwards. Finn hits the floor and shatters his protective gem and his world goes dark. The Lich tries to make Finn walk into the Well of Power, but Finn fights the heavy voice of the Lich King. He goes back into his world and Finn brings out the sweater that Princess Bubblegum had made him and uses that as his weapon.

Finn pulls the sweater in one eye socket and then out the other and starts to pull. Surprised, he staggers but then regains balance and laughs at Finn. The hero breaks the Lich's skull and he turns to dust, sending him to the floor.

Jake then helps Finn up and the Ice King frees Princess Bubblegum. With that the ice wizard drops Princess Bubblegum into the broiling Well of Power.

Later what remains of Princess Bubblegum is brought to a hospital where she is revived. But she seems *strange* . In her room she tells Finn to bring her some things. At that moment Jake comes in with Peppermint Butler but when Peppermint Butler sees Bubblegum talking to Finn, he goes on four legs and hisses at the Princess and scampers off.

When Finn leaves to get the 'things' for the Princess Jake tries to sing her a song but she is angered by this and twitches followed by yelling at Jake in an angry babble. Jake again tries to play a song and she put her hand into the large amount of picked flowers brought to her by Finn and Jake and they all wilt and die. Again Jake tries to sing and Bubblegum and her bed fly into the air and all of flowers are consumed by a fire that has the faces of a thousand of tortured spirits.

Jake runs out and tries to warn Finn that something is wrong and tries to prevent him from giving Bubblegum the 'things' she wanted. These things where bleach, gasoline, etc. but before Jake could finish Bubblegum takes all of the things from Finn. They enter her room and find Princess drinking the mixture of the toxic things that Finn had gotten.

Mutated Princess Bubblegum grown into a huge black demon which punches Finn and Jake through a wall and hurtle them beside the Ice King who was listening through the wall with a cup. The Princess grows even bigger until she break through the ceiling sending out chunks that almost kill several candy citizens.

While in the mutated demon body, the Lich runs to the gates of the Candy Kingdom and is fought by a giant Gumball Guardian who is easily smashed to bits. Finn and Jake go out to fight her but Finn is punched taking out some of his teeth he is sent back to the tower where he came from; Jake is then caught by the Lich and is strangled.

Finn and Ice King work together and Finn stalls the demon while Ice King freezes it and the plan works. But then Bubblegum's foot was frozen at a wrong angle and the ice covered Princess fell over and broke into shards.

A close up shot at the end of "Mortal Recoil" shows Waving Snail on a window ledge waving forcibly. Its eyes were sunken and dark and filled with a green deadlight which showed that it was a host body for the Lich King who was angry and looking for revenge on Finn. It is likely that since he is a lich, he would have a Phylactery, which would house his soul.

The Snail is used by the Lich in "Mortal Folly" to free the Lich from his amber prison. The Lich does so by taking control of Snail's mind and making him/her/it break open the prison. After the events of "Mortal Recoil", the Lich returns to the Snail's body. As of season 3, the Snail has continued to appear in every episode, now in possessed form. In "Following In Your Footsteps" the bear gives the possessed snail the hero's Enchiridon. In "The Lich," the Lich ends up changing bodies moving to that of the deceased Billy. After this, the snail no longer shows any further sign of possession as revealed in "Up a Tree."

The Lich possesses Billy in most of the episode "The Lich," and tricks Finn and jake into gathering the gems of power needed to activate the Enciridion. The events surrounding how the Lich assumed Billy's identity remained ambiguous until the Season 5 season premiere where it was shockingly revealed by Prismo that the Lich was in fact wearing Billy's dead body as a macabre disguise the entire time when he refers to the Lich as, "a ghost wearing a dead guy".

Finn used his wish to wish that the Lich never existed. This however triggered a series of events that ended with Farmworld Jake coming in contact with the pool of green goo created by the Mushroom Bomb, mutating into a Lich/Dog hybrid and attacking Finn.

After seeing how horrible life was with the Lich never existing, Jake tries to save the day with his wish. Prismo tries to help him with the perfect wish and Jake ends up wishing to change the Lich's wish to sending him and Finn home. Jake and Finn go back in time and sees the Lich get ready to wish for the end of all life on Ooo. However, thanks to Jake's wish, the Lich ends up wishing for Finn and Jake to go home safely. Realizing what he said, a now surprised Lich tries to change his wish but it was too late and Finn and Jake go back to Ooo, with the Lich now stuck in the Time Room, his wish wasted. Finn is concerned with the Lich's wish but

Jake assures him that everything is now fine.

Some time after the events of Billy and the Time Room, Finn learns of a place called The Citadel, where his father has been imprisoned. The Lich is currently in a *standstill,* with no one to kill and lying lifeless in the Time Room. Finn tries to get the the Citadel by taking Prismo's human body, in which killing him will commit a cosmic crime and take Finn and Jake to the Citadel. However, with a new presence in the room, the Lich springs to life and knocks Finn and Jake aside, killing Prismo and destroying his human body. A portal opens and the Lich laughs, before being crystallized and drawn into the portal.

Finn and Jake grab on to the Lich's crystallized form, and it is drawn to a sphere in the middle of the Citadel alongside countless other villainous creatures. As Finn and Jake search for Finn's dad, the Lich's breath corrupts the crystal and releases a noxious gas throughout the citadel, lighting a black fire and melting the crystals imprisoning the creatures within. After Finn and Jake reunite with his father (who does not recognize Finn) the Lich appears in the water and the crystal containing him explodes, reducing him to a skeleton.

The Lich, as a skeleton, knocks out Jake and Finn, and slowly walks towards them. He proclaims that he will use the Citadel's denizens as an army and extinguish all light and life. He reaches out his hand to Finn to kill him, but Finn sprays the Lich's hand with a Guardian's blood, causing flesh to grow on the Lich. In pain, the Lich starts uttering nonsense, and Finn, realizing this weakness, sprays Lich with the blood, causing him to grotesquely mutate and collapse. When Finn returns to Jake after failing to reach his father, Jake reveals the Lich reborn as a human child, and it is though that his mind is rebooted. At the end of the episode, "Baby Lich" says a proud "Hello!"

However even turning into a baby wasn't the last we have seen of the Lich In the episode "Gold Stars" his human child form, Sweet Pig-Trunks (Sweet P) has a nightmare about his past life as the Lich as he appeared in "Mortal Folly" laughing and destroying everything. It can be implied that he has frequent nightmares. When the King of Ooo and Toronto threaten to burn down the orchard, the Lich regains control over Sweet P and almost kills them. With this said, it is revealed the Lich is still alive, but just trapped inside Sweet P's subconscious and awakens when he sees fires, or is threatened.

In "Crossover" since the emergence of the Lich possessed Jake in Farmworld he has been working to open a portal to the multiverse with Farmworld Finn with the ice crown at his side. They use the Enchiridion from Farmworld to collect gems and activate it using Bobby (Farmworld Billy). The real Finn and Jake then arrive to stop him by orders from Prismo. They fight off the Lich but end up with Finn getting frozen and Jake getting captured. When Farmworld Finn opens the portal he is excited to live everywhere, but is brought down by the Lich when he says that in every dimension Finn and his parents would die. The Lich is about to kill Jake when frozen Finn's grass hand grows out a vine and cuts the Lich's hand off freeing Jake. Jake then tosses the hand into the portal and it arrives in Ooo. The Lich is then destroyed by Finn and Farmworld Finn using the maid. Saving Farmworld and freeing Farmworld Jake from the Lich's control.

In "Whispers" the Lich hand from Farmworld still contains a portion of the Lich's spirit and has been chasing after Sweet P to change him back into another Lich. It is revealed that the Hand contains the same consciousness as the original Lich, and can speak like the Lich. Finn chases the hand to the Lich's pit where it tries to throw Finn into it. Sweet P then arrives to help Finn but then the hand tries to convince Sweet P to join him but Sweet P refuses and kills the hand with Finn's sword.

In "Together Again", after their deaths, Finn and Jake find out it had been the Lich who manipulated New Death into killing his father and went on destroying the Dead Worlds. Soon the Lich hand tells the heroes of Ooo that since he became apart of New Death's body, his goal of ending all life was inevitable. As the Lich chants a spell to free himself, Finn and Jake fight over who gets to destroy New Death, as killing New Death would force his killer to take his perpetual title. As they exchange blows with one another, Mr. Fox arrives to see Finn and Jake battered, bruised, and still fighting over the snake with Life's kiss. The Lich finally frees himself from Margaret's spell and rushes at Finn and Jake. Mr. Fox points the stick with the snake at the Lich. The clay serpent bites New Death's arm, causing him to explode into tumbleweeds. Immediately after, Mr. Fox has become Death. The Lich hand attempts to manipulate Mr. Fox into doing his bidding by promising to be a strong right-hand, but Jake steps on the Lich hand before he can finish his sentence and tosses him into the dark void of the Land of the Dead, where he will probably be hiding, waiting for another opportunity to annihilate all life.

The Lich's status after the finale

Although the Lich himself did not appear during GOLB's arrival in the series finale "Come Along With Me", it is certain that his spirit still exists within Sweet P. One thousand years after the events of the show, Sweet P is shown as an adult hero wandering the Land of Ooo, so it can be assumed that the Lich's spirit is still dormant. Nevertheless, as Sweet P is depicted as having become a hero like Finn and Billy, it's highly likely that the Lich's control over him is possibly gone or is at least controlled.

In "Crossover", when the Lich's hand fell into the portal to the Multiverse, it separated into all dimensions as seen by Jake. The Multiverse is an infinite number of dimensions, so the hand itself has become infinite, which means that the Lich, in fact, has reached eternal existence. What may have become of these multiplied hands, however, is up to speculate, and it's unknown whether the Lich can reconstitute from these hands or not.

Air Man: It sure was cool.

Kadma, Aussa the Earth Charmer, Drill Man, Ground Man, Impact Man, Tara and Lynn VS Minotarumon - Destroying Trigon

---

Minotarumon was next.

Minotarumon: I heard that you all took on Raven's so-called Father Trigon. What was he like?

Kadma: He was one of the most power and most dangerous enemies that the Teen Titans have ever faced. It was all supposed to happen on the day of Raven's birthday. It was to mark the end of the world.

Kadma told him all about Trigon and what that was like.

---

**Trigon**, also known as **Trigon the Terrible**, is the overarching antagonist of the 2003 series *Teen Titans*, appearing as a minor antagonist in Season 1, the main antagonist of Season 4, and a posthumous antagonist in Season 5. He is also one of the two main antagonists (alongside his 2013 incarnation) of Cartoon Network's eighth animated feature film *Teen Titans Go! vs. Teen Titans* . He is the father and archenemy of Ravenwho seeks to conquer the universe.

In Season 1, he was voiced by Keith Szarabajka who also played Daniel Holtz in *Angel* . In Season 4, he was voiced by Kevin Michael

Richardson, who also played Mammoth in the series, The Joker in *The Batman*, Captain Gantu in the *Lilo and Stitch* franchise, Dark Laser in *The Fairly OddParents*, Temutai in *Kung Fu Panda: Legends of Awesomeness*, Goro in the *Mortal Kombat* game series, Chairman Drek in the *Ratchet & Clank* video game, Black Samurai in *Scooby-Doo! and the Samurai Sword*, Doug the Pimple in *Family Guy*, Tartarus in *Halo 2*, Sarevok Anchev in *Dungeons & Dragons*, Shredder in the 2012 *Teenage Mutant Ninja Turtles* series, Tombstone in *The Spectacular Spider-Man* Demongo in *Samurai Jack*, Skallox in *Green Lantern (2011 Animated Series)*, Sir Morton in the *Ben 10 Franchise* and Kamek in the *Illumination's Upcoming Mario animated film* .

*Teen Titans* (2003)

Trigon first appears, unnamed and with a different appearance from his actual introduction, in the season 1 episode "Nevermore" as a manifestation of Raven's anger within her mind. Beast Boy and Cyborg see her fighting the evil copy to free herself of the anger she had while fighting Dr. Light.

Trigon later appears as the main antagonist in the fourth season. Trigon resurrects the Titans' foe Slade to force Raven into releasing him upon the Earth. In the three-part finale "The End", Trigon finally emerges and destroys the Earth; the Titans are spared by a fraction of Raven's power, which she had given them before releasing Trigon.

While Robin and Slade find Raven, Trigon uses Nega Beast Boy, Nega Cyborg, and Nega Starfire to attack their good selves. The 3 titans win by outsmarting their evil copies. Slade gets his flesh back by killing The Guard.

The Teen Titans are joined by Slade, so they launch an all-out assault on Trigon, but are ultimately too weak to defeat him. In the end, it is Raven who defeats him, using her own powers to banish Trigon, undoing the destruction he had caused in the process and the potential conquest of every world in the cosmos by his demonic followers.

*Teen Titans Go vs Teen Titans*

Trigon appears as one of the main antagonists. He is brought back to life after his 2013 incarnation sucks 2013 Raven's demon power and brings him back after her father pits the 2013 titans against the 2003 titans. Then they take the Ravens to Trigon's dimension to finish absorbing Raven's power to fill his missing leg. The Ravens then trick their fathers into unintentionally release them as 2013 Trigon struggles to give his 2003 counterpart a soda, and both reach the 2003 Earth. The Trigons later catch up to the Ravens and after they torture 2003 Raven, 2013 Raven unleashes her demon self which leads to her powers being drained by the 2003 Trigon. As a result, 2013 Raven is now happy and the Titans arrive after escaping Santa Claus. 2003 Trigon insults his counterpart who gets fed up then 2013 Trigon absorbs 2003 Trigon's powers and transforms into a new powerful being named Hexagon. To combat the new threat, the Titans use the Worlagog to summon Titans teams throughout the multiverse. However, Hexagon proves to be too powerful, and worse 2013 Raven is too cheerful to understand the danger. She eventually evens the odds by absorbing all of her counterparts and transforms into a dragon known as The Unkindness, protecting the Robins and then proceeding to retaliate against Hexagon. The Titans destroy Trigon's Worlagog and assist Raven in getting her powers back, which gets rid of the 2003 Trigon. 2013 Robin uses their Worlagog to send 2013 Trigon to a zombie dimension.

## Powers and Abilities

Trigon possesses vast reality manipulation powers, enabling him to reshape the surface of the Earth on a whim, revive the dead (either as superpowered undead servants or flesh and blood), and rip the fabric of space to transport his army vast distances. He can bring a person's inner darkness to life, creating an exact replica of that person, down to their powers and memories. He also possesses more generic superhuman abilities such as firing energy blasts, creating force-fields, and controlling fire, the latter of which he can impart to his servants.

## Weaknesses

Despite being claimed to be the incarnation of pure evil and the source of all darkness, Trigon's ultimate weaknesses are his ego personality, obsession with power, sheer arrogance, and pure overconfidence; he had every opportunity of wiping out the Teen Titans when he had the chance, but instead he chose not to by merely stating that their rescue plan of Raven and their existence presented "no threat" to him. It is clear that Trigon failed to realize that he inadvertently underestimated the Teen Titans as well as his own daughter, which lead to his own downfall.

When she was done everyone was shocked!

Aussa: WHOA! That is brutal and powerful!

Drill Man: It sure was and it was awesome.

Ground Man: Yeah no kidding.

Impact Man: No kidding. Thank goodness we destroyed him.

Tara: No kidding.

Lynn: Yeah. Raven's father may have been the ultimate evil but he was no match for the combined power of Team Loud Phoenix Storm.

Minotarumon: No kidding. Lets do it!

They fired waves of rock and energy and fire and smashed him down.

Kadma: Take that!

Nerissa, Dharc the Dark Charmer, Shadow Man, Shade Man, Galaxy Man, Brittney Knudson and Moonlight Raven VS Mandark - Destroying King Markov

---

Mandark was next.

Mandark: It's gonna be an amazing feat to be part of the Masters of Evil. But I heard that all of Team Loud Phoenix Storm faced Tara's evil father.

Nerissa: I wasn't with the team when it all happened.

Brittney: I can answer that for you. Tara's father was the king of Markovia and he was brought back from the dead to rule over it with an iron fist. Here's what happened.

Brittney told her all about his history in chapter 1078.

---

40 years ago before Tara became the superheroine Terra, she was the princess of a small country in Western Europe called Markovia. She was born to her beautiful mother, Queen Selena the Virtuous. Tara and her little brother Brion Markov A.K.A. Geo-Force were inseparable and loved each other more than anyone. Same with her big sister Gloria. They loved each other so much. But the queen and all three kids were not happy with their father. He was a ruthless tyrant that ruled over all of Markovia with an iron fist with extreme oppression and tyranny. His name was King Devon Markov the Ruthless. He was called that because he hated everything and anyone that entered Markovia would be killed on sight and the worst of all is that he hated Tara with a ruthless vengeance. He would physically abuse her and any friends she had made with any of the villagers, he would arrest and have them beheaded. He abused his power to an incredible degree and the United Nations would never support his regime. In 1973, when Markovia went broke he declared war on the entire planet and threatened to plunge the entire planet into total chaos and wipe out all of humanity so that he can have Markovia rule over the entire world alone. But the United States and the United Nations would not stand for these acts of oppression and injustice. The World Leaders of the United Nations decided to have Markovia completely destroyed forever to make sure that World War III doesn't break out. They fired a massive 75 megaton Nuclear Missile at Markovia. To save her children, Queen Selena grabbed her children and had them sent far away. She made the ultimate sacrifice to save her kids. The missile hit Markovia and completely obliterated it in an instant. The massive mushroom cloud could be

seen for miles. Gloria got away from the blast just in time. But the car containing Tara and Brion wasn't so lucky. It got caught in the radiation fallout of the explosion and got Tara and Brion exposed to incredible levels of Gamma Radiation and it changed them forever. The shockwave from the explosion buried them in piles of rock and they laid dormant for decades in a state of suspended animation. 40 years later, Tara and Brion were reborn and they became the Earth Manipulating superheroes: Terra and Geo-Force. But before King Markov died, he vowed to one day return from the dead and finish what he started.

---

When she was done they were shocked.

Nerissa: Oh man! That is terrible!

Dharc the Dark Charmer: It sure was from what we heard.

Shadow Man: You are not kidding there. What King Markov was going to do was destroy the world.

Shade Man: (Transylvanian Accent) It was terrible. But we destroyed him.

Galaxy Man: We sure did. Thank goodness.

Mandark: That is terrible. But at least you all destroyed him once and for all.

Nerissa: It's good they did.

Mandark: No kidding. Lets do it!

They fired waves of lightning and darkness and smashed him down.

Nerissa: That was so fun!

Blossom, J.D. Knudson as Wolf Moon, Major Glory, Valhallen, Infragible Krunk, White Tiger, Living Bullet, Sam-R-I, Capital G, Ms.

## Spell, Phan-Tone, Tiki Torch, Monkey, Kraven the Hunter and Finn, Ratso, and Chow VS Comrade Red - Taking down Rasputin

---

Comrade Red was next.

(Russian Dance music plays)

Comrade Red: (Russian Accent) So good to see you all fellow comrades. I heard that you all took down the most evil of monsters in all of Russia's history.

Blossom: I take it you mean Rasputin.

Me: Yeah we sure did. It's hard to imagine that Rasputin was that evil when we faced him back in 1917. Lori faced him and she got one of her powerful transformations against him too.

Comrade Red: Indeed she did and quite frankly he deserved to be destroyed by her.

Major Glory: Indeed Comrade Red. What he did to the Tsarhood all those years ago was horrible.

Valhallen: Not cool at all dudes.

Infragible Krunk: Krunk would smash bad minister.

White Tiger snarled in agreement.

Living Bullet: (Talking fast) What Rasputin did showed that he had no love for anyone.

Sam-R-I: (Japanese Accent) He also had no honor.

Capital G: He sure didn't.

Ms. Spell: Yeah no kidding.

Phan-Tone: You got that right.

Tiki Torch: (Hawaiian Accent) And he also sold his soul to the devil for the power to destroy the Tsarhood.

Monkey screeched in agreement.

Comrade Red: What he did makes him one of the most evil monsters in all of Russia's history.

Me: But he did bring about the start of the Soviet Union back in 1920. And it lasted for 71 years until the fall of the Iron Curtain that brought an end to the Cold War and the start of the Russian Federation.

Comrade Red: That is true comrade Knudson. Lets dance!

I danced Russian style and kicked him all over with powerful kicks and the group smashed him all over and pulverized him down.

Blossom: RIGHT ON!

Flash, Rarity, Sweetie Belle, Kerfuffle, Water Skylanders, Qin, Maria, Cornelia, Megan, Stacy, Lync Volan and Nurzak VS Golden Glider - The Battle with Necrafa

---

Golden Glider was next.

Golden Glider: (To Flash) Remember the Battle with Necrafa? Because I wasn't with you guys at that time.

Flash: No you sure wouldn't and that was the day we met your niece and nephew when we met you. Also the Battle with Necrafa was a really brutal and dangerous war. Necrafa was the ultimate personification of Pure Evil.

Flash went over her history.

---

Necrafa was an evil, skeletal lich-queen who had spread a reign of terror and devastation throughout the entire realm of Gemina for many years, but had been thwarted many times by the very first Mysticons. She first appears as a statue in Sisters in Arms, although her actual debut is in Episode Thirteen, once she is released.

A thousand years ago, the original Mysticons defeated her. Peace returned, and "Necrafa" became a word that human, dwarf, and especially elf moms used to scare kids into eating their veggies! However, Necrafa's followers worked tirelessly over the ages, trying to resurrect her.

Necrafa is restored to the realm, becoming the main villainess who was finally destroyed in one single strike, in the Season 2 finale by the greater and combined strength of the Princess Twins of Gemina.

---

When he was done Golden Glider was shocked!

Golden Glider: Whoa that is brutal! I had no idea she was that dangerous.

Rarity: She was more than just dangerous darling. She was going to destroy the entire universe.

Sweetie Belle: Yeah she and the Spectral Hand were going to destroy everything.

Kerfuffle: (Minnesota Accent) I wasn't there when that happened but I heard it was a devastating and amazing battle doncha know.

Gill Grunt: It was awesome. And it erupted into an epic Kamehameha Wave Struggle with J.D.'s power at its most powerful.

Qin: I'll never forget seeing that.

Maria: Yeah it was like what happened with Voldemort and Nerissa.

Megan: Absolutely incredible power.

Stacy Bolton: That was amazing and powerful.

Golden Glider: Wow that is amazing. Lets do it!

They fired waves of water, ice, jewels and lightning and energy and smashed her down.

Flash: NOW THAT WAS FUN!

Rarity: Rapture darling that was grand!

## Arkayna, Twilight Sparkle, Luster Dawn, Sunny Starscout, Magic Skylanders, Trixie Lulamoon, Starlight Glimmer, Harry Potter, Bombshell (Skylanders) and Rage Mage VS Mumbo Jumbo - The Battle with Xehanort

---

Mumbo Jumbo was next.

Mumbo: (to Arkayna) The Battle with Xehanort was one of the tougher ones that we fought in. I remember that you and I did a combo attack against him.

Arkayna: We sure did and Xehanort was one of the most incredibly tough bad guys.

Twilight Sparkle: Yeah what he was going to do was beyond ultimate evil.

Luster Dawn: He was going to destroy the entire universe and remake it in his own image.

Sunny Starscout: I heard that it was a universe without free will.

Spyro: That's exactly what it was. He called it a great purge.

Trixie Lulamoon: What he was going to do was absolutely pure evil.

Starlight Glimmer: That was not balancing light and darkness. That was more like making darkness the only supreme and only force.

Harry Potter: That's awful and evil beyond all words.

Mumbo: You got that right. Lets do it!

They fired waves of magic and smashed him down.

Arkayna: OH YEAH!

Twilight Sparkle: That was amazing!

---

## Emerald Goldenbraid, Applejack, Apple Bloom, Earth Skylanders, Snow White & The Seven Dwarfs, Batman, Robin, Plug Man, Dirge and Ramjet VS Electrocutioner - Destroying Team Dark Phoenix Storm

---

Electrocutioner was next.

Electrocutioner: (to Emerald) The battle against Team Dark Phoenix Storm was one of the most recent wars. I remember that you and the other Mysticons helped kill Eradicus.

Emerald Goldenbraid: That was amazing and that was a day that will be forever remembered for years to come.

Applejack: It sure was and that was also the day where we turned into Alicorns.

Apple Bloom: That was so amazing! It will also be remembered as The Great Alicorn Ascension.

Electrocutioner: I remember that! That was awesome! And it was also where we found out that Lincoln and his family are all Descended from Scottish Royalty. That is amazing and cool.

Flashwing: We were all amazed about that.

Snow White: It sure was really amazing.

Doc: It sure was amazing to learn about that.

Sleepy: (Sleepy) (Yawns) It sure was cool.

Bashful: It sure was cool.

Sneezy: AHCHOO!

Electrocutioner: Bless you.

Sneezy: Thank you. It sure was cool.

Happy: I thought it was amazing myself as well.

Grumpy: Heh! Who cares?

Dopey made funny faces and they laughed.

Electrocutioner: That was cool though.

Batman: A really amazing and epic battle.

Robin: It sure was awesome and we saved the entire planet from doom.

Plug Man: Yeah they were gonna use nuclear missions to destroy the planet and us.

Electrocutioner: That was intense. But the good part is that we won and sent Morag to prison where she died from that curse and Twilight's friends all became Alicorns. It was a really eventful day. Lets do it!

They fired waves of magic, earth, rock and crystal and smashed him down.

Emerald: That was cool!

Applejack: YEEHAW! That was great!

# Courtney, Sunset Shimmer, Pip-Squeak, Fire Skylanders, Batman, Robin, Ra's, Talia, Bat Spin, Mandarin and Edward VS Count Vertigo - Taking down Cell, Frieza, Broly, Omega Shenron, Super Android 17 and many of Goku's Enemies

---

Count Vertigo was next.

Count Vertigo: (to Courtney) We shouldn't forget that we took down Cell, Frieza, Broly, Omega Shenron, Super Android 17 and many of Goku's Enemies. Though we did recently destroy Frieza.

Courtney: I know and it's amazing that Master Goku destroyed many enemies that were so powerful and dangerous.

Sunset Shimmer: And many of them were so powerful and tough.

Pip-Squeak: (British Accent) They sure were powerful.

Sunburn: But out of all the enemies that Goku and the Z-Fighters all faced, I would say that the Shadow Dragons were the most powerful of them all. Omega Shenron had a power level of 1.9 billion.

Batman: That was intensely powerful. Broly had a power level of 1.4 billion.

Robin: Majin Buu's power level was at 1.15 Billion.

Ra's: Baby's power level at his strongest was 1.5 billion.

Talia: Super Android 17's power level was at 1.8 billion.

Bat Spin: (Transylvanian Accent) Incredible. Goku has encountered many enemies with incredibly powerful levels of power.

Count Vertigo: You are not kidding about that. Goku's enemies are incredibly strong and they all possess the power to destroy the entire universe? Wow. I'd hate to imagine how powerful Sailor Moon's enemies were.

Courtney: I don't think I want to find out about that.

Count Vertigo: Yeah. Lets do it!

They fired waves of fire and energy and smashed him down.

Courtney: ALL RIGHT!

Sunset Shimmer: That was amazing!

Overdrive was next.

Overdrive: (to Andros) Taking Down HIM was probably the more haunting battle ever. And what vehicle can I use around here?

Andros gave him a Flamethrower Tank.

Overdrive: A Flamethrower Tank. Good choice.

Andros: Thanks. And yeah the battle with HIM was undoubtably one of the most haunting of all battles.

Princess Luna: But thank goodness that didn't happen in our time or we would have really been in trouble.

Moondust: You're not kidding there mom. That was awful.

Snowdrop: No kidding. What happened to that version of Earth under HIM's rule was horrible.

Gari: It sure was. No kidding.

Blackout: That was absolutely scary.

Lightning McQueen: It sure was horrible.

Holley: Yeah it sure was.

T.J.: But at least we destroyed HIM for good.

OVerdrive: Thank goodness. Lets do it!

They fired waves of darkness and energy and smashed him down.

Andros: ALL RIGHT!

Princess Luna: A true victory of the night!

## Jenny Wakeman, Pinkie Pie, Featherweight, Tech Skylanders, Iron Man, War Machine, Fantastic 4, Six (Generator Rex), Pounce and Wingspan VS Eric Needham A.K.A. Black Spider - Destroying The Sullen 6

Black Spider was next.

Black Spider: (to Jenny) I remember you guys telling me how you destroyed the Sullen 6. Although Plankton did change his ways.

Jenny Wakeman: I know and that was when we encountered a world ravaged and destroyed by HIM and it was crazy.

Pinkie Pie: You said it there and what happened there was absolutely terrifying.

Featherweight: Yeah it sure was scary.

Sprocket: It sure was. We've officially seen the last of the Sullen 6.

Iron Man: Yeah we sure have. But the damage to that version of Earth was done.

War Machine: It sure was.

Mr. Fantastic: Yeah it sure was.

Six: No kidding.

Black Spider: Yeah. Lets do it!

They fired waves of metal, gears, lightning and energy and smashed him down.

Jenny Wakeman: ALL RIGHT!

Pinkie Pie: BEST USUAL BATTLE EVER!

---

## Luke Loud, Fluttershy, Tornado Bolt, Life Skylanders, Peter Pan, Blade Man, Valhallen, Sunset Shimmer, Sugarcoat and Lemon Zest VS Cavalier - Destroying Eon

---

Cavalier was next.

Cavalier: (to Luke) I remember how we destroyed Eon. You and I did a combo on him.

Luke Loud: I remember that. That was awesome.

Fluttershy: It sure was and it was horrible that he was that dangerous.

Tornado Bolt: Yeah it sure was awful.

Stealth Elf: Eon and his kind deserved to be destroyed.

Peter Pan: You said it there.

Blade Man: I agree there.

Valhallen: Righteous dudes!

Sunset Shimmer: I agree too.

Cavalier: Same with me. Shall we get started?

Luke Loud: We shall.

Luke went up to him and pulled out a white glove and slapped Cavalier across his face.

Cavalier: I accept your challenge!

They pulled out swords and clashed and then they smashed him down.

Luke Loud: RIGHT ON DUDE!

Fluttershy: That was fun.

## Stella Zhau, Starlight Glimmer, Cozy Glow, Undead Skylanders, Crimson Chin, Golden Locks, Infragible Krunk, Breakdown and Drag Strip VS Bronze Kneecap - Destroying Palpatine

Bronze Kneecap was next.

Bronze Kneecap: (to Stella) I remember that you guys destroyed Palpatine. Maybe if he was found out sooner, all the Jedi wouldn't have fallen.

Stella Zhau: Yeah but they found out too late and instead Order 66 was activated and they were killed off.

Starlight Glimmer: What Palpatine did was pure evil and more.

Cozy Glow: He needed to be destroyed and the Jedi avenged.

Hex: I agree there. He was a monster to the galaxy.

Crimson Chin: He sure was a monster.

Golden Locks: You got that right there.

Infragible Krunk: Krunk would smash Palpatine!

Bronze Kneecap: No kidding. Lets do it!

They fired waves of fire, magic, bones and stars and smashed him down.

Stella Zhau: OH YEAH!

Starlight Glimmer: That was amazing!

---

Ash & Pikachu, Princess Celestia, Light Skylanders, Major Glory, Valhallen, Infragible Krunk, White Tiger, Living Bullet, Sam-R-I, Capital G, Ms. Spell, Phan-Tone, Tiki Torch, Monkey, Gearshift, Spring Man and Slash Man VS See-More - Killing Dartz the first time

---

See-More was next.

See More: (to Ash) I remember how J.D. and the others killed Dartz the first time. But I don't think you were with them at that time.

Ash: No we sure weren't and we were told that J.D.'s granddaughter Heidi that did that. It was an epic fight.

Pikachu: Pikachu.

I came over.

Me: I can tell you about that.

I went over what went down in Chapter 332 and it was awesome.

---

I unsheathed my sword.

Me: You will pay for this Dartz.

Dartz: So it's a sword fight you want. Very well then.

Dartz formed a sword into his hand.

Me: Lets dance.

Me and Dartz clashed with our swords and sparks were flying every clash. But then I got the drop on Dartz and slash his cheek.

Me: That was for all the people you killed.

Suddenly a portal opened up and out came a dark dragon and swallowed him.

Lincoln: That was creepy.

Bastion: It was.

Zane: Yes.

A massive earthquake then rattled the area and we went outside and saw a strange sight. We saw a beam of green light come out of a whirlpool and we saw the ruins of an ancient city rise out of the ocean. It was the ruins of the Lost City of Atlantis.

Tea: Don't tell me, It's Atlantis!

Me: Unbelievable!

Jaden: That's Atlantis? It looks all run down.

Me: It's been underwater for 10,000 years Jaden. But without a doubt that's where Dartz went to.

If that weren't bad enough, we found out that a massive hurricane was heading towards the East Coastline. It was over 6,000 miles wide and we had 1 hour before it hit.

We went back to the Soul Room and went through the portal and it took us to the city of Atlantis.

Me: This place has seen better days.

Heidi stayed in the Soul Room and she was crying.

Heidi: (Crying) I can't believe that Dartz did this to all of you.

But then she got a look of avenging justice on her face and she unsheathed her sword and knelt in a knight pose.

Heidi: Everyone what Dartz is gonna do will ultimately destroy the entire planet if we don't stop him. Please lend me your strength, light, virtue and power to help me vanquish Dartz once and for all.

Let my sword be your ultimate instrument of justice.

The tiles all lit up with rainbow light and they all went into Heidi and she was glowing in a light until she became a ball of rainbow light. Her eyes opened and they were ocean blue with rainbow glowing sclera.

* * *

We searched the city.

Tea: Lets hope that we make Dartz pay the ultimate price for everything hes done.

Me: Yeah. (Sees something) I see something.

We ran to the alter and saw a glass statue of Dartz sitting on a throne.

Joey: Is that Dartz?

Me: It is. But I don't sense his energy.

I touch it and it disintegrated.

Yugi: Dartz must've somehow left his body behind.

Tristan: Maybe.

Kaiba: Please. It's just another one of his cheap tricks.

Dartz: Is that your answer to everything Kaiba? You really need a new catch phrase.

Me: Where are you Dartz?

Dartz appeared on the ceiling.

Dartz: I'm right here with the Great Leviathan.

Yugi: Hold on Dartz! You told us your leviathan couldn't awaken without the souls of the Three Chosen Duelists!

Dartz: Yes I did say that didn't I? Well I substituted your souls with an equally powerful one.

Yugi: Your soul!

Dartz: Bingo!

The green beam of light redirected and went to the ocean and out of a whirlpool arose a huge dragon and it roared as it came to Atlantis.

Dartz: Fueled by the power of my spirit the Great Beast has returned!

We saw the dragon. It was THE GREAT LEVIATHAN - THE HARBINGER OF ARMAGEDDON!

Me: That is an enormous Dragon!

The level of power it had was incredible.

Lincoln: What a terrible power it has!

Me: It's pure evil!

Joey: That thing could pick its teeth with an Egyptian God Monster!

Yugi: And it's here to conquer mankind.

Tea: What a terrible monster!

Jaden: How can a monster like this be that evil?

Joey: Hold on what's that?

Kaiba: What?

Joey: That little green pimple on its nose.

We saw closer and it was really Dartz. He somehow merged with the Great Leviathan.

Joey: Wait! It's Dartz.

Yugi: Yes. When he lost against J.D. in that swordfight he somehow merged together with the Great Leviathan.

Dartz: Yes it's true. Nothing gets past you Pharaoh.

Kaiba: That's it! I'm not gonna stand here and talk to some mutated hood ornament! I'm just gonna blast you into next week!

Dartz: (Laughs) I'd like to see you try.

The Great Leviathan roared.

Me: Uch! Your breath is just as bad as your ego Dartz.

Chazz: Honestly… I think some of us are gonna be dead way before we waste Dartz. And you know what? I don't mind. It's an honorable end. But we've still gotta shut Dartz and his pals down. All of us Duelists have monsters that are probably weaker then the Orichalcos grunts. (to Tara) All you can do is hurl rocks. No offense. (to Lincoln & Linka) You two are shrimps that can shoot lightning. And we don't now if that'll be enough. (to Sailor Mars) You've got an explosive temper and you've got high heels and a skirt that you might trip over. (to She Hulk) And you? You're drop dead gorgeous, fierce, and strong. And I'm not just talking about when you're green. I'm also talking about when you're a regular chick. And both of your transformations both to and from your green skin are pretty awesome, especially when your clothes over your costume rip off. You know what? I don't wanna die. I'm young. There's stuff that I still wanna do. I just feel like being a jerk to most people because I didn't want to be seen as weak by most Duelists. I've been a loner my whole life. But being part of something bigger like this makes me proud to consider you guys my friends.

Jaden (smiles): Aw! Thanks, Chazz!

Chazz (glares at Jaden and Syrus): If you two tell anyone else about what I just said, I'm gonna send every powerful monster I own after you!

Jaden (sweatdrops): My lips are sealed!

Syrus (scared): I honestly didn't hear anything you said after the part where some of us might die.

Joey: And the unstoppable Claw of Hermos!

Yugi, Kaiba and Joey: ARISE!

The three Legendary Dragons we learned about earlier appeared and it was awesome!

Yugi: I play Legend of Heart and now show us your true form.

We saw that they were really Knights.

Me: They're really knights? Awesome!

Rafael: It sure is. I summon Guardian Eatos, Guardian Grarl and Guardian Kay'est!

Me: Now. MONSTERS ATTACK!

We fired blasts of energy and many elements and more at the Leviathan. It was an epic battle that will decide the fate of Humanity.

The attacks were hurting the Leviathan but weren't enough.

Dartz: Is that the best you can do? (Evil Laughter) Now do you realize what you are dealing with?

Me: No we don't and we don't care!

Yugi: Timaeus! Absorb Kuriboh's ability to multiply! Attack with the force of 10,000 Knights!

Timaeus got the powers in his Sword.

Timaeus: Go Sword of Justice! End this now!

Me: Varie, Vince, Lincoln, Linka, Together!

Me, Varie, Vince, Lincoln and Linka : KAAAAA! MEEEEEEE! HAAAAAAA! MEEEEEEE!

We fired our attacks at the same time.

Me, Varie, Vince, Lincoln and Linka:

HAAAAAAAAAAAAAAAAAAAAAA!

They combined and they hit the Leviathan head on and exploded with incredible power.

KRABBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOMM!

Me: Bullseye!

Varie: That got him!

Joey: Direct hit!

Yugi: The prisoners are free!

When the smoke cleared the Leviathan was blown half apart.

Me: Whoa! It's power took a huge drop. That blast cut its power in half!

Varie: Yes! I sense that half of the prisoners are free.

Dartz: I am not beaten yet!

Me: You don't know how to quit do you?

But we saw the Great Leviathan regenerate it's body but it was weakened. Then it charged up its attack. It was a breath blast made of pure Negative Energy. But just as it was about to fire, a bright ball of rainbow light appeared out of nowhere and slammed into the Leviathan with devastating force.

KRABLAM!

Me: Whoa!

The ball landed in front of us and faded. It was Heidi and she was glowing in a rainbow aura that was 1,000 times brighter than the Sun and I sensed an unusual thing in her.

Me: Heidi? Wha? What happened?

Heidi: We have united to help destroy Dartz and the Great

Leviathan. I have called upon the people Dartz imprisoned and converted their negative energy into light.

Varie: That's unbelievable!

Jaden: Incredible! Get your game on Heidi!

Me: I can sense everyone that Dartz imprisoned inside you Heidi. They've lended their power to you to destroy Dartz.

Heidi: That's right Grandpa. Also I summoned them.

Beams of Blue, Red and Yellow Light shined out of the clouds and 3 figures came out. It was Obelisk the Tormentor, Slifer the Sky Dragon and The Winged Dragon of Ra.

Heidi: Dartz will get what's coming to him.

Me: We believe in you Heidi. Go get him!

Heidi: With Pleasure.

Heidi, Obelisk, Slifer and Ra flew up into the sky above the clouds and were facing Dartz and the Great Leviathan.

Heidi: You will pay!

Dartz: You dare to challenge the Great Leviathan!? You have a lot to learn Heidi!

Heidi: We've learned all we need about you.

Obelisk punched the Leviathan but it only amused it.

Dartz: (Evil Laughter) They're powerless!

The Leviathan wrapped around Obelisk and Heidi punched it and freed him. Slifer and Ra fired their attacks and hurt it.

Dartz: My Great Leviathan existed long before the Egyptian Gods were ever born! And it will rule the Earth long after those pathetic creatures are gone! Now Leviathan ATTACK!

The Leviathan fired a blast of pure Negative Energy at Heidi and the Gods.

Heidi: Obelisk, Fist of Fury!

Obelisk clenched his fist and it glowed blue.

Heidi: Slifer, Thunder Force Attack!

Slifer charged up a blast of pure lightning.

Heidi: Ra, Ignite your mighty Blaze Cannon!

Ra charged up a fire cannon.

Heidi: KAAAAA! MEEEEE! HAAAAA! MEEEEE! HAAAAAAAAAAAAAAAAAAAAAAAA!

Heidi fired a green Kamehameha Wave, Obelisk fired a blast of blue energy from his fist, Slifer fired a blast of red energy and Ra fired a blast of yellow energy. The attacks combined and the blasts collided and exploded when the struggle began.

KRAAABBBOOOOOOOOOOOOOOOOOOOOOOOOOMMMMMMMMMMMM

The explosion blew away some of the storm clouds and illuminated the darkness under the clouds. The level of power being generated was incredible.

Me: Unbelievable!

Varie: What power!

Vince: This is amazing!

The battle was intense.

Dartz: My beast is fueled by the darkness of my prisoners!

Heidi: Not anymore Dartz! Good, Kindness, Love and Light are far more powerful than Darkness and Hate! Now feel their power!

The blast overtook Dartz's blast and it hit the Leviathan and

exploded with incredible power.

KRAAAAABBBBBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOO

Dartz: NO! WHAT HAVE YOU DONE HEIDI!?

Heidi: We killed you! Go to Hell and stay there!

Beams of light exploded out of the Leviathan and it completely exploded into dust and was completely obliterated.

Heidi: That did it.

Everyone left Heidi and they were free. The souls that Dartz killed or imprisoned can now rest in peace and go back to their bodies.

Heidi landed by us.

Me: You did it Heidi!

Heidi: No Grandpa. We all did it.

Atlantis then started rumbling.

Me: This place is crumbling! Lets go!

We ran for the portal and all our Duel Monsters returned to our decks. Most of us went through the portal and got out.

Heidi and Me were about to go but she stopped me.

Heidi: Wait grandpa!

Me: What's wrong Heidi?

Heidi: Something's not right.

We saw Dartz still alive and he was hurt bad.

Heidi: I thought I killed you. There's no way you could've survived that blast!

Dartz: I couldn't say goodbye just yet. (Malevolent Chuckle)

A black smoke came out of him and became a ferocious evil snake made entirely out of pure Negative Energy and it had a dark aura of pure evil!

Me: What does it take to kill this monster!?

Heidi: We'll find out now.

Heidi took her sword and slashed the snakes head. But the sword didn't affect it.

Heidi: That didn't work.

Dartz: So you've come to your senses and given up?

Heidi: Not gonna happen Dartz!

Dartz: Haven't you figured it out yet? All the monsters in the world combined together couldn't destroy my Leviathan. Not even you.

Me: Why is that?

Dartz: Because this creature isn't one of your little Duel Monsters. It was born from the very darkness of the human soul!

Heidi: It was created from the very Negative Energy within all humans!

Dartz: That's right. What I mean is the Great Leviathan was created by the hatred and rage of humans! So as long as Mankind exists, so does the Great Beast!

The evil snake's eyes glowed red with pure evil.

Heidi: You don't have any idea how wrong you are Dartz. That creature was created by the Orichalcos! You were lied to and you were brainwashed into believing that mankind must be eradicated. But Human beings are not the evil ones Dartz. It's you! Think about what you're doing. When you ruled all of Atlantis 10,000 years ago all of your people were generous and peaceful. But then the Orichalcos Stones arrived. And everything changed. Those fragments carried with them an evil force and brought Chaos, Death, Destruction and Hatred to Paradise!

Me: That's right Dartz. The Orichalcos is using you as a pawn in its diabolical ambition to destroy the Earth!

Heidi: So if you want to wipe out all of humanity you'll have to go through me!

The snake lunged at Heidi and enveloped her in a tornado of pure Negative Energy.

Dartz: I'm going to enjoy this!

Heidi: But you don't know what else I can do. I live off of Negative Energy. My body converts it into Positive Energy and it makes me more powerful! I will absorb you into the darkest recesses of my mind and seal you away for all eternity! NOW DIE!

Heidi sucked in Dartz and the Orichalcos into her body.

Dartz was being destroyed in her mind.

Dartz: NO! THIS IS IMPOSSIBLE!

Dartz and the Orichalcos were destroyed in the darkest reaches of Heidi's mind and sealed away for all eternity.

Heidi: (Sighs) It's done. It's finally over.

The dark hurricane vanished and was gone forever. The darkness was gone forever.

Heidi collapsed from exhaustion and I caught her.

Me: Are you all right Heidi?

Heidi: Yeah. I'm fine Grandpa. I'm just exhausted and so tired.

I pick her up Bridal Style.

---

Everyone was shocked!

Princess Celestia: That is amazing!

Spotlight: Wow! That is amazing and awesome.

Major Glory: By Washington's Wig! That was amazing.

Valhallen: Really righteous!

Infragible Krunk: Krunk think it was amazing.

# Man and Blade Man VS Robo-Blaze - Killing Pariah Dark the Ghost King

---

Robo-Blaze was next.

Robo Blaze: (to Sora) I remember that you told me about the battle against Pariah Dark. After a series of battles against Danny's enemies.
